YouthTech Inc.

Youth Tech Inc. is dedicated to providing high quality, affordable training for students with a passion for learning, giving them a competitive advantage in the field of their choice.

2016 Courses

July 11-14

Robotics *(ages 9-15 years)* 9 a.m.– 12:00 Noon

This course offers hands-on opportunities to build and program robots. Working in small teams, students will design robotics systems to compete in fun real-world activities. Each day will bring a new challenge, and your team's robot will have to morph to better adapt and compete. Students will compete in a battle bots competition at the end of the camp to prove their robot is the best. This class is perfect for the student who has a big imagination and likes to build things.

♦ Video Game Design *(ages 10-17 years)* 1:00-4:00 p.m.

This course provides students with a fun interactive look at the world of video game design and development. Students enrolled in this camp will learn the basics of video game design and produce several different interactive video games to share with their friends and family.

Classes will be held at:

Gladstone Community Center

6901 N. Holmes, Gladstone, MO

816.423.4200
