**PLEASANT VALLEY ROAD IMPROVEMENTS**

Tuesday, February 24, an open discussion meeting was held at City Hall to present the proposed changes to Pleasant Valley Road and NE Antioch Road. This meeting was a joint presentation by Gladstone and Kansas City engineering staffs. Approximately 100 people came to view the changes and to share comments about this project.

Here is a brief synopsis of that meeting:

- Pleasant Valley Road would be rerouted to the north side of Atkins Johnson Farm.
- Current entrance roundabout will remain and the road will flow east from there.
- Road will be a typical 3 lane road in Kansas City’s portion with a sidewalk on the north side and a bike path on the south side.
- \_\_ N. Antioch Road will be improved in Gladstone to include sidewalks and bike lanes on both sides (still 2 lanes).
- \_\_ Old Pleasant Valley Road will end near Shoal Creek Cemetery with a cul-de-sac and the N. Jackson portion will be removed. See map attached.

John 14:1-3 - Let not your heart be troubled; you believe in God, believe also in Me. In My Father’s house are many mansions; if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again and receive you to Myself; that were I am, there you may be also.  
John 14:6—Jesus said, “I am the way, the truth and the life. No one comes to the Father except through me.”
