

YTI YouthTech Inc.

Summer 2018

Youth Tech Inc. is dedicated to providing high quality, affordable training for students with a passion for learning, giving them a competitive advantage in the field of their choice.

Video Game Design **Ages 9-17**

This course provides students with a fun interactive look at the world of video game design and development. Students enrolled in this camp will learn the basics of video game design and produce several different interactive video games to share with their friends and family.

JUNE 18-21 **1:00-4:00** **\$170.00**

Movie Makers **Ages 9-17**

This hands-on, interactive course will instruct students on the world of digital video design and production. Students will film, direct and edit their own digital video creations. Students enrolled in this course amaze their peers with green screen and special effects work.

JUNE 18-21 **9:00-12:00** **\$150.00**

Animation-NEW **Ages 9-17**

In this class students will learn the basics of animation and digital design. Students who enjoy going to various sites to see fun interactive animations will love this course. This class will utilize award winning animation software. Students will create fun interactive animations that they can share with the world.

JULY 9-12 **9:00-12:00** **\$150.00**

Robotics-Battle Bots **Ages 8-15**

This course offers hands-on opportunities to build and program robots. Working in small teams, students will design robotics systems to compete in fun real-world activities. Each day will bring a new challenge, and your team's robot will have to morph to better adapt and compete. Students will compete in the battle bots competition at the end of the camp to prove their robot is the best. This class is perfect for the student who has a big imagination and likes to build things. **This class has a limit of 18 students.**

JULY 9-12 **1:00-4:00** **\$150.00**

Application Design-NEW **Ages 9-17**

This class offers students a hands on look at the world of application design and development. This interactive course will instruct students about the design and development of applications. Students will design their own app, which can be shared with friends and family members with an Apple or Android device.

JULY 30-AUG. 2 **1:00-4:00** **\$150.00**

iCode **Ages 6-12**

This course offers younger students a fun, interactive look at coding. Students will create virtual apps and write their own programs that they can share with friends and family. This course makes learning to code fun and explores problem solving and programming logic.

JULY 30-AUG. 2 **9:30-12:00** **\$140.00**

AGE-Our age suggestion is ages 10-17. Commonly we accept students who may be younger. Ultimately, we leave the final the parents as to what you think your student is capable of doing. Our courses are open to any student with a passion for learning.
