Roll

itself to the remodeling which would take place; that they did plan to widen the street (North Oak) and put in curbs and gutters and will meet all City Codes and specifications; that he plans to alter the front of the building and in addition, will request a pole sign. His eventual plans include a request for a 3.2% beer license.

Mayor Bauman said the City would have to take a good look at it before it acts. That the Council would appreciate more time to look at it.

Action deferred.

(b) Plans re-submitted for triplex construction at approximately 805 E. 68th Terr. N. The property is now zoned R-3. Mr. Kleiner addressed the Mayor, suggesting that action on this be deferred for the time being. Mayor Bauman asked if this were a motion. Mr. Kleiner moved for deferment. Mr. Davis seconded. Mr. Walker said he believed the City should consider changing the governing ordinance on distance between buildings. Mayor Bauman said he agreed; that he believed the distance should be extended. The vote: All "AYE" on the motion to defer.

(c) Consideration of a request for a sign permit for 7212 North Oak. Mr. McClary, the petitioner, was present in the audience. (Note: Mayor Bauman said "He IS the audience!") After some discussion, Mr. Davis moved to approve a permit for the construction of a sign at 7212 North Oak (Dina-light). Mr. Kleiner seconded the motion. The vote: All "AYE".

(d) Consideration of certain building plans which will change the present "Patlo Drive-In" to the new (requested) "Geno's Drive-In"...discussion ensued. Mr. Wurst said he believed the City should ask for a more comprehensive plan because there are (a) side street problems, and (b) North Oak Street widening plans to be considered...no action undertaken at this meeting by general consensus of the Council members at this time.

Item 23 on the Agenda: Acceptance of Disbursement reports for the month of April, 1969, for both Water & Sewer Departments and Sewer Construction Fund and Water Surplus Fund, as well as the General Fund Disbursements. After some discussion which preceded the making of the motion, and which concerned the explanation of some of the expenditures, Mr. Kleiner moved to accept the above. Mr. Walker seconded. The vote: All "AYE".

Item 24 on the Agenda: (Other items)...Mr. Olson reminded the Council of the Westgate Division of Missouri Municipal League meeting to be held at the Air Force Base at Belton, on May 22nd. Mayor Bauman indicated that this was a most worthwhile group and that the exchange of ideas; the awareness of pending legislation; the presentation and solution of similar problems etc., made the group valuable. Mayor Bauman indicated he would be present; Councilman Walker indicated his planned attendance and Mr. Olson also said he planned to go.

Upon motion duly made and seconded, there being no further business to come before this meeting, it was, after a unanimous vote, adjourned. Time: 10:15 P.M.

Respectfully submitted,

City Clerk

Council members notified of meeting of Westgate Division of Missouri Municipal League, to be held May 22, 1969, at Belton, Missouri.

Betty Johnson,
City Clerk

SPECIAL COUNCIL HEARING
GLADSTONE, MISSOURI
13 MAY 69

VIRGINIA'S TAVERN
7303 North Oak

Mayor Ed Bauman called to order a Special Hearing at the Gladstone City Hall in the Council Chambers, at 7:30 P.M., May 13, 1969, for the purpose of hearing the alleged violations of Virginia's Tavern. Reference: Ordinance No. 1.529.

Roll was called. Present: Councilmen Frank Kleiner, H. R. Wurst, Kenneth E. Walker, Richard F. Davis and Mayor Bauman.

Mayor Bauman read a letter from Mr. John C. Dods, Assistant City Counselor, concerning the alleged violation.

Mr. Robert Duncan, City Prosecuting Attorney was also present.

Mr. Albert E. Hylton, Attorney, Bryant Building, Kansas City, Missouri, was present, representing Mrs. Virginia McNamara, Owner and Operator of Virginia's Tavern.

Mr. Hylton stated he was contacted for the first time on this violation at approximately noon of May 13, 1969. He advised that Mrs. McNamara told him that she called the office of a Mr. John Hutcherson, Attorney, of this County, and was informed that he represented the persons who were allegedly assaulted in the incident, and therefore indicated he could not represent her as it would be a direct conflict of interests. She then talked with Mr. Ward Stuckey, of the same office, and he said he would also be embarrassed because of the conflict of interests, and he declined to represent her, and suggested that she call someone outside of their office. Therefore, Mr. Hylton said, he was contacted at about noon today. He indicated that Mrs. McNamara has several witnesses who will come and appear in her behalf. He said he had not had an opportunity to look into the matter, and he did not feel his client would be properly represented until he had studied the matter.

Mr. Duncan asked if Mrs. McNamara had any witnesses present at this time.

Mrs. McNamara replied that she did not.

Mr. Hylton asked approximately how many people she could call in her behalf.

Mrs. McNamara replied six or eight people.

Mr. Hylton said Mrs. McNamara had received the letter from Mr. Dods on April 29, 1969. He asked Mrs. McNamara when Mr. Hutcherson had informed her of his decision not to represent her.

Mrs. McNamara said Mr. Hutcherson had advised her that he would secure other counsel for her, but that he had been out of the city recently.

Mr. Hylton asked Mrs. McNamara if she had been relying on Mr. Hutcherson's firm to secure counsel for her. She replied "yes".

Mr. Hylton said he thought Mrs. McNamara had attempted, in good faith, to secure counsel, and he thought it would be to her detriment to force her into this Hearing without having adequate counsel and time to investigate.

Mr. Duncan suggested that this Hearing be recessed in order that Mr. Hylton could be advised of the City's position in this matter.

Mayor Bauman declared a recess.

Following the recess, the Council reconvened and the Hearing was resumed.

Mayor Bauman said that with regard to Mr. Hylton's remarks, the City Council had decided to grant a Continuance and that the Council would hold a Hearing on this matter on June 30, 1969, at 7:30 P.M., in the Council Chambers of the Gladstone City Hall.

Hearing no objections, Mayor Bauman declared the Hearing of this date adjourned.

Respectfully submitted,

Joyce L. Seever,
Recording Secretary

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
26 MAY 69

The regular meeting of the Gladstone City Council was called to order by Mayor Ed Bauman at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called: Present: Messrs. Kleiner, Wurst, Walker, Davis and Mayor Bauman; In addition, Mr. Olson, City Manager; Mr. Dods, Assistant City Counselor, and the City Clerk were also present.

The City Clerk led the meeting in repeating the Lord's Prayer.

Mr. Kleiner moved to accept the Minutes of the regular meeting of May 12, 1969, and of the Special Hearing of May 13, 1969. Mr. Davis seconded. The vote: All "AYE".

Item 4 on the Agenda: Presentations. Mayor Bauman presented a plaque, in recognition of his service to the City during his tenure as Councilman and Mayor Pro Tem, to former Councilman C. Milton Wallace, and also presented a key to the City to Mrs. Wallace, and congratulated both on the years of devotion spent in the City's behalf. Mayor Bauman noted that a similar award and key were to be presented to former Councilman John Rosenthal, and Mrs. Rosenthal, but that they were unable to be present this evening.

Mayor Bauman introduced Patrolman Kenneth A. Francis, who was elected as Officer of the Quarter, and explained the reason for such honor to those present in the audience. Mrs. Francis was introduced and congratulations extended to Officer Francis who was given a Certificate denoting his election.

* * *

Item 5: Communications from the Audience. Mr. Frank Scully, 503 E. 67th Street N., addressed the Council, indicating that he "had a problem". He said he was here on behalf of the Bolling Heights Home Owners Association, and in reference to the former site of the treatment plants located at 67th Place and Holmes, pursuant to his former conversation with the Council concerning the sale of the property on which four residential constructions were planned, that when the purchaser of the property came to the City Hall to secure 4 permits he was told that there could only be three houses constructed thereon. He said he would appreciate it if this matter could get immediate attention; that he, as President of the Bolling Heights Homes Association, would appreciate immediate attention, as he was ready to take the man's money; that the man was ready to build; that he didn't understand the reason for the delay; that the plat actually showed that, legally, six houses could be built thereon.

Mayor Bauman said that "we will look into it with the utmost dispatch".

Mr. John C. Dods, 1710 E. 68th Place North, advised the Council that the homeowners in his area wanted to thank the City Administration for the stop signs at 68th and North Woodland; that they have done an excellent job of slowing the traffic there. Mr. Wurst explained that they had first thought that placing such signs on Woodland would "do the trick", but that the Public Safety Department had made it a 4-way stop, and that this was proving to be the answer here.

Mr. Walter Vassmer, 6212 North Main, advised that he had a problem regarding hooking into the sewer. He asked "How much right-of-way do you fellows have through there on my place?"

It was noted that Mr. Vassmer had a hearing problem, and it was suggested that he and Mr. Olson discuss the matters pertaining to his property privately as it was difficult for Mr. Vassmer to make himself understood, nor to understand, conversation from the Council table. Some of the problems were related to the "moving of the creek"; "nothing being in the contract saying there had to be an easement on his property"; damage to a "hog feeder"; damage to a cable which had been taken from his shed; and Mr. Vassmer said "I don't want odds, just an even break". In order for Mr. Olson to talk to Mr. Vassmer, Mayor Bauman called a short recess at 8:30 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened at 8:45 P.M. All members were present.

Item 6 on the Agenda: Communications from the City Council. Mr. Kleiner, Mr. Wurst, Mr. Walker, Mr. Davis: Nothing at this time. Mayor Bauman advised the Council that Mr. James O'Hara was being transferred out of town and had submitted his resignation from the Park Board, to be effective on June 1st, and he reminded the other Council members that they would have to act on appointments to said Park Board. He advised that there would be a meeting at 7:30 P.M. Tuesday evening, with Mr. Bosserman, of A. C. Kirkwood, after which the Council would take a short look at the proposed City budget. He also noted that there would be a meeting with Mr. Walker LaBrunerie, Chairman of the Clay County Charter Committee, the following Monday, at 8:45 P.M.. Mr. C. Milton Wallace advised that this Committee, of which he is a member, would like to set up two meetings within the City Council Chambers for July, the dates to be confirmed later.

Item 7 on the Agenda: Communications from the City Manager. Mr. Olson advised that an additional Bill, No. 69-39, apportioning main sewer assessments for the 6th Plat of Carriage Hills, would be an addition to the agenda for this evening, and that, in addition, an additional Resolution approving a bid for fire equipment was to be added to the agenda.

* * *

Item 8 on the Agenda: Consideration of Fireworks Sales Applications. Mr. Kleiner moved to authorize permits to the Gladstone Optimist Club, to the Boy Scouts of America, Troop 386; to Mother's Club of Boy Scout Troop #272; to the Gladstone Jaycees; to the Gamma Xi Chapter of Beta Sigma Phi and to the Clay-Platte Detachment of the Marine Corps League at their appropriate locations as designated, and to waive the fees in connection therewith, providing they have conformed with all City ordinances and regulations. Mr. Davis seconded. After discussion, the vote was taken: All "AYE".

* * *

Item 9 on the Agenda: Third Reading of Bill No. 68-100 A, providing a schedule of fees, regulating signs and outdoor advertising structures. Mr. Kleiner moved to accept the second reading of said Bill, and to place it on third and final reading with an amendment in the form of an additional item "10", under Section 5, to read "All political signs". Upon advice from Mr. Dods, it was decided to delete the wording after the word "buildings", ending the sentence under Sub-section 9 with the word "buildings", and then add the new sub-section "10", as indicated above. Mr. Kleiner reformed his motion to accept the second reading of Bill No. 68-100A, and to place said Bill, as amended, on third reading. Mr. Davis seconded. The vote: All "AYE". The Clerk read the Bill.

Mr. Kleiner moved to accept the third and final reading of Bill No. 68-100A, as amended, and to enact same as Ordinance No. 1.679. Mr. Davis seconded. The vote: All "AYE".

* * *

Item 10 on the Agenda: Third Reading of Bill No. 69-32, requiring the City Collector to prepare a Land & Lot Delinquent List. Mr. Walker moved to accept the second reading of said Bill and to place same on third and final reading. Mr. Davis seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 69-32 and to enact same as Ordinance No. 1.680. Mr. Davis seconded the motion. The vote: All "AYE".

* * *

Item 11 on the Agenda: Third Reading of Bill No. 69-33, approving the Land and Lot Delinquent List. Mr. Walker moved to accept the second reading of said Bill and to place same on third and final reading. Mr. Davis seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Davis moved to accept the third reading of said Bill and to enact same as Ordinance No. 1.681. Mr. Walker seconded. The vote: All "AYE".

* * *

Item 12 on the Agenda: Third Reading of Bill No. 69-34, amending the Subdivision Ordinance, No. 1.104, Section 10(B)(3) requiring sidewalks. (former requirement was a sidewalk on one side of development; amendment will require sidewalks on both sides of the street). Mr. Davis moved to accept the second reading of said Bill and to place same on third and final reading. Mr. Walker seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of said Bill and to enact same as Ord. No. 1.682. Mr. Walker seconded. The vote: All "AYE".

* * *

Item 13 on the Agenda: Mr. Davis moved to place Bill No. 69-36, accepting the Final Plat of the 10th Plat of Meadowbrook North, on second reading. Mr. Walker seconded. The vote: All "AYE". The Clerk read the Bill.

* * *

Item 14 on the Agenda: Mr. Walker moved to place Bill No. 69-37, accepting a Warranty Deed from North Kansas City School District for the E $\frac{1}{2}$ of North Mersington Street, Shady Lane Dr. to the south line of the NE $\frac{1}{4}$, Sec. 30 Twp. 51 Rg. 32, on first reading. Mr. Davis seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Davis moved to accept the first reading of Bill No. 69-37, and to place same on second reading. Mr. Walker seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Davis moved to accept the second reading of Bill No. 69-37 and with the approval of the Council, to waive Sec. 20 (d)(2) of Ord. 1.83, and to place said bill on third and final reading. Mr. Walker seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of Bill No. 69-37, and to enact same as Ord. No. 1.683. Mr. Walker seconded. The vote: All "AYE".

* * *

Item 15 on the Agenda: Action on Bill No. 69-38, approving the Final Plat of the 6th Plat of Carriage Hills, deferred.

Item 16 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-40, authorizing the City Manager to accept Change Order No. 1, Water Supply Well No. 3, Contract No. 13, with Layne Western Company, for the installation of and materials, i.e. (36' of 8" C.I.P. running between the raw water transmission main and the valve vault) for Well No. 3, in the total amount of \$869.00. Mr. Davis seconded. The vote: All "AYE".

* * * *

Item 17 on the Agenda: Consideration of certain building plans. Plans were submitted for study on the triplex construction planned for 805 E. 68th Terrace, N. After discussion Mr. Davis moved for the acceptance of said plans and the authorization of building permits for the triplex construction at the above address. Mr. Kleiner seconded. The vote: All "AYE".

Item 18 - "Other"... It was here noted that Bill No. 69-39 was deferred. A second item under this category was the presentation of an additional resolution. Mr. Kleiner moved for the adoption of Resolution No. R-69-41, authorizing the City Manager to accept the bid of Central Fire and Police for certain fire fighting equipment in the amount of \$2,932.00, and to accept the bid of American LaFrance for certain fire-fighting equipment in the amount of \$406.35, for a total amount of \$3,338.35. Mr. Davis seconded. The vote: All "AYE".

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned at 10:00 P.M. by unanimous vote.

Respectfully submitted,

Betty Johnson
City Clerk

Ed Bauman
MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
26 MAY 69

R E S U M E

Meeting Called to Order at 8:00 P.M.

Present: Messrs. Kleiner, Wurst, Walker, Davis and Bauman

MINUTES
ACCEPTED

The Minutes of the regular Council meeting of May 12, 1969, and of the Special Liquor Hearing of May 13, 1969, were accepted as presented. (5-0)

PRESENTATIONS

Award of Recognition of Service Plaque to former Councilman C. Milton Wallace; presentation of Key to the City to Mrs. Wallace.

Officer of the Quarter Award to Patrolman Kenneth A. Francis; presentation of Mrs. Francis.

COMMUNICATIONS
FROM AUDIENCE

Mr. Frank Scully, addressed the Council regarding certain building plans for residence construction at former site of sewer treatment facilities at 67th Place and N. Holmes.

Mr. Walter Vassmer, 6212 N. Main, addressed the Council regarding certain sewer problems which he has encountered; asked for some relief on various matters pertaining thereto.

COMMUNICATIONS
FROM COUNCIL

Mayor Bauman made note of resignation of Mr. Jas. O'Hara from Park Board because of out-of-town transfer. Noted, also, there were several vacancies on said board. Advised of meeting to be held on Tuesday, May 27, 1969, at 7:30 with representative of A.C. Kirkwood; advised of meeting to be held Monday, June 2, 1969, at 8:45 P.M. with Mr. W. LaBrunerie, Chairman of the Clay County Charter Committee.

COMMUNICATIONS
FROM CITY MANAGER

Mr. Olson advised of additional Bill, No. 69-39, and additional Resolution (purchase of certain fire equipment) which were added to this evening's agenda.

FIRE WORKS
SALES PERMITS
GRANTED

Motion made to authorize sales permits for the sale of fire-works to Gladstone Optimist Club, Boy Scouts of America, Troop #386, Mother's Club of Boy Scouts, Troop #272; the Gladstone JayCeers; Gamma Xi Chapter, Beta Sigma Phi; and Clay-Platte Detachment Marine Corps League, with waiver of fee. Motion seconded and passed unanimously. (5-0)

SIGN CONTROL
ORDINANCE

Third Reading of Bill No. 68-100A, as amended, held. Bill enacted as Ordinance No. 1.679. (5-0)

PREPARATION OF
LAND & LOT DEL.
LIST

Third Reading of Bill No. 69-32, requiring the City Collector to prepare a Land & Lot Delinquent List, held. Enacted as Ordinance No. 1.680. (5-0)

APPROVAL OF LAND
AND LOT DEL. LIST

Third Reading of Bill No. 69-33, approving the Land & Lot Delinquent List, held. Enacted as Ordinance No. 1.681. (5-0)

AMENDMENT TO
SUBDIVISION
ORDINANCE

Third Reading of Bill No. 69-34, amending the Subdivision Ordinance (No. 1.104), particularly Section 10 (B)(3) pertaining to sidewalk requirements, held. Enacted as Ordinance No. 1.682. (5-0)

FINAL PLAT OF
TENTH PLAT OF
MEADOWBROOK N.

Second Reading of Bill No. 69-36, accepting the Final Plat of the 10th Plat of Meadowbrook North, held. (5-0)

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
24 FEBRUARY 69

8
The regular meeting of the Gladstone City Council was called to Order on Monday, February 24, 1969, at 8:00 P.M. In the absence of Mayor Bauman, Councilman, the Mayor Pro Tem, Mr. C. Milton Wallace, presided. Also present were Councilmen Wurst, Kleiner and Rosenthal. Mr. Olson, City Manager; Mr. John Dods, Acting City Counselor, and the City Clerk were also present.

The Invocation was given by Reverend Wilbur Hunter, Pastor of the Church of God of Gladstone.

Mr. Wurst moved to accept the Minutes of the regular meeting of February 10, 1969 and of the Special meeting of February 12, 1969, as submitted. Mr. Rosenthal seconded. The vote: All Aye.

3
Item 4 on the Agenda: Communications from the Audience. Mr. Ray W. Heslop, 6509 N. Michigan, addressed the Council, with the recommendation that some kind of Study Body be formed to study the feasibility of a Youth Facility for our City, such as there is presently at the local YMCA, where Hi-Y, (youth meetings), wrestling, and other youth activities might take place. He said he would like to propose something close to the location of Central Park; that there was the possibility of appealing to the various City funding entities; that he felt there should be a building close to the City Hall; suggested that the field (SE corner of 70th and Holmes) could be filled in and lighted and made available for baseball, football and soccer. Mr. Wallace asked the City Manager if he had made Mr. Heslop's suggestions known to the Park and Recreation Board. Mr. Olson answered in the affirmative. Mr. Heslop further advised that he felt the City residents needed a place to play for the youth of the City; that he wasn't worried about the money; that the money could be raised; that all he wanted from the Council was a "yea" or a "nay"...

Mr. Wallace advised that all of the Council members had always been interested in providing more parks, etc., for the youth of the City.

Mr. Wurst concurred, saying that Central Park is the real "activity park" at this time; that in view of the success of the North Kansas City League in acquiring land which will be ready for the 1970 season, he believed there was a need to emphasize this City's need; believes there would be ample room at Central Park for a play field; that the "need for a building" was not news to the Council; that the present facility, the Community Building, was outgrowing its uses; that it was not ideal for wrestling and that sort of activity. Further discussion ensued.

3
Mr. George Byers addressed the Council, indicating that the Council members were undoubtedly familiar with some of the background on Meadowbrook North, Ninth Plat; bounded on the West by North Prospect and on the South by 67th Terrace; that it was undeveloped at the time the Ninth Plat was first presented; that when they reached the Ninth Plat and began to build, the Prospect right-of-way was 40'..when they started the north street there was the first indication that Prospect would have to be widened by the two corner lots, and at that time they committed themselves for an additional 20', feeling that if the ground were to be taken later, it would be there; then they were advised that additional right-of-way was needed (120'), and then the Highway Commission had advised that they needed no less than 150' of right-of-way. Mr. Byers said that at that time, although there was apparently nothing in writing, there was a general agreement that there would be "some consideration" given on some side lot variances which would affect six or seven lots; that with the size house he is building, there would have to be variances ranging from 1 to 4 or 5' on several lots.

Mr. Byers explained further that he had come to the City Administration for some discussion and learned that the matter would go to the Board of Zoning Adjustment; that he felt the Board of Zoning was at a loss as to an actual guide line; that they (the Board members) seemed to feel that he, Mr. Byers, needed to show either an unusual circumstance, or hardship; that when he attended this meeting, he, Mr. Byers, felt this would be a strictly routing thing, but that the members had asked him to step out of the room and had held a vote, the result of which was a 2-2 vote which "killed" his request for variances. He said he felt the only "out" which he had was to prove hardship or unusual circumstances, that he could, under our ordinance, appeal to the Circuit Court, but that he did not want to "go that route"; that he would like to have the matter go back through the Council or back to the Planning Commission for action; that the plans had been redrawn three times; that it was now the beginning of the building season and he would like to ask that the matter "go back" for reconsideration.

Mr. Byers further discussed the matter of the improvements on Indiana, his earlier agreement with the City on his portion of payment for such improvements; the newer agreement, and his plans for the improvements, and asked for some final action on the City's part. He said in view of the earlier agreement, and in connection with his present building plans, he would like to have approval of them now and then "suffer with the street problem when it comes"....

Mr. Wallace said he knew these were both "knotty problems"; that the matters would be taken up by the Council and he hoped that answers would be forthcoming.

Mr. Wurst commented that the Board of Zoning Adjustment had acted as indicated by Mr. Byers; and said that the solution is unknown at this time; that the Council would have to investigate the matter; that in his opinion Byers had gone above and beyond the call of duty in the area of granting right-of-way for street improvements which more than warranted the granting of these relatively minor side lot variances some of which are one foot, some two feet, some four feet; that he felt such variances should be granted as one of "our basic obligations" that this is, in his estimation, the wise handling and expenditure of public funds to acquire additional right of way such as is needed in exchange for one or two feet of lot width variance; that this was a pretty good return to the tax payer. He also said that if we had to buy the right of way there would be a rather tremendous expenditure; that he was confident something could be worked out; that he felt the City was having the hardship rather than the other way around.

Mr. Wallace said that he believed the Council would feel very strongly on this matter; that they did not want Mr. Byers to have to appeal to the Circuit Court.

Mr. Byers said he had not built his houses on the lots in question; that there was still "no problem"...that he would appreciate any help he could get. He said he felt the Board of Zoning Adjustment did not have the full background material that might have helped their understanding of his problem; that he could "live with" most anything; that he had not felt his request was so serious that it couldn't be taken care of; that he was disappointed more than anything else.

Mr. Wurst said that on the right-of-way situation, they are still in a quandry; that the question is basically would Mr. Byers, if the City were to become involved in immediate improvements on Indiana, recall his previous statement that he would pay 50 % of the costs. Mr. Byers said he would rather go ahead and construct the street now; that he would still have to pay 50%.

8 Mr. Wurst asked who the owners on the West of this property were. Mr. Byers said that Hudson is the main owner adjacent to them; that he is not interested in this. Further discussion ensued and the matter to be discussed at the next study session.

* * *

Mr. Wallace advised that, in the absence of Mayor Bauman, it was his pleasure to present an award in recognition of his years of service on the Planning Commission to Mr. P. K. Gentry. Mr. Gentry was present in the audience and received his award along with the congratulations of the Council.

* * *

Mr. George Gunter addressed the Council. (Address: 1215 W. Vivion Road). He brought several jars of liquid which he stated had been taken from the "run-off" from the Gladstone Water Treatment Plant at various times and on various dates. He advised that there was a serious problem being created in the fact that the run-off water was "being poured out on top of us"; that the Plant is flushing hot water out in the middle of winter which freezes and spreads into a considerable area; asked why the City does not "use the sewer line it paid for" to hold this water.

3 The Council noted that the discoloration in two of the samples was caused by the mineral and lime contents of the backwash; that the City of Kansas City does not want this drained into their sewer which is not for anything but sewerage; that the City of Gladstone has to take care of the run-off water by natural means, using the natural watershed; that the matter would be investigated by the City Administration and a report made on the matter; that this water is "better" or at least "less contaminated" than that which had been flowing through there previously. Mr. Gunter was advised that further study will be made of the matter. That an analysis of the water will be made. Mr. Gunter asked if "there was a septic tank for the toilets from the Water Treatment Plant"...The answer was in the affirmative. Mr. Wallace said that this information would be secured and passed on to Mr. Gunter.

* * *

Mr. Ben Rose, Gibson Enterprises, addressed the Council asking if there would be a Council work session this week at which his Plat of Park Royal would come under discussion. The answer was in the affirmative.

* * *

Item 5 on the Agenda: Communications from the City Council. Mr. Kleiner had nothing to discuss at this time; Mr. Wurst asked when the Public Hearing would be held on the liquor violation on North Oak Street; reminded that there would have to be a ten-day notice by registered mail. Mr. Dods agreed that this would be necessary. Mr. Wurst suggested Tuesday, March 11th, at 7:30 P.M. for a date for such hearing. Both parties to be notified.

Mr. Rosenthal: Nothing at this time.

8 Mr. Wallace: Inquired about Broadway at 67th Terrace, asking if there was a road being built in that area. Mr. Wurst said this was the Peterson project, Concord Hills, and that this was undoubtedly the utility easement in connection with the lots abutting Broadway.

3
Item 6 on the Agenda: Communications from the City Manager: Mr. Olson recommended that an Item 14-A be added to the Agenda; such being the acceptance of a street dedication, being Bill No. 69-14.

Mr. Wallace advised there would be a work session this coming Thursday, February 27, 1969, at 7:30 P.M.

Mr. Olson advised, further, that Bill No. 69-15 and Bill No. 69-16, being ordinances indicating "no protests" on the Indiana Improvement plan, were also added to this evening's Agenda. He said that under the category "Other" on this Agenda, there was to be a sign (pole sign) permit request for Quik-Trip Corporation, submitted by Mr. John Howerton, who was present at this evening's meeting.

With reference to the Thursday work session, Mr. Olson advised that the items to be taken up would be the "Byers matters", and the "Rose (Park Royal) Plat"; that Mr. Bosserman of A. C. Kirkwood would be present; that there would be an analysis on Mr. George Gunter's request (water drainage problem)...

A ten minute recess was called at this time by the Mayor Pro Tem. Time: 9:00 P.M.

* * *

3
The regular meeting of the Gladstone City Council was reconvened at 9:10 P.M. Mr. C. Milton Wallace, Mayor Pro Tem, presiding. All members with the exception of Mayor Ed Bauman, present and accounted for.

* * *

Item 7 on the Agenda: Mr. Rosenthal moved to place Bill No. 69-6, amending Ord. No. 1.372, relating to zoning regulations and restrictions and the establishment of Use Districts within the City of Gladstone, and particularly Lot 1, Block C, Mosby Highlands, further described as 7311 North Oak Street Trafficway, on 1st reading. Mr. Wurst seconded. All voted aye. The Bill was read.

* * *

Item No. 8 on the Agenda: Mr. Rosenthal moved to place Bill No. 69-7, being an ordinance apportioning main sewer assessments for KENDALLWOOD, TRACT 1-2, on first reading. Mr. Kleiner seconded. The vote: All aye. The Bill was read. Mr. Rosenthal moved to accept the first reading of Bill No. 69-7 and to place same on second reading. Mr. Kleiner seconded. The vote: All aye. The Bill was read. Mr. Rosenthal moved to accept the second reading of Bill No. 69-7, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading (if no objections to such were heard). Mr. Kleiner seconded. No objections being heard, the vote was called: All voted aye. The Bill was read. Mr. Rosenthal moved to accept the third and final reading of Bill No. 69-7, and to enact same as Ordinance No. 1.653. Mr. Kleiner seconded. The vote: All aye.

* * *

3
Item 9 on the Agenda: Mr. Rosenthal moved to place Bill No. 69-8, being an ordinance designating and establishing the locations of the polling places to be used for the forthcoming City elections, on first reading. Mr. Kleiner seconded. The vote: All aye. The Bill was read. Mr. Rosenthal moved to accept the first reading of said Bill and to place same on second reading. Mr. Kleiner seconded. The vote: All aye. The Bill was read.

3
Mr. Rosenthal moved to accept the second reading of Bill No. 69-8, to waive Section 20(d)(2) of Ordinance No. 1.83, and to place same on third and final reading, (no objections being heard from Council members). Mr. Kleiner seconded. As there were no objections, the vote was taken: All voted aye. The Bill was read. Mr. Rosenthal thereupon moved to accept the third and final reading of Bill No. 69-8 and to enact same as Ordinance No. 1.654. Mr. Kleiner seconded. The vote: All aye.

Item 10 on the Agenda: Mr. Wurst moved to place Bill No. 69-9, being an ordinance approving the Final Plat of Greenbrook Subdivision, Lots 1 through 17, on first reading. Mr. Rosenthal seconded. Mr. Wurst advised that since the beginning of this Plat, it had been "in the mill" an unfortunate length of time because of several things which have come up; (1) some grey area in the route of Highway No. 1, which has changed for "about the 10th time", and (2) the application for a special use permit from abutting property owners, and that both of these have had a definite and direct effect upon this property and all property in that location. He said he did not know when the other problems will be resolved but he felt there should not be more than one reading of said Bill at this point.

Mr. Wallace asked if the earlier question of ownership on the strip of ground to the south of this property had ever been resolved. (Ans: not known at this time).

3
Mr. Rosenthal advised that he concurred with Mr. Wurst; that he did not want to rush into this matter; that it was not known at this time how this will affect the street plan; that we have ended up with some short tracts and don't want this to happen in this instance..

Mr. Wallace suggested that further discussion on this matter might be placed on the agenda for the work session as one of the items to be handled on Tuesday, the 11th of March; he suggested not placing the item on the next agenda for regular Council meeting but on the agenda for the work session..Mr. John Dods, Assistant City Counselor, said in his opinion the matter should be placed on the next Agenda for regular Council meeting, and then deferred by general agreement, if the Council concurs.

The question was called. The vote: All aye. The Clerk read the Bill.

Mr. Wurst asked the City Manager if by March 11th, he would have some communication and clarification from Mr. Wm. Dill, State Highway Commission...Mr. Olson said he would have the proposal. Mr. Wurst asked for up-to-date information on this plan.

3
Item 11 on the Agenda: Mr. Wurst moved to place Bill No. 69-10, being for an ordinance to accept standard sewer easements on certain land for public use as a part of the Gladstone Sewer System, on first reading. Mr. Rosenthal seconded. The vote: All aye. The Bill was read. Mr. Wurst moved to accept the first reading of said Bill and to place same on second reading. Mr. Rosenthal seconded. The vote: All aye. The Bill was read. Mr. Wurst moved to accept the second reading of Bill No. 69-10, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. No objections being heard, the vote was taken. All aye. The Bill was read.

Mr. Wurst moved to accept the third and final reading of Bill No. 69-10, and to enact same as Ordinance No. 1.655. Mr. Rosenthal seconded. The vote: All aye. (Point of clarification: said Easements under the names of Schlagel, Phares-Ball-Dowell, Anderson, Armstrong, Grove, McCuistion, Williams, Pope, McIntyre, Tri-B, and Small.)

* * *

Item 12 on the Agenda: Scheduled as the first reading of Bill No. 69-11 for apportioning main sewer assessments for Tract No. 75-333 (DiMaggio et al). As this would be a rather lengthy item, it was suggested that this be postponed for a short while and that the matter of the pole sign application submitted by Quik-Trip Corporation be taken up at this time as Item 11-A. All agreeable.

Mr. Olson advised that the application was for a pole sign to be located at 76th and North Oak, the size being acceptable under City specifications and requirements under the proposed Sign Ordinance, and that it has been approved by the Administration.

Mr. Wallace asked what the pleasure of the Council is on the Quik Trip sign. Mr. Wurst advised that as it stands now, and if the Council grants this sign, it limits the rest of any potential or future tenants; that a proper sign would be designed to accomodate the "full house" when it become such.

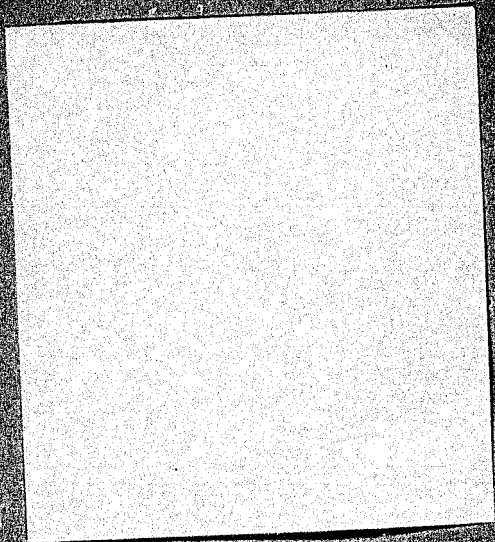

Mr. Wallace asked what the action of the Council should be at this meeting.

Mr. Wurst said that the proposed sign, being of such a size, allows Quik-Trip to be "top dog" - the suggestion was made that Mr. Moore, who bought the property, should be made aware of the City's requirements here.

Mr. Wallace said that he did not want to approve such sign on that premise and concurred that Mr. Moore should be advised. After further discussion, Mr. Wallace moved as follows: The City Council to grant a sign permit to Quik Trip at approximately 76th and North Oak, per the sketch numbered 42468-DA0, of 2/24/69, with the following stipulations: (1) That the Administration contact Mr. John Moore and secure his acceptance or acknowledgment of the fact that this is the only pole sign that will be granted to the property, and that (2) the alternatives are to allow this sign that would not lend itself to the addition of other tenants, or (3) enter into a modification of this sign which would allow other tenants to be added with the acquiescence of Quik Trip. Mr. Wurst seconded. The vote: All aye.

Item 12 on the Agenda was resumed. Mr. Rosenthal moved to place Bill No. 69-11, being for an ordinance apportioning main sewer assessments for Tract No. 75-333 (New Tract, Parcel or Lot, 60th Street North and 62nd Street North) (Di-Maggio, Carrolo, et al)...on first reading. Mr. Wurst seconded. The vote: All aye. Bill was read. Mr. Wurst moved to accept the first reading of said Bill, and to place same on second reading. Mr. Rosenthal seconded. The vote: All aye. The Bill was read. Mr. Wurst moved to accept the second reading of Bill No. 69-11, to waive Section 20(d)(2) of Ordinance No. 1.83, and if there were no objections heard from the Council, place same on third and final reading. Mr. Rosenthal seconded. No objections being heard, the vote was taken. All aye. Third reading held. Mr. Wurst moved to accept the third reading of said Bill and to enact same as Ordinance No. 1.656. Mr. Rosenthal seconded. The vote: All aye.

* * *

3
Item 13 on the Agenda: Mr. Rosenthal moved to place Bill No. 69-12, being for an ordinance apportioning lateral sewer assessments for certain tracts, parcels and lots of land designated in Tract No. 73-333 (60th Street North and 62nd Street North) (Di Maggio, Carrolo, et al), on first reading. Mr. Kleiner seconded. The vote: All aye. The Bill was read. Mr. Rosenthal moved to accept the first reading of said Bill and to place said Bill on second Reading. Mr. Kleiner seconded. The vote: All aye. The Bill was read. Mr. Rosenthal moved to accept the second reading of Bill No. 69-12, to waive Section 20(d)(2) of Ord. No. 1.83 and to place same on third and final reading. Mr. Kleiner seconded. There were no objections to final reading, whereupon the vote was taken. All aye. The Bill was read. Mr. Rosenthal moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.657. Mr. Wurst seconded. The vote: All aye.

* * *

8
Item 14 on the Agenda: Mr. Wurst moved to place Bill No. 69-13, accepting a Dedication Deed for public streets in Gladstone (portions of 60th Street North and 62nd Street North (DiMaggio, Carrolo, et al) on first reading. Mr. Kleiner seconded. The vote: All aye. The Bill was read. Mr. Wurst moved to accept the first reading of Bill No. 69-13 and to place same on second reading. Mr. Kleiner seconded. The vote: All aye. The Bill was read. Mr. Wurst moved to accept the third reading of Bill No. 69-13 and to place same on third reading, after waiver of Section 20 (d) (2) of Ordinance No. 1.83, and there being no objection from any Council member. Mr. Kleiner seconded. No objection being heard, the vote was taken. All aye. The Bill was read. Mr. Wurst moved to accept the third and final reading of Bill No. 69-13 and to enact same as Ordinance No. 1.658. Mr. Kleiner seconded. The vote: All aye.

* * *

Item 14-A (not on Agenda) - Mr. Wurst moved to place Bill No. 69-14, being an ordinance to accept a Plat for Dedication of certain land for public streets in Gladstone, Missouri, (60th Street North and 62nd Street North, lying West of Broadway to the City limits of Gladstone, Clay County, Missouri), on first reading. Mr. Rosenthal seconded. The vote: All aye. The Bill was read. Mr. Rosenthal asked if the City were establishing any precedence here; that this might be a "real burden to others" if such were the case. Mr. John Dods was asked for an opinion, and he said that we accept the streets on the premise that they would widen Broadway. Mr. Wurst said each such case would have to be looked at individually. Mr. Dods said, further, that he would answer "no" to Mr. Rosenthal's question, from a legal standpoint. Mr. Wurst moved to accept the first reading of Bill No. 69-14 and to place same on second reading. Mr. Rosenthal seconded. The vote: All aye. The Bill was read. Mr. Wurst moved to accept the second reading of Bill No. 69-14, to waive Section 20(d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Rosenthal seconded. The vote: All aye. The Bill was read. (Note: there were no objections to a third reading by Council members). Mr. Wurst moved to accept the third and final reading of said Bill, and to enact same as Ordinance No. 1.659. Mr. Rosenthal seconded. The vote: All aye.

Mr. Dods advised that Mr. Bigus, attorney for the DiMaggio-Carrolo property (above) had called him reference to the possibility of "hooking into Gladstone sewers", or getting engineering data on such possibility. Mr. Dods advised that he had referred the gentleman to Larkin and Associates. Mr. Wurst advised, in this regard, that it had been made very clear at the time this matter first came before the Council, that all of the discussion had been related to street easements only.

3
Item 15 on the Agenda: Resolution authorizing acceptance of certain work performed under Water Contract No. VII by R. W. Farmer Construction Company, and authorizing final payment in the total amount of \$20,119.54. Mr. Wallace so moved. Mr. Wurst seconded. The vote: All aye. RESOLUTION NO. R-69-14 adopted.

Item 16 on the Agenda: Resolution authorizing the City Manager to negotiate and enter into a Contract with Earl C. Calvert for certain land the approximate address of which is 800 East 76th Street North, and further that said purchase price shall not exceed \$15,000 and the City to pay the balance due on the Special Sewer Assessment on said land. Mr. Wallace so moved. Mr. Rosenthal seconded. The vote: Mr. Kleiner, aye, Mr. Wurst, aye, Mr. Wallace No, Mr. Rosenthal, aye. RESOLUTION NO. R-69-15 adopted.

Item 17 on the Agenda: Mr. Wurst moved to accept the General Funds Financial Report for 6 months ending December 31, 1968, as submitted. Mr. Rosenthal seconded. The vote: All aye.

8
Item 18 - "Other" - Mr. Wurst moved to place Bill No. 69-15, finding and declaring that a majority of the resident landowners of the lands that would be liable for the costs of the improvement of a certain part of North Indiana Street did NOT file protests to said necessary improvement as required by law; authorizing the City Manager to advertise for bids for this improvement; directing the City Engineer to prepare an estimate of the costs of said improvement beginning at the intersection of Indiana and NE 69th Street, north along the West line of Lot 1 Block 7, Meadowbrook Manor, Fourth Plat, and continuing north along the west line of Tract B, Bl. 7, Meadowbrook Manor, 5th Plat, etc, in connection with Resolution No. 68-123, published on October 17 and Oct. 24, 1968, on first reading. Mr. Rosenthal seconded. The vote: All aye. Mr. Wurst read the Bill. Mr. Wurst moved to accept the first reading of said Bill and to place same on second reading. Mr. Rosenthal seconded. The vote: All aye. The Bill was read. Mr. Wurst moved to accept the second reading of Bill No. 69-15, to waive Section 20(d) (2) of Ord. No. 1.83, and to place same on third and final reading. Mr. Rosenthal seconded. The vote: All aye. Mr. Wurst moved (after third reading) to accept third reading and enact same as Ordinance No. 1.660. Mr. Rosenthal seconded. The vote: All aye.

* * *

0
Item 18-A - Mr. Wurst moved to place Bill No. 69-16, finding and declaring that a majority of the resident landowners of the lands that would be liable for the costs of the improvements of a certain part of North Indiana Street did not file protests to said necessary improvement as required by law; authorizing the City Manager to advertise for bids for this improvement; and directing the City Engineer to prepare an estimate of the costs of said improvement beginning at the center line of 72nd Street North and extending North in said North Indiana, to the north line of the south one-half of the SW $\frac{1}{4}$,pursuant to Resolution No. 68-42 published March 28 and April 4, 1968, on first reading. Mr. Rosenthal seconded. The vote: All aye. Mr. Wurst read the Bill. Mr. Rosenthal moved to accept the first reading of said Bill and to place same on second reading. Mr. Kleiner seconded. The vote: All aye. Mr. Rosenthal moved to accept the second reading of Bill No. 69-16, to waive Section 20(d)(2) of Ord. No. 1.83 and to place same on third and final reading. Mr. Kleiner seconded. The vote: All aye. Mr. Rosenthal moved to accept the third and final reading of said Bill and to enact it as Ord. No. 1.661. Mr. Kleiner seconded. The vote: All aye.

* * *

Item 18-B - Mr. Wurst moved for the adoption of Resolution No. 5-69-16, authorizing the City Manager to execute the Agreement with City Homes, Inc., supplementing an Agreement dated August 2, 1968, and recorded in the Office of the Recorder of Deeds, Liberty, Missouri, in Book 1000 at Page 439, this Agreement to be recorded upon completion. Mr. Rosenthal seconded. The vote: All aye.

Item 18-C - Mr. Wurst moved to issue building permits for 3 buildings, after acceptance of Plans of Project No. 6/39, plan dated December 18, 1968, subject to the Council's notations on said Plans of Whispering Oaks Garden Apartments, located at approximately 69th and North Indiana. Mr. Rosenthal seconded. The vote: All aye.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 11:10 P.M.

Respectfully submitted,

City Clerk

X Accepted as approved:

Accepted as corrected/amended:

MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
24 FEBRUARY 69

R E S U M E

Meeting called to Order by Mayor Pro Tem, Mr. C. Milton Wallace. Present were Councilmen Frank Kleiner, H. R. Wurst and John Rosenthal, in addition to Councilmen Wallace. Mayor Ed Bauman was absent because of illness.

MINUTES
ACCEPTED

Minutes of the regular meeting of February 10, 1969, and of the Special meeting of February 12, 1969, were accepted as submitted.

COMMUNICATIONS
FROM AUDIENCE

Mr. Ray W. Heslop, 6509 N. Michigan, addressed the Mayor Pro Tem and Council members in regard to the possibility of establishing a Youth Recreation Center within the City.

Mr. George Byers of Byers Construction Company, addressed the Mayor Pro Tem and Council members in a review of his variance-to-side-yard-dimension on several lots in Meadowbrook North, Ninth Plat. He traced the history of the Plat, its re-drawings, the time involved, the number of feet of right-of-way given to the City and to the State Highway Commission, and asked for further consideration by the Council of his request for small-footage variances on approximately six lots, which, according to Mr. Byers, without permission for variance on the side yard requirements, cannot contain the size residence he is presently building.

Mr. Byers also inquired about the present position of the City on the Improvements of North Indiana; reviewed the history of an earlier Agreement signed by him, with the City, and said he would like to have the City act on this matter at this time.

PRESENTATION OF
AWARD

In the absence of Mayor Bauman, Mayor Pro Tem, Mr. C. Milton Wallace made the presentation of an Award for Service to Mr. P. K. Gentry, former member of the Gladstone

Planning Commission, who served in this capacity from April, 1961, to December, 1968. Mr. Wallace congratulated Mr. Gentry and thanked him for his excellent service to the City during this period. Mr. Rosenthal advised that Mr. Gentry "builds a fine house", and added his thanks for a job well done.

COMMUNICATIONS FROM
AUDIENCE, continued

Mr. George Gunter, 1215 W. Vivion Road, addressed the Mayor Pro Tem and the Council members with a complaint about the "run-off" from the Water Treatment Plant which comes down the creek and spreads over his yard...Mr. Gunter brought three samples of water taken from the area, two of which were discolored and one which was not. He asked for relief of the problem.

COMMUNICATIONS FROM
CITY COUNCIL

Mr. Kleiner: Nothing at this time.

Mr. Wurst: Asked about the time of the Public Hearing on the alleged liquor violation on North Oak Street. Notices to be sent by Certified Mail. (Ten-day notices) Suggested Tuesday, March 11th at 7:30 P.M. for the date of the Hearing.

Mr. Rosenthal: Nothing at this time.

Mr. Wallace: Inquired about a "road" going in at 67th and Broadway. Advice given that this is the Peterson Plat, Concord Hills; that it is probably just a utility easement.

COMMUNICATIONS FROM
CITY MANAGER

Mr. Olson advised of the addition of items to the Agenda.

COMMUNICATIONS,
con't.

Mr. Wallace advised there would be a work session at 7:30 P.M. on Thursday, February 27, if agreeable with Council members.

Mr. Olson advised that under the designation "Other" on tonight's Agenda, consideration of a sign permit for the Quik Trip Corporation was scheduled.

*Jay A. Sewer
Auditor*

The regular meeting of the Gladstone City Council was called to order by the Mayor Pro Tem, Mr. Frank Kleiner, at 8:00 P.M. on Monday, June 9, 1969, in the Chambers of the Gladstone City Hall. Roll was called. Present: Messrs. Kleiner, Wurst, Walker and Davis. Also present were the City Manager, Mr. Olson; the Assistant City Counselor, Mr. Dods; the Assistant City Manager, Mr. Elker, and the City Clerk.

The Invocation was given by Reverend Doran C. McCarty, Pastor of the Linden Baptist Church.

The first item of business was the acceptance of the Minutes of May 26, 1969, of the regular meeting. Mr. Davis moved for the acceptance of said Minutes as presented. Mr. Walker seconded the motion. Note: At this time, Mayor Bauman arrived at the meeting and took his place at the Council table. Mr. Kleiner turned the meeting over to the Mayor. The vote was taken: All "AYE".

Mayor Bauman advised the Council and audience that former Councilman John Rosenthal, and his wife, Mrs. Claire Rosenthal, were present at this evening's meeting, and that it was his pleasure to recognize Mr. and Mrs. Rosenthal and to present a plaque in recognition of three years of service to John Rosenthal, in commemoration of his interest in his City and his dedication to the citizens of Gladstone who had elected him to that post. Mayor Bauman said the plaque was only a small token of recognition; that Mr. Rosenthal's dedication was well known, and that his three years of service as a Councilman, plus his prior interest and membership on the Planning Commission, spoke well for Mr. Rosenthal. He extended his thanks, as well as the thanks of everyone to Mr. Rosenthal, who accepted his plaque, and the Mayor presented Mrs. Rosenthal with a Key to the City, in grateful recognition of her sacrifice during the time John was active on the City Council.

Mr. Rosenthal addressed the Mayor and the Council members, offering his service in helping prepare for the Public Safety Bond Issue, and on the Street Thoroughfare Plan, stating that he felt that improving the condition of the streets in Gladstone should be the No. 1. concern and target; that he was behind both 100%; that in regard to the Public Safety Building, a more sophisticated system was being instituted in our City which was proving to be highly satisfactory, and bringing good recognition to Gladstone and its officers. He thanked the Mayor and Council members, as well as the City Manager, for their cooperation with him, and indicated that he had enjoyed his tenure as City Councilman, and that he was still available for any help in any way.

Item 4 on the Agenda: Communications from the Audience.

Mr. John Rosenthal, 6218 North Garfield, addressed the Mayor and City Council, in regard to Item 13, scheduled on the Agenda as "Resolution authorizing an additional appropriation for the Water Production Department Operating Budget"...He said that during his time on the Council, this Budget had been in the "black"; that he hoped this situation had not changed, and asked for an explanation of the item. Mr. Olson, City Manager, explained that this was merely a precautionary measure; that he felt the budget needed to be "beefed" up somewhat, as there had been unexpected main breaks, a minor problem with sludge, and some similar items might arise in the future which could place a drain on the budget, which this additional appropriation will take care of, should the needs arise.

Mr. Rosenthal further advised that he was interested in knowing whether or not the "Flora Park" program had been stepped up; that, presently, Gladstone only has one diamond which is proper to play upon; that some of the school yards are being used, but that they are not maintained; that there is a great need for baseball diamonds, and he wondered what the program was in this regard; he wondered if there was anything in the budget to upgrade the diamonds available now and for the future.

Mayor Bauman advised that a meeting was to be set up with the Englewood Home Owners Association regarding the "Flora Park"; that Mr. Roland Smith, Chairman of that group, is presently, or has been, on vacation; that the City Manager was still attempting to meet with the group.

Mr. Rosenthal said he believed the Council should consider an increase in taxes; that he does not believe the developers are paying in as much as is necessary to keep up-grading parks, and purchasing park land; that he felt there should be something "set aside from some place" to keep up and maintain parks. He said he would like to see this in our City; that maybe a separate issue for parks only should be considered; that he does not think the City can even support the parks we now have, and certainly not the type of parks that Kansas City has, but that he believed the City could pass a reasonable park levy, and he asked that this be strongly considered by this Council.

Item 5 on the Agenda: Communications from the City Council:

Mr. Kleiner: Nothing at this time; Mr. Wurst: Nothing at this time; Mr. Walker: Nothing at this time; Mr. Davis: Nothing at this time. Mayor Bauman: Advised that there would be a meeting at 7:30 P.M. on Tuesday, June 10, as a work session on the Budget; that Wednesday, at 7:30 P.M., in the Council Chambers, there would be a County Court meeting, pertaining to the search for a way to solve the urban road crisis; that Thursday evening at 8:00 P.M., the Finance Committee on the Bonding Program, would meet with the City Manager in his office. Mayor Bauman also advised that a letter from one of the local trash haulers had been received which apparently was written given erroneous information concerning the location or placement on residential pick-up.

Item 6 on the Agenda: Communications from the City Manager:

The City Manager indicated that there were, at the Council places, replacement Exhibits for Bill No's. 69-40 and 69-41; that there was a new copy of the Resolution honoring the Gladstone Jay Gees, which was a substitute for the earlier one; that there was an additional Resolution, authorizing execution of Water Main Contract No. 101.

Item 7 on the Agenda: Scheduled as the Third Reading of Bill No. 69-36, accepting the Final Plat of the Tenth Plat of Meadowbrook North. The City Manager advised that no Park Land Agreement had been signed by Byers Land Company in connection with this Plat, although Mr. George Byers had been advised of the necessity of same. Mr. Davis moved to accept the second reading of said Bill and to place same before the Council for third and final reading. Mr. Walker seconded the motion. Mr. Davis suggested that the motion be amended to include the words "subject to the receipt of the signed Park Land Agreement"...After further discussion, the motion was withdrawn by Mr. Davis, with the permission of the second, and Mr. Davis thereupon made the following motion: To defer the third and final reading of Bill No. 69-36 until the properly executed Park Land Agreement is in the hands of the City Administration. Mr. Walker seconded. The vote: All "AYE"...

Item 8 on the Agenda: Recommended as the first reading of Bill No. 69-38, appropriating for Front Flat of the Sixth Flat of Carriage Hills. Mr. Bauman asked the City Manager if he had contacted the developer regarding sidewalks. The City Manager answered affirmatively but advised that because of strikes the work has been stayed. A verbal agreement had been received that the sidewalks in that part of the Flat would be put in.

Mr. Bauman asked if the Administration feels this will suffice to get sidewalks where they should have been put in a long time ago. The City Manager answered in the affirmative. Mr. Davis moved to place Bill No. 69-38 on first reading. Mr. Walker seconded. The vote: All "AYE". The Clerk read the Bill.

Item 9 on the Agenda: Mr. Walker moved to place Bill No. 69-39, approving the apportionment of main sewer assessments for certain land in Carriage Hills, Sixth Flat, on first reading. Mr. Davis seconded. The vote: All "AYE". The Clerk read the Bill.

Item 10 on the Agenda: Mr. Bauman moved to place Bill No. 69-40, approving the acceptance of certain standard sewer easements, on first reading. Mr. Davis seconded. (SE Tract No. 7, E. D. No. 13, Darrell J. Fisher and wife; SE Tract No. 10, E. D. No. 17, James M. Corrigan and wife; E. D. No. 40, Claud L. Woods, a single person, and SE Tract No. 11, E. D. No. 18, Eva M. Leonard, a single person). The vote: All "AYE". The Clerk read the Bill.

The City Manager recommended three readings of Bill No. 69-40 at this meeting, in answer to a question from Mayor Bauman.

Mayor Bauman moved to accept the first reading of Bill No. 69-40 and to place said Bill on second reading. Mr. Davis seconded. The vote: All "AYE"...the Clerk read the Bill.

Mayor Bauman moved to accept the second reading of Bill No. 69-40 and to place Section 20 (a)(2) of Ord. No. 1,83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "AYE". The Clerk read the Bill. Mayor Bauman then moved to accept the third and final reading of said Bill and to amend same as indicated by 1,684. Mr. Davis seconded. The vote: All "AYE".

Item 11 on the Agenda: Mr. Davis moved to place Bill No. 69-41, authorizing acquisition of interests in real property by purchase or condemnation for establishing sewer lines and declaring the public necessity of same, on first reading. Mr. Walker seconded. The vote: All "AYE"...In answer to a question from Mayor Bauman, the City Manager recommended three readings of said Bill at this meeting. Bill read.

Mr. Davis moved for the acceptance of the first reading of Bill No. 69-41, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "AYE"...the Clerk read. Mr. Davis moved to accept the second reading of said Bill, to amend same as indicated by 1,684, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "AYE"...the Clerk read the Bill.

Council Meeting Minutes of
June 9, 1969, continued

Mr. Davis moved to accept the third and final reading of Bill No. 1.685, and to enact same as Ordinance No. 1.685. Mr. Walker seconded the motion. The vote: All "AYE".

Item 12 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-42, protesting the removal of tax exemptions on Municipal Bonds. Mr. Davis seconded. The vote: All "AYE".

Item 13 on the Agenda: Mr. Kleiner moved to adopt Resolution No. R-69-43, authorizing an additional appropriation for the Water Production Department Operating Budget. Mr. Davis seconded. Mr. Kleiner reaffirmed the reason for such move was the sludge problem and the possibilities of unexpected repairs. Mr. Olson concurred. The vote: All "AYE".

Item 14 on the Agenda: Mr. Davis moved to adopt Resolution No. R-69-44, commending the Gladstone JayCees for their efforts in Clean-Up, Paint-Up and Fix-Up in Gladstone, to be from June 16th through June 28th, and, further, proclaiming such days as Clean-Up, Paint-Up and Fix-up Days. Mr. Kleiner seconded. The vote: All "AYE".

Item 15 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-45, authorizing the City Manager to accept 700 feet of asphalt paving on North Bales, beginning at 69th Street, starting at the SE corner of Lot 7, and continuing north-westerly, in Meadowbrook Manor, a subdivision in and to the City of Gladstone, Missouri. Mr. Davis seconded. The vote: All "AYE".

Item 16 on the Agenda: Mr. Davis moved to accept the Disbursements Report from Water & Sewer Departments for May, 1969; the Financial Report for the Combined Water-works & Sewerage System for 10 months, ending April 30, 1969; the Disbursements Report from General Fund for May, 1969; and General Funds' Financial Report for 10 months ending April 30, 1969, as submitted. Mr. Kleiner seconded. The vote: All "AYE".

Item 17 - Mayor Bauman moved for the adoption of Resolution No. R-69-46, authorizing the City Manager to execute Water Main Contract No. 101 for water main extension in Elm Woods, to be constructed by Damon Pursell Construction Company, Inc., for Charles Gobel. Mr. Davis seconded. It was noted by the City Manager that all was "in order" on this Contract; that there would be no payback on this Contract, as there were no oversized mains involved. The vote: All "AYE".

Council Meeting Minutes of
June 9, 1969, continued

Item 17-a - Mr. Kleiner moved to grant a Class "D" (malt liquor) license to Ball Food Stores, 7503 North Oak Street (formerly White Front Grocery). Mr. Davis seconded. The vote: All "AYE".

* * *

As there was nothing further to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
23 JUNE 69

The regular meeting of the Gladstone City Council was called to order by its Mayor, Mr. Ed Bauman, at 8:00 P.M. on Monday, June 23, 1969, in the Council Chambers of the Gladstone City Hall. Present were Councilmen Kleiner, Wurst, Walker, Davis and Mayor Bauman. In addition, the City Manager, Mr. David Olson; the Assistant City Manager, Mr. Eiker; the Assistant City Counselor, Mr. John Dods, and the City Clerk were also present.

Item 2 on the Agenda: Reverend Joe Kreeger, Pastor of the Antloch Bible Baptist Church, gave the Invocation.

Item 3 on the Agenda: Acceptance of the Minutes of June 9, 1969. Mr. Davis so moved. Mr. Walker seconded. The vote: All "AYE".

* * *

Item 4 on the Agenda PUBLIC HEARING on a request to rezone from R-3 to CP-2, and from C-1 to CP-2, property described as being approximately 1900 E. 72nd Street N. Mayor Bauman opened the public hearing. He said the Council would first hear from those who are in favor of such rezoning, and then the Council will hear from those who wish to speak against such rezoning. He said comments were to be directed to the Chair, and that this was a public hearing for the people, and requested by those who wished the rezoning. He asked if there was anyone who wanted to address the Council at this time in support of the request to rezone. Mr. James C. Campbell, Attorney for J. A. Peterson Company, addressed the Chair. He said that some years ago, the company had filed a plat of the west half of Stratford Park, in which was set out an area for business and it was, at that time, zoned C-1. Then, after Euclid Avenue was cut through, instead of coming straight south, it was cut through on a curve, leaving a little piece of C-1 zoning lying west of Euclid Avenue, on the north side of 72nd Street; that it wasn't large enough to do anything with; that they had then come in and filed an application to enlarge that particular area so that it could be used to construct a restaurant. He said that when they appeared before the Planning Commission, it was suggested that they change their application and asked us to change to CP-2, which is Planned Commercial District, and we did change our application, and asked for change from R-3 to CP-2 on part of it and from C-1 to CP-2 on the rest of it; "at the time we felt, and, I believe that at the time, the Planning Commission favored, this application". Mr. Campbell said that they do have businesses ready to move into this area, if they can get this zoning; that Stratford Park is pretty well filled up at the present time, that right at the present time, nothing is moving; that it is impossible to secure financing for single family dwellings anymore; that the strike has stopped everything else, but that this is the history of this application; that this will bring more business to Gladstone; that they feel that 72nd Street will be the main east-west street in Gladstone, and will probably be developed in business sooner or later; that if it is too soon, he cannot say, but that he feels it will undoubtedly become a business street. He said that if there were any questions, he would be glad to attempt to answer them. He said further, that, as the Council knew, a Planned area allowed the Council to control the type of buildings; the shielding, whether the builder puts in trees, fences, or what; that this is probably the best type of zoning as far as the City is concerned because of the control it gives them over the area; that it has to pass the Planning Commission, as he understands it, for every building that goes in, and the building has to be located as determined on the Plat, and Mr. Peterson would be willing to put in any kind of "shielding" that the Council desires, or the Commission requests.

Mayor Bauman thanked Mr. Campbell and asked if there were other persons who would like to speak at this time.

Mr. Max McCarty addressed the Council. He said that he and his wife were builders; that Briarwood was his Addition. He said that Briarwood is a new subdivision just directly to the west of Mr. Peterson's planned commercial zone. He said that when they planned Briarwood, there were 18 lots platted there, with houses in the 25 to 35,000 dollar bracket, based upon the zoning that is there now; now, where Mr. Peterson wants to put in his drive-in restaurant would be right directly adjoining Lots 1 and 2..he asked if it was necessary to show the Council the plat ...Mayor Bauman answered in the affirmative...he asked Mr. Campbell if he wanted to view the plat also...Mr. Campbell said that he had seen the Plat so much he could see it while he was asleep... Mr. McCarty then approached the Council table with the Plat, and pointed out the relationship of Briarwood to the zoning changes planned by Mr. Peterson...he said there was an application in the City Engineer's office now for a \$32,000 projected house...and he showed on which lot there was planned a \$35,000 house projected...he pointed out where - again, abutting the commercial zoning planned by Mr. Peterson, there were people living in a \$35,000 house...he said that he couldn't believe that people living in this price house would enjoy looking out over a drive-in restaurant and he said, further, that the whole thing of Briarwood was planned with a buffer zone between-the commercial zoning that was and is there now...that he feels that it would be a very desirable thing to have the kind of zoning being asked for. /not

Mayor Bauman asked if there were any questions of Mr. McCarty by members of the Council...or if there were anyone else in the audience who would like to speak in opposition ...he declared the Public Hearing closed at this time...

Item 5 on the Agenda - Public Hearing on a request to rezone from R-1 to C-3 property described as being approximately 607 E. 69th Street North. Mayor Bauman asked if there were anyone in the audience at this time who would like to address the Council in favor of such rezoning request. Mr. Harrison Norton, Attorney, representing the petitioner, Mr. Joseph Catalano, addressed the Council. He said he thought all the members know where the location is; one block south of the City Hall; that although the present zoning is residential, and they were asking for commercial, Mr. Catalano is presently operating commercial on that property in a non-conforming use; that he was sure the Council was aware of that and knew what it was...he said that Mr. Catalano makes taco shells; that he has been in contact with the Pet Milk Company and that they want him to triple his production, employ another 25 people and double his present capacity - that is, building capacity or floor area, in order to supply them with the taco shells they want, and that is one of the reasons for the request. He said this area had quite a bit of commercial zoning around it, to the north of it and to the west of it; that there were three residences that would be directly affected, which were close to the proximity...that Mr. Catalano tells him that he has talked to all three of these residence owners; that none of them have any objection to the zoning; that none of them appear to object to any zoning the Council might deem it wise to make; he said they thought it would be a good thing for the City, a good business, a clean business, one that was not offensive in any way; would mean something to this City in the way of increased taxes, etc. He said he did not want to take up the Council's time because he felt they were all familiar with the property and where it was located; that if there were any questions, Mr. Catalano was here with him, and they would try to answer any questions...

Mayor Bauman asked if there were any questions of Mr. Norton by any members of the Council....Mr. Kleiner asked Mr. Norton if he had said there was some adjoining C zoning...Mr. Norton said that he understood the property to the west was C-1, between Mr. Catalano's property and the highway; also to the north...Mr. Kleiner said there were houses to the west...Mr. Catalano said there was one residence immediately west.

He said that from the house, to the west, there would be a filling station.... Mr. Norton said what he meant to say was that there was quite a bit of C-1 "around" the Catalano property, to the west and to the north; that he didn't mean to give the Council the impression that all of the surrounding property was C-1. Mr. Kleiner said that he knew this, that he just wanted clarification. Mr. Kleiner asked if there was any buffering planned? Mr. Catalano said that the plans they have are to build supporting columns there... deep solid concrete there, at that point, will have the right set-back according to the City ordinances; that the building will be of 12 inch concrete block, with brick facing; that there will be a sprinkler system; that the man who is coming out to see about the sprinkler system will see about the entire building; that they intend to modernize the front of the old building to match the new building if they are allowed to build. He said that the sprinkler man from the Fatti Construction Company is the man who will be coming out... he said that they had people who had come over to see the building, that since the matter was first publicized, they had many visitors and that they were amazed to find out that such a plant even existed in Gladstone... that they are amazed, too, that they have gone as far as they have nationally... they receive letters every day from Syracuse, New York, and other places, wanting to buy and they are not able to see they way clear to selling because they don't have the proper facilities and enough space to put the machines in. He said that this Pet Milk contract brings them to a point where they would either have to refuse it or accept it; that they had discussed this with the employees because this would be a hardship on them as they will have to train others to do this work and they voted to stay here in Gladstone... that they had a choice of a location offered by the North Kansas City Development Company at 14th and Murray which they tried to lease... 23,000 square feet which would be ample... but would create a hardship on the housewives who walk to work, and the highschool boys they are able to employ as COE students, plus after school employment, which would create a hardship for them to get down to Northtown... so they decided they would try to keep it here in Gladstone, our home town, and the Pet Milk Company contract runs for 5 years, renewable every five years, unless either party, within 45 days, decides to cancel... that this could mean 15 or 20 years... Mr. Catalano said that he knew that the Council didn't get the opportunity to see the things that he sees as he travels, but that the name of Gladstone was unknown in some places... but that the name of Gladstone is on this product - i.e. "Gladstone, U.S.A." and some of this product has been seen in Canada, also been shipped to the Congo... a customer of theirs, a Baptist minister was transferred to the Belgian Congo and he had to have tacos, and his company saw to it that he receives them... that they are represented in Washington, D.C. in all parts of the country from coast to coast and border to border, and this is all out of our City, Gladstone, and when people ask sometimes when he is on the road, Denver, and other places, and they say "Where is Gladstone?", he says that it is an oasis inside of a large city, and this is really true... he thanked the Council.

Mr. Kleiner addressed Mr. Catalano, asking how many employees he anticipated when and if he got his new production... Mr. Catalano said at the present instance, he has 24 - working 9 to 12:30... that he would have approximately 60 employees at the time they are able to "machine up"... he said the reason they had been offered the contract was because he had invented the machine - that he had to in order to get the production out - that there were no other machines like them in the country..

Mr. Kleiner asked if he planned for off-street parking for his employees on his property. Mr. Catalano said yes... that he would allow them a parking area, but that a lot of his employees live close by within walking distance, over on Cherry Street and on Locust and on 69th Street, but that they figures they would have at least 30 parking spaces that would be ample... that for instance, three of his employees ride together in one car, which cuts down parking.

Mr. Bauman asked if there were any further questions of Mr. Catalano by the Council.

Mr. Wurst asked if Oakley Court Drive had been vacated. Mr. Catalano said no, not that he knew of. he said he had platted that ground and that Oakley Court was supposed to start on 69th Street over to North Holmes...that as far as he was concerned, he had never been advised..that he had never asked that it be closed.. that it was a 40' wide street...Mr. Wurst asked if he owned the property to the south of Oakley. Mr. Catalano said he once owned all that but that he had sold it..he said he once owned all that property to the west of him, as far to the south as the Gladstone Square Apartments, at one time, but that his land edges right to the edge of Oakley Court Drive on the north..

Mr. Wurst said that Mr. Catalano's request would, in effect, make him an "Island" of C-3, surrounded by R-1, with the exception of to the north. He asked if Mr. Catalano would entertain at all a CP zoning? Mr. Catalano asked CP-3? Mr. Wurst said "yes"...Mr. Catalano said he was not familiar with that category. Mr. Wurst said that basically it would allow him the same privileges but does give some control in site development and structure, the esthetics, and what-have-you. Mr. Catalano said he had 198 feet there on 69th Street, and that as long as it didn't cost him any more land so that he couldn't build his 16,000 square foot building..Mr. Wurst explained that it wouldn't take any ground. Mr. Catalano questioned this. Mr. Catalano said he was willing to conform with whatever ordinance there is, and if the CP was better, just as long as he could get that building going and get started on production, he was willing to conform, that if Mr. Wurst and the Council thought that CP would be the best, that was allright with him. Mr. Norton said that what they wanted was the 16,000 square foot building; that if it was easier for the Council to decide one way or another, then that was the way they wanted to go, they would have no objection at all, whatever was necessary to get the job done. Mr. Catalano said all they wanted to do was to get going...that they wanted to assure the gentlemen of the Council that this is exactly what they needed and planned to do; that they were under a dead-line and had to do something pretty soon or lose out on the contract. He said there were three lines on the night crew now, more or less to get geared up to partly take care of the Pet Milk contracts. He said they require all the production that seven machines can turn out...that each machine will put out 240 dozen taco shells, packed in boxes and ready to go in cases. Pet Milk requests 1600 cases a week, and every two weeks they will change that to probably double..3200 cases, on up, as they want to take the eastern seaboard, Texas, and go all the way to California with them, into New Mexico and Arizona, and all through there, but they had told Pet Milk Company that they were waiting for the new machines, and were waiting for the land to be rezoned for the building; that they would like to grow with their orders, and he hoped they wouldn't flood them with orders that they could not fill; that Pet Milk was willing to wait.

Mr. Wurst asked that, if Mr. Catalano received this zoning, and make the proposed 16,000 expansion, will this pretty well fill the ground..or how much open area will there still be. Mr. Catalano said it would leave close to 35 feet in the front, which would be frontage on Oakley Drive, or Cherry Lane, to the west. Mr. Wurst said, then, that from his southern wall he could go 35 feet further south? Mr. Catalano said no, 35' to the west, which would be the parking area; that there would be a 10' set-back from the street, to the present building.

Mr. Wurst asked the City Manager if he had the Plat on this...Mr. Olson answered in the affirmative and took it to the Council table where the relation of the proposed building to the existing building was explained.

General discussion ensued, after which Mr. Wurst said he would like to correct some information contained in the Planning Commission minutes of the 16th, on page 4 - He said a question was asked if this was considered for C zoning on the Land Use Map. The answer was in the affirmative, but should have been in the negative. The cut-off was 69th Street, at the southern border, and when that decision was made, the deciding factor was the proposed 68th Street and a desire at the time to keep commercial zoning one block away, and this, basically, was the reason for his question to Mr. Catalano about the island situation and the proximity to the proposed boulevard, and the CP zoning, which, he thought, would give a little more control from an esthetic standpoint and would not allow a commercial operation which would be objectionable.

Mr. Bauman asked if there were anyone else in the audience, at this time, who would like to address the Council in favor of this request.

Mr. Amos Hinkle, Secretary of the Gladstone Chamber of Commerce, read a letter written by Mr. Jerry Woodcox, of the Chamber, a copy of which is attached hereto as Exhibit 1, which was written in favor of the proposed rezoning. Mr. Bauman asked him to state his name for the record before reading the letter. (Mr. Amos Hinkle, 6902 N. Locust). Mr. Hinkle said he wanted to add, further, just on his own, that he owned property within 200 feet of this tract, and it is all zoned C-1, that his property is located in Block 26, and that entire block has been zoned C-1 a couple of years ago, and it would be a good place to start to get more business and industry in our City; and he was very much in favor of Mr. Catalano's rezoning, and that across the street north, Block 28, is all zoned C-1, except that one residence; that the lay of the ground where his factory is to be built, farther to the south, is practically a valley, where old Linden Lake used to be, and he felt that the City was fortunate to have Mr. Catalano willing to take over and make good use of some of this rough ground and do something with it.

There were no further questions from the Council and no one further addressed the Council either in favor of nor in protest to the rezoning. The Public Hearing was closed at this time.

* * *

Item 6 on the Agenda: Public Hearing on acceptance of the Annual Fiscal Budget for 1969 - 1970. Mayor Bauman declared the Public Hearing open and asked if there were anyone who wished to address the Council on this subject. There were no comments from the audience, nor from the Council. Mayor Bauman declared said Public Hearing closed.

* * *

Item 7 on the Agenda: Communications From the Audience: Mr. Wesley Pierson, Builder for the Northside Christian Church, addressed the Council, regarding the building for the new church which was presented about a year ago, the ground breaking ceremony which was held about a month ago, at which Mayor Bauman was present. He said he had given the building plans to Mr. Anderson about a week ago, and that at the time the blueprints were given to Mr. Anderson, he had two requirements, one being an electrical sheet and the other a letter from the architect; he said he knew the Council had a full agenda this evening, so he would abide by their decision as to whether they wished to consider the plans this evening. He said he was an optimist and thought the strike might be over soon and they could proceed with their building as soon as the Council okayed the plans. Mayor Bauman asked if his plans had been approved by the Administration. Mr. Pierson said no, that the engineer had only finished the required electrical sheet today, and that he had just left the architect's office and had only just been able to look that

letter over just now; that he had not yet had a chance to get both back into the City Hall since securing them. Mayor Bauman said he had been happy to be at the ground breaking; that he wished them all the best in getting their building started, but the plans would have to be looked at by the Administration first before presenting them to the Council for approval or denial. He said they would work on it just as quickly as possible.

Joe Jack Smith, 5604 North Oak, addressed the Council, asking what the Council was going to do about the sewers...he said the weather had been so bad that it was almost impossible to continue to make all the sewer connections by the 30th of June; that he wondered if the Council would grant about a 3-month extension on the time limit. Mayor Bauman said he agreed with the weather being bad. Mr. Smith said it had about blown Gladstone away and Mayor Bauman agreed. Mayor Bauman said there had been several requests, not only because of the weather, but, mainly because of other hardships, asking for extension...that the Council is considering the matter, but that this is the best he can say at this time.

* * *

Item 8 on the Agenda: Communications from the City Council. Councilman Kleiner: Nothing at this time. Councilman Wurst: Nothing at this time. Councilman Walker: Nothing at this time. Councilman Davis: Nothing at this time. Mayor Bauman said he would like to advise that there will be a meeting Tuesday night - he said that Councilman Walker had suggested that the members of the Citizens' Committees on the Thoroughfare Program and the Public Safety Program, and remind them that they might come to the Tuesday night meeting...that it would of course, be a separate meeting, on a different subject than the first meeting; he asked if Mr. Davis could do that. Mr. Davis said he would. Mr. Davis asked if they wanted to have the meeting tomorrow...Mayor Bauman said that might be pretty quick...that on Thursday evening, there was a request made to the Englewood Home Owners Association (Mayor Bauman was referring to the Oak Park Home Owners Association) by the Council and they had advised they would meet with the Council to talk about the Flora Park and look into the possibility of developing that park land into a real park..... Thursday at 7:30 P.M.; that on Monday, the 30th, at 7:30, there is a meeting on a liquor violation. After further discussion, it was decided to set the meeting for July 1st at 8:00 P.M. Mayor Bauman said he had received two letters; one from Senator Hull, and one from Senator Burlison in reply to our copies of our recently adopted Resolution protesting the removal of limitations on tax exempt status of municipal bonds. He said the letters stated that "they were glad to hear from us and that they would keep us in mind" - that this, basically, was what they both said. He said one other letter he also had received from Western Judge Owsley who said in response to our letter of June 10th, 1969, the Clay County Court is now awaiting contracts from the Prosecuting Attorney's office, which should arrive in about 10 days, and should be able to begin the work about the last part of July, which was our request, to help us in the preparation of our tax statements.

Mayor Bauman said he had one other thing to talk about...that is the work that the City Manager and the Mayor had discussed about the possibility of the City helping people in our City in clearing away storm debris...Mr. Olson said this is being done and will continue to be done, as long as the branches and trees and tree limbs are handleable and at the curb side; that the City forces will help where they can; that they will try to pick up all on which the City receives calls; there can be no guarantee that they will all be picked up. Mr. Olson concurred, saying that if the branches or limbs are cut in such a way that they can be handled by hand, that is primarily the way the City crews will have to work.

Item 9 on the Agenda: Communications from the City Manager: Mr. Olson said that he had a couple of things that he would like to recommend be added to the Agenda: Bill No. 69-46, an acceptance of standard sewer easements, and an additional resolution, authorizing the Mayor to execute a Special Warranty Deed, and also, an Exhibit for Bill No. 69-45, indicating the lots in the Lateral Sewer District to be set up or established in Hamilton Heights. Mayor Bauman called a short recess, after which the meeting was reconvened with all members present, and business resumed.

Item 10 on the Agenda: First Reading of Bill No. 69-42, pursuant to Missouri Revised Statutes, fixing the Annual Rate of Levy for the 1969 Real Estate and Personal Property taxes. Mr. Davis called for the first reading of said Bill. Mr. Kleiner seconded.

The vote: All "AYE". The Clerk read the Bill.

Mr. Davis moved to accept the first reading of said Bill and to place same on second reading. Mr. Kleiner seconded. The vote: All "AYE". The Clerk read the Bill.

Mr. Davis moved for the acceptance of the second reading of Bill No. 69-42, the waiver of Section 20(d)(2) of Ord. No. 1.83, and to place same on third and final reading. Mr. Kleiner seconded. Mayor Bauman asked if there were any questions or comments from any of the Council. None were forthcoming. Mayor Bauman underlined that the tax levy for the City of Gladstone will remain at 90¢ on the \$100 valuation. Roll was called: All voted "AYE". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 69-42 and to enact same as Ordinance No. 1.686. Mr. Kleiner seconded. The vote: All AYE.

Item 11 on the Agenda: First Reading of Bill No. 69-43, repealing earlier ordinances and defining certain offices and positions in the City. Mr. Kleiner moved to place said Bill on first reading. Mr. Davis seconded. The roll was called. All voted "AYE". The Clerk read the Bill. Mr. Kleiner then moved to accept the first reading of said Bill and to place on second reading. Mr. Davis seconded. Roll was called: All "AYE". The Clerk read the Bill. Mr. Kleiner then moved to accept the second reading of Bill No. 69-43, to waive the appropriate section (Sec. 20) (D) (2) of Ordinance No. 1.83, and to place same on third and final reading. Mr. Davis seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Kleiner moved to accept the third and final reading of Bill No. 69-43 and enact same as Ord. No. 1.687. Mr. Davis seconded. The vote: All "AYE".

Item 12 on the Agenda: First Reading of Bill No. 69-44, authorizing acquisition of interests in real property for establishing sewer lines. Mr. Walker moved for the first reading of said Bill. Mr. Kleiner seconded. Mr. Bauman asked if there were any comments or questions by members of the Council or Administration. There were none. Roll was called. All "AYE". The Clerk read the Bill. Mr. Walker moved to accept the first reading of said Bill and to place same on second reading. Mr. Kleiner seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Walker moved to accept the second reading of said Bill and with the waiver of Section 20 (D) (2) of Ord. No. 1.83, to place same on third and final reading. Mr. Olson had recommended that this Bill be adopted at this meeting. Mr. Davis seconded the motion. The vote: All "AYE". The Clerk read the Bill. Mr. Walker moved to accept the third reading

of Bill No. 69-44 and to enact same as Ord. No. 1,688. Mr. Davis seconded. The vote: All "AYE".

* * *

Item 13 on the Agenda: First reading of Bill No. 69-45, establishing Lateral Sewer District No. 2 for Hamilton Heights Lateral Sewer Project. Mayor Bauman asked the City Manager if he had anything to advise on this matter. Mr. Olson said he could perhaps refresh the Council's memory- certain areas of Hamilton Heights, there are 5 lateral lines that necessarily have to be built, and this ordinance will establish a Lateral Sewer District, permitting the City to construct the lateral lines and assess the property owners - the benefited property owners - on the basis of the lateral sewer assessment that was assessed by the City, but, before the City can do that, it must necessarily have the ordinance..that the City is going on as fast as possible on these lines, and he recommended, if the Council wishes, that three readings be held this evening.

Mr. Kleiner moved to place Bill No. 69-45 before the Council for first reading. Mr. Walker seconded.

Mr. Kleiner asked if all those whose lots were listed on the Exhibit, attached, were aware that they would be assessed. The City Manager answered in the affirmative.

Mr. John Dods suggested a minor correction on page 1, Section 1, the last line, 3rd word be changed from "and" to "as". Change noted.

The vote: All "AYE". The Clerk read the Bill.

Mr. Kleiner moved to accept the first reading and place same on second reading. Mr. Davis seconded. The vote: All "AYE". The Clerk read the Bill.

Mr. Kleiner moved to accept the second reading of said Bill and with the waiver of Section 20(D)(2) of Ord. No. 1,83, such Bill be placed on third and final reading. Mr. Walker seconded. The vote: All "AYE". The Clerk read the Bill.

Mr. Kleiner moved to accept the third and final reading of said Bill and to enact it as Ord. No. 1,689. Mr. Walker seconded. The vote: All "AYE".

* * *

The matter of the reports from the Public Safety Building, Thoroughfare Plan and Finance Committees (Citizens') was brought up again. Mayor Bauman said that some of the members needed to ascertain when the meeting with the Council was to be set up. (See page 6, Item 8) Mr. Davis suggested that the meeting be set up for 1 week, and have copies of the reports from all three of the Committees available for discussion at that time. He said this would also give the Council time to get a notice out. Mayor Bauman said that with the help of the news media, this meeting should be held at that time, and Mr. Kleiner said he felt the entire City should be welcome for a general discussion. Mr. Wurst said that Mayor Bauman's direction had been for the Committees each to submit a report; that he had not mentioned a meeting in his directions to them. Again, the meeting is set for Tuesday, July 1st, at 8:00 P.M. Copies to be sent to all members of the Committees and extra ones available for the public.

* * *

Item 14 on the Agenda: Third Reading of Bill No. 69-36, approving the Final Plat of-

Council Meeting Minutes
June 23, 1969, continued

the Tenth Flat of Meadowbrook North. Mayor Bauman asked the City Manager if everything had been completed in preparation for this acceptance. Mr. Olson answered in the affirmative. Mr. Davis moved to accept the second reading of Bill No. 69-36 and to place same on third and final reading. Mr. Walker seconded. The vote: All "AYE". The Clerk read the Bill. Mr. Davis thereupon moved to accept the third and final reading of said Bill and to enact same as Ordinance No. 1,690. Mr. Walker seconded. The vote: All "AYE".

* * *

Item 15 on the Agenda: Second Reading of Bill No. 69-38, approving the Final Plat of the 6th Plat of Carriage Hills. Mr. Walker moved to accept the first reading of Bill No. 69-38 and to place same on second reading. Mr. Davis seconded. The vote: All "AYE". Prior to the second reading, Mr. Kleiner asked if the sidewalks had been taken care of. Mr. Olson advised that they were not "in" yet....Mr. Olson further advised that the developer had received a letter from the Counselor's office....Mr. Wurst asked if they had responded in writing. Mr. Olson said that he had not received a written response; that they are aware of the problem; that Mr. Dods office has been in touch with them; that the sidewalks will be put in when the strike is over. Mr. Kleiner said he agreed with Mr. Wurst that the City should receive written confirmation before the third reading is held and the Ordinance enacted. The roll was called on second reading. All "AYE". The Clerk read the Bill.

* * *

Item 16 on the Agenda: Second Reading of Bill No. 69-39, apportioning the main sewer assessment for Carriage Hills, Sixth Plat. Mr. Davis moved for acceptance of the first reading of Bill No. 69-39, and to place same on second reading. Mr. Walker seconded. The vote: All "AYE". The Clerk read the Bill.

* * *

Item 17 on the Agenda: Adoption of a Resolution to adopt the 1969-1970 Operating Budget for the City, and authorizing the expenditure of funds. Mr. Kleiner moved for the adoption of Resolution No. R-69-47, adopting the 1969-70 Operating Budget for the City of Gladstone, and authorizing the expenditure of funds as contained therein....Mr. Walker seconded. Mayor Bauman asked if there were any comments or questions by the Council members or the Administration. Mr. Wurst said he had two very brief comments....that his position or opinion on the 2nd recommendation on the Resolution was that he would have to vote no, on the Budget, not because of the budget, in itself, because he felt he must commend the City Manager and his staff on what he thinks is a good budget, but his vote is wholly based upon the Council's action in increasing their own salaries - and that his recommendation is that, pending the legislation in Jefferson City, in the latest reading passage appeared to be favorable, and that if the legislation concerning the sales tax does become law, this or the next Council should seriously consider adopting the $\frac{1}{2}$ of 1% sales tax for the City of Gladstone, coupled with a 25 to 50% reduction of real estate taxes, the basic philosophy being that you could call the real estate tax a stagnant tax or call it a sales tax, a tax that reacts to our inflationary times, and these are his feelings summed up..

Mayor Bauman said that he was, by no means, offering a rebuttal to Mr. Wurst; that he has comments to make along the same line, as his own personal views. (1) He feels that the expenses incurred personally - such as baby sitters, some new clothes (he recalled that once Mr. McClellan had asked why he didn't buy a new suit), and other extra items that come up, he hated to see someone else boxed in..that of course he was

only talking about from the minimum of \$1 to the maximum of \$100 per year, and he would rather do this because he plans on this being his last budget; that he would rather take it on his shoulders than to leave it for someone else to do; (2) on the other item, he concurs 100%; that it would be a far more equitable way of taxation in these times; that it has passed through the Senate, 108 to 18, or something like that, Bill No. 243, enabling cities to vote, themselves, to decide whether they will go on the sales tax basis; that he hoped the City of Gladstone would take that route and lower the property tax at the same time; that this was all he had to say on this matter.

Mr. Walker said, in regards to the Councilman's salary, it would be the prerogative of each Councilman to do with this money what he wishes; that he could make a donation back to the City for this amount, whether they all do, or whether any Councilman does, is a different question; that he does think that the salary ought to be \$100 and this is why he was in favor of this move. That it might help someone in the present or in the future, to defray some of his expenses; so he was totally in favor of it.

Mr. Davis said that 2 years back, the salary level was reduced from \$100 to the \$1 level in what he would consider an indication of tokenism; an attempt to maybe convince the people of Gladstone that we were trying to cut every dollar possible; that Gladstone now is a municipality of some 25,000 people, a first-class municipality in general services, he thought, and that he believed the City had come a long way in good services, good quality services; that the City has a low tax rate; and he thought the City was big enough to assume our responsibilities in paying for what we receive and this Budget reflects this; that an attempt has been made to provide reasonable salaries to all municipal employees; that the question of the token salary is a very minor one; that the Council could have very well decided if it needed \$100 or wanted some compensation to charge expenses off; that he had made a quick calculation and could easily justify a \$50 expenditure just in trips back and forth, with at least 10 trips per month here, but they chose to openly budget the open \$100 salary instead; that he did think that this salary level might mean that someday possibly a man would make a decision to run or not run for the City Council based on the fact that he can't afford to run, because the expenses are there, and he would never want this fact to exclude anybody from a Council seat.

Mr. Kleiner said he felt he should say something; that he was for the \$100 per year, which will defray the expenses ... that, actually, the work might be worth less or might be worth more, but that was the maximum they would get...

Mayor Bauman asked for the roll to be called. The vote: Mr. Kleiner, Mr. Walker, Mr. Davis and Mayor Bauman, AYE. Mr. Wurst, NAY. Motion carried.

* * *

Item 18 on the Agenda: Resolution authorizing the City Manager to grant an extension of time to Layne-Western Company, Inc. on contract 13, Well No. 111; Mayor Bauman asked the City Manager if he had anything he would like to say on this matter at this time. Mr. Olson said the sole reason for this extension of time is that because of the construction strike, the City is unable to obtain the kind of concrete that is necessary for this valve vault; that the well is completed up to that stage, and that the 30-day extension is recommended because they couldn't use other than superior concrete in that valve vault. Mr. Kleiner reiterated that this was the City Administration's thinking at this time; that the job could be done with inferior concrete, but that the City Administration recommended that we hold off. Mr. Olson said "Yes, indeed; It is not crucial at this time, but would be far better to wait."

*2nd

Mr. Kleiner moved for the adoption of Resolution No. R-69-48, authorizing the City Manager of the City of Gladstone, Missouri, to grant a *extension of time to Layne-Western Company, Inc., on the completion date of Water Contract No. 13, for Water Supply Well No. 3, in accordance with provision FC-34 of said Contract, for a period of 30 days from June 26, 1969, for the reason that concrete is not yet available because of the construction strike, for the construction of the concrete valve vault and, be it further resolved that nothing herein shall entitle the Layne-Western Company, Inc., to any bonus feature because of early completion of said Contract.

Mr. Davis seconded.

Mayor Bauman asked if there were any comments or questions in this regard. There were none.

The roll was called: All "AYE"..

* * *

The next item on the Agenda was a Resolution authorizing the firm of Larkin & Associates to perform certain rock boring service in connection with Hamilton Heights Lateral Sewer project. Mr. Davis moved for the adoption of Resolution No. R-69-49, authorizing the City Manager to secure the services of Larkin & Associates to make necessary borings in connection with proposed lateral sewer lines in Hamilton Heights; such services to be performed at the rates specified in the Contract for Engineering Services between Larkin & Associates and the City of Gladstone, Missouri, dated June 17, 1963, and not to exceed a fee of \$500.

Mr. Walker seconded.

Mayor Bauman asked if there were any questions or comments from any of the Council members.

Mr. Kleiner asked the City Manager if this is for the surveying or whatever engineering of the proposed lines of past ordinances we discussed.

Mr. Wurst asked: "For the surveying?" "No, just for the engineering, not the surveying!"

Mr. Bauman asked if there were any other questions by any members of the Council.

Mayor Bauman asked the City Manager if he had asked Larkin & Associates if they would do this without charging \$500?

Mr. Olson answered: "Yes, indeed. They answered in the negative."

Mayor Bauman said he was not so sure they shouldn't even be asked again.

Mr. Olson: "Well, I am not necessarily stating that they indicated it would be exactly \$500, but I did ask for an estimate, and it is essential that the borings be made to enable us to get a firm bid on the contract; without it they would have to plug in a rock figure for us and I feel it is essential that we have an indication of the rock in that area to permit us to plan as far as work - to go for in the contract. It normally precedes most of these sewer contracts; I am sure you are aware of that."

Mayor Bauman asked for the vote: All "AYE"

* * *

Council Meeting Minutes
June 23, 1969, continued

Item 20 on the Agenda: A Resolution authorizing the City Manager to accept certain work performed by A. C. Kirkwood and Associates. Mayor Bauman asked the City Manager if he had any comments he would like to make. Mr. Olson said he did not; that the Council had been briefed by Kirkwood and Associates on the final phase of the Street Study; that the City has received the maps and the reports from them; that they have completed in accordance with the contract; that Kirkwood is briefing the Planning Commission; that they did following the last Planning Commission meeting; they plan to brief the Planning Commission again and, of course, if the Council would like to call them in again for another briefing session, there would be no problem there...

Mr. Davis said that after the next Planning Commission meeting, they would go over all the maps and the Plan, and the members will receive copies of the report;

Mr. Kleiner asked if the copies of the work is all included in this fee? Mr. Olson answered in the affirmative. There were no other questions at this time. Mayor Bauman moved for the adoption of Resolution No. R-69-50, authorizing the City Manager to accept the services performed by A. C. Kirkwood and Associates, as Phase II, of the Master Plan for Residential Streets, in the amount of \$5,100, and that he is further authorized to accept the supplementary services performed pertaining to Section Plats per the Agreement dated December 7, 1967, in the amount of \$896.50.

Mr. Walker seconded. Mayor Bauman called for the vote: Mr. Kleiner, aye, Mr. Wurst, PASS, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

Mr. Davis said he felt this was a valuable tool; that he found it a significant aid on his last few weeks on the Planning Commission. He said he was impressed with the ingenuity of the previous Council which initiated the project to the Administration and he believes it will continue to be most useful.

Item 21 on the Agenda: A Resolution authorizing the City Manager to accept certain streets for maintenance. Mr. Walker moved for the adoption of Resolution No. R-69-51 authorizing the City Manager to accept 793 feet of Asphaltic Concrete on Bircahn Drive, from the south line of 61st Street, south and west, to the north line of 59th Street Place, in BIRCAHN III, from Midwest Pre Cote Company. Mr. Davis seconded. Mr. Wurst asked what the status is of our query about sidewalks in R-3 and vertical curbs. Mr. Bauman answered that Mr. Dods is working on this. Mr. Wurst said it had been a while. He asked if that was going to be thrown in to the catch-all when the Subdivision Ordinance is updated. Mr. Wurst said, of course, the R-3 sidewalks aren't covered anywhere. Mr. Dods said the curb specs would be changed and the street specs will be changed. Mr. Olson said the City will be wanting to hold some meetings with City Engineer on the proposal for the new Subdivision regulations. Mr. Dods said it "wasn't too far down" that they were just waiting on some technical matters. The roll was called. All voted "AYE".

Item 22 on the Agenda: A Resolution authorizing the City Manager to execute Water Main Contract No. 102 for work performed by Hevalow-Shanks Construction Company, Inc., for William C. Davidson (WILLIAMSBURG). Mr. Davis moved for the adoption of R-69-52, to authorize the City Manager to execute Water Main Contract No. 102 for the construction of approximately 1300 feet of 8" CIP from Old Pike Road, along 54th Street North, to the east end of 54th Street North, and approximately 350 feet of 8" C.I.P.

Mr. Kleiner seconded. Mayor Bauman asked the City Manager if everything is in order on this contract. Mr. Olson answered in the affirmative. The roll was called. All voted "AYE".

Item 23: (Other)

* * *

OTHER BUSINESS:

Bill No. 69-46. An ordinance to accept standard sewer easements on certain land for public use as part of Gladstone's sewer system. Exhibit A, attached, bears the name of "Shanahan".

Mr. Kleiner moved to place said Bill on first reading. Mr. Davis seconded. Mayor Bauman asked if there were any comments or questions. The roll was called: All voted "AYE". The Clerk read the Bill.

Mayor Bauman asked the City Manager if, just recently, the name on the Exhibit "Shanahan", hadn't been on an Exhibit to an ordinance allowing condemnation. Mr. Olson answered in the affirmative, but said that we (the City) had received the easement from the Shanahans in the meantime. Mr. Olson further advised that there had been two other names: I. e. Mr. Pupkes and Mr. Stahl; that if we received an easement from Pupkes, and could go around Stahl, we might not have to condemn Stahl, of course, but Mr. Shanahan had indicated a number of times that we would not get an easement from him, but, after all, he did sign.

Mr. Kleiner moved to accept the first reading of Bill No. 69-46 and place same on second reading. Mr. Davis seconded the motion. Roll was called: All voted "AYE". The Clerk read the Bill.

Mr. Kleiner moved to accept the second reading of Bill No. 69-46 and to waive Section 20 (D)(2) of Ord. No. 1.83, and to place same on third and final reading. Mr. Davis seconded the motion. The vote: All "AYE". The Clerk read the Bill.

Mr. Kleiner moved to accept the third and final reading of Bill No. 69-46 and to enact same as Ordinance No. 1.691. Mr. Davis seconded the motion. The vote: All "AYE".

* * *

OTHER BUSINESS, continued

Mr. Kleiner moved for the adoption of Resolution No. R-69-53, authorizing the Mayor of the City of Gladstone, Missouri, to execute a Special Warranty Deed and whatever other documents that be reasonably necessary to effectuate the purposes as set out in Resolution No. R-69-(1)17. (Please note that the Resolution was actually number R-69-17, instead of R-69-117, as stated).

Mr. Davis seconded the motion. There were no questions or comments by the Council. Roll was called. All "AYE".

Mayor Bauman asked if there was any other business to come before the Council at this time. Mr. Olson said he had two roof proposals he would like to ask the Council to consider at tomorrow night's study session; that other than that, he has nothing further.

Discussion ensued about Park Board members. Mayor Bauman asked how many vacancies there were. Mr. Kleiner said that Mrs. Wagner was the only woman on the Board just now. Mayor Bauman said there should be a total of 7 people. Mr. Kleiner said that

June 23, 1969, continued

Joan Wagner, Mel Mundorff and Larry McWilliams are presently the only members. There are four places open. The next park board meeting is the third Wednesday of the month. Mayor Bauman said to plan on making the appointments at the next Council meeting. Mr. Davis asked "why not now?" He said the Council has been sitting on this for the last two and one half months. This was agreeable.

Mr. Kleiner moved to appoint Joan Dixon to the Park Board. Mr. Davis seconded the motion. (Mr. Davis asked why not make the motion to include all four new appointees). This was agreeable with the motion maker and Mr. Davis, as the "second" of the motion. Mr. Davis requested that Mr. Kleiner add the name of Howard Adams to his motion; Mr. Walker requested that Mr. Kleiner add the name of Jerry Adkisson to his motion; Mr. Kleiner said he would like to see the name of one other female added to the park board membership. Mr. Davis suggested that Mrs. Shirley Dowd be added to Mr. Kleiner's motion. Mr. Davis re-seconded the amended motion. The roll was called. Mr. Kleiner, aye, Mr. Wurst, NO, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

There being no further business to come before the Council at this time, there was a motion duly made and seconded to adjourn.

Time: 10:50 P.M.

Respectfully submitted,

City Clerk

June 2, 1969

Mayor E.J. Bauman
And City Councilmen
City of Gladstone
Gladstone, Missouri

Gentlemen:

I wish to re-emphasize that I am highly in favor of expanding property located in Block 35 Oakley Court, south of Union City of Gladstone, Missouri to C-3 (Commercial District).

It is my firm belief that to speed our development and business growth in Gladstone is to help stabilize our City tax base. Industries in the City pay our City taxes. Therefore, to the Community skilled workers and constant employment. There are valuable people who can find important work to do in industry or policy making roles in various phases of state, national or school life.

Gladstone has much to offer to the businessmen looking for a new location. Our City has utilities, our own sewer, sewer system and a good labor market in our area. We need more industries to help grow our City far and wide.

In conclusion I want to point out that a vote for more industry in our city is a vote for our future. It is my firm belief that with the overall plans for future development in the entire West and Plains and all Gladstone property values will actually increase in lands and pounds. For these reasons I recommend that you could not do harm in this proposal.

Respectfully,

Jerry D. Woodcox
Jerry D. Woodcox

SPECIAL COUNCIL HEARING
GLADSTONE, MISSOURI
30 JUNE 69

VIRGINIA'S TAVERN
7303 North Oak

A special hearing was called to Order by Mayor Ed Bauman, Monday, June 30, 1969, at 7:30 P.M. This hearing was a continuance of an earlier Hearing, held May 13, 1969.

Present were: Councilman Frank Kleiner, Councilman H. R. Wurst, Councilman Kenneth Walker, Councilman Richard Davis, Mayor Bauman, City Manager, David Olson, City Attorney, Robert Duncan, and the City Clerk, in addition to the Defendant, Mrs. Virginia McNamara, her attorney, and others.

The hearing was in regard to an alleged violation of City Ordinance No. 1.529. Mr. Duncan advised that an extension of time had been granted to Mrs. McNamara at the earlier hearing, setting the date of the present hearing.

Mr. Duncan spoke briefly, reviewing the case against the defendant, indicating that it would be up to the Council to decide whether the license issued to Virginia McNamara, d/b/a Virginia's Tavern, 7303 North Oak Street, Gladstone, would be suspended or revoked, because of the incident which occurred on February 15, 1969. Mr. Duncan said that officers had been called to the location on that date and had contacted a K. L. Hunter, relative to an assault at that location; that there were three who were involved in some gambling at that location, being one David Naylor, _____ Whitton and David McNamara. That, as a result, charges were filed and all three were found guilty of all charges. That at the time of the earlier hearing, the City had dismissed the gambling charges and reduced the charges to "disturbing the peace".....that it was the City's contention that there was gambling occurring on said premises, and that the licensee was in violation of Section 10 of Ordinance No. 1.529, which prohibits gambling upon premises which are licensed serving intoxicating malt liquor...that it is the City's position that the license should be either suspended or revoked; that the license, does in fact, expire at midnight, tonight, June 30, 1969.

Mr. Duncan said there was quite an extensive file on this situation and asked that the file be submitted to the City Council as evidence.

Mrs. Virginia McNamara was present, as was her attorney, Mr. Albert E. Hylton, Bryant Building, Kansas City, Missouri. Mr. Hylton said there were several witnesses present for Mrs. McNamara, who would bear witness to her character and to her standing in this community. Mr. Hylton advised her to speak openly, candidly,

Mrs. McNamara took a chair before the Council. She stated her name and her place of business address. She said she formerly lived at 2125 Gaddy Road, Kansas City Missouri, and had lived in this area for approximately 20 years. She said she was a widow; that her husband was deceased; that she put in from 12 to 14 hours per day at her present location.

Mr. Hylton resumed his questioning of Mrs. McNamara. He asked: "Who do you rely on when you are not there?"

Answer: Mr. Herb Dooly and my son.

Question: At the time and place mentioned, who was on duty?

Answer: My son.

Question: There was nothing of your own personal knowledge in the way of gambling?

Answer: No. I was not there.

Question: Has there been gambling and such activity at your place of business before?

Answer: Nothing of my own personal knowledge.

Question: Anything of a criminal nature.

Answer: No.

Question: You have grown children?

Answer: Yes I have four grown children.

Question: Are they of good reputation?

Answer: Of course, as far as I know.

Question: Do you have any intention to sell or dispose of this business?

Answer: I would like to, but I would like to be given a chance rather than lose everything I have invested here, plus buying the business in the first place.

Question: To the best of your ability you have tried to run a good place, and have managed it as well as you could?

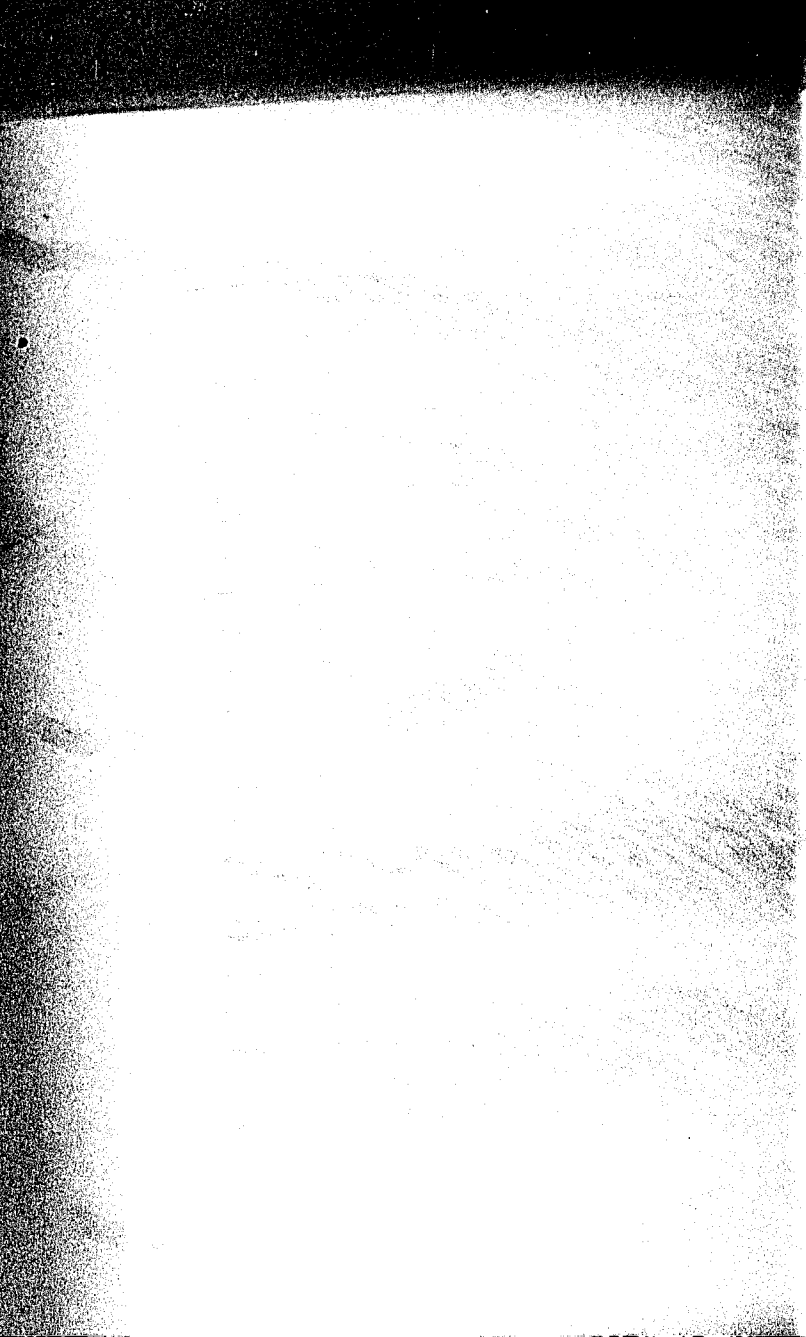

Answer: Yes.

Question: Could you have prevented these instances?

Answer: There were two sets of dice; the men were strangers, I didn't know them.

Question: Were they requested to stop gambling?

Answer: I don't know. I think so.

Question: Were you there on February 15, 1969, at 12:35?

Answer: No.

Question: Are you related to Mrs. McNamara?

Answer: No.

Question: Have you ever worked for Mrs. McNamara?

Answer: No.

Question: You have known Mrs. McNamara for about four years?

Answer: Yes, that's right.

* * *

Mrs. Lois Hendren, 7031 North Park (?) Kansas City, Missouri, took the chair vacated by Mr. Hendren.

Question: Please state your name.

Answer: Lois Hendren, 7031 North Park (?), Kansas City, Missouri.

Question: Do you accompany your husband when he frequents Virginia's Tavern?

Answer: Yes, most of the time.

Question: Were you there on the evening in question?

Answer: No.

Question: Have you had a chance to become acquainted or to become friends with Mrs. McNamara?

Answer: Yes. I think she is a very lovely lady, very respectable. She is always on her good conduct whenever I have went (sic) in there.

* * *

Mr. Duncan said there was no more testimony at this time. He said he would move for the introduction of the City Manager's file on Mrs. Virginia McNamara, d/b/a Virginia's Tavern, so that it could be studied and the matters in it be considered in this matter.

Mr. Hylton addressed the Council. He said Mrs. McNamara is a widow, up in years, conducting a business as best she can; that she is in a place in life where she possibly cannot cope with this kind of business, and perhaps she should transfer over to something else, get something else to manage. She says she is well motivated, and is trying to get out of this business, but would like to have time to find a buyer and do as well as she can.

At this time, Mayor Bauman called a recess, and the Council departed from the Chambers to consider the evidence. Time: 8:00 P.M.

The Mayor and City Council members reconvened their hearing. Mayor Bauman addressed

Mr. Hylton advised his client to continue to answer openly and candidly.

Mr. Duncan addressed Mrs. McNamara:

Question: You do not know whether there was gambling or not?

Answer: I do not know anything about any gambling. These men were strangers. There were two sets of dice.

Question: Do you know if there was a card game?

Answer: There were - they had two pair of dice.

Question: You were not there?

Answer: I talked to my son, David, and he said he - that they had tried to start every kind of game; of dice game. They had two sets of dice.

Question: Were these dice rolled there?

Answer: No.

Question: Were the police called?

Answer: Terry Russell and his wife were there and there were these two men, and David Naylor told them not to use that kind of language in front of that man's wife. They were using bad language and he tried to stop them. I was glad he did.

Question: Does David Naylor have a liquor permit?

Answer: No.

Question: Do you know this from personal standpoint?

Answer: No, only what my son said.

Mrs. McNamara resumed her position in the Council Chambers and a second person took the chair which she had vacated.

Mr. Duncan: Please state your name.

Answer: Vencil Hendren, 7031 North Park (?), Kansas City, Missouri

Question: Are you acquainted with Mrs. McNamara?

Answer: Yes.

Question: For how long?

Answer: About 4 years

Question: Have you frequented her place of business on many occasions?

Answer: Yes; I go in there sometimes, after work, and all. I have never saw (sic) any gambling going on in that place. I do not gamble but I would sure recognize it if I seen (sic) it. I have never seen anything out of order going on there.

the assemblage as follows:

On this 30th day of June, 1969, at a special meeting of the Council of the City of Gladstone, Missouri, all members being present, it is moved that the license issued to Virginia McNamara, doing business as Virginia's Tavern, be revoked under Ordinance No. 1.529, effective at 11:00 P.M., June 30, 1969; evidence having been heard for reasons of gambling being permitted upon said licensed premises and for failing at all times to have kept said premises as an orderly place while said premises were under the control and possession of the licensee and/or an employee thereof; notice of said hearing having been duly given in writing and more than ten days previous to said hearing, and said licensee having been afforded an opportunity for counsel and the production of witnesses in her behalf, It is therefore ordered and ordained that License Number 200A, issued under No. 1.529, to Virginia McNamara, d/b/a Virginia's Tavern, be revoked effective 11:00 P.M., June 30, 1969, and the City Manager or his agent is ordered to cancel said license and recover the same from the said licensee. Mr. Kleiner seconded the motion.

Roll was called. The vote: Mr. Kleiner, aye, Mr. Wurst, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye. Motion carried unanimously.

Mr. Hylton asked if there were a stated number of days in which to file an Appeal.

Mr. Duncan showed Mr. Hylton a copy of Ord. No. 1.529.

As there was nothing further to come before the Council at this time, the hearing was, upon motion duly made and seconded, adjourned. Time: 8:50 P.M.

Respectfully submitted,

City Clerk

From the Minutes of the regular Council Meeting of Monday, July 14, 1969:

Item 21 on the Agenda: Approval of certain liquor applications:

In answer to a question posed by Mr. Kleiner, the City Manager stated that all liquor applications have been checked out and recommended for issuance by the Public Safety Department.

Mr. Davis moved to grant liquor licenses to the following:

1. The Basement, 7209 N. Broadway, Class "E"
2. Lou's and Tiny's, 7107 N. Locust, Class "E"
3. Southland Corporation, (7-11 Store @ 6720 N. Oak Street), Class "B"
4. Southland Corporation, (7-11 Store @ 6313 N. Prospect), Class "B"
5. Bob's Meadowbrook U. S. Super, Class "B"
6. Ball's White Front Market, 7503 North Oak Street, Class "D"
7. Frenchie's Tavern & Cafe, 7204 North Oak Street, Class "E"
8. Gladstone Party Center, 7102 N. Oak Street, Class "B"
9. Henry's Restaurant, 6212 North Oak Street, Class "E"
10. The Kroger Company, 6599 North Oak Street, Class "B"
11. Averett & Robertson, Inc. (Pizza Inn, 6813 N. Oak Street,) Class "E"
12. Quik-Trip Corporation, 7603 North Oak Street, Class "B"
13. Zarda Bros. Dairy, Inc., 6408 North Oak Street, Class "D"
14. Shady Lane Restaurant, 6416 North Oak Street, Class "E"
15. 300 Bowl, 300 W. 72nd Street, N., Class "E"

Mr. Walker seconded the motion.

The vote: Mr. Kleiner, AYE, Mr. Walker, AYE, Mr. Davis, AYE. (3-0)
Motion carried.

It was here noted that there were still several applications to be processed which would be brought up at the next Council meeting.

Betty Johnson, City Clerk
City of Gladstone, Missouri

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

July 14, 1969

The regular meeting of the Gladstone City Council was called to order by Mayor Pro Tem, Frank Kleiner, in the absence of Mayor Bauman. Roll was called. Those present, in addition to Mr. Kleiner, were Councilman Kenneth E. Walker and Councilman Richard F. Davis. Mr. Wurst was also absent.

The Invocation was given by Reverend Elwyn Hays, Pastor of the Englewood Baptist Church.

Mr. Davis moved for the acceptance of the Minutes of the regular meeting of June 23, 1969, and of the Minutes of the Special Hearing of June 30th, 1969, as submitted. Mr. Walker seconded. The vote: Mr. Kleiner, Mr. Walker, Mr. Davis, AYE.

Mr. Kleiner advised that Items 11 and 12, scheduled as first readings of Bills No.'s 69-48, approving a zoning change on property located at approximately 607 NE 69th Street, and approving a zoning change on property located at approximately 1900 E. 72nd Street North, respectively, would be deferred until there was a full Council present.

* * *

Item 4 on the Agenda: Public Hearing on a request to rezone from C-1 to CP-3 property described as being located at approximately 7410-12 North Oak Street Trafficway. Mayor Pro Tem Kleiner opened the Public Hearing, asking if there were anyone in the audience to speak in favor of such rezoning.

Mr. Jack E. Boyce, 3405 E. 72nd Street, N., spoke for O. J. & R. Company, who were the owners of the property in question. He said they were requesting rezoning of this piece of ground for a drive-in type restaurant. He said Mr. Ray Stibeck, the Real Estate Representative from McDonald's, was present in the audience at this time, and would answer any questions. He said Mr. Stibeck had the preliminary plot plan for the Council to study, and would be glad to listen to any recommendations the Council wanted the company to "perform"...kind of specifications, type of building facade, etc.

Mr. Kleiner said this was just the first public hearing (sic); that the Council would not take any action on this for two weeks; that the Council has not as yet see any of these plans.

Mr. Stibeck addressed the Council. He said that this was to be a D-5 type of building they plan to erect; that in the architect's rendering, the arches have been eliminated; that they have tried to add dignity to the name of McDonald, with a new style of building;

Mr. Davis asked if this was just north of the Clark Station...just south of the Church.

Mr. Boyce said that was correct; that that particular church was for sale by that congregation.

Mr. Davis ^{asked if (announced July 23, 1969)} said it was to be hoped that this building would continue to be used as a church.

Mr. Boyce said the Church had offered no objection, whatsoever.

Mr. Kleiner asked if there were any objections to this rezoning request.

Mr. Darryl Ggle, 300 NE 74th Terrace, said he had no quarrel with the McDonald Company; that he realized the C-1 to CP-3 would allow the Council to control a little more; that he would only say that there was a good deal of traffic problem in this area, but with the co-operation received from the police last week, some of these problems may be eased somewhat; that it would be his wish that the City would have some sort of agreement with McDonald, if the zoning is granted, that traffic breakers would be placed, or something which would help control traffic in this area; that he was worried about loopholes being left where the owner wouldn't keep his word to the citizens; he cited his own experience with the sewer work performed for the City by Brosnahan where he had to spend approximately \$3,500 of his own money to fix up what Brosnahan did to his property; that he wanted to be protected from loopholes. He said there was a natural storm drainage back of the property, where five people own property on the other side of the drainage ditch, and they didn't want anything to wreck their property. He asked about the proposed road; He said their question was how would they get back to their property (with his own exception as he had taken care of his own means of getting to the back of his property) if the access road was built. He asked when there would be action taken on 76th Street so they can utilize the back part of their property.

Mr. Kleiner suggested that he check with the City Manager on this matter.

Mr. Don Grubbs, 107 E. 74th Terrace, spoke in opposition because of the amount of traffic down that side street. He said that with the corrective measures they had accomplished with the Public Safety Department, he was somewhat encouraged, but that his interest as a property owner makes him want to check into other things, as well. (1) What about trash disposal...that there is already an eyesore to a minor extent; with the wrappers that will be thrown around, the drink cups, the paper napkins and the usual general untidiness that accompanies a drive-in restaurant, he didn't see how the sanitary and health conditions of that particular neighborhood could be helped; that there would be additional insects, flies and perhaps rats; that this would not be to the best public interests; that when 4/5 other similar types of places are already along a street, which is a main street, (Jim McGee's; the eating bar of the White Front, etc.), he wondered why overload a neighborhood with this type of traffic. He said further, it was already a hazard to try to get onto North Oak, and with two more drives giving access to North Oak, it would be almost impossible for them to feed onto North Oak. That, without proper control to keep this traffic at a moderate pace, it would become a really cumbersome situation, which is already a pretty bad state.

Mr. Ronald Boney, 104 E. 74th Terrace North, advised that he was opposed to McDonald's going in there; that there were also two vacant lots across North Oak and there will eventually be more business going in there, which would add to an already bad traffic congestion; he asked if there would be a drive on 74th Terrace.

The answer was given that there was supposed to be only a driveway come out on 74th Terrace.

It was suggested that a sit-down restaurant not a drive-in, would be a better plan. It was explained that people attending a sit-down meal usually stayed a while rather than going in and going right out again, which would decrease the congestion.

It was noted that at the Gladstone Planning Commission meeting, the question had been asked "What else could you possibly put in there?"...it was, however, the feeling of the audience that there could be other uses made of the property. Mr. Boney said he knew it was zoned for business when he bought his property some eleven years ago, but he believed he would like to see something else rather than a drive-in restaurant.

Mr. Ogle asked if something could be done about a traffic light at that intersection. He said, especially attempting to turn north, was next to impossible; that the City should remember that 74th is the only through street from Broadway onto North Oak, in that part of the City and be governed accordingly.

Mr. Boney remarked that with reference to the comment made by Mr. Boyce earlier, in that the "Church has no objection whatsoever"...it was clear that no one who is leaving the City cares one way or the other what's going on in that neighborhood.

"Add Miller"
Mr. W. W. Stuart, 1006 E. 60th Terrace, addressed the Council, advising that he was interested in the amount of \$33,000 which was anticipated for the widening of some of the streets in Gladstone; that he believed that widening North Oak would create more hazards than we already have; also, he wanted to protest the planned expense of the second Administration Building that is coming...that it will cost more than the City Hall we presently have, that several years ago there was a general clamp-down on expenditures; that he does not think the citizens of Gladstone should be burdened with bonds at this time; that he is interested in seeing the completion of some of the water/sewer and other problems, in which he took part some years ago, finished and completed. He questioned the hiring of a City Engineer for \$12,000 to oversee eight employees and several parks.

Mr. Davis asked Mr. Stuart if he wanted answers to his questions. Mr. Stuart asked if the new bonding program would increase taxes? Mr. Davis said it would if the people voted on the matter. Mr. Stuart asked if the people of Gladstone would be told exactly how much? The answer was in the affirmative. Mr. Stuart asked if the City Council intended to tell the people of Gladstone what it plans to do about all the unfinished projects they have already.

Mr. Joe Evans, 2160 E. 72nd Street, protested the rezoning.

Mr. Kleiner closed the public hearing.

At this time, Mr. Ed Kerr, former president of the Gladstone Junior Chamber of Commerce, accompanied by Mr. Charles Logan, member of the Jaycees, presented a Certificate of Recognition from the Jaycees to the City of Gladstone, in appreciation of the City's cooperation during the past year. Mr. Kleiner accepted the Certificate and thanked the gentlemen, indicating that it was certainly mutual cooperation.

Item 6 on the Agenda: Communications from the City Council. Mr. Kleiner said he wanted to call the City Manager's attention to the weeds on and around the grounds of the City Hall, and in other parts of the City. Mr. Walker had nothing to discuss at this time. Mr. Davis said he was happy to see the Resolution which would be adopted in connection with the Official Street Plan Map and Study, completed by A. C. Kirkwood and Associates.

Item 7 on the Agenda: Communications from the City Manager: Mr. Olson advised that there were two additional items on the schedule this evening; (1) the Resolution authorizing acceptance of the Master Street Plan Map and Study and (2) a Resolution authorizing the City Collector to publish the tax delinquent list.

Item 8 on the Agenda: Scheduled as the 3rd reading of Bill No. 69-38 approving the Final Plat of the 6th Plat of Carriage Hills. The City Manager advised that no letter has been received, as of this date, concerning the sidewalk construction, in Carriage Hills, 5th Plat, as well as the 6th Plat. Mr. Do's, Acting City Counselor, advised that he had been told by Mr. J. A. Peterson that the letter would be forthcoming.

Item 9 on the Agenda: Scheduled as the 3rd reading of Bill No. 69-39, apportioning the main sewer assessment for Sixth Plat of Carriage Hills.

Based on the above conversation, Mr. Walker moved to defer both Items 8 and 9 until the much discussed letters have been received by the City Administration. Mr. Davis seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Davis moved to place Bill No. 69-50, amending an earlier ordinance and authorizing consideration of the granting of extension of time for connection to the Gladstone Sewer System under certain conditions, on first reading. Mr. Kleiner seconded. Mr. Gene Landes, 6814 North Campbell, addressed the Council saying that it was his first time to attend a Council meeting, and that he had not been aware of the portion on the Agenda which allowed him time to address the Council. He said he would like to have a definition of "hardship case" in the above connection; that he knew there were a lot of people who needed to know.

Mr. Kleiner said that the Council does not actually know that there will be any people who feel they cannot make their connections at this time because of hardship; he asked the City Manager if he had knowledge of any hardships at this time. Mr. Olson answered in the affirmative.

Mr. Kleiner said all the Council can do is to see what the problems are and then to decide what are the legitimate hardships, such as sickness, strikes, etc. If those people claiming actual hardships could prove their points, then they would be given an extension of the time in which to make sewer connections. The City Manager said there would be a letter sent out to the public after one reading of the proposed ordinance; after answers to said letter had been received, there would be a better idea of how many home owners had not hooked on to the sewers; those who had problems, etc. He said that the public hearing on hardships and extensions would probably be held some ten days thereafter.

Mr. Landes said he had another point to bring up; that 68th Terrace and North Campbell was becoming a veritable "race track", and that there was a possibility of children being hurt; that he would like to know who he had to see to have stop signs put up in the vicinity, and then he wanted to know when the City plans to have some of these streets paved.

Mr. Kleiner said that the City Administration would be happy to answer Mr. Landes; that he knew this was a bad street.

The vote was taken. All "aye". The Clerk read the Bill.

Item 10 on the Agenda: Mr. Walker moved to place Bill No. 69-47, establishing the Water Rules and Regulations on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 14 on the Agenda: Mr. Walker moved to place Bill No. 69-51, releasing a temporary construction easement over certain land for public use as part of the Gladstone Sewer System, on first reading. (Said Easement executed by Mr. R. W. Atterbury, over the W 40' of L 15, except the W 198' thereof, except the E 65' and except the S 150' thereof, in Thomas Heights). Mr. Davis seconded. It was suggested that, in the absence of Mayor Bauman, and as Mayor Pro Tem Kleiner was acting, the word "Pro Tem" should be added to the Bill throughout. The vote was taken: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 69-51 and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 69-51, to waive Section 20 (b)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Bill was read. Mr. Walker moved to accept the third reading of said Bill and to enact it as Ordinance No. 1.692. Mr. Davis seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Davis moved to place Bill No. 69-52, defining certain civil offenses and regulating certain matters in connection therewith, on first reading. Mr. Kleiner seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 16 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-55, authorizing the City Manager of the City of Gladstone, Missouri, to accept the bid of Jayhawk Ford, Inc., in the amount of \$2,173.74, for the purchase of a vehicle for the City Engineer. Mr. Walker seconded. It was noted that there had been a total of four bids received, that of all of the bids received could furnish a vehicle to meet the City specifications, and that the bid from Jayhawk Ford, Inc. was the closest to the specifications and was able to furnish a 1969 vehicle. After some discussion, the vote was taken: All "aye".

* * *

Item 17 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-56, authorizing the City Manager to sell one 1942 GMC 2½ ton truck and one 1954 5 ton Mack truck with winch to the highest and best bidder. Mr. Davis seconded. The vote: All "aye".

* * *

Item 18 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-57, authorizing the City Manager of the City of Gladstone to accept the work performed by Worrell Painting Company and authorizing payment for same, which included work on the inside and outside of the City Hall and the exterior of the Street Barn. Mr. Walker seconded. The vote: All "aye".

Item 19 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-58, accepting the bid from Worrell Painting Company to perform necessary repairs to the roof of the Gladstone City Hall, in the amount of \$2,326.00. Mr. Walker seconded. Mr. Davis advised that he felt it should be mentioned that invitations to bid were sent out on this work; that there was a second bidder whose price was much larger: (Western Roofing Company, in the quoted amount of \$9,188.00). The vote: All "aye".

* * *

Item 20 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-59, authorizing the City Manager to execute Water Main Contract No. 103, for water main construction in Park Royal, by InterContinental Investments, Inc. Mr. Davis seconded. The vote: All "aye".

* * *

Item 21 on the Agenda: Consideration of certain liquor applications: After some discussion, Mr. Davis moved for the approval of the following liquor applications: A & P Store, Class B; Lou's & Taylor's, Class E; Zarda Brothers, Class F; Gladstone Party Center, Class B; Pizza Inn at 68th and North Oak, Class E; Jim Henry's Restaurant, Class E; Quik-Trip Corporation, Class B; Shady Lane Restaurant, Class E; The Basement, Class E; Ball's Super Market, Class D; Gladstone Bowl, Class E; Seven-11 Stores (a) 6720 North Oak and (b) 6313 North Prospect, Class B; Meadowbrook Super Mkt., Class B; the Kroger Company, Class B; Frenchie's Tavern, Class E; Williams U.S. Super Mkt., Class B. Mr. Walker seconded. The vote: All "aye".

Item 22 on the Agenda: Consideration of certain Building Plans. Plans for the new Seven-Eleven Store to be built at 72nd and N. Broadway by the Southland Corporation, were submitted for consideration by the Council. After consideration, Mr. Walker moved for their acceptance. Mr. Kleiner seconded. The vote: All "aye".

* * *

Item 23 on the Agenda: Acceptance of various: Mr. Davis moved to accept the Combined Waterworks and Sewerage System Financial Report for 11 months ending May 31, 1969; the Water & Sewer Department's Cash Disbursements Reports for the month of June, 1969; the General Fund Disbursements Report for the month of June, 1969, as submitted. Mr. Walker seconded. The vote: All "aye".

* * *

Item 24 on the Agenda: "OTHER"... (a) Motion to purchase GO Bonds.

Mr. Walker moved as follows: "I move that we ratify and confirm the verbal direction given to the City Manager and the City Treasurer to purchase \$50,000.00 of the City of Gladstone's Combined Waterworks & Sewerage System General Obligation Bonds due 1985, for the sum of \$40,000.00 plus interest accrued of \$700.00." Mr. Davis seconded the above motion. The vote: All "aye".

(b) Mr. Davis moved for the adoption of Resolution No. R-69-60, authorizing the City Manager to accept the Master Street Plan Map and Study, dated April 25, 1969, as submitted by A. C. Kirkwood and Associates, as the Street Planning Guide for the City of Gladstone, Missouri. Mr. Walker seconded. Mr. Davis suggested that the Gladstone Planning Commission adopt a similar Resolution at its next regular meeting. This item will be placed on the Agenda. The vote: All "aye".

(c) Mr. Walker moved for the adoption of Resolution No. R-69-61, authorizing the City Collector to publish the "Bad and Lot Delinquent Tax List, and authorizing the City Collector to discharge the taxes, interest and charges which are due thereon at sale by public auction at the door of the Courthouse of Clay County, on the 4th Monday of August, 1969, or August 25, 1969, commencing at 10:00 A.M. on said day and continuing from day to day thereafter, until all are offered and as otherwise required by law. Mr. Davis seconded. The vote: All "aye".

(d) Mr. Davis moved to grant a Temporary Permit to the Chamber of Commerce, to the Western Round-Up Committee, for the holding of a carnival on the grounds of the Gladstone Plaza Shopping Center, from July 22nd through August 2nd, proceeds from which will go toward the Gladstone Western Round-Up Days, and to waive the fee for same, all being subject to the provision of adequate insurance on the City's behalf. Mr. Walker seconded. The vote: All "aye".

At this time, Mr. Frank Stilly, former Councilman and former Planning Commission member, addressed the Mayor and ten and other Council members, stating that he wanted to apologize for an earlier misunderstanding involving - what he then thought - was the withholding of building permits from the purchaser of certain ground in Bolling Heights. He explained the reason for the misunderstanding and said the blame was not the City's.

As there was no further business to come before the City Council at this time, the meeting was adjourned duly made and seconded, adjourned by the unanimous vote of the present Council members. Time: 10:15 P.M.

Respectfully submitted

City Clerk

Approved. (3-0)

Betty Johnson,
City Clerk

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI
22 JULY 69

A Special Meeting of the Gladstone City Council was called to order at 8:30 P.M. on Tuesday, July 22, 1969, at the Gladstone City Hall. Roll was taken: Present: Mayor Ed Bauman, Councilman Kenneth Walker and Councilman Richard Davis. Absent: Councilman Frank Kleiner and Councilman H. R. Wurst.

In the absence of the City Clerk, Councilman Davis moved to appoint the City Manager to act as City Clerk for the meeting. Mr. Walker seconded the motion. The vote: Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

Councilman Davis moved the Council to adopt Resolution No. R-69-62, authorizing the City Manager to submit an application to the Department of Housing and Urban Development for a grant in an amount authorized by Title VII of the Housing Act of 1961, as amended, which amount is presently estimated to be \$36,481.25, and that the Applicant (City of Gladstone) will pay the balance of the cost from other funds available to it.....

Mr. Walker seconded the motion.

The vote: Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

* * *

The City Council considered plans submitted for a new store front at the location of the former Stanley Florist, now known as Trapp's, Inc., 6571 North Oak Street, in the Gladstone Plaza Shopping Center. After due consideration, Mr. Walker moved to approve such plans as submitted. Mr. Davis seconded the motion.

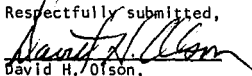

The vote: Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

* * *

The City Council considered plans submitted for the remodeling of the residence/office of Dr. John Cox, 6608 North Oak Street Trafficway. After discussion, Mayor Bauman moved to defer action until the regular meeting of the Council to be held on Monday, July 28, 1969. Mr. Walker seconded. The vote: Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

As there was no further official business to come before this Special Meeting, said meeting was, upon motion duly made and seconded, adjourned by unanimous vote of the attending members. Time: 9:00 P. M.

Respectfully submitted,

David H. Olson,
Acting City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

28 JULY 69

The regular meeting of the Gladstone City Council was called to order by Mayor Ed Bauman at 8:00 P.M. on Monday, July 28, 1969, in the Council Chambers of the Gladstone City Hall.

Roll was called. Present: Messrs. Kleiner, Walker, Davis, and Mayor Bauman.
Absent: Councilman H. R. Wurst

The Invocation was given by Reverend Wilbur Hunter, Pastor of the Church of God of Gladstone.

Item 3 on the Agenda: Councilman Davis asked for a correction to the Minutes of July 14, 1969; Page 1, the last paragraph, delete the words "said it was to be hoped that..." and insert the words "asked if....." and on Page 3, 4th paragraph, the word "million" should be added after the figure \$3 $\frac{1}{2}$ in line 2. Corrections noted. Councilman Davis thereupon moved for the approval of the Minutes of July 14, 1969, as corrected. Mr. Walker seconded. The vote: All "aye".... It was also noted that copies of the Minutes of the Special meeting of July 22, 1969, had been left out of the Council Packets, and, as the Council had not had time to review these minutes, they could not be accepted at this point in the meeting. *

Item 4 on the Agenda: Mayor Bauman presented the Officer of the Quarter Award to Officer John K. Lloyd, and expressed the appreciation of the City Administration, the Council, and the citizens of Gladstone to Officer Lloyd for his good work.

Item 5 on the Agenda: Mayor Bauman opened the Public Hearing on a rezoning request from R-1 to C-3 on property located at approximately the NW corner of 59th and N. McGee. (Angle; Kerr & Tinsman, et al) Mr. Fred Angle was present and addressed the Mayor and Council in his own behalf, explaining what he had in mind; advising that he had planned over a year ago to take on the Porsche dealership; that he had been unable to do so because of a dock strike which intervened; that at this time he again anticipated handling a new item called the AUDI, and would like to develop a new building to the south of the one which is there presently; that when they had lost the dealership for the Porsche for a couple of years, they decided they could take the earth from the new site to fill on the north; that they had made a "trade" with the people who own the property behind them and had drawn up plans (which he showed to the Council); that before they applied for the rezoning, they had letters from all the utility companies regarding the vacation of North McGee; that he had talked to the folks who own the house and assured they they could use the Volkswagon drive to gain access to their house, which would actually give them the use of a 130' driveway, where they had had only a 30' drive before and this would, of course, entitle them to take advantage of the snow removal which his company takes care of in the bad season, etc. He said there would be no sound from the proposed body shop; that any noise from it would be practically non-existent; that the new facility would be approximately 10,000 square feet, with 24 work stalls, and be a completely modern operation with a paint booth; that it would be the first really adequately equipped body shop in Gladstone; he added that they now employ 4 personnel and that this would increase to 17, and he hoped that such rezoning would be favorable to the City Council at this time.

In answer to a question posed by Councilman Walker, Mr. Angle advised there would be a screen fence, 10 ft. high, with a forked barbed wire extension at the top, and no lights, because "lights just help the thieves"...

Mayor Bauman asked what the total amount of depth of the property is, and what the zoning was across the street. Mr. Angle asked "across what street?" The answer was that there is a home on North McGee which is in an R-1 zone...

Mr. Kleiner asked if the area where the house is - is still zoned R-1? The answer was affirmative.

Mayor Bauman asked if there was anyone to speak in opposition of the proposed rezoning. Mr. William Birt, developer and owner of Bircain Apartments and Morningside Terrace Apartments, addressed the Council. He said that he, with his brother, Jim, who is his partner in the aforementioned businesses, object to the rezoning; that because of the proximity of the proposed body shop, they did not think they could tolerate such body shop and paint shop that close to their apartments without occurring a financial loss; that they would have to cut the rents on the apartments immediately adjacent to the shop and that, further, they did not agree that there would be no noise, as Mr. Angle had stipulated; that most of this type of shop that he had seen did produce noise and paint smell, plus a sea of wrecked and to-be-repaired vehicles which were certainly unsightly; that they believed they would incur damage to their property if this were the case. (A letter from Mr. Birt is attached hereto as Exh. "A")

7100 Horton, Overland Park, Kansas,
Mr. Art Brown, Attorney, representing Mr. Williford of 5920 North Oak, said his client objected to the proposed rezoning as well as the proposed vacation of North McGee; that it had been implied that Mr. Williford had no objection; that this is not the case; that he opposes it entirely.

Public Hearing declared closed.

Item 6 on the Agenda: Communications from the Audience. Mr. Jerry Woodcox, President of the Gladstone Chamber of Commerce, read a letter from the Chamber, attached hereto as Exhibit "A-1") which encouraged the Gladstone City Council to welcome new businesses to this City.

Mr. Amos Hinkle, 6902 North Locust, advised that he concurred with everything which was included in the letter from the Chamber of Commerce; that he was willing to go on record as saying that he was "for" new business in Gladstone; that such businesses were needed and wanted to help stabilize the tax structure of the City; that he had watched the coming of the Safeway store; the Meadowbrook Shopping Center; the Nashua Trailer Corporation reconstruction; the Gladstone Square Apartment development and adjacent shopping center; the Gladstone Plaza Shopping Center, and others, and that there had been objection to all of them in the beginning but that they had added to the economical increase and structure of the City, which, without new business, would remain in the category of "bedroom community" and he also pointed out that Gladstone needed to attract new businesses; that there would be bond issues to pass before too long which would need the support of all the merchants in the City, as well as the residential citizens, and that it was not good business for the City to make it difficult for new businesses to get started within the City. He said that City problems are mounting; that City payrolls are mounting; that cities of any size will have traffic problems, but that he believes this City should have its share of new business which will enable it to survive, or it will "die on the vine".

Council Meeting Minutes
July 28, 1969, continued

Councilman Davis said the Council recognizes the value of commercial and industrial development; that it needs to be compatible to neighboring property, but that the Council does share the Chamber's concern on the development of a strong tax basis.

Mr. Winston Horn, President of the First National Bank of Gladstone, addressed the Council, saying that he just wanted to add emphasis to what Mr. Woodcox and Mr. Hinkle had already said; that he had heard that the Council was not too friendly to new business; that he hoped that even though the Council had to turn down business that it wouldn't be turned down because the Council wasn't friendly; that he hoped the atmosphere would still be friendly. He said further that the First National Bank pays high taxes; that it was their belief that new and good business is very necessary for good tax bases in Gladstone.

* * *

Item 7 on the Agenda: Communications from the City Council; Mr. Kleiner said the Council was always ready for good business in Gladstone, to help the tax basis; that he had, as Mayor Pro Tem, put off two items at the last Council meeting because there wasn't a complete Council. Mr. Walker had nothing at this time. Mr. Davis said because of some happenings recently, he thought there had been a possibility of indiscretion on the part of some of the Public Safety Officers; that there was no question of that and he had been wrong; that Mr. Wurst could not be questioned on his integrity; that he had contacted the City Administration on an informal basis; that the City Council took what they thought was informal action; that he would like to apologize to the Public Safety Officers who suffered any embarrassment; that he personally would like to congratulate H. R. Wurst for the action he took; that the Council had felt there might have been a question on the image projected but that he wanted to apologize to any of the officers who suffered any embarrassment.

Mr. Harold Larson, 6203 North Michigan, addressed the Mayor and Council as President of Local 235. He said his comments on the way the City had become involved in a labor/management dispute in no way reflected on the City Manager form of government; that he had worked hard for this kind of government; that he hoped the City Council would change some of the policies in the City in this regard; that he had intended to let this question be quietly resolved by the City Council, but when it was brought up by Mr. Davis, he felt impelled to speak; that he felt there had been a gross injustice done; that he did not feel it was proper for any City employee to become involved in any way in this kind of dispute; that he believed some of the City's ethics were wrong to allow any City employee to be in the middle of any management/labor dispute.

* * *

Mayor Bauman said that as there had not been any correspondence received with regard to the intentions of the developer of Carriage Hills, items (9) and (10), approving the Final Plat of the 6th Plat of Carriage Hills, and apportioning the Main Sewer Assessment for said 6th Plat, respectively, would be deferred this evening.

A ten-minute recess was called.

At 9:05, the City Council reconvened. All members, with the exception of Mr. H. R. Wurst, were present and accounted for.

Item 11 on the Agenda: Mr. Davis moved for the acceptance of the first reading of Bill No. 69-47, being an ordinance establishing the Water Rules and Regulations, and to place same on second reading. Mr. Walker seconded. The vote: All "aye".

The Clerk read the Bill. Mr. Davis moved to accept the second reading of said Bill No. 69-47 and to place same on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading and to enact said Bill as Ordinance No. 1,693. Mr. Walker seconded. The vote: All "aye".

Item 12 on the Agenda: Mr. Kleiner moved to place Bill No. 69-50, authorizing consideration of extension of time limit on sewer connections under certain conditions, on its second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the second reading of Bill No. 69-50 and to place same on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the third and final reading of Bill No. 69-50 and to enact same as Ordinance No. 1,694. Mr. Davis seconded the motion. The vote: All "aye".

Item 13 on the Agenda: Mr. Walker moved to accept the first reading of Bill No. 69-52, defining certain civil offenses, and to place same on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. John Dods, Associate City Counselor, suggested that a third and final reading of this Bill be withheld this evening, pending further evaluation of some of the points contained in said Bill.

Item 14 on the Agenda: Mr. Davis moved to place Bill No. 69-48, approving a zoning change on property located at approximately 607 NE 69th Street, (Mr. Catalano) on first reading. (R-1 to CP-3) It was suggested that if the CP-3 classification was agreeable to Mr. Catalano, the Bill couldn't receive three readings until a site plan had been submitted. Mr. Walker seconded. Mr. Catalano said whatever was agreeable with the City Council and confirmed with the City's codes was agreeable with him, but that he didn't have the site plan with him this evening; that he would see that the City Manager received a copy of it. Mr. Davis explained that the C-3 zoning meant that Mr. Catalano could do more or less whatever he wanted with his property, within certain limits; that the CP-3 meant that he could work with the Council to see what would be compatible; that he was, however, only speaking as one Councilman and not for the entire Council. Mr. Catalano said he would go along with that; that whatever was right was what they wanted to do; that he could come up with an architectural drawing if that was needed. Mr. Dods said the site plan would be sufficient in this case, which needed to be presented before the final reading of the Bill. The vote: All "aye". The Clerk read Bill No. 69-48.

Item 15 on the Agenda: Mr. Davis moved to place Bill No. 69-49 on first reading. This is a Bill to approve a zoning change on property located at approximately 1900 E. 72nd Street North. Mr. Kleiner seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the first reading and place same on second reading. Mr. Bauman seconded, saying that this request was for ground which was rezoned several years ago; a very self-contained unit as it presently stands; that he did not think any change to the present zoning would be an improvement to the area or to the project itself. The vote: All voted "Nay", and the Bill therefore failed to receive a vote for acceptance of first reading and did not receive a second reading.

Item 16 on the Agenda: Mr. Kleiner moved to place Bill No. 69-53 on first reading. This Bill approves a zoning change on property located at approximately 7410-12 North Oak Street, petition for same having been submitted by Mr. Jack E. Boyce, for the D.J. & R. Company for a McDonald's Drive-In Restaurant. Mr. Davis seconded. Mr. Kleiner asked Mr. Stibeck (of the McDonald Corporation) to clarify on the egress/ingress plans. Mr. Davis asked Mr. Dods if, pursuant to a suggestion from Mr. Richard Dowd of the Planning Commission, recommendation for approval with the stipulation that "they never have access to North Oak Street" could be made. Mr. Dods said in his opinion, he didn't think the Council could put a condition upon the use of land which was not up for zoning, which was not actually before the Council for rezoning. Mr. Dods also was asked if the applicant could be asked to agree that he would never provide access on North Oak. Mr. Dods said he couldn't provide an answer to this off the top of his head; that he would not say, offhand, that this could be required of the owners of land which was not before the Council for rezoning. Mr. Kleiner asked what kind of buffering would be provided on the back of the property and at the sides. The answer was redwood or stockade, whatever the Council required. Mr. Stibeck said this was one of the purposes of the preliminary plot plan so that the Council could make whatever recommendations it wished.

Mr. Dods said that if the Council would make the endorsements on the Plot plan itself; then if they do not follow the suggestions and stipulations, they would be in violation of the ordinance. Following further discussion, the motion included the words "that no access be made onto 74th Terrace".....The vote: All "aye"....the Clerk read the Bill. Mr. Davis moved to accept the first reading of said Bill and place said Bill on second reading. Mr. Kleiner seconded. The vote: Mr. Kleiner, aye, Mr. Bauman, NO, (because of the traffic problem, not because of the location), Mr. Walker, aye, Mr. Davis, aye. The Clerk read the Bill.

Item 17 on the Agenda: Mr. Walker moved for first reading of Bill No. 69-54, accepting certain standard sewer easements on land for public use as part of the Gladstone Sewer System. Mr. Davis seconded. This relates to Kendallwood, Inc., and also to an easement from Mr. and Mrs. Hans Stahl. Mayor Bauman commended the City Manager for his good work on the latter easement. The vote: All aye. The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 69-54 and to place same on second reading. Mr. Davis seconded. The vote: All aye. The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 69-54 and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place same on third and final reading. Mr. Davis seconded. The vote: All aye. The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 69-54 and to enact same as Ordinance No. 1.695. Mr. Davis seconded. The vote: All aye.

Because there were interested persons in the audience, Mayor Bauman brought Items 23 (a), (b), (c) and (d) forward at this time. (Consideration of building plans).

(a). Alteration of residence/office of Dr. John Cox, 6608 North Oak Street. Mr. Young, Builder, was present to discuss the plans. After discussion concerning access onto North Oak, etc., Mr. Walker moved to accept said plan. Mr. Davis seconded. The vote: All "aye". (Note: The discussion included plans for a fence, i.e. 6 ft. red wood, across the back of the property). The vote to accept referred to plans submitted by Greater Kansas City Builders & Contractors.

23 (b) Addition to office of apartment manager at Gladstone Square Apartments, owned by Mr. Leon Jacobs of Brookside Realty. Mr. Nelson Prowell, Manager, was present at this meeting. He advised that the addition could be the same as the rest of the building; that it would be a small addition 10' x 12', and would be used so that anyone coming in to see about the rental of an apartment, or to talk business would not have to go into Mr. Prowell's apartment, but could conduct the business in this lobby-type of construction. After brief discussion, Mr. Davis moved to grant a permit for the construction of the addition per plans submitted. Mr. Walker seconded. The vote: All "Aye".

23 (d) Request for remodeling at the Clark Oil Station, 7408 North Oak. The District Manager of the Clark Oil Refining Company explained the plans which were to include a number of things such as installation of a new base for the sign; a new face around the building; removal of the existing fence and installation of new chain link fence with the Clark colors (white and orange) stripping woven through it; new sidewalks around the building; addition of a vanity section to the Ladies' Rest Room, etc. Mr. Davis moved for the issuance of a building permit for the remodeling for the Clark Station at 7408 North Oak, with the recognition that this does not approve the sign or any modification to the present sign, and that it does include their adding ten feet of pavement on North Oak Street and curbing and guttering. Mr. Walker seconded. The vote: All "Aye".

23 (c) Request for the construction of an office at the Kendallwood Apartments, Kendallwood Parkway and Antioch Road, Charles Curry Company, Owner. After some discussion, Mr. Davis moved to grant such a permit. Mr. Kleiner seconded. The vote: All "Aye".

* * *

Item 18 on the Agenda: First Reading of Bill No. 69-55, accepting certain standard water main easements on land for public use as part of the Gladstone Water System. (Located at Kendallwood). Mr. Davis moved for first reading.; Mr. Walker seconded. The vote: All "Aye". The Clerk read the Bill. Mr. Davis moved to accept first reading and place on second. Mr. Walker seconded. The vote: All "Aye". The Clerk read the Bill. Mr. Davis moved to accept the second reading; to waive Section 20 (d)(2) of Ord. No. 1,83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "Aye". The Clerk read the Bill. Mr. Davis moved to accept third and final reading of Bill No. 69-55 and to enact same as Ordinance No. 1,696. Mr. Walker seconded. The vote: All "Aye".

* * *

Item 19 on the Agenda: A Resolution authorizing the firm of Larkin & Associates to perform certain engineering work in connection with the Water Treatment Plant. Mr. Davis moved for the Adoption of Resolution No. R-69-63, authorizing the City Manager to secure the services of Larkin & Associates to do the engineering required for the installation of a line sludge thickening tank at the Gladstone Water Treatment Plant and that the cost for the above services is not to exceed \$500.00 based upon the Contract for Engineering Services between Larkin and the City, dated June 17, 1963. Mr. Walker seconded. Mr. Walker asked if Larkin will supervise the installation of the tank. Mr. Olson said this would only be the study and setting up the specifications for same. Mr. Walker asked if the City employees could supervise the installation of the tank themselves, rather than pay Larkin to do this...Mr. Olson answered that Larkin was only obligated in an advisory capacity. The vote: All "Aye". Resolution adopted.

Item 20 on the Agenda: A Resolution authorizing the City Manager to execute Water Main Contract No. 104. Mr. Kleiner moved for the adoption of Resolution No. R-69-64, authorizing the City Manager to execute Water Main Contract No. 104 for the installation of 2,200 feet of 6" C.I.P. and 3 fire hydrants, along with all related appurtenances, in the interior property of the Kendallwood Apartments, located at 59th Street Terrace N. and Kendallwood Drive, with Fairway Plumbing and Heating Company, Inc., for Kendallwood, Inc. Mr. Davis seconded. The vote: All "aye". Resolution Adopted.

* * *

Item 21 on the Agenda: A Resolution authorizing the City Manager to accept a Bill of Sale for water mains from Hevalow-Shanks Construction Company, Inc., and William C. Davidson, for construction of approximately 1,300 feet of 8" C.I.P. from Old Pike Road along 54th Street North to the east end of 54th Street North, and approximately 350 feet of 8" C.I.P. in North Wyandotte along with other related appurtenances, all located in Williamsburg, a subdivision in and to the City of Gladstone. Mr. Kleiner moved for the adoption of Resolution No. R-69-65. Mr. Davis seconded. Mr. Walker asked how the City arrived at the figure to be paid back for oversize mains.... (in this case, resolution No. R-69-65 calls for a pay-back figure of \$1,617.00). The City Manager said this is the difference between the cost of the 6" and the 8" mains; that, in this case, 6" mains would have been adequate for Williamsburg, but the City had asked the developer to put in 8" for projected future use for the area; that this was actually determined by the Director of Utilities. The vote: All "aye". Resolution adopted.

* * *

Item 22 on the Agenda: A Resolution authorizing the City Manager to accept certain bids for chemicals for the Water Treatment Plant. Mr. Davis moved for the adoption of Resolution No. R-69-66, authorizing the City Manager to accept certain bids for chemicals for use at the Water Treatment Plant for the 1969-1970 fiscal year, as follows: 764 Tons of Pebble Lime from Mississippi Lime @ \$19. per ton;
30,000# of Liquid Carbon Dioxide from S.E.C. Corporation @ \$3.50 per CWT;
9,000# of Liquid Chlorine from McKesson & Robbins @ \$13.50 per CWT;
2,000# of Soda Ash from McKesson & Robbins @ \$3.57 per CWT;
2,000# of Aluminum Sulphate from McKesson & Robbins @ \$4.10 per CWT

Mr. Walker seconded. The vote: All "aye". Motion carried.

* * *

Item 24 on the Agenda: Consideration of certain liquor applications.

(a) Pearl Jones "Why Not" Liquor Store, 72nd and North Oak, Class "B".
Mr. Kleiner moved for the renewal of such liquor license, pending the outcome of the State Liquor Control hearing, with possible suspension or revocation by the State. Mr. Walker seconded. The vote: All "aye".

(b) Orlando Liquors, 6809 North Oak Street, at Gladstone Square, Class "B".
Mr. Davis moved for the renewal of such liquor license. Mr. Walker seconded. The suggestion was made that the City watch very closely in the next year on both of these applicants.

Item 24 on the Agenda, designated as "Other".....

The City Manager asked when the Council wanted to hear the requests for extension of sewer connection time, based on "hardship"....he advised that letters had gone out; that notices had been received from approximately 125 who have hooked on to the system, which decreased by a considerable amount the number of people who were not believed to have been hooked on; that several letters had been received from people who requested extensions because of various reasons. After some discussion, Mayor Bauman advised that the Hearings would be held on Wednesday, August 6, 1969, at 8:00 P.M. He asked that copies of all the requests be sent to the Council for their study prior to the hearings.

Note: Copies of the Minutes of the Special Meeting of July 22nd had been made and distributed to Council members by this time, and Mr. Davis moved to approve said Minutes as submitted. Mr. Walker seconded. The vote: Mr. Walker, Mr. Davis and Mayor Bauman, "aye"....Mr. Kleiner passed.

* * *

As there was nothing further to come before the Council at this time, and upon motion duly made and seconded, the meeting was adjourned by unanimous vote. Time: 11:35 P.M.

Respectfully submitted,

City Clerk

MAYOR

July 28, 1969

City Council
City Hall
Gladstone, Missouri

Gentlemen;

In reference to your Legal Notice published in the June 26 and July 10, 1969 issues of the North Kansas City Dispatch concerning the rezoning from R-1 to C-3 of land located at approximately 59th and North McGee at the Northwest Corner, Gladstone.

We are the owners of Morningside Apartments adjoining the property referred to in the Legal Notice for its entire length on the west, a distance in excess of 10% of the perimeter of said property.

We hereby give notice of our opposition to the proposed rezoning because it is not compatible with the residential character and use of our property known as Morningside Apts.

Sincerely,

James G. Birt

ROBERT A. HARRIS

July 28, 1969

Mayor Edward J. Bauman
And Members Of The
Gladstone City Council
Gladstone, Missouri

Dear Sirs;

The Board of Directors of the Gladstone Chamber Of Commerce adopted the following resolution July 25, 1969 to present to the City Council at their next regular meeting to be held July 28, 1969.

It is resolved that our City Councilmen should take a more firm stand on the drastic need to promote more industries and businesses in Gladstone to help stabilize our City taxes.

It is our belief that industries provide jobs for our citizens and bring to the community skilled workers and competent executives. These are valuable people who soon find important ways to serve in advisory or policy making roles in various phases of civic, political or school life.

Gladstone has much to offer to the businessman looking for a new location. Our City has utilities, our own water, sewage system and a good labor market in our area. We need more businesses to help carry our City tax load. A vote for more industry in our City is a vote for progress.

We feel that any further delay in plans for more industries and businesses will result in serious set backs in our plans for over all progress and prosperity for the City of Gladstone. Business, industry and even the construction of single family dwellings will suffer immeasurably if any further postponment of action on these matters is forthcoming from our City administration. Such losses of revenue could result in tremendous increases in individual home owner's taxes in the future.

Wish to advise you that our Chamber of Commerce have appointed various Committees who will volunteer their assistance and services to our City officials in helping to make Gladstone a progressive city.

Sincerely,

Jerry D. Woodcox
Jerry D. Woodcox
President

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
28 JULY 69

R E S U M E

The regular meeting of the Gladstone City Council was called to Order at 8:00 P.M. by Mayor Ed Bauman. Present: Messrs. Kleiner, Walker, Davis, Bauman. Absent: Mr. H. R. Wurst

ACCEPTANCE OF MINUTES

Minutes of regular meeting of July 14, 1969, accepted as corrected. Minutes of special meeting of July 22, 1969, accepted as presented.

PRESENTATION OF AWARD

Presentation of Officer of the Quarter Award to Sgt. John K. Lloyd, in recognition of outstanding service.

PUBLIC HEARING

Rezoning from R-1 to C-3 property located at the NW corner of 59th & N. McGee; Mr. Fred Angle, petitioner, along with Mr. Whitney Kerr. Public Hearing held.

August 11, 1969

Mayor Edward J. Bauman
And Members of The
Gladstone City Council
Gladstone, Missouri

Dear Sirs:

The Gladstone Chamber of Commerce, where major issues are involved, will attempt to convey to the Gladstone City Council the thoughts of its members as well as the thoughts of the public at large as reported by members of the Chamber.

It is the desire of the undersigned to convey to the entire City Council the appreciation of the Chamber for the Council's progressive work, foresight and research into the problem of street improvements for our city. You are to be commended for your efforts thus far in attempting to work out a bond issue to be voted on by the citizens of Gladstone.

Let us hope that the efforts of the Council, as well as those of the appointed committee will be rewarded by passage of the bond issues this Fall.

Sincerely,

Jerry D. Woodcox
Jerry D. Woodcox
President

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

August 11, 1969

The regular meeting of the Gladstone City Council was called to order by Mayor Bauman. Roll was called. Those present, in addition to Mayor Bauman were Mr. Kleiner, Mr. Wurst, Mr. Walker and Mr. Davis.

The Invocation was given by Rev. Charles Holt, Pastor of the Faubion Methodist Church.

Mr. Kleiner moved that the Council adopt Resolution R-69-67 appointing Mrs. Joyce Seever to act as City Clerk during the absence of Mrs. Johnson, Mr. Davis seconded the motion. The vote: all aye.

Mr. Kleiner moved that the Minutes of the Regular Council Meeting of July 28 be accepted as submitted. Mr. Davis seconded the motion. The vote: Aye - Mr. Kleiner, Mr. Walker, Mayor Bauman; Pass - Mr. Wurst, Mr. Davis.

* * * * *

Item 5 on the agenda was a Public Hearing on a request to rezone from C-2, General Business District, to C-3, Commercial District, property located at approximately 7208 North Oak Street Trafficway, Charles Doolittle, applicant.

Mr. Doolittle advised that he is making the request to legalize the zoning. They are presently operating as a legal non-conforming use, and C-3 zoning would conform with the use of the property.

Mayor Bauman asked what the present use of the property was.

Mr. Doolittle said he was in the wrought iron business - fabrication, painting and welding. He said they had been there for thirteen years.

Mr. Wurst asked the dimensions of the property. Mr. Doolittle said the property was "I" shaped, with the largest dimensions on the west side. The frontage is 30 feet on North Oak Street Trafficway; the width at the back is 157 feet; the depth is about 60 feet.

There was no one to speak in opposition to the request.

The Public Hearing was closed.

* * * * *

Item 6 on the agenda was Communications from the Audience.

Mr. Phil Snowden, Attorney in North Kansas City, stated he wished to speak with regard to Item 9 on the agenda. Mayor Bauman advised that he should make his remarks when Item 9 came up for discussion.

Mr. Maurice O'Sullivan, a Lawyer representing Pacer Oil Company, said his client was the owner of a gas service station at 5800 North Oak Street. He said they originally had thought their request for a sign would be on this evening's agenda.

He said Pacer Oil Company is a small independent firm and had purchased the station at this location in July.

Mayor Bauman asked Mr. Olson if he was familiar with this matter. Mr. Olson advised that he had informed the Engineering Department that it would not be on tonight's agenda because of the nature of the request, and he thought someone had advised Pacer Oil Company to this effect.

Mr. Doda said the problem lies in the fact that Pacer is requesting a permit for a sign which would require a variance as to the location of the sign as they wished to place it closer to the property line than the Ordinance allows. He said he had pointed out to Mr. O'Sullivan that the Sign Ordinance does not permit a variance.

Mr. O'Sullivan said the Ordinance requires a pole sign be placed no closer than twelve feet from the property line of a given premise. A gas service station is different from other business establishments because they require a considerable amount of access area.

Mayor Bauman asked that this item be considered as Item 21(c) on the Agenda.

* * * * *

Mr. Clarence Lindgren, 204 Northwest 73rd Terrace, presented a plaque to the Director of Public Safety, Mr. Robert Harris, from the residents of Hamilton Heights North in appreciation of the work and services of he and his men during the tornado which went through that area.

* * * * *

Mrs. Maxine Gromer, 7517 North Baltimore, read a statement concerning Councilman Wurst and his activities on the City Council.

* * * * *

Mr. D. F. MacCallum, 6901 North Central, said he had a street drainage problem which he had been trying to get corrected for four years. Street drainage is damaging his property and he asked that something be done.

After discussion with Mr. MacCallum, Mayor Bauman advised that the Council would look into the problem.

* * * * *

Mr. Lynn Allen presented Public Safety Director Robert Harris a plaque from the Gladstone Chamber of Commerce for outstanding service in the 1968 Gladstone Western Roundup.

Mr. Jerry Woodcox, President of the Gladstone Chamber of Commerce, read a letter in which they stated they would attempt to convey to the Council the thoughts of its members and the public at large on major issues being considered by the Council, and commending the Council for its present efforts to present a street bond issue to the citizens.

* * * * *

Council Minutes
August 11, 1969

Mr. Frank Scully, 503 East 67th Street North, called to the attention of the Council the ordinance prohibiting garbage being set alongside the roadways. He said he understood there had been a good deal of controversy between the people who dispose of the garbage and the people who pay for the service. He said garbage is prevalent along the curbs in Gladstone which is against the Ordinance, and if the Public Safety Department will not issue the proper reprimands then he assumed it would be up to the Council to enforce the ordinance.

Mayor Bauman asked Mr. Olson is he was aware of any trash being placed on the right-of-way.

Mr. Olson said he had not received any reports to the effect that there was a lot of this, and he was not aware it has been a problem. He said he would alert the Public Safety Department to this problem.

Mr. Scully indicated each trash hauler had to file their pick-up schedule with the City according to the Ordinance; a check on the days Clay County Hauling picks up will reveal a lot of garbage being placed on the curbs.

Mayor Bauman asked Mr. Olson to see that the Public Safety Department checks on this matter. He said the complaints he had received were from citizens who do not wish to pay an increase which some trash haulers have imposed on them for picking it up from the back yard.

Mr. Winston Horn said that in connection with the letter from the Chamber of Commerce read by the President, Mr. Woodcox, he wished to voice his "amen".

Mr. Ray Hesslop said he wanted to make a matter of record since they are finishing the baseball season the need for more baseball diamonds in Gladstone. He said he knew there had been a lack of baseball facilities before, as the City has only one playable baseball field lighted which is in Central Park. There are a great number of B league boys in the Gladstone community. He asked that an extensive study be made to determine if some of the unsightly locations in Gladstone could be cleared, graded and turned into baseball fields. He mentioned the \$25 per lot contributions made by developers which he thought were to be used to improve park facilities. He said North Kansas City provided 30 baseball fields.

Mr. Walker asked how many diamonds Mr. Hesslop thought the City should have.

Mr. Hesslop said in his unqualified opinion he felt there should be a minimum of six small diamonds for boys age 9 through 12; for boys age 13 and over, he felt there should be three large size diamonds.

Mayor Bauman called a recess at 8:55 p.m.

The Council meeting was reconvened at 9:20 p.m. with all Councilmen present.

Item 7 on the agenda was communications from the City Council.

Mr. Walker said he had received several complaints the past week on the City's procedure for oiling roads, and he didn't think people understand the way the work is being done now. The first coat is a penetration oil which gives a better base for the streets; the second coat is heavy oil on which gravel is placed.

Mayor Bauman said some time ago he discussed trash hauling and the fact that residents are asked to pay more when they have no more trash than before. He had heard the price ranged from \$3.00 to \$6.00. He indicated it might be more equitable for the City to handle the trash hauling. He asked the City Manager to research the matter, determine what the cost for such a department would be, and the charge which would have to be made for the service.

* * * * *

Mr. Olson advised that Item 9 on the agenda should reflect Bill No. 69-56. Minor changes were made in Item 17 and a revised resolution was given to the Council for consideration.

* * * * *

Item 9 on the agenda was the First Reading of Bill No. 69-56 to approve the rezoning from R-1 to C-3 property located at approximately the Northwest corner of 59th and North McGee, Fred Angle, applicant.

Mr. Davis moved that Bill No. 69-56 be placed on its first reading with a change in the zoning to be made to approve CP-3.

Mr. Walker seconded the motion.

Mr. Phil Snowden said he was there to represent Mr. William Birt and Mr. James Birt, the owners of Morningside Apartments. He wished to oppose the rezoning of the tract in question at 59th Terrace and North McGee. He felt this request should be considered in light of all the facts regarding what has developed around this piece of property the last year or so in order to arrive at the proper conclusion. He said there had been three applications filed in the last year, first by Mr. Kerr and Mr. Tinsman on April 1, 1968 to rezone this same piece of property from R-1 to C-3. At that time the request was denied. All the way through the Council Minutes and the Planning Commission Minutes, CP-3 zoning was suggested. Mr. Kerr and Mr. Tinsman tried to change the zoning application to CP-3.

Mr. Wurst at this time left the Council table.

Mr. Snowden stated that at approximately the same time another application was filed by Mr. Fred Angle dealing with the property just to the south of his present business, requesting rezoning from R-1 to C-3. In the Planning Commission Minutes at that time, Mr. Walker asked Mr. Angle if he had in mind CP-3 zoning on this tract of land. In the minutes, Mr. Angle said he had no objection to CP zoning on the rear of that property as he had plans to put a body shop

on the westerly portion of that property. Mr. Angle at that time said he was not sure what he was going to do with the portion facing Oak. The Planning Commission did recommend the zoning be approved but stipulated recommendations about the architectural design ordinance under CP-3. The City has a letter from Mr. Angle dated June 3, 1968 which stated he was to build a body and repair shop on the rear of the tract to the south and that he hoped to begin construction in August or September of 1968. In the letter, Mr. Angle had indicated the second phase would be a parts and accessory warehouse which was to be constructed in the summer of 1969. The third phase Mr. Angle indicated would be an additional show room to supplement present facilities.

Mr. Snowden cited further portions of Council and Planning Commission minutes. He felt that Mr. Kerr, Mr. Tinsman, and Mr. Angle were well aware of the CP zoning when they submitted the present application. Because previous plans had not been carried through, Mr. Snowden questioned plans now being proposed. He felt if the zoning were granted, it should be done on a CP-3. He asked that consideration be given to residents of the apartments; to the fact that 59th Terrace may become an alleyway unless care is exercised to obtain sufficient width for the street. He felt C-3 zoning would be detrimental to the apartment units, and indicated he had received a letter from an occupant of the apartments to the effect that she would be moving if the requested zoning were granted.

Both Mr. James Birt and Mr. William Birt were also present. Mr. Snowden indicated he had a legal protest signed by the owners of the apartment units which he submitted at this time together with a letter from the tenant and pictures of the present operation.

Mayor Bauman asked Mr. Dods if the petition would require a 4-1 vote. Mr. Dods said he had not seen the document. After examining the petition, Mr. Dods said it appeared to be in proper form, but that it would be up to the City Engineer to make the determination as to whether or not those persons signing the petition are within the legal limits as set out in the Ordinance.

Mayor Bauman asked Mr. Angle what the zoning was where the cars are parked. Mr. Angle said it had been C-3 since 1963. Mr. Angle said he felt he had covered all of the items raised by Mr. Snowden three weeks ago.

Mr. Davis said that he had reviewed what has happened in the past, and had reached the conclusion that CP zoning was needed; also that he felt the property zoned C-3 last year was zoned with almost a commitment to the use of the land. He said the Council might wish to rezone that to CP-3 so it would be possible to review the plans.

Mr. Angle said two insinuations were made tonight - one was that they were going to get the land zoned for speculation, which he resented. He said he had had the opportunity to sell the ground a number of times in the last twelve months and had refused to do so. He said secondly, they were trying to be a good neighbor in that area; that he had answered all of the questions three weeks ago which Mr. Snowden was asking tonight. He said he had no objection to CP-3 zoning on the present land; his plans were drawn, and the only question left to be answered was with regard to McGee Street. He said they planned to fix all of 59th Terrace when the project was completed.

Mr. Walker asked Mr. Angle if he were agreeable not to vacate McGee. Mr. Angle said he was agreeable to this, if there were some way open parking for anyone could be prohibited there.

Mr. Angle said the reason he had not built the parts building was that they had had a dock strike and received no parts for five months.

Mr. Tinsman said he was part owner of the property in question and they had applied for C-3 zoning last year which was turned down. He said they were asked to request C-0 zoning, but had decided not to do so since the property was not large enough to form any type of buffer zone since there was C-3 zoning to the north and M-1 further south. He said they feel this would be better use of the land.

Mr. Olson advised that according to the legal described on this tract of land that the petition is signed by owners of more than ten per cent of the surrounding land.

Mayor Bauman asked if there were any members of the Council that would like to defer action on the matter.

Mr. Davis then moved that his motion be tabled; Mr. Walker seconded the motion.

Scully asked if the original motion to rezone to CP-3 was legal. Mr. Dods said that Ordinance 1.610 says land may be zoned to District CP by the Council on its own motion but requires a site development plan.

Mr. Scully asked if this section of Ordinance 1.610 obviates the public hearing provision required by State Statute for rezoning all ground in the City of Gladstone.

The vote: Aye: Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

Item 10 on the agenda was the third reading of Bill No. 69-52 defining certain Civil Offenses.

Mr. Davis moved that the Council accept the second reading of Bill No. 69-52 and place it on its third and final reading. Mr. Walker seconded the motion.

Mr. Dods advised that he had contacted Mr. Duncan to see if there were any changes which should be made in the Bill and that he had not advised him of any.

The vote: Aye: Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

The Clerk read the Bill.

Mr. Davis moved that the Council accept the third reading of Bill No. 69-52 and enact it as Ordinance 1.697. Mayor Bauman seconded the motion.

The vote: Aye: Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

Mr. Walker asked Mr. Angle if he were agreeable not to vacate McGee. Mr. Angle said he was agreeable to this, if there were some way open parking for anyone could be prohibited there.

Mr. Angle said the reason he had not built the parts building was that they had had a dock strike and received no parts for five months.

Mr. Tinsman said he was part owner of the property in question and they had applied for C-3 zoning last year which was turned down. He said they were asked to request C-0 zoning, but had decided not to do so since the property was not large enough to form any type of buffer zone since there was C-3 zoning to the north and M-1 further south. He said they feel this would be better use of the land.

Mr. Olson advised that according to the legal described on this tract of land that the petition is signed by owners of more than ten per cent of the surrounding land.

Mayor Bauman asked if there were any members of the Council that would like to defer action on the matter.

Mr. Davis then moved that his motion be tabled; Mr. Walker seconded the motion.

Scully asked if the original motion to rezone to CP-3 was legal. Mr. Dods said that Ordinance 1,610 says land may be zoned to District CP by the Council on its own motion but requires a site development plan.

Mr. Scully asked if this section of Ordinance 1,610 obviates the public hearing provision required by State Statute for rezoning all ground in the City of Gladstone.

The vote: Aye: Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 10 on the agenda was the third reading of Bill No. 69-52 defining certain Civil Offenses.

Mr. Davis moved that the Council accept the second reading of Bill No. 69-52 and place it on its third and final reading. Mr. Walker seconded the motion.

Mr. Dods advised that he had contacted Mr. Duncan to see if there were any changes which should be made in the Bill and that he had not advised him of any.

The vote: Aye: Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

The Clerk read the Bill.

Mr. Davis moved that the Council accept the third reading of Bill No. 69-52 and enact it as Ordinance 1,697. Mayor Bauman seconded the motion.

The vote: Aye: Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 11 on the agenda was the third reading of Bill No. 69-53 approving a request to rezone from C-1 to CP-3 certain property located at approximately 7410-12 North Oak Street Trafficway.

Mr. Kleiner moved that the Council accept the second reading of Bill No. 69-53 and place it on its third and final reading. Mr. Davis seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

The Clerk read the Bill.

Mr. Kleiner moved that the Council accept the third reading of Bill No. 69-53 and enact it as Ordinance 1.698. Mr. Davis seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 12 on the agenda was the second reading of Bill No. 69-48 approving a request to rezone from R-1 to CP-3 certain property located at approximately 607 Northeast 69th Street.

Mr. Davis moved that the first reading of Bill No. 69-48 be accepted and it be placed on its second reading. Mr. Walker seconded the motion.

The vote: Aye - Mr. Walker, Mr. Davis, Mayor Bauman.
No - Mr. Kleiner.

The Clerk read the Bill.

* * * * *

Item 21(c), a request from Facer Oil Company for a sign permit, was placed next on the agenda for consideration.

Mr. O'Sullivan, representing Pacer Oil Company, said the present sign projects from four to five feet from the property line. They propose to place a sign of the nature of a sample shown at the north edge of the property approximately parallel with the projection of the existing sign. The present Ordinance says a pole sign shall not project within less than 12 feet of the property line. The existing pole sign would be eliminated. To meet requirements of the present Ordinance, the new sign would have to be placed back behind the pumps. Pacer Oil Company sells Vickers gasoline, as shown on the sign, along with the price and which credit cards will be accepted for purchases. These signs at their stations are the only way they advertise. He mentioned that their nearest competitor had a sign right next to the street, as does the APCO station ten blocks north. He felt it was important to their business that they be granted some relief and be permitted to place the new sign parallel with the existing one.

Mayor Bauman asked Mr. Dods to explain the new sign ordinance as it would affect this request. Mr. Dods said that all ordinances have to take effect at some particular place and time; those signs existing prior to the adoption of the new Ordinance are not affected. The Ordinance does not provide for any variance. The only relief the Council could grant would be to enact an amendment to the Ordinance

permitting a lesser setback under certain circumstances or providing for a discretionary variance in each case. The City Engineer is not presently authorized to issue a sign permit to Pacer under the existing ordinance. The Council can not give Pacer any relief under the existing ordinance. There is a provision for an appeal board, but Mr. Dods felt it was for different methods of construction.

Mr. Davis said they could be faced with a similar request each time an oil company wants to replace a sign. He asked if the City Administration could give them a report as to how existing signs do not comply with the Ordinance in order to see how much any company wishing to put up a sign in the street will be penalized.

Mr. Olson said the vast majority of signs now on Oak Street do not comply with the new setback requirement. The Ordinance requires compliance if the existing sign is altered in any way.

Mr. Walker mentioned the possibility of the widening of North Oak Street and the fact that some of the present signs may have to be moved.

Mr. Pacer asked that their request be considered.

* * * * *

The next item to be considered was Item 17 on the agenda, a resolution authorizing acceptance of a bid for construction of sewers in Lateral Sewer District No. 2.

Mr. Davis asked if the difference in completion time of 180 days and 120 days would have any bearing on the bids received.

Mr. Olson said it does, considering the winter months we are going into; however, the consulting engineer has recommended that the Council accept the low bid.

Mayor Bauman asked Mr. Logan of Damon Pursell Construction Company if they could shorten the 180 days.

Mr. Logan advised that it could very possibly be completed in less time than the 180 days, but under the conditions they like to work they prefer to leave it at 180 days.

Mr. Walker asked if they would do all of the work themselves or subcontract part of it. Mr. Logan said they would do it themselves, with the exception of the seeding and sodding.

Mr. Kleiner asked Mr. Logan if his company's work was such that they could not possibly do the job within 120 days. Mr. Logan said he would say probably not but since they bid 180 days their intentions are to start work the first of September, and if the weather permits, they could possibly be done in 120 days.

Mr. Dods advised that by State Law, the City Engineer's estimate must not be exceeded because this will be a tax bill procedure. Mr. Olson advised that the City Engineer estimated the job at \$53,633.75.

Mr. Walker moved that the City Council approve Resolution R-69-68 authorizing acceptance of the low bid of Damon Pursell Construction Company for construction of sewers in Lateral Sewer District No. 2. Mr. Davis seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 13 on the agenda was a resolution authorizing the acceptance of a bid for a microfilmer.

Mr. Walker moved the Council adopt Resolution No. R-69-69 authorizing the acceptance of the Bid of Eastman Kodak Company in the amount of \$1,595 for a microfilmer. Mr. Davis seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 14 on the agenda was a resolution authorizing acceptance of a Bill of Sale for certain water mains constructed under Water Contract No. 99, Meadowbrook North, Ninth Plat.

Mr. Davis moved that the Council adopt Resolution No. R-69-70; Mr. Walker seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 15 on the agenda was a resolution authorizing the appoint of an Acting City Manager.

Mr. Kleiner moved that the Council adopt Resolution No. R-69-71; Mr. Davis seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 16 on the agenda was a resolution authorizing the granting of certain extensions of time for connection to City sewers.

Mr. Olson advised that the Council had to grant extensions of time by Resolution if such extensions were approved.

Mr. Kleiner moved that the Council adopt Resolution No. R-69-72; Mayor Bauman seconded the motion.

Mr. Dods advised that anyone not receiving an extension of time in accordance with this Resolution was in violation of the Ordinance and could be prosecuted at any time.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mayor Bauman.
No - Mr. Davis, not because he did not agree with any of the extensions, but because he did not think the Council found an adequate solution to some of the problems they encountered.

* * * * *

Item 18 on the Agenda was a resolution authorizing the execution of Water Main Contract No. 105 for the construction of certain water mains by Northmen Utilities, Inc., for Charmaine, Inc.

Mr. Walker felt the Council should have a meeting with the developer before the water contract is approved with regards to improving North Boardway.

Mayor Bauman said they were already committed to the Improvements on North Broadway.

Mr. Walker said he understood Mr. Olson was also going to get a legal opinion on the City's water agreement with Kansas City as to whether Gladstone had to allow this connection to our water system.

Mr. Olson said as he interpreted the contract, the time limit would be five years from February 1966 which was the date Gladstone paid the \$60,000 to Kansas City. He said he has asked Mr. Dods for an opinion as to the City's commitment to sell water anyplace around Gladstone.

Mr. Dods agreed that February 1971 Gladstone could stop selling water to persons living in Kansas City.

Mayor Bauman asked if the Council wished to defer action on this matter.

Mr. Walker said this one contract would not make much difference, but in the future if Kansas City continues to zone the property around Gladstone for apartment development, our water plant may be overtaxed which will mean a major expansion of our facility which would not be in the best interests of the City of Gladstone.

Mr. Dods said they might wish to inform Kansas City that in 1971 Gladstone is planning to exercise its option to stop selling them water.

Mr. Walker said he would like to recommend to the City Council that the City Manager draft a letter to Kansas City stating the City of Gladstone's intentions if they continue with their present zoning practices.

Mayor Bauman moved that the Council adopt Resolution No. R-69-73 authorizing approval of Water Contract No. 105; Mr. Davis seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 19 on the Agenda was a resolution authorizing the execution of Water Main Contract 106 with Fairway Plumbing & Heating Company and Cecon Construction Company.

Mr. Walker moved that the Council adopt Resolution No. R-69-74; motion seconded by Mr. Davis.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 20 on the agenda was a resolution authorizing acceptance of work performed by M.G.M. Company on the entrance gate at the Water Treatment Plant and authorizing final payment.

Mr. Davis moved that the Council adopt Resolution No. R-69-75. Mr. Walker seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

* * * * *

Item 21(a) on the agenda was consideration of certain building plans of Gulf Oil Company at 7203 North Oak Street.

Mr. Walker moved the Council approve the building plans submitted by Gulf Oil Company for 7203 North Oak Street. Mr. Davis seconded the motion.

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

Item 21(b) was consideration of building plans for the construction of eight unit fourplexes in Glaywoods.

Consideration of these plans was deferred until a legal opinion could be obtained.

* * * * *

Item 22 on the agenda was approval of the General Fund Disbursements Report and the Water and Sewer Department Disbursement Report for the month of July, 1969.

Mr. Davis moved that the Council approve the General Fund and the Water and Sewer Department Disbursement Reports for the month of July, 1969. Mr. Walker seconded the motion.

Mr. Kleiner asked that the Council be furnished copy of the bids received on work to be done by outside contractors, such as the work performed by B&D Tree Company.

Mr. Davis asked that the City Manager check on the rental of chain saws from Gladstone Rental; he felt this price was high compared to others he knew about.

Mayor Bauman felt that the Public Safety Department petty cash should be kept at a small amount.

Council Minutes
August 11, 1969

The vote: Aye - Mr. Kleiner, Mr. Walker, Mr. Davis, Mayor Bauman.

There being no further business to come before the Council, upon motion duly made and seconded, meeting was adjourned, 11:45 p.m.

Respectfully submitted,

James A. Deener
Acting City Clerk

Approved as submitted:

Ed Bauman
MAYOR

Approved as corrected/amended:

MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
25 AUGUST 69

The regular meeting of the Gladstone City Council was called to order by the Mayor on Monday, August 25, 1969, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Present: Messrs. Kleiner, Walker, Davis and Mayor Bauman. Absent: Councilman H. R. Wurst, who had been out of the City and was unable to get back in time for Council meeting.

The Invocation was given by Mr. Roy Beasley, Minister of the Gladstone Church of Christ.

Item 4 was a Public hearing on a request to rezone from R-1 to R-3 land located at approximately 67th Place and North Holmes. Upon being asked by Mayor Bauman, the Acting City Manager, Mr. David Anderson, confirmed the fact that Mr. Clyde Starr, applicant for the rezoning, had withdrawn his request, based upon the fact that an unknown factor had entered into the picture, which was the Deed of Restrictions, which confined building in Bolling Heights to residential, one-family for a period of 25 years. Therefore, the Public Hearing was not held. Mr. Davis moved for acceptance of the withdrawal. Mr. Walker seconded the motion. All voted "Aye".

Item 5 was Communications from the Audience: Mr. Wesley Pierson, 3600 North Bellefontaine, addressed the Council asking that Item 16(a), Consideration of building plans for the Northside Church of Christ, 5114 Old Pike Road, be brought forward on the Agenda.

There were no further communications from the Audience.

Item 6 on the Agenda: Communications from the City Council. Mayor Bauman advised he had a presentation for Mr. John D. Waliczek for his outstanding newspaper reporting in the Gladstone and Northland areas. As Mr. Waliczek was not present, it was decided to postpone the presentation at this time and hold it until Mr. Waliczek could be notified to come to the meeting.

Mayor Bauman advised he had received a letter from Vice President Agnew, in which the Vice President expressed his concern about the youth of our country who are dropping out of school, and soliciting the help of interested citizens throughout the country to aid in encouraging youth to remain in school with an eye to their futures.

Mayor Bauman further advised that he had accepted, on behalf of the City of Gladstone, a plaque in recognition of the City's interest and participation in Youth Programs, from the North Kansas City Area Baseball League for 1969, and he expressed his appreciation of such plaque.

There were no further communications from the Council at this time.

Item 7 on the Agenda: There were no communications from the Acting City Manager, Mr. David E. Anderson, at this time.

Item 8 on the Agenda: Mr. Davis moved for the acceptance of the second reading of Bill No. 69-48, approving rezoning from R-1 to CP-3, property located at approximately 607 N. 69th Street, (Mr. Joseph Catalano, Applicant), and moved that it be placed on third and final reading, per the plans submitted to the City Council on this date, which show Council notations as part of the said plan, which suggested changes have been agreed to by Mr. Catalano, and to include Exhibit 1, one blue-line print, to be given the ordinance number, dated, and preserved with the ordin-

ence, the motion was seconded by Mr. Catalano. The vote was taken, after a second by Mr. Walker. Mr. Kleiner, NO, Mr. Walker, Mr. Davis and Mayor Bauman, AYE. The Clerk read the Bill.

Mr. Davis moved to suspend the third and final reading of said Bill, and to enact same as Ordinance No. 4699. Mr. Walker seconded. The vote: Mr. Kleiner, NO, Mr. Walker, Mr. Davis, Mayor Bauman, aye.

Item 9 on the Agenda: Scheduled as the first reading of Bill No. 69-56, approving rezoning from R-1 to C-3, property located at approximately the NW corner of 55th and North McGee. Mr. Fred Angle, Petitioner. Mr. Walker moved to place said Bill on first reading. Mr. Davis seconded the motion. After discussion, during which time it was ascertained that Mr. Angle had no objection to C-P-3, rather than C-3, as was first asked for, and because there was no full Council, and there had been a petition presented against such rezoning, which would result in the necessity for a 3/4 majority vote to pass or approve such rezoning, Mr. Walker then moved to defer the action at this time. Mayor Bauman seconded the motion. The vote: Mr. Kleiner, "aye", with the stipulation that said Bill will appear on the Agenda for reading at the next meeting regardless of whether or not there was a full Council; Mr. Walker, "aye", Mr. Davis, "no", Mayor Bauman, "aye". Action deferred.

Mayor Bauman called a ten-minute recess at this time.

The regular meeting of the Gladstone City Council was reconvened at 9:15 P.M. All members, with the exception of Councilman Wurst, were present.

Item 10 on the Agenda: First reading of Bill No. 69-57, approving rezoning from C-2 to C-3 property located at approximately 7208 North Oak Street Trafficway. Mr. Charles Boeltke, Petitioner. Mr. Kleiner moved to place said Bill on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Item 13 on the Agenda was moved forward at this time. Mr. Davis moved for the adoption of Resolution No. R-69-76, authorizing the City Manager to enter into a contract with the Pleasant City Power and Light Company for the installation and maintenance of a traffic control signal at 67th Street and North Oak Street Trafficway, traffic lights. Mr. Walker seconded. Mr. Walker said this signal had been long wanted and he was very glad to see it. Mr. Davis commented "Amen". Mr. Bauman said he had asked for this light more than three years ago; that at the time the light was installed at 72nd Street and North Oak, the traffic count at 67th and Oak Street exceeded the count at the 72nd Street and North Oak intersection. The vote: All "aye".

Item 16 on the Agenda was moved forward at this time. (a) Building Permit for Northside Church of Christ, 5114 Old Pike Road; new building. Mr. Wesley Pierson was present in the audience to discuss the plans. Mr. Davis moved to grant such building permits to Northside Church of Christ, with the stipulation that their

portion of Broadway be curbed and guttered, and that the parking lot will be paved, as required in the City specifications. (This was agreeable to Mr. Pierson, acting as representative of Northside Church of Christ)...Mr. Walker seconded the motion. The vote: All "aye"...

At this time, Mayor Bauman presented a Certificate of Merit (See item 6, page 1) to Mr. John D. Waliczek, in recognition of his outstanding contributions to the field of newspaper reporting for the Gladstone and Northland areas. Mayor Bauman advised that Mr. Waliczek will be moving to Gallup, New Mexico as Editor of a paper there, and wished him well in his future endeavors.

* * *

Item 16 continued: (b) Consideration of a building permit for the Metropolitan Savings Association; new building to be located at 7103 North Oak Street. There were several representatives present to show the plans to the Council, none of whose names were given to the Clerk. The plans were presented and explained, after which Mr. Walker moved to grant such building permit to Metropolitan Savings Association with the conditions that (1) they curb and gutter the SW side of the property line, and also widen and pave 10 feet on the east side of North Oak Street, and Mr. Davis seconded the motion. The vote: All "aye".

* * *

Item 11 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-77, accepting the highest and best bid for two City-owned trucks, i. e.: \$200 for one 1942 GMC 2½ Ton truck, and \$1,350 for one 1954 5-Ton Mack Truck, for a lot bid in the amount of \$1,600.00. Mr. Kleiner seconded the motion. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-78, authorizing the City Manager to accept the bid of Inland Industries, Inc., for asphaltic concrete at a cost of \$7 per ton and curb and guttering replacement at a cost of \$5 per lineal foot, for a total cost of \$59,500.00, said bid to meet all specifications and contract documents, as provided in the proposed 1969 Street Program. Mr. Walker seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: Mr. Walker moved to adopt Resolution No. R-69-79, authorizing the City Manager to accept certain streets in Stratford Park, Third Plat, from Bowen Construction Company. Mr. Davis seconded. Mr. Walker asked the Acting City Manager, Mr. Anderson, if all was in order... Mr. Anderson reported that the reputation of this company was good; that the workmanship was good and the bond and affidavit of maintenance were all proper. Mr. Walker asked about the specifications which were to be upgraded, per a request from Councilman Wurst some time ago. He said that it was his feeling that 8" overlay would increase the life of the streets. Mayor Bauman asked the Acting City Manager, Mr. Anderson, to work with the City Counselor in working up and presenting an interpretation of proper street specifications to be given to the Council. The vote: All "aye".

* * *

Item 15 on the Agenda: Acceptance of Water and Sewer Financial Report for 12 months ending June 30, 1969. Mr. Walker moved for such acceptance. Mr. Davis seconded. The vote: All "aye".

Under Item 17, "Other", Mr. Walker moved that the Park Board make and submit a study and report on the needs and requirements on baseball fields and play areas in the City of Gladstone, and that such information be made available prior to the Budget for 1970-71 Budget. Mr. Kleiner seconded this motion. In addition, it was suggested that Mr. Jack Boyce, Realtor in the area, be asked to attend the next Council meeting with the idea that he might be aware of various locations in the City which would serve as additional play areas. The vote: All "aye".

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:15 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
25 AUGUST 69

R E S U M E

MINUTES
ACCEPTED

The Minutes of the regular Council meeting of August 11, 1969, were accepted as presented. (4-0)

PUBLIC
HEARING

Mr. Clyde W. Starr, Applicant, withdrew his application for rezoning from R-1 to R-3, property located at approximately 67th Place and N. Holmes, Bolling Heights.

PRESENTATION

Mayor Bauman presented a Certificate of Merit to Mr. John D. Waliczek for outstanding contribution to the field of newspaper reporting for the Gladstone and Northland areas.

REZONING
APPROVED

Second reading approved and third reading held. Bill No. 69-48, approving rezoning from R-1 to CP-3, property located at approximately 607 NE 69th Street, was enacted as Ordinance No. 1.699. (3 aye - 1 no.)

REZONING ACTION
DEFERRED

Action on Bill No. 69-56, approving rezoning from R-1 to CP-3, property located at approximately the NW corner of 59th & N. McGee, (Mr. Fred Angle, Applicant) DEFERRED. (3 aye - 1 no)

REZONING ON
DOOLITTLE
PROPERTY

Bill No. 69-57, approving rezoning from C-2 to C-3, property described as being located at approximately 7208 North Oak Street, given first reading. (4-0)

RESOLUTION ON
TRUCKS FOR SALE

Accepting bid for sale of certain trucks belonging to the City. Resolution No. R-69-77, ADOPTED. (4-0)

RESOLUTION
ON TRAFFIC
SIGNAL

Authorizing the City Manager to enter into a contract for the installation of a traffic control signal to be placed at the entrance of 67th Street and North Oak Street Trafficway. ADOPTED. (4-0) (R-69-76)

RESOLUTION
ON ASPHALT
RESURFACING
WORK

Accepting bid for asphalt resurfacing in 1969 Street Improvement Program, from Inland Industries, Inc., for a total bid of \$59,500. (Resolution No. R-69-78) ADOPTED. (4-0)

RESOLUTION
ACCEPTING
CERTAIN STREETS

Authorizing acceptance of certain streets for maintenance in Stratford Park, THIRD PLAT, from Bowen Construction Company. (Resolution No. R-69-79). ADOPTED. (4-0)

WATER AND SEWER
FINANCIAL REPORT
FOR 12 MONTHS
ENDING June 30, 1969.

ACCEPTED. (4-0)

CERTAIN BUILDING
PLANS ACCEPTED

(a) Northside Church of Christ, 5114 Old Pike Road, building plans accepted. (4-0) (with certain stipulations)

(b) Metropolitan Savings Association, 7103 North Oak Street, plans accepted. (4-0) (with certain stipulations)

Betty Y. Johnson, City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

3 September 1969

The regular meeting of the Gladstone City Council was called to order by the Mayor, Mr. Ed Bauman, at 8:00 P.M., Monday, September 8, 1969 in the Council Chambers of the Gladstone City Hall. Those present were Councilmen Wurst, Walker, Davis and Mayor Bauman. Mr. Kiehn was out of the City. Also present were Mr. David Olson, City Manager, Mr. John Duds, Assistant City Counselor, and Mrs. Joyce Seever.

Reverend Ray King, Pastor of the Hillside Christian Church, gave the invocation.

Item 3 on the agenda was a Resolution appointing an Acting City Clerk.

Mr. Davis moved that the Council adopt Resolution R-69-80 authorizing Mrs. Joyce Seever to act as City Clerk in the absence of Mrs. Johnson. Mr. Walker seconded the motion. The vote: All "Aye".

Item 4 on the agenda was acceptance of the Minutes of the Regular Council Meeting of August 25, 1969.

Mr. Walker moved that the Minutes of the Regular Council Meeting of August 25, 1969 be approved as submitted. Mr. Davis seconded the motion. All voted "Aye", with the exception of Mr. Wurst who passed.

Item 5 on the agenda was a Public Hearing on a request to rezone from R-1 to CP-3 certain property located at approximately the Northeast corner of 64th and North Prospect. (Applicant, Prospect Plaza, Inc.)

Mr. Max VanErdenbrocht, Attorney in North Kansas City, spoke as the Applicant's representative. He stated that one of the moving factors in asking for CP-3 zoning was so that the City would maintain some direct influence in the efforts to develop this piece of ground. He said they propose to follow the site development plan presented. On the east edge of the approximately seventeen acres, they propose to set aside approximately four acres for a park, as they felt it made the application attractive to both the City and the people living around the area. He said the area was once proposed for park purposes, and it would provide a buffer zone between the planned development and the neighboring residences.

Mr. VanErdenbrocht said when the application came before the Planning Commission there was some apprehension that maybe the City would not want a park there. The applicant is quite willing to keep the property but thought the City would want the park land. The applicant could, if desired, retain title to the land and restrict the use for park purposes. The applicant would put in the first facilities and improve the park. He also indicated the Planning Commission expressed concern about a water drainage problem. He said there was a problem there now. They had made an effort to investigate this problem; that the present culvert under Antioch Road which drains that area is stopped up and operating at probably only one-third capacity. He said Mr. Charles Logan had studied the problem, and if the culvert is cleared out, it would handle more than the drainage from that land area. Regarding the quantity of dirt to be moved, he felt this would not present a

September 8, 1969

problem, as there was a shortage of dirt in Gladstone. He said someone had mentioned the destruction of trees, and he felt that any approach to development would try to save as many trees as possible, particularly in the park area.

Mr. VonErdmannsdorff said with regard to the opposition expressed about the lake, they are willing to delete this from the plans if the Council so desires. He said they would be willing to work with the City on any suggestions for changes in the present plans. He said the Land Use Map shows this area as proposed for multiple family dwellings.

Mr. Walker asked if the applicant intends to give a permanent public easement to provide access to the park area.

Mr. VonErdmannsdorff said they proposed to give to the City an easement next to the church for access to the park area.

Mr. Davis asked about the buildings marked A, B, and C.

Mr. Walker LaBrunnerie, Kansas City North, said the buildings in question on the plot plan can be used either as offices or retail buildings. They felt these would form an ideal buffer area between the commercial area and the residential area. The main commercial part of the shopping center does orientate itself toward the south and somewhat towards the west.

Mr. Dods asked if they proposed that the park property would be in fact dedicated to the City.

Mr. VonErdmannsdorff said yes; he stated the Planning Commission did not know whether it was a gift or would become an impediment to the City. He said they propose to give it to the City unless the City does not want it, in which event they would be happy to keep it.

Mr. Davis said C-0 zoning could be satisfactory in the area proposed for buildings A, B, and C; where the shops and super market would be, CP-1 or CP-2 would be satisfactory. He asked why they requested CP-3 zoning.

Mr. VonErdmannsdorff indicated they had requested the CP-3 zoning because they felt it would be received more favorably.

Mr. LaBrunnerie said the nearest competitive tract to this is zoned CP-3, which is on the south side of Antioch Road; they felt they should have the same zoning as the other tract, as it would be more competitive for their tenants.

Mr. Charles Logan, Gladstone, said the question of the Planning Commission concerning the water run off of the proposed development into the present box culvert could be solved if the box culvert were cleaned out. The study he made was based on a fifty year period; the Subdivision Ordinance called for twenty-five year frequency. The present box culvert is a State Highway design and in checking he found it is probably designed for a 100-year frequency.

Mayor Barmes asked what effect the drainage would have on the property to the south.

Mr. Logan indicated it would have none; he understood that Curry has designed the ditch on the south side of the culvert to take care of the run off.

September 8, 1969

Mr. Walker asked Mr. Logan if his computation were made without taking into consideration the storage capacity of the pond. Mr. Logan said the computations were based on no pond being there at all, and that he had suggested they delete the pond because it would be more of a maintenance problem than a solution to the drainage problem.

Mr. VonErdmannsdorff said the park plan was designed by Hare and Hare and they conceived the pond initially; they are willing to eliminate the pond.

Mr. Charles Cooper, 6502 North Bellefontaine said they see the park as a sugar coating on a pill; it does sound nice but they are talking about an area that does not lend itself to a park. He said it is a long wooded area with a ditch along the middle and a creek running through. When there is a large rain, a lake about the size of a football field forms. He said the terrain is very irregular. He said there would be considerable "traffic" from persons walking through their yards.

Mr. Davis suggested that the City consider the possibility of employing a landscape architect as a temporary consultant to determine what the City's interest is, whether the 4.5 acre park would be an asset or a liability to the community.

Mr. Wurst asked if the objections were solely with the park proposition and not with the zoning.

Mr. Cooper said they disapprove of the zoning request because they feel it would be better as a housing development. He felt there was enough commercial zoning in the area; black-topping of the surface would create more drainage problem; and that there was already enough traffic there now.

The Public Hearing was closed.

* * * * *

Item 6 on the agenda was a Public Hearing on a request to rezone from R-1 to C-2 certain property located at approximately 7120 North Prospect. (Applicant, Mr. Frank Sabatini.)

Mr. Richard McFadden, Attorney in North Kansas City, represented the applicant. He said the applicant intended to construct a shopping center and a Champlain service station, which will only sell gasoline. The shopping center would house a Colonel Sanders Chicken business, and 7-11 has also contacted them. He said they were willing to work with the City Engineer regarding traffic and drainage. He said Mr. Sabatini was willing to build almost any type of buffer zone within reason between the center and the residences to the west. He said they planned to have the center blend with the homes to the west as much as possible. The cost of the project would be approximately \$250,000. The comprehensive plan shows this area for commercial zoning.

Mr. K. McFarland, Regional Real Estate Representative of Champlain Petroleum Company, Prairie Village, Kansas, said the service station would be strictly what they call an express stop - no stalls, no bays, no service work; they would sell gasoline and minor accessories only on the driveway. It would be operated on a commission-dealer contract so that they could control the operation.

Mr. McFadden said there had been a petition presented opposing the rezoning. A

September 8, 1969

number of these people who he had contacted said they wanted to be included in the rezoning. He said if they want to rezone their property, it is their prerogative.

Mr. Harold Wilcox, 2403 East 72nd Street North, said they had talked with Mr. Sabatini last week and he mentioned he might go to a 7 foot buffer fence. He said all of the area proposed for commercial zoning here drained through his yard, and at the lowest point during a heavy rain there would be 4.5 feet of water standing. He said this area had been proposed for commercial use because No. 1 Highway was to come up through here, and he understood at the last Council Meeting that the Highway as now proposed would not come this far north.

Mrs. Talhou Wilcox, 2403 East 72nd Street North, said they were informed by the Planning Commission there was not enough room for this type of planning on that corner; that Mr. Dowd had said they needed 660 foot on that corner and there is only 330 feet. They do not see how all of the proposed buildings could go in that small area. She mentioned there would be a traffic problem; that a number of the people from the apartment project located near this corner would come to the area to shop. She said they definitely are opposed to the rezoning.

There being no one else desiring to speak concerning the rezoning matter, the Public Hearing was closed.

Under Item 7, there were no communications from the Audience.

Item 8 was Communications from the City Council.

Mr. Davis said he had read the minutes of the Park Board and they were quite concerned about the loss of the telephone at the Community Building; he would like to see something done about this matter. He felt the Council should consider the drainage problem at 6901 North Central. He requested the City Manager to get the City Engineer to come up with a recommendation for a permanent solution to this problem and a recommendation as to the City's function and the property owner's function at this location. He also asked that the developer who placed trees on the City's property on Flora be requested to remove them, and that the City clean up the park property at this location.

Mayor Bauman read a letter from Mrs. Marily Vaughn, 7103 North Olive, thanking the Public Safety Department for their efficiency on July 31 when she called for an ambulance.

Mayor Bauman invited everyone to another Mayor's breakfast to be held at Regan's Restaurant, Friday morning, September 12 at 7:00 a.m.

The Mayor also asked everyone to think seriously about Senator Dierksen's death and what he had done for our country, and remember him in their prayers this week.

Item 9 on the Agenda was communications from the City Manager.

Mr. Olson recommended that Item 20 on the agenda be deferred as the Engineering Department indicated the streets were not complete. He also recommended that Item 22 be deferred as the City Counselor's office had indicated this was a

September 8, 1969

little premature for the hearing which would be held after construction is completed. He asked that a Resolution authorizing execution of Water Main Contract No. 107 be added to the agenda.

Mayor Bauman advised Councilmen of the meeting Tuesday night at 8:00 p.m. with the Village of Oakwood Park; also of a meeting Thursday night at 8:00 p.m. with the City Engineer pertaining to street specifications.

Mr. Olson said the City Counselor had advised it might be necessary to call this as a Special Council Meeting.

Mayor Bauman thereupon called a Special Council Meeting for 8:00 p.m. Thursday evening, September 11, 1969.

The Mayor called a recess at 9:15 p.m.

The meeting reconvened at 9:40 p.m. with all present.

Item 10 on the agenda was the First Reading of Bill No. 69-56, an ordinance to approve a request to rezone from R-1 to C-3 certain property located at approximately the Northwest corner of 59th and North McGee. (Applicant, Mr. Fred Angle.)

Mr. Davis moved that Bill No. 69-56 be placed on its first reading; Mr. Walker seconded the motion.

Mr. Davis said there was a legal petition which had been received against the proposed rezoning that contained four names; he asked if these were all members of the Birt family. A check revealed this to be the case. Mr. Davis mentioned that the Attorney for the Birt family had suggested CP-3 zoning would be more acceptable than C-3 zoning.

Mr. Dods advised that approval of the request would take at least four yes votes by the Council.

Mr. Phil Snowden said they would prefer to have CP-3 zoning than C-3, but they would rather see it zoned C-0 or something of that nature; if the only choice were C-3 or CP-3, they would prefer CP-3.

Mr. Wurst asked if CP-3 zoning would be acceptable to Mr. Angle. Mr. Davis said he had asked Mr. Angle and Mr. Angle indicated it would be acceptable.

Mr. Wurst asked if the requirements of CP-3 were satisfied.

Mr. Davis said the procedure they had used in the last passage of CP-3 zoning was to see whether it could be read twice, and then re-analyze it to see if there were further improvements requested by the Council. He said he would like to see some changes on the plan if it is approved for CP-3 zoning before it is enacted as an ordinance.

Mr. Olson said the Zoning Ordinance stipulates that prior to final reading the Council must have a plan; he indicated he had the site plan.

Mr. Wurst said his question concerned having a CP zoning request when the public hearing had called for C-3 zoning.

September 8, 1969

Mr. Davis said he understood CP-3 zoning would be down-zoning, so it could be done.

Mr. Dods said it is a matter that is not entirely clear from the zoning ordinance, but they had taken a position that if the request is for a lower type of zoning and there is a public hearing and public notice incidental thereto, and if it is a modification to a higher zoning of a more restrictive nature, that upon approval of the plan, all of the requirements of notice have been met, and there is no need for republication or rehearing for the more restrictive zoning.

Mr. Wurst said the Council has normally taken the position they request CP-3 zoning to enable them to have greater control over the site development, which is true; however, CP zoning also gives the Council the right to waive minimums, which he felt goes the other way from being restrictive to being more permissive. So he asked if they were up-zoning or down-zoning.

Mr. Dods said what he is talking about is the land usage; the usage is a more restrictive type usage because they are permitting only that shown on the plan under a CP zoning. Under C-3 zoning a person could put in anything permitted under C-3 zoning.

Mr. Wurst asked if the petition would be withdrawn if CP-3 were the request. Mr. Snowden said it would not.

Mr. Angle said the CP-3 zoning would be all right with him so long as the item regarding the road is taken care of.

The vote: All Ayes.

The Clerk read the Bill.

Mr. Davis moved that the Council accept the First Reading of Bill No. 69-56 and place it on its second reading. Mr. Walker seconded the motion.

Mr. Wurst said apparently there has been considerable discussion on the request with very few satisfactory answers. He asked Mr. Angle about the property to the south which was used previously, and what use was now planned for it.

Mr. Angle said it was included in his written presentation to the Council.

Mr. Wurst said his concern was that there had been a change in Mr. Angle's plans which he was sure was legitimate, but that the City Council in this type of activity becomes almost an ancillary partner in land speculation. He felt it put the Council in a bad position, as far as he was personally concerned since he was personally involved on the previous rezoning with Mr. Angle's plans at that time. Mr. Wurst indicated that before he could vote for this rezoning, he would have to have something concrete on the use of the ground to the south.

Mr. Angle said when he appeared some 18 months ago he was going to put the body shop on the back side of the adjacent property; they were going to take on Porsche at that time and were signed as a dealer. In November last year that Company merged and Kansas City was designated as a one-dealer town, so that Mr. Angle would have to wait for the second dealership. He said it would probably be another three years. If he put the 17,000 sq. ft. building on the land to the south as required by the Company, there would not be enough room for the body shop. He said he had never speculated on land in Gladstone; if he had wanted to sell the property, he could have done so a number of times. The present body shop

is not adequate. He said he thought the plans submitted would be an asset to the City and to him.

Mr. Wurst asked if he thought it would be three years then before he anticipated the Porsche dealership. Mr. Angle said it could be that long, maybe sooner. They will not be brought into this country until the last of this year.

Mr. Wurst asked if he were not going to sell the property; Mr. Angle said it was not for sale and has never been for sale.

Mr. Davis said he felt the issue was whether or not there is a valid justification for rezoning this property; he said he was convinced this is good zoning, that the property is surrounded by R-1, C-3 and M-1.

Mr. Bauman said the previous rezoning request for C-3 zoning was to use the present structures; he felt this present request was more logical.

Mr. Wurst said that based on Mr. Angle's statement he will not sell the property to the south and also on his history of performance in the City, he would be in favor of the request.

The vote: All "aye".

* * * * *

Item 11 on the Agenda was the First Reading of Bill No. 69-60 authorizing the execution of a Cooperative Contract with the Clay County Court for preparation of tax bills.

Mr. Olson said although it is difficult to estimate the cost to the City, they feel a good estimate would be about ten cents a tax bill. This is a substantial increase over last year's cost.

Mr. Dods said the proposal is an addendum to the agreement of last year and provides for a November 15 delivery date.

Mr. Davis moved that Bill No. 69-60 be placed on its First Reading. Mr. Walker seconded the motion.

The vote: All "aye".

The Clerk read the Bill.

Mr. Davis moved that the Council accept the First Reading of Bill No. 69-60 and it be placed on its second reading. Mr. Walker seconded the motion.

The vote: All "aye".

The Clerk read the Bill.

Mr. Davis moved that the Council accept the Second Reading of Bill No. 69-60, to waive Section 20(d)(2) of Ordinance No. 1.83 and place it on its third and final reading. Motion seconded by Mr. Walker. All voted "aye".

The Clerk read the Bill.

September 8, 1969

Mr. Davis moved the Council accept the Third Reading of Bill No. 69-60 and enact it as Ordinance 1,700. Motion seconded by Mr. Walker.

The vote: All "Aye".

Item 12 on the agenda was the Second Reading of Bill No. 69-57, an ordinance approving a request to rezone from C-2 to C-3, property located at approximately 7208 North Oak Street. (Applicant, Charles Doolittle)

Mr. Walker moved that the Council accept the First Reading of Bill No. 69-57 and place it on its second reading. Mr. Davis seconded the motion.

The vote: All "Aye".

The Clerk read the Bill.

Mr. Walker then moved that the Council accept the Second Reading of Bill No. 69-57, waive Section 20(d)(2) of Ordinance 1,83, and place it on its third and final reading. Mr. Davis seconded the motion.

The vote: All "Aye".

The Clerk read the Bill.

Mr. Walker moved that the Council accept the Third and Final Reading of Bill No. 69-57 and enact it as Ordinance 1,701. Mr. Davis seconded the motion.

The vote: All "Aye".

Item 13 on the Agenda was the First Reading of Bill No. 69-58, an ordinance to accept Standard Sanitary Sewer Easement from Gibon Enterprises, Inc.

Mr. Davis moved that Bill No. 69-58 be placed on its First Reading. Mr. Walker seconded the motion.

The vote: All "Aye".

The Clerk read the Bill.

Mr. Davis moved the Council accept the First Reading of Bill No. 69-58 and place it on its second reading. Mr. Walker seconded the motion.

The vote: All "Aye".

The Clerk read the Bill.

Mr. Davis moved the Council accept the Second Reading of Bill No. 69-58, waive Section 20(d)(2) of Ordinance 1,83, and place it on its Third and Final Reading. Mr. Walker seconded the motion.

The vote: All "Aye".

September 8, 1969

The Clerk read the Bill.

Mr. Davis moved that the Council accept the Third Reading of Bill No. 69-58 and enact it as Ordinance 1.702. Mr. Walker seconded the motion.

The vote: All "aye".

Item 14 on the Agenda was the First Reading of Bill No. 69-59, an ordinance to accept Standard Storm Sewer Easement from Gibson Enterprises, Inc.

Mr. Davis moved the Council place Bill No. 69-59 on its First Reading. The motion was seconded by Mr. Walker.

After further discussion, Mr. Davis moved to change his motion to defer action on the Bill until it can be researched further. Mr. Walker seconded the motion.

Mr. Wurst asked the City Engineer to check into this matter of approving an easement for a storm drain.

The vote: All "aye".

Item 25(a) was next given consideration by the Council, being a request for approval of the building plans for MacDonalds' Restaurant at 7412 North Oak Street.

Mr. Walker moved the Council approve the building plans of MacDonalds' Restaurant further identified as Job No. D-5, dated June 1, 1969, on the cover sheet of said plans, and that the Council authorize issuance of a building permit for same. Mr. Davis seconded the motion.

The vote: All "aye".

Item 15, the Third Reading of Bill No. 69-38, an ordinance approving the Final Plat of the 6th Plat of Carriage Hills, and Item 16, the Third Reading of Bill No. 69-39, an ordinance apportioning the Main Sewer Assessment for Carriage Hills, 6th Plat were considered by the Council.

Mr. Dods said because these have been on the Agenda so frequently, he again called Mr. Jim Campbell regarding the situation on sidewalks in Carriage Hills, 5th Plat. Mr. Campbell advised him that he thought, but did not know, that letters to the property owners concerning sidewalks had been sent out. Mr. Campbell further advised him that he did not care if there was any action on the Plat at this time, and did not care if it was deferred until after January 1. There was an agreement between Peterson and the property owners when the lots were sold that they would put in the sidewalks. Mr. Dods recommended that these two items be tabled, and that the Council then look at Carriage Hills 5th Plat as a separate entity.

Mr. Wurst asked if the property owners now could refuse to build the sidewalks. Mr. Dods said the houses were built without compliance to the Subdivision Ordinance. The fact that he has an agreement with the property owners that they will put in the sidewalks probably does not relieve him of putting in the sidewalks. Mr. Dods

September 8, 1969

suggested that the Council formally table these bills.

Mr. Davis moved that the Council table Bill No. 69-38 and Bill No. 69-39. Mr. Walker seconded the motion.

The vote: All "aye".

* * * * *

Item 17 on the Agenda was a Resolution authorizing acceptance of a bid for sale of certain trucks owned by the City.

Mr. Walker moved that the Council adopt Resolution No. R-69-81. Mr. Davis seconded the motion.

Mr. Wurst asked Mr. Olson what the City was going to do with the snow plow. Mr. Olson advised it would be advertised for sale later on this winter.

The vote: All "aye".

* * * * *

Item 18 on the Agenda was a Resolution authorizing the acceptance of Change Order No. 2., work performed on Water Well No. 3, and authorizing final payment to Layne Western Company.

Mr. Davis moved that the Council adopt Resolution No. R-69-82. Mr. Walker seconded the motion.

The vote: All "aye".

* * * * *

Item 19 on the Agenda was a Resolution authorizing acceptance of a Bid from Crane for 100 Cold Water Meters.

Mr. Davis moved the Council adopt Resolution No. R-69-83. Mr. Walker seconded the motion.

The vote: All "aye".

* * * * *

Item 20 on the Agenda authorizing acceptance of certain streets for maintenance in Glaywoods Subdivision was deferred as requested by the City Manager.

* * * * *

Item 21 on the Agenda was a Resolution providing funds for and authorizing payment of expenses connected with the Hamilton Heights Lateral Sewer District No. 2 project.

Mr. Walker moved that the Council adopt Resolution No. R-69-84. Mr. Davis seconded the motion.

The vote: All "aye".

* * * * *

September 8, 1969

Item 23 on the Agenda was a Resolution authorizing the Payment of Commissioners' Award and Court Costs.

Mr. Davis moved that the Council adopt Resolution No. R-69-85. Mr. Walker seconded the motion.

The vote: All "aye".

Item 24 on the Agenda was acceptance of the Cash Disbursements Reports for the Water and Sewer Department, and the General Fund for the month of August, 1969.

Mr. Olson advised he should have the completed engineering study on the sludge problem at the Treatment Plant no later than the first of next week.

Mr. Davis moved that the Council accept the Cash Disbursements Reports for the Water and Sewer Department and the General Fund for the month of August, 1969. Mr. Bauman seconded the motion.

The vote: All "aye".

Item 25(b) on the Agenda was consideration of the execution of Water Main Contract No. 107.

Mr. Walker moved that the Council adopt Resolution No. R-69-86. Mr. Davis seconded the motion.

The vote: All "aye".

Item 25(c) on the Agenda was consideration of a Resolution authorizing the City Counselor to File an Appeal in certain condemnation proceedings.

Mr. Davis moved the Council adopt Resolution No. R-69-87. Mr. Walker seconded the motion.

The vote: All "aye".

Item 25(d) on the Agenda was a Resolution authorizing the City Manager to Execute a Stipulation in Connection with certain condemnation proceedings.

Mr. Davis moved that the Council adopt Resolution R-69-88; Mr. Walker seconded the motion.

The vote: All "aye".

Upon motion duly made and seconded, the meeting adjourned, 11:30 p.m.

Respectfully submitted,

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI
11 SEPTEMBER 69

A special meeting of the Gladstone City Council was called to order by Mayor Edward J. Bauman at 8:00 P.M., September 11, 1969, at the Gladstone City Hall. Roll was called. Present: Councilman Kleiner, Councilman Wurst, Councilman Walker, Councilman Davis, Mayor Bauman.

In the absence of the City Clerk, Mr. Davis moved to appoint the City Manager, Mr. David H. Olson, as Acting City Clerk. Mr. Kleiner seconded the motion. The vote: All aye.

At this time the City Manager informed the Council members that the sewer condemnation case business which was to have been the item for discussion at this meeting had been taken care of at the close of the last Council meeting. After a short discussion, Mayor Bauman moved that the meeting be adjourned. Councilman Davis seconded. The vote: All aye.

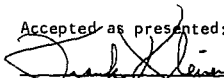

As there was no further business to come before this meeting, it was adjourned at 8:10 P.M.

Respectfully submitted,

David H. Olson
Acting City Clerk

Accepted as presented:

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
22 SEPTEMBER 69

Ed Bauman

The regular meeting of the Gladstone City Council was convened at 8:00 P.M. on Monday, September 22, 1969, at the Gladstone City Hall in the Council Chambers. Roll was called. Present: Messrs. Kleiner, Wurst, Walker and Davis. Mayor Pro-Tem Frank Kleiner presided in the absence of Mayor Ed Bauman who was out of the City and unable to attend. The City Manager, The Assistant City Counselor and the City Clerk were also present, as were members of the press. The Invocation was given by Reverend Robert Bell, Pastor of the Fairview Christian Church.

Item 3 on the Agenda: The Minutes of the regular meeting of September 8, 1969, and of the Special Meeting of September 11, 1969, were accepted following a motion made by Mr. Davis and seconded by Mr. Walker. The vote: Mr. Kleiner passed the vote for the Minutes of the 8th, voted aye for the Minutes of the Special meeting of the 11th; Mr. Wurst, aye, Mr. Walker, aye, Mr. Davis, aye.

Item 4 on the Agenda: Public Hearing on a petition to vacate a portion of North Main Street from the south line of 61st Street North, to the north line of 60th Terrace North. Mayor Pro Tem Kleiner opened the Public Hearing, asking if there were anyone to speak in favor of such vacation. Mr. M. L. Hart, 6003 NE Bircain Place, one of the petitioners for the vacation, appeared and directed his comments to the Mayor Pro Tem and the other Council members. He explained that he was interested in building a house on Lot 22, as it now stands; that the plans he had would not fit onto Lot 22 as it is; that he felt the nature of the terrain of that land was not right and that the vacation of that portion of the street would be necessary in order to help alleviate the existing situation; that none of the utility companies had any objection to the proposed vacation and that they had, it was his understanding, submitted letters to the City so stating.

No one appeared in opposition to the request. The Mayor Pro Tem closed the Public Hearing.

Item 5 on the Agenda: Communications from the Audience. Mr. Lynn Allen, 302 NW 50th Street, addressed the Council stating that he wished to express his thanks to the City for the part they took in promoting the Western Round Up and for the help received in the Parade. He said he was also interested in helping promote the football field in Central Park, and would be interested in knowing what steps have been taken by the Council; that he would like to suggest the appointment of a lay committee to look into the matter and to do something about it; that he felt the City could do it if they wanted to if the City was behind it...

Councilman Richard Davis said that the Council was working on the matter at the present time; that Mr. Jack Boyce had been investigating parcels of land in the City which might lend themselves to being temporary playing fields; that about 3 months ago Councilman Walker had asked for a report on this matter prior to the presentation of the next fiscal budget so that funds could be incorporated into the budget for the development of land for this purpose; that he had a motion ready for presentation at this evening's meeting in this regard.

Mr. Ray Heslop, 6509 North Michigan, addressed the Mayor Pro Tem and the Council saying that he was "fed up" with lay committees; that temporary play areas are "zilch" as far as he was concerned; that he had made recommendations to the Park Board and to the Council; that he will continue to come to Council meetings and

on a pretty regular basis; that he believed the City is falling behind in providing facilities for youth; that if we are to become the kind of City we want to be, we must provide a means of guiding the youth of today in expending their energies in a constructive manner; that we have filled up the City with "bodies" and have overlooked the need for activity for the young people and that the City needs to check out the interest factor with a poll; that he would ask the news media to cooperate in appealing to the people of Gladstone as to finding out just what their interests are in providing our young people with proper play fields, etc. He said, further, that he didn't feel the City was taking care of what they have, let alone building more; that we are spending money on buying more parks and not taking care of nor completing ones we already have and he asked on whose authority money was spent on purchase of a new park; that he had found that the Park Board is not an official body and could not act over the Council; that he felt the need is now, not far into the future; that he did not believe the City should put money into "88th and ploughed ground" for the future but expend money now, not later; that, if necessary, he would call for donations; that he would pass the hat; that the City should consider providing a place or places for the kids of today to play their investment return; that the City should get on with it and get it done now... (Clerk's note: Mr. Heslop read from a document which he had prepared and although a request was made to Mr. Heslop for a copy of said document but none was forthcoming)... (See Attachment)

Mr. Hobart Mason also addressed the Council saying that there was only one decent field in the City and over 2,000 boys who play.

Mr. Lonnie B. Carpenter, 5911 North Michigan, addressed the Council saying that this City is "letting their merchants maintain their youth".....that the merchants are putting out tremendous amounts of money toward uniforms and other means of supporting the youth of the City; that an attempt had been made to get lighting into Englewood Park, but that it had been said by Kansas City that they had no interest in lighting their park for Gladstone kids.....

Mr. James Hines, 5908 North Michigan, addressed the Council, saying that he represented a fairly new sport in the area; that his interest was in soccer; that he had been surprised to learn and that it was a real revelation to him to learn how few places there were for team activity in this area; that soccer was drawing much more interest now than ever before; that there had been only 15 teams when they began in the United States and that now there are over 58 teams throughout, but that there are no facilities in Gladstone and that he would like to put his "pitch" in for the development of a multi-purpose field as this would go right along with football.

Mr. Richard Davis, Councilman, advised that there had been great concern in the Council regarding the Flora Park development; that he would like to propose that the City hire a consultant to look into the matter, and he made the following motion: "I move that the City Manager be authorized to expend an amount not to exceed \$1,500 for the services of Harvey Rubenstein, a landscape architect with the firm Architects and Planners Collaborative, the services to be performed: (1) Prepare a sketch plan for the development of Flora Park including cost estimates; (2) Analyze the feasibility of acquiring lands directly East of Flora Park and across North Flora for development as a park. If the consultant finds such development feasible, he will recommend the amount of land to be acquired; estimate the cost of land and development, and prepare a preliminary sketch plan; (3) Analyze the land proposed for park usage in the pending application for a zoning change from R-1 to CP-3 at 64th and North Prospect. The consultant will recommend that the City either accept

or reject the offer of park lands, and if the recommendation is "to accept", the consultant will analyze the proposed development and will prepare an alternate preliminary plan if warranted. The work item will be completed and submitted to the City Manager prior to October 13, 1969. In performing these services, the consultant will stress the provision of baseball diamonds suitable for the youth programs conducted in the Gladstone area." The motion was seconded by Mr. Walker. Mr. Walker said he believed the City needed the advice of professional people to aid and advise us.

Mr. Kleiner said that this may be a step in the right direction; that he doesn't know whether this would solve the problem.

Mr. John Cods, Assistant City Counselor, asked from what source the money requested was to come, and said in his opinion this should be incorporated into the motion.

The City Manager said such money would come from the Park and Recreation fund.

Mr. Lynn Allen again asked permission to address the Council on this matter. He said that there has already been enough money spent on consultants and engineering study fees to pay for 50 parks; that the City had its own engineer who could or should certainly be able to come up with a plan such as is needed.

Mr. Heslop again addressed the Council saying that \$1,500 would be a good kick-off amount and that they would be glad to have this amount dropped into their fund to get their project "off the ground".....that with the problem that exists on insufficient parking, this amount of \$1,500 would go far to help start taking care of some of the problems that now exist.

Mr. Davis explained his motion saying that with such a study, the City could move ahead from budget time, in order to get expansion funds and that this would be a good investment for the future. In answer to Mr. Dod's suggestion, Mr. Davis amended his motion to say "such amount to be from the Park and Recreation Fund".... this amendment was agreeable with the "second", Mr. Walker. The vote was called: Mr. Kleiner, NO, Mr. Wurst, NO, Mr. Walker, AYE, Mr. Davis, AYE. The motion failed to carry.

At this time, Mr. Walker said he would like to ask the City to see about putting an asphalt walkway on Englewood Road, west of North Oak Street, as the present method of the school youngsters walking in the road was dangerous.

Mr. Kleiner said, in reference to the aforementioned "park problems", this Council is working on the park problems; that there was hardly ever a meeting when the subject was not brought up; that the City is not just "out and out buying parks"...as has been intimated.

As a second item, Mr. Kleiner was generous in his thanks to the Chamber of Commerce for the just-past Western Round Up and said he wanted to tip his hat to all of them for such a fine parade, and that he had noticed that on Sunday, following the parade and all the festivities, he had seen clean-up work; taking down the bunting, the signs, and in general, cleaning up the aftermath of the parade and the activity. He thought they were to be commended on this.

Mr. Walker said, with regard to the proposition to make a study on the park needs which was voted down, he would like to ask the members of the Council who voted against it if they were in favor of spending this money in improving the football

field:

Mr. Kleirer said he felt this needed study by the entire Council; that he wanted the full Council to work on this and do whatever is needed at this time and as soon as possible.

Mr. Davis said it had been discussed with the members of the Council, individually but not collectively.

Item 7 on the Agenda: The City Manager explained that, regarding Item 17, listed as "Acceptance of certain streets for maintenance from Midwest Pre Cote Company", this item had been deferred at the last meeting, and that a new resolution had been prepared for the Council members showing a lesser number of feet on 72nd Terrace North from North Indiana to the east; that this had been shortened by 30 feet and would only go to the property line, excluding the highway right of way. He said that when this portion was ready for acceptance, this would be handled separately.

The City Manager explained that Mr. Wally Beasley of Larkin and Associates would like to explain to the Council members the drawings and plans on the lime sludge thickening plant, and would like to set up a date for such time as would be convenient to get together...that Wally would be available after Thursday evening and it was hoped that such a meeting might be set for a Saturday morning.

The City Manager explained that there was an additional Bill prepared for the Council, which would amend Ordinance No. 1,687, recommending that one of the positions of Major in Public Safety be eliminated and an additional "Lieutenant" substituted in their stead.

Mayor Pro Tem Kleirer advised that the aforementioned matter would be listed for the Agenda as Item 14-a, i.e. - Bill No. 69-65.

Item 8 on the Agenda: Third Reading of Bill No. 69-56 approving a request to rezone from R-1 to C-23 property located at the NW corner of 59th Street and North McGee for Mr. Fred Angle, petitioner. Mr. Davis moved to accept the second reading thereof, and to place said Bill on third and final reading. Mr. Walker seconded. Mr. Davis advised that there had been some minor revisions to the plan submitted by the petitioner. The vote: All "Ayes"...The Clerk read the Bill.

Mr. Davis then moved that the third and final reading of said Bill be accepted and such Bill be enacted as Ordinance No. 1,703. Mr. Walker seconded. The vote: All "A

Item 9 on the Agenda: First Reading of Bill No. 69-59, being an ordinance to accept a Standard Storm Sewer Easement from Gibson Enterprises, Inc. Mr. Wurst inquired of the City Manager if his investigation of the Gibson matter had "turned into anything". Mr. Olson said the storm sewer was not constructed in the same place as the lines; that this was an attempt to get the City's storm sewers up to date...

Mr. Walker moved to place Bill No. 69-59 on first reading. Mr. Kleiner seconded. The vote: All 'aye'. The Clerk read the Bill.

* * *

Item 10 on the Agenda: First Reading of Bill No. 69-60, adopting certain street and storm sewer specifications and repealing an earlier ordinance on the same subjects. Mr. Davis moved to place said Bill on first reading. Mr. Walker seconded. The vote: All 'aye'. The Clerk read the Bill.

* * *

Item 11, scheduled as First Reading of Bill No. 69-61, being an ordinance amending No. 1.372 and relating to a rezoning request for the NE corner of 64th and Prospect, was deferred for more study. Mr. Walker so moved. Mr. Davis seconded. The vote: All 'aye'. Item deferred for more study.

(NOTE: 10 minute recess held)

* * *

Item 12 on the Agenda: Scheduled as first reading of Bill No. 69-62, relating to a rezoning request for 7120 North Prospect (approximately)...The attorney for the petitioners, Mr. Gene McFadin, asked that this matter be deferred, until more information was secured in answer to several inquiries which had been posed earlier. City Counselor Dods suggested that the word "tabled" be inserted replacing the word "deferred", which suggestion was adopted by the Council. Mr. Davis then moved to table Bill No. 69-62, until such definite information is available. Mr. Walker seconded. The Council vote: "All aye"....

* * *

Item 13 on the Agenda: First Reading of Bill No. 69-63 amending Section 1 of Ordinance No. 1.86, relating to debris on City Streets and related items. Mr. Davis moved for first reading. Mr. Walker seconded. The vote: All aye. The Clerk read the Bill. Mr. Davis moved to accept the first reading and to place said Bill on second reading. Mr. Walker seconded. The vote: All aye. The Clerk read the Bill. Mr. Davis moved to accept the second reading of Bill No. 69-63, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. There was no objection from other Council Members. Mr. Walker seconded. The vote: All aye. The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of Bill No. 69-63 and to enact same as Ordinance No. 1.704. Mr. Walker seconded. The vote: All aye.

* * *

Item 14 on the Agenda was scheduled as First Reading of Bill No. 69-64 being for an ordinance to vacate a portion of North Main Street at 61st Street North. Mayor Pro Tem Kleiner moved to defer action on this matter. Mr. Wurst seconded. Mr. Kleiner suggested that the Council meet this coming Saturday morning with Mr. Beasley (Page 4, paragraph 4) at the Water Treatment Plant, and that, prior to that meeting, the Council survey the street vacation site together. This was agreeable to other members. The vote: All 'aye' for deferral.

The City Manager agreed to check with Mr. Beasley to see if this time was agreeable to him and to so advise the Council.

Item 14-A - Added to Agenda. Mr. Davis moved to place Bill No. 69-65 deleting the one position of "Major" and adding an additional position of "lieutenant" to Ordinance 1.687, amending said Ordinance, and establishing pay schedules for the new position...on first reading. Mr. Wurst seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the first reading of said Bill and to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the second reading of said Bill; to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye"...The Clerk read the Bill. Mr. Davis moved to accept the third and final reading and to enact said Bill as Ord. No. 1.705. Mr. Walker seconded. The vote: All "aye".

Item 15 on the Agenda: Councilman Davis moved for the adoption of Resolution No. R-69-89, authorizing the City Manager to accept the low bids of Feld Chevrolet Company, 624 State, Kansas City, Kansas, for a 3/4 Ton Truck and a 1-Ton Truck for the Water and Sewer Departments, and to purchase the 3/4-Ton truck for \$2,580.78 and the 1-Ton truck for \$2,839.59. Mr. Walker seconded. The vote: All "aye".

Item 16 on the Agenda: Councilman Davis moved for the adoption of Resolution No. R-69-90, accepting the repairs to the roof of the Gladstone City Hall made by Worrell Painting Company, and authorizing payment in the amount of \$2,326.00 for said work. Mr. Walker seconded. The vote: All "aye".

Item 17 on the Agenda: Councilman Davis moved for the adoption of Resolution No. R-69-91, authorizing the City Manager to accept the following streets for maintenance: 640 feet of asphalt paving on North Indiana from 72nd Street N. to the north property line, 1,240 feet on 72nd Terrace North from North Indiana to the east; 150 feet on North Sales from 72nd Terrace North, north to the Cul-De-Sac; 300 feet on North Askew from 72nd Terrace North to the north property line; 500 feet on North Monroe from 72nd Street North, north to the Cul-De-Sac, all located in Glaywoods, and constructed by Midwest Pre Cote Company. Mr. Walker seconded. The vote: All "aye".

Item 18 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-92, authorizing the City Manager to Accept a Bill of Sale for Certain Water Main from Damon Pursell Construction Company, and Woods, Hon and Christeson, and authorizing the City Manager to pay the sum of \$2,660.24 for oversized mains as specified in Contract No. 100. Mr. Davis seconded. The vote: All "aye".

Item 19 on the Agenda: OTHER. Mr. Davis advised that with reference to the Council's position on improvements in Central Park, he didn't want anyone to believe that the Council had to wait for suggestions from the Jay Cees; that the Council was anxious

to see something done about it; that he would like to have a resolution introduced at the next meeting to show where the Council stands on Park Development and authorizing the City Manager to spend funds for improvement, which would give the entire Council an opportunity to vote on the idea.

As there was no further business to come before the Council at this time, the meeting was, upon motion made and duly seconded, adjourned by unanimous approval.
Time: 10:45 P.M.

Respectfully submitted,

City Clerk

FOR THE GLADSTONE RECORD....COMMENTS BY RAY HESLOP TO THE CITY COUNCIL
SEPTEMBER 22, 1969:

COMPARATIVELY, GLADSTONE HAS NOT BEEN PROVIDING FACILITIES FOR ITS YOUTH AT THE SAME RATE KANSAS CITY HAS IN THE AREA NORTH OF THE MISSOURI RIVER.

WE ARE SHORT OF BASEBALL DIAMONDS, FOOTBALL FIELDS AND MANY OTHER FACILITIES THAT MAKE ATHLETIC COMPETITION POSSIBLE FOR AN EVER GROWING YOUTH POPULATION.

I UNDERSTAND THAT A MAJOR PORTION OF GLADSTONE'S MILLION-DOLLAR PLUS FISCAL BUDGET IS CONSUMED BY THE COST OF OPERATING A 30-MEMBER PUBLIC SAFETY DEPARTMENT. I ALSO UNDERSTAND JUVENILE DELINQUENCY IN GLADSTONE AND ADJACENT AREAS HAS BEEN ABSORBING AN INCREASING AMOUNT OF THE TIME OF LAW ENFORCEMENT OFFICIALS.

CERTAINLY, THE FACT THAT YOUR PUBLIC SAFETY DEPARTMENT HAS INSTALLED A FULL-TIME JUVENILE OFFICER INDICATES YOUR MOUNTING CONCERN FOR SOCIAL PROBLEMS CAUSED BY YOUTH.

I'M HERE TO SUGGEST TO YOU THAT THESE PROBLEMS CAN BE MINIMIZED BY FOCUSING MORE OF YOUR RESOURCES ON ATHLETIC AND RECREATIONAL FACILITIES FOR YOUTH. IT IS WELL KNOWN THAT THE BOY WHO IS OCCUPIED WITH WHOLESOME ATHLETIC COMPETITION ISN'T GOING TO HAVE TIME TO BECOME A PROBLEM THAT WOULD CAUSE A NEED FOR YOU TO EXPAND LAW ENFORCEMENT AT A GREATER COST.

I'M SURE IF YOU TOOK A POLL OF PARENTS IN GLADSTONE YOU WOULD FIND MOST WILLING FOR THEIR CITY TAX MONEY TO HELP PAY FOR FOOTBALL FIELDS AND BASEBALL DIAMONDS AS WELL AS GENERAL RECREATIONAL FACILITIES.

WE DO NOT FEEL THE CITY HAS BEEN ATTENTIVE ENOUGH TO THE NEED FOR THESE FACILITIES WE FEEL MUST BE PROVIDED IF OUR YOUTH IS GOING TO BE GIVEN A CHANCE TO DEVELOPE.

9/22/69

PAGE 2

I WANT TO ADD THAT WE DO APPRECIATE WHAT THE CITY HAS ALREADY DONE BUT FEEL IT HAS THE RESOURCES TO DO SO MUCH MORE. IT IS ONLY FAIR THAT GLADSTONE PROVIDE ~~FOR~~ FOR ITS OWN YOUTH AND NOT BECOME A BURDEN ON ADJACENT CITIES.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
13 OCTOBER 69

The regular meeting of the Gladstone City Council was called to order by the Mayor, Mr. Edward J. Bauman, on Monday, October 13, 1969, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall.

Present: Councilmen Frank Kleiner, H. R. Wurst, Kenneth Walker, Richard Davis in addition to the Mayor.

Also present were David C. Anderson, Acting City Manager; Mr. John Dods, Assistant City Counselor, and the City Clerk.

The Invocation was given by Reverend Francis Roschke, Pastor of the Holy Cross Lutheran Church.

Minutes of the Council meeting of September 22nd were accepted as presented. Motion made by Councilman Walker; Councilman Kleiner seconding. The vote: All "aye", with exception of Mayor Bauman who passed the vote.

Item 4 on the Agenda: Mayor Bauman presented the engraved silver bowl which was donated by the City of Gladstone to the winning float which appeared in the Western Round-Up Parade. The winners were the Indian Guides from the Y.M.C.A. On hand were Messrs. Glen Lauer and Bill Gorman, with Andy Lauer and Mike, Jeff and Gregg Gorman, as well as Forest Greer with Forest, Mark and Paul. Congratulations were in order and expressed by Mayor Bauman.

An award of Valor was present to Sgt. Ralph Ager, Gladstone Public Safety Department for his part in saving the life of Mr. Wm. Lawhon, 1706 NE 77th Street, in our City. Mayor Bauman explained that Sgt. Ager had accompanied Mr. Lawhon in the ambulance, had recognized the seriousness of Mr. Lawhon's condition and had applied mouth-to-mouth resuscitation, and undoubtedly contributed to Mr. Lawhon's recovery. Mayor Bauman congratulated Sgt. Ager and Chief Robert Harris also added that this type of training was proving to be most effective and had saved lives previously in our City and Chief Harris stated that he was proud of his men and of his Department.

Item 5 on the Agenda: Resolution No. R-69-93, authorizing the appointment of David C. Anderson to act as City Manager, was adopted unanimously.

Item 6 on the Agenda: Communications from the Audience. Mr. Lynn Allen, 302 W. 50th Street North, addressed the Council regarding the curbing at 69th Street and North Oak, the SE corner. He asked why there was no exit onto 69th Street; why there were both ingress and egress on North Oak. The Mayor asked what seemed to be the matter with the curb construction there? Mr. Allen said it looked as though it was in the "middle of the street". This will be checked out.

Mr. Amos Hinkle, 6902 North Lonest, said he had asked the Engineer's Office about the same matter and had been advised that they did not have a copy of the survey sheet in connection with the building of the station which is going in at this location. He said also that there should be an exit onto 69th Street.

Item 7 on the Agenda: Communications from the City Council. Mr. Davis asked for some advice on the 50-foot driveway which is now being used from south to the north in front of Harding-Becker Realty, etc. He said this was in the general area near where the new traffic control light is to be installed. Mr. Davis also commented that, according to ordinance, the City is limited as to the number of curb cuts which can be made in a given area.

Mayor Bauman announced that this evening's Agenda schedules the first reading of an ordinance calling for a special election to put before the people on December 13, 1969, the proposition on the Public Safety Building, the street improvements in the City, and the Improvement Fund, and that this was under the able leadership of Mr. Paul Degehardt and other citizens in the City.

Item 8 on the Agenda: Communications from the City Manager. It was noted that the traffic control signal to be installed at 67th Street and North Oak would be underway within the next ten days.

Item 9 on the Agenda: Mr. Kleiner moved to accept the first reading of Bill No. 69-59, being for an ordinance to accept a storm sewer easement on certain land (North Oaks Subdivision, for Gibson Enterprises, Inc.) and to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the second reading of said Bill and to place it on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the third reading and to enact said Bill as Ordinance No. 1.705. Mr. Walker seconded. The vote: All "aye". (Clerk's note: This ordinance will, out of necessity, have to be numbered as 1.705A, as No. 1.705 had already been used at the last meeting of 9/22/69 and was assigned to an earlier ordinance).

Item 10 on the Agenda: Mr. Walker moved to accept the first reading of Bill No. 69-60, and to place same on second reading. (This is a Bill to repeal Ord. No. 1.172, and adopting certain specifications governing construction of streets and storm sewers in the City). Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of said Bill and to place same on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.706. Mr. Davis seconded. The vote: All "aye".

Item 11 on the Agenda: Mr. Davis moved to place Bill No. 69-61, amending Ordinance No. 1.372, and relating to a rezoning request from R-1, Single-Family Dwelling District, to C-4-3, Planned Commercial District, at approximately 64th and North Prospect, the NE corner thereof, on first reading. Mr. Walker seconded. The vote: All "aye". (Mr. Davis asked if the Council should want to, at a later time, give a "lower" zoning, such as CP-2, would they have to go back to a first reading. Mr. Dods advised he was unable to answer this question without checking into the matter but that he felt, at first glance, this would not be necessary. The Clerk read the Bill. Mr. Davis moved to accept the first reading of said Bill and to place same on second reading. Mr. Walker seconded. Mr. Kleiner asked if there would be just two readings at this meeting, and it was noted, after question, that there had been no petition in protest of the requested rezoning. The vote was called. Mr. Kleiner, Aye, Mr. Wunsr, No, Mr. Walker, Aye, Mr. Davis, Aye, Mayor Bauman, No. The Clerk read the Bill.

Mr. Walker advised that there was to be another meeting prior to the third reading of the Bill, No. 69-61, with the proponents of this rezoning, and with the Park Board. The Acting City Manager, Mr. Anderson, inquired if such a meeting was to be set up at this time. Mayor Bauman suggested that the Council members drop in at the next regular meeting of the Park Board and discuss the matter at that time.

* * * * *

Item 12 on the Agenda:

Mr. Kleiner moved for the first reading of Bill No. 69-64, for an ordinance vacating a portion of North Main Street. Mr. Davis seconded the motion. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the first reading of said Bill and to place it on second reading. Mr. Davis seconded the motion. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the second reading of Bill No. 69-64, and to waive Section 20 (d) (2) of Ordinance No. 1,83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1,707. Mr. Davis seconded. The vote: All "aye".

* * * * *

Item 13 on the Agenda: Mr. Davis moved for the first reading of Bill No. 69-65, for an ordinance creating Lateral Sewer District No. 3, establishing the method of determining the benefits accruing to the lots, tracts and parcels of ground in said district by reason of the construction of lateral sewer improvements therein, and the procedure to be followed in assessing the cost of said improvements against the property so benefited. Mr. Walker seconded. Mr. John Dods, Assistant City Counselor, advised that if the ordinance is enacted, there should be public hearings; it was noted that there had been a request for three readings on this Bill at this meeting, which was so that the engineers could move ahead on the project. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the first reading of said Bill and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the second reading of Bill No. 69-65, to waive Section 20 (d)(2) of Ord. No. 1,83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 69-65, and to enact it as Ordinance No. 1,708. Mr. Walker seconded. The vote: All "aye".

* * * * *

Mayor Bauman called a ten-minute recess.

* * * * *

The regular meeting of the Gladstone City Council reconvened with all members present and accounted for.

Mayor Bauman advised that Item 14 on the Agenda was to be the first reading of Bill No. 69-66, vacating a certain easement no longer required by the City on Lot 36, North Oaks Subdivision.

Mr. Kleiner moved for the first reading of Bill No. 69-66, which authorizes the City Manager to execute and have recorded a "Release of Sewer Easement" on a strip of land ten feet in width, being the same as the 10-foot sanitary sewer easement shown on the Plat of North Oaks, on Lot 36, Block 2, and which, because it is being built upon, is no longer needed nor required by the City. Mr. Walker seconded the motion. Mr. John Dods, Assistant City Counselor, suggested that the word "Standard" be deleted from the heading of the proposed ordinance, so that it will now read "An Ordinance To Release A Sewer Easement in the City of Gladstone, Missouri". The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the first reading of said Bill and to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the second reading of Bill No. 69-66, to waive Section 20(d)(2) of Ordinance No. 1,83, and to place said Bill on third and Final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the third and Final reading of Bill No. 69-66 and to enact it as Ordinance No. 1,709. Mr. Walker seconded. The vote: All "aye".

Item #15, scheduled as the first reading of Bill No. 69-67, accepting a water main easement located at approximately 5401 North Wyandotte, and

Item #16, scheduled as the first reading of Bill No. 69-68, accepting certain temporary construction easements on North Broadway,

were deferred at this meeting. No action was held.

Item 17 on the Agenda was scheduled as the first reading of Bill No. 69-69, imposing a Sales Tax in the City of Gladstone, and calling an Election relative to the adoption of same. Mr. Walker moved to place Bill No. 69-69 on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Item 18 on the Agenda was scheduled as the first reading of Bill No. 69-70, calling a Special Election to be held Saturday, December 13, 1969, for the purpose of placing three propositions before the voters which include the Public Safety Building, and related matters; the proposition to issue GO Bonds to the amount of \$3,339,000 for acquiring rights of way; constructing, extending and improving the streets in Gladstone, and the proposition to issue GO Bonds in the amount of \$300,000 for the purpose of establishing a revolving improvement fund to be used for the purchase of tax bills issued by the City in payment for public improvements. Mr. Davis moved to place said Bill on first reading. Mr. Walker seconded the motion. The vote: All "aye". The Clerk read the Bill.

Item 19 on the Agenda: A resolution authorizing the City Manager to execute a proposal for earth work in Central Park from Allison-Alexander was deferred for one week. In connection with this work, Mr. Charles Logan, representing Damon Pursell Construction Company, Inc., and Mr. Larry Ingram, President of the Gladstone Jay Cees, both addressed the Council. Mr. Logan indicated that based on an earlier Resolution (No. R-69-32) the Council had agreed to the JayCees doing the work on the field in Central Park, and based on that resolution, they had made a commitment with Damon Pursell, with \$200 earnest money having been paid, with \$800 more to follow, and their arrangement with Damon Pursell had been contingent upon the receipt of earth from an excavation at the site of the Catalano Gladstone Food Products Company, 607 E. 69th Street, North. Mr. Logan explained that there were several reasons why this work had not been done last spring, one of which was the condition of the weather which extended well into the summer, after which the Park was in use and it didn't seem proper at that time to get into such major work. Mr. Logan indicated that Damon Pursell was still interested in doing the work.

It was explained at this time that the Park and Recreation budget stood at about \$17,000 which had been allocated to other purposes; that the Council will take this fund and add to it and plans to make some other improvements as well, and will go ahead later on to ask for Federal help on several other items. It was suggested that the Council goes in and does much of the major work then the JayCees could follow behind with several of the lesser expensive items, such as a goal post, etc.

Mayor Bauman advised that the Council had not yet heard definitely from Mr. Pursell as to whether he was still interested in doing the Park work on the cutting and filling, and that this was the reason there was a resolution on tonight's Agenda, which authorized letting the bid for this work to another corporation which had submitted a firm bid on the work.

Mr. Ingram reiterated that the JayCees had allocated \$1,000 for the work; that if they were to do anything else, this would have to go before the membership, but that the \$1,000 had been allocated to Damon Pursell Construction Company, Inc., for the earth work in Central Park.

The matter was to be decided shortly. Mr. Walker then moved for the deferring of the Resolution until the next Council meeting, and to know by then whether or not Damon Pursell through the Jay Cees will move on this contract. Mr. Kleiner seconded the motion, saying that he believed the Council should have a special meeting prior to the date of the next regular Council meeting, if there could be a commitment from Mr. Pursell before then.

Mr. John Dods, Assistant City Counselor, advised that he would be very hesitant to go ahead on anything without formal authorization by the Council. Mayor Bauman said the earlier Resolution, R-69-32, did in fact authorize the work.

The vote on deferment: All "aye"...

At this time Mayor Bauman asked that Item 33 on the Agenda, scheduled as consideration of certain Building Plans, be brought forward because of the time and the number of items on the Agenda...After discussion, Mr. Kleiner moved for deferment of the

acceptance of the plan pending submission from the City Manager of a list of the criteria agreed upon by Mr. Angle and the Council and a determination of whether such plans meet all applicable City codes, and the vacation of McGee Street. Mr. Walker seconded. Acting City Manager, David Anderson, advised that this is presently under advisement; that there might possibly be a vacation of the entire property. The vote on deferment: All "aye"

* * * * *

Item 20 on the Agenda: Mayor Bauman moved for the adoption of Resolution No. R-69-94, authorizing the City Manager to accept the bid of Jerry Hays Ford, Inc., for a 1970 Ford Bronco Wagon, in the total amount of \$2,932.74, which vehicle is for the Gladstone Civil Defense Department. Mr. Walker seconded. Councilman Davis asked that the possibility of Federal Funds to help on such a purchase be explored. The vote: All "aye"...

* * * * *

Item 21 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-95, authorizing the acceptance of a bid from Cargill Commodities Division for the purchase of salt at a price of \$12.00 per ton. Mr. Walker seconded. The vote: All "aye"...

* * * * *

Item 22 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-96, authorizing acceptance of the bid for a tractor complete with loader and backhoe, for the Water and Sewer Department, from Armstrong Machinery Company, in the net amount of \$6,895.00. Mr. Davis seconded. In answer to a question from Mr. Walker, the Acting City Manager advised that the configuration was more or less the same as the old one except it would dig a deeper trench, about a foot deeper, and would therefore be more useful for our needs. The vote: All "aye"...

* * * * *

Item 23 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-97, authorizing the City Manager to advertise for bids for a tank and component parts for lime sludge thickening for the Water Treatment Plant, and to negotiate for the assembly of same. Mayor Bauman seconded the motion. The vote: All "aye"...

* * * * *

Item 24 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-98, accepting the Annual Audit Report submitted by the firm of Troupe, Kehoe, Whiteaker and Kent, and authorizing payment for same in the amount of \$5,000. Mr. Walker seconded. The vote: All "aye"...

* * * * *

Item 25 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-99 which accepted 1 1/2 feet, more or less, of 6" C.I.P. constructed in Elm Woods by Damon Russell Construction Company and Charles Goebel, under Contract No. 101. Mr. Walker seconded. The vote: All "aye"...

Item 26 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-100, accepting approximately 2,200 feet of 6" C.I.P. and 3 fire hydrants in Kendallwood Addition, constructed by Fairway Plumbing and Heating Company and Curry Investment Company, (formerly Kendallwood, Inc.), under Contract No. 104. Mr. Davis seconded. The vote: All "Aye"...

* * * * *

Item 27 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-101, accepting a Bill of Sale for approximately 180 feet of 8" C.I.P. located in 62nd Street, in Regency North, a Subdivision of the City of Kansas City, Missouri, constructed by Northmen Utilities, Inc., and Charmaine, Inc., under Contract No. 105. Mr. Davis seconded. The vote: All "Aye"...

* * * * *

Item 28 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-102, accepting a Bill of Sale for approximately 1200 feet of 8" C.I.P. constructed in Kendallwood, along with three fire hydrants, from Fairway Plumbing and Heating Company and Curry Investment Company (formerly Ceccon Construction Company) under Contract No. 106. Mr. Walker seconded. The vote: All "Aye"...

* * * * *

Item 29 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-103, accepting a Bill of Sale for water mains (750 feet of an 8" line) in Meadowbrook Manor, Second Plat, for City Homes, Inc., by Hevalow-Shanks Construction Company, Inc., under Contract No. 107. Mr. Wurst seconded the motion. The vote: All "Aye"...

* * * * *

Item 30 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-104, authorizing the employment of a Bond Attorney (the firm of Stinson, Mag, Thomson, McEvers and Fizzell) in connection with the forthcoming Bond Election (Public Safety Building Bonds, Street and Thoroughfare Bonds and the Revolving Improvement Fund Bonds), on terms as set forth in their proposal dated August 27, 1969. Mr. Davis seconded the motion. The vote: All "Aye"...

* * * * *

Item 31 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-105, authorizing acceptance of certain streets for maintenance in Meadowbrook, Ninth Plat, from Seal-O-Matic Curb and Paving Company, Inc. Mr. Walker seconded; the vote: All "Aye"...

* * * * *

Item 32 on the Agenda: Mayor Bauman moved for the adoption of Resolution No. R-69-106, authorizing the City Manager to accept certain streets for maintenance in Rosewood Extension, from Bowen Construction Company. Mr. Davis seconded. The vote: All "Aye"...

Item 35 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-107, extending the Special Use Permit issued to Mr. Frank T. Peak, at 7021 North Oak Street Trafficway, for the stabling and keeping of two horses; for a period of one year, expiration date of which shall be September 23, 1970. Mr. Walker seconded the motion. The vote: All "aye"...

* * * * *

Item 34 on the Agenda: Mr. Davis moved for the acceptance of Water & Sewer Department Cash Disbursement for September; the Financial Reports for July, 1969 and August, 1969 for the Combined Water & Sewer Utility; and the General Funds Disbursements Report for September, 1969, as submitted. Mayor Bauman seconded the motion. The vote, after some discussion regarding checks written for exceedingly small amounts, was all "aye".

* * * * *

The only other item of business to come before the Council was the announcement that there would be a meeting of the Executive Committee for the Bond Campaign, on Tuesday, at 8:00 P.M. at the City Hall.

As there was nothing further to come before this Council, it was, upon motion duly made and seconded, adjourned at 11:15 P.M. by unanimous consent.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
27 OCTOBER 69

The regular meeting of the Gladstone City Council was called to Order by Mayor Ed Bauman, at 8:00 P.M. on Monday, October 27, 1969, in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to Mayor Bauman, Councilmen Walker and Davis were present. Councilmen Kleiner and Wurst were not present. In addition, the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk were present.

The Invocation was given by Reverend Robert Britt of the Gladstone Church of the Nazarene.

Item 3 on the Agenda: Mr. Davis moved for the acceptance of the Minutes of the regular meeting of October 13th, 1969. Mr. Walker seconded. The vote: 3 "Ayes".

Item 4 on the Agenda: Communications from the Audience. Mr. William J. Noonan, 6212 North Antioch Road, addressed the Council. He said that he would like to have an opportunity to discuss several pertinent matters with the Council prior to the third and final reading of those Bills which call the Special Elections for December 13, 1969. Mayor Bauman indicated that there would not be two readings of the Bills at this meeting; that the final enactment would be held at the next regular Council meeting of November 10, 1969.

Item 5 on the Agenda: Communications from the City Council: Mr. Walker: Nothing at this time. Mr. Davis: Nothing at this time. Mayor Bauman: Said he was happy to see the traffic control light getting under way at 67th Street and North Oak. Mayor Bauman commented on the "Mayors Prayer Breakfast", which had been enjoyed, in conjunction with the Gladstone Jaycees, on Friday, October 24th, at 7:00 A.M., at Regan's Restaurant. He said while he was pleased to see those who had attended, he would like to have seen more business men. Mr. Logan of the Junior Chamber of Commerce, advised that the next breakfast would be held on November 21st, at the same place, and the following breakfast would be held on December 12th, same time and same place.

Item 6 on the Agenda: Communications from the City Manager. Mr. Olson advised that he had received final word that approval for a third Civil Defense warning siren has been received; that bids for the purchase of same will be submitted soon; that a location has not yet been decided upon. The City Manager also advised that the tax statements were nearly finished and would be sent out from the City Hall by the end of this week.

The City Manager said he would like to recommend acceptance of a proposal on the park work at this meeting. He also advised that the LAGERS (the City's retirement program) convention would be held in Jefferson City on November 11th and 12th; that it was necessary for one of the elected officials to be in attendance. He suggested that one of the Councilmen plan to attend.

At this time, the City Manager asked that Item 19 on the Agenda, accepting certain streets from Mid-Continent Asphalt and Paving Company, be deferred from action at this meeting.

* * *

Item 7 on the Agenda: 3rd reading of Bill No. 69-61, amending Ordinance No. 1.372, relating to a rezoning request for the NE corner of 64th and Prospect. Mr. Davis

moved to defer action on this item because of a lack of full Council. Motion seconded by Mr. Walker. Mr. Davis asked Mr. Larry McWilliams, Chairman of the Park Board, address the Council on the Board's findings regarding the 4-acre portion of the site. The vote on the motion. AYE: Councilman Walker, Councilman Davis, Mayor Bauman.

Mr. McWilliams said the Board members had walked over the area and found it to be heavily treed; that it would lend itself to becoming a natural park site.

Mayor Bauman asked about the drainage; whether or not the Park Board could ascertain if there would be a problem here. Mr. McWilliams said it was felt that a lake would be a good idea, but this would have to be worked out. He reiterated the fact that they were all impressed with the number and quality of the trees and that it appeared to them to be an ideal park setting. He said it would be a good addition for a park site and there would also be a good location for a junior league size playing field.

Mr. Davis asked whether the developer should maintain the park, if it became a reality, or whether it should be turned over to the City for maintenance. Mr. McWilliams said this would be ideal, if the developer is willing to do this as a service to the City.

* * *

Item No. 8 on the Agenda: Mr. Walker moved for the acceptance of the first reading of Bill No. 69-69, for an ordinance imposing a Sales Tax and calling a Special Election pertaining thereto, and to place said Bill on second reading. Mr. Davis seconded the motion. The vote: AYE: Councilman Walker, Councilman Davis, Mayor Bauman. The Clerk gave Bill No. 69-69 its second reading.

* * *

Item 9 on the Agenda: Mr. Davis moved for the acceptance of the first reading of Bill No. 69-70, for an ordinance calling a Special Election for December 13, 1969, for the purpose of voting on three propositions, and to place said Bill on second reading. Mr. Walker seconded the motion. The vote: AYE: Councilman Walker, Councilman Davis, Mayor Bauman. The Clerk gave Bill No. 69-70 its second reading.

* * *

Item 10 on the Agenda: Mr. Davis moved for first reading of Bill No. 69-62, for an ordinance amending Ordinance No. 1.372, relating to a rezoning request for approximately 7120 North Prospect. Mr. Bauman seconded. Mr. Davis asked the Assistant City Counselor if there was a legal petition protesting the rezoning. Mr. Dods replied that, in his opinion, each signature should be witnessed by a notary; that one person could not act as the agent for the group.

Councilman Walker then said "Then I may assume there is no legal protest?"

Mr. Dods answered in the affirmative.

The vote was taken on the motion for first reading: AYE: Councilman Walker, Councilman Davis, Mayor Bauman. The Clerk read the Bill.

Mr. Davis moved for the acceptance of the first reading and to place said Bill on its second reading. Mr. Walker seconded the motion. The vote was taken: Councilman Walker, NO, Councilman Davis, NO, Mayor Bauman, NO, thus denying the second reading of said Bill.

Item 15 on the Agenda, scheduled as the adopting of a Resolution (No. R-69-108) for certain earth work in Central Park. Mr. Walker moved for the adoption of said Resolution, accepting the proposal submitted by Damon Pursell Construction Company, Inc., and authorizing payment in the amount of \$2,175., such money to be appropriated from the Park and Recreation Fund. Mr. Davis seconded. The vote: All AYE. (3)

* * *

Mr. Fred Angle, of Angle Motors, 5900 North Oak Street Trafficway, had asked that the consideration of his building plans be taken up at this time. (Item 20-a) After general discussion, Mr. Davis moved for the approval of the building plans, as submitted, and in addition, all reconstruction of North McGee Street, to the City's specifications. Mr. Walker seconded. The vote: All AYE. (3)

Items 20 (b) and (c) were consideration of building plans for Kentucky Fried Chicken, at 6416 North Oak, and the Pizza Hut, 6420 North Oak, respectively. After general discussion, Mr. Walker moved for the approval of the building plans for both businesses, with the addition that the catch basins are adequate enough to handle the run-off of the water, subject to evaluation by the City Engineer. Mr. Davis seconded. It was noted that these permits did not include the sign permits. The vote: All AYE (3)

* * *

Mayor Bauman called a ten minute recess. Time: 9:40 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened by its Mayor at 10:00 P.M. Present were Councilman Walker, Councilman Davis and Mayor Bauman, and others as aforementioned.

* * *

Item 11 on the Agenda:
Mr. Walker moved for the first reading of Bill No. 69-67, accepting a water main easement located at approximately 5401 North Wyandotte. Mr. Davis seconded. The vote: All AYE. (3) The Clerk read the Bill. Mr. Walker moved to accept the first reading of said Bill and to place same on second reading. Mr. Davis seconded. The vote: All AYE. (3) The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 69-67, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading at this meeting. Mr. Davis seconded. The vote: All AYE. (3) The Clerk read the Bill, after which Mr. Walker moved to accept the third and final reading of Bill No. 69-67, and to enact same as Ordinance No. 1.710. Mr. Davis seconded the motion. The vote: All AYE. (3)

* * *

Item 12 on the Agenda: Mr. Davis moved for first reading of Bill No. 69-68, accepting certain temporary construction easements on North Broadway (Erma M. Millsap and Earl William Millsap, as joint tenants.....WALNUT CREEK; Henry F. O'Donnell and Joann M. O'Donnell, husband and wife,STORMY ACRES; Alton L. Blair and Mary Lou Blair, husband and wife,STORMY ACRES) Mr. Walker seconded. The vote: All AYE. (3) The Clerk read the Bill. Mr. Davis moved to accept the first reading of Bill No. 69-68 and to place same on second reading. Mr. Walker seconded. The vote: All AYE. (3) The Clerk read the Bill.

Item 12, continued: Mr. Davis moved to accept the second reading of Bill No. 69-68, and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All AYE. (3) The Clerk read the Bill. Mr. Davis thereupon moved for the acceptance of the third reading and the enactment of said Bill as Ordinance No. 1.711. Mr. Walker seconded. The vote: All AYE. (3)

* * *

Item 13 on the Agenda: Mr. Walker moved to place Bill No. 69-71, which establishes polling places for a Special Election to be held on December 13, 1969, giving notice of the election whereat Gladstone residents will vote on the adoption of an Ordinance imposing a City Sales Tax, and prescribing the form of the ballot to be used in such election, on first reading. Mr. Davis seconded. The vote: All AYE. (3) The Clerk read the Bill. Mr. Walker moved for the adoption of the first reading of Bill No. 69-71, and to place said bill on second reading. Mr. Davis seconded. The vote: All AYE. (3) The Clerk read the Bill. (Note: Because of the time element involved, and the necessity of having Absentee Ballots on hand at a given date, which means that the ballots must be printed prior to the actual passage or enactment of this Bill into ordinance, now scheduled for November 10th, at the next regular Council meeting, Mr. John Dods, Assistant City Counselor suggested that a pre-assigned number be given to Bill No. 69-71, so that the printing of the ballots may proceed. This was agreeable with those Council members present, and number 1.714 was thus assigned to Bill No. 69-71, formal action on which will be taken with the third and final reading to be held on November 10, 1969).

* * *

Item 14 on the Agenda: Mr. Davis moved to place Bill No. 69-72, accepting the names of the judges and clerks to work in the Special Elections to be held December 13, 1969, on first reading. Mr. Walker seconded. The vote: 3 "AYES"...The Clerk read the Bill. Mr. Davis moved to accept the first reading of Bill No. 69-72, and to place same on second reading. Mr. Walker seconded. The vote: 3 "AYES"... The Clerk read the Bill.

* * *

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-109, approving Change Order No. 1, accepting work performed by Inland Industries, and authorizing final payment for same, in the amount of \$7,742.00 Mr. Davis seconded. The vote: 3 "AYES"... Resolution adopted.

* * *

Item 17 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-110, authorizing the City Manager to accept a bid for a 1970 conventional model 2-ton dump truck from Westfall GMC and authorizing payment for same in the amount of \$4,207.43. Mr. Walker seconded the motion. The vote: 3 "AYES"...Resolution adopted.

* * *

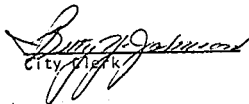

Item 18 on the Agenda, scheduled as acceptance of certain streets for maintenance from Seal-O-Matic Curb and Paving Company, Inc. The City Manager suggested that this be held and not acted upon at this time. .

* * *

Item 21 on the Agenda: Mr. Davis moved for acceptance of General Fund Disbursements Summary for 2 months ending August 31, 1969; acceptance of Financial Report for Water and Sewer Departments for 3 months ending September 30, 1969, as submitted. Mr. Walker seconded. The vote: All AYE. (3)

As there was nothing further to come before the Council at this time, it was, upon motion duly made and seconded, adjourned by unanimous vote.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
10 NOVEMBER 69

The regular meeting of the Gladstone City Council was called to order by Mayor Ed Bauman on Monday, November 10, 1969, in the Council Chambers of the Gladstone City Hall, at 8:00 P.M. Roll was called. Present: Councilman Kleiner, Councilman Wurst, Councilman Walker, Councilman Davis, Mayor Bauman. In addition, the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk were also present.

In lieu of an invocation, the City Clerk was asked to lead the meeting in repeating the Lord's Prayer.

Item 3 on the Agenda: Acceptance of Minutes of the Council meeting of October 27, 1969. Mr. Davis so moved. Mr. Walker seconded. The vote: Mr. Kleiner, PASS, Mr. Wurst, PASS, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

Item 4 on the Agenda: A Public Hearing on a proposed amendment to Ordinance No. 1.378, which provides for Public Parks and Open Spaces. Mayor Bauman opened the Public Hearing, which was called for the purpose of amending the amount of fee to be charged per lot, or per acre. Mayor Bauman asked if there were anyone in the audience to speak in opposition to the proposal. Mr. Lynn Allen addressed the Council asking if there had been any lawsuits in this regard....Mayor Bauman answered in the negative. Mayor Bauman asked if there were anyone to speak in favor of such proposal. No one appeared at this time. Mayor Bauman declared said Public Hearing closed.

Item 4-a- Communications from the Audience. Mayor Bauman advised that the City had received a letter from the Oak Park Highschool Student Council, dated October 30, 1969, and which letter was presented by Tray Degenhardt, in which was an expression and commendation from Oak Park Highschool on the repair of and overlay work on North Troost. Mayor Bauman expressed the appreciation of the Council for the receipt of the letter.

Mr. William J. Noonan, 6212 North Antioch Road, addressed the Mayor and Council members, advising that at a recent meeting of the Democrat Club, Mayor Ilus Davis from Kansas City had been the speaker. He commented on the fact that none of the Gladstone Councilmen had been present. He said that, as a citizen of Gladstone, he would like to request that the Council table the ordinances to be enacted at this evening's meeting which called for Special Elections for December 13, 1969, until after December 16th, 1969, which would be after the elections now scheduled by Kansas City, Missouri. Mr. Noonan explained at length his reasons for asking this of the Council, stressing that he was not opposing our bond proposals, nor the ordinance calling for the Sales Tax, but that he was asking that the election be temporarily postponed until the City of Kansas City had received their returns, so that, because of some sharing of costs, Gladstone will know how much to count on Kansas City. Mr. Noonan advised that there were some portions of the proposals which will be placed before the voters of Gladstone that he would like to see changed, in particular, those portions which affect improvements outside of the City of Gladstone, i.e. sidewalks to schools which are not within Gladstone City Limits; the widening and improvement of certain streets which we share with Kansas City. Mr. Noonan advised at length that if the bond issue does not carry in Kansas City, Missouri on December 16th, then Kansas City can, in no way, take part in the widening or improving of any of the streets which they share with us, and Mr. Noonan felt that Gladstone couldn't carry the burden by itself.

Mr. Noonan continued with his explanation of the Financial Section of the 1969-70 Fiscal Budget, as he had studied it, and called to the Council's attention some of the sections which he questioned as regarded the amount of unretired bonds, interest to be paid, and related items. After his address to the Council Mr. Noonan again requested the Council members to table the bills until after December 16th. He said that if the Council does enact these bills into ordinances at this evening's meeting, he would like to again have the floor at a later date, so that he could discuss various matters as he, as a citizen, sees them, based on material taken from rather incomplete records which he had to insist on seeing..

Mrs. Leo Jones, 6416 North Harrison, addressed the Mayor and Council saying that she would like to go on record as "going along" with Mr. Noonan on what he has stated as factual and that she was in favor of postponing the elections.

Mrs. Orville Branham, 6909 North Wyandotte, addressed the Mayor and Council saying that since the Council had not yet had a third reading on several bills, why were they allowing various pieces of literature to be circulated throughout the City before the calling of the elections had actually been made legal.

Mayor Bauman said it was just the matter of a time table.

Mrs. Branham said she felt it was "jumping the gun", so to speak.

Mayor Bauman advised that the Council was passing ordinances to make the election possible.

Mrs. Branham said she was under the impression that there had to be some official action taken prior to the circulating of election material.

Mr. Lynn Allen, 362 NW 50th Street, said that he had become a number in Gladstone, No. 2202 on the New Center, which, as he interpreted it, meant that he was in precinct No. 22, and that there would be two votes coming from his house. He commented that the Council has said that their reason for putting out a letter was to "inform the people of everything that is going on". Mr. Allen said that "nothing he had heard so far...at no time has told him what was going on". Mr. Allen continued his address in which he said he felt that it was doubtful that anyone here knows anything about the plans for 69th Street; that he understood that some of the Public Safety people were attempting to "scuttle" the Safety Building; that he felt the City had "missed the boat" on planning 68th Street from Oak through to Salt Rock Road; that the Council had "placed a political figure in to head the Bond Program"...Mr. Allen continued to address the Council members in this vein.

Mayor Bauman replied that Mr. Allen was "talking before the Council had finished talking"...that it was impossible to say it all at once. He advised that people could not be expected to understand the whole program at the beginning, but that it would be sufficiently explained prior to the election. He commented on Mr. Allen's remark about the Public Safety Building indicating that he (Mr. Allen) knew very well this was not true; that, as far as the "political figure", he (Mr. Allen) was wrong.

Mr. Noonan asked again if he could have the floor after the bills are read and enacted. Councilman Worst indicated that he believed the discussion of the reading of the ordinances was immaterial; that this is a required action on the part of the Council to give the voters a chance to vote; that the people have the right to vote on the propositions, so that a delay or deferment would be immaterial.

Mr. Noonan advised that he had asked the Council to table only until after December 16th. Councilman Wurst replied that if Mr. Noonan were opposed, that he had the right to oppose.

There was further general discussion, after which the Mayor asked if there was any business to discuss from the Council members.

Mr. Kleiner: Said he wished to compliment the Public Safety Department for getting "rid of" an eyesore across the street from the First National Bank, on North Oak Street (former Branham Auction building). Mr. Kleiner asked the City Manager to see what could be done about another eyesore on Locust Street, across from the Post Office. He also asked about replacing the stop sign at 64th and North Main Streets.

Mr. Walker said, in answer to one of the statements made by Mr. Allen, that if he were referring to the Venn Apartments, there is adequate right-of-way on the south side which the City has title to, and that the proposed 68th Street will connect to Salt Rock Road.

Mr. Davis also replied to Mr. Allen, saying that regarding the bond issue, one of the propositions did include Englewood Road, and that the City of Gladstone would improve this and widen this in conjunction with Kansas City Missouri; that whether Gladstone would do it was a moot question...also, that as far as the date, he liked to think that Gladstone is a closely-knit community; that the Council thinks that Gladstone has a good chance of passing the bonds; that the bonds are an investment; that, with regard to the schools, it was true that Englewood School and St. Charles School are out of the City limits, but that many Gladstone children attended these schools; that Englewood Road would be served by the sidewalks which are proposed; that, in regard to some of Mr. Noonan's comments, the City has a General Operating Fund to work with; that there is very little they can do in the way of capital improvements; that the interest rates which came under discussion were normal and that, with reference to the newspapers which have been put out, there has only been one out of the planned five; that there are four more papers to come out which will be very informative...

The Mayor inquired if the City Manager had any communications at this time. Mr. Olson said that at the request of the Council, a new ordinance had been drawn to be designated as Bill No. 69-61-A, in connection with the proposed zoning change at 64th and Prospect, and that there were copies of a new Resolution regarding Council policy on the Sales Tax, and that a new Bill, No. 69-73, was being submitted to the Council for a first reading this evening. Mr. Olson had no further business to bring up at this time.

* * *

Item 5 on the Agenda was scheduled as the third reading of Bill No. 69-61, amending Ordinance No. 1,372, relating to a rezoning request for the NE corner of 64th and Prospect, approximately; Mr. Davis moved to substitute Bill No. 69-61-A, which set out under Section 1 the following zoning: (A) Tract 1 from R-1, Single-Family Dwelling District, to CF-3, Planned Commercial District; (b) Tract 2, from R-1, Single-Family Dwelling District, to CF-2, Planned Commercial District, and (c) Tract 3, to remain within District R-1,

Mr. Noonan advised that he had asked the Council to table only until after December 16th. Councilman Wurst replied that if Mr. Noonan were opposed, that he had the right to oppose.

There was further general discussion, after which the Mayor asked if there was any business to discuss from the Council members.

Mr. Kleiner: Said he wished to compliment the Public Safety Department for getting "rid off" an eyesore across the street from the First National Bank, on North Oak Street (former Brannen Auction building). Mr. Kleiner asked the City Manager to see what could be done about another eyesore on Locust Street, across from the Post Office. He also asked about replacing the stop sign at 64th and North Main Streets.

Mr. Walker said, in answer to one of the statements made by Mr. Allen, that if he were referring to the Ver-Ann apartments, there is adequate right-of-way on the south side which the City has title to, and that the proposed 68th Street will connect to Salt Rock Road.

Mr. Davis also replied to Mr. Allen, saying that regarding the bond issue, one of the propositions did include Englewood Road, and that the City of Gladstone would improve this and widen this in conjunction with Kansas City Missouri; that whether Gladstone would do it was a moot question...also, that as far as the date, he liked to think that Gladstone is a closely-knit community; that the Council thinks that Gladstone has a good chance of passing the bonds; that the bonds are an investment; that, with regard to the schools, it was true that Englewood School and St. Charles School are out of the City limits, but that many Gladstone children attended these schools; that Englewood Road would be served by the sidewalks which are proposed; that, in regard to some of Mr. Noonan's comments, the City has a General Operating Fund to work with; that there is very little they can do in the way of capital improvements; that the interest rates which came under discussion were normal and that, with reference to the newspapers which have been put out, there has only been one out of the planned five; that there are four more papers to come out which will be very informative...

The Mayor inquired if the City Manager had any communications at this time. Mr. Olson said that at the request of the Council, a new ordinance had been drawn to be designated as Bill No. 69-61-A, in connection with the proposed zoning change at 64th and Prospect, and that there were copies of a new Resolution regarding Council policy on the Sales Tax, and that a new Bill, No. 69-73, was being submitted to the Council for a first reading this evening. Mr. Olson had no further business to bring up at this time.

* * *

Item 5 on the Agenda was scheduled as the third reading of Bill No. 69-61, amending Ordinance No. 1372, relating to a rezoning request for the NE corner of 64th and Prospect, approximately; Mr. Davis moved to substitute Bill No. 69-61-A, which set out under Section 1 the following zoning: (A) Tract 1 from R-1, Single-Family Dwelling District, to CF-3, Planned Commercial District; (b) Tract 2, from R-1, Single-Family Dwelling District, to CF-2, Planned Commercial District, and (c) Tract 3, to remain within District R-1,

Mr. Walker seconded the motion. The vote: Mr. Kleiner, aye, Mr. Wurst, NO, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, NO. (3 aye - 2 NO). Mr. Davis then moved to accept the second reading of Bill No. 69-61, and to ask for a third reading of 69-61-A, as amended. Mr. Walker seconded. The vote was called: Mr. Kleiner, aye, Mr. Wurst, NO, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, NO. The Clerk read the Bill. The Assistant City Counselor, Mr. Dods, explained why he had written the amended bill saying that he thought, rather than rezone the whole tract of ground, that to specify the zoning for tracts 1 and 2, and then to allow the balance to remain as originally zoned, but to specify that it be retained as such for park land development, was the better plan.

Mayor Wurst asked if the original plans showed something which stipulated "for park purposes"....Mr. Dods suggested adding the words "to be dedicated for the purpose of a public park and to be developed to the specifications of the City by the developer, in accordance with the applicable provisions of Ordinance No. 1.372."

Mr. Walker LaBrunerie addressed the Council saying that the developer would allow a portion of this land to be developed as a park and there would be a certain sum of money available for this development. He said that an alternative would be that the developer would turn over to the City this property, and give a sum of \$5,000 for the development of the land into a park.

Councilman Wurst said that if this was to be the tactic, he would be opposed severely to have the developer give the City \$5,000....that this sounds as though the developer is buying the zoning....

It was suggested at this point to further amend Bill No. 69-61-A, by adding the words "to be dedicated for the purpose of a public park and to be developed to the specifications of the City by the developer, all in accordance with the applicable provisions of Ordinance No. 1.372".....after the "R-1", in Section 1, Subsection (c) thereof. Mr. Davis so moved. Mr. Walker seconded. The vote: Mr. Kleiner, aye, Mr. Wurst, NO, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye. (4-1)

Mr. Davis moved to accept the third reading of Bill No. 69-61-A, as amended, and to enact same as Ordinance No. 1.717. Mr. Walker seconded. The vote: Councilman Kleiner, aye, Councilman Wurst, NO, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, NO. (3 ayes - 2 nays). Motion passed.

* * *

Item 6 on the Agenda called for a third reading of Bill No. 69-69, for an ordinance imposing a Sales Tax and calling a Special Election pertaining thereto. Mr. Walker moved to accept the second reading of Bill No. 69-69 and to place said Bill on third and final reading. Mr. Davis seconded. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye. The Clerk read the Bill. Councilman Walker moved to accept the third reading of Bill No. 69-69, and to enact it as Ordinance No. 1.714. Councilman Davis seconded the motion. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye.

* * *

Item 7 on the Agenda was the 3rd reading of Bill No. 69-70, for an ordinance calling a Special Election for December 13, 1969, for the purpose of voting on three propositions. Mr. Kleiner moved to accept the second reading of said bill and to place it on third and final reading. Mr. Davis seconded the motion. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye. The Clerk read the Bill. Mr. Kleiner moved to accept the third and final reading of Bill No. 69-70 and to enact it as Ordinance No. 1.715. Mr. Davis seconded the motion. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye.

Item 8 on the Agenda was the 3rd reading of Bill No. 69-71, establishing the polling places designated for use in the Special Election on the Sales Tax Ordinance adoption. Mr. Davis moved for the acceptance of the second reading, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye. The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of Bill No. 69-71 and to enact said Bill as Ordinance No. 1.716. Mr. Walker seconded. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye.

Item 9 on the Agenda was the third reading of Bill No. 69-72, accepting the names of the judges and clerks for the Special Elections to be held Saturday, December 13, 1969. Mr. Walker moved to accept the second reading of said Bill and to place Bill No. 69-72 on third and final reading. Mr. Davis seconded the motion. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye. The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.718. Mr. Davis seconded the motion. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye.

Item 9-a, not appearing on the Agenda, was a Bill, No. 69-73, amending ordinance nos. 1.714, 1.715 and 1.716, and providing that the propositions and proposals to be submitted to the voters of the City of Gladstone, Missouri, pursuant to said ordinances, may be submitted on a single ballot, along with any other propositions or proposals legally submitted at the same election. Mr. Kleiner moved for the first reading of Bill No. 69-73. Mr. Davis seconded. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye. The Clerk read the Bill.

Mr. Kleiner moved to accept the first reading of said Bill No. 69-73, and to place it on second reading. Mr. Walker seconded. The vote: Councilman Kleiner, aye, Councilman Wurst, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Bauman, aye. The Clerk read the Bill.

Item 11, scheduled as a Resolution to accept certain streets for maintenance from Mid-Continent Asphalt and Paving Company, Inc., all located in WILLIAMSBURG, was deferred at this time. The City Manager explained that the streets had been upgraded to the satisfaction of the City Engineer; that he was requiring extra catch-basins where the streets connects onto Broadway, but that the streets now were in accordance with City street specifications...he said that acceptance of the streets would free the developer to pay the contractor, and that it was the developer's responsibility to furnish the catch basins, rather than the contractor's...

Councilman Davis moved to defer action on this acceptance until the catch basins are in. Councilman Kleiner seconded. The vote: All aye. Mr. Kleiner suggested that the developer be contacted in the above regard.

* * *

Item 12 on the Agenda, was a Resolution authorizing the acceptance of the bid from Northtown Advertising for the preparation and printing of the 1970 Civic Calendar, in the amount of \$3,100.00. Mr. Davis moved for the adoption of said Resolution, No. R-69-113. Mr. Walker seconded. The vote: All aye.

Item 13 on the Agenda: Mr. Davis moved for the acceptance of the Cash Disbursements report from Water & Sewer Department for the month of October, 1969; acceptance of the General Fund Cash Disbursements for the month of October, 1969; and acceptance of the Financial Statements for 3 months, ending September 30, 1969, for General Funds, Special Park & Playground Fund and Sewer Assessment Fund, as submitted. Mr. Davis seconded. The vote: All aye.

* * *

Item 14, scheduled as consideration of building plans for Kendallwood Clubhouse, Stage 11, Kendallwood Development....after some general discussion, Mr. Kleiner moved for acceptance of the building plans of said "Stage 11", and that a building permit be granted, said permit to show the proper charges for such permit..Mayor Bauman seconded the motion. The vote: All aye.

As discussed earlier, (Page 6, paragraph 5), the question of the issuance of a permit to the Pacer Oil Company was as yet undecided. Mr. Dods, Assistance City Counselor reminded the Council members of the current ordinance, No. 1.511, which governs matters of this kind, and which enacts a penalty for non-procurement of a permit...Mr. Walker moved to grant such permit and to waive the penalty...prior to a "second", however, it was pointed out that only the mandatory doubling of the fee could be waived, and following further conversation in this regard, Mr. Walker withdrew his motion....Mr. Davis then moved for the acceptance of the plans as submitted, and that a permit be granted with the fees and penalty as indicated and specified in Ordinance No. 1.511. Mayor Bauman seconded. The vote: All aye.

* * *

The City Manager advised that he and Mr. Walker and Mr. Lee Meyer would be making the trip to Jefferson City to attend a LAGERS convention on Wednesday, November 12th.

As there was no further business to come before this meeting, it was, after motion

duly made and seconded, the meeting was adjourned by unanimous vote.

Respectfully submitted,

Betty H. Johnson
City Clerk

NOTES ON SPECIAL COUNCIL WORK SESSION

November 14, 1969

6:00 P.M.

A Special Council Work Session was held on November 14, 1969 at 6:00 P.M. at the Gladstone City Hall. Mayor Ed Bauman called the meeting to order. Present were: Mr. Richard Davis and Frank Kleiner; City Counselor, Mr. William Shinn; City Manager, Mr. David Olson and Mr. Ken Adams, Fiscal Advisor.

The purpose of the meeting was to review sales tax information received from the State Department of Revenue. Excluding seventeen corporations that have business in the City of Gladstone and also in other parts of the State, the estimated income from a 1% sales tax would be \$253,000. Based on data supplied by the seventeen firms on their Gladstone Occupation License Applications, an additional \$37,000 could be anticipated.

An estimate of the anticipated sales tax on motor vehicles was made based on the 7,000 families in Gladstone purchasing one car every four years, or 1,750 per year. At an average price of \$3,500 per car, purchases would total \$6,125,000. This would provide another \$61,250 in sales tax receipts.

The total estimated receipts from a 1% sales tax are:

\$290,000	On Taxable Goods and Services at Retail
<u>61,000</u>	On Sale of Motor Vehicles
\$351,000	Potential Sales Tax Revenue

It was noted that all Internal Revenue figures were based on 1968 figures; therefore the \$351,000 is a conservative estimate.

Having studied the situation with regard to the upcoming bond issues, and after having analyzed the estimated amounts to be derived from the proposed sales tax, we do hereby solemnly declare our belief to be that the proceeds from that sales tax will be sufficient to pay the principal and interest on such bonds, and further declare that it is our intention that there be no increase in the Gladstone property tax as a result of such bond issues.

There being no further business to come before the Council, meeting adjourned, 7:30 p.m.

Jay L. Lerner
Mayor

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
24 November 69

The regular meeting of the Gladstone City Council was convened in the Council Chambers of the Gladstone City Hall at 8:00 P.M. Mayor Bauman presided. Roll was called. Present: Councilman Kleiner, Councilman Wurst, Councilman Davis, Mayor Bauman. Absent: Councilman Walker. In addition, Mr. David Olson, City Manager, Mr. Bob Waldo, Attorney from the office of Shook, Hardy, Ottman, Mitchell and Bacon, substituting for the City Counselor, and the City Clerk were also present.

The Invocation was given by Mike Collins, Youth Leader and Assistant to Mr. Charles Holt, Pastor of the Faubion Methodist Church.

Item 3 on the Agenda: Acceptance of Minutes of the regular Council meeting of November 10, 1969; Mr. Davis moved for the acceptance of the Minutes, as submitted. Mr. Kleiner seconded. The vote: All aye.

Item 4 on the Agenda was a Public Hearing on a request to rezone from C-1, Local Business District, to C-2, General Business District, on property described as being located at approximately 7601 to 7603, North Oak Street Trafficway, being further described as Lots 25 through 27, except the South 30' of Lot 27, in Lawn Acres, Gladstone, Clay County, Missouri. Mayor Bauman opened the Public Hearing. He asked if there were anyone in the audience to speak in favor of such rezoning. Mr. John A. Moore, owner of the property in question, was present to speak in favor of the change. He explained the reason for the request, stating briefly that the dry cleaning establishment which was to operate in this location, would use non-flammable liquid; that there was no question of there being a hazard, that he would very much appreciate the Council's favorable action on this request.

Mr. Kleiner asked Mr. Moore about what kind of screening had been requested by the Council for the portion around the edge of the property. Mr. Moore answered that the building is finished; that the architecture was completed; that architectural gravel had been placed, all in accordance with the Council's request and in compliance with City specifications. Mr. Kleiner repeated his question, explaining that he meant screening as "fencing", "shrubbery", - this sort of thing, and asked Mr. Moore if he recalled what kind of screening had been requested by the Council on his original building plans...Mr. Moore said there was no discussion as to screening of this kind, at least on the north side...that he was the owner of the property to the east...that there was one residence there; that he hoped to build at least 4 more stores on that side; that he had not been told of what was expected in the way of screening, but that he had no objection to doing whatever the Council felt was necessary. He said the original plans were Quik-Trip's.

Mr. Bauman said that, as he recalled, the zoning was originally granted to Quik-Trip Corporation; then Mr. Moore had then become the owner; that, possibly, he, Mr. Moore, was not familiar with the City's requirements under which the zoning had been granted originally.

Mr. Moore said he would be happy to comply with whatever the City requested in the way of screening. He said that with the new building plans, the 20' set-back would be needed, anyway.

Mayor Bauman said there should be a fence, or barrier between the building and the residential area, or something of this sort, which would, in addition to being attractive, serve as a screen to catch blowing papers, etc. Mr. Moore

repeated that he would be happy to comply with whatever the Council felt was proper. He said the same architect who had drawn the original plans would be doing the plans for the new construction, and these plans would be submitted to the Engineering Office and to the City Manager. He said they were interested in income producers, and had planned on a barber shop, a beauty shop, and some other such shops.

Mr. Davis asked if Mr. Moore was requesting the rezoning for the entire area.

Mr. Moore answered "yes"...he said this was all contiguous property. In answer to the question of how large the property is, he answered that it was approximately 100 feet by 100 feet in depth.

Mr. Leonard Slaughter addressed the Council, explaining that he represented the company which had sold the cleaning equipment to be located at this address. He said that insofar as the C-2 zoning was concerned, this was a fine location for such a dry-cleaning plant; that he felt the equipment was excellent equipment; that he was anxious to help Mrs. Williams, who had invested a good deal of money here; that he was very much in favor of the rezoning.

Mayor Bauman asked if there were anyone present to protest the rezoning. No one came forward.

Mayor Bauman declared the Public Hearing closed.....

* * *

Item 5 on the Agenda: Communications from the Audience. Mrs. Lena Troxel, 2402 Englewood Road, address the Mayor and Council members. Her problem was one of severe run-off of water from the Scandia Apartments. She explained that in heavy rains, the water is not directed to the catch basins of the apartments, but flows directly across the street into her yard, into her garage, leaving as much as 3" or 4" of water in her garage...she brought pictures taken last spring and again, in mid-summer, which explained her problem. She said that the entire north side of Englewood Road is being undermined by this water problem which affected the portion of Englewood Road which is Gladstone's. Mrs. Troxel said that they (she and the neighbors who were also affected by this water flow) were interested in the City's plans if the voters pass the bonds on street improvements. She said she needed to know if the street would be widened; if there would be curbing; if there would be drain tubes installed. She said that when she talked to Kansas City about the problem, they indicated that "this was not their baby...that they could care less"...that when she called Gladstone, they indicated they "could not take any action"...and for these reasons, she wanted to call the Council's attention to what amounted to a severe problem for the residents in her area; that the mud, the dust, the silt and the water was making living there almost unbearable. She said she had had the problem for the 5½ years that Scandia had been in existence and was no longer able to cope with it, and asked what the City would do to help them to understand what the proposals were so they would have something to go on when they went to the polls.

Mayor Bauman explained that the City would work in conjunction with Kansas City; that as far as improvements were concerned, there will be curbs and this will alleviate much of the drainage problem....that it would not be practical for the City to "do" one side (their side) of the street, and Kansas City to hire a contractor to "do" their side of the street, but that the street will be widened and

that a contractor will be hired to do the work which will be shared by both cities, so both sides are done at the same time. He explained that the kind of work to be done would depend on the most effective plan and on the engineering study, but as to whether it would alleviate much of the run-off from the Scandia, he could not say at this time. He thanked Mrs. Troxel for bringing the matter to the Council's attention and for bringing the pictures. Mr. Olson said there would be catch-basins constructed. Mayor Bauman said this matter would be discussed in more detail.

* * *

Item 6 on the Agenda: Communications from the City Council. Mr. Kleiner suggested placing Bill No. 69-74, (Rezoning from C-1 to C-2, property described as being approximately 7601-03 North Oak Street) before the Council for action this evening.

Mr. Wurst - nothing to bring up at this time.

Mr. Davis - nothing to bring up at this time.

Mayor Bauman asked if there could be a work session this coming Tuesday, November 25th? Mr. Olson said that in talking with the consulting engineers, he had learned that neither Tuesday or Wednesday of this week suited them, and he suggested that later in the week might be better. He said he had talked to Bob Van Wye of Larkin and Associates who had suggested the meeting, and he also advised that Phil Snowden, attorney for Bircahn, wanted to meet with the Council. After some discussion, it was noted that such meeting would be held on Monday, December 1st, at 7:00 P.M., with Mr. Snowden, then the Mayor would plan to attend the Planning Commission at 8:00 P.M., but could join the other Council members shortly thereafter and talk with Mr. Van Wye shortly after 8:00 P.M. This was agreeable to all. *(Item 7 on the Agenda being "Communications from the City Manager".....

Mr. Olson advised that the Gladstone JayCees had requested a permit to sell Christmas Trees. He suggested that this could be handled under item 12, as "other business", if that was the Council's pleasure, or by a motion if they so desired. Mr. Kleiner moved for the issuance of a Permit to the Gladstone JayCees to conduct a Christmas Tree Sale in the parking lot of Williams' U.S. Supermarket, from December 1st through December 24th, and to waive the fee for such permit..Mr. Davis seconded the motion. The vote: All aye.

* * *

Item 8 on the Agenda: Resolution designating Joyce L. Seever and Marilyn Ahnefelt as Acting City Clerks during the absence of the City Clerk. Mr. Kleiner so moved. Mr. Davis seconded. The vote: All aye. (No. R-69-114)

* * *

Item 9 on the Agenda: Resolution authorizing the City Manager to engage the firm of Troupe, Kehoe, Whiteaker and Kent, Certified Public Accountants, to conduct the annual City audit for 1969-70, for an amount not to exceed \$5,300. Mr. Olson advised that this same firm had done a good job for the City in previous years. Mr. Davis so moved. Mr. Kleiner seconded. The vote: All aye. (No. R-69-115).

Item 10 on the Agenda: Resolution authorizing the City Manager of the City of Gladstone to accept a Bill of Sale for certain water mains constructed in Park Royal, by Intercontinental Investments, Inc., under Contract No. 103. Mr. Olson advised that all matters in connection with this Bill of Sale were in order. Mayor Bauman moved for the acceptance of the Bill of Sale, and authorized the City Manager to accept same. Mr. Davis seconded. The vote: all aye. (R-69-116)

* * *

Item 11 on the Agenda: Consideration of certain building plans for two swimming pools to be constructed in Kendallwood, Phase II. After review of the plans and general discussion, Mr. Davis moved for the acceptance of the plans for the pools for Kendallwood, being designated as Pool No. 1, located at 3011 E. 59th Terrace, and Pool No. 2, located at 3133 E. 59th Terrace, said acceptance to be based on the assumption that the filters of both pools meet the specifications as recommended by the Clay County Health Department. Mayor Bauman seconded. The vote: All aye.

* * *

Mayor Bauman called a ten-minute recess at this time. Time: 9:05 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened at 9:15 P.M. All members, with the exception of Councilman Walker, were present.

* * *

Councilman Davis moved to place Bill No. 69-74 on first reading. Said Bill is for an ordinance amending Ordinance No. 1,372, being an ordinance relating to rezoning, from C-1, Local Business District, to C-2, General Business District, property described as follows: "The West 135' of Lots 25 through 27, except the South 30 feet of Lot 27, in LAWN ACRES, an Addition in and to the City of Gladstone, Clay County, Missouri, being further described as approximately 7601 to 7603 North Oak Street Trafficway"... (John Moore, owner/petitioner) (See Page 1, Item No. 4)...Councilman Kleiner seconded. Mayor Bauman noted that the Planning Commission had voted unanimously for the granting of such rezoning. The vote: Mr. Kleiner, aye, Mr. Wurst, aye, Mr. Davis, aye, Mayor Bauman, aye. The Clerk read the Bill.

Councilman Davis moved to accept the first reading of said Bill and to place it on second reading. Mr. Kleiner seconded. The vote: Mr. Kleiner, aye, Mr. Wurst, aye, Mr. Davis, aye, Mayor Bauman, aye. The Clerk read the Bill.

Mr. Davis moved to accept the second reading of said Bill, to waive Section 20 (d)(2) of Ord. No. 1,83, and to place said Bill on third and final reading, and noted that, while it is not the general practice to have a third and final reading of such rezoning matters, because of the circumstances in this regard, and due to the fact that there had been no protests registered, and because the entire matter was brought up due to a technicality, his motion was made.

Mr. Kleiner seconded the motion. The vote: Mr. Kleiner, aye, (Mr. Kleiner advised that he agreed that the Council does not normally have a final reading

or any reading on the night of a Public Hearing on the same matter; that because of the circumstances being as they are, it was deemed necessary and proper to enact this ordinance at this time;

At this time, Mayor Bauman asked Mrs. Ida Williams, 400 E. 76th Street, the operator and lessee of the location in question, to explain what the unusual circumstances were...Mrs. Williams said she had invested approximately \$28,000 in equipment and had it placed in the location in order to start the cleaning business; that she was not aware that the location was not properly zoned for such business; that she felt it would take from two to three months to generate new business and that she would have a payment due on January first, and that she wouldn't have gone into the business if she hadn't felt it would be a good business venture and one which would be of benefit to the City; that she has waited since the 13th of October for a decision by the Council; that she had not received any objection from the Planning Commission Public Hearing and would hope to receive this favorable action from the Council this evening which would be very beneficial to her. The vote continued: Mr. Wurst, PASS, Mr. Davis, aye, Mayor Bauman, aye. (3 "ayes" - 1 Pass).... The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of said Bill No. 69-74, and to enact it as Ordinance No. 1.712. Mr. Kleiner seconded. The vote: All "aye".

As there was nothing further to come before the Council, the meeting was, upon motion duly made and seconded, adjourned by unanimous consent.

Time: 9:30 P.M.

Respectfully submitted,

Betty J. Johnson
Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
8 December 69

The regular meeting of the Gladstone City Council was convened on Monday, December 8, 1969, in the Council Chambers of the Gladstone City Hall, at 8:00 P.M. Roll was called. Present: All members. In addition, the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk were also present.

The Invocation was given by Reverend Wilbur Hunter, Pastor of the Gladstone Church of God.

Item 3 on the Agenda was the acceptance of Minutes of the Council meeting of November 24, 1969. Mr. Kleiner so moved. Mr. Davis seconded. The vote: Mr. Kleiner, aye, Mr. Wurst, aye, Mr. Walker, pass, Mr. Davis, aye, Mayor Bauman, aye.

Item 4 on the Agenda: Public Hearing on a request to rezone from R-3 to RP-3, property located at approximately NE 70th Street and N. Indiana. Mayor Bauman opened the Public Hearing. There was no one to speak in opposition. No one appeared to speak either for or against such rezoning proposition. Mayor Bauman declared such Public Hearing closed.

Item 5 on the Agenda: Public Hearing on a request to rezone from R-1 to RP-3, property located at approximately NE 76th Street North and North Euclid, in Park Royal Subdivision. Mr. Richard E. McFadin, Attorney from North Kansas City, addressed the Council in behalf of his clients, Gibson Enterprises, Inc. He advised there would be approximately 30 four-plexes, made of wood and brick veneer which would lend themselves nicely to the surrounding terrain; he advised they were willing to build any kind of buffer required by City specifications or regulations; that these four-plexes would rent for \$125, furnishing an oven and refrigerator, and were considered to be large enough for a family of four. He said the petitioners, Mr. Gibson and Mr. Rose, intend to improve the entire length of North Woodland.

Councilman Davis asked why this zoning was coming up now; mentioning that when the zoning came in over a year ago, and the Council approved the zoning which was requested at that time, it was not noted that there was any flexibility on that ground...Mr. Gibson answered that "things change" - that because of inflation, matters don't stay the same...that at the time when they zoned the first ground for apartments, they didn't own the ground behind Gillihan, but that they have since bought 30' in a strip along that area which will allow them to bring in the street. Mr. Davis said that Mr. McFadin had indicated their feeling that "this would be the best use of the land"...he said apartments usually generated a lot of traffic, and this traffic will be feeding into the next street which is a major street; he asked if they believed the best use of the land was to place apartments next to R-1. The answer to this was given by Mr. Gibson who said that the parking lot will be protected and screened, and camouflaged as much as possible...

Mr. Davis said "a good buffer to him would be R-1"...

Further general discussion was held. No one appeared in opposition to the proposed rezoning.

Mr. Stanley Holmes, 1800 E. 76th Street, said that he had taken a good, hard look at the proposed rezoning, and spent much time going over the land and visiting other apartments constructed by this company. He said that these developers have offered a street, curbed and paved, the cost being borne by the contractors....he admitted to objecting to the original zoning very strongly; he said, however, that this would, he felt directly benefit the public, and he wished to go on record as being in favor of the rezoning.

As there was no one to speak further, either for or against the rezoning request, the Public Hearing was declared closed.

Item 6 on the Agenda: Communications from the Audience...Mr. Holmes advised there was a stop sign down at Woodland and 75th Street North, on the north side.

Item 7 on the Agenda: Communications from the City Council...Mr. Kleiner had nothing to discuss at this time; Mr. Wurst asked the City Manager for a status report from Central Fire Truck Company....The City Manager advised that he had heard from them recently; that delivery had been moved up to approximately February 16th. Mr. Wurst said he would like to have a report on the order which was sent from Central Fire Truck to the Ford Motor Company..

Mr. Walker had nothing to discuss at this time.

Mr. Davis reminded all that this was the last Council meeting before the Election, and said he hoped everyone would remember to go to the polls.

Mayor Bauman advised that there was a bad cut in the street on Salt Rock Road at 68th Street, which actually belongs to Kansas City, Missouri, and asked the City Manager to contact the proper persons for repair.

Item 8 on the Agenda: Communications from the City Manager: Mr. Olson reminded those present that there would be a Special Council Meeting held at 7:30 P.M. on Monday, December 15, 1969, at which time the Council would accept the canvass of the ballots of the Special Election held December 13, 1969.

Item 9 on the Agenda: Mr. Kleiner moved for the first reading of Bill No. 69-75, being an ordinance authorizing the City Manager to execute a Cooperative Agreement between Kansas City, Missouri, the Village of Oakwood, and the City of Gladstone. Mr. Davis seconded. The vote: Mr. Kleiner, aye, Mr. Wurst, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye. The Clerk read the Bill.

No. 10 on the Agenda: Mr. Davis moved to place Bill No. 69-76, authorizing acceptance of a Temporary Construction Easement located in Stormy Acres, said easement executed by Sam and Eugenia Stewart....on first reading. Mr. Walker seconded. Mr. Kleiner asked the City Manager to see if the Stewarts would take care of the expense of the retaining wall along the west side of the property. The vote: All "aye". The Clerk read the Bill. Mr. Olson advised that if the Council desired, three readings would be appreciated at this meeting. No objection being heard, Mr. Davis moved to accept the first reading of said Bill and to call for the second reading. Mr. Walker seconded. The vote: All aye. The Clerk read the Bill. Mr. Davis moved to accept the second reading of said Bill and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All aye. The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of Bill No. 69076 and to enact same as Ordinance No. 1.713. Mr. Walker seconded. The vote: All aye.

Item 11 on the Agenda: Mr. Walker moved to place Bill No. 69-77, being for an ordinance to accept a standard sewer easement on certain land owned by the Old Pike Development Corporation, on first reading. Mr. Davis seconded. The vote: All aye. The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 69-77 and to place it on second reading. Mr. Davis seconded. Mr. Olson advised that three readings of said Bill would be helpful this evening. The vote: All aye. The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 69-77, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading at this meeting. Mr. Davis seconded. The vote: All aye. The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 69-77, and to enact same as Ordinance No. 1.720. Mr. Davis seconded. The vote: All aye.

* * *

Item 15 was brought forward on the Agenda at this time because there were interested persons in the audience:

Consideration of building plans for Atlantic Richfield Company Service Station to be located at Kendallwood Parkway and Antioch Road. Mr. B. E. King, representing the Richfield Oil Company, was present to explain the plans. After general discussion, Mr. Kleiner moved acceptance of the building plans, with the noted changes as suggested by the Council and the City Administration, said plans being dated 10/7/69. Mr. Davis seconded. The vote: All aye.

* * *

Item 12 on the Agenda: Mayor Bauman moved for the adoption of Resolution No. R-69-117, authorizing execution of Water Main Contract No. 108, for the construction of certain mains by Damon Pursell Construction Company, for Mrs. Earl Millsap, in Walnut Creek Subdivision; the cost to the City not to exceed 1,475.30. Mr. Walker seconded the motion. The vote: All aye.

* * *

Item 13 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-69-118, authorizing the City Manager to accept a Bill of Sale for certain water mains constructed by Greenwell and Son, for John A. Key, under Contract No. 74, at 63rd Terr. North Wyandotte, in Stormy Acres. Mr. Walker seconded. The vote: All aye.

* * *

Item 14 on the Agenda: Mr. Davis moved for the acceptance of the Financial Reports, being Cash Disbursements for General Fund and Water & Sewer Utility, as of November, 1969; the Financial Report for Water and Sewer Utility for 4 months ending October 31, 1969, as submitted. Mr. Kleiner seconded. The vote: All aye.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent.

Respectfully submitted,

Ray A. Johnson
City Clerk

Accepted as submitted.

Ed Bauman
MAYOR

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

15 DECEMBER 69

A G E N D A

1. Meeting Called to Order
2. Roll Call
3. Canvass of the ballots for the Special Election held December 13, 1969 and acceptance of same.
4. First Reading: Bill No. 69-78
5. Other
6. Adjournment

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI
15 DECEMBER 69

The special meeting of the Gladstone City Council was called to order by Mayor Ed Bauman, at 7:30 P.M., Monday, December 15, 1969, in the Council Chambers of the Gladstone City Hall. As announced at the previous Council meeting, this meeting was called by the Mayor for the acceptance of the canvass of the ballots of the Special Election which was held December 13, 1969.

Roll was called. Those present were: Councilman Frank Kleiner, Councilman H. R. Wurst, Councilman Kenneth Walker, Councilman Richard Davis, Mayor Ed Bauman. In addition, the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk, were also present.

The first item of business was the first reading of Bill No. 69-78, being for an ordinance declaring the results of the Special Bond Election held in the City of Gladstone, Missouri, on December 13, 1969, at which Election there were submitted to the qualified voters of said City, the following propositions, to-wit: (1) Proposition to issue the General Obligation Bonds of the City of Gladstone, Missouri, to the amount of \$565,000, (2) Proposition to issue the General Obligation Bonds of the City of Gladstone, Missouri, to the amount of \$3,339,000; (3) Proposition to issue the General Obligation Bonds of the City of Gladstone, Missouri, to the amount of \$300,000 and (4) Proposition to approve the City Sales Tax Ordinance.

Councilman Davis moved to place Bill No. 69-78 on its first reading. Councilman Walker seconded. The vote: All voted "aye". The Clerk read the Bill.

Councilman Davis moved to accept the first reading of Bill No. 69-78, and to place same on second reading. Councilman Walker seconded. The vote: All voted "aye". The Clerk read the Bill.

Councilman Davis moved to accept the second reading of Bill No. 69-78, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place Bill No. 69-78 on third and final reading with permission of all Council members. Councilman Walker seconded. No objections being heard, the vote was taken: All voted "aye". The Clerk read the Bill.

Councilman Davis moved to accept the third and final reading of Bill No. 69-78, and to enact it as Ordinance No. 1.721. Councilman Walker seconded the motion. The vote: All voted "aye".

As there was no further action to come before this meeting, and no further business to be brought forward, said meeting was, upon motion duly made and seconded, adjourned by common consent of the Gladstone City Council members. Time: 7:50 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
22 December 69

The regular meeting of the Gladstone City Council was called to Order by Mayor Edward J. Bauman on Monday, December 22, 1969. Time: 8:00 P.M. Roll was called. Those present were Councilmen Kleiner, Wurst and Walker, in addition to the Mayor. Councilman Davis was out of the City for the holidays and unable to attend. Also present were the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk.

The Invocation was given by Reverend Enos Trivitt, of the Broadview Missionary Baptist Church.

Item 3 on the Agenda was Acceptance of Minutes of the regular meeting of December 8, 1969, and of the Special Meeting of December 15, 1969. Mr. Walker moved for the acceptance of both sets of Minutes, as presented. Mr. Kleiner seconded. The vote: All "aye"...

Item 4 on the Agenda: Communications from the Audience.

(a) Mrs. E. A. Gould, 4900 Old Pike Road, addressed the Council. She asked (1) what was the maximum cost of the Special Election, and (2) what portion of the cost was absorbed by the Bond Committee. Mr. Olson answered that the Bond Committee's budget was not participated in by the City; that he was not aware of the exact amount from a factual standpoint.

(b) Mr. Lynn Allen, 302 West 50th Street North, said he was appalled at the fact that City employees were taking down the Bond election signs; that this had not been done before and he questioned that this work should be done by City employees...he said, further, that he had proof that a paid City employee was making threats about future City activities as far as the failure of the bonds to pass...he said he would disclose the name of the person in private...

(c) Mr. W. J. Noonan, 6212 North Antioch, asked the Mayor and Council if they would "recognize affidavits of the participation of certain City employees in the recent election"....if they were presented. Mayor Bauman said Mr. Noonan was at liberty to present anything he pleased to this Council, at any time.

No one else addressed the Council at this time.

Item 5 on the Agenda: Communications from the City Council. Mayor Bauman said he had indeed urged people to vote....that he had talked to the members of his own church, which he attended regularly, and explained his position on the various issues..that he had not told them "how" to vote, but merely urged them to go to the polls. He said he felt that people should be ashamed not to vote; that he felt strongly that everyone MUST vote. He explained, further, that as far back as July of last year, the City had been urged and prompted by the Chamber of Commerce to present a bond campaign to the citizens of Gladstone; that a former Councilman had urged the Council to present to the people a bond issue in reference to streets and thoroughfares, particularly those needing to be four-lane, and that prior to that time, others had urged such an election. He said that the failure of the passage of the bond election did not mean that the issues were wrong, and he wanted to clarify that the people who served the City only did what they were asked to do. He said the election was only a combination of events that have taken place for many years.

Mr. Allen again asked to address the Council. Mayor Bauman advised that he had been heard earlier.

Mr. Allen argued that "you always want to present your side, but you do not want anyone else to give their side"... Mayor Bauman again advised that Mr. Allen had addressed the Council earlier, and that he didn't want to argue at this time.

Item 6 on the Agenda: Communications from the City Manager. Mr. Olson said there was a first reading scheduled of Bill No. 69-79, which would become Item 7-a, copies of which had been in the Council's packets, but had not appeared on the Agenda as at the time the packets had gone out, it was not yet ascertained whether or not it would be presented at this meeting. Mr. Olson further advised that at the request of the petitioners for rezoning at approximately 76th and North Euclid in Park Royal, deferment was suggested for Item 11. He advised that the Byers Company had also requested deferment for their rezoning request, scheduled as first reading of Bill No. 69-84, affecting the approximate address of NE 70th Street and North Indiana. Mr. Olson advised that, in addition to the items on the Agenda, there would be an additional Resolution, copies of which were before the Council members at this time, and which was in regard to the execution of a contract for Water Main Extension, Reference Contract No. 110.

* * *

Item 7 on the Agenda: Mr. Walker moved for acceptance of the first reading of Bill No. 69-75, authorizing execution of an Agreement between the City of Kansas City, Missouri, the Village of Oakwood, Missouri, and the City of Gladstone, Missouri, for sewer service, and that same be placed on its second reading. Mr. Kleiner seconded. The vote: All "aye"... The Clerk read the Bill.

* * *

Item 7-a, as mentioned in Item 6, above, was the first reading of Bill No. 69-79, enacted pursuant to Missouri Revised Statutes, and confirming annual levies and fixing the annual rate of levy for 1969 real estate and personal property taxes within the corporate limits of the City of Gladstone. Mr. Kleiner moved to place same on first reading. Mr. Walker seconded. The City Manager advised that it would be desirable to have three readings of said Bill at this meeting. The vote: All "aye"... The clerk read the Bill.

Mr. Kleiner moved to accept the first reading of said Bill No. 69-79, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye"... the Bill was read a second time.

Mr. Kleiner moved to accept the second reading of Bill No. 69-79, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye"... The Clerk read the Bill.

Mr. Kleiner moved to accept the third reading of said Bill and to enact it as Ordinance No. 1.722. Mr. Walker seconded. The vote: All "aye"

* * *

Item 8 on the Agenda: First reading of Bill No. 69-80, which amends Ord. No. 1.378, which provides for open space in the City of Gladstone, Missouri. Mr. Walker moved to place said Bill on first reading. Mr. Kleiner seconded. The vote: All "aye"... The Clerk read the Bill.

* * *

Item 9 on the Agenda: First Reading of Bill No. 69-81, apportioning main sewer assessments on land located in Section 19, Township 51, Range 32, the amount being due on the new tract, parcel or lot being \$588.14. It was suggested that three readings be given this bill at this evening's meeting, as the owner was anxious to leave the City, would not be back until after the first of the year, and was willing to pay her apportionment prior to the first of the year. The Council expressed willingness to comply with her wishes. Mr. Kleiner moved to place Bill No. 69-81 on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the first reading and to place said Bill No. 69-81 on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the second reading of said Bill No. 69-81, to waive Sec. 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the third and final reading of Bill No. 69-81, and to enact said Bill as Ordinance No. 1.723. Mr. Walker seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: First reading of Bill No. 69-82, apportioning main sewer assessments on certain land in the Kendallwood area, belonging to Charles ... Company. Mr. Walker moved for first reading. Mr. Kleiner seconded. It was noted that three readings had been requested. The vote: All "aye". The City Clerk read said Bill.

* * *

Item 11, scheduled as first reading of Bill No. 69-83, rezoning from R-1 to RP-3, property located at approximately 76th and North Euclid in Park Royal, and Item 12, scheduled as first reading of Bill No. 69-84, rezoning from R-3 to RP-3, property located at approximately NE 70th Street and North Indiana, were deferred by unanimous consent of the Council...

Item 13 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-69-119, authorizing an additional amount of \$12,750 to be appropriated for "other contractual services" to cover the cost of sludge removal at the treatment plant. Mr. Kleiner seconded. The vote: All "aye".

Item 14 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-120, authorizing execution of Water Main Extension Contract No. 109, for the construction of certain mains in Northaven Subdivision, the cost to the city for oversized mains not to exceed \$1,275.80. Mr. Walker seconded. The vote: All "aye".

* * *

Mayor Bauman, at this time, read a letter written by former Councilman Everett Smith, as proprietor of the Gladstone Bowl, in which letter Mr. Smith explained that a portion of the proceeds of the Mayors' Christmas Tree Tournament would be coming to the City, as it does every year, which money is to go to help needy families in the area. The amount this year amounts to \$372.00. Mayor Bauman expressed the City's thanks for this great assist, and advised that it was the custom of the Volunteer Firemen's Association to distribute the funds to the most needy families. Mayor Bauman expressed his appreciation for the receipt of these funds.

Item 15 on the Agenda: Authorization for setting the date for public hearings to consider the Assessment Roll for Lateral Sewer District No. 2....Mr. Walker moved to adopt Resolution No. R-69-121, setting the date for a Public Hearing as January 15, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall, to consider the assessment role for lateral sewer district No. 2 (Hamilton Heights), and the method of notifying property owners of said hearing. Mr. Kleiner seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-69-122, authorizing the acceptance of the bid from Parkville Sod Company, 105 Main, Parkville, Missouri, for approximately 2,000 square yards of sod (in place) for installation at the Athletic Field area in Central Park, at a cost of 65¢ per square yard. Mr. Walker seconded. The City Manager said the sod would be placed on the sloped banks where more severe washing might otherwise occur; that the flat top area would be seeded.

Mr. Kleiner asked when they might begin. Mr. Olson replied that it was anticipated that the work might begin right after Christmas, and that the banks would be re-rolled in the spring before the spring rains begin. The vote: All "aye".

* * *

Item 16-a....Mr. Walker moved for the adoption of Resolution No. R-69-123, authorizing the City Manager to execute Water Main Contract No. 110, for certain water mains to be constructed by Hevalow-Shanks Construction Company for Byers Brothers, Inc., said construction to be 160 feet of 6" C.I.P. in 69th Street, and 330 feet of 12" C.I.P. in 68th Street, together with other related appurtenances, all in Meadowbrook North, Tenth Plat. The cost to the City for oversized mains is not to exceed \$811.80. Mr. Kleiner seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: Consideration of certain building plans for the Pacer Oil Company.....located at 58th and North Oak. The Council considered. Several representatives of said company, and its attorney (name unknown) were present at this meeting. After further discussion, Mr. Walker moved to accept the building plans of the Pacer Oil Company for construction at 58th and North Oak, said plans being dated December 15, 1969, said acceptance based on the dimension changes as shown on the plans in "Administration Red"....Mr. Kleiner seconded. The vote: All "aye"...

* * *

Item 17-a - Consideration of building plans for Byers Construction Company townhouses, located at approximately 67th Terrace and North Askew. After discussion, Mr. Kleiner moved for the acceptance of the Building Plans for the above construction, designated as TH 7-A and TH 7-B, as approved by the Engineer's Office on December 18, 1969. Mr. Bauman seconded. The vote: All "aye"....

* * *

Item 18 on the Agenda: Consideration of the Special Use Permit renewal requested by Mr. and Mrs. Walter Burner for the "Busy B's Day Nursery", located at 3007 E. 57th Ter. North.

Item 18, continued.....Mr. Kleiner recommended that such permit be renewed, and that the renewal extend for a three-year period. He said, further, that the nursery school had been a welcome addition to the City and that as far as he knew, there had been no complaint in the year they have been opened. He said that it had filled a need. After further discussion, he moved to adopt Resolution No. R-69-124, authorizing the City Manager of the City of Gladstone, Missouri, to extend the Special Use Permit, pursuant to City Ordinance, of the Busy 8 Day Nursery, for a period of three (3) years, the expiration date of which shall be December 22, 1972. Mr. Walker seconded. The vote: All "aye"...

Item 19 - "OTHER".....Mr. Kleiner moved to grant a Class "B" Liquor License to the new Seven-Eleven Store, being located at approximately 72nd and North Broadway. Mr. Walker seconded the motion. The vote: All "aye"....

As there was nothing further to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous consensus of the City Council. Time: 10:10 P.M.

Respectfully submitted,

City Clerk

Mayor Ed Bauman
City Commissioners

Dear Sirs:

It has been the custom of the Bowling Proprietors of the Kansas City area for the past several years to conduct a mayors xmas tree tournament in our establishments. The net proceeds of this to go to help needy families in our respective cities.

We work pretty hard promoting this at the Gladstone Bowl and have consistently averaged a higher percentage of entries than at any of the other bowling lanes. We had real good response

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
12 January 70

The regular meeting of the Gladstone City Council was called to Order at 8:00 P. M. on Monday, January 12, 1970, in the Council Chambers of the Gladstone City Hall. As Mayor Bauman was not present at this meeting, it was convened by Mayor Pro Tem, Councilman Frank Kleiner. In addition to Mr. Kleiner, Councilmen Wurst, Walker and Davis were also present. The City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk were also present.

The Invocation was given by Mr. Craig Tally, Student of Theology at Mid-Western Baptist Seminary. It was noted that Mr. Tally also works part-time for the City, as one of our maintenance-men.

Cub Scout Pack No. 218, accompanied by the Pack Leader, Mr. Robert Sauceman, then presented the Colors, and led the group in a recitation of the Pledge of Allegiance. Mayor Pro Tem Kleiner made the visitors welcome and thanked them for their attendance.

Item 4 on the Agenda: Mr. Walker moved to accept the Minutes of the last regular Council meeting of December 22, 1969, as submitted. Mr. Kleiner seconded the motion. The vote: All "aye", with the exception of Mr. Davis, who passed the vote.

Item 5 on the Agenda: There were no communications from the audience at this time.

Item 6 on the Agenda: Communications from the City Council members. Mr. Kleiner suggested that a congratulatory message be forwarded to the Kansas City Chiefs from the City. There were no further communications at this time.

Item 7 on the Agenda: Nothing at this time, from the City Administration, except a reminder of the Public Hearing on Hamilton Heights Sewer Assessments.

Item 8 on the Agenda: Mr. Davis moved to accept the second reading of Bill No. 69-75 and to place it on third and final reading. Mr. Walker seconded. The vote: All members present voted "aye"...The Clerk read the Bill.

Mr. Davis moved to accept the third reading of Bill No. 69-75 (which authorizes execution of cooperative agreement between Kansas City, Village of Oakwood, City of Gladstone, for sewer service), and to enact same as Ord. No. 1,724. Mr. Walker seconded. The vote: All members present voted "aye"...

* * *

Item 9, scheduled as second reading of Bill No. 69-80, providing new charges for Open Space in Gladstone. Mr. Walker moved to accept first reading and place on 2nd. Mr. Davis seconded. All present voted "aye"...The Clerk read the Bill.

* * *

Item 10 on the Agenda: Mr. Walker moved to accept the first reading of Bill No. 69-82, which apportions main sewer assessments in Kendallwood, and to place same on second reading. Mr. Davis seconded. The vote: All members present voted "aye"...the Clerk read the Bill.

* * *

Item 11 on the Agenda: Mr. Davis moved for first reading of Bill No. 69-83, for an ordinance to rezone, from R-1 to RF-3, Lots 1 through 30, in PARK ROYAL, a Subdivision in the City of Gladstone...Mr. Kleiner seconded. The vote: All members present voted

"aye"...The Clerk read the Bill. After a question posed by Mr. Kleiner, Mr. McFadin, Attorney for the petitioners, Messrs. Gibson and Rose, agreed to defer the second reading until the next Council meeting. The second reading was thereupon deferred.

* * *

Item 12 on the Agenda: Mr. Davis moved to place Bill No. 69-84, for an ordinance to rezone certain portions of WHISPERING OAKS, A Subdivision in the City of Gladstone, from R-3 to RP-3, on first reading. Mr. Walker seconded. The vote: All members present voted "aye"...the Clerk read the Bill.

* * *

Item 13 on the Agenda: Scheduled as first reading of Bill No. 70-1, amending Ord. No. 1.693, and providing for conduct of Water Distribution System, Rates of Charge, Extension of Water Mains, and General Rules, and repealing Section 3 of the aforementioned ordinance, was deferred until the next regular meeting.

* * *

Item 14 on the Agenda: Mr. Davis moved to place Bill No. 70-2, an ordinance accepting a Quit Claim Deed for additional right-of-way along North Oak Street Trafficway, (McDonalds, 12 feet additional) on first reading. Mr. Walker seconded. The vote: All present members voted "aye"...the Clerk read the Bill.

Mr. Davis moved to accept the first reading of Bill No. 70-2 and to place said Bill on second reading. Mr. Walker seconded. All present members voted "aye"...The Clerk read the Bill.

Mr. Davis moved to accept the second reading of Bill No. 70-2, to waive Section 20 (d)(2) of Ordinance No. 1.83, and, hearing no objection from Council members, to place said Bill on third and final reading. Mr. Walker seconded. The vote: All present members voted "aye"...The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1.725. Mr. Walker seconded. The vote: All present members voted "aye"...

* * *

Mr. Walker moved for the adoption of Resolution No. R-70-1, authorizing the "write-off" of certain uncollectible accounts in the Water Department. Mr. Davis seconded. Mr. Walker asked if these accounts could be turned over to a private collection agency? Mr. Dods replied that it had been tried before and proved not to be economically feasible...The vote: All present voted "aye"...Resolution adopted.

Mr. Davis moved for the adoption of Resolution No. R-70-2, authorizing the City Manager to microphotograph the records of the City and to dispose of certain records, according to law. Mr. Walker seconded. Mr. Walker asked where the copies were to be maintained. The City Manager replied that the camera was taking two pictures, one of which would be stored in the Safe-Deposit Box, and the second, or working copy, to be stored in fire-proof drawers of a specially constructed cabinet in the vault at the City Hall. The vote: All present voted "aye"...Resolution adopted.

Item 17 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-3, authorizing acceptance of a bid for construction of lateral sewers in Lateral Sewer District No. 3, (Contract No. XIV) from Damon Pursell. Mr. Davis seconded. The vote: All present voted "aye"...Resolution adopted.

* * *

Item 18 on the Agenda: Acceptance of Financial Report for Combined Waterworks and Sewerage System for 5 months ending Nov. 30, 1969; Financial Report for General Fund, Special Park & Playground Fund and Special Sewer Assessment Fund for 4 months ending October 31, 1969; General Funds Disbursement Report for December, 1969, and Combined Waterworks and Sewerage System Disbursements Report for December, 1969. Mr. Davis moved for the acceptance of same. Mr. Walker seconded. Mr. Kleiner asked why, when there were two small accounts in the same month to the same company, two separate checks had to be written. He suggested that they be paid only one time during the period. The vote: All "aye"....

* * *

Item 19 on the Agenda: Consideration of certain building plans: A & P Grocery Store, Shady Lane and North Oak Street Trafficway, interior reconstruction and addition of new storage area. Mr. Walker moved for the acceptance of said plans, with the provision that the City Manager approach the store on the proper trash containment. Mr. Davis seconded. The vote: All "aye"...

* * *

Item 20 on the Agenda: "Other Business"...Mr. Davis moved for the reappointment of Messrs. Richard Dowd, Lee Bussinger and Robert Glover, for three-year terms, to the Gladstone Planning Commission, and for the appointment of Mr. Bernard Jezak, 1611 East 68th Place, for a one-year term. Mr. Walker seconded. The vote: All "aye"...

As there was nothing further to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 8:47 P.M.

Special Meeting
City of Gladstone
City Council

January 15, 1970

Mayor Bauman called the Special Meeting of January 15, 1970, to order. Those present were Mayor Bauman, Richard Davis, Kenneth Walker, H. R. Wurst; also present were John Dods, Assistant City Counselor; David Olson, City Manager; Dave Anderson, Director of Utilities; and Joyce Seever, Deputy City Clerk.

Mr. Dods explained the purpose of this Special Hearing was in conformance with State Statutes and in connection with the Ordinance No. 1.689 for Lateral Sewer District No. 2 relating to the Assessment Roll. Mr. Dods advised that three persons were in attendance: Mr. Otis Hamilton, Lot 57, Hamilton Heights, Harry G. Shannon, Lot 38, Hamilton Heights, and Mr. William F. Pupkes, Lot 22, Hamilton Heights.

Mr. Dods said further that the purpose of the Hearing is to make a determination as to whether or not the amount of the assessments made in connection with this improvement have been properly assessed and whether or not there are any valid reasons changes should be made in the assessment role. The Ordinance provides for establishment of a Lateral Sewer District in Hamilton Heights involving approximately 33 separate tracts and providing for the construction of lateral sewers for those tracts as a separate sewer district. According to the Ordinance, the improvement will be paid for by what are known as tax bills. The amount of the assessment for any individual lot is as set out in the Ordinance on a square foot basis at \$.03767 per square foot on all property within the District, as is customary for other lateral districts in the City formed when the assessments were made for improvements to be financed through General Obligation Bonds. The Law provides that the property owners may elect whether or not they choose to pay the assessment by making one single payment or they may elect to pay the amount assessed over a ten-year period in installments with interest, all as provided by Law.

Mr. Dods said that after the Council hears any objections or reasons for change on the assessment role they then determine the accuracy of that assessment roll and tax bills will be issued against the property to pay for this improvement. In this particular district the actual cost for construction is substantially in excess of the amount assessed the property owners because the Council determined the amount per square foot would be no more in this District than it was on the original sewer bond program undertaken. The amount does not yield enough for the actual cost, and the surplus will be paid out of City funds.

Speaking of the assessment on Lot 57 owned by Mr. Otis Hamilton, Mr. Dods said the assessment shows a computation of 26,175 square feet and the computation for the amount of the assessment is \$609.31. He asked Mr. Hamilton if there was any question as to the accuracy of the computations. Mr. Hamilton said there was not.

Mr. Dods said Mr. Hamilton has raised the question to him that he does not recall receiving the original notice as to the method of payment. The law is that if the property owner does not elect within the time provided to pay the amount due in installments over a ten-year period, he must pay the amount in a lump sum within a specified time after completion of the project. He said Mr. Hamilton raises the question as to whether or not there is any method available to him now in which he could elect to pay on the installment basis. He asked Mr. Hamilton if that was correct. Mr. Hamilton advised that was his question. Mayor Sauman asked if this could be done.

Mr. Dods said that within the letter of the law, he cannot pay over a period of time. He could not determine at this time whether or not there could be any exception.

Mr. Wurst said the other time, the method of payment was the other way around, and unless it was requested the property owner could pay on the installment basis.

Mr. Dods said that was construction under a bond proposal. This is a project under the Statutory provision for tax bills wherein the method of payment is established in the Statutes.

Mr. Hamilton said he could scrape the money together, but he would prefer to pay on the installment basis.

Mr. Dods said the pertinent provision of the Missouri Statutes was Chapter 88.816 and he read from this Chapter. Basically it provides that unless a property owner elects within 30 days after the letting of the contract for improvement to pay the amount he will owe, the property owner must pay the lump sum. The law sets out the method for payment of installments and interest. The problem is whether or not having failed to make the election to pay in installments within the thirty days, he can now elect to do so. He said it was a legal question which he would have to resolve, providing the Council so desired. He felt the proper procedure would be that after the hearing concludes, the Council can make a determination if they want to permit Mr. Hamilton to do so, and after a legal determination is made, the City can advise him. The time for lump sum payment is sixty days after the acceptance of the project by the Council.

Upon suggestion by Mr. Dods, the Mayor advised Mr. Hamilton they would write him a letter of the decision.

* * * * *

The next property owner appearing at the Hearing was Mr. Harry G. Shannon, owner of Lot 38, Hamilton Heights.

Mr. Dods said the Assessment Roll shows his computation based on 13,875 square feet, which at \$.03767 per square foot computes to \$522.67. He noted that Mr. Shannon had received notification of methods of payment and had elected to pay on the installment method.

Mr. Shannon said he had already paid 150 some dollars on the first notice he received when they had a tight line. Then they found out that the tight line had to be removed.

Mr. Dods asked if the \$150 was the main sewer assessment. Mr. Shannon said he did not know. He supposed that was all of it. Mr. Dods said the original assessment which Mr. Shannon paid was the assessment which everyone in the City paid for the main sewer assessment, and that there were certain areas in the City that were also assessed for lateral sewers at that time. The particular area Mr. Shannon is in was not assessed for lateral sewers because at that time no lateral sewers were constructed; however, it appeared because of the tight lines being inadequate it was necessary to construct the new laterals.

Mr. Shannon asked what those people were assessed that had no laterals at all. Mayor Bauman said it was the same \$.03767 per square foot which was now being assessed.

Mr. Dods said there were two assessments against property not having lateral sewers at the time of the bond construction program; the main sewer assessment was \$.011293 which everyone in the City was assessed, and in areas where lateral sewers were constructed they were assessed the \$.03767 per square foot in addition to the main sewer assessment.

Mayor Bauman said that in the Hamilton Heights area the Council was under the assumption that the laterals would suffice; since that time we found that some did not exist at all or were not sufficient. In the area where Mr. Shannon lives Mayor Bauman said the lines did not meet an adequate standard to serve the area over a period of time. In some cases where people thought they had tight lines, they were not even there.

Mr. Pupkes asked where the map was that showed everyone had sewers in that area. He said there was one available when he bought the house and someone in the City had told him the sewer line was in.

Mr. Dods suggested that the discussion with Mr. Shannon be completed before answering Mr. Pupkes question.

Mr. Shannon asked if he would be billed for the lateral sewers. Mr. Dods replied in the affirmative. Mr. Wurst also advised that he would be billed annually, if he were paying on the installment plan, and the amount would be identified on the regular real estate tax statement.

Mr. Pupkes said it was a mistake on the part of the City, and asked why they didn't come out and say it, that the matter was not looked into carefully.

Mayor Bauman said that was right; he said he met with all the homeowners in that area and admitted there was a mistake made in that area.

Mr. Pupkes said he had the same statement Mr. Shannon did, that it was the final sewer assessment.

Mayor Bauman said there was a mistake made regarding the laterals. The engineers said there was a line there and there wasn't; he said tonight they were meeting to discuss the sewer assessments for laterals.

Mr. Dods said that Mr. W. F. Pupkes owned Lot 22, Hamilton Heights, and the area assessed is shown as 20,300 square feet, providing a proposed assessment of \$764.70. Mr. Dods said Mr. Pupkes had responded that he would elect to pay the assessment in period payments. He asked Mr. Pupkes if that was correct.

Mr. Pupkes said yes, that was correct. He then objected to holding the public hearing at all because the notice said lateral sewers are complete. He said his yard is all torn up and he could not see that the sewers were complete until this work was done.

Mr. Dods said the Council still has not accepted the work formally, and if there are uncompleted items they should be brought to the attention of the City.

Mr. Wurst asked Mr. Pupkes if he would list the things that had not been done in writing. Mr. Pupkes said he certainly would.

Mr. Wurst said the City had this type of items before; in some cases they were legitimate complaints and in others, they were not, in which case the Council did not take any action.

Mr. Dods said he felt it should be noted that Mr. Pupkes is represented by Counsel; i.e., Mr. Sam Broome. (Note: Mr. Broome was not present.)

Mr. Pupkes said he did not know why the letter was sent before the work was completed since the letter states the work is done. The work is not done, he said. It is done when the yards are put back in the condition they were before they went across them.

Mr. Wurst asked if the City had photographs before and after. Mr. Olson advised they did.

Mr. Pupkes advised he had photographs before, after and during. He said when they were up here that night the Mayor said the cost would not be any more to the people in Hamilton Heights than it was to the rest of the City. He thought it was 4%; the letter said 6%.

Mayor Bauman said he mentioned the cost of construction, not the interest rate.

Mr. Pupkes said Mayor Bauman said the cost would be the same; 4% and 6% were not the same in his book.

Mr. Wurst said he felt they should make the gentleman aware of what they are not paying which they could very easily pay by law. He asked how much of the total tab the whole City is paying for these sewers. Mr. Olson said it was about \$30,000.

Mr. Wurst said this legally could be assessed back to all of these people.

Mr. Pupkes asked if they felt one property owner should pay more than another. He said they never had trouble with the sewer smell like the rest of the City did.

Mr. Olson asked if he had talked to his neighbor, Mr. Stahl.

Mr. Pupkes said the people in Hamilton Heights could get by better than many apartments did. He didn't see where one property owner should be assessed more if there was a mistake made by the City.

be made. He then asked if they were going to do anything about the interest rate or postponing this hearing.

Mr. Dods asked Mr. Pupkes if he wished to continue this hearing for any purpose.

Mr. Pupkes said he wanted a postponement as his contention is that the work is not done.

Mayor Bauman said the entire line is completed and hooked up. Mr. Olson said it is in operation and has been approved.

Mayor Bauman said Mr. Pupkes and one other person has complained about the sod work. He asked if that constituted the work is not done.

Mr. Olson said Mr. Dietrickson was not involved in the actual construction but there was a construction easement; he said he had heard nothing further from him since other sod was put down.

Mr. Pupkes said most of the sod is in his front yard and it makes a difference whether it is in the front yard or in the ditch. He said all there was was rock and packed ground.

Mr. Wurst advised Mr. Pupkes he would pay \$152.78 less in interest than someone who chose to pay the lateral sewer assessment on the installment basis under the original bond issue.

Mr. Dods asked Mr. Pupkes if he had any other objections he wished to make to the Council in connection with the proposed assessment.

Mr. Pupkes said that he did not, but he felt the hearing is premature since the work is not done.

Mr. Dods asked Mr. Pupkes if there were any objection as to the method of the proposed assessment or the amount?

Mr. Pupkes said he had none as it came very close to the figure he had computed by an engineer.

Mr. Dods said his question was that Mr. Pupkes had no objection to the amount or computation of the assessment. Mr. Pupkes said no.

Mr. Dods asked that if his statements were based on the fact that Mr. Pupkes had complaints about his yard.

Mr. Pupkes replied, "And holding hearings before the work is done. Isn't part of the money in the contract for repair of the yards? You sent me a bill for the amount."

Mr. Dods said there has been no assessment made. The City had merely advised on the proposed amount of the assessment.

Mr. Pupkes said the bill is fine; he had no objection to the bill, but the yard is not fixed.

Mr. Dods asked if the yard were fixed, if Mr. Pupkes would then be a happy man.

Mr. Pupkes said outside of other things and that he had a lawsuit going over the corner.

Mr. Davis said the Council had to accept the work at some future time. Mr. Dods said before they pay the money to the Contractor, the Council has to have a resolution to authorize payment.

Mr. Davis asked that the Council be informed as to Mr. Pupkes' attitude towards the work before the Council takes final action on this. He asked that the City Manager give the Council an updated report before they take final action to see if Mr. Pupkes has been satisfied.

Mr. Davis said secondly, assuming the Administration and the Council agrees, that Mr. Pupkes has not had his land properly restored, and based on that the Council ask the City Manager to do something else to it. He said he would like for the Administration to hear from Mr. Pupkes prior to the time the Council approves the contract.

Mr. Anderson advised that Mr. Pupkes was a condemnation case and had filed a cross complaint in opposition to the condemnation award; he said he rather doubted Mr. Pupkes would want to give a statement that everything was fine.

Mr. Pupkes said he would give them a statement if the yard has been replaced to his satisfaction. He didn't see that the condemnation had anything to do with this.

Mr. Anderson said the City's contract provides that the Contractor make the yard live for a year and that it be put back in as good or better shape than it was. As to the satisfaction of Mr. Pupkes, this is an area which the City might have a hard time getting together with him.

Mr. Davis said he felt if he has a complaint it should be investigated, and he wanted to know what has happened before the Council acts on this.

Mr. Pupkes said his understanding was that the assessments were to put the pipe in the ground and put the ground and grass back like it was. He said the City sent him a bill and said the work is all done.

Mr. Dods advised that it was not a bill, and a bill would not be sent to him until the work has been accepted by the City. He said Mr. Pupkes letter is a form letter sent to all property owners in the district. He said it does not constitute a billing. It says tax bills will be issued after assessment by the City Council.

Mr. Pupkes asked if there had been no objections would they have sent out the tax bills.

Mr. Dods replied in the negative, and said not until the Council approved the assessment and until the contractor has satisfactorily completed his work.

Mr. Dods advised the Council they could recess this meeting until the next Council meeting and have it placed on the agenda as a recessed public hearing in case there were any further objections. He said if the Council wanted him to answer the two questions which have been raised before they make a final determination, then this could be done.

Mayor Bauman said perhaps this is different, but after complaints or suggestions are heard, they close the hearing and act on it later.

Mr. Dods said that was their prerogative.

Mr. Davis asked what the two questions were.

Mr. Dods said the first was whether or not there is any problem about Mr. Hamilton's desiring to pay on the periodic installment payment; the second question is about the legitimacy of this meeting being held at this time.

Mr. Davis asked Mr. Pupkes if he were concerned about the timing of the hearing or the quality of his yard.

Mr. Pupkes said he couldn't understand why the work isn't completed and the time for the hearing.

Mr. Dods said the Statute just requires completion of the work; the City Ordinance requires a hearing after the work has been substantially completed.

Mayor Bauman said he was of the opinion they should close the public hearing and then take care of the yard work where necessary.

Mr. Dods said even after completion of the assessment roll, there is still a requirement the City must publish the final determination so that everyone has notice there has been a final assessment, and this information must also be mailed to the owners of each tract. After that the tax bills would be issued.

Mayor Bauman said if there was no one else to speak at the public hearing, he would close the hearing.

There being no other persons to speak at the public hearing, the special meeting adjourned at 9:00 p.m.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

26 January 70

The regular meeting of the Gladstone City Council was held on Monday, January 26, 1970, at 8:00 P.M. Mayor Ed Bauman opened the meeting. Roll was called. In addition to Mayor Bauman, Councilmen Kleiner, Walker and Davis were present. Councilman Wurst was absent. The City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk were also present.

The Invocation was given by Reverend Robert Bell, Pastor of the Fairview Christian Church.

Item 3 on the Agenda. Mayor Bauman presented Mrs. R. T. Marshall, Mrs. Ronald Ackerman, and Mrs. A. T. Billiard, Leader and Assistant Leaders, respectively, of Girl Scout Troop 805, and presented them with a Certificate of Attendance for the 27 scouts who were also present at this meeting. The Color Guard presented the Colors, led the group in giving the Pledge of Allegiance, and retired the Colors.

Item 4 on the Agenda: Mayor Bauman presented a Plaque in appreciation of the six years of service to the City of Mr. Orville Hamilton, retiring member of the Gladstone Planning Commission. Mayor Bauman spoke in Mr. Hamilton's behalf, expressing the appreciation and approval of the citizens and the Council and City Administration.

Item 5 on the Agenda. Mayor Bauman presented a Commendation Award from the American Federation of Police to Officer Stanley Hopper, of Gladstone Public Safety Department. Corporal Hopper has worked very closely with the youth of Gladstone, of Oak Park High School, and with the Youth Council of Gladstone.

* * *

Item 6 on the Agenda: Acceptance of Minutes of regular meeting of January 12, 1970 and of the Special Meeting of January 15, 1970. After motion made and duly seconded, the vote on acceptance of such Minutes was called: Mr. Kleiner voted "aye" on the Minutes of January 12th, "pass" on the Minutes of the 15th; Messrs. Walker, Davis and Mayor Bauman, voted "aye" on acceptance of both sets of minutes, as presented.

* * *

Item 7 on the Agenda: Public Hearing on a request to rezone from C-1 to C-2 land located at approximately 5800 North Oak Street Trafficway. Mayor Bauman opened the Hearing, asking if there were anyone in the audience to speak in favor of such rezoning. Mr. John Bridgeman, 1019 Burlington, North Kansas City, representing Pacer Oil Company, addressed the Council, indicating that his company had purchased AVA-Voight Oil Company, and had, after some time, found that part of the property was zoned C-1 and that part of the property was zoned C-2; that they had promised the City to improve their portion of North Oak Street; to pave and curb and gutter; that he would greatly appreciate the Council's favorable action on this matter. Mayor Bauman inquired if there were anyone to speak in opposition to this rezoning matter. No one appeared. Mayor Bauman closed the Public Hearing.

We have prepared the flag ceremony and the Pledge of Allegiance as you suggested in our phone call.

Thank you very much for your thoughtfulness.

Sincerely,

Mrs. A. T. Billiard
Mrs. A. T. Billiard

"Active Citizen Badge"

Item 8 on the Agenda: Communications from the audience. None at this time.

Item 9 on the Agenda: Communications from the City Council.

Mr. Kleiner advised he would have an item to bring up under 10, as 10-a;
Mr. Walker advised he would also have an item to bring up under 10, as 10-b;
Mr. Davis advised he would have an item to bring up under 10, as 10-c;
Mayor Bauman said he would like to draw the Manager's attention to the fact
that the "Yield" sign was still not up at 72nd and Broadway;

Item 10 on the Agenda: Communications from the City Manager: Mr. Olson advised
that a set of building plans had come in too late to be placed on the Agenda;
that they are for a residential modification in a commercial zone, adjacent to
and east of the present Antioch Medical Complex, at 56th and Antioch Road.....

He advised further, that Pacer Oil Company had asked that the Council consider the
rezoning matter, in the form of an ordinance, which bill has been prepared and is
ready for Council action should they so desire. The reason for the rush here seems
to be that the weather presently lends itself to some construction, and could change
momentarily; that they are ready to construct, and would appreciate the Council's
action on this matter.

Mr. Olson also reminded the Council of the Civil Defense tour scheduled for Jefferson
City on Saturday, the 7th of February, and urged as many as could of the Council
members to attend.

10-a: Mr. Kleiner moved for the adoption of Resolution No. R-70-4, directing the
City Manager to rebate water deposits to all residents who have a satisfactory payment
record over the previous three-year period...Mr. Walker seconded. The vote: All
"aye". (4)

10-b: Mr. Walker moved for the adoption of Resolution No. R-70-5, directing the
City Manager to determine if a two to three bay fire station, capable of housing an
aerial fire truck, can be constructed at a cost of approximately \$100,000 or less
on City owned property at 67th and North Prospect. Mr. Kleiner seconded. Mr. Davis
said that every member of the Council had supported the Bond issue; that he believed
they had a mandate now to do something for the protection of the citizens. Mr.
Walker said that at the present time, part of the fire equipment is not housed in
our fire station, which is an indication of our needs, and so that the equipment will
be available at all times.

The vote: All aye. (4)

10-c: Mr. Davis moved for the adoption of Resolution No. R-70-6, directing the City
Manager to seek a new multi-purpose playing field-playground site west of North Oak
Street Trafficway. Mr. Walker seconded. Mr. Davis said the area west of North Oak
is the most critical right now and he feels the City must move while the land is still
available. Mr. Walker seconded. The vote: All aye. (4)

Mayor Bauman called a ten-minute recess at this time. (9:00 P.M.)

Item 11 on the Agenda: Third reading of Bill No. 69-80, providing for Open Space in the City of Gladstone. Mr. Davis moved to accept the second reading of said Bill and to place it on third and final reading. Mr. Walker seconded. The vote: All "aye"...The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.726. Mr. Walker seconded. The vote: All "aye". (4)

Item 12 on the Agenda: Third reading of Bill No. 69-82, apportioning main sewer assessments in Kendallwood...Mr. Walker moved to accept the second reading of said Bill, and to place it on third and final reading. Mr. Davis seconded. The vote: All "aye"...The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.727. Mr. Davis seconded. The vote: All "aye". (4)

Item 14 (moved ahead of 13 at this point) on the Agenda was scheduled as the Second reading of Bill No. 69-84, rezoning from R-3 to R-P-3 certain portions of Whispering Oaks, a Subdivision in and to the City of Gladstone. (Byers, petitioner). Upon a request of the petitioner, Mr. Walker moved to defer. Mr. Davis seconded. The vote: All "aye" (4)

Item 13 on the Agenda: Scheduled as the Second reading of Bill No. 69-83, from R-1 to R-P-3, Lots 1 through 30, in Park Royal, a Subdivision in and to the City of Gladstone. Mr. Charles Spooner, who, along with Mr. Richard E. McFadin, represents the petitioners, Messrs. Gibson and Rose, asked for deferment as Mr. McFadin was attending a Special Legislative Session in Jefferson City and unable to confer with Mr. Spooner about this particular request for rezoning, in time for its scheduled second reading. After some discussion, Mr. Walker moved to defer until February 23rd Council meeting. Mayor Bauman seconded. The vote: Mr. Kleiner, NO, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye. Mr. Kleiner said the matter had been deferred several times; that it was his belief that when a bill is prepared, it needed to be read; that he didn't feel it was proper to continually defer matters; that he hoped, after such an extended interim of time, the petitioners would have something new to present on behalf of their rezoning request. (3 aye, 1 nay)

Item 15 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-7, authorizing the City Manager to accept a Bill of Sale for certain water mains constructed by Damon Pursell Construction Company, Inc., and Norland Development Co., Inc., under Contract No. 109, in Northaven, and that the City Manager be authorized to pay the sum of \$1,275.80 for oversized mains as specified in the Contract. Mr. Davis seconded. The vote: All voted "aye"... (4)

Item 16 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-8, authorizing the City Manager of the City of Gladstone, Missouri, to accept a Bill of Sale for certain water mains constructed by Damon Pursell Construction Company, Inc. for Mrs. Earl Millsap, under Contract No. 108, in Walnut Creek, and to pay back the sum of \$1,475.30 for oversized mains as specified in said contract. Mr. Walker seconded

The vote on such adoption of Resolution No. R-70-8 was all "aye". (4)

* * *

Item 17 on the Agenda: Scheduled as Resolution accepting certain streets for maintenance from Midwest Pre Cote Company, in the same Walnut Creek Subdivision. At the City Manager's recommendation, the matter was deferred.

* * *

Item 18 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-70-9 authorizing acceptance of certain streets for maintenance from Midwest Pre Cote Company, such streets being located in the Northaven Subdivision. Mr. Davis seconded. Mayor Bauman inquired if all matters pertaining to such acceptance had been handled in accordance with City specifications. The answer was in the affirmative. The vote: All "aye". (4)

* * *

Item 19 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-10, accepting certain Certificate relating to combined waterworks and sewerage system re-funding bonds. Mr. Walker seconded. In answer to an inquiry from the Council, the City Manager and the City Counselor explained the purpose of this Resolution is to get on record the action taken on certain bonds which were retired, being those bonds dated March 1, 1967, purchased by the City on July 7, 1969, and which had to be destroyed, by law, such destruction witnessed by both the City Treasurer and the City Clerk. The vote: All "aye". (4)

* * *

Item 25 on the Agenda: Under the caption "OTHER", the City Manager presented building plans for the Council's consideration on a building modification (interior) for a house located behind the Antioch Medical Plaza, located at 56th Terrace and Antioch Road. The house is in a Commercial Zone and is to be used for administrative offices for the doctors, primarily, a small tissue slide laboratory, and for record-keeping purposes. Mr. Dan Czamanske, Attorney, of McPhee, Allen and Wright, Inc., the applicant for the building application, was present at this meeting, as well as the lessor, Mr. Shelton Bower, the Architect for the client, Mr. Lewis Maslan, and William McPhee, M. D., one of the share holders of the applicant. They advised there would be no increase in traffic; no garbage or excessive trash in connection with the use of the house, no deliveries to and from the location; that the parking lot which is already located on the west side of the present building would continue to be used; that there would only be persons in the house from 8:00 A.M. until 5:00 P.M., and there would be no more than four or five employees. It was noted that the applicant has expended some \$2,000 already in painting and redecorating, on the interior, and is under contract to expend several thousand dollars more in painting the exterior of the house, installing air-conditioning, making some changes in heating arrangements, etc., but there would be no structural changes. After consideration and general conversation, the Council reached no decision, on either the issuance of the permit nor acceptance of the plans as presented. There will be further discussion following the Council's examination of the site, and the Mayor suggested that they inspect the site, either as a body, or individually, prior to the next Council meeting, or that the Council could make an interim decision concerning the application, and that Mr. Czamanske would be notified.

* * *

At this time, the Council decided to take up Item 25, scheduled as consideration of an application for a Class "E" Liquor License (Sale of non-intoxicating 3.2% beer by the drink, or in the original package) for the Pizza Hut Restaurant, located at approximately 64th and North Oak Street Trafficway, on the north side of the site formerly known as the "Shady Lane Restaurant"...Mr. Chas. Llewellyn, member of the Pizza Hut Corporation, was present at this meeting. He indicated that he would have a manager or supervisor who would act under his general direction, and it was Mr. Dods' advice to the Council that, based upon our Liquor Control Ordinance, Mr. Llewellyn was the proper person to secure the permit, and that, according to normal procedure, his employees would then secure their "Liquor Cards" through the Public Safety Department. Mr. Llewellyn advised that he planned to open in about a month, and would be glad to have the Council stop in. After further consideration, Mr. Davis moved for the issuance of a Class "E" Liquor License for the sale of non-intoxicating 3.2% beer, by the drink, or in the original package, for the Pizza Hut, at the above address. Mr. Walker seconded. The vote: All "aye". (4)

At this time, Mr. Walker said he had received several reports of gambling activity at the Pizza Inn, located in the Gladstone Square Apartments shopping area; of money displayed openly on the tables; of drunkenness of minors at such location, and he asked the City Manager to look into the matter and report back to the Council. He said that often citizens do not want to make complaints themselves because of fear of becoming "involved", but that he didn't feel such complaints should. All Council members concurred.

* * *

Regressing to Item 20 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-11, authorizing the City Manager of the City of Gladstone, to accept the bid of the Delster Company, Inc., for Waterworks Improvements, Sludge Conditioning System, Contract No. 14, and to enter into a contract for said Improvements as set forth in said contract, and providing for payment thereof; that the Council of the City of Gladstone specifies that prevailing wage rates, in accordance with the Prevailing Wage Law, Section 290.210 to 290.340, as Amended, Revised Statutes of Missouri, 1969, shall be complied with by the contractor, and that the cost of the improvements be, in addition to legal fees, engineering fees, and other incidental expenses, be paid from the Combined Waterworks and Sewerage System Surplus Fund. Mr. Davis asked the City Counselor to explain the reason for the stipulation regarding Prevailing Wage. (Mr. Walker seconded the motion). Mr. Dods explained that it was a protective measure to insure that the City would not be involved in any wage dispute, should the involved contractor(s) pay less than the prevailing wage for any service involved in the work to be done. Mr. Davis asked the City Manager and Mr. Dods to prepare a report in layman's language, explaining the Prevailing Wage Law, and setting out particularly how it might affect the City. The vote was called: All "aye". (4)

* * *

Item 21 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-70-12, authorizing the City Manager to solicit bids for the purchase of one Civil Defense warning siren. Mr. Davis seconded. The City Manager explained that although this was allowed in the current budget, it was customary to have recorded authorization of the Council on anything on which a portion of the cost would be absorbed by the Federal agencies. The vote: All "aye". (4)

Item 22 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-13, authorizing the acceptance of the bid from Jerry Hays Ford for 5 Galaxie 500's in the total amount of \$9,986.65, or the net amount of \$9,686.65, as set out in the attached Bid Summary, and being subject to the approval of the City Counselor. Mr. Davis seconded. The vote: Mr. Kleiner, NO, Mr. Walker, aye, Mr. Davis, NO, Mayor Bauman, NO. The motion failed to carry. (1 aye-3 nays)

After some discussion, during which the City Manager advised that he was preparing a survey on possibly changing cars every quarter, and which discussion indicated that the Mercury automobiles presently being used have been relatively satisfactory, Mr. Davis moved for the adoption of Resolution No. R-70-13, authorizing the acceptance of the bid from Midway Lincoln Mercury, 3237 South Noland Road, Independence, Missouri, for the purchase of five sedans for the City of Gladstone, in the net amount of \$10,978.50. Mr. Kleiner seconded. The vote: Mr. Kleiner, aye, Mr. Walker, NO, Mr. Davis, aye, Mayor Bauman, aye. The motion carried. (3 ayes-1 nay)

* * *

Item 24 on the Agenda: Acceptance of the Financial Report for the General Fund, Sewer Assessment Fund and Special Park and Playground Fund, for 5 months ending November 30, 1969. Mr. Davis moved for the acceptance of the above, as submitted. Mr. Kleiner seconded. The vote: All "aye". (4)

Councilman Walker asked if the City had ever considered or would consider having a Central Purchasing Agent. The City Manager said this had been considered and was not out of the question. There will be further consideration of this matter.

Councilman Walker inquired if the City Manager would look into the "inner portion" of the intersection of 54th Terrace and Broadway. He said there was evidently inadequate drainage; that it was an inadequate intersection. The Manager said he would draw the matter to the attention of the City Engineer and get a report on it.

The question was raised by Mr. Walker as to the present status of the proposed purchase of the "Cooksey" property. The City Manager said he had recently written Mr. Cooksey in this regard and made him an offer; that he would again contact Mr. Cooksey, who is evidently wondering what other prospective buyers would offer him on the same property. Mr. Walker suggested that if Mr. Cooksey refuses the City's offer, to "give him a counter offer on a time limit of possibly two weeks". The City Manager will notify the Council of any developments in this area.

It was noted that the intersection at 67th and North Oak is presently composed, or so it seems, of two exit lanes. Mr. Davis suggested that something be done to insure adequate entrance here...

The question was raised on what will happen when and if Clay County becomes a County of the First Class, insofar as Gladstone's portion of the money allocated to the Special Road District; an additional question was "Do we verify that the City actually receives it's portion, or 80%, of the funds", and it was suggested that the possibility of the City's receiving the remaining 20% of the funds, allocated for the improvement of roads in the County, was a good one, in that North Oak and Englewood, both, could fall in this category. This matter will be looked into.
Meeting Adjourned: 11:15 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

24 AUGUST 70

The regular meeting of the Gladstone City Council was held on Monday, August 24, 1970, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called: All members were present. In addition, the City Manager, Mr. David Olson, a member of the law firm of Shook, Hardy, Ottman, Mitchell and Bacon, Mr. David Shinn, standing in for the Assistant City Counselor, and the City Clerk, were also present.

The Invocation was given by Mr. Bob Collins, student of Theology at the Midwestern Baptist Seminary, and interim pastor of the First Baptist Church of Tarkio, Missouri. (Mr. Collins is one of the City's part-time employees, and takes care of the maintenance work at the City Hall, after hours).

Item 3 was the acceptance of the Minutes of the regular Council meeting of August 10, 1970. Mr. Walker moved for their acceptance as submitted. Mr. Davis seconded. The vote: All voted "aye", with the exception of Councilman Jezak, who passed the vote.

Item 4 on the Agenda was scheduled to be the awarding of Recognition of Valor to Officers Royce Wilson and Ken Francis for their outstanding efforts in life saving in recent incidents in our City; because of the pressure of work at this time, neither officer was present at this point on the Agenda, and the presentation was postponed temporarily.

Item 5 on the Agenda: Public Hearing on a request to rezone from C-1 to C-2 property described as being located at approximately 6716 North Oak Street. The petitioner was the Stockton Realty Company. Mayor Kleiner opened the Public Hearing, asking if there were anyone present to speak in favor of such rezoning. No one appeared. Let it be here noted that no one appeared to speak in opposition to such rezoning. Mayor Kleiner closed the Public Hearing suggesting that the Council will take formal action at the next regular Council meeting as is their custom.

Item 6 on the Agenda: Public Hearing on a request to rezone from C-2 to C-3 property described as being located at approximately 5800 North Oak Street. Mayor Kleiner opened the Hearing. Mr. John Bridgeman, of the Pacer Oil Company, was present to represent the petitioners in this request. The reason for the request was for the building of a car wash, in connection with the re-built station at this address. He explained that this was Phase II of the site redevelopment, and involved the addition of the planned two-bay car wash operation. He said they also planned for a discount gasoline island. The zoning requested involves 62 feet on the north end of the property, and that the car-wash operation did require, as nearly as he understood, the requested C-3 zoning. He said this was not included in the original zoning request of some time ago as they wanted to see just what use they would make of the remainder of the property; they will use the existing driveway, and were requesting the rezoning to the center of the present, existing driveway; they wanted to eliminate any problem of zoning on the area to be used by cars entering or leaving the proposed car wash. In answer to a question, Mr. Bridgeman said that when the cars leave the proposed car wash, the drainage would be toward the street; that there is a catch basin there; the curbing and guttering are designed to meet the catch basin, and they will install a catch basin at the bottom of the ramp exit.

Mr. Bridgeman said the back portion which was filled would be sodded and seeded and that any additional water problem created by the proposed car wash would be taken care of as much as possible by a "drainage sump".

Councilman Davis asked Mr. Bridgeman if the Council decides it wants C-P-3 instead of the C-3, would he be agreeable. The answer was "yes"..... Further, general discussion was held. Mayor Kleiner asked if there were anyone in the audience to speak in opposition to the proposed rezoning. No one appeared. The Public Hearing was, thereupon, declared closed.

Item 7 on the Agenda: Public Hearing on a request to rezone from C-1 to C-3 property described as being located at approximately 403 E. 76th Street N. and 7519 North Oak Street. Max Swinney, petitioner.

Mayor Kleiner opened the Public Hearing, asking if there were anyone in the audience in favor of such rezoning request. No one appeared. He asked if there were anyone in the audience who wished to appear against such rezoning. No one appeared. Mr. Kleiner noted that the Planning Commission had requested that the petitioner appear before them to advise exactly what he planned to do with the property (between Kramer Hdwe. and Jim G's, and just east of Jim G's) and, that they have had no answer, and that their Subcommittee had taken no action. He suggested that the Council direct that the same general action be taken, in that Mr. Swinney be notified that the Council could take no formal action nor would take any action until some notification of Intent had been received, either by letter, or in person. He declared the Public Hearing closed at this time.

**Prior to the above Public Hearing, Officer Ken Francis and Chief Robert Harris entered the Council Chambers, and Mayor Kleiner presented the Award of Valor to Sgt. Francis, who received the Mayor's thanks, and a round of applause. He advised that Officer Royce Wilson had been called out of town unexpectedly and would not be able to appear this evening. His Award will be presented to him at the next Council meeting.

Item 8 on the Agenda: Communications from the Audience. None at this time.

Item 9 on the Agenda: Communications from the City Council. Councilman Walker advised that he felt the Council needed a work session in order to discuss some of the more pressing items which are coming up. Mayor Kleiner advised that a work session would be scheduled for Wednesday, at 7:00 P.M.; hoping that Mr. Jezak, who is the Council representative to the Park Board, will be able to attend both the work session and their scheduled meeting.

Mayor Kleiner also drew the City Manager's attention to some complaints he has received from some of the citizens regarding the parking at the A-Mart, on the gravelled section to the south of the regular parking lot; and further, that complaints have been received on the placing of merchandise around the store outside, in front, where it is being left overnight. Notice will be sent to the Manager of the A-Mart.

Item 10 on the Agenda: Communications from the City Manager. Mr. Olson advised that Item 11 on the Agenda, scheduled as the second reading of Bill No. 70-25-A, pursuant to rezoning from R-1 to R-P-3 a portion of Kendallwood, had, at the request of the petitioner, been withdrawn, subject, of course, to the pleasure of the Council. He also noted that, although a copy of a Resolution to accept

certain streets in Williamsburg for maintenance, had been included in the Council packets, it had been left off the Agenda, and should be added for action this evening.

Mr. Olson also advised that he had talked to Mr. Satterlee of the State Highway Department, and had been informed that they had taken bids on the Antioch (HW #1) improvements last Friday. He said Mr. Satterlee will let him know just as soon as possible what the results were; that their next scheduled meeting will be on the 14th of September, but that he was rather sure they will take some action prior to that time.

Regarding the notice from Mr. Olson that the Charles Curry Company had decided to withdraw their rezoning request, and recalling that such Bill had received one reading, the visiting counsel was asked if any particular action needed to be taken to accept the withdrawal, or, if by merely accepting, would it leave open the possibility that they could petition the same thing again at their convenience. Mr. Shine said he saw no legal problem; that the letter which was received from the Charles Curry Company was in the file; that the withdrawal acceptance by the Council tonight meant the issue was dead; that if the petitioner decided to try again, he would have to start all over again. It was suggested that Curry Company be so notified. At this time, Councilman Walker moved that the request for withdrawal of the request for rezoning from R-1 to R-P-3 on a portion of Kendallwood, be accepted, and that the Charles Curry Company be notified that should they wish to re-submit their request at a future date, they proceed as they did in the first request, starting over again completely...Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Bussinger moved to place Bill No. 70-46 on its first reading, said Bill being for an ordinance to accept a standard sewer easement in the Village of Oakview, Missouri, as a part of the Gladstone Sewer System. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 70-46, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 70-46, to waive Section 20, Subsections (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of Bill No. 70-46, and to enact same as Ordinance No. 1.766. Mr. Walker seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Davis moved for the deferral of Bill No. 70-47, scheduled as the first reading of an ordinance in connection with Lateral Sewer District No. 3 ... Mr. Davis said his reasons for the request for deferral were that they had not had a work session on this matter with all councilmen present; that he would like to have a further chance to discuss and talk over with his fellow-councilmen. Mr. Walker seconded. The vote: Mr. Bussinger, NO, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, NO. The motion to defer carried by a 3-2 vote.

Item 14 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-63, accepting a bid for a carbon dioxide feeder from Wallace and Tiernan in the amount of \$2,346.00, for the Water Treatment Plant. Mr. Bussinger seconded. The vote: All "aye".

Item 15 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-64, accepting a bid from The G. W. Van Keppel Company for one Vibrastat Vibratory Roller w/one Model #5 Rosco Lowbed Transport for the total cost of \$3,533.50. Mr. Jezak seconded. The vote: All "aye".

Item 16 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-70-65, accepting a bid from Hevalow Shanks, Inc., in the amount of \$2,700 for the installation of 170 feet of encasement pipe and installation of 170 feet of eight-inch water line. Mr. Walker seconded. The City Manager advised that the location of this water line would be at approximately 64th and Antioch Road, that it was first anticipated that the work would be done by City crews, but that they would have had to rent some of the necessary equipment to do the work; that it was decided to contact Hevalow Shanks, Inc., to see if they could handle the work; that it would probably prove to be less expensive if they did the work. The vote: All "aye".

Item 17 on the Agenda: Scheduled as the establishment of a bank account for certain funds...was deferred as it is in connection with Item 13, which was also deferred (See Page three, paragraph 5). This will be on the next Council Agenda.

Item 18 on the Agenda: Acceptance of the Financial Report from Combined Waterworks & Sewerage System for the 12 months ending June 30, 1970, and for the 1 month, ending July 31, 1970, as submitted. Mr. Davis so moved. Mr. Bussinger seconded. The vote: All "aye".

Item 19 on the Agenda: Consideration of Liquor License Renewals from Ball's White Front Market, 7503, A & P, also known as A-Mart, 6316 North Oak, and Zarda's Dairy Store, 6408 North Oak. After some discussion, Mayor Kleiner advised that it was his belief that all persons should be notified that their occupation licenses should be in by a specific time...(in connection with some of the liquor license permit renewals)...Mr. Olson agreed that no Liquor License will go out until the Occupation Licenses from the respective persons have been received and processed, and that the two will go out together. Mr. Bussinger moved as follows: "Based on the information we have had and the assurance from the City Manager that the Occupation licenses will be taken care of, I move for the approval of the liquor licenses for (a) Ball's White Front Market, 7503 North Oak; A & P, a/k/a A-Mart, 6316 North Oak, and Zarda's Dairy Store, 6408 North Oak." Mr. Davis seconded. The vote: All "aye".

Item 19-A - Mr. Walker moved for the adoption of Resolution No. R-70-66, for a total of 1600 lineal feet of streets for maintenance, from Mid-Continent Asphalt and Paving Company, said streets being located in the subdivision of WILLIAMSBURG...Mr. Bussinger seconded.

Mr. Davis asked why the City didn't ask the Subdivider to improve the streets which surround the subdivision...and lie adjacent to it....he said he had requested an ordinance to this effect sometime ago...

The vote was called: All voted "aye".

* * *

Item 20 on the Agenda as "Other"...

Mr. Jezak read a letter which he had received, in connection with the offer from Mr. Richard C. Rome, Landscape Architect, to execute a Preliminary Design and Development Plan for the Flora Street Park, at a fee of \$400. (Attached hereto as Exhibit A) Mr. Jezak said he had met with Mr. Rome last Saturday; that he has the qualifications and can do the City a fine job; he said he would like to move the acceptance of the offer at the fee quoted, based upon the Park Board's acceptance at their next scheduled meeting for next Wednesday night, and if Mr. Rome's offer meets their requirements. Mr. Walker seconded. It was suggested that, based upon the Park Board's reaction, a resolution be prepared for the next Council meeting in this regard. The vote: All "aye".

Mr. Bussinger said that he would like to advise Mr. Olson that there was quite a little trash at the blind corner of 68th and Flora on the City's right of way; that he would like to see that this is cleaned up.

He said that in regard to the school crosswalk program, he understood that only two citizens had offered their services, and that, since school begins one week from this date, it is his feeling that the children of Gladstone should be provided with the best possible safety. He wanted to recommend to the rest of the Council that the Public Safety Department perform school cross-walk guard duties for 2 or 3 weeks until the Council and City Manager make satisfactory, permanent arrangements. He said he realized that providing guards at the various cross-walks may be an added expense to the City, but it is his feeling that no amount of money is worth a child's life; that if the City does not provide some sort of protection, especially with the major thoroughfares being more heavily travelled all the time, there will be a serious injury or tragedy to one of the students in Gladstone. He therefore moved that the City Manager be instructed to have the Public Safety Department perform this duty until such time as the Council and City Manager are able to work out a permanent arrangement to have this done. The following school sites are those he had in mind: 72nd & N. Wyandotte; 74th and N. Oak; 65th and N. Michigan; 67th and N. Walrond; 67th and N. Indiana. Mr. Davis seconded. The vote: All "aye".

Mayor Kleiner said this would be talked over at the work session on Wednesday, as well as the other items aforementioned.

Mr. Walker had nothing more to discuss at this time, under "Other"...

Mr. Davis said that according to the State Statutes, any councilman, at any time, can request and expect that an ordinance be written...his example was his request on the treatment of the streets in a subdivision. (to be checked out)

After some general discussion, Mayor Kleiner said that about 99% of the ordinances written in the City come at the request of the City Manager.

Mr. Walker said he also believed that it is the prerogative of the Councilman; and should be on a "first come, first served" basis.

Mr. Kleiner said he felt it should be directed to the City Manager.

Mr. Olson said it was not always a matter of what the ordinance is; that it is easier if an idea for an ordinance is a little more clearly stated, and if the whole council discusses it; that it is easier if the idea goes to the City Counselor where the work of starting to prepare an ordinance begins.

Mr. Walker said he believed the Planning Commission was to study Mr. Davis' reference to the improvement of streets in a subdivision by the subdivider; Mr. Bussinger said that he knew the Planning Commission was studying the matter but he didn't think that any formal plan had been agreed upon.

As there was no further business to come before this meeting, it was, upon motion made and seconded, adjourned by unanimous consent. Time: 9:15 P.M.

Respectfully submitted,

City Clerk

FRANK L. KLEINER, MAYOR

In regard to the school crosswalk program, I understand there were only two citizens offering their services. Since it is my ^{school begins one week from today and} feeling ^{our children should be provided} ~~we should provide~~ with the best possible safety, I would like to recommend to the rest of the Council that we have our Public Safety Department perform these duties for ~~the next~~ 2 or 3 weeks until the Council and City Manager can make satisfactory arrangements. I realize providing guards at the various crosswalks may be an added expense to the city, but my feeling is any amount of money will not bring back a child's life and if we do not provide some sort of protection, especially with our major thoroughfares being more heavily traveled all the time, we are going to have a serious injury or tragedy to one of our students in Gladstone.

Therefore, I move that we instruct the City Manager to have the Public Safety Department perform this duty until such time the Council and City Manager are able to work out an arrangement to have this done. I have in mind the following school crossings at this particular time, which according to our Public Safety Department gave them problems during the last school year:

1. 72nd St. & Wyandotte
2. 74th St. & North Oak
3. 65th St. & North Michigan
4. 67th St. & North Waldron
5. 67th St. & North Indiana

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

9 February 70

The regular meeting of the Gladstone City Council was held on Monday, February 9, 1970, at 8:00 P.M. in the Council Chambers. Mayor Ed Bauman presided. The roll was called. Present: Councilmen Kleiner, Wurst, Walker and Davis. In addition, the City Manager, David H. Olson; the Assistant City Counselor, Mr. John Dods, and the City Clerk were also present.

The Invocation was given by Reverend Wayne Smith, Pastor of the Linden Baptist Church.

Mr. Kleiner moved to accept the Minutes of the regular meeting of January 26, 1970, as submitted. Mr. Walker seconded. The vote: Mr. Kleiner, aye, Mr. Wurst, PASS, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

Item 4 on the Agenda: Scheduled as a Public Hearing on a request to rezone from R-1 to R-3, land located at approximately 72nd and North Woodland; Mr. John Kelsay, Petitioner. The City Manager advised that Mr. Kelsay had withdrawn his request. Mr. Bill Turnage, attorney for Mr. Kelsay, was present and addressed the Council briefly. He asked for leave from the Council to withdraw the request for rezoning, without prejudice... Mayor and Council agreed. Mr. Wurst asked that a letter be written from Mr. Turnage's office to that affect. This was agreeable with Mr. Turnage.

* * *

At this time, the Council heard Mr. Dan Czmanske, attorney for McPhee, Allen, and Wright, Inc., the applicant for the building permit for the house located at the rear of the Gladstone Medical Plaza, approximately 56th Terrace and Antioch Road. He said he would appreciate a decision from the Council on the permit request.

Prior to the above, Mr. McPherson addressed the Council regarding two petitions which he and other neighbors in the area of the proposed rezoning for Mr. Kelsay, had prepared for submission to the Council at this evening's meeting. He said he would still like to have them on file at the City Hall and he was assured they would be added to the Kelsay file. He said the first petition contained 338 signatures protesting the Kelsay rezoning, and that the second petition was addressed to the Council, asking them to cease and desist from any further multi-family dwelling zoning in the City. He asked how soon Mr. Kelsay could re-submit an application on the same matter. The answer was that Mr. Kelsay would have to start all over again, filing his request, which would have to be published, appear before a Planning Commission Public Hearing, wait for the Subcommittee report two weeks later; then appear before the Council for a Public Hearing, and await the Council's action... that it could be submitted at any time. Mr. McPherson said "his group" would like to be advised should Mr. Kelsay begin the action again.

Item 6 on the Agenda: Communications from the City Council. Mr. Kleiner said he had nothing at this time. Mr. Wurst had nothing at this time. Mr. Walker; nothing at this time. Mr. Davis said he had a resolution to introduce at the appropriate time. As this was, apparently, the time to do so, Mr. Davis moved for the adoption of Resolution No. R-70-14, directing the City Manager of the City of Gladstone to investigate and study the feasibility of obtaining land for a park site in the undeveloped area east of Oakwood Manor School. Mr. Walker seconded. Mr. Wurst said that before the Council obligates itself, it should be made aware of a meeting held

"yesterday" (being Sunday, February 8, 1970) concerning other park ground. Mr. Olson advised that there had been a meeting relative to the acquisition of the Maple Woods property; that the meeting was not successful on the option, but that he, Mr. Olson, did not feel the City could give up at this particular point; that there is no definite commitment from the owner of that property yet...

Mr. Davis said it was not his intention, in any way, to have a resolution preclude the City's acquisition of the Maple Woods area, and that he would support such acquisition if possible. He said, however, he felt there was a need to get moving; that he was attempting to answer the mandate of the people to acquire additional park land for the children of Gladstone.

The vote was called: Mr. Kleiner, aye, Mr. Wurst, NO, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye. (4 aye, 1 nay). Motion carried.

* * *

Mr. Walker moved for the adoption of Resolution No. R-70-15, directing the City Manager to submit a plan for the construction of school safety sidewalks in the City, and to provide the financing of the cost thereof, out of the General Funds of the City. Mr. Davis seconded. Mr. Wurst asked what was the amount of money allocated for this particular area....the answer was approximately \$150,000. Mr. Davis said there was a mandate to approve sidewalks without a bond issue, and without additional taxation. He said he believed the City could move ahead, not as aggressively as had been hoped.

Mr. Wurst said he felt that the resolutions recently passed in the City, as proposed, would bankrupt the City.

Mr. Davis said they had "added them up"...that the funds were available in the General Funds Account; that he believed they could implement and still come out with a healthy balance.

Mr. Wurst asked how they would establish the priority of importance on the sidewalk resolution, for instance. Whose children would be more important than other children. Mr. Davis said they would hope to establish sidewalks in the areas, first, where there was the most traffic, where the children were exposed to the most traffic. He said these resolutions do imply the expenditure of funds; that they felt they could be feasibly implemented during the next year.

The vote: Mr. Kleiner, aye, Mr. Wurst, NO, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye. (4 aye..1 nay). Motion carried.

* * *

Mr. Kleiner moved for the adoption of Resolution No. R-70-16, directing the City Manager to determine if Gladstone residents must pay a \$1.00 per month sewer charge to the City of Kansas City, Missouri.....directing the City Manager to exhaust all negotiations with the City of Kansas City, Missouri, and if necessary, authorize and direct the City Counselor to institute suit against the City to determine if residents must pay, or if said Charge by the City of Kansas City, Missouri is illegal or improperly made, and that, thereafter, the City Manager recommend to the Council a plan to rebate as soon as practicable to the residents who have paid said amount, all funds collected by the City. Mr. Walker seconded. Mr. Wurst asked why we propose additional negotiations, why not just implement suit..Mr. Dods answered that the City

"yesterday" (being Sunday, February 8, 1970) concerning other park ground. Olson advised that there had been a meeting relative to the acquisition of Maple Woods property; that the meeting was not successful on the option he, Mr. Olson, did not feel the City could give up at this particular time there is no definite commitment from the owner of that property yet.

Mr. Davis said it was not his intention, in any way, to have a referendum on the City's acquisition of the Maple Woods area, and that he would acquire it if possible. He said, however, he felt there was a mandate that he was attempting to answer the mandate of the people to acquire park land for the children of Gladstone.

The vote was called: Mr. Kleiner, aye, Mr. Wurst, NO, Mr. Walker, aye, Mayor Bauman, aye. (4 aye, 1 nay). Motion carried.

* * *

Mr. Walker moved for the adoption of Resolution No. R-70-15, Manager to submit a plan for the construction of school safety City, and to provide the financing of the cost thereof, out of the City. Mr. Davis seconded. Mr. Wurst asked what was allocated for this particular area....the answer was approved. Davis said there was a mandate to approve sidewalks without additional taxation. He said he believed the City was aggressively as had been hoped.

Mr. Wurst said he felt that the resolutions recently passed would bankrupt the City.

Mr. Davis said they had "added them up"...that the funds account; that he believed they could implement a balance.

Mr. Wurst asked how they would establish the priority resolution, for instance. Whose children would be most affected? Mr. Davis said they would hope to establish sidewalks there was the most traffic, where the children were said these resolutions do imply the expenditure of be feasibly implemented during the next year.

The vote: Mr. Kleiner, aye, Mr. Wurst, NO, Mr. Walker, aye, Mayor Bauman, aye. (4 aye..1 nay). Motion carried.

* * *

Mr. Kleiner moved for the adoption of Resolution No. R-70-16, Manager to determine if Gladstone residents must pay to the City of Kansas City, Missouri.....direct the City Counselor to institute suit against the City must pay, or if said charge by the City of Kansas City properly made, and that, thereafter, the City to rebate as soon as practicable to the residents collected by the City. Mr. Walker seconded. Mr. Wurst said that the City was in negotiations, why not just implement

Manager has, in the last two or three days, been in touch with the City Manager of Kansas City in this regard. Mr. Olson advised that the matter would be brought up in Kansas City within the next three weeks, after which time the City shall determine whether or not the City should take the initiative here.

Mr. Wurst said then it was safe to assume that there should be an answer by the first meeting in March.

The City Manager answered in the affirmative.

The vote: Mr. Kleiner, aye, Mr. Wurst, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye.

Mr. Davis said that on the question of sidewalks, he hoped the City Manager would give the Council a quick answer as to the priorities, and how much money they would need.

Mr. Wurst asked for a point of clarification regarding the "negative" question of liquor by the drink....he asked if an establishment would have to be open to be subject to restraint..Mr. Dods said that after the census declared the population liquor by the drink would become automatic...that there should be a regulatory ordinance ready.

Mr. Wurst asked what if someone should enter the City and build an establishment based upon the number of people. Mr. Dods said the City can only regulate, not prohibit...that the City will have to provide for the granting of licenses.

* * *

Mayor Bauman read a Proclamation naming February 19th as Iwo Jima Anniversary Day.

* * *

The City Manager advised that Item 15 on the Agenda, scheduled as a resolution authorizing acceptance of certain streets for maintenance from Midwest Pre Cote, in Walnut Creek Subdivision, should be deferred for action. The Council was agreeable. The City Manager also asked that Item 8, scheduled as the second reading of Bill No. 69-84, rezoning from R-3 to R-P-3, certain portions of Whispering Oaks, be deferred, at the request of the petitioner. The Council was agreeable.

* * *

Item 9 on the Agenda: Mr. Davis moved to place Bill No. 70-1, an ordinance amending Ord. No. 1.693, providing for the conduct of the water distribution system, rates, extension of water mains and general rules, and repealing Section 3, thereof, on its first reading. Mr. Walker seconded. Mr. Kleiner asked the City Manager if the City has been billing according to the correct procedures. The City Manager replied that there has been no change in the charge; that the purpose of this Bill is to correct a typographical error which was made in Ord. No. 1.693. The vote: All "aye". The Clerk read the Bill.

* * *

Item 10 on the Agenda: Mr. Davis moved for the first reading of Bill No. 70-4, amending Ordinance No. 1.372, and relating to zoning regulations and restrictions,

pertaining to property described as being located at approximately 5800 North Oak Street Trafficway, rezoning from C-1, Local Business District, to C-2, General Business District..Mr. Walker seconded. A question was asked regarding a portion of the legal description which says...."except that part in State Highway"..... Mr. Dods said this was correct, even though it is no longer "State Highway" as such, as this was the way the ground was described initially, and it must remain as it was originally described. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the first reading of Bill No. 70-4, and to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

It was noted that the third and final reading would be held at the next regular Council meeting.

At this time, Mr. Dan Czamanske, Attorney for McPhee, Allen and Wright, Inc., addressed the Council regarding their decision on the small house at the back of (east side) the Antioch Medical Plaza. A building permit was sought for interior changes, and painting on the exterior of the house. Mr. Czamanske advised that he had sent letters to each of the Councilmen and pictures of the property in question. He said, further, that he represented the doctors' group which is anxious to take possession; that he had noted that the curbing is in almost past the half-way mark; that there will be a drive.

Mr. Davis said he was still interested in securing an extension of the curb and gutter, and asked if Mr. Czamanske was still interested in going ahead on this.

Mr. Czamanske said that if the drive is put in as contemplated, there will be no necessity for any curbing; that he felt if the Council insisted, his clients would put in a curb, but that he couldn't speak for the lessor. He felt it would cost about \$300 to put in a curb on that side. He said that he believed that if this is the only obstacle, the lessor would go ahead and build it.

Mayor Bauman asked about the parking places. Mr. Czamanske said he believed the present parking lot (on the west side of the present building) was sufficient, or even that it has additional or over parking space.

Mayor Bauman said he didn't believe that anyone going to or from this new building annex will park on the parking lot and walk up to the house; he said he believed they would park in front of the house...he asked about working up some kind of a parking lot at the rear or back of the building.

Mr. Czamanske asked why they were being forced to build a parking lot; why they were being imposed upon like this; that it was his understanding that the building inspector had already approved the plans which were submitted.

Mr. Wurst said this looked like two separate, divided projects....that he believed, however, that they would have to look into the parking; that the lot is only about half improved; that the area on the south is not improved for parking; that they will have to expend several thousand dollars to make improved parking.

Mr. Czamanske said that he only was here to represent the lessor; and he asked if it was possible that the parking situation could be worked out with the lessor/lessee and the Council at a later date; that the interior work has been completed on the house and his clients are anxious to get in and get started.

Mayor Bauman recommended that the Council grant the building permit with the stipulation that the parking matter would be worked out satisfactorily; that such be only granted for one year.....

Mr. Wurst said that (1) he has already exceeded his allowable parking area (speaking of the Medical Plaza)

Mr. Czamanske said he would notify the lessor of the things the Council has asked for at this evening's meeting.

After further conversation, Mr. Kleiner moved to grant the building permit subject to a determination by the City Administration with regard to the parking problem, whether on the south or on the east side of the building adjacent to the present medical complex. Mr. Walker seconded. The vote: Mr. Kleiner, aye, Mr. Wurst, aye, Mr. Walker, aye, Mr. Davis, NO, Mayor Bauman, aye. (4 aye - 1 nay). Mr. Davis explained his vote by saying that when the original zoning was granted, it was granted on the assumption that the building would be torn down; that now the Council is expected to act on something which should have been torn down...

* * *

At this time, Item 20, "Consideration of Building Plans", was brought forward on the Agenda:

20-a - Kendallwood, Phase II, Swimming Pool Plans. After some deliberation, Mr. Davis moved that the action of November 24th, regarding approval of the plans for these two pools be amended to eliminate the phraseology that the filter systems must comply with the Clay County Health Department, and that the plans as submitted are approved, such plans being designated by date: February 9, 1970. Mr. Walker seconded. The vote: All "aye".. (Note: The Swim Line Pool representatives were also present.

20-b - Midas Muffler Shop, 5840 North Oak (Fred Angle, Owner). After some deliberation, Mr. Davis moved the building plans for the Midas Muffler Shop be approved, based on the stipulation that the south, north and east sides of the building would be brick faced, and the area to the south would be sodded, and, at the rear of the proposed building, the developer shall put in a screened, block disposal area, and that the developer shall curb and gutter North Oak, from 59th Street to the property line

Mr. Walker seconded.

The vote: All "aye".

* * *

Item 11, scheduled as the first reading of Bill No. 70-5, establishing new precinct boundary lines for the City, was deferred at this time.

* * *

Item 12 on the Agenda: Mr. Davis moved to place Bill No. 70-6, being an ordinance to accept assessment role for Lateral Sewer District No. 2, and directing the City Clerk to prepare and issue tax bills, on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the first

reading of Bill No. 70-6, and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the second reading of Bill No. 70-6 and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of said Bill No. 70-6 and to enact same as Ordinance No. 1.728. Mr. Walker seconded. The vote: All "aye".

Item 13 on the Agenda: Mr. Walker moved for the first reading of Bill No. 70-7, an ordinance amending Ordinance No. 1.708, creating Lateral Sewer District No. 3, and the Appendix thereto. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading and to place Bill No. 70-7 on its second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of said Bill and to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of said Bill and to enact it as Ord. No. 1.729. Mr. Davis seconded. The vote: All "aye".

Item 14 on the Agenda: Mr. Davis moved to place Bill No. 70-8, being an ordinance to accept the final plat of the Third Plat of Broadway Heights Subdivision, on its first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. (The Bill was read by Mr. Dods, in lieu of the Clerk) Mr. Davis moved to accept the first reading of said Bill and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. (Mr. Dods obliged). Mr. Davis moved to accept the second reading of said Bill, to waive the appropriate subsections of Section 20, Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Bill was read.

Mr. Davis moved to accept the third and final reading of Bill No. 70-8, and to enact it as Ordinance No. 1.730. Mr. Walker seconded. The vote: All "aye".

Item 14-a...Mr. Kleiner moved to place Bill No. 70-9, being an ordinance to accept a standard sewer easement on certain land for public use as part of the Gladstone Sewer System, on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the first reading of said Bill, and to place it on second reading. Mr. Davis seconded the motion. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the second reading of Bill No. 70-9, to waive Section 20 (d)(2) of Ordinance 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the third and final reading of Bill No. 70-9, and to enact same as Ord. No. 1.731. Mr. Davis seconded. The vote: All "aye".

Mr. Davis moved for the adoption of Resolution No. R-70-17, authorizing the City Manager to accept a Bill of Sale for certain water mains constructed by Hevalow-Shanks Construction Company and Byers Brothers, Inc., under Contract No. 110, for mains in Meadowbrook North...Mr. Kleiner seconded. The vote: All "aye".

Mayor Bauman moved to adopt Resolution No. R-70-18, authorizing execution of Water Main Extension Contract No. 111, for the construction of certain mains by Lexington Plumbing and Heating Company, for 110 feet of 6" C.I.P. from Holmes Street West, in the North side of 69th Street North. Mr. Kleiner seconded. The vote: All "aye".

Item 19 on the Agenda: Mr. Davis moved to accept the Financial reports for Water and Sewer Utility, General Fund, Special Sewer Assessment Fund and Special Park and Playground Fund for the 6 months ending December 31, 1969, and the December, 1969, Cash Disbursements for General Fund and Water & Sewer Utility. Mr. Walker seconded. The vote: All "aye".

* * *

Mr. Davis moved for the adoption of Resolution No. R-70-19, authorizing the City Manager to settle the condemnation case of the City of Gladstone, Missouri vs. Dee W. Allard, et al, for the total sum of \$10,000. Mr. Walker seconded. The vote: All "aye".

* * *

Mr. Davis asked the City Manager if he had ascertained anything further about the funds on the Special Road District allocation to the City.

Mr. Bauman asked if the entrance on Broadway (Peterson Development) had been okayed by the Council.

As there was nothing further to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote.

Respectfully submitted,

City Clerk

SPECIAL MEETING
CITY OF GLADSTONE
CITY COUNCIL

FEBRUARY 12, 1970

Mayor Pro Tem Kleiner called the Special Meeting of February 12, 1970 to order. Those present were Mayor Pro Tem Kleiner, Councilman Kenneth Walker, Councilman Richard Davis; also present were Robert Waldo and City Manager, David Olson.

Mr. Davis moved to appoint City Manager, David Olson as Acting City Clerk. Mr. Walker seconded the motion. The vote: Mr. Davis, aye; Mr. Walker, aye; Mr. Kleiner, aye.

Mr. Walker then moved to place Bill No. 70-11 on its first reading. Mr. Davis seconded the motion. The vote: All Aye. The Bill was read.

Mr. Walker then moved to accept the first reading of Bill No. 70-11, & waive the appropriate paragraphs and place it on the second reading. Mr. Davis seconded the motion. The vote: All Aye. The second reading was held.

Mr. Walker moved to accept the second reading and asked for the third reading of Bill No. 70-11. Mr. Davis seconded the motion. The vote: All Aye. The Clerk read the Bill.

Waive Sec. 20 (d)(1) & Ord. 1-83 + place on

Mr. Walker then moved to accept the third reading of Bill No. 70-11 and enact same as Ordinance 1.732. Mr. Davis seconded the motion. The vote: Mr. Walker, aye; Mr. Davis, aye; Mr. Kleiner, aye.

Having no further business to come before the Council at this time, the Special Meeting of the Gladstone City Council was adjourned by unanimous vote at 8:15 p.m.

Approved as submitted: _____

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
23 February 70

The regular meeting of the Gladstone City Council was called to order by the Mayor, Mr. Ed Bauman, on Monday, February 23, 1970, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Present: Messrs. Kleiner, Wurst, Walker, Davis and Mayor Bauman. In addition, the City Manager, the City Counselor, Mr. Wm. Shinn, and the City Clerk were also present.

At the direction of the Mayor, all present recited the Lord's Prayer.

Item 3 on the Agenda: Acceptance of the Minutes. Mr. Kleiner moved to accept the Minutes of the regular meeting of February 9th, as corrected, and the minutes of the special meeting of February 12th, as corrected. Corrections noted were: Minutes of February 9th, Page 1, second line, a typographical error denoting "February 8, 1970", instead of February 9, 1970....Minutes of the Special Meeting of February 12, 1970, Page 1, paragraph 4, second line, the words "waive the appropriate paragraphs and..." should be deleted...paragraph 5 should read: "Mr. Walker moved to accept the second reading and waive Section 20 (d)(2) of Ord. No. 1.83, and place Bill No. 70-11 on third reading..." Mr. Davis seconded the motion. The vote: All "aye". Minutes were accepted as corrected.

Item 4 on the Agenda: Request for Special Use Permit for Hamilton Heights Country Club. Mayor Bauman opened the Public Hearing, asking anyone who was in favor of such permit to speak at this time.

Mr. William Ost, 7007 North Baltimore, president of the Hamilton Heights Country Club, said there had been a need for some action for the past couple of years; that there was some serious deterioration of the pool; that it was his understanding that the life of a pool was 10-12 years, which is about the age of this pool. He said the present pool is not of sufficient capacity for present membership; that there wasn't sufficient room for general swimming, swimming lessons, and meets...he said there had been some criticism by the people who had said they had not been approached nor asked if they wanted to expand the pool...he said there had been a drawing of the proposed pool constructed, dated December 2, 1969, left with the City Administration...he said there was a rumor that they planned to double the size of the membership, and this is not true; that this is a dues-paying membership, a private club, that there was a limit of 500 members. He said that the lake needs to be maintained, and that they knew this needed to be done. He said they intend to limit the membership to 300; that they did not want to expand beyond what they can handle; that they knew the parking was a problem when they had swimming meets, and he said, further, that they would withdraw their request for a parking lot; that they would withdraw the request for a road; that they would furnish the fencing where needed; that they would put in an access road when needed for maintenance; that they did not want to increase the number of swim meets; that they would plan for one conference meet; that they would stay within any guide lines established or set out by the Planning Commission, if this meets with the approval of the City Council.

Mrs. Ken Lucas said she had two boys; that because their house in Hamilton Heights had burned, they were presently living in an apartment, but planned to move back into their home shortly; that she was concerned for her children, and believed the pool was very important, and that she would appreciate favorable consideration from the Council.

Mr. Les Dietrickson, 6600 North Main, said there would be a problem of approximately 200 children walking the streets with nothing to do in the summertime if the pool permit is not granted; that he was in favor of the permit.

Mr. Cecil Grooms, 6602 North McGee, spoke in favor.

Mr. Vance Bauer, 6909 North Woodland, said that he felt if the club ceases to function, there would be more of a problem than there is presently.

Mr. Dietrickson addressed the Council again. He suggested polling the people who are present, who have signed a petition protesting the permit; that since there have been statements made regarding withdrawal of the planned parking lot and it has been said there will be limited membership, perhaps some of those opposed might want to withdraw their objections.

Mr. Harrison Norton, Attorney, addressed the Council, saying he represented 80 or 90 people who filed a petition with the City Clerk in protest, or opposition to this; that he felt they had heard a lot of things; from the Planning Commission, from the people who live in this neighborhood, etc. He continued "suffice it to say they are not against a neighborhood pool"...he said this particular facility is located on a rather small tract of land, and for a number of reasons, it is objectionable to them; that though they are not against a neighborhood pool, they are opposed to anything that will stand to increase their problems that have arisen as a result of the appearance of this facility, as it has been in the past and may be in the future. He said one of their concerns is the fact that they feel that a parking lot is not necessary to the facility; that if any of the Council lived close to the pool and have had people parking in their driveways, blocking their cars, they would understand the problems created, and you would want them to park elsewhere, but they didn't feel a parking lot was the answer. He said he spoke for them when he said they wanted to leave the pool a neighborhood pool, not make a community-wide pool of it; that he would appreciate the Council's consideration of these points and his clients' wishes.

Councilman Davis asked if Mr. Norton felt that all who were opposed may still be?

Mr. Norton answered that no one had called him and asked him to "take his name off the list"; that he would have no objection to doing so, but he had not had any such request.

Mayor Bauman said the City had received a copy of Mr. Norton's map showing the locations of the owners of property around and near the pool who had objected; he asked if anyone had changed his mind.

The question was raised as to the Planning Commission recommendations.

Mr. Davis read, as follows: (Planning Commission Minutes of 2/16/70, page 3)

"Upon conclusion of the investigation by the Subcommittee regarding the renewal of the Special Use Permit to continue the use of and replace the facilities in connection with the Hamilton Heights Country Club Swimming Pool, said Subcommittee wished to make the following comments and recommendations: As it was pointed out, the present pool is in a deplorable condition, and even if many thousands of dollars were spent in repairs, it would still be inadequate in many respects. The proposed replacement pool would be somewhat larger, and, because of the 'L' shape,

would allow the swimming team to practice without monopolizing the entire pool. He said that it is the opinion of the committee that the larger, more modern pool would not result in an increase of noise or in additional congestion and they, therefore, wanted to recommend renewal of the Special Use Permit subject to the following conditions: 1. The proposed road and parking area are to be deleted from the plans and, in its place, a small service road be built on the south side of the tract to enable the club to have better access for the use and operation of maintenance equipment such as small tractors and mowers; 2. Upon checking the property between the lake and the individually owned area, it was apparent that much of the area on the south bank has not been maintained in accordance with Gladstone's ordinance, since the brush and small trees have grown over head high, and are dense. Such careless maintenance is an attraction for snakes and rodents, and it is the Subcommittee's recommendation that not only the area on the north and south banks be mowed regularly, but also the area between the dam and Broadway be cut on a regular schedule. 3. Fence all parts of the Club property not presently fenced to prevent trespassing through private property. 4. That the Club shall not stage any additional swim-meets than have been stated in past years.

Mr. Norman Brasel, 101 W. 67th Street North, asked that his name be taken off the list of those opposed.

Mr. Herman Pierjok, 103 W. 67th Street North, asked that his name be withdrawn from the list of those opposed.

Mrs. Julia Kyle, 107 West 67th Street North, asked that her name be withdrawn.

Mr. F. W. Peak, 205 West 67th Street, said he felt that anything promised by this particular group who is in charge will not necessarily be true and said he was still opposed.

Councilman Davis said that regardless of who comprises the officers, if these stipulations are included by the Council in issuance of the permit, they would have to live with these regulations.

Mr. Peak said they could resubmit their request; and he advised that the area in question had not been properly maintained for the last ten or twelve years.

Mrs. Hubert Owen, 207 W. 67th Street North, said she looks out on it; that she may be cynical but she is opposed.

Mrs. Paul Bates, 6501 North Main Street, that she is very much opposed; that cars race in the streets, that they park in her yard; that she believed they should get together as a neighborhood and work out their own problems; that she was very much opposed to bringing in the Planning Commission, and felt it should have been handled by Hamilton Heights people.

Mr. Glenn Christian, 201 W. 67th Street North, said he was opposed.

Mrs. Reginald Norbergs, 3 West 67th Street North, said she was opposed.

Mr. C. E. Middleton, 105 West 67th Street, North, opposed.

the advocated that the City Council try to influence the Missouri Law Enforcement Assistance Council to give a high priority for the control of narcotics...."

Mr. Joe Boswell, 6601 North Broadway, said he was opposed.

Mr. Rex Pruitt, 6609 North Broadway, said he lived west of the dam, and he wished to be registered as opposed.

Mr. Ost said to Mr. Peak that in prior years, there had been no stipulations with regard to the issuance of the Special Use Permit, that it had "just been given to us as a matter of course"...that such would be subject to the recommendations of the Planning Commission.

Mayor Bauman declared the public hearing closed...

* * *

Item 5 on the Agenda: Communications from the audience. Mr. Andreeson, of Twin Cities Shows, addressed the Council. He said that he is scheduled for a consideration of a carnival permit much later on the Agenda; that he would appreciate being moved forward to an earlier consideration. Mayor Bauman said it would be considered along with an additional such request. At this time, Mayor Bauman called a ten-minute break.

* * *

The regular meeting of the Gladstone City Council reconvened with all members present.

Mayor Bauman advised there would not be any vote of the Council on the Special Use Permit at this evening's meeting.

Item 6 on the Agenda: Communications from the City Council. Mr. Wurst asked for a report by the next Council meeting, as to facts or fiction regarding the use of marijuana at Antioch Junior High School. He said, also, that he would like to ask the City Manager prepare a report to the Council on funds available for capital expenditures in the very near future; the latter request based on his comment that there were some voids in the area of fire protection, which had become apparent during the fire which had occurred late this afternoon, at which there was not sufficient equipment.

Mr. Davis said (1) that he had seen the fire too; that it was quite a fire; that the Public Safety Department was in dire need of a snorkel truck to aid in fighting a fire on a high level house, but they could not house it until they had such a facility which could house it, preferably located at 65th and Prospect.... (2) ~~he suggested that the City Council consider the purchase of a snorkel truck to aid in fighting a fire on a high level house, but they could not house it until they had such a facility which could house it, preferably located at 65th and Prospect....~~

Mayor Bauman said he had received a letter directed to the Council from one of the local P.T.A. members, who expressed their encouragement when Mr. Walker had presented the recent resolution on sidewalk construction in the City; that they had felt heartened by its adoption and were awaiting the City's action; he said, in regard to the rumor on marijuana, he had recently been on the East Coast, where according to statistics two grammar school children die each week from the use of drugs, and two highschool age children die each day from the use of drugs; that recently a drug ring had been broken up in an eastern city which had furnished seventeen names of youngsters in the local highschool who were selling drugs; that he needed to make a statement to the Administration regarding his feelings

and that he is sure that the City will do whatever might be necessary to aid in the enforcement of the law on drugs, with policy, with personal aid, with all the necessary backing; he said that he loved the midwest and would hate to see it turn into an "east coast" with regard to drugs. He said he appreciated the Youth Council, and the work our Public Safety men do with the youth in our area; that he felt the Council would do whatever they possibly could to prevent the use of dope.

Item 7 on the Agenda: Communications from the City Manager. Mr. Olson said he had received a letter from the petitioner on a rezoning matter scheduled for second reading, under Bill No. 69-84, (Item 10 on the Agenda), and the letter requested the Council to table action on the said Bill for a six-month period. Mr. Olson said he would like to have a definite date on this matter.

Mr. Olson said that there had been a letter received from the Vice President of the Gladstone Jay Cees, late today, requesting the Council to grant them a carnival permit.

He advised that a study session with the Council should be held this week if possible for general discussion of several items: (a) report on sidewalk construction study, (b) fire-station construction, as well as other matters. After general discussion. Mayor Bauman suggested Wednesday evening, February 25th, at 8:00 P.M. This met with approval.

Mr. Wurst said in regard to Bill No. 69-84, he believed it should be accepted as a withdrawal...Mayor Bauman questioned the City Counselor as to whether the Council could accept the letter as action for withdrawal. Mr. Shinn answered that he did not think the Council could consider the letter as an application for withdrawal.

Mayor Bauman asked the City Manager to contract the petitioner and ask for a letter of withdrawal to be presented before the next Council meeting.

* * *

Item 8 on the Agenda...Third reading of Bill No. 70-4, rezoning from C-1 to C-2 property located at approximately 5800 North Oak Street Trafficway. (Pacer Oil Co.) Mr. Davis moved to accept the second reading and place on third reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of said Bill and to enact it as Ord. No. 1.733. Mr. Mr. Walker seconded. The vote: All "aye".

* * *

Item 9 on the Agenda: Second reading of Bill No. 69-83, rezoning from R-1 to R-P-3, property located at approximately North Euclid at East 76th Street, being Lots 1 through 30, Park Royal. (Intercontinental Investments, Inc. Messrs. Rose and Gibson). Mr. Richard E. McFadin, Attorney for the petitioners, addressed the Council, saying that they had information that the meter boxes will not be in public view on future developments of this kind; that they had just had word that the Kansas City Power and Light Company will work with the developers, and there will no longer be the ugly structure housing these utility boxes as before. Mr. Davis moved to place Bill No. 69-83 on its second reading. Mr. Walker seconded. The vote: Mr. Kleiner, NO., Mr. Wurst, aye, Mr. Walker, NO, Mr. Davis, NO, Mayor Bauman, NO. The second reading was denied.

Item 10 on the Agenda: It had been noted earlier that a letter had been received asking for a six-month deferment on their request to rezone from R-3 to R-P-3, certain portions of Whispering Oaks... Mayor Bauman asked the City Manager to request a letter from said petitioner stipulating the exact date...

* * *

Item 11 on the Agenda: Scheduled as the second reading of Bill No. 70-1-A, for an ordinance amending Ord. No. 1,693, providing for the conduct of the Water Distribution system, rates, extension of mains and general rules. The City Counselor advised that, in his opinion, Bill No. 70-1, as this Bill was called for its first reading before amendment, should be withdrawn officially, and then Bill No. 70-1-A (the A denoting the amendments which are substantial) should be offered for first reading, etc. Mr. Kleiner said he had several changes to make on the Bill No. 70-1-A before it has any reading. He suggested a change in the wording of Section 3, regarding the return of deposits, making the return automatic, as well as several other changes... General discussion between the City Counselor and the Council ensued.

Mr. Kleiner moved to "kill" Bill 70-1, and "get it out of the way"... Mr. Walker seconded. The vote: All "aye".

Mr. Kleiner moved to place Bill No. 70-1-A, on first reading, with Section 3 to read as follows: "Deposits and Billing: 1A- Deposits made to guarantee payment of the final bill shall be returned to the appropriate party if the water customer in whose name the service is maintained has paid six consecutive water bills (year) without incurring a late payment penalty charge." Mr. Walker seconded. The vote: All "aye"... The Clerk read the Bill.

Mr. Kleiner moved to accept the first reading of said Bill No. 70-1-A, and to place it on second reading. Mr. Walker seconded. The vote: All "aye"... The Clerk read the Bill. Mr. Kleiner moved to accept the second reading of said Bill and to waive Section 20. (d)(2) of Ord. No. 1,83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye"... The Clerk read the Bill.

Mr. Kleiner moved to accept the third and final reading of said Bill, 70-1-A, and to enact same as Ord. No. 1,734. Mr. Walker seconded. The vote: All "aye"....

* * *

At this time, the applications for carnival permits was brought forward. The City Manager advised that all matters required by the City insofar as insurance, application for occupation license, letter of permission from the sponsor as well as the owner of Meadowbrook Shopping Center, were in order insofar as the application for such permit from Twin Cities Shows. The Owner/Operator was present at this meeting and he explained that they were locally owned, had a good reputation, were going to be used as a promotion means for the Shopping Center, would not be in competition with any other carnival. Mr. Walker moved that a permit be granted to Twin City Shows, to be set up on the parking lot at the Meadowbrook Shopping Center, 61st and Antioch Road, from April 2nd to April 12th, upon the issuance of an occupation license, and the payment of a fee, as this carnival is in business for profit. Mr. Davis seconded. The vote: All "aye"...

The letter of application for a permit for the Gladstone JayCees was brought up at this point. Such request stipulates that the carnival will be the Hales Shows of Tomorrow; that it will be located on the parking lot to the south of the Gladstone Plaza Shopping Center, from April 8th through the 19th; that a letter from the owner would be forthcoming; that the proper insurance covering Gladstone, as an additional insured, would be forthcoming. Mr. Kleiner moved to grant the application and issue a carnival permit to the Gladstone Jay Cees for the dates April 8th through April 19, 1970, to waive the fee, and that such permit be subject to the Jay Cees furnishing the necessary documents as required by the City prior to beginning operation. Mr. Walker seconded. The vote: All "aye".

* * *

At this time, as Mr. Ray Sapp of Ray Sapp Hardware Store, 7107 North Oak, was present in the audience, the Council agreed to consider Mr. Sapp's building plans. The City Manager advised that these building plans were for an additional storage area to be built on the north side of the existing building. He recommended the approval of the plans.

Mr. Walker moved the Council accept the building plans for the storage area to be built as an addition to the existing building owned by Ray Sapp, at 7107 North Oak, such addition to be sealed and painted to match the rest of the building. Mr. Kleiner seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Scheduled as the first reading of Bill No. 70-5, dividing certain precincts, establishing certain precincts, combining certain precincts, repealing ordinances 1.419 and 1.603 generally dealing with the same subject matter. Mr. Davis so moved. Mr. Walker seconded. The vote: All "aye". The Bill was read.

Mr. Davis moved to accept first reading of Bill No. 70-5, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Bill was read.

Mr. Davis moved to accept the second reading of Bill No. 70-5, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of said Bill and to enact it as Ord. No. 1.735. Mr. Walker seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Scheduled as first reading of Bill No. 70-10, amending Ordinance No. 1.98, governing elections in the City of Gladstone, and adding a new section permitting the use of voting machines in said City..... Mr. Kleiner moved to place said Bill on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the first reading of said Bill, and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the second reading of Bill No. 70-10, to waive Section 20(d)(2) of Ord. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Kleiner moved to accept the third and final reading of Bill No. 70-10 and to enact it as Ord. No. 1.736. Mr. Davis seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: First reading of Bill No. 70-12, authorizing acceptance of certain precinct locations. Mr. Walker moved to place said Bill on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of said Bill and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of said Bill, to waive Sec. 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third reading of Bill No. 70-12, and to enact same as Ord. No. 1.737. Mr. Davis seconded. The vote: All "aye".

Mr. Kleiner said, in regard to the precinct locations established by the above ordinance, this would only be in effect for about 1 year, and, at the time of the contemplated re-districting by the County Board, the City of Gladstone will be consulted, and we will work with them in establishing and realigning precinct boundaries.

Item 15 on the Agenda : Scheduled as Resolution authorizing acceptance of certain streets in Williamsburg, from Mid-Continent Asphalt and Paving Company, was deferred at this time, as the streets do not come up to City specifications, and there have not been catch basins installed as requested earlier.

Item 16 on the Agenda: Mr. Walker moved to adopt Resolution No. R-70-21, authorizing execution of Water Main Contract No. 112, with Garney Utilities. Mr. Davis seconded. The vote: All "aye".

Item 17 on the Agenda: Mr. Kleiner moved for adoption of a Resolution, No. R-70-20, asking the Council of the City of Gladstone to urge the County Court of Clay County, Missouri, to enact appropriate rules, policies or regulations to permit the County and its officers to assist the cities, villages and towns of Clay County, Missouri to prepare tax statements. Mr. Davis seconded. The vote: All "aye".

There being no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous action.

Respectfully submitted,

W. J. Walker
City Clerk

Accepted as presented: _____ Mayor

21. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
9 March 70

The regular meeting of the Gladstone City Council was called to order by Mayor Ed Bauman on Monday, March 9, 1970, at 8:00 P.M. Roll was called. Present were Mayor Bauman, Councilman Wurst, Councilman Walker, Councilman Davis. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were present.

The Invocation was given by Reverend Phil Stanberry, Minister of Music and Education, Englewood Baptist Church.

Item 3 on the Agenda: Mr. Walker moved for the acceptance of the Minutes of February 23, 1970. Mr. Davis seconded, but called for a correction on Page 4, (2) Paragraph 8, under Item 6, which should have read as follows: "he advocated that the City Council try to influence the Missouri Law Enforcement Assistance Council to give a high priority for the control of narcotics...." Correction noted and made. Mr. Walker amended his motion as follows: "Move the Minutes of February 23rd be accepted as amended/corrected"...Mr. Davis again seconded. The vote: All aye.

Item 4 on the Agenda: Mayor Bauman opened the Public Hearing on a request to rezone from R-1 to C-2 property located at approximately 200-300 E. 72nd Street North, Linden Plaza. The petitioner is Mrs. Pearl Jones. Mayor Bauman asked anyone who wish to speak in favor of such rezoning to do so. Mr. Amos Hinkle, Secretary of the Gladstone Chamber of Commerce, addressed the Council saying that, in the absence of Mr. Jerry D. Woodcox, President, Gladstone Chamber of Commerce, he would read a letter written by Mr. Woodcox, expressing his approval of the proposed rezoning. He did so. The letter is attached to and made a part of these Minutes as Exhibit A.

Mr. Lynn Allen, 302 W. 50th Street, spoke in favor of the rezoning, saying that the City needs more business.

Mrs. Pearl Jones, 7200 North Oak Street, said she knew the Council would have the authority to turn down anything they did not approve of, should other business go into the location, but that there was a need for additional parking, she felt.

Mayor Bauman asked if anyone who was opposed wished to speak.

Mr. Ronnie Owens, 207 N.E. 72nd Street, said he was opposed; that there were about 1-1/3 acres and he questioned that it would be used as a parking lot. After further comments, he said he felt something like a "honky-tonk" would be put in there.

Mr. Roger Hensley, 7207 North Grand, spoke in opposition. He said he knew Gladstone needed businesses, but that he felt the need was for the right kind of business; that, near residential areas, some types of business were definitely not needed or proper; that there are a lot of children in this area, and, speaking for some of the other families in the area, he did not want his children, nor did they want their children, growing up in a questionable neighborhood. He thereupon presented a letter written from one of the property owners in the area, who owns a house at 7205 North Grand, whose letter was written from 1610 So. King Street, Denver, Colorado. The letter was written by Mr. John N. Weatherly, and was read aloud and added to the file by the City Clerk.

Mr. Milton Knapp, 106 E. 72nd Street Terrace, address the Council in opposition. He said that the petitioner had asked for a parking lot, and had said there would

be no other use; his question was: Is C-2 really necessary for a parking lot? He said he didn't understand the ramifications of different types of zoning, but that he had attended the Planning Commission meeting and had heard a member ask this question, and he had not heard the answer. He said that certainly a parking lot, and the removal of a house, would offer less in taxes to the City, and while it was true that the property to the east was zoned commercially, this was true all along North Oak; that it was said that the property could be used for some businesses and he felt this was quite a deviation from their first proposal of a parking lot. He said although it was reported that the property across from the area was zoned commercial, but he knew there was a house on part of that property and he suspected it was not all commercially zoned; that he was therefore opposed and protested the zoning proposal, and hoped the Council would not permit it.

Mr. J. R. Hubbard said he was representing Mrs. Jones' interests and asked to speak at this time. He said he needed to clear up some of the misunderstandings. Mayor Bauman said the time for those in favor of the zoning had passed. Mr. Hubbard said he did not know at that point on the Agenda that there would be a need for him to speak. The Mayor invited him to do so. Mr. Hubbard said he had known Mrs. Jones for many years; that she had, in fact, been in business over 40 years; that she had received many offers for various businesses to go into this prime location, but that she had the best interests of Gladstone at heart, and he felt she would not put anything into her property which would not be proper. He said that the business offers she had received would bring in a good amount of revenue to the City. He said the question of a "honky-tonk" had never been discussed; that there had been no thinking along that line at all; that, as a matter of fact, several months ago, a group came to Mrs. Jones and offered her more money than she was asking for the property, and she refused to sell to them. He said he had heard a planning commission member say this was "one of the prime intersections of the City", and he felt that that corner up there should certainly be considered for more than just a location for a "honky-tonk". He said that as more and more people move out here, that area is more and more congested, and that he believes the Council should consider it as business property.

Mr. Owens spoke again. He said he believed Mr. Hubbard's conversation should be stricken from the records; that he believed that all that was granted him was a chance to get up and speak in favor of the zoning; that he had said he wanted to clear up some misunderstandings; that he did not think this had been accomplished. He said his question was why they feel they need another two acres of parking, and that, as far as he was concerned, this question had not been answered nor any of the questions cleared up.

Mr. Barrett, 107 E. 72nd Terrace North, said as far as he was concerned, if the present parking lots were cleaned up, and the mudholes where water stands, fixed, he would be more in favor, but as far as zoning this for business, even though the Council can limit the type of business, he is against the zoning.

Mr. Eugene Payne, 109 E. 72nd Street North, asked what business Mr. Hubbard is in at the present time? He said he objected to the zoning proposed; that he believed there is presently sufficient parking space.

Mrs. Anna Mitchell, 7209 N. Grand, said she objected to the zoning; that she lived on a dead-end street, but that she and her neighbors knew what would happen if this area became a parking lot and they didn't want it.

At this time, Mayor Bauman declared the Public Hearing closed.

* * *

Item 5 on the Agenda: Communications from the Audience.

Mr. Joe Inzenga, 204 West 65th Terrace North, speaking for his mother, Mrs. Rose Inzenga, said that regarding the Hamilton Heights Special Use Permit, said they were not against a public facility, and they were not against the swimming pool; that he believed it is the greatest thing in the world to have a swimming pool; that he believed they needed a pool for A.A.U. meets, and believed this kind of a pool and this size pool should be located on a ten-acre tract somewhere; that the present pool is not ample enough to hold meets there; that he believed there should be plans submitted to build a public pool, but they do believe this Hamilton Heights pool should be kept a neighborhood pool, and membership limited only to those people in that community; that he believed another bond issue should be submitted for a public pool, and that these were his comments, as well as those of his mother.

Mr. Lynn Allen, 302 West 50th Street, said the Chamber of Commerce planned to have as a speaker Chief player, Jerry Mays...and he suggested the City proclaim May 7th, 1970, as "Kansas City Chiefs Day in Gladstone"...he went on to say that tickets to the Chamber dinner at which Mr. Mays would be present would go on sale next week; that they will only have 200 tickets available.

Mrs. Burwinkle, 1 West 57th Street North, said she wanted to comment on the fact that she often finds cars parked in her own driveway, keeping her from getting in to her garage, and that these cars belong to people who are swimming in the Hamilton Heights Pool; that she has even found them parked in her yard, on her grass.

Mrs. Carmella Smith, 2 West 65th Terrace, said she was not against the swimming pool as such; that she is not against a larger pool, but the kind of pool that is planned doesn't belong in the area; that people in that area paid an extra \$1,000 for their lots; that she really shouldn't care because they can move out and sell their house and plan to do this anyway, but she thinks it should either stay like it is, or make it a little larger. She said she realizes that people have to have off-street parking, that there was a City ordinance covering this, or at least there used to be one..

Mr. Les Deitrickson said "they" would like to have an opportunity to speak last.. that he could appreciate a person's feeling regarding paying more money for their lot. (Mayor Bauman said he could go ahead and speak at this time). Mr. Deitrickson said this would not be a public pool; that it would only be open to members; and he reminded the audience that this has been said "time and time" again. He said they were limiting the membership, and trying to do something as far as the elimination of noise, they were eliminating 1 loud speaker; that the majority voted in favor of it; that as is well known, it is principally for Hamilton Heights residents; that there are only about ten families from out of that area; that it is a family pool; that it is very important that these children have summer activities especially in view of other things that are happening in the City.

Mrs. C. Smith advised that there were originally 500 members because there were 500 lots in Hamilton Heights; that they were lowering the membership by 200; that the most they will have will be 150 members; that the pool was built for a neighborhood pool.

Mr. Clarence Bauer, 6909 North Woodland, said they had been given an opportunity to just be open to Hamilton Heights, but they couldn't meet their obligations, and this was the reason why they opened up the membership.

Mr. Jerry Woodcox, President of the Gladstone Chamber of Commerce, addressed the Mayor and Council, concerning the "Hunt For the Gladstone" by Mike Murphy, who is leaving for Ireland Thursday, at 3:00 P.M.; he invited everyone to the Airport for the big send-off for Mr. Murphy; he advised that he would be back in town on the 20th of March, probably late in the evening, and the "Gladstone" would be presented to the City on March 28th; that it promised to be a "gem of a stone"...

Mr. Wm. Noonan, 6212 North Antioch Road, asked whether or not any action had been started in the City to recoup the Sewer Service Charge levied by Kansas City against Gladstone residents. He said he was wondering if the Council has any advice on this matter to tell the people.

(Note: At this time, Councilman Frank Kleiner arrived at the meeting and took his place at the Council table. Time: 8:45 P.M.)

Mayor Bauman asked Assistant City Counselor Dods to answer Mr. Noonan's question. Mr. Dods said they are initiating a petition for declaratory judgement, that it was filed last Friday in the Circuit Court of Clay County; that after 30 days they could respond.

Mr. Nolan Tarwater, 206 N.W. 62nd Terrace, said he wished to voice his objection to the plans for making the Hamilton Heights pool bigger; that they did not want anyone to close in the lake.

Mr. Lynn Allen, 302 West 50th Street, asked if the City was actually making "refunds on the water bills"

* * *

Item 6 on the Agenda: Communications from the City Council. None from Messrs. Kleiner, Wurst, Walker or Davis. Mayor Bauman read a proclamation declaring the week of March 15 through the 21st as "CAMP FIRE GIRLS 60TH BIRTHDAY WEEK".

Item 7 on the Agenda: Communications from the City Manager: Mr. Olson advised that there was an additional resolution for the Council to consider, concerning setting up an account for capital improvements (sidewalks).

He also directed the Council's attention to a letter received from the petitioner on Item 8 (Scheduled as the second reading of Bill No. 69-84, rezoning from R-3 to R-P-3, certain portions of Whispering Oaks), said letter requesting that the item be held until June, 1970; that the petitioner did not want to withdraw his request, but to "table" or hold it until June. (Letter attached as Exhibit B.)

At this time, Mayor Bauman asked the City Manager to check into the matter brought up by Mrs. Burwinkle, regarding the parking on her grass.

* * *

Item 8 on the Agenda: Mr. Walker moved to defer action on Bill No. 69-84, and to place the item on the Agenda for the first meeting of June, 1970. Mr. Davis seconded the motion. The vote: All aye.

Ref: 69-84
Whispering Oaks

June 2 1970
Dear Mr. Olson,

We ask your office to submit to the Council a request to table until June 22, 1970, our pending request to zone from R-3 to RP-3 property located at approximately 6900 Antioch Road to North Indiana.

We were advised that the Council felt our previous request for six months was too long.

I'm sure the Council is aware of the 8% Usury interest law in Missouri. In lieu of a prime rate nationally of 8 1/2%, it is quite obvious that new construction is practically frozen in Missouri. Commercial construction continues because if the purchaser is a Corporation they are not effected by the 8% law.

As was mentioned before, our RP-3 zoning request is very restrictive and was based on the workability of a very definite set of plans and a concept. At the moment it is not feasible and we would not wish to be bound by the restrictions.

Considerable time has been given by members of the planning board and hearings were held. It seems unfair to totally withdraw this now and then ask that this same effort and time be devoted a second time to the same problem. We know all the working committee as well as the Council have better things to do than a repeat show.

Your consideration will be appreciated.

Sincerely,

CITY HOMES, INC.

By *George W. Byers*

Item 9 on the Agenda: Scheduled as First reading of Bill No. 70-13, designating the names of the judges and clerks to work in the City Elections. Mr. Davis moved to place said Bill on its first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the first reading of Bill No. 70-13, and to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the second reading of Bill No. 70-13, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place Bill No. 70-13 on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 70-13, and to enact it as Ordinance No. 1.738. Mr. Walker seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: First reading of Bill No. 70-14, accepting a Deed of Dedication from Angle Motors, for additional street right-of-way. Mr. Walker moved to place said Bill on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bauman inquired if three readings were necessary at this meeting. The City Manager answered in the affirmative. Mr. Walker moved to accept the first reading of Bill No. 70-14, and to place it on second reading. Mr. Davis seconded the motion. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the second reading of Bill No. 70-14, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded the motion. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.739. Mr. Davis seconded. The vote: All "aye".

* * *

The Mayor called a ten-minute break at this time; (9:05 P.M.)
Reconvened at 9:15 P.M. with all members present and accounted for.

* * *

Item 11 on the Agenda: A Resolution authorizing the City Council to grant a Special Use Permit to the Hamilton Heights Country Club. Mr. Walker moved for the adoption of Resolution No. R-70-22, granting a Special Use Permit to the Hamilton Heights Country Club for a period of one (1) year, such Permit to expire March 9, 1971, and being subject to the stipulations set forth by the Gladstone Planning Commission. Mr. Davis seconded.

Mr. Wurst said that in 1967, one of the requirements for the permit issued at that time was that a parking area be constructed off Main Street; that it had not been done; He said he was wondering if there isn't some machinery that could be utilized; that he would hate to see this used as a "political football"...he wondered if it could be considered for permanent zoning. Mayor Bauman asked the City Counselor if they would qualify for zoning.

Mr. Wurst said, further, that he believed there should be something to help the parking situation; that he believed they were going to have to have a "meeting of the minds" between the Board and the people abutting the property; that he felt this might create a situation where the City would have perennial complaints, etc., with people calling Public Safety to have cars towed away, where kids have to be arrested for walking across yards, etc; that there had to be some area for compromise; he said this was the first time that anyone has opposed an application for a Special Use Permit; that he felt that both the pros and cons had to be considered; that the fact that someone had to purchase a membership proves its a "not-for-profit" private country club...

Mr. Dods said that it could only fall into a "Special Use Permit" area; that he didn't feel that, under our ordinance, it could fall into any other than Special Use Permit.

Mayor Bauman asked "How do we begin?"

Mr. Wurst, said he believed there should be some kind of a meeting; and believes it should be arranged; that it would behoove both parties to have representation at such a meeting.

Mr. Bauman said we have had problems since 1967.

Mr. Deltrickson said they had planned a parking lot; that, at first they had wanted a parking lot; that as soon as it was in their plans, they didn't want it, so it was removed; then they had put up a petition objecting to the parking lot; that if the Council delays on this matter they might just as well forget it.

Mr. Everett Smith, 2 West 65th Terrace, said that Mr. Woods had mentioned that negotiations were a "two-way street"...that he agreed. That these people had just said "this is what we are going to do"...that he has always said he didn't want a pool, but if they were going to have a pool, they he wanted a parking lot; that they were willing to meet with the others and talk to them, but when they take a hard a fast stand, it is difficult. That, for six years, what they have had was no cleaning up of the lake, no cleaning up of the mess. He said, further, that if they would come in and clean it up and make it something they can be proud of, it would be different. He said it is a "baby-sitting" enterprise; that, during the tornado scare last spring, they had 12 kids in their basement, some of whose parents didn't bother to come to get them; that others had other children in their basements, as well, as it is a prime baby-sitting area. He said he could hardly drive his car down his own street even at this time of the year when a neighbor is having company, and, if he cannot drive his own car down the street, his concern was how could a fire truck or an emergency vehicle get down the street. He said he felt that "no parking" signs were needed on both sides of the streets in a ten-block area. He said there used to be small speakers on the fence around the pool; that these were taken away and that they now have 1 large loud speaker which can be heard too plainly. He said "let's have some 'give' on both sides"...

Mr. Wurst suggested calling a meeting, with six people from each side, to attempt to resolve the matter. He said they did need parking off of Main Street, and that wouldn't abut anyone's property.

Mr. John Woods said "you might as well just vote 'No', because it's all over. Mr. Deitrickson agreed.

Councilman Davis advised that a determination had been made by a majority of the members, to enlarge the pool. He reminded those present that the Planning Commission had made a number of modifications which were needed. He said it is a neighborhood issue; that he didn't think we should be involved; that the majority rules, and that if they were not part of that majority, then they have forfeited their right.

Councilman Walker said he believed the pool is very much of an asset to the City; that it provides a function for the youth; that he believed there should be a meeting set up to see if some of the differences would be resolved...

Councilman Davis said that objections had been made when the Club made its application; that the Planning Commission had made four proposed changes to be incorporated in the permit. He said the petitioners have stated that a further delay would mean the same as rejection, and he called for the question.

Mr. Walker said he was advocating that they go ahead, and that also, the people go ahead and try amount themselves to resolve their differences.

Mr. Kleiner said that if the Club has agreed to clean up the lake, cut the weeds and maintain them, fence and arrange for some parking off Main, that he believes it should not be a public pool, but kept at a minimum, that it would be agreeable; that he believed the Club should resolve the matter of a parking area off Main, and also should look into covering up the drainage ditch...

Mayor Bauman said he would be willing to meet and try to work this out, and help in anyway he can; that he did not believe that it was true that there will be a parking problem; that maybe one meeting more would be a great benefit to everyone, and he suggested calling a special Council session at the end of the week.

Mr. Deitrickson said they would be more than happy to meet with them, and try to accomodate them within reason.

Mayor Bauman said he believed that perhaps a parking lot would be a good solution.

Mr. Wurst said he would have to be opposed to granting the Permit unless there is some arrangement made for parking.

Mr. John Wood said he believed that a parking lot off of Main might be more objectionable; however, he was sure that the Club might be willing to achieve that.

A spectator from the audience (name unknown) advised that she was opposed to a parking lot in the "gully".....

Mr. Walker amended his motion on the adoption of the Resolution, No. R-70-22, (which stated that "such permit is contingent upon Hamilton Heights Country Club's compliance with certain stipulations and restrictions as set out by the Gladstone Planning Commission and approved by the Gladstone City Council") and added the following points: (5) Install drainage culvert on south side of property enclosing the existing storm drainage ditch, and (6) The Club will provide parking off of Main Street in accordance with City parking lot specs.

such parking to be with proper screening and access; the City Manager and the City Engineer to work with the Club on this and other problems...

Mr. Davis restated his second of the motion. The vote: All "aye".....

Mayor Bauman declared a five-minute recess at this time.

* * *

The regular meeting of the Gladstone City Council was reconvened, with all members present and accounted for. Time: 10:07 P.M.

* * *

At this time, the building plans for the Englewood Baptist Church Youth Building, 1900 Englewood Road, were considered and discussed. Following that discussion, it was the general consensus of opinion that said item be deferred as the proposed building would require a variance and should come up as a request before the Board of Zoning Adjustment.

Item 19, on the Agenda, was the proposed consideration of building plans for the Hamilton Heights Country Club swimming pool. This matter was deferred as the plans were not yet complete.

Item 17 on the Agenda, was consideration of Fireworks Sales Permit for the Optimist Club of Northland. After discussion, and review of the letter submitted to the Council by such organization, in which was discussed their programs throughout the year, their various philanthropic activities, and matters of related nature, Mr. Walker moved the Council grant a Sales Permit for the sale of fireworks for the Optimist Club of Northland, subject to the regulations of the City, and waiving the fee providing that they qualify on all requirements. Mr. Davis seconded. The vote: All "Aye". Mr. Walker advised that he felt the Northland Optimists should be commended for their efforts in the City of Gladstone. Mayor Bauman asked for their help in the drug problems in the City.

Item 12 on the Agenda: A Resolution authorizing the City Manager to secure the services of a surveyor for the "Cooksey" property. Mr. Davis moved to adopt Resolution No. R-70-23, authorizing the City Manager to secure the services of a registered surveyor to survey the said property, located at approximately 76th and North Antioch Road, Section 18, Township 51 Range 32, Gladstone, Clay County, Missouri. Mr. Walker seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Resolution authorizing the City Manager to extend two special use Permits, and to issue a Special Use Permit....Mr. Kleiner moved for the adoption of Resolution No. R-70-24, authorizing the City Manager to acknowledge the request of Mr. George W. Byers and to extend the Special Use Permits for the Meadowbrook North Swim Club, 6613 North Agnes, and the Meadowbrook Manor Swim Club, 6709 North Askew, and, further, to grant a Special Use Permit for the new facility known as Whispering Oaks Pool, 69th and North Bales, for 1 year, the expiration date of which shall be March 9, 1970. Mr. Davis seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-25, authorizing the sale of 1 1951 Willys Jeep, Model No. M-38, Serial Number 28520; 1 Willys Jeep, Model No. M-38, Serial No. 27120, and 1 Ford Oiler, Model No. F60L7K41718, to the best and highest bidder for same. Mr. Davis seconded. The vote: All "aye".

Item 15 on the Agenda: Mr. Kleiner moved for the adoption of Resolution No. R-70-26, authorizing acceptance of a Bill of Sale for certain water mains constructed under Contract No. 111, located in North Holmes Street, west, in the North side of 69th Street North, being about 110 feet of 6" C.I.P. (in connection with the Catalano project). Mr. Walker seconded. Mayor Bauman said he would like to have more explanation appear in the resolutions when a Bill of Sale such as this, is adopted, hereafter. The vote: All "aye".

Item No. 16 on the Agenda: Mayor Bauman moved for the adoption of Resolution No. R-70-27, authorizing the acceptance of a Bill of Sale for the following mains constructed under Contract No. 112, with Garney Utilities Company, and the J. A. Peterson Investment Company, being 175 feet more or less, of 8" C.I.P. and related appurtenances, including a 6" meter, meter pit, tapping sleeve and valve, in Tanglewood Apartment Project, between North Broadway and the Gladstone City Limits. Mr. Kleiner seconded. Mr. Walker asked if the City was aware that they are now using a 3" fire hose on this line, watering all the sod down in that area, and he asked if they should be billed for this water? He also mentioned that there are signs up at the "Regency North" Apartments, NE corner of Englewood and Broadway, in Gladstone, and asked about whether or not they had sign permits. (This will be checked into.) The vote: All "aye".

Item 16-a (not on the Agenda): Mr. Walker moved for the adoption of Resolution No. R-70-28, authorizing an appropriation of \$15,000 to be transferred from the General Fund to a special account to be known as "Capital Improvements Fund For The Construction of Sidewalks", and authorizing the City Manager and the City Treasurer to open said Special Account at the 1st National Bank of Gladstone, Missouri, to be used solely for the purpose of constructing School Child Safety Sidewalks. Mr. Davis seconded. It was suggested that the City Manager check into the completion date of the Winnetonka School, located west of North Oak, and to check into sidewalks, which would be contingent upon their boundaries, or the boundary lines of the property on which the school is being constructed. The vote: All "aye".

Item 18 on the Agenda: Mr. Davis moved for the acceptance of the Cash Disbursements for Water & Sewer Departments for February, 1970; the Cash Disbursements Report for General Funds for February, 1970; the Financial Report for the Combined Water-works and Sewerage System, and for the General Fund, Sewer Assessments Fund and Special Park and Playground Fund for 7 months ending January, 1970, as submitted. Mr. Walker seconded. The vote: All "aye".

It was announced that the first meeting with all interested parties on Highway #1 would be set up for the 16th, the place to be announced later.

Mr. Kleiner asked the City Manager to check into the status of the fence replacement at the Gladstone Rental location.

The City Manager was asked if any figures were available on the contemplated cost of the overlay work on North Oak Street. He said that 2" overlay for the entire length of North Oak, including a 10% contingency fund, for intersections, would be approximately \$53,000.00.

Mr. Davis said it was his belief that the County should assume some of this expense.

Mr. Dods said the County would take the position that they do need the authority to do so.

As there was no further business to come before the meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 11:51 P.M.

Respectfully submitted,

Betty J. Johnson
City Clerk

Accepted as submitted: ✓

Accepted as corrected/amended:

Ed Bauman
MAYOR

OPTIMIST CLUB OF NORTHLAND

friend of the Boy

March 1, 1970

Mr. Ed Bauman, Mayor
City of Gladstone
City Hall
Gladstone, Missouri

Dear Mr. Bauman,

We have had a number of discussions recently with Mr. David Olson concerning the issuance of a fireworks permit and, at his suggestion, we respectfully submit the following for your consideration.

We meet weekly, on Tuesday at 7:30 P.M. in the Coffee House restaurant, at the Antioch Center. Our activities embrace primarily the City of Gladstone but do include involvement with the bordering community as well.

YOUTH WORK ACTIVITY:

We sponsor three N.K.C.A.A. baseball teams, two of which are managed by club members, with approximately sixty boys who are all Gladstone residents. We also sponsor three other teams, all of which are managed by club members, that draw about sixty more boys from the area surrounding Gladstone.

We sponsor a team with twenty boys in the Heart of America Soccer League, all of which are residents of Gladstone.

We sponsor an annual oratorical contest, on the local level, whose participants are from Antioch Junior High. Usually from seven to ten boys compete. The Zone competition which includes winners from all competing schools in Optimist Zone I will be hosted by our club this year.

We handle the annual Punt-Pass-Kick competition in cooperation with the Ford Motor Company and National Football League at Antioch Center for a five week session each fall. Our records indicate an excess of one hundred Gladstone boys who compete yearly.

We sponsor an annual Fishing Derby at Chaumiere Lake which usually includes registration of over a hundred Gladstone boys and girls.

We sponsor participation in the Kansas City Chiefs, Kansas City Royals and Kansas City Spurs games with our members taking two hundred fifty boys each year. Over half are Gladstone residents, a good portion of which are underprivileged children.

We sponsor a junior bowling league that competes each Saturday morning at the Gladstone Bowl. Sixty boys and girls, all Gladstone residents, participate.

OPTIMIST CLUB OF NORTHLAND

friend of the Boy

Page-----II
Mr. Ed Bauman, Mayor
City of Gladstone

We sponsor Composite Squadron #1, Civil Air Patrol, with over forty Gladstone boys and girls attending annually.

Additional activity includes sending a boy to Boy Scout Camp and Boys State, a baseball tournament with approximately one hundred fifty boys involved, a Bicycle Week Safety program and a Youth Appreciation week program annually. Although a good many of the participants are Gladstone boys and girls, it is difficult to say how many as this varies from year to year.

COMMUNITY SERVICE:

Involvement in service projects with the Cerebral Palsy School at Englewood Baptist Church.

Respect for Law program which presently involves our club members riding as observers, learning about and becoming involved with the Gladstone Public Safety Department. This with the cooperation of Director-R. A. Harris and Detective-A. S. Hopper.

These projects, with the exception of Respect for Law, are currently financed with funds raised through Christmas Tree Sales, Ice Cream Socials, Garage Sales and other fund raising activities.

We feel that with your cooperation in the granting of this fire-works permit we can assure continuation of our present activities and expand on these and other projects, particularly in youth work, in the future.

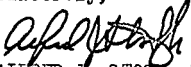

We hope you agree, we are an aggressive, interested, and hard working organization, firmly implanted in the City of Gladstone, whose main concern is the betterment of this community.

If, for some reason or another, the ordinance as presently written makes it difficult for us to obtain this permit, please let us know what we must do to comply.

Thanking you for your cooperation, we remain--

cc Mr. David Olson,
City Manager

Sincerely,

ALFRED J. STOOK, JR.
Northland Optimist Club

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
23 March 70

A G E N D A

1. Meeting Called to Order - Roll Call

13. Consideration of Application for Fireworks Sales Permit for Boy Scout Troop #386.
14. OTHER:
15. ADJOURNMENT.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
23 March 70

The regular meeting of the Gladstone City Council was held on Monday, March 23, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called, and in addition to Mayor Bauman, those present were Councilman Frank Kleiner, Councilman H. R. Wurst, Councilman Kenneth Walker and Councilman Richard Davis. The City Manager, Mr. David Olson; the Assistant City Counselor, Mr. John Dods, and the City Clerk were also present.

The Invocation was given by Reverend Robert Nave, Pastor of the Gladstone Church of Christ. Mayor Bauman welcomed Reverend Nave.

Mr. Davis moved for the acceptance of the Minutes of the Council meeting of March 9, 1970, as submitted. Mr. Walker seconded. The vote: All "aye".

* * * * *

Item 4 on the Agenda: Communications from the Audience...Mrs. Pearl Jones, 7200 North Oak Street Trafficway, addressed the Council regarding her earlier request to rezone that property described as being located from 200-300 E. 72nd Street; she asked that the request be "tabled for an indefinite time". Mayor Bauman asked her reasons. She replied that she would discuss the matter with the Council but not at a public meeting. After a brief discussion, Mr. Kleiner moved to table the first reading of Bill No. 70-15 until the first Council meeting in June, at the request of the petitioner. Mr. Davis seconded. It was suggested that Mrs. Jones meet with the Council for discussion between now and then. All members agreed. The vote: All "aye"....NOTE: This reflected on Item No. 7, on the Agenda, scheduled as the first reading of the said Bill No. 70-15, on the rezoning request from R-1 to C-2 property described as being located at approximately 200-300 E. 72nd Street, N. Linden Plaza.

Mrs. Sharon Spurgeon, Chairman of the Carnival Concession Project for the Gladstone Jaycee Wives, addressed the Council, in connection with her letter of request to the Council for permission to operate a concession stand in conjunction with the Hales Shows of Tomorrow Carnival, to be sponsored by the Gladstone Jaycees, from April 8th through the 19th, at the SE corner of the Gladstone Plaza Shopping Center. The letter explained that the monies derived would go toward their many community projects. After some discussion, Mr. Kleiner moved to grant a Concession Stand Operating Permit to the Gladstone Jaycee Wives and to waive the fee. Mr. Walker seconded. The vote: All "aye". Mrs. Spurgeon was asked to check into insurance requirements etc.

Mr. Stanley Holmes, 1800 E. 76th Street, addressed the Council on wanton destruction of private property, and he related several incidents which are "on record" in the Public Safety Department, and which pertained to destruction of Allen/McIntyre signs; he said the people who were involved in such destruction were not teen-agers, but adults. He said there was a \$100 reward offered for the apprehension of the vandals and that he would like to see this Council take a firm stand in their disapproval of the destruction of personal property; that it wasn't good newsprint; that he wanted help in "closing such conditions down"; the reported location of the signs which were destroyed were 76th and Troost; 75th and Highland and 76th Terrace and N. Woodland.

Mayor Bauman said it was indeed a shame when anyone destroys personal property belonging to others; that it is also being done to other candidates; that he certainly didn't think it should be done; that it wasn't just a matter of Council elections,

PROCLAMATION

WHEREAS, the problem of drug addiction has become a major concern
in the Kansas City Metropolitan Area, and

WHEREAS, the Mid-Continent Public Library wishes to better enlighten
the adult public to this problem;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF
GLADSTONE, MISSOURI

THAT, during the week of March 30th to April 3rd, the Mid-Continent
Public Library will show films concerning narcotics at the Gladstone Com-
munity Building, 69th and North Holmes, from 12:00 Noon to 1:00 P.M., each
day. On Wednesday evening, April 1, from 7:00 P.M. to 8:30 P.M., in con-
junction with the Gladstone Youth Council, there will also be film showing,
and, further,

THAT, all interested and concerned persons make every effort to see
the offered films, in the hope that an increasing awareness on the part of
the public may help to combat and eventually eradicate the problems.

IN WITNESS WHEREOF, I have hereunto
set my hand and caused the Seal of
Gladstone, Missouri, to be affixed,
this 23rd day of March, 1970.

Item 8 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-29, authorizing the City Manager of the City of Gladstone to accept the bid submitted by Cavalier Electric Construction Company of Kansas, Inc., for the installation of an electrical siren at the designated location, as approved by the State and Federal Civil Defense Offices, for an amount to the City not to exceed \$3,386.50; said contract to be subject to the approval of the City Counselor's office, and contingent upon the approval of the Federal Office of Civil Defense, Regional Headquarters, Denver, Colorado. Mr. Davis seconded. Mayor Bauman said he would like to submit a request that the proposed location of the new siren be in the suggested "No. 3" location, rather than at the alternate site, which site would be west of the Chezik Bulck Company, or in that general vicinity. Mr. Olson said the City was presently attempting to arrange for an easement in that area. The vote: All "aye".

* * * * *

Item 9 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-30, authorizing the City Manager of the City of Gladstone, Missouri, to accept the bid of Gulf Oil Company, to supply certain petroleum products, as summarized in Exhibit 1, attached to and made a part of such Resolution. Mr. Kleiner seconded. In answer to a question, Mr. Olson explained that he did not feel that the final price difference of 1/10 of a cent in price warranted a change of suppliers at this time; that Gulf had given the City good service in the past; that he did not recommend the City switch vendors at this time. The vote: All "aye".

* * * * *

Item 10 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-31, approving and providing for the execution of a proposed contract, designated as "Contract for Grant to Acquire Land for Open-space Purposes, Contract No. MO OSA-55G" Mr. Walker seconded. Mr. Wurst said he was aware that this land will be acquired by condemnation proceedings; that he also understood that these procedures can be delayed by various legal measures; and he asked if there is a delay that can "hurt" the City's chances of getting the ground under condemnation. The City Manager advised that the H.U.D. offices had said that should such a situation arise, the City can apply for an extension; that he did not have any written authority for this, but that he had asked for it and had been assured that the City could get such an extension if necessary. Mr. Dods affirmed the City Manager's statement. The vote: All "aye".

* * * * *

Item 11 on the Agenda: Acceptance of the Financial Report for the 8 months ending February 28, 1970, for the Combined Waterworks & Sewerage System. Mr. Kleiner moved to accept the Financial Report. Mr. Walker seconded. The vote: All "aye".

* * * * *

Item 12 on the Agenda: Consideration of Building Plans:

(a) Berea Temple, Assembly of God Church, to be located at approximately 105 E. 70th Terrace. The plans were exhibited to the City Council and discussed. Reverend Vernon L. Porter, representing the Church Board, was present for the discussion. Mayor Bauman said that the City Council will not tolerate any parking in the street; that their concern was that there would be sufficient parking; that the City Administration would work with the Church as far as weather and/or time are concerned.

Item 12 - Other building. Councilman Davis moved for the allowance of a building for the New Temple, Assembly of God Church, to be located at 105 E. 70th Avenue, North. Mr. Walker seconded. The vote: All "Aye".

Item 12-1/2 - Consideration of Plans for Englewood Baptist Church Youth Building, 12001 E. Englewood Blvd. The City Manager said that the Board of Zoning Adjustment had met on this matter, concerning the variance requirements at the rear of the lot, and also, although it didn't appear in the publication, concerning the parking space variance required. This meeting was held on the 19th, and, according to the City Manager, the vote by a quorum of the members was a recommendation that the required variances be allowed, with a 27' variance at the rear, (of the proposed building), and allowing the parking, on the present parking lot, as during church hours, the educational facility will not be in use, and, on the other hand, when the educational facility is in use, church is not being held, so the lot should not be overfilled. Councilman Davis commented that although there is plenty of space for expanding the parking lot, he would hate to see that done, as the grassy area as it is now is used as a "neighborhood play ground" and has trees, etc. After further discussion, in which the architect, Mr. DeRodes and the Minister of Music and Education, Mr. Stanberry, both participated, Mr. Davis moved to allow the plans and to issue a building permit. Mr. Walker seconded. The vote: All "Aye".

Mayor Bauman called a 10 minute recess. Time: 9:15 P.M.

The regular meeting of the Gladstone City Council was reconvened and all members were present. Time: 9:25 P.M.

Item 12-1/2 - Consideration of the Plans for the Hamilton Heights Swimming Pool.

After a brief discussion by Council members and with Mr. Ost, President of the Hamilton Heights Country Club, Mr. Kleiner moved to accept the building plans of the Hamilton Heights Swimming Pool with the addition noted on the plans submitted, which are dated 3/23/70, and with a letter from the president of the Club agreeing to provide for the easement and moving of the sewer, which, if it should become damaged or unusable, will be repaired at the Club's expense. Mr. Davis seconded. The vote: All "Aye".

Item 12-1/2 - Other building plan considerations...none at this time.

Item 13 - Consideration of Application for Fireworks Sales Permit for Boy Scout Troop No. 386. The City Manager said that the application was in order with the exception of the insurance, which would be brought in later. Councilman Walker asked if the diagram showed the stand to be planned and located 50 feet from the proposed structure. After some discussion, it was agreed that this was so. Mr. Walker moved to grant a permit to Boy Scout Troop No. 386 for the sale of fireworks, said sale to be located on the parking lot of the Ray Sapp Hardware Company, and to waive the fee for same. Mr. Davis seconded. The vote: All "Aye".

Item 14 on the Agenda: Other. Mayor Bauman called a Special Council meeting for March 24, at 7:00 P.M., to canvass the results of the Primary Election of 3/24/70.

At this time Mr. Bessell discussed the plans to purchase an emergency medical vehicle with Federal help; the City's share to be \$4,366.06, and the total amount to be \$8,732.12. Several other points were noted; to be a Ford Econoline, van-type; that Public Safety had submitted an ambulance plan; that more of an area would be included in an emergency situation, as far as Brighton on the east, Berry Road on the north, Vivian Road on the south, and I-49 on the west..... It was noted that old vehicle is quite old; that it has served satisfactorily in the past but now is in need of major repairs. It was brought out that if the plans go through now, we could expect delivery in June. After further discussion, Mr. Walker said he felt that the Council should take action tonight. Mr. Davis asked how large an area would be served, population-wise. Mr. Olson said he did not have that figure at this time. Mr. Kleiner asked how about mileage. Mr. Olson said that from our City limits to Berry Road was about 3/4 of a mile; that from there to the Smithville Hospital, or to North Kansas City Memorial Hospital would be another 3, 4 or 5 miles. He explained, further, that under the regulations we must provide special first-aid training for the drivers of the vehicle.

Mr. Davis asked if a paying arrangement could be made with other cities which might avail themselves of our services. Mr. Olson said he could not answer that question at this time; that he did not mean to say there was no chance, but just to say that he believed our chances of this were not good, but that it could be researched. Mr. Davis said he thought this would be very generous of the City to furnish 100% service after delivery of the vehicle.

Mr. Wurst said this, of course, is one way to go, or an alternative. Whether or not it is within the City's means to provide the service for other cities is up for discussion. He said the fact is that the City of Gladstone, disregarding the Oak Villages, needs an emergency vehicle.

Mr. Paul Begenhardt addressed the Council saying that back in the days when the Jaycees were the "Consolidated" Junior Chamber of Commerce, this was part of the agreement when they presented the present vehicle to the City; that it would serve all of Gladstone, north to Smithville; that the cost to the Jaycees was about \$6,000 at that time; that the figure of \$8,000 at this time is not out of line.

Mr. Walker asked if the training of the Public Safety officers would include operating all apparatus on the new vehicle. He said they would also need State approved first-aid training which would be offered by the University of Missouri Health Service.

After further discussion, Mr. Kleiner moved for the adoption of Resolution No. R-70-32, authorizing the City Manager of the City of Gladstone, Missouri, to execute an emergency medical Service Agreement, with the Division of Health of the State of Missouri for the purchase and equipping of an ambulance, per State Award No. 0369-C, all as provided for in said Agreement; and that the City Manager is authorized to expend from the General Fund of the City the sum of \$4,366.06 for the purchase of said ambulance, which said amount represents 50% of the cost thereof all pursuant to said Emergency Medical Service Agreement; and that the City Manager be authorized to take such other action necessary to implement and comply with said Agreement. Mr. Wurst seconded. The vote: All "aye".

Minutes of March 23, 1970,
Page six

As there was no further discussion to come before this meeting, it was, upon motion duly made and seconded, adjourned at 10:00 P.M.

Respectfully submitted,

City Clerk

SPECIAL COUNCIL MEETING
CITY OF GLADSTONE, MISSOURI
25 March 70

A special meeting of the Gladstone City Council was called to Order by Mayor Ed Bauman on Wednesday, March 25, 1970, at 7:00 P.M. All members of the City Council had received prior notice of the calling of such meeting for the purpose of canvassing the results of the Gladstone Primary Election of March 24, 1970.

Roll was called. Present: Councilman Frank Kleiner, Councilman Ken Walker, Councilman Richard Davis, Mayor Ed Bauman. In addition, the City Manager, Mr. David Olson; the Assistant City Counselor, Mr. John Dods; and the City Clerk, were also present. Councilman H. R. Wurst was unable to attend the meeting.

Mr. Davis moved to place Bill No. 70-16, declaring the results of the canvass and the returns of the judges and clerks and the count of the Absentee Ballots for the Gladstone Primary Election, held on Tuesday, March 24, 1970, on first reading. Mr. Kleiner seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the first reading of said Bill and moved to place it on second reading. Mr. Kleiner seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the second reading of Bill No. 70-16, to waive Section 20 (d) (2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Kleiner seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 70-16, and to enact it as Ordinance No. 1.740. Mr. Kleiner seconded. The vote: Mr. Kleiner, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Bauman, aye. Motion carried. The results of the canvass was declared to be:

Lee W. Bussinger	889 votes
Bernie Jezak	871 votes
Lynn E. Allen	449 votes
Marvin A. McIntyre	466 votes
Catherine (Cathy) Branham	138 votes
William D. (Bill) Newborn	117 votes
Floyd Hornback	139 votes

The ballot for the Gladstone General Election will have the following names:

Lee W. Bussinger
Bernie Jezak
Marvin A. McIntyre
Lynn E. Allen

The Clerk reported there had been no trouble whatsoever with the machines during Primary Election Day; that the returns had been in before 8:00 P.M.; that, by and large, the comments from the voters throughout the day and from the workers had been favorable, in connection with the voting machines. It was noted that the only delay had been after the results were in, and, in attempting to check the total count as reported on the unofficial tally lists with the print-out sheets from the machines, there was some unfamiliar procedure to initiate, and that this would work itself out.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by Mayor Bauman at 7:25 P.M.

Respectfully submitted,

City Clerk

MAYOR PRO TEM

SPECIAL COUNCIL MEETING
CITY OF GLADSTONE, MISSOURI
8 APRIL 70

A special meeting of the Gladstone City Council was called to order by Mayor Ed Bauman on Wednesday, April 8, 1970, at 7:30 P.M., for the purpose of canvassing the results of the Gladstone General Election held on April 7, 1970.

All members of the City Council had received prior notice of the calling of such meeting.

Roll was called. Present: Councilman Frank Kleiner, Councilman H. R. Wurst, Councilman Kenneth Walker, Councilman Richard Davis, Mayor Ed Bauman. In addition, Mr. David Olson, City Manager, Mr. John Dods, Assistant City Counselor, and the City Clerk were present.

Mr. Kleiner moved to place Bill No. 70-17, declaring the results of the canvass and the returns of the Judges and Clerks and the Count of the Absentee Ballots for the Gladstone General Councilmanic Election held Tuesday, April 7, 1970, on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the first reading of said Bill and to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the second reading of Bill No. 70-17, to waive Section 20, Subsections (d) (2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Kleiner moved to accept the third and final reading of said Bill and to enact same as Ordinance No. 1.741. Mr. Walker seconded. The vote: All "aye". The results of such canvass showed as follows:

Lee W. Bussinger	2,348 votes
Bernie Jezak	2,302 votes
Marvin A. McIntyre	1,803 votes
Lynn E. Allen	1,531 votes

thus electing Messrs. Bussinger and Jezak to serve three-year terms as Councilmen of the City of Gladstone, Missouri.

Mayor Bauman reminded the Council of the Antioch Road/Highway No. 1 meeting to be held at the Farm & Home Building at 7:30 P.M., Thursday evening.

There being no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned at 7:40 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

13 APRIL 70

The regular meeting of the Gladstone City Council was called to Order by Mayor Ed Bauman on Monday, April 13, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called. Present were Councilman Frank Kleiner, Councilman Kenneth Walker, Councilman Richard Davis, and Mayor Bauman. It was announced that Councilman H. R. Wurst was out of town and, because of weather conditions, unable to return to the City in time for this meeting.

The Invocation was given by Mr. Charles Holt, Pastor of the Faubion United Methodist Church and City Chaplain.

Item 3 on the Agenda: Acceptance of the Minutes of the regular Council meeting of March 23, 1970; the Minutes of the special Council meeting of March 25, 1970 and the Minutes of the special Council meeting of April 8, 1970. Mr. Kleiner moved to accept the Minutes as submitted. Mr. Davis seconded. The vote: All "aye"..

Item 4 on the Agenda: Mayor Bauman presented a Certificate of Commendation presented by the National Safety Council to the Water & Sewer Department, and an Award of Honor presented to the management and employees of the Gladstone Water and Sewer Department by the American Waterworks Association, Missouri section. Frank Jenkins, Sewer Foreman, Jim Corum, Chief Operator of the Water Treatment Plant, and several other Water & Sewer Department employees were present. Mr. Jenkins and Mr. Corum received the Commendation and Award which were presented to them by Mayor Bauman.

Item 5 on the Agenda: Mayor Bauman moved to adopt Resolution No. R-70-33, authorizing the filing of an Application with the Department of Housing and Urban Development to provide for the development of open space land, in connection with Oak Grove Park. Mr. Kleiner seconded. The vote: All "aye".

Item 6 on the Agenda: Communications from the Audience. Mr. James Carney, representing Curry Investment Company, addressed the Council asking them to please consider the Preliminary Plat of Kendallwood Park (R-1), some time tonight. Mr. Kleiner asked if there was any big difference if such were considered this evening, or at the next Council meeting in two weeks. Mr. Carney said he had no objection to waiting, but that if the Council could find time to consider it this evening, they would like to proceed. After some deliberation, Mr. Carney was advised that the matter would be brought up for consideration under the item "Other" later on the Agenda.

Mr. Stanley Holmes, 1800 E. 76th Street North, addressed the Council, asking for a carnival permit for Wrigley's Shows, to be held from July 10 through the 19th, sponsored by the Selecta Chapter of American Business Womens Association, and the Gladstone Democrats, the proceeds of which would go toward ABWA's Scholarship Fund and toward the promotion of support and generation of interest in the local Democratic party. He said that, prior to the issuance of such permit, off-duty Public Safety officers would plan to attend the carnival to help keep it safe; that proper insurance naming the City as an additional insured, would be submitted to the City Hall; and that he would like to get this matter programmed if they could, as soon as the Council will allow.

Item 7 on the Agenda: Communications from the City Council. Mr. Kleiner said he would like to take a couple of minutes to tell Mayor Bauman that it has been a pleasure to him to have worked with Mr. Bauman during the past two years; that Mr. Bauman had given him some good guidelines, and assisted him at all times. He said he felt Mr. Bauman had done an outstanding job as Mayor of the City, and under him, the City has continued to progress and continued to grow as it should. He said it was not the biggest city in the world, but one of the best; that he hoped it would continue to grow as it has in the past....and he said "We will miss you, sir."

Councilman Walker ^(in jest) said that he had enjoyed working with Mr. Bauman during the last year; that it 'might have been a lot more enjoyable if he could just have remembered his (Mr. Walker's) name! (there was much laughter from the audience). He said that there was one new desk scheduled in the budget for the next year, and with Ed gone, there might be a chance to get it! (more laughter). Mr. Walker said he hoped the present Council could fulfill Mr. Bauman's expectations, and carry on the good work they had started, under Mayor Bauman.

Councilman Davis said it was interesting to note that tonight the gross experience on the Council decreases from 16 years to 4 years. He said that both retiring men, (Mr. Bauman and Mr. Wurst) had much to be proud of and had served their City well. He said that it had been an interesting year; that he had appreciated the dignity which Mr. Bauman had brought to the bench; that he had suffered many hardships in the past year, which had added to his work; that he feels that Mr. Bauman is a big man, and he was not referring to his physical size.

Mayor Bauman said it was difficult to say anything, but that he would try to say a few words. He said "when you leave office, so many things have happened, and people say 'why don't you list what you have done?' I said I wouldn't do that, but the things that have taken place happened because many fine people worked together. They have all had a part in it. Whatever I have done, I have just contributed my part; not more, but just my share. We may not be the biggest City, but we are one of the best, as Frank said. It has been a pleasure to be a part of it. But I owe many people, and thanks are not due me. I thank my wife, my children, Eddie, Barry, Bobby, and Brian. Whatever we have done, much of it was because of my family, and I feel we have accomplished much through dedication and all of it was accomplished by the Grace of God."

Mayor Bauman left the Council table at this point, during a standing ovation by all in the Council Chambers.

* * *

Item 8 on the Agenda: Communications from the City Manager. Nothing at this time.

Item 9 on the Agenda: At this time the Oaths of Office were given to Councilmen-Elect, Mr. Lee W. Bussinger and Mr. Bernard Jezak, who then took their places at the Council table.

Item 10 on the Agenda: Election of Mayor and Mayor Pro-Tem. Mr. Walker nominated Frank Kleiner for Mayor of this City. Mr. Davis seconded the nomination, and moved that nominations cease. Mr. Bussinger seconded the motion. The City Clerk called the roll, and all, including Mr. Kleiner, who said he considered the nomination an honor, voted "aye". Thus Mr. Frank Kleiner was elected by acclamation to the post of Mayor of Gladstone.

Election of Mayor Pro-Tem: Mr. Bussinger moved to nominate Mr. Richard Davis for the position of Mayor Pro-Tem. Mr. Walker seconded. Mr. Jezak moved that nominations cease. Mr. Walker seconded. The vote: All voted "aye". Thus Mr. Richard Davis was elected to the post of Mayor Pro-Tem.

Item 10-a: Mayor Kleiner announced that appointments to the various boards were in order. Mr. Walker moved that Councilman Bussinger be nominated as representative to the Planning Commission. Mr. Davis seconded. Mr. Davis: then moved that nominations cease. Mr. Jezak seconded. The vote: All "aye".
(Mr. Bussinger appointed by acclamation.)

Item 10-b: Mr. Davis moved that Councilman Bernie Jezak be nominated as Council representative to the Gladstone Park Board. Mayor Kleiner seconded. Mr. Bussinger moved that nominations cease. Mr. Davis seconded. The vote: All "aye".
(Mr. Jezak appointed by acclamation.)

Item 11 on the Agenda: The City Clerk administered the Oath of Office to the new Mayor, Mr. Frank L. Kleiner. Mayor Kleiner said it would be hard to follow Mayor Bauman, but that he would try. He received a hearty round of applause from the audience.

Item 11-a: Mr. Walker moved to nominate Mr. Frank P. Scully for the position of Commissioner on the Special Road District, No. 3. He advised that the position was open as former Commissioner Smokey Diebold had moved away from Gladstone. Mr. Davis seconded the motion. Councilman Bussinger moved to cease nominations. Mr. Davis seconded the motion. The vote: All voted "aye". Mr. Scully was thus appointed by acclamation.

Item 11-b: Mayor Kleiner advised that appointments to the Gladstone Planning Commission were now in order.

Mr. Davis moved to appoint Mr. John H. Ernst, 6609 North Flora, Mr. Walker seconded;

Mr. Bussinger moved to appoint Mr. William L. Carter, 3205 N.E. 67th Street, Mr. Jezak seconded;

Mr. Jezak moved to appoint Mr. George J. McCausland, 1707 N.E. 68th Street, Mr. Bussinger seconded;

The vote was called: All members voted "aye" on all three appointments. Mayor Kleiner announced that the terms of the new appointees were for one year, or for the balance of this year.

At this time, Mayor Kleiner called a ten minute recess. Time: 8:45 P.M.

* * *

At 9:00 P.M., the regular meeting of the Gladstone City Council was reconvened, with Mayor Kleiner presiding. All members were present.

* * *

Mr. Davis moved to place Bill No. 70-18 on its first reading. Said Bill was for an ordinance to accept a Quit Claim Deed for an addition to a right-of-way of

public street, from Vickers Refining Company, to the City of Gladstone. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the first reading of Bill No. 70-18, and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the second reading of Bill No. 70-18, to waive Section 20, Subsection (2) Subsection (d), of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 70-18, and to enact it as Ordinance No. 1.742. Mr. Walker seconded. The vote: All "aye".

* * *

Mayor Kleiner advised that there would be a "crusade" to Jefferson City to meet with the Missouri State Highway Commission on Thursday, April 16th; that this was for the purpose of requesting the widening of Antioch Road, a project which had been under consideration for over two years now; that anyone interested in going was welcome to call the City Hall and join the bus which would be leaving from the City Hall at 11:45 A.M.

* * *

Item 13 on the Agenda: Acceptance of the General Funds Disbursements Report for March, 1970; the Cash Disbursements Report from Water & Sewer Department for March, 1970, and the Financial Report for General Funds, Special Park & Playground Fund and Sewer Assessment Fund for the eight months ending February 28, 1970. Mr. Walker so moved. Mr. Davis seconded. The vote: All "aye".

Item 14 on the Agenda: Consideration of building plans for (2) Church's Chicken Drive-In, to be located at approximately 7609 North Oak Street. General discussion ensued. Mr. Church, owner, was present and went to the Council table to answer questions. Following the discussion, Mr. Bussinger moved for the approval of the building plans submitted by Church's Chicken Drive-In, dated 4/13/70, as amended, as follows: (a) one approach on North Oak; (b) one approach on 76th Terrace, North; (c) sod to be placed where the lot is not paved; (d) a five-foot redwood fence to be placed around the trash area, and (e) subject to the final recommendation by the City Engineer. Mr. Walker seconded. The vote: All "aye".

Item 15 on the Agenda: "Other".....Mr. James Carney of the Curry Company, had asked for the Council approval of the Preliminary Plat of Kendallwood, the R-1 portion, which includes 13 residential, one-family, houses. After some discussion, and the review of the recommendation of the Planning Commission, Mr. Davis moved for the acceptance of such Preliminary Plat, further described as covering Lots 1 through 13, Kendallwood Park. Mr. Walker seconded. The vote: All "aye".

Mayor Kleiner called for a work session to be held on Friday, April 24th, in the evening. He advised that he would have to be out of town this week, and asked

Held on SATURDAY 4-25-70

that Mayor Pro-Tem, Mr. Richard Davis, be given the Oath of his office so that he could act for Mr. Kleiner in his absence.

Mayor Kleiner said that a decision on the earlier request for a carnival permit would be made at the Council meeting of April 27th; that this was agreeable to Mr. Holmes, as the proposed carnival dates were July 10th through the 19th, and the matter wasn't that pressing.

As there was no further business to come before the meeting at this time, it was, upon motion made and duly seconded, adjourned by Mayor Kleiner at 9:35 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

27 APRIL 70

The regular meeting of the Gladstone City Council was called to order by Mayor Frank Kleiner in the Chambers of the Gladstone City Hall on Monday, April 27, 1970, at 8:00 P.M. Roll was called. Present were Councilmen Bussinger, Jezak, Walker, Davis and Mayor Kleiner. In addition, the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk, were also present.

The Invocation was given by Reverend Robert Doss, Pastor of the Gladstone Church of the Nazarene.

Item 3 on the Agenda: Mayor Kleiner announced that plaques had been prepared in recognition of their respective years of service as Mayors and as Councilmen for former mayor, Ed Bauman, and former councilman, H. R. Wurst. Mr. Bauman was in the audience and Mayor Kleiner presented his plaques to him in appreciation of his fine service to the City. Mr. Wurst was out of the City and unable to attend this meeting to receive his plaques. Mayor Kleiner announced that his plaques would be presented to him. A fifth plaque was prepared for Mr. F. L. Diebold, former member of the Gladstone Special Road District No. 3. Mr. Diebold has moved to Wichita, and his plaque will be mailed to him.

Item 4 on the Agenda: Approval of the Minutes of the Council Meeting of April 13, 1970. Mr. Jezak amended said Minutes as follows: Page 2, paragraph 2, the first line of which is to be amended to read "Councilman Walker, in jest, said....." and on Page 4, final paragraph, indicating that Mayor Kleiner called for a work session to be held on Friday, April 24th, an amendment was made to indicate that such work session was held on Saturday, April 25th, in the morning.

Councilman Bussinger moved the Minutes of April 13, 1970, be accepted as amended. Councilman Jezak seconded. The vote: All "aye".

Item 5 on the Agenda: Communications from the Audience.

Mr. Lloyd Stephens, 5443 North Virginia, addressed the Council on behalf of the Clay-Platte Detachment of the Marine Corps League, in connection with their written request for a permit to sell fireworks, such written request having been signed by Mr. John R. Hughes, Commandant of the Clay-Platte Detachment, and which was accompanied by a copy of an insurance policy from Manchester Indemnity Company, indicating the City as an additional insured, and accompanied by a drawing showing the location of the proposed fireworks sales stand. Mayor Kleiner advised that this matter would come up for discussion under Item 11 on the Agenda.

Mr. John Beckett, representing the Knights of Columbus Tri-County Council #3413, addressed the Council on behalf of the Knights of Columbus, in connection with their request signed by Mr. Harold L. Fox, Grand Knight. Mayor Kleiner advised this matter would be discussed under Item 11 on the Agenda.

Mr. George Anderton, 3408 E. 57th Terrace, N., presented a notarized petition from a number of the residents of Evanston Place protesting the proposed rezoning of certain property in Kendallwood. A copy of the petition is made a part of these Minutes as Exhibit 1.

Mr. Robert Fuller, Principal of Linden East Elementary School, who lives at 1137 Davidson Court, in Little Village, addressed the Council regarding a serious problem concerning school child safety. He described the dangerous corner at 68th and Flora, where there is not enough room for a car, let alone a school bus, to safely turn, particularly when children wait for their bus, and, because of the construction of the corner, must wait out in the street in order to see the approaching bus. He asked "how much do you value the life of a child?";...he continued to explain that only because a highschool age youngster pulled a child practically from under the wheels of a school bus, was a tragedy averted, and he asked "does a little one's life have to be snuffed out in order for the City to take action?" Mr. Fuller said he was in his 4th year as Principal; that there were never less than 1550 kindergarten, first and second grade children, and that there was great concern for those children who must take the buses. He presented a signed petition.

Mayor Kleiner asked the City Manager if the Engineering report had been brought back to him. The City Manager said the City Engineer is preparing a possible construction plan to attempt to make this corner a safer one; he said the City plans to put in a catch basin at that corner, and to curb around the corner where the street drops off sharply. He said he was sure Mr. Fuller was aware that complete reconstruction of that corner would cost considerably more than a few hundred dollars to make it completely safe. He said the City plans to put up "Watch for Children" signs immediately, and that there will be some drawings submitted to the Council shortly, for their study.

Mr. Davis asked if substantial improvement of that corner might necessitate the removal of a house? The City Manager said he did not know; that he believed a substantial change might involve such a move.

Mr. Bussinger said he felt the City would be willing to do what they could to help the situation out temporarily; that the situation seems to be worsened by the deep ditch on the south, which only allows a quite narrow margin of turn.

The City Manager said he had been in touch with the North Kansas City School District Office to explore the possibility of re-routing the bus, or changing the bus stop; that the City will try to relieve a bad situation.

Mr. Fuller said they do not like to have the children walking in dangerous areas; that if re-routing means the children would have to walk a block in an already dangerous street, this wouldn't help. (There are no sidewalks along Flora at this point) and he suggested that the City re-route traffic, and he suggested that he, as the representative of the group of parents whose children live in this area, wanted to present a list of suggestions which they believed would or could help the situation. (See Exhibit 2).

Mr. Olson said he would discuss the plans with the engineer and that he believed something could be done immediately.

Mrs. S. Christofano, 6803 North Flora, addressed the Council, reiterating Mr. Fuller's concern, and speaking for others on her block. Mr. Fuller introduced Mrs. Jackie Baker, 6802 North Flora, who has driven school buses in this area, and she attested the danger at the corner under discussion.

Mayor Kleiner said the City could be working on the problem and will inform Mr. Fuller and the interested residents.

Mr. Bussinger suggested that a shelter of some sort could be erected where the children could wait.

Mr. Stanley Holmes asked to reserve some time to talk under Item 11. Mayor Kleiner agreed.

Mrs. Goldie Stockton of Stockton Realty, 6712-6716 North Oak, addressed the Council saying that her company would like to see the City keep business in our town; that one of their tenants had started a business for which he had an occupation license, but that he had begun to enlarge without a building permit, (she admitted), but that now they have been advised that no such permit can be given him as the business which he is presently engaged in doesn't conform to the kind of zoning at this location. (Solvent cleaning business).

Mr. Olson explained to the Council that, in the particular zone, C-1, the storage of flammable or petroleum products is not permitted; that the kind of business the tenant was engaged in was only brought to the City's attention when said tenant planned to expand his business; that it was not permitted in the present zoning. Mr. Olson said he had already written a letter to Mrs. Stockton (which she had not yet received) explaining the procedures; that they will have to go through the regular rezoning procedure.

Item 6 on the Agenda: Communications from the City Council:

Mr. Bussinger: Nothing at this time.

Mr. Jezak: Commented that the Planning Commission asked for a study of the overall zoning plan of Gladstone; that they (the Commission) are studying the last plan submitted almost two years ago, and will have a recommendation at their next session.

Mr. Walker: Nothing at this time.

Mr. Davis: Mr. Davis said he was anxious to start on the zoning study.

Mayor Kleiner: Read a letter of commendation written to Major Maupin of Public Safety, concerning the quick action of Officers Francis and Wilson who answered an emergency call to a residence where a citizen was suffering from a pulled muscle in the skull; they took the man to the hospital where he was kept until April 11th, and he thanked them for their quick action which he believed, may have helped save his life, or at least from more severe problems. The letter was signed by Mr. Bill G. Kindred. Mayor Kleiner commented on what a pleasure it was for the Council to know of letters like this one, and to realize the good work being done by Public Safety Officers.

Item 7 on the Agenda: Communications from the City Manager. Mr. Olson reminded the Council of the receipt of the second application for fireworks stand permit from the Clay Platte Detachment of the Marine Corps League, and he further advised the Council of two additional resolutions to be added to the Agenda, the numbers of which will be R-70-36 and 37, respectively.

Item 8 on the Agenda: Mr. Walker moved to place Bill No. 70-19, being for an ordinance regulating the opening and excavating of streets, alleys, sidewalks and other public grounds, and amending an earlier ordinance, on its first reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Item 9 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-34 authorizing the certification of prior service for the Missouri Local Government Employees Retirement System. Mr. Bussinger seconded. The vote: All "aye".

Item 10 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-35, authorizing the City Manager and the City Counselor to take such action as is necessary to acquire the Schmidt property more commonly referred to as "Maple Wood Park".

Mr. Davis seconded. The vote: All "aye".

Mayor Kleiner called at ten-minute recess at 8:45 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened at 8:55 P.M., with all members being present.

* * *

Item 11 on the Agenda: Consideration of Fireworks sale applications.

(a) Knights of Columbus Tri-County Council No. 3413. After some discussion, during which Mr. Davis commented that other cities in the area do not allow the sale of fireworks; that is, with the exception of Riverside, it was noted that the City's allowing fireworks sales stands to operate is governed by Ordinance No. 1.495, which clearly states that only charitable organizations such as churches, scout organizations, "and the like". It also includes other non-profit organizations such as the Chamber of Commerce, the Junior Chamber of Commerce, etc. Section 3 of said Ordinance also states that "applicant shall also agree to abide by any rules governing the sales promulgated by the City Manager. Mr. Dods said the intent of the ordinance was not to be so specific, but to let the Council have the discretion every year to say "this is a charitable organization", or, "this is not charitable".

Mr. Walker moved to grant a permit to sell fireworks to the Knights of Columbus Tri-County Council No. 3413, and to waive the fee. Mr. Jezak seconded. The vote: All "aye".

(b) Clay-Platte Detachment of the Marine Corps League. Mr. Stephens advised the Council that "they actually have no home"...that they are comprised of all of Clay and Platte County members, but that they are now reduced to approximately 31 members. He said they had over-ordered fireworks last year and in order to recoup their expenses they needed to have a sales stand this year to help finance and support an area to the north where they have a camping ground for Boy Scouts from both areas. He said they are attempting to form a young Marine Detachment here in Clay County, and that the cost was approximately \$54 per boy.

Mr. Davis moved to grant a permit to sell fireworks to the Clay-Platte Detachment of the Marine Corps League, and to waive the fee. It was noted that the accompanying insurance form protected the City from June 27th until after July 4th, and this was to protect during the construction of the stand, even though the sales do not start until July 1st, through July 4th.

Mr. Walker seconded the motion. The vote: All "aye".

At this time, the City Manager advised that Item 11-b, showed an application for a fireworks sale stand permit, when, in reality, this item should have been listed as consideration of a request to hold a carnival from Selecta Chapter of American Business Women's Association and the Gladstone Democrats. (Submitted by Mr. Stan Holmes on April 13th, 1970)...The carnival is to be held from July 10th through the 19th, and is called "Wrigley Shows").

Mr. Holmes said that if the Council does grant the permit, it would be contingent upon the selection of an area on which to hold it. In answer to a question, the City Manager advised that there was no "Carnival Control" ordinance, per se, but the operation of such carnivals were governed by certain established rules and regulations, which were similar to those rules and regulations which govern fireworks stands, insofar as insurance requirements, hours of operation, etc.

Mr. Davis said he assumed that carnival rules were the same, i.e. limited to charitable organizations, or non-profit organizations. He asked Mr. Holmes what the purpose was and what the funds would be used for.

Mr. Holmes responded that the objective of Selecta Chapter of A.B.W.A. was to pad their Scholarship Funds; that for the Gladstone Democrats, the objective was to upgrade the relationships between voters and candidates.

Mr. Davis asked where the funds will go.

Mr. Holmes said to the Treasurer of the Gladstone Democratic Club.

After further discussion, Councilman Jezak moved to refuse the application for a carnival permit for Selecta Chapter of A.B.W.A. and the Gladstone Democratic Club.

Mr. Walker seconded.

Mr. Davis said that although it appeared that it was a legitimate purpose to raise funds for a political purpose, he thought that a fee should be charged. He mentioned that the carnival recently held at the Meadowbrook Shopping Center was purely commercial.

The vote was taken: Mr. Bussinger, NO, Mr. Jezak, YES, Mr. Walker, NO, Mr. Davis, YES, Mayor Kleiner, YES. (3 Nay - 2 Aye); therefore the motion carried, and the permit application was rejected. At this point, Councilman Davis said it had not been his intent to vote against the allowance of such permit.

The motion was restated. Mr. Dods suggested that a motion could be made to reconsider the motion. Mr. Davis so moved. Mr. Walker seconded. The vote was called with the following results: Mr. Bussinger, AYE, Mr. Jezak, AYE, Mr. Walker, AYE, Mr. Davis, AYE, Mayor Kleiner, NAY. (4 Aye - 1 Nay). The motion to reconsider passed.

The motion was restated. The vote was called: Mr. Bussinger, NO, Mr. Jezak, YES, Mr. Walker, NO, Mr. Davis, NO, Mayor Kleiner, YES. (3 Aye - 2 Nay) The motion to reject the application failed to pass.

Mayor Kleiner suggested that a governing ordinance be drawn up controlling carnivals; that he did not think it was the intention that groups which are not fully non-profit, be permitted.

Item 12 on the Agenda: Consideration of Application for Renewal of Lease for operation of Concession Stand in Central Park. The City Manager advised that Mrs. Wm. Duncan had held such Lease for the past two years for her son; that the City derives a very small portion of whatever the gross profits are. Mr. Walker moved to grant the application for the renewal of the Lease to Mrs. Wm. S. Duncan, for the operation of the Concession Stand located in Central Park, under the same requirements as in prior years. Mr. Davis seconded. The vote: All "aye".

Item 13 on the Agenda: Consideration of renewal of Special Use Permit for Water Barn Operations at 800 E. 76th Street N. Mr. Bussinger suggested the construction of a temporary fence of some kind. Mayor Kleiner advised that the City was in the process of purchasing some property to house the material at another site.

After further discussion, Mr. Walker moved for the adoption of the following Resolution, No. R-70-36; A Resolution authorizing the City Manager of the City of Gladstone to utilize the land located at approximately 800 E. 76th Street North, adjacent to Oak Grove Park, for various uses for municipal purposes, for a period of six months. Mr. Davis seconded. The vote: All "aye".

Item 14 on the Agenda: Mr. Davis moved to accept the Financial Report of the Combined Waterworks and Sewerage System and General Fund, Special Park & Playground Fund and Sewer Assessment Fund for the 9 months ending March 31, 1970.

Mr. Jezak seconded.

The vote: All "aye".

Item 15 on the Agenda: "Other".... Mr. Davis moved for the adoption of Resolution No. R-70-37, authorizing the City Manager of the City of Gladstone to transfer the sum of \$9,000 from the Engineering and Inspection Department Budget for the 1969-1970 Budget to the General Administrative Department Budget. Mr. Walker seconded. The vote: All "aye".

Mr. Walker asked about the present status of the fire truck. Mr. Olson advised that it was scheduled for the Underwriter's tests, and that there was some heating at the maximum pump capacity, which would have to be checked out; that he should be hearing within a day or so.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by Mayor Kleiner. Time: 9:45 P.M.

Respectfully submitted,

Butch J. Galtman
City Clerk

The regular meeting of the Gladstone City Council was called to order by Mayor Frank Kleiner on Monday, May 11, 1973, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall.

Roll was called: Present were Councilmen Jussinger, Jezak, Walker and Davis. In addition to Mayor Kleiner, also present were the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk.

The invocation was given by Reverend Vernon Porter, Pastor of the Berea Temple.

Item 3 was scheduled as presentation of plaques of recognition to former City Councilman, Mr. H. R. Wurst. The City Manager advised that Mr. Wurst would not be present at this meeting, and that he had picked up his plaques earlier in the day.

Item 4 on the Agenda: Mr. Davis moved for the acceptance of the Minutes of the Council meeting of April 24, 1970, as submitted. Mr. Jezak seconded. The vote: All "aye".

Item 5 on the Agenda: Public Hearing on a request to rezone from R-1 to R-3 certain property located at approximately 59th Terrace North and North Indiana, in Kendallwood. Mayor Kleiner announced the Public Hearing opened and asked if there were anyone in the audience to speak in favor of such rezoning request. Mr. James Carney, of Curry Investments, addressed the Council. He introduced Mr. Herbert Duncan, Architect for the project, and in a brief address, explained the reasons for the proposed zoning change, including the proposed completion of Indiana, as well as Shady Lane Drive, which would give the Kendallwood residents actually three ways in which to get in and out of the project. In answer to a question about time schedule, Mr. Carney advised that total completion would be in an area of two years, at least. He advised that the reason for the delay is due, in part, to the construction strikes. Mr. Herbert Duncan said they were slowly trying to develop a street system which would include Shady Lane Drive as a major east-west street. Mention was also made on the plans for the grade school and high school sites; Mr. Carney advised that the North Washington School District didn't feel that there were enough children at the present time to warrant going ahead with the schools; however, with the development of the proposed R-3, this would change undoubtedly, and they School District could go ahead and work on the schools.

He said that it was their feeling that if Antioch Road had been completed and expanded as they had anticipated in 1966, they they would have been further ahead on their development and wouldn't have had to change some of the plans; that the lack of progress on Antioch Road was not, in any way, due to any fault of Gladstone; rather Gladstone had been responsible for most of the progress which had been made and they they were very hopeful this year that the State would proceed with the work on Antioch Road; he said that area "K" (as shown on the display map) could be developed according to their present plans, into 50 town-house units, and they were attempting to retain the trees; that they were hoping to maintain "park-like" look, and that they feel the present R-3 zoning which they already have will allow the kind of development.

Mr. Walker asked what the present acreage was in the different classes of zoning Curry presently has.

Mr. Carney said he could only approximate, since he didn't have the actual figures with him, but that he could come pretty close:

R-1	308 acres
R-2	3 acres
R-3	20 acres
R-4	10 acres
CP-3	80 acres
CP-0	20 acres

Mr. Carney said that between Indiana and Jackson, in R-1, there would be an additional 140, and that the School District would take up about 10 acres.

Mr. Walker asked how far the Curry ground extended to the east; Mr. Carney replied from Antioch to Indiana was approximately 1/2 mile; from Indiana east to Jackson was about 1/2 mile.

Mayor Kleiner asked if there were anyone to speak in opposition to the rezoning request. Mr. John Puffer, of the law firm of Dietrich, Davis, Burrell, Dicus & Rowlands, 1001 Dwight Building, Kansas City, Missouri, addressed the Council as representing approximately 15 property owners in the Evanston Place area. These persons were present and stood up so they might be seen by the Council. Mr. Puffer said they understood the Curry original plan was to be R-1; that all these property owners in Evanston Place relied on this as a good deal, and accordingly, improved their own property...that now they find that Curry plans to put in multi-family dwellings, saying that they think it would be logical to "tie in" to the designated area. Mr. Puffer said he would submit that it would be far more logical in his way of thinking to construct these seven acres in R-1 as originally planned.

He said the area along Indiana where it dead-ends, is to become a thoroughfare, and that it is already heavily congested; that there is residential development along Indiana, and he didn't see how any traffic problem there would be solved. He said, further, that he didn't feel that multi-family development adds to the aesthetic value of an area, but, rather detracts. He indicated that it was the feeling of those who protested, that the area was isolated by the terrain from the rest of the development and that they did not want their property backed up to multi-family dwellings. He said, further, that there should be more of a specific time basis, and more definite plans made clear to the Council and to the residents than had been offered. Mr. Puffer said that the lots which belong to some of those he represents have the potential to be split in half, and used, as they are very deep; that if the multi-family use comes in, it will block out and not allow these people to develop their land as they should be able to do. He said he felt the Council was giving the Curry people a chance of speculative development, if they allowed this zoning change.

Mr. Walker asked if "Mr. Puffer's people" would be willing to go half in the cost of developing 58th Street. Mr. Puffer said he couldn't answer this for his clients; but in the event of whatever the zoning is, if the area is developed so that they could develop the back half of their property, it would be helpful. He said it would

be his suggestion that the Curry Company absorb the expense of... in there.

Mr. Davis asked Mr. Puffer if he thought the major objection of these property owners is to any development plans, or if it was to these specific plans?

Mr. Puffer answered that their objections seemed to be to the multi-family development of property adjacent to theirs.

Mayor Kleiner closed the Public Hearing at this time. (8:35 P.M.)

* * *

Item 6 on the Agenda: Public Hearing on a request to rezone from CP-0 to R-3, certain property located at approximately 59th Terrace North and North Kendallwood.

Mayor Kleiner opened the Public Hearing, asking if there were anyone present in the audience to speak in favor of this rezoning. Mr. Jim Carney, representative of the Curry Development Company, again addressed the Council in this regard. He said the property referred to is located in the middle of what they call the "Dixon" area; that they are requesting "down-zoning" for multiple zoning, and the key reason is the immediate need to have this area developed, as it is the "heart-land", and so as to develop the utilities for the balance of their ownership on Antioch Road. He said the development here would give them a chance to extend Kendallwood Parkway, and to go on with their plans to extend Shady Lane Drive. He said that with the eventual possibility of four lanes on Antioch Road, they do not want to lose out; that their plans in 1966 were predicated on that improvement; but they have to make sure that this property will pay for itself and be more productive; that originally it was planned for offices; that it was their original intention that this ground would be zoned for offices; that they are of the opinion that some of the present difficulty they are having is caused by the lack of access; that many people are not aware of the back roads of the area; that there are other ways in and other ways out; that their proposal was to shift the original use immediately to the west. He said the eventual result of their changes will make a self-contained development within a self-contained project. He said this will enable them to ring that development entirely, and go ahead; that he felt this is a good plan and a good project, and they hope to be able to begin right away. He explained that they consider that this is merely a modification of their use plan as submitted in 1966, and that economics dictate the 325 units which they ask of the City Council.

Mr. Bussinger asked what Mr. Carney meant when he said "immediate"...

Mr. Herbert Duncan, Architect for the Curry Development Company, answered by saying that construction would begin just as soon as possible.

Mr. Bussinger asked if they were basing this change on the possibilities of the improvement of Antioch Road.

Mr. Carney said the demand for office space is not as great as they had expected, that much of this is due to the lack of work on Antioch Road.

Mr. Bussinger said if the City "lucks out" and gets Antioch Road widened, as they hope, then would the Curry people change back to their original plan.

Mr. Carney answered "No".

Mr. Bussinger asked if they would have all the utilities they would need..

Mr. Carney said they would, but the facilities would have to be extended before they could "write that off" - that the development of this middle section would facilitate that.

Mr. Duncan said when they first showed the City the drawings of this plat, they didn't know as much as they do now; that when they took core borings, they found too much shelf rock for them to put in just single type office buildings, which gave them pause for thought; that they could leave the site pretty much alone, and go ahead with the R-3, with the terrain as it is. He said it was not their intention to make them look like stark office buildings, but to obtain similar appearance as the existing part of the project. (This latter statement was in answer to a question on appearance of the office buildings which were planned).

Mayor Kleiner asked if there were anyone to speak in opposition.

Mr. Allen Horn, 3503 Northeast 57th Terrace, said he objected strongly; that he didn't know if Evanston Addition had been represented to the Council as a static area, but it is not; that in the last year, 15 new homes have been added, because some of the owners have had to sell off property in order to pay their sewer assessments; that they want to stay a quiet, residential area. He said, further, that in front of his house there was only a 2" water line, and that he and the other residents felt this wasn't enough water for proper fire protection, and he cannot see how this proposed rezoning would in any way benefit their area whatsoever. He said he wanted to repeat that they have a secluded area over there, and they want to retain it as such; that they are not against development, but they believe there are already enough apartments.

Mr. Davis asked if there were any problems in their neighborhood now, or if the existing development had been good neighbors.

Mr. Horn said as far as he was concerned, yes, but the proposed development would change the area, and that they, the older residents, feel they need new water mains, new hydrants, and they believe their own, long-standing area should be considered.

Mr. Davis said he would feel like some of that new development might have occurred because of the adjacent apartment complex.

Mr. Horn said that many of the larger lots which have been acquired in the area were acquired many years ago; that when the sewers came in several years ago, it was a great financial disadvantage to those owners who had to pay a great deal; the reason for this was purely economics; they were glad to have the sewers, but they found the assessment costly because of the size of their lots; so they had to sell off part of their land, and, consequently, in the past 18 months or so, they have had numerous new houses built in the area; they are all different, with different set backs, and, he explained, many years ago, when some of the older houses were built, there were not as strict requirements on set-backs; but, he said, they do enjoy their own neighborhood and want to retain it as it is, and, although they do have the sewers (of which about 98% are hooked on), they do need better water mains and additional fire plugs, and they do not want more apartments.

Mayor Kleiner closed the public hearing at 9:00 P.M.

Item 7 on the Agenda: Communications from the Audience. Mr. Paul Pagano said he would like to ask the Council to move their consideration of issuing his Liquor Permit forward to an earlier place on the Agenda, if possible. Mayor Kleiner advised that the Council would get to it just as soon as they could.

Item 8 on the Agenda: Communications from the City Council. Nothing at this time.

Item 9 on the Agenda: Communications from the City Manager. Nothing at this time.

Item 10 on the Agenda: Second reading of Bill No. 70-19, for an ordinance to amend Ord. No. 1.177, regulating the opening and excavating of streets, alleys, sidewalks, and other public grounds by deleting section 8, and substituting a new section 24 and section 25 of the earlier ordinance, concerning backfilling and restoration of surface. Mr. Davis moved to accept the first reading of Bill No. 70-19, and to place it on second reading. Mr. Walker seconded. The vote: All "aye"...The Clerk read the Bill.

Mr. Davis moved to accept the second reading of said Bill and to place it on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of said Bill, and to enact Bill No. 70-19 as Ordinance No. 1.743. Mr. Walker seconded. The vote: All "aye".

* * *

Item 11 on the Agenda:

Mr. Bussinger moved to place Bill No. 70-20 on first reading. Said Bill is for an ordinance requiring the City Collector to prepare a Land and Lot Delinquent List. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 70-20, and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 70-20, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye"...The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of Bill No. 70-20, and to enact same as Ord. No. 1.744. Mr. Davis seconded. The vote: All "aye".

* * *

Item 12 on the Agenda:

Mr. Walker moved to place Bill No. 70-21 on its first reading. Said Bill is for an ordinance approving the Land and Lot Delinquent List; entering a record thereof in the Journal, and crediting the amount thereof to the account of the Collector. Mr. Bussinger seconded. The vote: All "aye"... The Clerk read the Bill.

* * *

Item 13 on the Agenda: Mr. Bussinger moved to place Bill No. 70-22 on its first reading. This Bill is for an ordinance relating to and providing for a mandatory vacation of, demolition or repair and maintenance of buildings and structures within

the corporate limits of Gladstone, which constitute a nuisance detrimental to the health, safety or welfare of residents, pursuant to Sections 67.400 RSMo., 1969; establishing procedures for enforcement, and prescribing penalties for violation. Mr. Davis seconded. The vote: All "aye". (Note: It was suggested that the penalty be placed on a "per day" basis, in case of violation)..... The Clerk read the Bill.

* * * * *

Item 14 on the Agenda:

Mr. Walker moved for the adoption of Resolution No. R-70-38, authorizing the City Manager to secure the services of a surveyor (rescinding and amending an earlier resolution regarding the same authorization), and authorizing the City Manager to pay Larkin & Associates the total sum of \$571.81 for the surveying of the Cooksey property. Mr. Davis seconded. The vote: All "aye". In answer to Mr. Jezak's question of how such a figure was arrived at, when the earlier figure mentioned was less, the City Manager explained that the surveyors had not counted on having to clear so much brush in order to complete the survey, and had used more hours than first estimated. The City Manager also explained that it was difficult to obtain "bids" on this type of work because of professional ethics amongst surveying companies.

* * * * *

Item 15 on the Agenda: Scheduled as the adoption of a Resolution in connection with the disposition of certain real estate no longer in use by the City. Mr. Davis moved to table any action on this matter. He asked what the hurry was in getting the resolution adopted; that he was concerned about this, and asked if the Council thought they were acting on something which had happened in 1961 and which no one actually expected to come about...The City Manager said this had been on the "fire" for some time; that ~~the owner~~ had indicated no effort to sell the property, and he believed the City must do this....

In answer to a question, Mr. Dods said "we are legally obligated to 'lay it back', that this is a similar case to the Bolling Heights matter"....

The City Manager said another instance was the Flora Park ground; that this would need to revert to the owner if used for other than park purposes.

Mr. Davis said one of his concerns was the fact that in essence, with the turning back of the property in question, the City is shutting out a playground, located at the easternmost edge of the property in question, and he then reiterated that he would like to see it deferred for further Council discussion, and would like to table it for tonight until there has been a work session which will give the Council further opportunity to talk it over; that he thinks the Council should be concerned about any decrease in available play fields in that area. He moved to table. Mr. Jezak seconded. The vote: All "aye". Motion carried.

Mr. Walker suggested that the Council not delay action any longer than necessary; that he feels the contract was made in good faith and is binding; that he feels the Council should act in a reasonable length of time.

Mr. Davis said he was not asking for an indefinite postponement; that in essence the City would be giving up something it has never "had"...but that it uses, and we will be faced with a need to provide a play area in that section and that he wants the Council to have a chance to evaluate the matter and to see what it faces in replacement.

Mayor Kleiner said that the City does have a contract in effect, and that we have to do it; that it would be fine to discuss it in the next work session; that maybe the City can buy the ground, and he said "Who knows?" He asked the City Manager to place this item on the agenda for the next work session for the Council to discuss. He asked if there were any estimate of cost?

Item #16 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-39, authorizing the trade-in of certain City-owned equipment in connection with the purchase of certain new equipment (1 Crawler-Loader) by the Gladstone Special Road District No. 3, at the net purchase price of \$9,611.80 to be paid by Special Road District No. 3.

Mr. Davis seconded.

Mr. Kleiner asked the City Manager to explain to the Council why we are purchasing this particular thing.

The City Manager said it was in stock for immediate delivery, and that it met all our requirements; that, with the other dealers, there might have been 4 to 6 weeks delivery, and what with the truck strikes, there could be more of a delay than that.

Mr. Kleiner asked if it had some extra accessories on it? The answer was affirmative.

The vote: All "aye"...

Item 17 on the Agenda: Consideration of Class B Liquor permit to Mr. Paul Pagano, as he was taking over the business at 7200 North Oak known as "Jones' Why Not"..... Mr. Jezak asked if the trailer would be removed? Mr. Pagano said not at this time. He said he planned to keep it there for the present. After further discussion, Mr. Davis moved to approve the "Class B" Liquor License (to be sold in the original package) to Paul Pagano, d/b/a "Jones' Why-Not" Liquor Store...Mr. Walker seconded. The vote: All "aye".

Item 18 on the Agenda: Mr. Davis moved to accept the General Fund Disbursements Report for April, 1970, and the Water & Sewer Department Cash Disbursements Report for April, 1970, as submitted. Mr. Jezak seconded. Mr. Kleiner asked for an increase in the allowance for mileage, saying that in his opinion, 7¢ per mile was very inadequate. He then moved to increase the mileage allowance to 10¢ per mile. Mr. Davis seconded.

The vote was called on the first motion to accept such reports: All "aye".

The vote was called on the second motion to increase the mileage allowance to 10¢ per mile: All "aye".

Mayor Kleiner announced a Special Council Meeting for Wednesday, May 13th, at 7:30 P.M., followed by a work session. He advised that there would be a joint meeting with the Planning Commission at 8:30 P.M. on Monday, May 18th.

As there was no further business to come before this meeting, it was, by motion

duly made and seconded, adjourned by unanimous vote.

Time: 10:15 P.M.

Respectfully submitted,

City Clerk

MAYOR

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

13

MAY

70

A special meeting of the Gladstone City Council was called to Order by Mayor Frank Kleiner on Wednesday, May 13, 1970, in the City Hall of Gladstone, at 7:30 P.M.

Roll was called. Present: Councilman Bussinger, Councilman Jezak, Councilman Walker, Councilman Davis, Mayor Kleiner. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were present.

The first item of business was the first reading of Bill No. 70-23, for an ordinance apportioning main sewer assessments for certain tracts, parcels and lots of land, designated, and amending portions of Ordinance 1.515. (This is in connection with the new tracts in Kendallwood).

Mr. Davis moved to place Bill 70-23 on its first reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the first reading of Bill No. 70-23, and to place it on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the second reading of Bill No. 70-23; to waive Section 20, (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1.745. Mr. Bussinger seconded. The vote: All "aye".

* * *

The second item of business was the first reading of Bill No. 70-24, for an ordinance approving the Final Plat of Kendallwood Park, an addition in and to the City of Gladstone, Clay County, Missouri.

Mr. Bussinger moved to place Bill No. 70-24 on its first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 70-24, and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 70-24, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1.746. Mr. Davis seconded. The vote: All "aye".

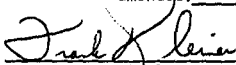

As there was no further business to come before the meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent.

Respectfully submitted,

Betty Johnson, City Clerk

21. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

25 MAY 70

The regular meeting of the Gladstone City Council was called to order by Mayor Frank Kleiner, at 8:00 P.M., Monday, May 25, 1970, in the Council Chambers of the Gladstone City Hall.

Roll was called: Present: Councilman Bussinger, Councilman Jezak, Councilman Walker, Councilman Davis, Mayor Kleiner. In addition, Mr. David Olson, City Manager, Mr. John Dods, Assistant City Counselor, and the City Clerk were also present.

Item 2: Reverend Richard Boatright, Pastor of the Broadview Missionary Baptist Church, gave the Invocation.

Item 3: Mr. Davis moved to accept the Minutes of the regular Council meeting of May 11, 1970, as submitted, and the Minutes of the Special Council meeting of May 13, 1970, as submitted. Mr. Walker seconded. The vote: All "aye".

Item 4: Public Hearing on a request to vacate a Public Utility Easement along the East boundary of Lot 17, and along the West boundary of Lot 16, Glaywoods, an Addition in and to the City of Gladstone, Clay County, Missouri.

Mayor Kleiner opened the Public Hearing, asking if there were anyone in the audience who wished to address the Council in favor of such request, or, if not, then if there were anyone who wished to address the Council in opposition to such request. No one appeared. Public Hearing was thereupon closed.

Item 5 on the Agenda: Communications from the Audience. Mr. Maurice Barrows, 3505 E. 57th Terrace, addressed the Council, presenting a petition of names protesting the rezoning matters in connection with Kendallwood and Kendallwood Park; most of the residents on such petition live on property which borders part of the involved area; all of them were from Evanston Place. The list of names was given to the City Clerk to date and place in the proper file.

Mr. Phillip C. Kingsbury, 5908 North Broadway, addressed the Council on a matter of location of an "outsize" meter pit, which he said was dangerously located; he also mentioned the lack of a Stop sign at 60th and Broadway, and he asked if 60th Street going West of North Broadway was Gladstone's? Mayor Kleiner said that regarding the stop sign, the turn lanes on the subject street were yet to be built and that he felt this was the reason the sign had not yet been installed. The City Manager advised he would check on the street to be sure whether or not this is actually a City of Gladstone street. Mr. Kingsbury asked why the m.p.h. sign had been changed from 25 to 35. Mayor Kleiner said that speed signs are usually changed in a given area on a trial basis; that in this case, they were trying out the 25 m.p.h. and had felt it was too slow, so raised it back to 35 m.p.h. which it had been originally.

Mrs. Ellis Malone, 105 N.E. 73rd, addressed the Council regarding "Larry's Speed-Way", 73rd and North Oak. She reported that the owner had moved all his junk into a residence (duplex) at 102 - 102½ E. 73rd, and was not complying with any of the City's regulations. She said that there was a serious traffic hazard there.

Mayor Kleiner advised that he believed the gentleman in question had been cited and that he had been made aware that he couldn't store that "stuff" in the house. He advised further that, according to the landlord, he was planning to move out of the garage. He asked the City Manager to make sure that the stuff was moved out this week; that if it was not, to report back to the Council.

Mrs. Ed Lamb, 204 E. 73rd Street, said one of the Gladstone Public Safety officers who rented a house from her had two little girls one of which was nearly hit by a car from the earlier mentioned location.

Mr. George Hannon, 301 E. 73rd Street, said he had been a garage owner for many years; that he did not object to anyone trying to make a living, but when they begin to move a nuisance in, and become nuisances, then he objects. He objected to the dirt, the noise, the junk and the speed. He asked if they operated under an Occupation License; that in the City of Kansas City, such businesses were inspected, and if anything had been found such as exists here, they would have been stopped. He said he felt it was a fire hazard, and that they have put up with a mess there for years and years and were tired of it.

Mrs. Carroll Barrett, 200 E. 73rd Street, said she was tired of cleaning up beer cans and pop bottles as she had been for years; that she objected to their use of the street as a race track; that she rejected and despised the noise and confusion they created; that she refused to put up with it any longer and she demanded action by the Council in this regard. She said she believed the Council should take a "Little Tour" of the neighborhood; she also said that one of our Public Safety officers had parked his non-operative motor vehicle on her property for two days and two nights; that she had called the Public Safety Department to come and remove that car; she said the man in question lived in Mrs. Lamb's house. She said she and her neighbors wanted action now, - not next week - but now.

Mr. Jezak asked if the offender's license could be held up until he had cleaned up his location. He said, further, that he had talked to the offender and had received a promise that the place would be spotless.

The City Manager said the City could retain his Occupation License in order to force him to clean it up.

Mr. John Dods, in answer to a question, said he was not sure that this could be done through the Occupation License, but that it could be done through the General Nuisance Ordinance, and the offender could be prosecuted at that time.

Mr. Jezak said it was a real eyesore; that he would like to see something done in the near future.

Mr. Walker asked if someone had to file a complaint? Mr. Dods answered that any one of those here tonight who cared to could file a complaint.

Mayor Kleiner said if anyone of them would file a complaint, that they could come to the Public Safety Department and file it, and they he could be summoned into Court.

Mr. Davis asked if the Council couldn't determine by themselves if the charges as made by these people, personally, were accurate; if they are, then cite the man into Court.

Mayor Kleiner said if we are going to do something, let's get to it.

A citizen who lives at 7300 North Walnut, at the dead-end of that street, said that several times cars racing down the street had failed to make the turn and ended up in her yard.

The City Manager said it had been mentioned that the Public Safety Department had filed on the offender as having a fire hazard and that he is under citation now, and all that had been heard tonight could be included in the Nuisance Violation.

Item 6: Communications from the City Council: Mr. Bussinger, nothing at this time. Mr. Davis said he would like to have a report at the next Council meeting as to what was done and what action was taken to clear this matter up. (He referred to the items covered on this and the second page). He said, further, he would like to add the Park Board recommendations to the Agenda as a separate item.

Mr. Walker: nothing at this time.

Mr. Jezak: said that he agreed with Mr. Davis on adding the Park Board recommendations as a separate item.

Mr. Bussinger suggested to the City Manager that, possibly, during the regular working day, when any of the City trucks are driving from one job to another, if they would pick up an item or two from the ditches they pass, where just a little litter is involved, it would make the general housekeeping of the City better.

Mayor Kleiner: advised that the Northaven Home Owners Association was disbanding and had decided to donate the contents of their funds amounting to \$138.51 to be used in development of the parks. He expressed the City's thanks, and assured the Homeowners that this money would be put to good use.

Item 7: Communications from the City Manager. Mr. Olson advised that he had heard from the State Highway Commission; that bids were to be let on the Antioch Road improvement work on the 19th of June.

He announced that there were three more requests for Fireworks Sales Stand permits; one from Boy Scout Troop 272, one from the Gamma Xi Chapter of Beta Sigma Phi Sorority, and, that at the last moment, one had also come in from the Gladstone JayCeers.

He said there would be another ordinance to be added to the Agenda, authorizing the City Manager to act further in the development of Maple Woods Park. This will be listed as Item 15-a on the Agenda.

Item 8 on the Agenda: Mr. Davis moved to accept the first reading of Bill No. 70-21, approving the Land & Lot Delinquent List, and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Item 9 on the Agenda: Mr. Jezak moved to approve the first reading of Bill No. 70-22, being for an ordinance relating to and approving mandatory vacation of, demolition of and repair and maintenance of buildings and structures. Mr. Bussinger seconded. The vote: All "aye".

Mr. Jezak moved to amend Bill No. 70-22, particularly Section 11 (Penalties) thereof. Mr. Bussinger seconded. The vote: All "aye".

Mr. Jezak moved to place Bill No. 70-22A on its second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 10 on the Agenda: Mr. Bussinger moved to place Bill No. 70-25 on its first reading. Said Bill called for an ordinance rezoning from R-1 to R-3 certain property located at approximately 59th Terrace North and North Indiana. Mr. Davis advised that he would like to amend Mr. Bussinger's motion to say "rezoning from R-1 to R-P-3". This was agreeable to Mr. Bussinger and he seconded Mr. Davis' amended motion. The vote on the amendment. All "Aye", with the exception of Councilman Walker who voted "No". (4-1)

Mr. Davis moved to place Bill No. 70-25-A on its first reading. Mr. Bussinger seconded. The vote: All "aye", with the exception of Councilman Walker who voted "No". (4-1) The Clerk read the Bill.

* * *

Item 11 on the Agenda: Mr. Davis moved to amend the proposed Bill No. 70-26, to say "rezoning from CP-0 to R-P-3, instead of the R-3, as originally proposed. He then moved to place Bill No. 70-26A on first reading. Mr. Jezak seconded the motion to amend Bill No. 70-26. The vote: Mr. Bussinger, aye, Mr. Jezak, NO, Mr. Walker, NO, Mr. Davis, aye, Mayor Kleiner, aye. (3-2)

Mr. Davis moved to place Bill No. 70-26A on first reading. Mr. Kleiner seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, NO, Mr. Walker, NO, Mr. Davis, aye, Mayor Kleiner, aye. (3-2) The Clerk read Bill No. 70-26A.

* * *

At this time, Mayor Kleiner called a 20 minute recess. (8:40 P.M.)

* * *

Mayor Kleiner reconvened the regular meeting of the Gladstone City Council. All members were present.

* * *

Item 12 on the Agenda: Mr. Jezak moved to place Bill No. 70-27 on its first reading. Said Bill calls for an ordinance regulating the conduct of carnivals, circuses and other entertainments. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 13 on the Agenda: Mr. Walker moved for the first reading of Bill No. 70-28, for an ordinance to amend Ord. 1.366, which controls the keeping and licensing of dogs. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 70-28, and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 70-28, to waive Section 20 Subsections (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 70-28, and to enact same as Ordinance No. 1.747. Mr. Davis seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: Mr. Bussinger moved to place Bill No. 70-29 on its first reading. Said Bill is for an ordinance which shall provide for the control and confinement of animals suspected of being rabid, or exposed to rabies, providing penalties for violations, and repealing any conflicting ordinances. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 70-29, and to place said Bill on its second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 70-29, to waive Section 20, Subsection (d), Subsection (2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". Bill was read.

Mr. Bussinger moved to accept the third and final reading of Bill No. 70-29, and to enact same as Ordinance No. 1.748. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Walker moved to place Bill No. 70-30, for an ordinance adopting a Municipal Agreement under the Federal Traffic Operations Program, on its first reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to approve the first reading of said Bill, and to place it on second reading. Mr. Bussinger seconded. Mr. Davis asked if this was the City's authorization to enter into the TOPICS Program. The City Manager answered in the affirmative. He said the Council will see the first application before it is submitted.

The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of said Bill, to waive Section 20, Subsections (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye".

Mr. Walker moved to accept the third and final reading of Bill No. 70-30, and to enact it as Ordinance No. 1.749. Mr. Davis seconded. The vote: All "aye".

Item 15-A....(added item) Mr. Bussinger moved to place Bill No. 70-31, being for an ordinance authorizing the Mayor to execute an Agreement with the City of Kansas City, Missouri, and Clay County, for the acquisition and development of Maple Woods Park, on its first reading. Mr. Jezak seconded. The vote: All "aye". Mr. Bussinger moved to accept the first reading of Bill No. 70-31, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill, (following each motion and vote).

Mr. Bussinger moved to accept the second reading of Bill No. 70-31, to waive Section 20 Subsections (d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.750. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: A Resolution authorizing acceptance of a 1,000 g.p.m. pumper and authorizing final payment for same.

Mr. Walker moved to adopt Resolution No. R-70-40, authorizing acceptance of a 1,000 g.p.m. triple combination pumper from Central Fire Truck Corporation, approving a Change Order in the amount of \$316 and authorizing final payment for same in the total amount of \$23,745.03. Mr. Davis seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: A Resolution authorizing publication of a notice to change the names of certain streets in Meadowbrook North, 9th Plat. Mr. Davis moved for the adoption of Resolution No. R-70-41, deeming that a change of name is necessary for 68th Place North, to 68th Street North, and for 68th Street North to 67th Place North, between North Prospect and North Chestnut, in the 2700 block thereof, and requesting that written notice be mailed by Certified Mail, return receipt requested, to all persons residing on said streets, and directing that if within four weeks after such publication, a majority of the residents on 68th Place North and 68th Street North between North Prospect and North Chestnut do not file their written protest against such proposed change of names, the City Manager prepare an ordinance changing the names of such streets in accordance with the terms of this Resolution. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 18 on the Agenda: Acceptance of Financial Report of Combined Waterworks & Sewerage System for the ten months ending April 30, 1970, and of the Financial Statement for General Funds, Sewer Assessment Fund, and Special Park and Playground Fund for the 10 months ending April 30, 1970. Mr. Davis moved for such acceptance. Mr. Jezak seconded. After some discussion, the vote was taken. All voted "aye".

* * *

Item 19 on the Agenda: Consideration of applications for Fireworks Sale Permits:

- (a) Boy Scouts of America, Troop No. 272
- (b) Gamma Xi Chapter of Kappa Iota, Beta Sigma Phi Sorority
- (c) Gladstone JayCees

Mr. Walker moved to accept the applications for Fireworks Sales for the three above-named organizations, and to waive any fee in connection therewith.

Mr. Jezak seconded the motion.

The vote: All voted "aye" on all three applications, with the exception of Item (b), the Gamma Xi Chapter of Kappa Iota, Beta Sigma Phi Sorority, on which Mr. Bussinger abstained from voting. The three permits were granted.

* * *

Item 20 on the Agenda: Other:

Mr. Jezak reminded the Council that he was the Council member appointed to serve on the Gladstone Park and Recreation Board; that he had a number of things he wanted to discuss with the Council.

He brought up the fact that with a budget of \$40,000, there were seven members of the Park Board who were supposed to be responsible, to some degree, for the expenditure thereof.

He said they felt they had no authority, no "say-so", and no knowledge, for the most part, of how the money was being spent.

He advised that they feel when they do make recommendations, they are not followed, and that they do not know where their recommendations go.

Mr. Jezak said he felt it would be worthwhile to use their knowledge, and to consider their suggestions, both at the present time, and in the future.

One of the points brought up at this time by Mr. Jezak was suggested by Mr. McWilliams, Chairman of the Park Board, and others, was the fact that at about Berry Road, east of Antioch Road, somewhere in the vicinity of there, behind the Maple Woods Junior College, there is a log cabin in very decent shape, which was built in about 1843, and which has some historical value. He reported that the College is anxious to move it from the present site, and that he would hope the City might be interested enough to get some volunteers to dismantle the building and move it to City property to store, with the hope of re-erecting it at some later date in a designated area, hopefully in one of our own park settings. He said it was about 20'x40' in size, a dual room cabin, with a fireplace on one end, and that it would be "free" to the City for storage only.

Mayor Kleiner said he didn't see a problem here.

Mr. Davis asked if there was a motion needed, or just directions to the City Manager in this regard.

Mr. Bussinger said he believed that something of that kind should be done, and he felt it should be stored in a relatively safe place, which it wouldn't be damaged.

Mayor Kleiner said it seemed to be the general consensus that the City will take down the building for storage and the City Manager can direct those who are involved in the work where to store the building once it has been dismantled.

Mr. Jezak said that about a month ago, at the first meeting of the Park Board which he had attended, it had been learned that, as soon as possible, a basket ball court was to be laid where there were the two goals, if there was a need. They feel there is a need, and they had been advised it would be put in, but, so far, it is not there. He asked what the thinking was, presently, on this; what were the plans, and what is the hold-up?

The City Manager said that on hot asphalt mix it needed to be laid when the temperature was steady; that it couldn't be laid when the temperature varies from 65 to 70 degrees; that now the temperature was stable so that it could be done.

He said he planned to have City forces lay the sub-grade as the base, and that it is budgeted, and can be moved on, very soon.

Mr. Jezak asked what has been done on Pursell? He said he thought we were to send a bid to them. He said about 3 months ago we were supposed to make an offer. The City Manager deferred to Mr. Dods, who was, he said, compelled to advise that the theory is that this is a matter for the Council's discretion.

Mr. Kleiner said the Council then directs the City Manager to see what they will sell the land for, and report back to the Council.

Mr. Jezak asked who made the final decision on the equipment to be ordered for the Flora Park, and asked if there were bids taken?

The City Manager reported that the material had been bought by his direction and his order; that it has been the policy of the City Administration to attempt to secure a low bid; that he is responsible for making the final say on purchase of equipment; that if there is anything the Council would like to know, he would be delighted to discuss it with them. He said some of the items ordered had been included in the Budget, and some as a "lump sum".

Mr. Davis asked if the policy could be changed so that any equipment could be purchased only after the Park Board's recommendation.

Mr. Jezak said he would like to see that, if the City continues to have a Park Board, it makes use of them, and he would further like to see that they have some authority of how much money is in their budget, and how it is spent.

Mr. Davis said it was not a question of the Park Budget, per se, but also he would hope that the Park Board be made aware of the City Manager's plans for the expenditures, and he said also he would hope they might make some recommendations on personnel, etc. He asked, regarding a change of policy, if the Council should vote on this matter. He said, if so, he would move...

Mayor Kleiner asked about a recommendation on adding another man to the Park crew... Mr. Olson said there are now two men working on the Park crew.

Mr. Davis moved that all proposals to acquire play equipment for the Park System be submitted to the Park Board for its recommendation. Mr. Jezak seconded.

The vote: All "aye".

Mr. Davis moved that the City Manager's Park and Recreation Budget Proposal be submitted to the Park Board for its recommendation prior to the submission of the said Budget Proposal to the City Council, and that the monthly expenditure sheet of the General Funds be made available to the Park Board. Mr. Jezak seconded. The vote: All "aye".

Mayor Kleiner requested the City Manager to submit the particular part of these periodic funds to the Park Board. The City Manager agreed.

Mr. Jezak said he wanted some discussion on what the City should do at the Flora Park if the City gets that portion of ground commonly referred to as the "path"...he said he has a friend who wants to meet with the Park Board and City Council to see what can be done. He said the Park Board had recommended that a Landscape Architect be retained. He said that right now, for instance, the City is locating the backstop in the "worst possible place".

He said his friend was with the Blue Valley Park System, and that it would be helpful to talk and meet with him.

Mr. Jezak said the Park Board would like the City to have the "Byers" property, located on Antioch Road. He reminded the Council that the ball field at the east end of this property is in constant use by the Little League and Cub Scouts and has been scheduled for the season. The Park Board feels that the City needs to find out just what kind of a price Byers might ask.

Mr. Walker said they will not quote a price, but that the City could request an appraisal and might have to start condemnation proceedings.

At this time, Mr. Degenhardt, in answer to a question, said two appraisals would be necessary before condemnation proceedings could be started, and that the cost on appraisals at 76th and Troost was around \$2,000.

Mr. Dods advised that the City would need to have several appraisals, and concurred that two was the minimum number required for condemnation.

Mr. Jezak said he felt the City owes the people on the east side of the City a park; that this area has excellent potential; that it badly needs cleaning up.

Mr. Davis said the National Standards required 1 (Park) for every 5,000 residents; that the City was presently below this figure. * DIAMOND - (COLLECTION *Noted* *June 1970*)

Mayor Kleiner said, in regard to the Flora Park, that he felt it should be determined where the back-stop should be placed BEFORE it is up.

Mr. Jezak said the baseball diamond is graded for the backstop at the SE corner now.

The City Manager advised that the ground was graded to get somewhat of a standard size baseball field. He said that, initially, the plans called for placement of the backstop to get the most use out of the field.

Mr. Jezak said it was his understanding that the Park Board had recommended that the field be extended for football use, but this was not done.

The City Manager said that to expand that field to football size would cost a phenomenal amount of money.

Mayor Kleiner said they are moving earth anyhow.

Mr. Davis said the field also drains to the infield, and he believed the location of the backstop should be checked out. Mr. Olson concurred.

Mr. Davis said all he was trying to say is that there is real value in getting professional help on design and utility of things like this; that he would just prefer that the City start trying to do the jobs right, and the way to do them right is to get the kind of help we need.

Mr. Jezak said, to get back to the "Byers" property, if necessary, he would so move...

The City Manager said he had approached Mr. Byers many times, on as many occasions. He said that Mr. Byers had advised that the City may not have the property.

Mr. Walker asked the City Manager to try one more time, and to say that some of the Council members feel that the City should start condemnation, but that you wanted to solicit their help one more time before going into this.

Mayor Kleiner asked the City Manager to write Mr. Byers a letter and ask for a reply within seven days, if possible, and then the Council would discuss the matter further. The City Manager concurred.

Mr. Jezak said the Park Board was under the Impression that the City owned some ground on the West side of the City - the west side of 68th Street at about Wyandotte, and asked if that were true? He said he wanted the City to investigate the cost of developing the back half (on the West side of Oak, the backside of the property).

Mayor Kleiner recommended that the area we now have be cleaned up.

Mr. Jezak said a final item from the Park Board was that, in the past two months, they had recommended some right-of-way on 68th and Broadway be cleaned up, and a picnic table placed there so that some use could be made out of the area, so that it could be a "vest pocket" park. (It was understood that this was behind the Tanglewood development).

Mr. Walker said that the Villa Ve-Ann developers were given permission to use that ground because they dedicated a right-of-way, until such time as their additional ground could be used for a permanent parking lot.

Mr. Bussinger had nothing further to bring up at this time.

Mr. Davis had nothing further to bring up at this time.

No further business being heard, the meeting was, upon motion duly made and seconded, adjourned at 11:00 P.M.

Respectfully submitted,

Betty G. Johnson
City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

8 JUNE 70

The regular meeting of the Gladstone City Council was called to Order by Mayor Frank L. Kleiner, Monday, June 8, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called. Present: Councilman Bussinger, Councilman Jezak, Councilman Walker, Councilman Davis, Mayor Kleiner; in addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were present.

Following the Invocation, Mr. Davis moved for the acceptance of the Minutes, and he called for a correction on Page 9, the 10th paragraph, where the word "park" should have read "diamond". Correction noted. Mr. Bussinger seconded. The vote: All aye.

Item 4 on the Agenda: Public Hearing on a request to rezone from R-1 to R-P-4 property described as being located at approximately the East side of Broadway, from Englewood Road North, to approximately 58th Street North. Mr. Herman Scharhag, Petitioner. Mayor Kleiner opened the Public Hearing, and asked if there were anyone who wished to speak in favor of such rezoning proposal. Mr. Harrison Norton, Attorney, who represented Mr. Scharhag, addressed the Council. He said that, in his humble opinion, the proposed development is one of the most exciting things to come along for a long time; that there is nothing like it in our part of the country, that he felt it was so different from the type of development we are used to that it doesn't have any real zoning precedence; doesn't really fit in the City's zoning ordinance; that he wasn't in any way being critical, just that the complexity of the proposed development is so new; that the use of the land would not be of any greater density than if it were residential zoning. Mr. Norton continued to explain the plans Mr. Scharhag had for the development of the property, and Mr. Scharhag, addressing the Council, showed some sketches and plans, and then showed some slides from a projector which showed the terrain, some adjacent building, the view from the high points of the land on which the development is to be made, some comparative residential development in other parts of Clay County, and some slides showing different arrangements of the "cluster" housing which they propose.

Mr. Scharhag explained that because the concept was so new, he and Dr. Langhus had felt that R-P-4 was the zoning that would be needed. He said that in Kansas City, such development is granted for single-family dwelling districts merely by a permit issued by the Building Department. He advised that he had originally purchased the ground from Mr. Seldon Catlin; that he felt his 20 acres was the most beautiful piece of ground in the area, and that he also felt it would be a good investment; that he did not feel the area justifies residential development because of the "sameness" of this kind of development, but that it deserved to be developed in such a way that the beauty of the area could be maintained and utilized; that the kind of proposal he has would, he felt, make the best use of the ground. He also felt that the proposed high-rise would act as the "land-mark" for the City; that the view includes a spread of about four counties, and that the trend today is away from owning individual houses, and has swung to owning property which offers more than just side yards, front yards, back yards; that he proposes clusters of buildings, leaving most of the land for park-like setting. He also proposes a nine-hole "pitch and putt" course; a swimming pool, and he feels it will be a favorable development for Gladstone; that there will be no basement garages; that each unit will have a 2-car garage. He said the proposed "high-rise" will not be as tall as our Water Tower on Englewood Road (Kansas City's Water Tower), but only from 66 to 70' high. He said this is definitely the trend today, and it is going to continue.

He said he had mentioned his proposal to Dr. Langhus, and that he had also been interested in the type of development proposed for the area, and had decided to go the same way, with his 17 acres. So, on the total of 37 acres, there would be a total of 98 units. He said that with regard to the problem of question of density, with 50 living units on Tract A, and 48 units on Tract B; and this, in terms of square footage would figure to about 16,446 square feet per living unit. There would be two apartment units on each floor of the high-rise, for a total of 12. He said there would be an Association formed, with the owners paying for the maintenance and upkeep of the grounds, and for the use of the other recreational facilities.

In answer to a question about the outside material to be used in the construction, Mr. Scharhad said there would be a lot of stone, with heavy split-wood shakes on the roofs, and a lot of stained wood to attempt to maintain the outdoors atmosphere.

Mr. Davis asked why he had asked for R-4, excluding the high-rise.

Mr. Scharhad said he believed the R-4 is mandatory under our Zoning regulations due to the lack of side yards, as such.

Mayor Kleiner asked if the people would rent or lease?

Mr. Scharhad said they would be individually owned, which is the condominium concept; that an individual buys a share.

After further discussion, Mr. Kleiner said there would be two weeks between now and the next Council meeting, at which time the matter would be brought up for Council action, and that the Council will certainly look at and study the proposals between now and then.

Those in opposition:

Mr. Frank DeLuca, 10 W. Englewood Road, indicated that Dr. Langhus had sold him an acre of ground on which he built his house, indicating that the surrounding ground would be held in residential development; that he feels the value of his home will go down and he will be unable to get his money out of it if he sells, because of the plan.

Mr. Gus Leimkuhler, 206 NW 59th, said he had petitions protesting the plan signed by 44 property owners within 185 feet of the property to be rezoned. He presented the petitions to the Council.

Mr. James Pound, 15 W. Englewood Road, said that with regard to the influence Kansas City has zoned or will zone, he feels that Gladstone should be very, very careful as to what is zoned; that most of the residents in this particular area chose to live in Gladstone to "get under the protection of or to get closer to the City Hall". He said Mr. Scharhad's proposal is considerably more than two city blocks from his property, and so it's not an immediate factor; he felt that condominiums are very popular in Florida and other cities, but he wondered what arrangements are made when an owner dies, for instance, will it be left vacant until the legal matters are settled, or will it be re-rented, or just how will this be handled. He said he was no authority but that it appears there is some conflict between R-1, 2-, 3- and 4 requirements, and Special Use Permits....He read a report which is attached hereto as part of these Minutes, as Exhibit "A".

Mr. James Pryor, 221 Hickory Circle, said he was a builder in the area which was referred to by Mr. Scharhag; that he had a comment on some of the films which had been shown; that he was also a real estate appraiser and he did not know of any area in the Gladstone area which looked like anything Mr. Scharhag had shown pictures of. He said he felt Mr. Scharhag was making a point with some of the films as to the scarring of the land when R-1 dwellings in the "box-like" rows he showed; that as far as he knew, these must have been around Liberty, or Randolph Corners.

Mr. Carl DeLuca, 207 W. Englewood, said he did not feel that such a development would improve the value of his home; that he wouldn't be able to sell his home if this plan were to go through.

Mrs. Marge Motta, 5804 N. Broadway, asked about fencing, and what plans had been made for security purposes; she also mentioned the present condition of the "trashy dump" which had resulted from the buildings completed at 60th and Broadway, west of the City. Mayor Kleiner reminded her that this was Kansas City's responsibility; that although he agreed that it was unsightly, it was not Gladstone's. He said the Scharhag request would be the first item on the Agenda for the June 22nd Agenda, and closed the public hearing at this time.

Item 5 on the Agenda: Communications from the Audience.

Mr. James Carney, of the Curry Investment Company, drew the Council's attention to the scheduled Item 10 on the Agenda, "Second reading of Bill No. 70-25A, rezoning from R-1 to R-P-3 certain property located in Kendallwood. He said he would appreciate the Council's indulgence and asked them to table this item for about 60 days so his company might have a chance to visit with the abutting property owners who felt so strongly about the proposed rezoning. Mayor Kleiner said this would be given consideration when the item came up in regular order.

Mr. Winston Horn, President of the First National Bank of Gladstone, and a member of the Gladstone Chamber of Commerce, acting on behalf of the President of the Chamber, Mr. Jerry Woodcox, presented a handsome pennant to the City. Mayor Kleiner and the other members of the Council expressed their appreciation, and Mr. Horn received a round of applause from the audience.

Mr. Marvin McIntyre, 7531 North Wayne, addressed the Council regarding Item 12 on the Agenda, scheduled as the second reading of Bill No. 70-27, regulating and controlling the conduct of carnivals, circuses, etc. He said that he felt excluding all political organizations from "this deal" is taking a derogatory look at them; that they need a proper manner to secure funds and he protested the way the Bill is written.

Item 6 on the Agenda: Communications from the City Council:

Mr. Bussinger: Nothing at this time.

Mr. Jezak: Nothing at this time.

Mr. Walker: Nothing at this time.

Mr. Davis: Asked the City Manager for a progress report on Larry's Speed Shop. The City Manager advised that the owner had been cited to court to appear this week; that the neighbors who had appeared at the Council meeting had been subpoenaed to appear also, as witnesses; the owner has taken steps to clean up the area, and the two-family house where his material was stored.

Mayor Kleiner: Read a letter from Mr. Gerald Spurgeon relating to a July 4th Fireworks Display to be held in Central Park, asking for permission from the Council to hold same. After a brief discussion, Mr. Davis moved to grant such permission. Mr. Walker seconded. The vote: All "aye". (Note: The letter was

written on behalf of the Gladstone Jay Cees, and, it was also noted, that this has become a yearly event sponsored at no cost by the Jay Cees).

Mayor Kleiner read a Proclamation, commending the Gladstone Jay Cees on their Clean-Up-Paint-Up-Fix-Up Campaign, and naming the week of June 15 through June 19th as CLEAN-UP - PAINT-UP- FIX - UP WEEK in Gladstone. He advised that anyone who had items they wanted hauled away could contact the Jay Cees and they would help them, as this was part of their service at this specific time. There will be further information, through the news media, informing the citizens of who to call, and where to call.

Mr. Davis advised that he had talked with Mr. Dickey, of K.B.I.L., and had learned that if the City would be interested in having a "regular spot" for news about our City, it would be made available to us; that it would give the City a little publicity; that it would be a good thing to help supplement the Civic Calendar, and would be a non-cost item which might bear some consideration.

Item 7 on the Agenda: Communications from the City Manager. *Mr. Olson advised that he had received a letter from the petitioner, Mr. Byers, regarding Item 9, on the Agenda as "Second Reading of Bill No. 69-84, rezoning from R-3 to R-P-3 certain portions of Whispering Oaks Subdivision, and that the petitioner had asked that his request be officially withdrawn. Mr. Olson further advised the Council that an item calling for the third reading of Bill No. 70-21, accepting the Land and Lot Delinquent List, had been left off the Agenda, and should receive its third reading this evening, and could be listed as "8-A"....he also mentioned that under Item 11, scheduled as the second reading of Bill No. 70-26 A, rezoning from C-0 to R-P-3, certain property located on Kendallwood Parkway and 59th Terrace, N., that if the Council would, he would appreciate the third reading on this Bill at this evening's meeting.

* * *

Item 8 on the Agenda: Mr. Walker moved for the third reading of Bill No. 70-22, for an ordinance controlling the mandatory demolition and destruction or vacation of certain buildings...Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third reading of said Bill and to enact it as Ord. No. 1.751. Mr. Davis seconded. The vote: All "aye".

* * *

*Item 8-A - Mr. Davis moved to place Bill No. 70-21, for an ordinance approving the Land and Lot Delinquent List; entering a record of same in the Journal, and crediting the amount thereof to the account of the Collector, on its third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of said Bill, and to enact it as Ord. No. 1.752. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 9 on the Agenda: *Scheduled as the second reading of Bill No. 69-84, on rezoning from R-3 to R-P-3 certain portions of Whispering Oaks, a Subdivision in Gladstone. Mr. Walker moved for the withdrawal of the application for rezoning, based on the request of the petitioner. Mr. Davis seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: (See Item 5, first paragraph thereunder). Mr. Davis moved

to table Bill No. 70-25A until the first meeting of August, which will be August 10, 1970, at the request of the petitioner. Mr. Bussinger seconded. The vote: All "aye".

* * *

** Mr. Davis*
Item 11 on the Agenda: Second reading of Bill No. 70-26A, rezoning from C-0 to R-P-3, property located at approximately Kendallwood Parkway and 59th Terrace, N. Mr. Davis moved to approve the first reading and place said Bill on second reading. Mr. Bussinger seconded. ~~Mr. Bussinger~~ commented that recalling the platform at election time, they had argued against apartment complexes; that they had said they would support apartment development only when it had been shown that they were in the best interests of the City. It was recommended that the plan include a number of specific requirements to insure its development and protect against resale.

should
Mr. Davis suggested that in order to approve, the Council/assure that the density will not exceed 325 units. He said that it would be appropriate to insure that the planned apartments remain as they are now planned.

Mayor Kleiner said the the "P" zoning means there may not be any shifting around of buildings.

After further discussion, Mr. Davis asked permission of the "second" to withdraw his motion. Second agreed. Mr. Davis called for the second reading. Mr. Bussinger seconded.

Mr. Walker said he feels that this is a well thought-out plan; that part of the reason behind the request for rezoning was the development of Antioch Road...that through the efforts of many people he believes it will come to pass within the next year and that it will assure more development for the whole of the City rather than just for more apartments.

Mr. Davis said he believed the C-0 would be more beneficial to the City; that the original was a noble plan, but that, unfortunate reality is that financing is only readily obtainable on R-3 and R-4. He said there was no feasibility for other than R-3 here; that the City shouldn't consider making an island of "R" development in an area where C-0 is present on three sides.

Mr. Jezak said he believed that we should be able to develop C-0; that it should be a very attractive office complex as originally proposed; that if this can continue in Johnson County, he doesn't know why it can't continue here.

Mayor Kleiner said this was not our problem; that our only concern can be just what is best for the City.

The vote was called: Mr. Bussinger, AYE, Mr. Jezak, NO, Mr. Walker, NO, Mr. Davis, AYE, Mayor Kleiner, NO. (3-neg. 2-aye). The motion for second reading failed.

* * *

Item 12 on the Agenda: Mr. Jezak moved to approve the first reading of Ord. No. 70-27, being an ordinance controlling the conduct of carnivals and circuses, etc., and to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 70-27, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Bill was read.

Mr. Jezak moved to accept the third reading of Bill No. 70-27, and to enact it as Ordinance No. 1.753. Mr. Walker seconded. The vote: All "aye".

Item 13 on the Agenda: Mr. Bussinger moved to place Bill No. 70-15, rezoning from R-1 to C-2, certain property described as being located at approximately the NE corner of 72nd Street and N. Grand, on its first reading. Mrs. Pearl Jones is the petitioner. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of said Bill, and to place it on the second reading. Mr. Davis seconded. The vote: Mr. Bussinger, NO, Mr. Jezak, NO, Mr. Walker, NO, Mr. Davis, NO, Mayor Kleiner, NO. (5 neg.-0). Second reading of Bill No. 70-15 failed.

Item 14 on the Agenda: Mr. Davis moved to place Bill No. 70-32, authorizing the City Manager to apportion main sewer assessments on certain tract, parcels and lots of land, designated as the "Cooksey Property",...Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the first reading of Bill No. 70-32, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. The City Manager advised that a third reading would be desirable at this evening's meeting. Mr. Davis moved to accept the second reading of Bill No. 70-32, to waive Section 20 (d)(2) of Ord. No. 1.83, and with the waiver, to place said Bill on third and final reading. Mr. Walker seconded. Note : Before the vote was called and before the enactment of this Bill, Mr. Dods left the Council room to make a final check on the apportionment figure. Action was, therefore, temporarily held up until his return.

Mr. Davis moved to place Bill No. 70-34 on its first reading; this is an ordinance amending the Sign ordinance by adding new definitions and by changing the permitted location of signs. Mr. Walker seconded. The vote: All aye. The Clerk read the Bill. Mr. Davis moved to accept the first reading of said Bill 70-34, to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the second reading of said Bill No. 70-34, to waive Sect on 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of said Bill, and to enact it as Ord. No. 1.754. Mr. Walker seconded. The vote: All "aye".

At this time Mr. Dods returned to the Council table, and the vote on the third and final reading was taken. All "aye". The Clerk read the Bill for the third time. Mr. Davis moved to accept the third reading of Bill No. 70-32, and to enact said Bill as Ord. No. 1.755

Item No. 15 on the Agenda: Mr. Bussinger moved for the first reading of Bill No. 70-33, authorizing the City Manager to enter into an agreement to purchase certain designated land, and authorizing payment for same. Mr. Davis seconded. The vote:

All "aye". The Clerk read the Bill. Mr. Bussinger then moved to accept the first reading of Bill No. 70-33, and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 70-33, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill No. 70-33 on third and final reading. Mr. Davis seconded. The vote: All "aye". Mr. Bussinger moved to accept the third and final reading of Bill No. 70-33, and to enact it as Ord. No. 1.756. Mayor Kleiner seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-42, authorizing the City Manager to purchase 200 cold water meters from Crane, at a total purchase price of \$6,150.00. Mr. Walker seconded. The vote: All "aye". Resolution adopted.

Item 18 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-43, authorizing the City Manager to accept certain streets for maintenance from Seal-O-Matic Curb and Paving Company, Inc., said streets being located in Kendallwood, from the east edge of the existing asphalt pavement, which is 270 lineal feet from the East line of Kendallwood Parkway, on 59th Terrace, 1,200 feet of 6" asphaltic concrete and curb and guttering, to approximately 3219 E. 59th Terrace. Mr. Bussinger seconded. The vote: All "aye". Resolution adopted.

Item 19 on the Agenda: Acceptance of General Fund Disbursements for May, 1970 and for Water and Sewer Department, Cash Disbursements for May, 1970. After some discussion, Mr. Bussinger moved to approve as submitted. Mr. Walker seconded. The vote: All "aye".

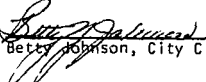

Item 20 on the Agenda: "OTHER". Under this item the City Clerk was advised to notify the Curry Investment Company that the date of August 10th (see Page 5, first paragraph) would not be convenient, as there were intervening vacation schedules which would not allow full Council attendance; it was, therefore, decided to set up the date of August 24th.

Based upon advice from Mr. Dods, the above was put into the form of a motion: Mr. Jezak moved to table Bill No. 70-25 until August 24th. Mr. Walker seconded. The vote: All "aye".

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote.

Time: 11:00 P.M.

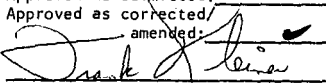

Respectfully submitted,

Betty Johnson, City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

22 JUNE 1970

The regular meeting of the Gladstone City Council was called to Order by Mayor Frank L. Kleiner, at 8:00 P.M. on Monday, June 22, 1970. Roll was called: Those present were: Councilman Bussinger, Councilman Jezak, Councilman Walker, and Mayor Kleiner. Councilman Davis was out of town on vacation.

In addition, the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk were present.

* * * *

The Invocation was given by Mike Collins, Youth Minister from Faubion Methodist Church.

* * * *

Item 3 was the Acceptance of the Minutes of the Council Meeting of June 8, 1970. Mr. Walker moved to accept the minutes. Mr. Bussinger seconded and called for a correction on Page 5, Second Paragraph, 4th line, where the name Bussinger appeared the second time in the line. The name should have been Councilman Davis (commented that recalling the platform.....etc.). Correction noted. The vote on the acceptance of the Minutes as corrected was all "aye". (4-0)

* * * *

Item 4 on the Agenda: Public Hearing on a rezoning request from R-1 (Residential, One-Family Dwelling District) to R-2 (Two-Family Dwelling District), land described as being located at approximately 6101 to 6101½ North Broadway. Mayor Kleiner opened the Public Hearing, asking if there were anyone to speak in favor of such rezoning. No one appeared. He asked if there were anyone to speak in opposition to such rezoning. No one appeared. Mayor Kleiner thereupon declared the Public Hearing closed.

* * * *

Item 5 on the Agenda: Public Hearing on the 1970-1971 Annual Operating Budget. Mayor Kleiner opened the Public Hearing. No one appeared to discuss the Budget document, either in favor of its adoption, or opposed to such adoption. Mayor Kleiner declared the Public Hearing closed.

* * * *

Item 6 on the Agenda: Communications from the Audience. There were none at this time.

Item 7 on the Agenda: Communications from the City Council. Councilman Bussinger had nothing to discuss at this time. Councilman Jezak asked the City Manager to check into the condition of a house located on the SW side of 72nd and Highland, to see if Ordinance 1.751, relating to and providing for mandatory vacation, demolition or repair, and maintenance of buildings or structures within the corporate limits of the City, which constitute a nuisance detrimental to the health, safety,

or welfare of residents, pursuant to certain State Statutes, establishing procedures for enforcement, and prescribing penalties for violation, might be applicable at this time.

Councilman Walker had nothing to discuss at this time. Mayor Kleiner said he wanted to compliment the City Manager and the staff on the Budget preparation; he said he felt it was a good Budget and one the City can live with this year.

* * * *

Item 8 on the Agenda: Communications from the City Manager. Mr. Olson had nothing to discuss at this time.

* * * *

Item 9 on the Agenda: Scheduled as the first reading of Bill No. 70-35, rezoning from R-1 to R-P-4, property described as being located at approximately Englewood Road North, to approximately 58th Street North, on the East side of Broadway. Mr. Kenneth Walker moved to defer any action on this Bill until the next regular meeting of the City Council, to be held July 13th, 1970, at which time it is anticipated all five Councilmen will be present. Mr. Jezak seconded. The vote: All "aye". (4-0)

* * * *

Item 10 on the Agenda: Mr. Bussinger moved to place Bill No. 70-36, for an ordinance fixing the annual rate of levy for the 1970 Real and Personal Property taxes on its first reading. Mr. Walker seconded. The vote: All "aye". (4-0) The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 70-36, and to place it on second reading. Mr. Walker seconded. The vote: *All "aye". The Clerk *(4-0) read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 70-36, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Walker seconded. The vote: All "aye". (4-0) The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1.757. Mr. Walker seconded. The vote: All "aye". (4-0)

* * * *

Item 11 on the Agenda: Mr. Jezak moved to place Bill No. 70-37 on its first reading. Said Bill defines certain offices and positions in the City of Gladstone. Mr. Bussinger seconded. The vote: All "aye". (4-0) The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 70-37, and to place it on second reading. Mr. Bussinger seconded. The vote: *All "aye". The Clerk read the Bill. *(4-0)

Mr. Jezak moved to accept the second reading, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. The second was Mr. Walker's..... The vote: *All "aye". The Clerk read the Bill. *(4-0)

Mr. Jezak moved to accept the third and final reading of Bill No. 70-37, and to enact it as Ordinance No. 1.758. Mr. Walker seconded. The vote: All "aye". (4-0)

* * * *

Item 12 on the Agenda: Mr. Walker moved to place Bill No. 70-38 on its first reading. Said Bill is for an ordinance accepting certain standard sewer easements. Mr. Bussinger seconded. Mr. Jezak asked the purpose of the Bill. The City Manager explained that anytime the City requires an easement for the construction of a lateral or main sewer, we request permanent sewer easements from the persons across whose property such sewer must be laid. In this case, there are two from the Hamilton Heights area, 1 from the Village of Oakview, one from an area in Glaywoods, etc.

Mayor Kleiner asked if there were anything that would prohibit those persons from building on such easements, once there were sewer lines on them, such as a retaining wall, etc.? Mr. Olson said no permanent structure would be allowed; that he thought a retaining wall might be a permanent-type structure, but that, as long as it didn't obstruct the maintenance or repair of a sewer main, it probably would not be troublesome; that he knew of one which was not within five feet of the line.

The vote: All "aye" (4-0) The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 70-38, and to place it on second reading. Mr. Bussinger seconded. The vote: All "aye". (4-0) The Clerk read the Bill.

Mr. Walker moved to accept the second reading of said Bill, to waive Section 20 (d) (2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye" (4-0) The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1.759. Mr. Bussinger seconded. The vote: All "aye". (4-0)

* * * *

Item 13 on the Agenda: Mr. Walker moved to adopt Resolution No. R-70-44, adopting the Annual Operating Budget for 1970-1971 for the City of Gladstone, Missouri, and authorizing the expenditure of funds. Mr. Bussinger seconded. The vote: All "aye". (4-0)

Councilman Walker said he thought the Budget showed a great deal of hard work on the part of everyone involved; that he believed the new Budget showed the City was "living within our means"; that he believed it was a good Budget.

* * * *

Item 14 on the Agenda: Mr. Bussinger moved to accept the Financial Report for the Combined Waterworks and Sewerage System for 11 months ending May 31, 1970, as submitted. Mr. Jezak seconded. The vote: All "aye". (4-0)

Item 15 on the Agenda: "OTHER"....

Councilman Jezak submitted the following Resolution for adoption, for which he moved:

"A RESOLUTION COMMENDING A CITIZEN OF GLADSTONE, MISSOURI". Whereas, a recent attempt to hijack a TWA airliner brought to national attention the courage and heroism of the crew of such craft in avoiding a major disaster; and, whereas, such crew was cited and entertained by the President of the United States; and whereas, by his actions, he greatly contributed to the safety of the crew, passengers and property; Now, Therefore, Be It Resolved By The Council Of The City of Gladstone, Missouri, as follows: That, the Council of the City of Gladstone, on behalf of this community, expresses its appreciation and extends its thanks to Mr. James A. Hankins, for his action and his role in bringing such plane and its passengers to a safe landing without loss of life or property." (Resolution No. R-70-45) Mr. Walker seconded the motion to adopt such Resolution. The vote: All "aye". (4-0)

As there was no further business to come before this meeting, it was adjourned by Mayor Kleiner.

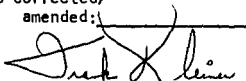

Time: 8:32 P.M.

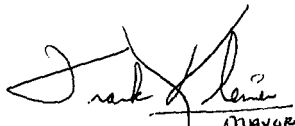

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

13 JULY 70

The regular meeting of the Gladstone City Council was called to order by Mayor Frank Kleiner at 8:00 P.M. on Monday, July 13, 1970, in the Council Chambers of the Gladstone City Hall. Roll was called. Present: Councilmen Bussinger, Jezak, Walker, Davis and Mayor Kleiner. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were also present.

The Invocation was given by Mr. John D. Scott, Pastor of the Northside Christian Church.

Item 3 on the Agenda was acceptance of the Minutes of the Council meeting of June 22, 1970. Mr. Walker so moved, i.e.-to accept the Minutes of the Council Meeting of June 22, 1970, as submitted. Mr. Jezak seconded; the vote: All "aye".

Item 4 on the Agenda: Communications from the Audience. None at this time.

Item 5 on the Agenda: Communications from the City Council. None at this time.

Item 6 on the Agenda: Communications from the City Manager. Mr. Olson advised that an additional resolution had been added which did not appear on the Agenda when it was sent out. This should be numbered as 12-A, and authorizes the City Collector to publish the Land and Lot Delinquent List. Also, Mr. Olson drew the Council's attention to an additional Bill, No. 70-42, accepting a standard sewer easement, which was drawn up after the Agenda was prepared for Council packets. This will be Item No. 10-A.

* * *

Item 7 on the Agenda was the first reading of Bill No. 70-35, rezoning from R-1 to R-P-4, property described as being located along the East side of Broadway from Englewood Road North, to approximately 58th Street North. The petitioners are Mr. Herman Scharhag and Dr. Langhus. Mr. Jezak moved to place said Bill on its first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 70-35, and to place same on second reading. Mr. Walker seconded. Mayor Kleiner advised that he had been handed a petition bearing 17 names of residents of Sycamore Addition, and that he would like to have this petition placed in the appropriate file, but that the petitioners were aware that they were not located within the legal distance of the area up for rezoning. The vote was called on the second reading. Councilman Bussinger, NO, Councilman Jezak, NO, Councilman Walker, NO, Councilman Davis, NO, Mayor Kleiner, NO. The motion for second reading failed to secure sufficient "aye" votes. Therefore, the petition for rezoning was denied.

* * *

Item 8 on the Agenda: First Reading of Bill No. 70-39, changing the names of certain streets in the City of Gladstone, i.e. to-wit: 68th Place North changed to 68th Street North; 68th Street North changed to 67th Place North, said streets being located between North Prospect and North Chestnut, the 2700 block thereof, all being located in Meadowbrook North, Ninth Plat, Gladstone, Clay County, Missouri. Mr. Bussinger moved to place said Bill No. 70-39 on its first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 70-39, and to place said Bill on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 70-39, to waive Section 20 (d) (2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of said Bill, and to enact same as Ordinance No. 1.760. Mr. Davis seconded. The vote: All "aye".

* * *

Item 9 on the Agenda: First Reading of Bill No. 70-40, accepting a standard drainage easement on certain land in Meadowbrook North. (SE Cor. of Tract A, N. 30 degrees 59' 48" West a distance of 233.06 ft.; thence N. 11 degrees 21' 40" West, a distance of 97.0 ft.; thence N. 23 degrees 21' 40" West, a distance of 110.0 ft. more or less, to the NW corner of said Tract "A"). Mr. Davis moved to place said Bill on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the first reading of Bill No. 70-40 and to place same on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the second reading of Bill No. 70-40, to waive the "appropriate paragraph of the appropriate ordinance", and to call for the third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 70-40, and to enact it as Ordinance No. 1.760. Mr. Walker seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: First Reading of Bill No. 70-41, rezoning from R-1 to R-2 certain land described as being located at approximately 6101 and 6101½ North Broadway. Mr. Walker moved to place said Bill on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 10-A - First Reading of Bill No. 70-42, accepting a certain standard sewer easement (Sanitary Sewer Easement across a portion of Lot 13, Glaywoods) as part of the Gladstone Sewer System. Mr. Jezak moved for first reading. Mr. Bussinger seconded. The vote: A;; "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 70-42, and to place same on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 70-42, to waive the "appropriate paragraph of the appropriate ordinance" and place on third reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third reading of Bill No. 70-42 and to enact same as Ordinance No. 1.762. Mr. Bussinger seconded. The vote: All "aye".

At this time, Mr. Dods addressed the Mayor, advising that Mr. Wm. Turnidge, Attorney at Law representing the petitioners for the rezoning from R-1 to R-2 the land described as being approximately 6101 and 6101½ North Broadway, was present in the audience and had wished to address the Council at the time of the first reading of Bill No. 70-41 (Item 10). Mr. Turnidge then advised that the petitioners were eager to have the matter processed as quickly as possible, and asked if the Council would consider a second and third reading of the Bill at tonight's meeting. Mayor Kleiner replied that it was not the custom of the Council to enact rezoning Bills into Ordinance during one Council meeting, but they only acted on Bills of more emergency nature in this way; that it was possible that a second and third reading could be given to this Bill at the next Council meeting.

Item 11 on the Agenda: A Resolution authorizing the transfer of funds for certain Capital Improvements, and establishing bank accounts for same. Mr. Bussinger moved for the adoption of Resolution No. R-70-45 establishing bank accounts for (1) Public Works and Utilities Building Fund, and transferring funds from General Fund, from Combined Waterworks and Sewerage System Depreciation and Replacement Fund, and from Combined Waterworks and Sewerage System Surplus Fund; for (2) Park Land Acquisition Fund, and transferring funds from General Fund and from Special Park and Playground Fund; for (3) Park Land Improvement Fund, and transferring funds from General Fund; and for (4) Public Safety Fire Station Fund, transferring funds from the General Fund. Mr. Jezak second. Mr. Davis moved to amend the above Resolution, deleting Item (3) (Park Land Improvement Fund) therefrom, adopting the said Resolution otherwise. He said there should be, he felt, some further discussion on this portion of the Resolution. Mr. Walker seconded. The City Manager said this was in this year's budget, but that it would make little difference as far as the timing is concerned, if that was the Council's desire. Roll was called on Mr. Davis' motion to amend Resolution No. R-70-45. All voted "aye" to amend. Roll was called on Mr. Bussinger's motion to adopt Resolution No. R-70-45. All voted "aye" to adopt (as amended).

Item 12 on the Agenda: Mr. Walker moved to adopt Resolution No. R-70-46, authorizing the acceptance of the Bid of International Harvester for the purchase of one 1970 Model Two-Ton Truck Chassis and Dump Body, in the net amount of \$4,778.96. Mr. Davis seconded. The vote: All "aye".

Item 12-A-Mr. Davis moved to adopt Resolution No. R-70-47, authorizing the City Collector to publish the Land and Lot Delinquent List. Mr. Walker seconded. The vote: All "aye". This Resolution calls for the sale of such lands and lots as are necessary to discharge the taxes, interest and charges due thereon, at sale, by public auction, at the door of the Courthouse of Clay County on August 24, 1970, commencing at 10:00 A.M. on the said day and continuing until all are offered.....

Item 13 on the Agenda: Consideration of Liquor Applications (Permit Renewals).

At this time, Mr. Dods asked the Mayor and Council to consider a short recess in order to discuss the applications prior to action. Time: 8:50 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened at 9:00 P.M. All members were present.

Item 13 on the Agenda: Consideration of Liquor Applications. Councilman Davis moved to grant Liquor Permits to the following:

- a. The Basement, 7209 N. Broadway, Class "E"
- b. Frenchie's Tavern, 7204 N. Oak, Class "E"
- c. Kroger Food Store, 6599 N. Oak, Class "B"
- d. 7-11 Stores:
 - #15 7125 N. Bdwy. Class "B"
 - #18 6720 N. Oak, Class "B"
 - #28 6313 N. Prospect, Class "B"
- e. Orlando Liquors, 6809 N. Oak, Class "B"
- f. Quik-Trip, 7603 N. Oak, Class "B"
- g. Pagano "Why Not Liquors", 72nd & N. Oak, Class "B"
- h. Bob's Meadowbrook U.S. Super, 6026 N. Antioch Road, Class "B"
- i. "300 Bowl", 300 W. 72nd St. N., Class "E"
- j. Gladstone Party Center, 7100 N. Oak, Class "B"
- k. Henry's Restaurant, 6212 N. Oak, Class "E"
- l. Lou's & Tiny's, 7107 N. Locust, Class "E"
- m. Pizza Hut, 6420 N. Oak, Class "E"
- n. Pizza Inn, 6813 N. Oak, Class "E"

Item 14 on the Agenda: Consideration of Financial Statement for 11 months ending May 31, 1970, for General Fund, Sewer Assessment Fund and Special Park and Playground Fund; General Funds Disbursements Report for June, 1970; Combined Water & Sewer Department Cash Disbursements Report for June, 1970. Mr. Bussinger moved for the approval of the above-named (Financial Statement and Disbursements Reports) as submitted. Mr. Davis seconded. Several questions were asked regarding checks numbered 2752, 2846, 2674, respectively. After some further discussion, the roll was called. All voted "aye".

* * *

It was noted that a Park Board meeting will be held on Wednesday evening of this week; and there will be a Study Session of the Council on Thursday evening. The City Manager reminded the Council of meeting of the Westgate Division of the Missouri Municipal League to be held on the 23rd in Blue Springs, and of the Clay County Coordinating Committee on Thursday, July 16th, hosted by the City of Kearney.

Mr. Olson advised that Mr. Larry E. Elker, Assistant City Manager for the past 15 months, has submitted his resignation, effective July 15th. Mr. Elker has accepted a position as a Government Specialist with the University of Missouri and will live near St. Louis. Mr. Olson commended Mr. Elker, indicating that he had been a tremendous help in much of the activity throughout the City during his tenure.

Mr. Bussinger advised that the right turn lane at 72nd and North Oak was causing some trouble; he asked if it could be worked over a little bit as he is afraid that someone will be hurt there; that people were not being made sufficiently aware of the right turn there; that he would appreciate it if the officers could be asked to give some warning tickets and let people know what is expected of them; that he would like very much to see that turn enforced.

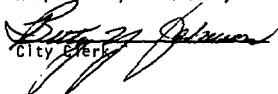

Mayor Kleiner advised that he hoped plans were in the making for painting the street crossings for schools; that although it was a little early, school would be taking up again before too long.

Mr. Davis asked if any definite plans had been made toward utilizing the time offered to the City by one of the local radio stations. Mr. Olson advised that he would look into it at once; that it could be done immediately if that is the Council's desire. (KBIL)

(This matter is to be on the Work Study Session Agenda for Thursday evening)

As there was nothing further to come before the Council at this time, the meeting was, upon motion duly made and seconded, the meeting was adjourned. Time: 9:20 P.M.

Respectfully submitted,

City Clerk

Accepted as presented: _____

Accepted as corrected/
amended: _____

MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

27 JULY 70

The regular meeting of the Gladstone City Council was held on Monday, July 27, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called. Present: Mayor Kleiner, Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Kenneth Walker, and Councilman Richard Davis. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were also present.

Mayor Kleiner asked the City Clerk to lead in saying the Lord's Prayer.

Item 3 on the Agenda: Mr. Davis moved for the acceptance as submitted of the Minutes of the regular Council Meeting of July 13, 1970. Mr. Walker seconded. The vote: All "aye". The Minutes stood approved.

Item 4 on the Agenda: Communications from the Audience. There were none at this time.

Item 5 on the Agenda: Communications from the City Council. Nothing at this time from any of the members with the exception of Councilman Davis who asked the City Manager if any contact had been made with the Manager of radio station KBIL, regarding City time...Mr. Olson replied that he had talked with the Manager and had assured him that the City would be interested in some time; that all that remained at this point was to come up with some ideas for a five to fifteen minute spot; that he was forming up some ideas. Mr. Davis also commented favorably on the tree trimming which had been taking place throughout the City for the past week, and which work had been done by an independent contractor hired by the City. He said he thought there had been a great improvement throughout the City and it looks "much better".

Item 6 on the Agenda: Communications from the City Manager. Mr. Olson advised that an ordinance had been prepared for Council action this evening as Bill No. 70-45, which brings the traffic schedules up to date, and he said he would like to request that it be placed on this evening's Agenda. He also advised that a water main contract (Reference No. 113) had been brought in too late to get on the Agenda, and that a resolution on this matter had also been added to this evening's Agenda. He drew the Council's attention to the fact that the Resolution on acceptance of the asphalt proposal had been re-drawn, and that the revision of this Resolution is at each Council place.

At this time, Mayor Kleiner announced that Sgt. Kenneth Francis had been made OFFICER OF THE YEAR, and was in the audience this evening to receive a plaque in recognition of his outstanding service as a Public Safety Officer. Mayor Kleiner made the presentation to Sgt. Francis, and a round of applause followed.

* * *

Item 7 on the Agenda: Second Reading of Bill No. 70-41, rezoning from R-1 to R-2 property described as being located at approximately 6101-6101½ North Broadway. Mr. Jezak moved to accept the first reading thereof, and to place said Bill on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to approve the second reading of the said Bill, and to place it on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak then moved to accept the third and final

reading of Bill No. 70-41, and to enact it as Ordinance No. 1.763. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 8 on the Agenda: First Reading of Bill No. 70-43, accepting a standard sewer easement on certain land owned by Norland Development Company, as part of the Gladstone Sewer System. Mr. Olson advised that three readings of this Bill would be appreciated at this evening's meeting because of the necessity of recordation. Mr. Walker moved to place Bill No. 70-43 on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of said Bill and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of said Bill, to waive the appropriate section of the appropriate ordinance, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 70-43, and to enact it as Ordinance No. 1.764. Mr. Davis seconded. The vote: All "aye".

* * *

Item 9 on the Agenda: First Reading of Bill No. 70-44, accepting certain standard sewer easements for public use as part of the Gladstone Sewer System, said easements being located in the Village of Oakview. Mr. Bussinger moved to place Bill No. 70-44 on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 70-44 and to place said Bill on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 70-44, to waive Section 20 (d)(2) of Ordinance 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of Bill No. 70-44 and to enact it as Ordinance No. 1.765. Mr. Davis seconded. The vote: All "aye".

NOTE: Mayor Kleiner asked that Bill No. 70-45 be brought to a Study Session and placed on the Agenda for the next Council meeting of August 10th. (Traffic Schedules)

Item 10 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-48, authorizing filing of application with the Federal Water Pollution Control Administration, United States of America, for a grant under the Water Pollution Control Act, (33 U.S.C. 466 Et Seq.) Mr. Bussinger seconded. The vote: All "aye". Mr. Walker asked if this were for matching funds. Mr. Olson said that rather than matching funds, this grant would be for approximately one-third of the cost, or, approximately, \$13,500.

* * *

Item 11 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-49, authorizing David C. Anderson to act as City Manager of the City of Gladstone from August 1st, 1970, up to and including August 15th, 1970, and as Acting City Manager, to sign checks and drafts against the said City during that period. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-70-50, authorizing the City Manager of the City of Gladstone, Missouri, to grant an extension of time to the Deister Company, Inc. Mr. Walker seconded. Mr. Walker asked about the first paragraph of the resolution, in which the "Laborers' and Truck Drivers' strike" was given as the reason for the delay which necessitated the extension of time on Contract No. 14. Mr. Olson said the pump is ready to be installed and that all that would then remain would be the painting...Mr. Bussinger said they have had some other problems; that the part had to come out of Canada; that they could not get it moved as they had wanted. After further discussion, the vote was called: All voted "aye".

* * *

Item 13 on the Agenda: Scheduled as authorization of the transfer of funds for certain capital improvements and establishing a bank account for same. (Park Improvement Fund). This item was deferred.

* * *

Item 14 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-51, setting a time for a Public Hearing on the Assessment Roll for Lateral Sewer District No. 3. (Tuesday evening, August 11, 1970, at 8:00 P.M.). Mr. Walker seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-52, accepting the proposal of Information Systems Development, Inc., for tax billing services (Program alteration charges and testing: \$357.00) (Personal property and real estate tax statements printed, each 15¢) Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-53, authorizing the City Manager of the City of Gladstone to accept the bid of Damon Pursell Construction Company, Inc., in the amount of \$990 for certain earthwork on City property at the Public Works and Utilities Building Site, located at approximately 76th and Antioch Road. Mr. Walker seconded. Mr. Olson explained that three bids had been received on this work; that he recommended acceptance of Damon Pursell's bid in the amount of \$990 for 2200 cubic yards of earth work. The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-54, authorizing the City Manager to accept a bid for approximately 8,800 tons of Type IV Asphaltic Concrete at a cost of \$70,400 and approximately 1,000 tons of Black Beauty Asphalt, for a cost of \$1100.00, at a total cost of \$81,400 said bid to meet the specifications and contract document requirements as provided in the 1970 Summer Street Program, and, further, that such acceptance is approved by both City Counselor and the Gladstone Special Road District No. 3. Mayor Kleiner seconded, and asked the City Manager to check with the City Engineer to see that this "Black Beauty" asphalt doesn't create a very slick, glossy surface, which, he said, he understood might be the case. The vote was called: All "aye".

Item 18 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-55, authorizing the City Manager to make final payment to the Brosnahan Construction Company in connection with Water Line, Contract No. 8, in the amount of \$8,000, in compromise and settlement of all claims by said Brosnahan Construction Company against the City, and in further consideration of said construction company's execution of a release of City from and for any and all claims, as approved by the City Counselor. Mr. Walker seconded. At Mr. Dods suggestion, the wording in line 2 of part 1 of said Resolution is to be changed from "Water & Sewer Fund Account".... to "Combined Waterworks and Sewerage System Surplus Account".... This was agreeable with both the motion maker and the second. The vote: All "aye".

* * *

Item 18-A: Mr. Jezak moved for the adoption of Resolution No. R-70-56, authorizing the City Manager to execute Water Main Contract No. 113, for certain water mains constructed by Damon Pursell Construction Company, Inc., for Mrs. Earl Millsep, in Walnut Creek, (from an existing 8" main in the E r/w of N. Wyandotte, approx. 60' N. of N.W. 59th Place, then North in the E. r/w of N. Wyandotte, with 140' of 8" C.I.P., connecting to an existing 8" main in 61st Street thereof.) Mr. Walker seconded. Mr. Walker suggested there should be a mention of the charge of \$150 to the City, (that is: paid by the City to the contractor) for oversized mains. Mr. Jezak inquired as to the procedure. The City Manager explained that an 8" main was considered to be "oversized", and that the City picks up the tab on the difference between 6" and 8" water mains which is figured on a per/foot basis. The vote: All "aye".

* * *

Item 19 on the Agenda: A carnival application submitted by the Western Round-Up Committee for September 11th through September 19th was approved by the Council. This will be held in the Gladstone Plaza Shopping Center, and the proceeds will be used to help offset the expenses of the Western Round-Up, and meets with the requirements of the governing ordinance in this respect. The City Manager was asked to check the Carnival Company (Wrigley) out, also in accordance with the governing ordinance. Mr. Jezak made the request. The City Manager agreed to do so. Mayor Kleiner asked that they be instructed on the days of operation, the hours allowed for operation, and asked that no extension of time be given without the approval of the Council.

* * *

Item 20 on the Agenda: "OTHER"....Mr. Jezak advised that he would not be in attendance at the next regular Council meeting as he will be out of the City on vacation.

Mr. Walker said he had taken note of the number of notices given to Gladstone residences for failure to secure City stickers.

Mr. Davis said he would appreciate a brief explanation or statement of cash from the month of June, 1969 through June 30, 1970, and that he would like to have it by the next Council meeting.

Mayor Kleiner advised that there would be a work session directly following this meeting, if that were agreeable with the other members of the Council, instead of

later on in the week. This was agreeable to all. Mr. Davis said, in jest, that he had just one hour and 20 minutes for such a meeting.

As there was nothing further to come before this Council meeting, it was, after motion made and seconded, adjourned by unanimous vote at 9:05 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

27 JULY 70

The regular meeting of the Gladstone City Council was held on Monday, July 27, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called. Present: Mayor Kleiner, Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Kenneth Walker, and Councilman Richard Davis. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were also present.

Mayor Kleiner asked the City Clerk to lead in saying the Lord's Prayer.

Item 3 on the Agenda: Mr. Davis moved for the acceptance as submitted of the Minutes of the regular Council Meeting of July 13, 1970. Mr. Walker seconded. The vote: All "aye". The Minutes stood approved.

Item 4 on the Agenda: Communications from the Audience. There were none at this time.

Item 5 on the Agenda: Communications from the City Council. Nothing at this time from any of the members with the exception of Councilman Davis who asked the City Manager if any contact had been made with the Manager of radio station KBIL, regarding City time...Mr. Olson replied that he had talked with the Manager and had assured him that the City would be interested in some time; that all that remained at this point was to come up with some ideas for a five to fifteen minute spot; that he was forming up some ideas. Mr. Davis also commented favorably on the tree trimming which had been taking place throughout the City for the past week, and which work had been done by an independent contractor hired by the City. He said he thought there had been a great improvement throughout the City and it looks "much better".

Item 6 on the Agenda: Communications from the City Manager. Mr. Olson advised that an ordinance had been prepared for Council action this evening as Bill No. 70-45, which brings the traffic schedules up to date, and he said he would like to request that it be placed on this evening's Agenda. He also advised that a water main contract (Reference No. 113) had been brought in too late to get on the Agenda, and that a resolution on this matter had also been added to this evening's Agenda. He drew the Council's attention to the fact that the Resolution on acceptance of the asphalt proposal had been re-drawn, and that the revision of this Resolution is at each Council place.

At this time, Mayor Kleiner announced that Sgt. Kenneth Francis had been made OFFICER OF THE YEAR, and was in the audience this evening to receive a plaque in recognition of his outstanding service as a Public Safety Officer. Mayor Kleiner made the presentation to Sgt. Francis, and a round of applause followed.

* * *

Item 7 on the Agenda: Second Reading of Bill No. 70-41, rezoning from R-1 to R-2 property described as being located at approximately 6101-6101½ North Broadway. Mr. Jezak moved to accept the first reading thereof, and to place said Bill on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to approve the second reading of the said Bill, and to place it on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak then moved to accept the third and final

reading of Bill No. 70-41, and to enact it as Ordinance No. 1.763. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 8 on the Agenda: First Reading of Bill No. 70-43, accepting a standard sewer easement on certain land owned by Norland Development Company, as part of the Gladstone Sewer System. Mr. Olson advised that three readings of this Bill would be appreciated at this evening's meeting because of the necessity of recordation. Mr. Walker moved to place Bill No. 70-43 on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of said Bill and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of said Bill, to waive the appropriate section of the appropriate ordinance, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 70-43, and to enact it as Ordinance No. 1.764. Mr. Davis seconded. The vote: All "aye".

* * *

Item 9 on the Agenda: First Reading of Bill No. 70-44, accepting certain standard sewer easements for public use as part of the Gladstone Sewer System, said easements being located in the Village of Oakview. Mr. Bussinger moved to place Bill No. 70-44 on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 70-44 and to place said Bill on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 70-44, to waive Section 20 (d)(2) of Ordinance 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of Bill No. 70-44 and to enact it as Ordinance No. 1.765. Mr. Davis seconded. The vote: All "aye".

NOTE: Mayor Kleiner asked that Bill No. 70-45 be brought to a Study Session and placed on the Agenda for the next Council meeting of August 10th. (Traffic Schedules)

Item 10 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-48, authorizing filing of application with the Federal Water Pollution Control Administration, United States of America, for a grant under the Water Pollution Control Act, (33 U.S.C. 466 Et Seq.) Mr. Bussinger seconded. The vote: All "aye". Mr. Walker asked if this were for matching funds. Mr. Olson said that rather than matching funds, this grant would be for approximately one-third of the cost, or, approximately, \$13,500.

* * *

Item 11 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-49, authorizing David C. Anderson to act as City Manager of the City of Gladstone from August 1st, 1970, up to and including August 15th, 1970, and as Acting City Manager, to sign checks and drafts against the said City during that period. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-70-50, authorizing the City Manager of the City of Gladstone, Missouri, to grant an extension of time to the Delster Company, Inc. Mr. Walker seconded. Mr. Walker asked about the first paragraph of the resolution, in which the "Laborers' and Truck Drivers' strike" was given as the reason for the delay which necessitated the extension of time on Contract No. 14. Mr. Olson said the pump is ready to be installed and that all that would then remain would be the painting...Mr. Bussinger said they have had some other problems; that the part had to come out of Canada; that they could not get it moved as they had wanted. After further discussion, the vote was called: All voted "aye".

* * *

Item 13 on the Agenda: Scheduled as authorization of the transfer of funds for certain capital improvements and establishing a bank account for same. (Park Improvement Fund). This item was deferred.

* * *

Item 14 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-51, setting a time for a Public Hearing on the Assessment Roll for Lateral Sewer District No. 3. (Tuesday evening, August 11, 1970, at 8:00 P.M.). Mr. Walker seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-52, accepting the proposal of Information Systems Development, Inc., for tax billing services (Program alteration charges and testing: \$357.00) (Personal property and real estate tax statements printed, each 15¢) Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-53, authorizing the City Manager of the City of Gladstone to accept the bid of Damon Pursell Construction Company, Inc., in the amount of \$990 for certain earthwork on City property at the Public Works and Utilities Building Site, located at approximately 76th and Antioch Road. Mr. Walker seconded. Mr. Olson explained that three bids had been received on this work; that he recommended acceptance of Damon Pursell's bid in the amount of \$990 for 2200 cubic yards of earth work. The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-54, authorizing the City Manager to accept a bid for approximately 8,800 tons of Type IV Asphaltic Concrete at a cost of \$70,400 and approximately 1,000 tons of Black Beauty Asphalt, for a cost of \$1100.00, at a total cost of \$81,400 said bid to meet the specifications and contract document requirements as provided in the 1970 Summer Street Program, and, further, that such acceptance is approved by both City Counselor and the Gladstone Special Road District No. 3. Mayor Kleiner seconded, and asked the City Manager to check with the City Engineer to see that this "Black Beauty" asphalt doesn't create a very slick, glossy surface, which, he said, he understood might be the case. The vote was called: All "aye".

Item 18 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-55, authorizing the City Manager to make final payment to the Brosnahan Construction Company in connection with Water Line, Contract No. 8, in the amount of \$8,000, in compromise and settlement of all claims by said Brosnahan Construction Company against the City, and in further consideration of said construction company's execution of a release of City from and for any and all claims, as approved by the City Counselor. Mr. Walker seconded. At Mr. Dods suggestion, the wording in line 2 of part 1 of said Resolution is to be changed from "Water & Sewer Fund Account".... to "Combined Waterworks and Sewerage System Surplus Account"... This was agreeable with both the motion maker and the second. The vote: All "aye".

* * *

Item 18-A: Mr. Jezak moved for the adoption of Resolution No. R-70-56, authorizing the City Manager to execute Water Main Contract No. 113, for certain water mains constructed by Damon Pursell Construction Company, Inc., for Mrs. Earl Millsap, in Walnut Creek. (from an existing 8" main in the E r/w of N. Wyandotte, approx. 60' N. of N.W. 59th Place, then North in the E. r/w of N. Wyandotte, with 140' of 8" C.I.P., connecting to an existing 8" main in 61st Street thereof.) Mr. Walker seconded. Mr. Walker suggested there should be a mention of the charge of \$150 to the City, (that is: paid by the City to the contractor) for oversized mains. Mr. Jezak inquired as to the procedure. The City Manager explained that an 8" main was considered to be "oversized", and that the City picks up the tab on the difference between 6" and 8" water mains which is figured on a per/foot basis. The vote: All "aye".

* * *

Item 19 on the Agenda: A carnival application submitted by the Western Round-Up Committee for September 11th through September 19th was approved by the Council. This will be held in the Gladstone Plaza Shopping Center, and the proceeds will be used to help offset the expenses of the Western Round-Up, and meets with the requirements of the governing ordinance in this respect. The City Manager was asked to check the Carnival Company (Wrigley) out, also in accordance with the governing ordinance. Mr. Jezak made the request. The City Manager agreed to do so. Mayor Kleiner asked that they be instructed on the days of operation, the hours allowed for operation, and asked that no extension of time be given without the approval of the Council.

* * *

Item 20 on the Agenda: "OTHER"....Mr. Jezak advised that he would not be in attendance at the next regular Council meeting as he will be out of the City on vacation.

Mr. Walker said he had taken note of the number of notices given to Gladstone residences for failure to secure City stickers.

Mr. Davis said he would appreciate a brief explanation or statement of cash from the month of June, 1969 through June 30, 1970, and that he would like to have it by the next Council meeting.

Mayor Kleiner advised that there would be a work session directly following this meeting, if that were agreeable with the other members of the Council, instead of

later on in the week. This was agreeable to all. Mr. Davis said, in jest, that he had just one hour and 20 minutes for such a meeting.

As there was nothing further to come before this Council meeting, it was, after motion made and seconded, adjourned by unanimous vote at 9:05 P.M.

Respectfully submitted,

City Clerk

FRANK L. KLEINER, MAYOR

SPECIAL COUNCIL MEETING
CITY OF GLADSTONE, MISSOURI
31 JULY 70

A special meeting of the Gladstone City Council was called to order by Mayor Frank Kleiner on Friday, July 31, 1970, at 6:00 P.M. on Friday, July 31, 1970. The meeting was called for the express purpose of execution of a contract between Clay County and the City of Gladstone for the duplication of certain tax records, and the adoption of a Resolution pertaining to said contract.

Roll was called. Those attending were Mayor Kleiner, Councilman Bussinger, Councilman Jezak, Councilman Walker and Councilman Davis. In addition, Mr. David Anderson, Acting City Manager and the City Clerk were present.

Mr. Jezak moved for the adoption of Resolution No. R-70-57, which authorizes the Mayor of the City of Gladstone to execute the above-mentioned contract agreement with Clay County, and which allows the City of Gladstone to have access to the tax records of descriptions and assessments for both real and personal taxes located in the County, and within the said City, for the purpose of duplicating said records, and, further, to abide by the stipulations contained therein. (See a copy of said Contract Agreement which is part of these Minutes as an exhibit). Mr. Bussinger seconded. The vote: All "aye".

* * * * *

General discussion was held regarding a recent request by Chief Robert Harris of the Gladstone Public Safety Department concerning the possibility of the availability of a special telephone number, such as 436-2121, which could be dialed easily by any person who needed to reach Public Safety Department in an emergency but who was unable to turn on a light for fear of routing a prowler, for instance, - It was noted by the Council that (1) new telephone books had just come out, both Kansas City general area, and the Gladstone book, which gave the old emergency number, and (2) that a person calling the old number, not knowing the new one, might be held up longer than was safe because an operator would have to interrupt, giving the new number, requiring that the person attempting to reach Public Safety would have to re-dial..... and it was suggested that this matter be looked into for the near future, with some research being conducted with the Southwestern Bell Telephone Company to see if such a number could be held in abeyance for the citizens' use... No decision was made on this matter at this time.

* * * * *

An additional item was brought before the Council at this time. A letter from Mr. George W. Byers, of Byers Investment Company, dated June 9th and a subsequent letter from Mr. Byers, dated June 10th, regarding a price on the Meadowbrook Treatment Plant Site, was discussed. It was suggested by Councilman Davis that a letter be written to Mr. Byers advising that the City considered the figure of \$6500 per acre a reasonable price, but that the City would not put up any money at this time, pending confirmation of anticipated governmental assistance.

As there was no further business to come before this meeting, it was, upon motion made and seconded, adjourned. Time: 6:25 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

10 AUGUST 70

The regular meeting of the Gladstone City Council was held on Monday, August 10, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Mayor Kleiner presided over the meeting. The first order of business was the appointment of an Acting City Clerk. Councilman Bussinger moved for the adoption of Resolution No. R-70-58, which appointed Mrs. Carol Ehrhart as the Acting City Clerk for and during the regular meeting of the City Council held on this date, and in the absence of the City Clerk. Mr. Davis seconded. The vote: All "aye".

Roll was called. Those present were Councilman Bussinger, Councilman Walker, Councilman Davis and Mayor Kleiner. Councilman Jezak had advised the Council earlier of his plans to be out of the City at the time of the calling of this meeting. In addition, the Acting City Manager, Mr. David Anderson; the Assistant City Councilor, Mr. John Dods, and the Acting City Clerk were present.

The Invocation was given by Reverend Wilbur Hunter, Pastor of the Church of God of Gladstone.

* * *

Item 3 on the Agenda was the acceptance of the Minutes of the regular Council Meeting of July 27, 1970, and of the Minutes of the Special Council Meeting of July 31, 1970. Councilman Bussinger so moved. Councilman Walker seconded. The vote: All "aye", with the exception of Councilman Jezak, who, as above stated, was not present.

* * *

Item 4 on the Agenda: Public Hearing on a request to rezone from R-1 to C-P-3, property described as being located at approximately the NE corner of 64th and North Prospect, Gladstone, Missouri. As there was no one to speak either in favor of such application for rezoning, nor in opposition thereto, the Public Hearing was declared closed by Mayor Kleiner and there was no further discussion at this time.

* * *

Item 5 on the Agenda: Communications from the Audience. Mr. James Pound, 15 W. Englewood Road, opened his remarks by saying that he "was not campaigning, and would not take the time of the Council by doing so; that most of the people in the audience were his friends, and he hoped the Council members were also his friends; that this was not the reason he was here.

He said that approximately two weeks ago work was started to provide sidewalks on Englewood Road. That the work had begun before the property owners were notified. He said he had come home one afternoon to find that a bulldozer had torn up his yard; that when he called the City Hall, the City Engineer had told him that "they" had a right to do this as the torn-up part was the City's right-of-way. He said that when the crew started putting in the forms for the sidewalks, the forms on the west side of the driveway were level with the west side of his driveway, but the forms on the east side of his driveway were ground level, and at least two inches

above the driveway. He said he talked with the foreman of the sidewalk crew and was told they would taper the sidewalk to the level of the east side of his driveway. He said that, with that assurance, he took a vacation and when he returned, he found the sidewalk a full two inches above his driveway. He said when he asked the foreman why it was built that way, he was told that it had been done according to instructions from the City Engineer. He said he did not get into much more detail except that it was implied that he was a liar and did not know what he was talking about. He said he expects to be living in Gladstone for many years yet, and his only regret is the extremely rude and inconsiderate treatment he has received in this instance; that, in the ten years he has lived in Gladstone, this is only the 4th time he has spoken in front of the Council; that he had received very nice treatment from Mr. Anderson this afternoon; that he felt compelled, however, to bring this entire matter to the attention of the Council.

Mayor Kleiner asked Mr. Anderson to check into this matter and give a full report to the Council.

Councilman Bussinger wondered if such things were happening to other residents in areas over the City where sidewalks are being built, and said he felt it should be checked into pretty carefully.

Mrs. Betty Anderton, 3408 E. 57th Terrace, North, was present as it was her understanding that the request for rezoning from R-1 to R-3 of certain property located at approximately 59th Terrace North and North Indiana, in Kendallwood, was supposed to be on the Agenda for this evening. Councilman Davis said he thought it had been deferred until the second Council meeting of this month because Councilman Jezak was out of the City. Mrs. Anderton stated the residents had not been notified of this change and stated she hoped the petitions against such rezoning were still on record. Mayor Kleiner assured Mrs. Anderton that the petitions were still on record and was sorry the residents were not notified of this change.

Item 6 on the Agenda: Communications from the City Council. Nothing at this time.

Item 7 on the Agenda: Communications from the City Manager. None at this time.

Item 8 on the Agenda: First Reading of Bill No. 70-45, amending the Model Traffic Ordinance, more particularly Schedules numbered I through X thereof. Mayor Kleiner moved for the postponement of this item until the next Council meeting so that it might be given further study at a work session. Councilman Davis seconded. The vote: All "aye"... (4-0)

Item 9 on the Agenda: Councilman Davis moved to adopt Resolution No. R-70-59, authorizing the transfer of funds for certain capital improvements and establishing a bank account for same. Councilman Walker seconded. The vote: All "aye" (4-0)

Item 10 on the Agenda: Councilman Walker moved to adopt Resolution No. R-70-60, authorizing the Mayor of the City of Gladstone to execute a Contract for Grant to Acquire and/or Develop Land for Open Space Purposes under Title VII of the Housing Act of 1961, as amended. Councilman Bussinger seconded and asked for some further explanation of this Resolution.

The Acting City Manager, Mr. David Anderson, explained that a grant for \$12,142 had been approved for improvements to Oak Grove Park, which includes trees, picnic

facilities, fencing, paving area, comfort stations, horse shoe pits, and park signs. Mr. Anderson then went on to explain that this resolution was necessary to authorize the Mayor to execute the contract to enable the City to receive the funds which have been granted through our application. The vote, after further general conversation, was "aye". (4-0)

Item 11 on the Agenda: Councilman Bussinger moved to adopt Resolution No. R-70-61, authorizing the City Manager of the City of Gladstone, Missouri, to accept certain constructed by Damon Pursell Construction Company, Inc., and Mrs. Earl Millsap, in Walnut Creek Subdivision, under Contract No. 113. Councilman Davis seconded. The vote: All "aye". (4-0)

Item 12 on the Agenda: Councilman Walker moved to adopt Resolution No. R-70-62, authorizing the City Manager of the City of Gladstone, Missouri, to accept certain bids for chemicals for use at the Water Treatment Plant. Councilman Bussinger seconded. Councilman Davis asked if these were the lowest bids in all instances? Mr. Anderson explained that they were either the lowest, or the same as another, but felt that experience has proved that these were the best suppliers and had better luck in meeting delivery dates, etc. The vote: All "aye". (4-0) (See summary of bids attached hereto and made a part of these minutes.)

Item 13 on the Agenda: Councilman Davis moved for the acceptance of Cash Disbursements Reports for both Combined Water & Sewerage System and the General Fund for the month of July, 1970. Councilman Walker seconded. The vote: All "aye". (4-0)

Item 14 on the Agenda: Discussion of School Cross-walk marking. Mayor Kleiner asked Mr. Anderson if he had something to report to the Council on this matter. Mr. Anderson reported they had been considering multiple-coloring for the cross walks as a possibility. The crosswalks would be marked off in green, with either safety orange or yellow used for the "balk" line for vehicles, and the safety area indicated by the other color...the paint companies have advised that a number of cities have gone this route, and it has been reported to be more noticeable.

Mayor Kleiner asked Mr. Anderson if he knew whether or not the Public Safety Department had received any response to the Newsletter inquiry about volunteers working any of the crosswalk area. Mr. Anderson said he had not been informed.

Councilman Bussinger said this was the item he wished to bring up; to find out if there had been any response; and, if no response, then it was his suggestion that the City move ahead on a study to see if someone could then be provided to patrol the sidewalks. He said he didn't know what would be entailed but he would like to see it put into effect by the time school starts, if at all possible.

Councilman Davis suggested that the Council have a work session within the next two weeks with regard to the school crosswalks. Mayor Kleiner advised that this item would be on the Agenda for the next work session which will be scheduled for Monday, August 17, 1970, at 7:00 P.M.. Mayor Kleiner asked Mr. Anderson to see that all Council members were notified of this work session.

Councilman Bussinger noted (for the record) that instructions had been given to the Public Safety Department that all Council members are to be notified of all accidents and damage to vehicles. He believes that this has not been adhered to, and would like steps to be taken so that this is done. He reiterated that he felt it was very necessary that this be done.

Mayor Kleiner asked Mr. Anderson to check with the Public Safety Department regarding their report due August 15th on the City Sticker Drive. The Public Safety Department was to "crack down" on all citizens not having said stickers.

Councilman Davis said he would like to ask the Administration to notify all property owners in advance of sidewalk construction. This was a Council decision where the sidewalks were to be and believe they should be put in in such a manner that they would not cause embarrassment to the Council. He thought this was decided some-time ago to notify the property owners prior to any construction.

Mr. Anderson states he believed the letters to property owners along Englewood Road went into the mail the same day they started the work.

As there was nothing further to come before the Council at this time, the meeting was therefore, upon motion duly made and seconded, adjourned, by unanimous vote.
(4-0) Time: 8:40 P.M.

Respectfully submitted,

Evel E. Ehlert
Acting City Clerk

Frank Kleiner
MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

24 AUGUST 70

The regular meeting of the Gladstone City Council was held on Monday, August 24, 1970, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called: All members were present. In addition, the City Manager, Mr. David Olson, a member of the law firm of Shook, Hardy, Ottman, Mitchell and Bacon, Mr. David Shinn, standing in for the Assistant City Counselor, and the City Clerk, were also present.

The Invocation was given by Mr. Bob Collins, student of Theology at the Midwestern Baptist Seminary, and Interim pastor of the First Baptist Church of Tarkio, Missouri. (Mr. Collins is one of the City's part-time employees, and takes care of the maintenance work at the City Hall, after hours).

Item 3 was the acceptance of the Minutes of the regular Council meeting of August 10, 1970. Mr. Walker moved for their acceptance as submitted. Mr. Davis seconded. The vote: All voted "aye", with the exception of Councilman Jezak, who passed the vote.

Item 4 on the Agenda was scheduled to be the awarding of Recognition of Valor to Officers Royce Wilson and Ken Francis for their outstanding efforts in life saving in recent incidents in our City; because of the pressure of work at this time, neither officer was present at this point on the Agenda, and the presentation was postponed temporarily.

Item 5 on the Agenda: Public Hearing on a request to rezone from C-1 to C-2 property described as being located at approximately 6716 North Oak Street. The petitioner was the Stockton Realty Company. Mayor Kleiner opened the Public Hearing, asking if there were anyone present to speak in favor of such rezoning. No one appeared. Let it be here noted that no one appeared to speak in opposition to such rezoning. Mayor Kleiner closed the Public Hearing suggesting that the Council will take formal action at the next regular Council meeting as is their custom.

Item 6 on the Agenda: Public Hearing on a request to rezone from C-2 to C-3 property described as being located at approximately 5800 North Oak Street. Mayor Kleiner opened the Hearing. Mr. John Bridgeman, of the Pacer Oil Company, was present to represent the petitioners in this request. The reason for the request was for the building of a car wash, in connection with the re-built station at this address. He explained that this was Phase II of the site re-development, and involved the addition of the planned two-bay car wash operation. He said they also planned for a discount gasoline island. The zoning requested involves 62 feet on the north end of the property, and that the car-wash operation did require, as nearly as he understood, the requested C-3 zoning. He said this was not included in the original zoning request of some time ago as they wanted to see just what use they would make of the remainder of the property; they will use the existing driveway, and were requesting the rezoning to the center of the present, existing driveway; they wanted to eliminate any problem of zoning on the area to be used by cars entering or leaving the proposed car wash. In answer to a question, Mr. Bridgeman said that when the cars leave the proposed car wash, the drainage would be toward the street; that there is a catch basin there; the curbing and guttering are designed to meet the catch basin, and they will install a catch basin at the bottom of the ramp exit.

Mr. Bridgeman said the back portion which was filled would be sodded and seeded and that any additional water problem created by the proposed car wash would be taken care of as much as possible by a "drainage sump".

Councilman Davis asked Mr. Bridgeman if the Council decides it wants C-P-3 instead of the C-3, would he be agreeable. The answer was "yes",..... Further, general discussion was held. Mayor Kleiner asked if there were anyone in the audience to speak in opposition to the proposed rezoning. No one appeared. The Public Hearing was, thereupon, declared closed.

Item 7 on the Agenda: Public Hearing on a request to rezone from C-1 to C-3 property described as being located at approximately 403 E. 76th Street N. and 7519 North Oak Street. Max Swinney, petitioner.

Mayor Kleiner opened the Public Hearing, asking if there were anyone in the audience in favor of such rezoning request. No one appeared. He asked if there were anyone in the audience who wished to appear against such rezoning. No one appeared. Mr. Kleiner noted that the Planning Commission had requested that the petitioner appear before them to advise exactly what he planned to do with the property (between Kramer Hdw. and Jim G's, and just east of Jim G's) and, that they have had no answer, and that their Subcommittee had taken no action. He suggested that the Council direct that the same general action be taken, in that Mr. Swinney be notified that the Council could take no formal action nor would take any action until some notification of intent had been received, either by letter, or in person. He declared the Public Hearing closed at this time.

**Prior to the above Public Hearing, Officer Ken Francis and Chief Robert Harris entered the Council Chambers, and Mayor Kleiner presented the Award of Valor to Sgt. Francis, who received the Mayor's thanks, and a round of applause. He advised that Officer Royce Wilson had been called out of town unexpectedly and would not be able to appear this evening. His Award will be presented to him at the next Council meeting.

Item 8 on the Agenda: Communications from the Audience. None at this time.

Item 9 on the Agenda: Communications from the City Council. Councilman Walker advised that he felt the Council needed a work session in order to discuss some of the more pressing items which are coming up. Mayor Kleiner advised that a work session would be scheduled for Wednesday, at 7:00 P.M.; hoping that Mr. Jezak, who is the Council representative to the Park Board, will be able to attend both the work session and their scheduled meeting.

Mayor Kleiner also drew the City Manager's attention to some complaints he has received from some of the citizens regarding the parking at the A-Mart, on the gravelled section to the south of the regular parking lot; and further, that complaints have been received on the placing of merchandise around the store outside, in front, where it is being left overnight. Notice will be sent to the Manager of the A-Mart.

Item 10 on the Agenda: Communications from the City Manager. Mr. Olson advised that Item 11 on the Agenda, scheduled as the second reading of Bill No. 70-25-A, pursuant to rezoning from R-1 to R-P-3 a portion of Kendallwood, had, at the request of the petitioner, been withdrawn, subject, of course, to the pleasure of the Council. He also noted that, although a copy of a Resolution to accept

certain streets in Williamsburg for maintenance, had been included in the Council packets, it had been left off the Agenda, and should be added for action this evening.

Mr. Olson also advised that he had talked to Mr. Satterlee of the State Highway Department, and had been informed that they had taken bids on the Antioch (HW #1) Improvements last Friday. He said Mr. Satterlee will let him know just as soon as possible what the results were; that their next scheduled meeting will be on the 14th of September, but that he was rather sure they will take some action prior to that time.

Regarding the notice from Mr. Olson that the Charles Curry Company had decided to withdraw their rezoning request, and recalling that such Bill had received one reading, the visiting counsel was asked if any particular action needed to be taken to accept the withdrawal, or, if by merely accepting, would it leave open the possibility that they could petition the same thing again at their convenience. Mr. Shinn said he saw no legal problem; that the letter which was received from the Charles Curry Company was in the file; that the withdrawal acceptance by the Council tonight meant the issue was dead; that if the petitioner decided to try again, he would have to start all over again. It was suggested that Curry Company be so notified. At this time, Councilman Walker moved that the request for withdrawal of the request for rezoning from R-1 to R-P-3 on a portion of Kendallwood, be accepted, and that the Charles Curry Company be notified that should they wish to re-submit their request at a future date, they proceed as they did in the first request, starting over again completely...Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Bussinger moved to place Bill No. 70-46 on its first reading, said Bill being for an ordinance to accept a standard sewer easement in the Village of Oakview, Missouri, as a part of the Gladstone Sewer System. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 70-46, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 70-46, to waive Section 20, Subsections (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of Bill No. 70-46, and to enact same as Ordinance No. 1.766. Mr. Walker seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Davis moved for the deferral of Bill No. 70-47, scheduled as the first reading of an ordinance in connection with Lateral Sewer District No. 3 ... Mr. Davis said his reasons for the request for deferral were that they had not had a work session on this matter with all councilmen present; that he would like to have a further chance to discuss and talk over with his fellow-councilmen. Mr. Walker seconded. The vote: Mr. Bussinger, NO, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, NO. The motion to defer carried by a 3-2 vote.

Item 14 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-63, accepting a bid for a carbon dioxide feeder from Wallace and Tiernan in the amount of \$2,346.00, for the Water Treatment Plant. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-64, accepting a bid from The G. W. Van Keppel Company for one Vibrastat Vibratory Roller w/one Model #5 Rosco Lowbed Transport for the total cost of \$3,533.50. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-70-65, accepting a bid from Hevalow Shanks, Inc., in the amount of \$2,700 for the installation of 170 feet of encasement pipe and installation of 170 feet of eight-inch water line. Mr. Walker seconded. The City Manager advised that the location of this water line would be at approximately 64th and Antioch Road, that it was first anticipated that the work would be done by City crews, but that they would have had to rent some of the necessary equipment to do the work; that it was decided to contact Hevalow Shanks, Inc., to see if they could handle the work; that it would probably prove to be less expensive if they did the work. The vote: All "aye".

* * *

Item 17 on the Agenda: Scheduled as the establishment of a bank account for certain funds...was deferred as it is in connection with Item 13, which was also deferred (See Page three, paragraph 5). This will be on the next Council Agenda.

* * *

Item 18 on the Agenda: Acceptance of the Financial Report from Combined Waterworks & Sewerage System for the 12 months ending June 30, 1970, and for the 1 month, ending July 31, 1970, as submitted. Mr. Davis so moved. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 19 on the Agenda: Consideration of Liquor License Renewals from Ball's White Front Market, 7503, A & P, also known as A-Mart, 6316 North Oak, and Zarda's Dairy Store, 6408 North Oak. After some discussion, Mayor Kleiner advised that it was his belief that all persons should be notified that their occupation licenses should be in by a specific time... (in connection with some of the liquor license permit renewals)...Mr. Olson agreed that no Liquor License will go out until the Occupation Licenses from the respective persons have been received and processed, and that the two will go out together. Mr. Bussinger moved as follows: "Based on the information we have had and the assurance from the City Manager that the Occupation licenses will be taken care of, I move for the approval of the liquor licenses for (a) Ball's White Front Market, 7503 North Oak; A & P, a/k/a A-Mart, 6316 North Oak, and Zarda's Dairy Store, 6408 North Oak." Mr. Davis seconded. The vote: All "aye".

Item 19-A - Mr. Walker moved for the adoption of Resolution No. R-70-66, for a total of 1600 lineal feet of streets for maintenance, from Mid-Continent Asphalt and Paving Company, said streets being located in the subdivision of WILLIAMSBURG...Mr. Bussinger seconded.

Mr. Davis asked why the City didn't ask the Subdivider to improve the streets which surround the subdivision...and lie adjacent to it....he said he had requested an ordinance to this effect sometime ago...

The vote was called: All voted "aye".

* * *

Item 20 on the Agenda as "Other"...

Mr. Jezak read a letter which he had received, in connection with the offer from Mr. Richard C. Rome, Landscape Architect, to execute a Preliminary Design and Development Plan for the Flora Street Park, at a fee of \$400. (Attached hereto as Exhibit A) Mr. Jezak said he had met with Mr. Rome last Saturday; that he has the qualifications and can do the City a fine job; he said he would like to move the acceptance of the offer at the fee quoted, based upon the Park Board's acceptance at their next scheduled meeting for next Wednesday night, and if Mr. Rome's offer meets their requirements. Mr. Walker seconded. It was suggested that, based upon the Park Board's reaction, a resolution be prepared for the next Council meeting in this regard. The vote: All "aye".

Mr. Bussinger said that he would like to advise Mr. Olson that there was quite a little trash at the blind corner of 68th and Flora on the City's right of way; that he would like to see that this is cleaned up.

He said that in regard to the school crosswalk program, he understood that only two citizens had offered their services, and that, since school begins one week from this date, it is his feeling that the children of Gladstone should be provided with the best possible safety. He wanted to recommend to the rest of the Council that the Public Safety Department perform school cross-walk guard duties for 2 or 3 weeks until the Council and City Manager make satisfactory, permanent arrangements. He said he realized that providing guards at the various cross-walks may be an added expense to the City, but it is his feeling that no amount of money is worth a child's life; that if the City does not provide some sort of protection, especially with the major thoroughfares being more heavily travelled all the time, there will be a serious injury or tragedy to one of the students in Gladstone. He therefore moved that the City Manager be instructed to have the Public Safety Department perform this duty until such time as the Council and City Manager are able to work out a permanent arrangement to have this done. The following school sites are those he had in mind: 72nd & N. Wyandotte; 74th and N. Oak; 65th and N. Michigan; 67th and N. Walrond; 67th and N. Indiana. Mr. Davis seconded. The vote: All "aye".

Mayor Kleiner said this would be talked over at the work session on Wednesday, as well as the other Items aforementioned.

Mr. Walker had nothing more to discuss at this time, under "Other"...

Mr. Davis said that according to the State Statutes, any councilman, at any time, can request and expect that an ordinance be written...his example was his request on the treatment of the streets in a subdivision. (to be checked out)

After some general discussion, Mayor Kleiner said that about 99% of the ordinances written in the City come at the request of the City Manager.

Mr. Walker said he also believed that it is the prerogative of the Councilman; and should be on a "first come, first served" basis.

Mr. Kleiner said he felt it should be directed to the City Manager.

Mr. Olson said it was not always a matter of what the ordinance is; that it is easier if an idea for an ordinance is a little more clearly stated, and if the whole council discusses it; that it is easier if the idea goes to the City Counselor where the work of starting to prepare an ordinance begins.

Mr. Walker said he believed the Planning Commission was to study Mr. Davis' reference to the improvement of streets in a subdivision by the subdivider; Mr. Bussinger said that he knew the Planning Commission was studying the matter but he didn't think that any formal plan had been agreed upon.

As there was no further business to come before this meeting, it was, upon motion made and seconded, adjourned by unanimous consent. Time: 9:15 P.M.

Respectfully submitted,

City Clerk

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

31 AUGUST 70

A G E N D A

First Reading: Bill No. 70-47, for an ordinance accepting the work of Damon Pursell Construction Company in the construction of Lateral Sewer District No. 3, and related items. (Should be numbered 1.767)

RESOLUTION: Authorizing the establishment of a bank account for certain funds for the purpose of handling payments received in connection with Special Tax Bills Issued for Lateral Sewer District No. 3. (R-70-67)

OTHER:

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

31 AUGUST 70

A special meeting of the Gladstone City Council was held in the Council Chambers of the Gladstone City Hall at 7:00 P.M. on Monday, August 31, 1970. Mayor Frank L. Kleiner called the meeting to order. In addition to the Mayor, Councilmen Bussinger, Jezak and Walker were present. Also present were the City Manager, the Assistant City Counselor, Mr. Dods, and the City Clerk. Councilman Davis was not present at this time.

The first item on the Agenda was the first reading of Bill No. 70-47, accepting the work of Damon Pursell Construction Company in the construction of Lateral Sewer District No. 3, and related items. Mr. Walker called for the first reading of said Bill. Mr. Bussinger seconded. The vote: all present voted "aye". (4-0) The Clerk read the Bill.

Mr. Walker moved to accept the first reading of said Bill and to place it on second reading. Mr. Bussinger seconded. The vote: all present voted "aye". (4-0) The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 70-47, to waive Section 20, subsections (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All present voted "aye". (4-0) The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 70-47, and to enact said Bill as Ordinance No. 1.767. Mr. Bussinger seconded. The vote: all "aye". (4-0).

* * *

The second item of business was a Resolution authorizing the establishment of a bank account for certain funds for the purpose of handling payments in connection with Special Tax Bills issued for Lateral Sewer District No. 3. Mr. Bussinger moved for the adoption of Resolution No. R-70-67. Mr. Jezak seconded. The vote: All "aye". (4-0)

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 7:20 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL
PUBLIC HEARING - LATERAL SEWER DISTRICT NO. 3

August 11, 1970

Mayor Kleiner called the meeting to order at 8:00 p.m. August 11, 1970 in the Council Chambers of the Gladstone City Hall; the purpose of the meeting was for a Public Hearing on Assessments for Lateral Sewer District No. 3. Mayor Kleiner introduced Mr. Davis, Councilman, Mr. Dods, City Counselor, and Mr. Anderson, Director of Utilities.

Mr. Dods explained the purpose of the hearing. He stated that those in the audience would have the opportunity to ask any questions or make any response. The purpose of the Hearing is in connection with proposed final assessments on what has been designated Lateral Sewer District No. 3, being a lateral sewer district established basically along Antioch Road in the vicinity of 72nd Street North. The District was established by Ordinance No. 1.708. At the time of the Initial Sewer Bond Assessments, when general sewer obligation bonds had been issued, lateral sewer districts were established in certain specified areas. No lateral sewer district was established in this area along Antioch Road.

Mr. Dods stated further that Ordinance No. 1.708 provided for the establishment of the District, and after letting of the contracts for the installation of sewers in this district, payment would be by the tax bill method. Tax bills are provided for under State Law, as well as by Ordinance; they are a permissible way to pay for the construction of sewers. All people in the District were notified that the contract had been let and of the proposed amount of the assessment. Persons were also notified of their right to elect to pay on the installment basis or on a lump sum basis as provided by State Statute. There will be some cash payments sixty days after the tax bills are issued, in which case there will be no interest charged; the installment basis is over a ten-year period with interest computed at eight per cent on the unpaid balance.

Ordinance No. 1.708 was amended by Ordinance 1.729, which excluded certain lands from the lateral district. The lateral district was based on engineering studies as to what was a reasonable district for drainage. The construction has now been completed and the work has been found to be acceptable. There will be before the Council on August 24, 1970 an ordinance requesting acceptance of the contract and approval of the total amount of the cost for the project. The Engineer has filed with the City Council and the City Clerk a total cost of \$32,840.37. The total square footage involved in the area of this District was 1,524,541, which excludes public streets which have been dedicated. The total cost divided by the total square footage amounts to an assessment of \$.0215412 per square foot. The original ordinance provided that any lot subject to development as residential property would be assessed on the basis of its containing not less than 8,000 square feet.

Mr. Glenn Piburn and his wife were in attendance at the hearing.

Mr. Dods advised that Mr. Piburn's property contained 220,952 square feet and was assessed for \$4,759.57. Mr. Dods asked Mr. Piburn if it was correct that they had elected to pay the amount in a lump sum, and Mr. Piburn said this was correct.

Mr. Piburn, 7312 North Antioch Road, said he had several questions. He asked why they were assessed for the entire square footage of the tract whereas other areas in Gladstone were assessed by the square foot from the property line back only 150 feet. Why were some property owners not assessed where the Kansas City, Missouri

August 11, 1970

trunk sewer runs through their property and the rest of the people were, since they are also in Gladstone. His third question was how many owners have been assessed on this project.

Mr. Dods provided Mr. Piburn with a copy of the assessment role. Mr. Dods said the answer to Mr. Piburn's last question involves the fact that the District was established on the Engineer's recommendation and a study by Larkin and Associates, as to the determination of what would be the best district contour, drainage problems and connection to other laterals.

Mr. Dods said the answer to the question regarding lines built by Gladstone where persons were assessed 150 feet back, was that there were areas when the general sewer assessments were made that this setback was used in the computation, but basically, in subdivisions, for example, the City found there were very few lots in the city that were more than 150 feet deep. On a typical street there would be another lateral line on the next street over, for example, and the 150 feet was a reasonable basis to use as a block method. Here, most of the property is not platted nor is it subdivided, and for that reason the whole area can reasonably be assessed for the lateral line.

Mr. Piburn said Mr. Lemley said he did not receive an assessment, neither did the Rineharts. He said originally anything had to be worked out through Gladstone in order to hook on to the Kansas City trunk line.

Mr. Anderson said that is correct; the basic reason why Lemley's and Rineharts were not assessed this time was that they did have sewers available to them. He said any persons hooking onto the Kansas City built trunk line would have to get permission from Gladstone.

Mr. Dods said since Lemley's and Rinehart's already had a line available, they would not benefit from this District line and therefore could not be assessed. He said if Lemley's hooked on to the Gladstone built line, the City would have to determine what the charge would be.

Mr. Piburn felt Mr. Lemley should pay the same as others in the district, and on the square footage basis, if he hooked on to the Gladstone line.

Mr. Anderson said the possibility of a sewer connection fee has been discussed, but the question had not yet been resolved. He said that all land in Gladstone had been assessed for main sewers.

Mr. Piburn said there aren't many places where people are charged for more than 150 foot depth. He said he had no intentions of subdividing that land; this will force him to do something.

Mr. Davis said the district was created based on the majority of the people in the district that wanted the sewer line; the formulation of the district was in the interest of the property owners involved.

Mr. Dods said it was also in the interests of the City. He said the Engineers advise that the reasonable place for Lemley's to connect is to the Shoal Creek line and that is the reason they were not included in the district.

Mr. Dods said the final assessments are not made until the Council adopts the Ordinance and that the purpose of this hearing is to determine whether or not there is a basis

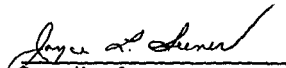

August 11, 1970

for a change in the assessments. The district has already been established by Ordinance.

Mr. Kleiner asked when Mr. Piburn and others in the District would have to hook on to sewers.

Mr. Dods said this could be included in the Ordinance to be passed, or in a separate ordinance. The Council will need to make this determination. He advised Mr. Piburn that he had the right to appear at the next Council meeting if he so desired.

Mayor Kleiner closed the public hearing at 9:30 p.m.

Recording Secretary

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
14 September 70

A G E N D A

1. Meeting Called to Order - Roll Call
2. RESOLUTION: Appointing Mrs. Joyce Seever to act as City Clerk for this meeting.

19. CONSIDERATION of Class "B" Liquor License - Williams United Super
20. OTHER.
21. ADJOURNMENT.

COUNCIL MEETING
CITY OF GLADSTONE, MISSOURI

September 14, 1970

The regular meeting of the City Council of the City of Gladstone, Missouri was called to order by Mayor Frank Kleiner at 8:00 p.m., September 14, 1970, in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Councilmen Bussinger, Jezak, Walker, Davis and Mayor Kleiner. In addition, City Manager Dave Olson and John Monica representing the City's legal counsel were present.

Mr. Walker moved that Resolution No. R-70-68 appointing Mrs. Joyce Seever to act as City Clerk be adopted. Mr. Bussinger seconded the motion. The vote, all aye.

Reverend Elwyn Hays of the Englewood Baptist Church gave the invocation.

Mr. Davis moved that the Council accept as submitted the Minutes of the Regular Council Meeting of August 24, 1970 and the Minutes of the Special Council Meeting of August 31, 1970. Mr. Walker seconded the motion. The vote, all aye.

Mr. Davis moved that the Council accept the Report on the Public Hearing for Lateral Sewer District No. 3 held August 11, 1970. Mr. Walker seconded the motion. The aye votes: Mr. Davis and Mr. Kleiner; the pass votes, Mr. Bussinger, Mr. Jezak and Mr. Walker.

Item 6 on the agenda was a Public Hearing on a request to rezone from C-1, Local Business District, to CP-3, Planned Commercial District, certain property described as Lot 4, Hamilton Heights, located at approximately 6700 North Oak Street.

Mr. Reg Armstrong, representing the owners, of The Hardin & Stockton Company, Realtors, presented pictures of the facility which they propose to place on the property and the layout of the building on the lot. The company wishing to purchase this property is Dunkin Donuts, a large corporation in business since 1945. They have 592 business establishments. He said it was noted on the plot plan that they will widen the street in front of the property which will provide an extra ten feet of street which would serve to cut down some of the in and out congestion that might occur. He said they would like to build the facility as soon as possible.

Mr. Kleiner said two driveways were shown on North Oak and one on 67th Street, and asked the width of the driveways. Mr. Armstrong said those on North Oak were twenty-four feet wide and the one on 67th Street is twenty-foot wide. Mr. Kleiner said he did not think it was permissible to have two entrances or exits within this short a distance. Mr. Olson said there would have to be at least forty feet between the two driveways, as provided by Ordinance. Mr. Armstrong said they have room to do this.

Mr. Kleiner asked how far the adjoining house was from their property line; Mr. Armstrong did not have that information.

Mr. Davis said he understood they need the rezoning because they will have more than five employees. Mr. Armstrong said they would have three employees per shift, nine in all.

September 14, 1970

Mr. Armstrong said screening was discussed at the Planning Commission and he made it a matter of record at that time that they would be willing to put in any reasonable screening requested at the rear property line.

Mr. Bussinger asked if there would be any offensive odors coming from the baking; Mr. Armstrong said there would not be as they are screened through charcoal before they leave the building. Mr. Kleiner asked if they had public restroom facilities and Mr. Armstrong said they did. Mr. Bussinger asked how many persons the facility would seat; Mr. Armstrong replied that it would seat 22 people. Mr. Bussinger said they had to consider the possibility of loitering also; Mr. Armstrong said this operation is not conducive to the teen-age set and they have not had this problem anywhere. They sell strictly donuts and coffee.

Mr. Davis said there was a question raised at the Planning Commission regarding parking within five feet of R-1 property and asked if this had been further explored. Mr. Olson said this was an and/or clause - with a six-foot non-transparent fence separating the two zones, he did not think the five foot was required.

Mr. Armstrong said that the Hardings have new quarters for their dance studio, as they are cramped for space at this location.

Mr. Davis said if they had only four employees, they could build in the present zoning; Mr. Armstrong said that is what he understood, but because they will have nine employees, they are required to ask for the rezoning.

There was no one else to speak in favor of the rezoning request.

Mr. Frank Scully, 503 East 67th Street North, as President of the Bolling Heights Home Owners Association, expressed opposition to the requested rezoning primarily because of the increased traffic it will generate on North Oak Street at a very dangerous intersection. He said he also had some objection to the proposed P zoning because at the Planning Commission Meeting which he attended there were insufficient plans presented at that time to conform with the Ordinance requirements. There were serious deficiencies in what the Ordinance calls for as far as a topographical map and a map laying out everything for one square block around the area showing details of present structures, zoning, etc. He also asked the question as to what the particular hurry was on this zoning request.

Mr. Kleiner asked Mr. Olson if he knew of any particular hurry on this request; Mr. Olson said there was none to his knowledge; he said the petitioner was initially under the impression they could build there without a zoning change. There is a zoning change required and the petitioner apparently had some reason for feeling there was a necessity to hurry up the process.

Mr. Armstrong said everyone likes to get into business and make necessary changes as soon as possible. He said the property owner has another location for the dancing school, and when the sale takes place the owner must relocate.

Mr. Davis asked Mr. Scully if he thought that the traffic generated by this particular establishment would be greater than what might come in under a C-1 building permit. Mr. Scully said the present dance studio there does generate some traffic at specific hours of the day. He said he was virtually certain that if this or any other retail business is going to be a success it will generate a lot more traffic than the dancing school. He said he felt the proper function of the Council

September 14, 1970

is to consider whether or not C-3 would be conducive to the health, welfare and safety of the citizens of Gladstone. It was his contention that the less traffic at that particular corner, the better off everyone would be. He said there were a lot of cars using this entrance, and he would imagine that sooner or later there will have to be traffic control at this intersection, but until there is the present request would compound a terrible situation.

The Mayor closed the Public Hearing.

* * * * *

Item 7 on the Agenda was communications from the Audience.

Mrs. Swinney said their request for rezoning for 7519 North Oak had been on the agenda for August 3, and she was unable to attend at that time. She understood the Council desired more information on the request.

Mayor Kleiner asked if she had appeared before the Planning Commission, and she advised she was at their meeting last week. Mayor Kleiner asked if The Commission had taken any action yet; Mrs. Swinney said they are taking the matter under consideration and plan to have a report at their next meeting.

Mrs. Swinney said they presently have C-1 zoning and would like to change to C-3 for the entire tract at this location, including the hardware store and the house south of it. She said they had been requested to tear the house down, but they did not feel it was feasible to tear it down until they could get better zoning. She said they were limited on C-1 zoning; they would like to extend the present building south another 65 feet.

Mayor Kleiner asked if the house were being remodeled now; Mrs. Swinney said they are cleaning it up because the City has compelled them to do so. If they can get the zoning, they plan to tear the house down. She said they would like to have all of the property zoned as a package; the house is located on a much smaller piece of ground. Mayor Kleiner asked if they had anything in mind for the property at the present time. Mrs. Swinney said they had nothing at present, but that people had approached them but they were not interested in C-1 zoning because it wouldn't fit their needs.

Mr. Davis said he personally, and he knew other members of the Council, have been very unreceptive to zoning without some sort of a plan. He said about the only zoning they have approved in the last two years has had the "P" attached.

Mrs. Swinney said there would be no changes in the driveways as they already have two there. Mr. Davis said generally speaking they expect some sort of "P" zoning which would indicate what they were going to do at this location. Mrs. Swinney said she didn't think P-3 would do them any good because there is such a delay in getting it.

Mayor Kleiner recommended that Mrs. Swinney attend the next Planning Commission meeting and said they would hear her if she has anything additional to tell them regarding plans.

* * * * *

September 14, 1979

Mr. Rawlings, Clarence P. Huckle Construction Company, said they have made application for a building permit for an addition to the Caldwell building at 6504 North Oak Street. He asked if the Council would consider this permit tonight.

Mr. Olson said he had received the application after the agenda was printed, and had intended to ask the Council to consider it later on in the meeting.

* * * * *

Mr. Charles Logan, 1605 Northeast 61st Street, said he had read in the paper that the Council was interested in comments from citizens on the possibility of banning the sale of fireworks in the City. He said from the Jaycees standpoint and from his personal standpoint, the Jaycees do derive quite a bit of their funds for projects from the sale of fireworks and spend probably 90% of their money directly or indirectly to benefit the City of Gladstone. He said there were many other civic organizations that also derive their funds from the sale of fireworks. He asked the reason for consideration of such an ordinance.

Mr. Jezak said he understood the Jaycees did not make much money this year. He said there were nineteen reported Gladstone people treated at the North Kansas City Hospital for burns from fireworks compared to two at Menorah Hospital which is many times larger than North Kansas City Hospital. He said he would like to see his children grow up in one piece. He said he knew of a number of families who were highly in favor of banning the sale of fireworks. He said the matter is still in the talking stage at this time.

Mr. Logan said in prior years they had made as much as \$1500 when they had a better location. He felt the handling of fireworks was a parent responsibility, not the City's.

Mr. Jezak asked if the Jaycees would be interested if the Council set up a permit basis to restrict the number of fireworks. Mr. Logan said they would, and that this was done in other cities.

Mayor Kleiner said the Council has received six communications by mail on the subject, and that he had had two telephone calls.

* * * * *

Item 8 on the agenda was communications from the City Council.

Mr. Walker asked Mr. Olson if he had checked the Ordinances to determine whether or not a fruit market could be operated at the corner of Englewood and Oak Streets. Mr. Olson said he had asked the City Counselor to check this, and that the application is being held until a determination has been made.

Mr. Davis asked if any progress has been made on the outside storage question. Mr. Olson said the City has notified the businesses violating the Ordinance of the Ordinance requirements; the Department will be issuing citations on the violations. Mr. Kleiner mentioned the following locations in particular: A-Mart, Kroger, U. S. Mart, Clark Service Station (74th and Oak).

* * * * *

September 14, 1970

Item 9 on the agenda was Communications from the City Manager.

Mr. Olson asked that the Council add the following items to the agenda: (1) a resolution authorizing the City Manager to accept the bid of an asphalt construction company for work in the city; (2) consideration of building plans for an addition to the Caldwell Building at 6504 North Oak Street.

Mr. Olson also advised that the Application for the Writ of Prohibition before the Supreme Court of Missouri in the condemnation case for the Schmidt property has been denied.

* * * * *

Item 10 on the agenda was the First Reading of Bill No. 70-48, an Ordinance to rezone from C-1 to C-2 property located at approximately 6716 North Oak Street.

Mr. Davis moved that Bill No. 70-48 be placed on its first reading; Mr. Walker seconded the motion. The vote: all aye.

The Clerk read the Bill.

Mr. Davis moved that the Council accept the first reading of Bill No. 70-48 and place it on its second reading. Mr. Walker seconded the motion.

Mr. Davis asked for the record, the recommendation of the Planning Commission. Mr. Olson said it recommended denial, and Mayor Kleiner said the recommendation was unanimous.

The vote: All no. Second reading denied.

Mayor Kleiner asked the City Manager to inform Stockton Realty that the zoning request has been denied and that the tanks must be removed within five days.

* * * * *

Item 11 on the agenda was the First Reading of Bill No. 70-49, an Ordinance to rezone from C-2 to C-3 property located at approximately 5800 North Oak Street.

Mr. Bussinger moved that Bill No. 70-49 be placed on its first reading; Mr. Davis seconded the motion. The vote: all aye.

The Clerk read the Bill.

Mayor Kleiner asked if this shouldn't read CP-3 rather than C-3. Mr. John Bridgeman said that at the last Council meeting they were acceptable to P being inserted as a planned area, so that if this is the desire of the Council it will be satisfactory with them.

Mayor Kleiner asked that the zoning read CP-3; all Councilmen indicated approval.

Mr. Bussinger moved that the First Reading of Bill No. 70-49 be accepted and that it be placed on second reading as amended to show CP-3. Mr. Davis seconded the motion. The vote: all aye.

The Clerk read the Bill.

* * * * *

September 14, 1970

Item 12 on the Agenda was the First Reading of Bill No. 70-50, an ordinance prohibiting the sale or exhibit of material harmful to minors.

Mr. Jezak moved that Bill No. 70-50 be placed on its first reading; Mr. Davis seconded the motion. The vote: all aye.

The Bill was read.

Mr. Jezak moved that the first reading of Bill No. 70-50 be accepted and that it be placed on its second reading. Mr. Davis seconded the motion. The vote: all aye.

The Bill was read.

The Mayor called a recess at 9:10 p.m.

* * * * *

Meeting reconvened at 9:35 p.m. with all present.

Item 13 on the agenda was a resolution accepting a bid for purchase of salt.

Mr. Bussinger moved that the Council adopt Resolution No. R-70-69. Mr. Jezak seconded the motion. The vote: all aye.

Mayor Kleiner asked if there would be any delivery problem; Mr. Olson said there shouldn't be.

* * * * *

Item 14 on the agenda was a resolution authorizing the Mayor and the Chairman of the Park Board to make application for a grand-in-aid.

Mr. Jezak moved that the Council adopt Resolution No. R-70-70. Mr. Davis seconded the motion. The vote: all aye.

* * * * *

Item 15 on the agenda was a resolution calling for the acceptance of a bid for one new electronic engine analyzer and voltage ampere tester.

Mr. Walker moved that the Council adopt Resolution No. R-70-71; Mr. Bussinger seconded the motion. The vote: all aye.

* * * * *

Item 16 on the agenda was a resolution authorizing approval of Change Orders No. 1 and No. 2 on the Waterworks Sludge Conditioner contract.

Mr. Davis moved the Council adopt Resolution No. R-70-72; Mr. Walker seconded the motion.

Mr. Walker asked the City Manager if the pump had been delivered yet; Mr. Olson said it had not, but that the City has informed the Company that if we do not have it by the 18th we will be forced to rewrite the specifications and order

September 14, 1970

another pump. We have received word that it was to be shipped on the eleventh, but no word has been received that it has been shipped.

Mr. Walker asked if the job is complete except for the pump; Mr. Olson said that it is, and that it would only take a matter of one or two days to complete the job when the pump is received.

The vote: All aye.

* * * * *

Item 17 on the agenda was a Resolution accepting work performed by Hevalow-Shanks Construction Company, Inc., and authorizing final payment.

Mr. Bussinger moved the Council adopt Resolution No. R-70-73; Mr. Davis seconded the motion.

The vote: All aye.

* * * * *

Item 17A. on the agenda was a resolution authorizing acceptance of a bid for certain asphaltic concrete resurfacing.

Mr. Walker moved that the Council adopt Resolution R-70-74; Mr. Davis seconded the motion.

Mr. Jezak asked regarding the 60 calendar days for completion; he thought they had agreed on a shorter length of time. Mr. Olson said it initially was 90 calendar days, and that the length of time has been decreased. Mr. Olson said the contractor has assured him that equipment will be moved in September 15, and weather permitting, work will begin September 16.

Mr. Jezak said he thought the contractor had mentioned thirty days or less. Mr. Olson said he was sure that was the anticipated completion time, weather permitting. Mr. Olson said he was sure the contractor would not need the sixty days.

The vote: All aye.

* * * * *

Item 18 on the Agenda was acceptance of Disbursements Reports for the General Fund for the month of August, 1970 and for the Combined Waterworks and Sewerage System for the month of August, 1970.

Mr. Davis moved that the Council accept the Disbursements Reports for the General Fund and the Combined Waterworks and Sewerage System for the month of August, 1970. Mr. Walker seconded the motion.

The vote: All aye.

Mr. Olson pointed out that the transfer for the fire station as proposed in the operating budget for this year has been made, and the transfer is reflected in this report; an account has been opened for this construction project.

* * * * *

September 14, 1970

Item 19 on the agenda was consideration of a Class "B" Liquor License for Williams United Super Market.

Mr. Walker moved that the Council approve the Class "B" Liquor License for Williams United Super Market; Mr. Jezak seconded the motion.

Mr. Bussinger said he felt that before this is approved, Williams should comply with the ordinance on outside storage, or that the license be issued on the basis that they have complied with the Ordinance. Mr. Davis agreed.

Mr. Bussinger said he felt if they were going to have these ordinances, they should be adhered to and enforced.

Mr. Kleiner asked the City Manager to send a letter with this license that it is approved on the condition the outside of the store is cleaned up and kept free in the future, and if they are in violation their license will be picked up.

The vote: All aye.

* * * * *

Item 19A, on the agenda was consideration of building plans for an addition to the existing building at 6504 North Oak Street. Mr. Olson said the value of the addition is about \$38,300. Clarence P. Huckle Company is the applicant for the building permit; the same exterior construction will be used.

Mr. Walker moved the Council approve the building permit at 6504 North Oak Street Trafficway with the necessary changes as marked in red pencil on the plans; Mr. Bussinger seconded the motion.

The vote: All aye.

* * * * *

Mr. Olson said the City has received from the Water Pollution Control people evaluating the application for the Oakview Sewer Grant that there is another resolution required which he had not had time to prepare for tonight. He asked if the next meeting could be called as a special meeting so the resolution could be acted upon.

Mayor Kleiner called a Special Council Meeting for 5:00 p.m. Friday, September 18 to consider a resolution regarding the Oakview Sewer Grant application.

Mr. Davis inquired of Mr. Olson if the city had purchased some curb forms, and Mr. Olson said that they had. Mr. Davis asked if a work program had been outlined as of this date. Mr. Olson said only in one area; the rest they have been playing a bit by ear where it points up a need for curbing. He said in the near future the Engineer would propose areas for new curbs and assign some priorities. Mr. Bussinger said he hoped they had 68th and Flora in mind on the priority.

Mr. Davis said that based on the original plan for sidewalks, what percentage of the project is complete to date. Mr. Olson said they were about 1/3 complete. Mr. Davis asked how many months they had been working on this project. Mr. Olson

September 14, 1970

said the one-third completion was in terms of time requirements. He said they hoped to move rather quickly once they get through with the Englewood construction and hope to have completed a good percentage before the severe weather sets in.

Mr. Ed Welch, Central Sign Company, Kansas City, Kansas, said he had been advised by the City Engineer's office to discuss with the Council the sign for the Union Prescription Center at 6803 North Oak Street. He said there was a limited front footage and therefore they are limited on the size of the sign. He wanted to know what action could be taken to overcome this problem.

Mayor Kleiner said it would require a change in the Ordinance.

Mr. Bussinger said that particular area in the Gladstone Square is what they call a victim of circumstances of the Ordinance. Should the ordinance be changed and allow larger signs to go in, he was sure it would allow many other businesses to increase the size of their signs which sometimes tend to lean towards the gaudy side.

Mayor Kleiner said the larger signs that are there were there before the present ordinance was enacted. He said the Council will have to study this and see if they want to change the ordinance.

In response to a question from Mayor Kleiner, Mr. Olson said Mr. Johnson had all the information on this matter.

Mayor Kleiner advised Mr. Welch they would take a look at this and get back to him.

There being no further business to come before the Council, upon motion duly made and seconded the meeting adjourned 10:15 p.m.

Respectfully submitted,

Boyer or Shaw
Acting City Clerk

GLADSTONE, MISSOURI

September 18, 1970

A special meeting of the Gladstone City Council was called to Order by Mayor Frank Kleiner at 5:20 P.M., Friday, September 18, 1970, at the Gladstone City Hall. All members of the Council had received notice of the calling of the Special Meeting.

Roll was called: Present: Councilmen Bussinger, Jezak, Walker and Davis, in addition to Mayor Kleiner.

Also present were Mr. Wm. W. Shinn, City Counselor, Mr. David Olson, City Manager, and the Acting City Clerk, Mrs. Joyce Seever.

The first item on the Agenda was presentation of a Resolution authorizing the Filing of an Application with the Federal Water Pollution Control Administration, United States of America, for a Grant under the Water Pollution Control Act, for Oakview Main Sewer.

Mr. Walker moved for the adoption of Resolution No. R-70-75. Councilman Bussinger seconded.

Mr. Olson explained that the reason for this action is that the application was submitted at the time Mr. Ed Bauman was Mayor of Gladstone, and the initial Resolution included his name. As this is a resubmission, it has been requested that the present Mayor attach his signature.

The vote: All "aye".

Mr. Olson stated that Mr. David Anderson will be "sitting in" while he is out of the City attending the City Managers' Conference; he said it was up to the Council as to whether or not they wish to go through the formality of appointing Mr. Anderson as "Acting City Manager" for the four days he will be away. In answer to a question, Mr. Shinn advised the Council that he felt a Resolution appointing Mr. Anderson as Acting City Manager should be adopted.

Mr. Bussinger moved the Council to adopt Resolution No. R-70-76, appointing Mr. David C. Anderson to serve as Acting City Manager from September 20th through and including September 24th. Mr. Jezak seconded the motion. The vote: All "aye".

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 5:30 P.M.

Joyce L. Seever,
Acting City Clerk

MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

28 September 70

The regular meeting of the Gladstone City Council was called to Order on Monday, September 28, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall.

Roll was called. In addition to Mayor Frank Kleiner, Councilmen present were Messrs. Bussinger, Jezak, Walker and Davis. Also present were the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk.

The Invocation was given by Reverend Robert Bell, Pastor of the Fairview Christian Church.

Item 3 on the Agenda: Acceptance of the Minutes of the regular meeting of September 14, 1970, and of the Special meeting of September 18, 1970. Mr. Walker moved for the acceptance of the Minutes of both meetings. Mr. Jezak seconded. The vote: All "aye".

Item 4 on the Agenda: Mayor Kleiner opened a Public Hearing on a request by the City to rezone from R-1 to C-P-3, certain property owned by the City, known as the "Cooksey property", located at approximately 4000 E. 76th Street North. The City plans to build a Public Works building on the aforementioned property. The City Manager spoke in favor of the proposed rezoning, indicating that the C-P-3 is actually Interim zoning, until January 1, 1971, and that between now and that time, a new zoning category is being sought; that when new zoning has been decided upon, the City will apply for that kind of zoning. He described the proposed Public Works Building, saying that it would be approximately 6,000 square feet; that there would be bays for parking City vehicles; that the portion at the other part of the building would be two-story, and would house the Water and Sewer Crews, the Street employees, and the total number of employees working out of the building would be about 25; that the City will need to repair the road up to the property, and will need to construct a water line to the property.

No one appeared to speak against the rezoning request. Mayor Kleiner closed the Public Hearing. Time: 8:11 P.M.

* * *

Item 5 on the Agenda: Communications from the Audience. Mrs. Max Swinney addressed the Council. She asked for a postponement of Item 11, scheduled as the 1st reading of Bill No. 70-52, rezoning from C-1 to C-3 property located at approximately 7519 North Oak Street and 403 E. 76th Street, N. Mrs. Swinney said she had learned that the Council wasn't satisfied with a verbal report of the plans for the property proposed for rezoning, and she hopes to work it out on paper; she has been unable to complete the plan and requested that the Council delay any action until she has given them more information. She asked if it could wait until about thirty days from now. It was suggested that the matter could come up again on the meeting night of October 26th. This met with her approval.

00
The Council approved Mrs. Swinney's request.
Mr. Walker thereupon moved to defer Item 11 until October 26, 1970.
Mr. Davis seconded. The vote: All "aye".

* * *

Item 6 on the Agenda: Communications from the City Council. Nothing at this time from Messrs. Bussinger, Jezak or Walker. Councilman Davis advised that the "path" near Flora and Highland, which has been maintained in the past by the City, as it furnishes a walk-way for school children, and which has a small rough bridge over the little creek which is in that area, had been vandalized, and was in need of repair. He said a child had been hurt crossing the bridge.

Mayor Kleiner said he believed the City should attempt to secure an easement on the property in order to work on the repairs; that we are liable to suit if this sort of thing occurs.

* * *

Item 7 on the Agenda: Communications from the City Manager. Mr. Olson asked for deferment of Item 9, scheduled as the third reading of Bill No. 70-50, prohibiting the sale or exhibit of material harmful to minors. He also advised there would be two additional resolutions for the Council to consider, and that copies of each were at their places at the Council table.

0 * * *

Item 8 on the Agenda: Mr. Davis moved for the third and final reading of Bill No. 70-49-A, rezoning from C-2 to C-P-3, property described as being located at approximately 5800 North Oak Street. (Pacer Oil Company, Petitioner). Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1.768. Mr. Walker seconded. The vote: All "aye".

* * *

Item 9 - Deferred.

Item 10 on the Agenda: First reading of Bill No. 70-51, rezoning from C-1 to C-P-3 property located at approximately 6700 North Oak Street. (Armstrong, Petitioner.) Mr. Jezak moved to place said Bill on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Item 11 - Deferred.

* * *

Item 12 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-77, authorizing the City Counselor to file a notice of and prosecute an appeal, and to incur expenses in connection therewith, in connection therewith in the condemnation proceeding entitled City of Gladstone, Missouri vs. William F. Pupkes and Gail M. Pupkes, now pending in the Circuit Court of Clay County. Mr. Jezak seconded. The vote: All "aye". Resolution adopted.

00

Item 13 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-70-78, authorizing the City Manager to grant an additional extension of time to the Deister Company, Inc., for a period of thirty days, from September 9, 1970, for the completion of Water Contract No. 14, for a Water Sludge Conditioning System. Mr. Bussinger seconded. The vote: All "aye". Resolution adopted.

* * *

Item 13-a - Mr. Bussinger moved for the adoption of Resolution No. R-70-79, authorizing the City Manager to accept a proposal from Video Pipe Grouting, Inc., in the total amount of \$5,000, for cleaning, inspecting by closed circuit television, and chemically grouting all joints in an 8" sewer line located in Hamilton Heights Subdivision, from approximately 6900 North Wyandotte, to approximately 6905 North Wyandotte, for a distance of approximately 1,000 feet, more or less, and, further, that Video Pipe Grouting, Inc., shall furnish the required insurance coverage. Mr. Jezak seconded. The vote: All "aye". Resolution adopted.

* * *

Item 13-b - Mr. Jezak moved for the adoption of Resolution No. R-70-80, authorizing the sum of \$5,000 be added to the 1970-71 Annual Operating Budget for the Combined Waterworks and Sewerage Utility, thereby increasing the total for the Department from \$37,345 to \$42,345. Mr. Davis seconded. The vote: All "aye". Resolution adopted.

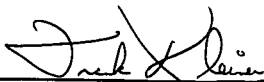

Under "Other", there was no further business to come before this meeting, and it was, after motion duly made and seconded, adjourned. Time: 8:25 P.M. Mayor Kleiner advised there would be a Study Session held at 7:30 P.M. on Wednesday evening.

22. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
12 OCTOBER 79

The regular meeting of the Gladstone City Council was held on Monday, October 12, 1979, in the Council Chambers of the Gladstone City Hall, at 8:00 P.M. Roll was called: Present were Councilmen Bussinger, Jezak, Walker, Davis and Mayor Kleiner. In addition, the City Manager, the Assistant City Counselor and the City Clerk were present.

The Invocation was given by Reverend Wayne Smith, Pastor of the Linden Baptist Church.

Item 3 on the Agenda: Mr. Davis moved to accept the Minutes of the regular Council meeting of September 28, 1979, as submitted. Mr. Walker seconded. The vote: All "aye".

At this time, Mayor Kleiner introduced Mr. Charles Stitt, of the Northwestern Law Enforcement Council. Mr. Stitt presented a check in the amount of \$3,708.60 to Chief Robert Harris, such amount representing the City's share of a Grant to purchase law enforcement equipment (such as radios, etc.) - such funds being administered by the above mentioned Agency. Mayor Kleiner expressed the City's appreciation of the receipt of this money.

Item 4 on the Agenda: Communications from the Audience. Nothing at this time.

Item 5 on the Agenda: Communications from the City Council: Councilman Jezak asked about the schedule of officers who man the school pedestrian crossings, indicating that he had been advised that no one had been present at 65th and N. Michigan. Councilman Walker commented that, since school takes up at 9:00, it would seem that the officer assigned to that crossing should be there at an earlier time. Councilman Bussinger commented that he felt the officer should be on duty for an hour. Councilman Walker asked Chief Harris to submit a schedule of duty for each officer at each such school crossing, such schedule to be given to each Councilman.

Councilman Jezak asked about the current status of the City's suit against the City of Kansas City regarding the sewer charge. Mr. John Dods, the Assistant City Counselor, said that they have been in contact very recently, about a week ago, as a matter of fact, trying to agree on the facts of the case before presenting the matter to the Court; that they hoped to be set up for the second week of November at which time there is a docket call; that there were still some problems which were legal issues which they were trying to sort out.

Councilman Davis drew the Council's attention to the fact that one of the Bills up for consideration at this meeting was duplicated as far as the number (70-52) was concerned; that the Bill for an ordinance establishing a Citizens Advisory Committee to the Public Safety Department should actually be numbered "70-55", instead of "70-52"...the Clerk noted the correction.

Mayor Kleiner had nothing to discuss at this time.

The City Manager advised that the Condemnation case pending (City of Gladstone vs. Rudolph Schmidt, No. 39502) would be called for 9:00 A.M. on November 6th. He advised, also, that there would be some additional Resolutions before the Council this evening, copies of which had been made available to them.

Item 7 on the Agenda: Third Reading of Bill No. 70-50, for an ordinance prohibiting the sale or exhibit of material harmful to minors. Mr. Davis moved to accept the second reading and call for a third reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 70-50, and to enact it as Ordinance No. 1.759. Mr. Walker seconded. The vote: All "aye".

Item 8 on the Agenda: Second reading of Bill No. 70-51, for an ordinance to amend Ordinance No. 1.372, rezoning property described as Lot 4, Hamilton Heights, located at approximately 6700 North Oak Street. Mr. Walker moved to accept the first reading of Bill No. 70-51, and to place it on second reading. Mr. Davis seconded. Mr. John Dods suggested that it might be wise to defer such second reading until the Council had dealt with Item 12 on the Agenda, scheduled as "an ordinance amending an earlier amendment to the Zoning Ordinance" (scheduled as the first reading of Bill No. 70-54).

Councilman Davis said he believed it might be appropriate for the petitioner to withdraw his request for rezoning.

Mayor Kleiner said he would like to call for the second reading. The vote was then taken: Councilman Bussinger, RD, Councilman Jezak, NO, Councilman Walker, NO, Councilman Davis, YES. Mayor Kleiner, NO. Thus, the second reading proposed for Bill No. 70-51, was failed, and the Bill failed.

Item 9 on the Agenda: First reading of Bill No. 70-45, for an ordinance amending the Model Traffic Ordinance of the City of Gladstone. Mr. Jezak moved to place said Bill on first reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of said Bill and to place it on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak thereupon moved to accept the second reading of Bill No. 70-45, to waive Section 20 of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 70-45, and to enact it as Ordinance No. 1.770. Mr. Bussinger seconded. The vote: All "aye".

Note: (Item 10 - having numbered the Bill, this item moved down in position on the Agenda.)

Item 11 on the Agenda: First reading of Bill No. 70-53, amending Ord. No. 1.372, rezoning property described as located at approximately 4000 NE 76th Street, from M-1 to C-4-P-2. Mr. Bussinger moved to place Bill No. 70-53 on its first reading. Mr. Walker seconded. The City Manager suggested that these Minutes reflect that a time limit had been placed on the proposed zoning for the property in question; that a new zoning category was being sought for city-owned property into which this particular property would fall; and the time limit suggested was January 1, 1971. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 70-53, and to place said Bill on second

reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

* * * * *

Item 12 on the Agenda: First reading of Bill No. 70-54, for an ordinance amending an earlier amendment to the Zoning Ordinance, and particularly Section 11-6 of Ord. No. 1417, District C-1, Local Business District, Use Regulations, by adding a definition to such section. Mr. Walker moved to place Bill no. 70-54 on first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of said Bill, and to place it on second reading. Mr. Jezak seconded. The vote: Councilman Bussinger, AYE, Councilman Jezak, AYE, Councilman Walker, AYE, Councilman Davis, RO. Mayor Kleiner, AYE. The Clerk read the Bill.

* * * * *

Item 10 on the Agenda: First reading of Bill No. 70-55, for an ordinance establishing a Citizens Advisory Committee to the Public Safety Department, etc. Mr. Jezak moved to place Bill No. 70-55 on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 70-55, and to place said Bill on its second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

* * * * *

Item 13 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-80, authorizing the acceptance of the bid from Ville-Goller Fine Arts for the preparation of and printing of the 1971 Civic Calendar at 48¢ per copy, for a total amount of \$3,350.00. Mr. Walker seconded. The vote: All "aye".

* * * * *

Item 14 on the Agenda was deleted.

Item 15 on the Agenda: Mr. Davis moved to adopt Resolution No. R-70-81, authorizing the City Manager to accept a proposal on and execute a Contract (No. 1) with L. E. Green Masonry, Inc., for the construction of the Public Works and Utilities Building, in the total amount of \$18,846, and further resolving that such Contract No. 1 shall include documents required by the Prevailing Wage Law, and that the Prevailing Wage shall be paid for the construction work on such building. Mr. Walker seconded. The vote: All "aye".

* * * * *

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-82, authorizing the City Manager to accept a bid for liquid carbon dioxide for the Water Treatment Plant, from S.E.C. Corporation, in the amount of \$66 per Ton, and further, to rescind the purchase order for such carbon dioxide from Pureco Carbonic Gas, as authorized by an earlier Resolution (No. R-70-62), which listed the price in error. Mr. Davis seconded. The vote: All "aye".

Item 17 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-70-83, authorizing the City Manager to grant additional time to The Deister Company, Inc., on the water sludge conditioning system for the Water Treatment Plant, for a period of ten days from October 9, 1970, because of circumstances beyond their control. Mr. Bussinger seconded. The City Manager advised that, in actuality, The Deister Company, Inc., now has the system ready for completion of installation; that it has been put together, that they planned to complete installment Tuesday morning if the weather permits.

Mr. Walker asked if the City had facilities to haul the sludge away. The City Manager advised that there are several companies with which arrangements will be or could be made; that in the future he hoped the Council would discuss the possibility of purchasing a tank truck, which, he felt, would be the most economical way to proceed. The vote: All "aye".

* * * * *

Item 17-a - Mr. Walker moved for the adoption of Resolution No. R-70-84, which authorizes the City Manager to advertise for certain bids for construction of the Public Works and Utilities Building, specifically for work on the following: (a) Electrical, (b) Plumbing, including underground and disposal system, (c) Structural steel, (d) roof, (e) carpentry, and (f) heating and air conditioning. Mr. Jezak seconded. The vote: All "aye".

Item 17-b - Mr. Davis moved for the adoption of Resolution No. R-70-85, which authorizes the City Manager to accept a certain bid and enter into a contract for the installation of a Vehicle Lift with the Charles Moll Company, (for a twin-post, hydraulic lift and installation of same in the Public Works and Utilities Building at a total cost of \$2,593.00), and, further, that the Contract shall include documents required by the Prevailing Wage Law, and that the Prevailing Wage shall be paid for installation of such vehicle lift. Mr. Walker seconded. The vote: All "aye".

* * * * *

Item 18 on the Agenda: Consideration of a request submitted by letter by Mr. Frank T. Peak, for the keeping and scabbling of two horses on Lots 1, 2, 3, and 4, Block 10, LINDEN, (asking for removal of his Special Use Permit issued in September of 1969. After deliberation, Mr. Jezak moved for the adoption of Resolution No. R-70-86, which extends the Special Use Permit requested by Mr. Frank Peak for a period of one year, the expiration date of which shall be October 12, 1971. Mr. Walker seconded. The vote: Councilman Bussinger, NO, Councilman Jezak, aye, Councilman Walker, aye, Councilman Davis, aye, Mayor Kleiner, aye.

* * * * *

Item 19 on the Agenda: Consideration of building plans submitted by the owner of the Gladstone Flower Shop and Green House, 5808 North Oak Street, for the construction of a garage at the rear of the present shop, to house a refrigerator van. After discussion with Mrs. Thomas, the Owner, and looking at the plans, Mr. Walker moved to approve the building plans for the Gladstone Flower Shop and Green House garage construction. Mr. Bussinger seconded. The vote: All "aye".

Item 20 on the Agenda: Acceptance of Disbursement Reports from the Combined Water and Sewer Departments, and from the General Funds, for the month of September, 1970. Mr. Bussinger moved for such acceptance. Mr. Kleiner seconded. The vote: All "Aye".

Item 21 - "BUSINESS" - Mr. Olson advised that the Auditors had completed their work, and would like to have a meeting with the Council to discuss the Audit Report. Mayor Kleiner suggested setting up such a meeting, and polling the Council to see if one date would be better than another...Mr. Olson said that a week or so would not make any difference.

Mr. Jezek said he would like to move that Mrs. Joan Wagner be reappointed to serve on the Park Board for a three-year term; and to appoint Mr. Bill Parker, of 1505 NE 56th Terrace, for a one-year term. Mr. Walker seconded. The vote: All "Aye".

Mr. Bussinger advised that the City of North Kansas City, Missouri, had recently adopted a Resolution concerning the removal of the toll on the Paseo Bridge, once the Revenue Bonds were retired. This is in the face of the controversy which has recently arisen concerning the State Highway Commission's desire to have the toll continue to pay for some major improvements which are planned for this bridge. Mr. Bussinger said that he believed that a majority of Gladstone citizens would agree that the toll should be removed as soon as possible.

The City Manager said in response to the question, that he had recently been brought up to date on the plans that approximately 10 persons who were present at a meeting recently, were asked to send a letter to the National Legislators in protest of the anticipated toll elimination...He said he also learned that a new bridge was to be proposed, and that another meeting was being set up for further discussion of this most important matter; he also mentioned that there would be a hearing on this matter before the Highway Commission on November 6th, or 19th.

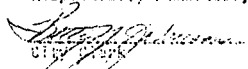

Mr. Bussinger suggested that the Council put their wishes into a formal Resolution to be passed in the books, at the next Council meeting.

Mr. Davis suggested adopting a verbal resolution at tonight's meeting.

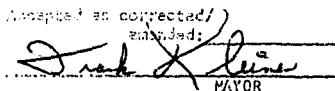

Mr. Davis suggested a unanimous motion that a motion could be made and adopted at this meeting asking the City Manager to draw up a formal resolution for presentation at the next Council meeting. Mr. Davis so moved. Mr. Bussinger seconded. The vote: All "Aye".

As there was no further business or items before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 9:30 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
26 OCTOBER 70

A G E N D A

1. Meeting Called to Order - Roll Call
2. INVOCATION: Reverend Tribbey Nickerson, Pastor of the Meadowbrook United Methodist Church.
3. Acceptance of Minutes of October 12, 1970.
4. PRESENTATIONS: National Merit Award, from both Jackson and Clay Counties, from Division of The American Red Cross, to Officers Ralph Ager and Leonard Ladd; Merit of Valor Award to Officer Royce Wilson, and Officer of the Quarter Award to Officer Royce Wilson.
5. PUBLIC HEARING: On a request to secure Special Use Permit for an unlimited length of time for a kennel to be constructed at 7321 North Antioch Road. Note: Because of an error in interpretation of the original request, the Public Hearing before the City Council has been reset for November 9, 1970, at which time this matter will again come before the Council.
6. Communications from the Audience
7. Communications from the City Council
8. Communications from the City Manager
9. FIRST READING: Bill No. 70-52, rezoning from C-1 to C-3 property described as being located at approximately 7519 North Oak and 403 E. 76th Street, respectively. Petitioner: Max Swinney.
10. THIRD READING: Bill No. 70-53, rezoning from R-1 to C-P-3, property described as being located at approximately 4000 N.E. 76th Street. Petitioner: City of Gladstone.
11. THIRD READING: Bill No. 70-54, amending Ordinances 1.372 and 1.417, relating to Zoning, and to Section 11-6, District C-1 (Local Business District), by adding a definition to such Section.
12. THIRD READING: Bill No. 70-55, establishing a Citizens' Advisory Committee to the Public Safety Department.
13. RESOLUTION: Authorizing advertisement for certain bids for the installation of a water main to serve the Public Works & Utilities Building.
14. RESOLUTION: Urging the Missouri State Highway Commission to remove tolls from the Paseo Bridge, and to consider plans for the construction of an additional bridge.
15. RESOLUTION: Accepting the Annual Audit Report for Fiscal Year ended June 30, 1970.
16. RESOLUTION: Authorizing advertisement for certain bids for improvements in Oak Grove Park.
17. RESOLUTION: Authorizing acceptance of work performed by Capital Electric Construction Company of Kansas, Inc., and to make final payment for installation of Civil Defense Warning Siren.
18. CONSIDERATION: Transfer of Liquor License - "Quik-Trip" 7603 North Oak Street
19. CONSIDERATION: Building Plans for construction of Dunkin' Doughnut building, 6700 N. Oak
20. Acceptance of Financial Reports from Combined Waterworks & Sewerage System, and from Special Park and Playground, Special Sewer Assessments, Sidewalk Construction and General Funds, for three months ended September 30, 1970.
21. OTHER
22. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
26 OCTOBER 70

The regular meeting of the Gladstone City Council was held on the 26th day of October at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called and those present were: Councilman Bussinger, Councilman Jezak, Councilman Walker, Councilman Davis and Mayor Kleiner. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were present.

The Invocation was given by Mr. David Olson, City Manager, who led the Council and Audience in repeating the Lord's Prayer.

Item 3 on the Agenda: Mr. Walker moved for the acceptance of the Minutes of the regular meeting of October 12, 1970, as submitted. Mr. Davis seconded. The vote: All "aye".

Item 4 on the Agenda: The Chairman of the Jackson County Greater Kansas City Chapter of the American Red Cross was present to introduce Mr. Ernie Votard, Regional First Aid Chairman of Clay County, who presented the American Red Cross Certificate of Merit to Lieutenant Ralph Ager and Patrolman Leonard Ladd of the Gladstone Public Safety Department because of their noteworthy action in saving the life of Mr. William Lawhon, 1706 NE 77th Street, on August 1, 1970. Mr. Lawhon was suffering from heart failure, and it was stated by Dr. Robert H. Hodge that his illness could have resulted in death if it were not for the quick action of the two officers.

Officer Royce Wilson, of the Gladstone Public Safety Department, was presented with an Award of Valor, and also credited with saving a life. Officer Wilson was also given the "Officer of the Quarter" award. Such award covered the months of April, May and June of 1970.

All three men received the congratulations of the Council and a hearty round of applause.

* * *

Item 5 on the Agenda: A Public Hearing had been called for this date on an application for rezoning submitted by Mr. and Mrs. B. D. Lemley, of 7321 North Antioch Road. However, due to an error in interpretation of their request, the request was republished and the Public Hearing has been re-set for November 9, 1970, at which time the matter will again come before the Council for Public Hearing.

* * *

Item 6 on the Agenda: Communications from the Audience. Mr. Max Swinney, petitioner for a rezoning request for 7519 North Oak and 403 E. 76th Street, was present and addressed the Council. He advised that he was prepared to show plans for both building and future occupancy for the above mentioned addresses, and would like to talk to the Council regarding Item 9, scheduled for tonight's discussion. Mayor Kleiner said this would be taken up under Item 9, a little later on.

Mrs. Marge Motta, 5804 North Broadway, addressed the Council regarding a dangerous problem presently existing on North Broadway, between 58th and 59th. She reported that this is where the bus loads school children, and that there are between 80 and 100 children there...that the present speed limit of 35 miles per hour does not stop

the cars from speeding down the street; that cars skid there, ram the bridge, tear down mail boxes, and generally create such danger that a child was struck recently. It was her feeling that if the child had been younger, it might have been killed; as it was, the child suffered a concussion. She asked what could be done to get rid of the problem. She explained that they were located at the bottom of two hills, and she is sure someone will be killed if the present condition is allowed to continue.

Mayor Kleiner said this matter had been brought up at the last work session; that he believes it would be only fair to have another meeting and devote more time to this particular problem so as to be sure what to do to work the problem out; that it will be brought up at a special work session; that he hoped, in the meantime, that a sign could be put up to reduce the speed which would slow the traffic down, and he suggested putting an officer at the crossing to guard the area where the school busses load; he also suggested that the School District be contacted to be sure they were aware of the problem, to see if perhaps a different loading area could be used.

Mrs. Motta said she had sent a letter to Lt. Ager on September 21st drawing the matter to his attention.

Mayor Kleiner said he was not opposed to meeting with those interested people to see what could be worked out.

The City Manager said he was familiar with the letter which had been written; that he had looked into the recommendations which had been made and that the Public Safety Department has been following through on them.

Mrs. Bill Grace, 409 N.W. 58th Street, addressed the Council, indicating that she was very much concerned; that the cars do not limit their speed to even the 35 miles per hour which is marked; that she has seen cars going - she is sure - 70 or 80 miles an hour in the area.

Mrs. Kenneth Bell, 5801 North Broadway, said that trucks come down Broadway at terrible speed; that they have hit at least seven mail boxes; that both culverts have been knocked out by trucks that were unable to stop; that 3 cars have been over the culverts in the last three years; that several dogs have been killed, and the little neighbor girl hit; she said she was asking that something be done right now to correct a very dangerous situation.

Mr. Charles Holmes, 401 N.W. 58th, said it was his little girl who had been hit by the car; he said that he was pretty well concerned with the high speed allowed in the area; he said he was hopeful that he could impress upon the Council the necessity of getting something done soon.

Mr. Bussinger said he believed the Council should meet with some of the people here in order to further familiarize themselves of their problems; that he would recommend setting a time when the Council and they could get together to take a good look at the problems and see what they look like.

Mr. Walker said he didn't feel the Council should wait to have a meeting; he suggested asking that something be done tonight; either get some signs put up or reduce the speed limit or whatever it takes, then, if it needs further study, arrange a meeting; he said he felt something was needed tonight; he said the traffic wouldn't wait for them.

Mayor Kleiner said the present speed limit was not the cause of the accident involving the little girl; she had gotten onto the bus, had remembered that she had left her lunch money in the house; got off the bus while the driver waited, but the driver did not remember to put his wait light back on, and that is when she was struck. He said he didn't think the Council should make any major decision without looking into all the matters; he said he was agreeable to putting up temporary signs in there to slow down the traffic, but the problem cannot be solved hurriedly tonight; there are a lot of things to be considered.

Mr. Walker said he realized they could not solve the problem tonight, but feels that something needs to be done. He said he felt the traffic problem is caused by the street itself; he thought there should be some consideration of changing the bus stop, providing a new loading zone area, but, he said, this will not solve the situation. He said he believed something should be done tonight; he asked the City Manager is there were some signs on hand which denoted "congested area", or "children in street", or something of this sort. The City Manager said there were some such signs available.

Mr. Walker then moved that the City place several such signs at the tops of both the hills in the area as warning of the danger, and to denote "residential area and children crossing"...Mr. Jezak seconded.

Mr. Jezak suggested slowing the speed in that zone. Mr. Walker agreed it needed to be looked into, but was anxious to get something started tonight. He said the problem could be studied more later; he said he knew this wasn't the solution but he felt we must make the effort to do something now.

Mr. Jezak suggested that the Council ^{could} get together within seven to ten days, but that he felt that there was a need to do something immediately, and asked why wait that long. He said that was why he had seconded Mr. Walker's motion.

Mr. Walker suggested that the rest of the Council could get together and have a meeting on Sunday if that was satisfactory; that he wouldn't be able to be there at that time, but that he would like to be with them when they investigate the matter; but, to speed it up, he would rather the rest of the Council move ahead on it, and go ahead with a meeting suggested for Sunday morning.

Mrs. Bell said that when the speed limit was 25 m.p.h., there seemed to be a lot less traffic; that many of the area residents were now using North Broadway as though it were a free-way. She said she had talked to one of our policemen and he had said he didn't even ticket them unless they were going over 45 m.p.h. She said she knew some of the cars do 90 or even 100 m.p.h., and she doesn't know how they have been so fortunate thus far not to have had some really serious accidents.

Mayor Kleiner said that it was true that Public Safety Officers cannot be everywhere in the City at once; that he would suggest that they pay more attention to that area. He suggested having a Public Safety Officer there for the next several weeks to help when the bus is loading and unloading, to see if this will be helpful.

Mr. Davis said he thought this was a logical place for the motorcycle patrol down there. He said he hoped the concerned people were also expressing their concern to the North Kansas City School District. He said he felt there had to be a better place to load buses, and he asked if the 35 m.p.h. is right for that area. He

said the Council will go ahead and have their work session on the matter and attempt to pursue it further.

Mrs. Bell said she hadn't meant to imply that the Public Safety Officers were neglecting their jobs. She said when they were there they were terribly busy; that they leave to "get one", and no sooner get back to the area than they have to "get" another one. (*referring to speeders). She said the buses are too large to turn around; that both lead-in streets there are dead end.

The vote on the motion was taken: All "aye".

* * *

Item 7 on the Agenda: Communications from the City Council. Nothing at this time.

Item 8 on the Agenda: Communications from the City Manager. Mr. Olson advised that the LAGERS meeting would be held in Jefferson City, Missouri, on the 17th of November. He said that, according to regulations, an employee representative would be elected by the member employees by ballot, and that an elected representative from the Council was still needed. He further advised that the tax statements were ready and would be mailed this week.

Mayor Kleiner said that Councilman Walker had indicated he might be able to attend the LAGERS meeting.

Mayor Kleiner said that on November 19th, there would be a delegation going to Jefferson City to request that the toll be removed from the Paseo Bridge at the time the revenue bonds are retired. He suggested that perhaps a bus could be chartered, as had been done before, and that a group from Gladstone might also want to go.

He stated that there would be a meeting of the Council members at 11:00 A.M. on Sunday, November 1st, to discuss the problem of the bus loading and unloading, and the speed on Broadway at 58th; he suggested that some of those people who were present tonight be contacted to meet with them also, and he asked that the City Engineer be present, as well.

* * *

Item 9 on the Agenda: First reading of Bill No. 70-52, rezoning from C-1 to C-3 property described as being located at approximately 7519 North Oak and 403 E. 76th Street, respectively. Max and Mary Swinney, Petitioners. Mr. Walker moved to place said Bill on first reading. Mr. Jezak seconded. At this time, Mr. Swinney addressed the Council, saying that he had some plans to show the Council of what he intended to build; how he intended to develop, and why. He said he felt it would be beneficial to the City to proceed with what he had planned; that it was not their intention to change Kramer Hardware in any way, nor Jim G's, which lies to the south of the property up for rezoning. He said he had no anticipation of doing it all at once, but that he did have proper financing, and he hoped to make this a well planned, well set up small shopping center. He described the size of the buildings planned, and described their locations, as set out on the plans, which he showed the Council members.

Mayor Kleiner asked if he had plans for definite occupancy of the proposed buildings. Mr. Swinney said there had been some interest evidenced by several; that

there wasn't proper zoning for one of the prospective companies, a manufacturer of small plastic parts, and they had to turn them down. He said that when a company looks for a location, they have to move fast, and as it was, they were unable to give them C-3 zoning which is what would have been required. He said there was no residential zoning around them; that directly behind them is C-1; that Lots 5 and 6 of Thomas Heights, with 300' depth, are C-1, and that all their prospects of occupants are contingent upon their getting the zoning changed. He also said he felt the plans as submitted utilized the space to the best possible advantage. He mentioned, further, that Kramer Hardware wanted to expand into handling some building materials, and that this would also require C-3 zoning.

Mr. Davis said the Council was leery of speculative zoning; that C-P-3 zoning would give the Council better control of the changes if there were to be any; that he was also leery of having new information introduced after the Planning Commission and Council had held their Public Hearings; that he wished they could have had this information sooner; that the Council had already received a unanimous recommendation from the Planning Commission to reject the rezoning request. He said he believed the information presented this evening could have averted their recommendation.

Mr. Swinney said he realized now that he had gone about this all wrong; that he could only plead ignorance at this point.

Mr. Davis asked what the Council should do - whether it could be re-introduced to the Planning Commission, or what?

Mayor Kleiner said the Council had told Mrs. Swinney that they would hear Mr. Swinney's side on this matter, and he asked the Assistant City Counselor, Mr. Dods, what the right way to go would be on this. Mr. Dods suggested that if Mr. Swinney goes back and applies for "C-P-3", which is more restrictive, the matter could be referred back to the Planning Commission, in his opinion, and, it then, could be resented to Council, without republication.

It was explained, further, that what the Council seeks or gains with C-P-3 zoning is that it gives the Council a guarantee that the plans will be developed as they are proposed.

Mr. Swinney said that he could assume, then, that the C-3 or C-P-3 rating would be allowable....Mr. Walker said the Council would hold a meeting to approve the plans, and Mr. Swinney said he would be agreeable to asking for C-P-3 zoning.

Mr. Walker moved to table the action on the first reading of Bill No. 70-52 until a later date, such date not being set at this time. Mr. Walker seconded. The vote: All "aye".

Mr. Davis moved to return the Max Swinney application for rezoning from C-1 to C-3 on property located at approximately 7519 North Oak and 403 E. 76th Street North, to the Planning Commission for reconsideration, based on the assumption that the petitioner was requesting C-P-3 zoning instead of C-3. Mr. Jezak seconded. The vote: All "aye".

Item 10 on the Agenda: Mr. Bussinger moved to accept the second reading of Bill No. 70-53, rezoning from R-1 to C-P-3, property described as being located at approximately 4000 E. 76th Street North, Gladstone, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of said Bill, and to enact same as ord. No. 1.771. Mr. Davis seconded. The vote: All "aye".

* * *

Item 11 on the Agenda: Mr. Jezak moved to accept the second reading of Bill No. 70-54, for an ordinance to amend Ordinances 1.372 and 1.417, relating to zoning, and particularly Section 11(6) District C-1, Local Business District, Use Regulations, by adding a definition to such Section, i.e.: "The number of persons employed shall mean the number of regular employees working or on duty at any given time at any such bakery or doughnut shop"..., and to place said Bill on third and final reading. Mr. Walker seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, NO, Mayor Kleiner, aye. (4-1). The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.772. Mr. Walker seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, NO, Mayor Kleiner, aye. (4-1)

* * *

accept the second reading of and to
Item 12 on the Agenda: Mr. Walker moved to place Bill No. 70-55 on third and final reading. Said Bill establishes a Citizens Advisory Committee to the Public Safety Department; provides for the selection, term and attendance of members and chairman thereof; sets forth the duties and powers of such Committee; grants to such Committee the authority to promulgate administrative rules and regulations for the conduct of its business; sets the time and place for its meetings, and establishes the effective date of this ordinance. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 70-55, and to enact it as Ordinance No. 1.773. Mr. Davis seconded. The vote: All "aye".

Mayor Kleiner then suggested the appointment of the following members to serve on such Advisory Committee:

Mr. Richard Dowd, Chairman, 1405 E. 67th Street North, Mr. C. Milton Wallace, 1709 E. 69th Street North, Mr. Irving Hepner, 6504 North Walnut, Mr. Jack Dixon, 5608 North Euclid, Mr. John Wood, 6715 North Wyandotte, Mr. Joe Hayes, 2102 Shady Drive, Mr. Derrell Cunningham, 3505 E. 62nd Terrace, North.

He suggested, further, that Mr. Walker shall serve as the Council representative to this Committee.

Mr. Davis moved to concur with the Mayor's appointments of the aforementioned members and Council representative, and moved that such appointments be made. Mr. Walker seconded. The vote: All "aye".

The Committee will hold a meeting on October 28th, at 7:30 P.M. at the City Hall. All members are to be notified of the meeting.

It was noted that Mr. Dowd would have to be replaced on the Planning Commission. Mr. Bussinger moved to appoint Mr. William D. Newborn, 7416 North Wyandotte, to

fill the unexpired term of Mr. Dowd, for the Gladstone Planning Commission. Mr. Jezak seconded. The vote: All "aye". Mr. Newborn to be notified of appointment.

* * *

Item 13 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-70-87, authorizing the City Manager to advertise for certain bids for the installation of a water main to serve the new Public Works and Utilities Building. Mr. Davis seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-88, authorizing the City Council to request and urge the Missouri State Highway Commission to remove the tolls from the Paseo Bridge at the earliest possible time, and to discontinue such tolls beyond the time the Bonds used to finance the construction of said facility are retired, and to request and urge the Missouri State Highway Commission to consider and implement plans for the construction of an additional bridge facility crossing the Missouri River to serve the area north of the Missouri River in order to facilitate adequate traffic movement in said area. Mr. Walker seconded. The vote: All "aye". Mayor Kleiner suggested that a copy of this Resolution be forwarded to the State Highway Commission.

* * *

Item 15 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-89 accepting the Annual Audit Report submitted by the firm of Troupe, Kehoe, Whiteaker and Kent, and authorizing payment for same, in the amount of \$5,300.00. Mr. Jezak seconded. Mr. Bussinger said he did not understand the motion nor the Resolution; that he was puzzled at having a figure of "\$5,300 shot at him", and not knowing what it was for, nor how it was reached. He said he didn't know if this was in line, or not. The City Manager said it was in line; that, in fact, the amount had been set up by Council action and the adoption of a Resolution last year stipulating that an Audit report to be submitted this year would not exceed that figure. The vote: All "aye".

Mayor Kleiner called a five-minute recess. Time: 9:25 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened at 9:35 P.M., with all members present and accounted for.

* * *

Item 16 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-70-90, authorizing the City Manager to advertise for certain bids for improvements at Oak Grove Park, to cover fence, asphalt paving, curb and gutter, comfort station, sanitary sewer and trees, and stipulating that such work would be performed in accordance with the Prevailing Wage Law of the State of Missouri, etc. Mr. Walker seconded. He said he thought it had been decided to forego both the comfort station and the sewer. Mr. Jezak said that he believed this matter had been decided. Mr. Olson said that when the application for Federal Grant was resubmitted, there was some discussion on all the items; that he believed there had been general agreement to go ahead on all items; that if the Council feels that the comfort station and sewer should not be

included, then they can be deleted; that he was quite sure the Minutes of the Park Board would reflect their concurrence; that we are running out of time, and that he would only ask that the Council make the decision. Mr. Jezak asked when the time limit runs out. The City Manager said either in December or January but that it wasn't long..that time has a way of getting ahead of us.

It was noted that the bids would come in on the individual items, and would be received seperately, but that the curb and guttering bid would come in as one item.

Mr. Bussinger asked why there were any objections. Mr. Jezak answered that it was a matter of personal objection because of the large amount of money which would be involved. Mr. Bussinger asked if the sewer and comfort stations are eliminated, could the City still go back to the government for help in the construction.

The City Manager said the items could just be deferred; that he was quite convinced that the City would not be losing out; that he does not say that it all had to be taken at once.

Mr. Bussinger said he was under the impression that it had been discussed.

Mayor Kleiner concurred that it had been discussed, and said he did not object to its being put out for bids.

Mr. Jezak said he believed the City could put it out for bids, but that he would like the Park Board recommendations before finalization.

The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-91 authorizing the City Manager to accept the work performed by Capital Electric Construction Company of Kansas, Inc., in connection with the installation of a Civil Defense Warning Siren, and to make final payment therefore in the amount of \$677. Mr. Davis seconded. The vote: All "aye".

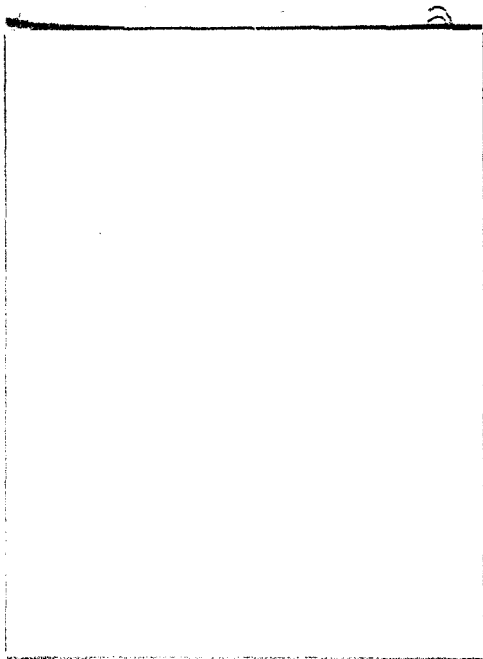

Mayor Kleiner asked what was the location of this new siren. Mr. Olson said it was directly south of the John Chezik Buick Building, in the parking lot on a 90' pole.

* * *

Item 18 on the Agenda: Consideration of a transfer of liquor license to the new manager of the Quik-Trip Store, 7603 North Oak Street. After due consideration, Mr. Davis moved the approval of the transfer of the liquor license to the new manager, Mr. Halverton. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 19 on the Agenda: Consideration of building plans for Dunkin Doughnut building to be constructed at 6700 North Oak. After looking at the plans submitted to the Council, and suggesting several changes, Mr. Walker moved for the acceptance and approval of the plans for the Dunkin Doughnut building, 6700 North Oak, with the suggestions for changes noted on plans designated as DD 70-61, dated 7/28/70. Mr.

Bussinger seconded. The vote: All "aye".

* * *

Item 20 on the Agenda: Acceptance of Financial Reports from Combined Waterworks and Sewerage System, and from Special Park and Playground, Special Sewer Assessment and Sidewalk Construction and General Funds, for 3 months ending September 30, 1970. Mr. Davis moved for the acceptance of the above. Mr. Walker seconded. The vote: All "aye".

Item 21: "OTHER".....

Mr. Jezak advised the Council that at the Park Board meeting held last Wednesday, he wanted to go on record as announcing that Gibson Enterprises had granted the City the use of a large tract of land on 72nd Street, the south side, between Wyandotte and Walnut, to use as a baseball park, and which will be ready for use for the first game of the 1971 season. The park is to be called Rose Park, for the donor, Mr. Ben Rose, for as long as the City continues to use the ground. He advised, further, that a back stop has been ordered, and that there will be off-street parking.

There being no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:05 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

November 9, 1970

The regular meeting of the City Council of Gladstone, Missouri was called to order by Mayor Frank Kleiner at 8:00 p.m., November 9, 1970 in the Council Chambers of the Gladstone City Hall.

Mr. Walker moved that Mrs. Joyce Seever be appointed Acting City Clerk in the absence of Mrs. Betty Johnson; Mr. Bussinger seconded the motion. All voted aye.

Roll was called. Those present were Mayor Kleiner; Mr. Bussinger, Mr. Jezak, Mr. Walker, and Mr. Davis, Councilmen; Mr. Dods, City Counselor and Mr. Olson, City Manager.

The City Manager led those present in repeating the Lord's Prayer.

Item 3 on the agenda was a proclamation proclaiming the week of November 22 through November 29, 1970 as NATIONAL BIBLE WEEK. The Mayor read the Proclamation.

* * * * *

Item 4 on the agenda was a Public Hearing on a request to secure a Special Use Permit for an unlimited length of time for a kennel to be located at 7321 North Antioch Road; Petitioners, Mr. and Mrs. B. D. Lemley.

Mr. Ward Dorsey, 2102 Swift, North Kansas City, Attorney, represented Mr. and Mrs. Lemley. He said the Lemley's live at 7321 North Antioch Road on a tract of land comprising approximately two and one-third acres. He presented a plan showing the location of the present house and the proposed building. The land is in an area zoned R-1; it is bounded on the north side by Shoal Creek. Land lying north of Shoal Creek is zoned for M-1 usage. The land directly across the road from this property is zoned R-1 and the land across the road from that of the Petitioner is zoned M-1. There is other property in the immediate vicinity zoned M-1 and one piece zoned C-3.

Mr. Dorsey said the Petitioners have been operating a dog kennel at this location from their home since December 1965, and have been operating under a Special Use Permit. The Special Use Permit was originally issued for one year, renewed twice for one year permits, and the third time for three years. The present permit expires December 1971. The Lemley's propose to build a new building especially designed and equipped for this purpose. The new building will eliminate the objectionable characteristics of a kennel. Subject to the approval of the City, the building will follow plans and specifications designed by Amerbrit, Inc., which has designed the operation of kennels and special equipment in order to provide the most up-to-date methods for a high standard of operation. They franchise operations over the entire United States; persons are trained by their staff in Florida. Mr. and Mrs. Lemley have entered into such a franchise agreement covering Clay and Platte Counties. Mrs. Lemley has already taken the training course. The building proposed would be in two sections, office and kennel, with one section 30 by 60 feet and the other 45 by 70 feet.

November 9, 1970

Mr. Dorsey said all of the dogs will be kept inside the buildings at all times except for a one-hour period during each 24 hours when the dogs would be let out to the outside runs while the inside runs were being cleaned. Under the present operation it takes them three hours to clean and disinfect the inside runs; with the new equipment and design this time can be cut to one hour. It is proposed that the outside runs be open runs surrounded by protective screen; however, if it is felt necessary by the Council, the outside runs can also be enclosed. The buildings will be airconditioned.

Mr. Dorsey advised that the Lemleys specialize in raising poodles, but boarding is not limited to poodles. They breed and raise show poodles and sell poodle puppies; they presently have limited boarding facilities. With the new building, they would still continue with their specialty of poodles; they are recognized as experts in the trimming of poodles.

If the runs were left open on the outside, the hour that would be contemplated for the cleaning of the inner runs would be from 8 to 9 in the morning; however, this is flexible to whatever hour is best. The location of the proposed building on the plan is also flexible. Off-street parking will be provided for customers. There will be no problem with sewers, as there are two sewer lines available. At the present time they use a disposal system; no effluent goes into Shoal Creek at the present from their property. It is estimated the total cost of the building and equipment will be \$80,000 and it is for this obvious reason the Petitioners are requesting a permit which would not be limited as to time so long as they abide by the rules and regulations. The Zoning Ordinance does not provide a particular zone for kennels, only operation by Special Use Permit. They do not have sufficient depth to get another house on the lot; the topography is such that it would be difficult to build homes there. It is their thought the highest and best use for this property would be the usage proposed. Once the building is constructed, the rest of the land, except for where the home is, will be landscaped and used for nothing but a buffer zone. You can stipulate that there be no other improvements put on the land if you so desire.

Mr. Dorsey presented petitions signed by customers of the Lemley's, and potential customers of the Lemley's, who are in favor of this and who feel such a thing is needed in this area; there are about 103 names, present customer's names being marked with an x. He said there were persons present who were in favor of the petition and asked if they could stand.

The following indicated they were in favor of the request: Mrs. Mary Baker, 5040 North Flora; Marie Hart, 1704 NE 76th Terrace; Dr. and Mrs. Max Webb, 501 NW 78th Terrace; Mr. and Mrs. S. E. Guffey, 6417 North Walrond; Mr. C. R. Baker, 5040 North Flora.

Mr. Bussinger asked how many dogs are presently kenneled; Mr. Lemly said they presently have about fifty adult dogs of their own, plus some puppies. Mr. Bussinger asked how many dogs they anticipated having should the franchise go through. Mr. Lemley said the initial building is set up for sixty dogs. Mr. Bussinger said that if he had fifty of his own, he could only board ten. Mr. Lemley said he anticipated cutting down on their breeding stock; they have been developing their lines and plan to cull out some of their stock.

Mr. Bussinger said Mr. Dorsey mentioned one hour period each day; would all of the dogs be outside at one time. Mr. Lemley said that is the way the plan is

November 9, 1970

designed; normally there is a clean-up time in the morning and also another clean-up time in the evening so that it would be for a one-hour period.

As the present Special Use Permit does not expire until December 1971, Mr. Lemley said it was necessary to request another one because of the plans to construct new facilities.

Mr. Jezak asked what the noise level was while the dogs are inside. Mr. Lemley said there would not be any noise outside because the new building is sound-proof. He said there is a building similar to the one proposed presently built next to a residential district in Ft. Lauderdale, and they have had no problem. The building is of block construction. Half of the dog runs would face to the back of the property and the other half would be to the front, but this would be fenced and could not be seen from the road.

Mr. Jezak asked if the noise would be less than in the present building; Mr. Lemley said their basement which they now use is poured concrete, and the new building would be quieter.

Mrs. Lemley said they presently operate out of their home, and they sleep above the dogs; she said there is no noise except when they are bringing the dogs in from outside. The dogs have to be hand carried in because it was not designed as a kennel. Mr. Jezak said at the October 19 Planning Commission Mr. Thompson indicated the noise was so terrible he was thinking about leaving. There was also another person who mentioned the noise; will the noise be reduced was Mr. Jezak's concern.

Mrs. Lemley said some members of the Planning Commission were at the kennel Saturday and they asked where the dogs were as they could not hear them. She said they would not have to carry them in if the new structure is built, and the dogs would not be so impatient and make less noise if they did not have to wait to be carried in. She said they presently try to have the dogs in by ten o'clock but occasionally something comes up and it is later. With the new plan, there would not be late hours. She did not see how anyone would be disturbed now when the dogs were inside.

Mr. Davis said the Comprehensive Plan calls for construction of Shoal Creek Parkway at some future date; he would like some feed back from the Administration on the road to be constructed and as to what types of controls are expected to be enforced on parkways. He felt there were some critical long-range questions in this particular application, and that they need something from the Administration as to where they are going on this parkway.

Mr. Kleiner asked if he understood correctly that it was optional whether the outside runs were left open or could be enclosed. Mr. Dorsey said yes, they could be enclosed.

Speaking in opposition to the request:

Mr. John R. Hughes, 7320 North Antioch Road presented a petition signed by the owners of property within 185 feet of the property in question. He said he would like to ask how many young dogs the petitioner has at the present time, in addition to the fifty adult dogs. Mr. Lemley said it would be a rough guess as to the number of puppies; there might be ten or twelve, that he did not keep

November 9, 1970

-4-

a daily count. Mr. Kleiner asked if it could vary from ten to twenty dogs, and Mr. Lemley said it could. Mrs. Lemley said they do not keep these puppies; they sell them to individuals.

Mr. Hughes said the noise factor was his question; that Mr. Lemley says he is cutting down on the breeding of show dogs. Mr. Hughes said he was a banker and it was hard for him to see \$80,000 being put in a program where he will have room for only the same number of dogs as he has now. Mr. Hughes said his father owned the property he now owns at the time the original permit was issued. He said when his father agreed to the permit, the Petitioner at that time told his father and two other people present at this time that they would have from 15 to 25 dogs. He said he lives across the street from the kennel and the noise is terrible. He asked who would guarantee the dogs would be in the runs only one hour every day. He said his child could not sleep in the daytime with the dogs barking and he couldn't sleep at night with the dogs barking.

Mrs. Lemley said they have a good percentage of the dogs on the market now; in boarding you do not keep a level of sixty dogs. She said there is a peak season during vacation time when they would have a lot of dogs to board; there would be very few during the other season.

Mr. Hughes asked if the permit is granted, how would they sign a complaint if the noise remained. He said they had not been notified when the use permit was renewed in the past and thus did not have an opportunity to complain of the problem.

Mrs. Rinehart, 7400 Antioch Road, said she hoped the Council understands that the petition Mr. Hughes presented represents about 132 acres of land. She said they purchased their property for a home while the children were growing up; they intend to sell it next spring if they get a good offer. She said she did not think a dog kennel across the highway will enhance the value of their property. She felt the land in the area was too valuable to be offset by two and a third-acres for a dog kennel.

Mr. Glenn Piburn, 7312 North Antioch Road, asked if any members of the Council had ever heard fifty or sixty dogs barking at the same time on a summer evening when they were on the front porch. He said he had complained to Mr. Lemley over the phone; he said the dogs bark from six in the morning until ten or eleven at night, seven days a week. He said he has some expensive property, as the Council was aware from the sewer assessments on it; he hoped he would be able to sell it for a little money but couldn't sell it for a dime with a dog kennel across the road from him.

The resident at 3603 East 72nd Street North said he moved there in July. He objected to the noise, and said he might leave because of it.

Mr. John Hughes, 7512 North Antioch Road, said the industrial zoning, M-1, across the street from him has been industrial zoning ever since there has been a City of Gladstone. Nothing had been done with the land; the zoning on the land has been thrown up at every meeting. He did not think this should be a factor in the decision for a dog kennel; he felt the M-1 property would eventually revert to something else.

November 9, 1970

Mrs. Webb said they do not live in an area with a dog kennel; the hours during which dogs bark are not limited. She said without the Lemley's she did not know where they would board their dogs so they could go out of town. She felt this accommodation is needed.

The public hearing was closed.

The request will be acted upon at the next regular meeting following receipt of the recommendation from the Planning Commission.

* * * * *

There were no communications from the audience.

Item 6 on the agenda was communications from the City Council.

Mr. Jezak said he had noticed a big pile of trash near the sewerage tank by Bolling Heights; he said there were other areas of the City which he felt should also be cleaned up. He mentioned the Gladstone Plaza, A-Mart, where the trash looks like a rat haven.

Mr. Bussinger said he noted that the stop sign at 69th and North Oak is blotted out and asked that it be taken care of as soon as possible.

Mr. Davis introduced Resolution No. R-70-92 requesting the Missouri State Highway Commission to construct a half diamond on-off ramp on the south side of Vivion Road over 169 Highway, and moved that it be adopted. Mr. Walker seconded the motion.

The vote: All aye.

Mr. Davis said he was concerned about 58th Terrace and North Garfield where the City recently completed a drainage project with the Special Road District. The fence is falling down. He also asked about the status of the Englewood Road sidewalk project.

Mr. Olson said Kansas City worked on the hydrants today.

Mr. Davis expressed agreement with Mr. Jezak concerning the trash around commercial area. He said if they can't get some of these areas to do a better job with storage and containment of the trash, they will have to enact stricter controls. He asked that the City step up enforcement.

Mr. Davis suggested that the Council have a special work session to discuss the acquisition of park land. Mayor Kleiner said this would be discussed under other business.

Mayor Kleiner introduced and welcomed Mrs. Wilma Kuhn, Casper, Wyoming, and Miss Joyce Bussinger who were in the audience.

Mayor Kleiner asked the City Manager if they had found out anything on the problem of the bus turning at 62nd and Cowden Drive. Mr. Olson said the City Engineer had been over there this afternoon and they would have a recommendation for the Council soon.

November 9, 1970

Mayor Kleiner asked if the City had heard from the North Kansas City School District concerning the bus stop problem on North Broadway. Mr. Olson said he had received a call from the Assistant Superintendent who said he had personally driven a bus down 58th Street into the cul-de-sac and had to back it all the way to Broadway. Mr. Olson said the School District has pretty well determined that where they are stopping for loading and unloading of children is the only feasible place for them to stop. He said he suggested other alternatives they might look at but they did not seem too receptive to his suggestions.

Mr. Bussinger suggested that Mr. Olson determine the next meeting date of the School Board and ask to appear on the agenda, and that he would like to attend the meeting to discuss the matter.

Mayor Kleiner said he felt other Councilmen would probably like to attend. He said the slow signs to 25 miles per hour are from Englewood Road to 60th Terrace and he didn't think they were going to be that far, only at the top of each hill. Mr. Olson said they were temporary; the City Engineer had felt rather strongly that if we change from 35 to 25 in the distance between Englewood Road and the first hill, it would be confusing to drivers. He said he would ask the Council to act on an ordinance for the trial period.

Mayor Kleiner said they were going to start at 58th Terrace instead of two blocks north. He said he had heard more complaints on this recent change than anything since he has been on the Council.

Mayor Kleiner said he had also looked around and behind several of the shopping areas, also including Meadowbrook, and asked the City Manager to instruct these people to clean it up and keep the areas clean. He said he had had a note from Mr. Kramer who felt he was being picked on because of his violation of leaving merchandise outside of the store; the Mayor asked for a report on the number of times each business has been cited in the last 30 to 60 days. The Mayor advised that he had told Mr. Kramer he would get this information back to him.

* * * * *

Item 7 on the agenda was communications from the City Manager.

Mr. Olson introduced Mr. Brent McMahan who had recently been hired as Assistant to the City Manager.

Mr. Olson asked the Council to consider two resolutions having to do with the Council authorizing the opening of accounts in the Bank for the deposit of Federal monies in accordance with the City's recent application for federal funds; one is for funds for Parkland Acquisition, and the other is for funds for Parkland Improvements.

Mr. Horn indicated there was a traffic problem at 72nd and North Oak; although there is a sign that shows right turn only, people are not heeding it. He felt something should be painted on the pavement so that it would be more visible. Mr. Kleiner said they would look into this matter.

* * * * *

November 9, 1970

Item 8 on the agenda was the First Reading of Bill No. 70-52, rezoning from C-1 to C-3 property located at approximately 7510 North Oak Street and 403 East 76th Street North.

Mr. Jezak moved that the Council postpone the first reading of Bill No. 70-52 until a definite commitment is received from the Planning Commission on this request.

Mr. Kleiner said the first reading was on the agenda for the meeting October 26, and asked if it was deferred at that time. Mr. Olson advised that it was.

Mr. Kleiner said he and Mr. Bussinger were present at the last Planning Commission meeting and they did not choose to take any further action. The Planning Commission recommended this be zoned C-P in that area but did not wish to make any other recommendation.

Mr. Davis asked if the petitioners had decided they did not care to seek the P zoning; Mr. Kleiner said Mrs. Swinney said they did not want the P zoning, only the C-3.

Mr. Jezak's motion died for lack of a second.

Mr. Jezak then moved that the Council place Bill No. 70-52 on its first reading; Mr. Walker seconded the motion.

The vote: All aye.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the first reading of Bill No. 70-52 and place it on its second reading. Mr. Walker seconded the motion.

Mr. Davis said in all probability the petitioners are seeking to provide an improved type of development for Gladstone, but by the same token he was personally opposed to providing zoning since it is not accompanied by a plan and would be speculative zoning. He felt it should be rejected.

The vote: All no.

Mayor Kleiner stated that Bill No. 70-52 is hereby rejected, and the zoning will not be changed.

Item 9 on the agenda was a resolution authorizing purchase of a used Sewerage Treatment Plant.

Mr. Bussinger moved that the Council adopt Resolution No. R-70-93; Mr. Davis seconded the motion.

Mr. Olson advised that this plant is now on the Gladstone Plaza site next to the Church. Mr. Walker asked what would be involved in moving the plant to the Public Works and Utilities Building site. Mr. Olson said they would have to hire a piece of equipment for about half a day, and City crews would be used.

November 9, 1970

He said it was a metal structure and was in good condition. It would treat all sewerage for the utility building and in the future, the dog pound if it were built there. It would be approved by the Clay County Health Department. He said they feel it is an excellent buy for the price and very superior to a septic tank.

Mr. Davis asked where the treated water would go. Mr. Olson said it would be discharged on the property and settle into the ground.

The vote on the motion: All aye.

* * * * *

Item 10 on the agenda was a resolution authorizing final payment to Video Pipe Grouting, Inc. for certain work performed on sewer lines in Hamilton Heights.

Mr. Walker moved that the Council adopt Resolution No. R-70-94; Mr. Davis seconded the motion.

The vote: All aye.

* * * * *

Item 11 on the agenda was a resolution authorizing acceptance of and requesting payment for a Federal Grant for Sewage Treatment Works under Project Mo-369.

Mr. Davis moved that the Council adopt Resolution No. R-70-95; Mr. Bussinger seconded the motion.

The vote: Mr. Bussinger, aye; Mr. Jezak, aye; Mr. Walker, aye; Mr. Davis, aye; Mayor Kleiner, aye.

* * * * *

Item 12 on the agenda was a resolution accepting work performed on the 1970 Street Overlay Contract and authorizing final payment therefor.

Mr. Jezak moved that the Council adopt resolution No. R-70-96; Mr. Walker seconded the motion.

Mr. Davis said he felt something should be said specifically about the program they accomplished; he thought they had done more this year to improve our minor streets than in any year in the past. He thought the streets are generally in better condition today than at any time since he has lived here.

Mr. Jezak said several of his friends in Englewood has expressed their thanks because this is the first time streets in that area have been decent and they have lived here many years. Mr. Jezak asked when the City would do some work on 63rd Place.

Mr. Olson said the City Engineer had checked that street carefully and determined more work needs to be done than they initially anticipated. The curb along there will have to come out, and a catch basin will have to be built and a tube put in. Mr. Olson said they planned to start on this soon; it will be an extensive job

November 9, 1970

and was the reason they did not include it in the overlay program.

Mr. Walker asked if they had given up on the slurry mix and seal for some of the streets. Mr. Olson said they do plan to do some light slurry mix, and he would ask the Council and discuss with the Special Road District their desire to go to the black beauty a little bit; they did not feel it should be put down this year because of the colder weather.

Mr. Walker said he would suggest Broadway as there is a considerable amount of deterioration and cracking; he thought a patch job and slurry seal would lengthen the life of the overlay quite a bit there.

The vote on the motion: All aye.

* * * * *

Item 12a. on the agenda was a resolution designating a depository for direct deposit of Federal Grant Funds, (Parkland Acquisition Funds).

Mr. Bussinger moved that the Council adopt Resolution No. R-70-97; Mr. Davis seconded the motion.

The vote: Mr. Bussinger, aye; Mr. Jezak, aye; Mr. Walker, aye; Mr. Davis, aye; Mayor Kleiner, aye.

* * * * *

Item 12b. on the agenda was a resolution designating a depository for direct deposit of Federal Grant Funds (Parkland Improvement Funds).

Mr. Davis moved that the Council adopt Resolution No. R-70-98; Mr. Bussinger seconded the motion.

The vote: Mr. Bussinger, aye; Mr. Jezak, aye; Mr. Walker, aye; Mr. Davis, aye; Mayor Kleiner, aye.

* * * * *

Item 13 on the agenda was acceptance of Financial Reports for the Month of October, 1970.

Mr. Davis moved that the Council accept the following Financial Reports: General Fund Cash Disbursements for the Month of October, 1970; Sidewalk Construction Fund Cash Disbursements for the Month of October, 1970; Public Works and Utilities Building Fund Cash Disbursements for October, 1970; and the Combined Waterworks and Sewerage System Cash Disbursements for the month of October, 1970. Mr. Bussinger seconded the motion.

Mr. Jezak asked whether or not Water Department Check No. 3268 for sludge removal was for one month. Mr. Olson said it had to be done whenever the sludge beds have built up to where they need to be cleaned out; he was not certain of the length of time involved.

The vote: All aye.

* * * * *

November 9, 1970

Mr. Olson asked Mr. Dods to brief the Council on the Ruby Nichols vs. the City of Gladstone lawsuit, and requested the Council to consider a resolution authorizing compromise and settlement of the lawsuit.

Mr. Dods said the lawsuit was tried and a decree of adverse possession was entered against the City. The City had a claim against the Hamers. He said he had received an offer from the Hamers to settle with the City by paying the City \$850.00 to release our claim. He said it was their recommendation, as Counselors for the City, because of the legal problems involved that the City's interest in the tract of land is not that great; this would release the Hamers but not the Nichols. The City has an agreement with the Nichols that if the property is ever sold, the City will participate in the proceeds in the amount of about \$1,000.

Mr. Bussinger moved the Council adopt Resolution No. R-70-99, being a resolution authorizing the City Manager and the City Counselor to compromise and settle a certain lawsuit involving the City of Gladstone. Mr. Davis seconded the motion.

The vote: All aye.

* * * * *

Mr. Walker said as Council Representative to the Public Safety Advisory Committee he had met with them last Wednesday. They have adopted some by-laws and some operating procedures. The Council will receive copies of them for consideration. A committee of three was appointed to study the public relations area. There was no formal agenda; the Chief explained the Departmental organization and they toured the facilities. A couple of the members were trying to attend the fire training sessions. The Committee agreed they would try to ride with the ride-along program on Friday and Saturday nights whenever it was possible.

Mayor Kleiner asked if they had a recommendation regarding the revision of the Ordinance so that a Chairman Pro-Tem could be appointed.

Mr. Walker said it was the consensus of opinion that it was covered under the Ordinance because it does not spell out that they can or can not do so. He felt they could name their own Chairman Pro-Tem.

Mayor Kleiner said Mr. Dowd had been appointed Chairman Pro-Tem, and that Mr. Dowd had contacted him regarding this matter.

Mr. Olson stated, and Mr. Dods affirmed that no modification of the Ordinance would be required.

Mr. Walker said in the month of October Corporal Mullinex and Corporal Hopper gave a total of 16 talks to various organizations, expending a total of 28 hours and 45 minutes in these talks. They talked to 850 students in schools in the area; 494 adults; for a total of 1,344. He thought this was a good program. The speeches were on fire safety, drug abuse, and school bus safety. Part of these were tours of Public Safety facilities. Films were also used.

Mr. Davis suggested to Mr. Walker that the Public Safety Board consider giving some thoughts as to requirements for the Public Safety Fire Station which

November 9, 1970

they intend to construct next year. He said there would be a lot of details this Board should make recommendations on, to the Administration and to the Council.

Mr. Walker said this item was discussed; they feel they should have some engineering facts before they can do very much on the recommendations.

Mr. Jezek mentioned he felt they should have a work session on park lands in the near future.

Mayor Kleiner called a study session for Thursday, November 12, 1970 at 7:30 p.m.

Mr. Bussinger said he had received a call from a lady at 68th and Flora as to when the City might be able to proceed with that project. Mr. Olson said as soon as it is dry enough the work will continue.

Mr. Bussinger moved that the Council direct the City Manager to have a plaque made honoring Mr. Dowd for his years of service on the Planning Commission, as well as Mr. Mundorff for his services on the Park Board. Mr. Davis seconded the motion.

The vote: All aye.

Mayor Kleiner said the Council and he wish Mrs. Betty Johnson a speedy recovery, and asked Mr. Olson to relay their best to her when he talked with her.

Mayor Kleiner also asked Mr. Olson to send a card to Mrs. Snyder expressing sympathy at this time following the death of Mr. Snyder.

Mayor Kleiner mentioned the meeting to be held by the Missouri Highway Commission on November 18, 1:30 p.m. at the First Assembly of the Good Shepherd Church. He also asked any members that could do so to attend the meeting in Jefferson City on the 19th.

Mr. Walker indicated he would be able to attend the Lagers Meeting at Jefferson City on the 17th of November.

Mr. Davis said the City is still waiting for the Regency North Apartments to build the exits or ingresses on Broadway. Mr. Dods said he will check on this matter again.

Mr. Walker said he didn't think they had the necessary easements. Mr. Dods said he thought they had the easements, but that the disagreement is between the recommendation of Larkin and what they feel they were supposed to do.

Mr. Olson said they had been asked to build it in the existing right-of-way; there is some question as to the existing right-of-way location on Broadway. The construction easement on the west side has been acquired.

Mayor Kleiner moved that the Council reappoint Mr. Jack Kline as Chairman of the Zoning Board of Adjustment; his term expired in June 1970. Mr. Davis seconded the motion.

The vote: All aye.

November 9, 1970

Mayor Kleiner said they still have one more vacancy, and requested recommendations from the Council on it as well as the appointment of Planning Commission members to replace those whose terms expire in December.

There being no further business to come before the Council, the meeting was, upon motion duly made and seconded, adjourned by unanimous vote, at 10:15 p.m.

Respectfully submitted,

James R. Lewis
Acting City Clerk

SPECIAL CITY COUNCIL MEETING
GLADSTONE, MISSOURI
19 November 70

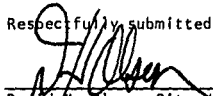

A Special Meeting of the Gladstone City Council was called to Order by Mayor Frank Kleiner at 7:40 P.M., on Thursday, November 19, 1970, at the City Hall. All members of the City Council had received previous notice of the calling of such Special meeting. Roll was called: Present: Councilman Bussinger, Councilman Jezak, Councilman Walker, Councilman Davis, Mayor Kleiner.

Mr. Bussinger moved to appoint the City Manager, Mr. David Olson to act as City Clerk at this meeting, in the absence of the City Clerk. Mr. Jezak seconded. The vote: All "aye".

The first item of business was as follows: Acceptance of a Resolution to accept a bid and execute Contract No. 4, with Midwest Steel Company for structural steel and roof deck for the Public Works and Utilities Building. Mr. Walker moved for the adoption of such Resolution, being R-70-100. Mr. Bussinger seconded. The vote: All "aye". (5-0).

As there was no further business to come before this meeting, it was upon motion duly made and seconded, adjourned by unanimous consent.
Time: 8:00 P.M.

Respectfully submitted,

David M. Olson, City Manager
Acting City Clerk

MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

23 NOVEMBER 70

The regular meeting of the Gladstone City Council was called to Order by Mayor Frank Kleiner on Monday, November 23, 1970, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Ken Walker, and Councilman Richard Davis. In addition to Mayor Kleiner, the City Manager, Mr. Olson, and the Assistant City Counselor, Mr. John Dods, as well as the City Clerk, were also present.

The Invocation was given by Father James Lyons of St. Charles Catholic Church. An additional privilege was the Presentation of the Colors by Cub Scout Pack 417, the Webelow Den. The Den Leader, Mr. James Eads, introduced his Assistant, and the members of the Pack introduced themselves. Following the presentation of the Colors, and under the direction of the Cub Scouts, the Pledge of Allegiance was repeated by all.

Item 3 on the Agenda: Scheduled as presentation of plaques in appreciation of service for Messrs. Dowd (Planning Commission) and Mundorff (Park Board). As neither gentleman was able to be present, this item will be on the Agenda of the next regular meeting.

Item 4 on the Agenda: Mr. Bussinger moved for the acceptance of the Minutes of the regular meeting of October 26, 1970, the Minutes of the regular meeting of November 9, 1970, and the Minutes of the Special meeting of November 19, 1970, as submitted. Mr. Jezak seconded. The vote: All "aye".

Item 5 on the Agenda: Public Hearing on a request to rezone from R-1 to R-P-3, and from R-1 to R-2, certain property located at approximately NE 76th Street and North Euclid. The Petitioner, Mr. Ben Rose, of Intercontinental Investments, and whose home address is 7732 North Broadway, appeared to speak in favor of such rezoning requests, adding that instead of the original "R-2" request, he would like to ask for "R-P-2", with the Council's approval. He noted that he would keep the originally designated play area, and he answered several questions regarding the size of the proposed buildings, and the charges therefore. He said he would submit a new set of plans to the Planning Commission, and he showed the plans to the Council. No one appeared to speak in opposition to the request. The Public Hearing was closed.

Item 6 on the Agenda: Public Hearing on a request to rezone from R-1 to C-P-3 certain property located at approximately NE 64th Street and North Prospect. Mr. Walker LaBrunerie represented Prospect Plaza, the Applicant. Mr. LaBrunerie said that nearly a year ago, the corner of 64th and North Prospect, (NE) was rezoned as C-P-3; he said this tract contains approximately 14 acres, and that there was now additional acreage needed to contain the parking. Prospect Plaza is under contract to purchase two pieces of property directly north of the presently zoned area. The zoning of these tracts would actually "square" off the whole piece and would be in accordance with their plan for construction. In addition to the zoning, there will be some relocation of the planned buildings. The park area is to be preserved as originally scheduled. There will be sufficient screening on the east side of the commercial area, between it and the park area. He explained that the buildings which were to face south have been moved north about 200 feet in the new proposal, and the buildings scheduled for the east side of the tract, are now planned to attach to the buildings on the north, and it will be, essentially, all one building.

No one appeared in opposition to the proposed change of zoning. The Public Hearing was closed.

Item 7 on the Agenda: Public Hearing on a request to rezone from C-P-0 to R-P-3 property located at approximately NE 59th Terrace North and Kendallwood Prkwy. Mr. James Carney, of Charles Curry Investment Company, whose home address is 4960 North College, Liberty, Missouri, and Mr. Willard Smith, Architect with the firm of Herbert Duncan, whose home address is 3005 W. 90th Street, both appeared to address the Council. Mr. Carney said this is a site of approximately 20 acres, which is presently zoned for offices. Their request is for down-zoning for multiple family district. He said the Planning Commission had reviewed the plan and the site and approved the original application. He reminded the Council that they had suggested two or three changes which they felt would improve the plan, which would increase the amount of open space and reduce the density. He said they had followed the Council's earlier suggestions, and that, on the original plan, from 45 to 48% of the entire tract was open space, but that with the new plan, about 58% of the entire tract will be open space, comprised of 3 principal activities, described in detail as "active recreation", "passive recreation", and various landscape features. The density will be reduced by about 65 units, and 260 multiple-family units are now proposed. He said development of this tract is necessary prior to the development of the property to the west of the tract, as the sewer line must be laid from the north.

Mr. Carney said there is to be one principal drive through the entire project. He said the rentals to be asked will be the same as those in the original Kendallwood Apartments; that there will be some changes in architecture, although the same kind of materials will be utilized. He said there will be ample parking in compliance with City regulations, and that they hoped to get started now, with the preliminary work, and would start the actual building of the project early in the spring. No one appeared in opposition to the proposed rezoning.

Councilman Jezak asked if the Kendallwood right of way would be maintained all the way to Shady Lane Drive. The answer was yes. Mr. Carney further explained that Shady Lane Drive is one street they are interested in discussing, that they hope to take it right through to Antioch Road, after the State Highway Department has finished its work.

Councilman Davis said that he wanted to confirm that as soon as the Highway construct on is finished, Curry would go ahead and construct the street?

Mr. Carney answered yes; that nothing has changed from the original plan on the streets; that they would be happy to work with the City on street development.

Mr. Davis said he was interested in the possibility of making the development contingent upon a time schedule. He said the Council does not want speculative zoning; that he understands that this is not speculative, but that he, personally, wants to confirm a time schedule if at all possible.

Mr. Carney said he was not prepared to say at this time what a feasible time schedule would be in view of a very uncertain market, but that he would attempt to secure this information. Mr. Davis said he wanted to be as flexible as possible; that he could not speak for the other Council members, but only for himself, but that felt that a time schedule should be given to the Council prior

to any finalization on this, should the Council decide to put the rezoning request into ordinance.

Mr. Jezak said that, also, he would like to have some idea on the proposed office complex; whether that would start immediately; that it appeared to be bigger than the one submitted on the first plan....

as originally shown;

Mr. Carney said it was just about twice as big/ and he said that bids would be opened Wednesday of this week; that further office construction is predicated upon their being able to start to the east; that it will be somewhat smaller in size than the one that is already constructed. He said that the architectural concept is that these buildings may be a little taller, but that they will fit nicely into the topographical picture; that one building could not support the sewer system; that they would have to have something else going there to justify the sizeable costs of sewerage the entire area. He said they will be one story on one side, and two-story on the other side where the ground falls away.

Mayor Kleiner said that he would ask Mr. Carney to check with his firm, and, before the matter comes to a vote, the Council will expect to have an approximate time schedule.

Mr. Carney asked if he would be able to pass this information on to the City Manager when he was able to secure the information. This was agreeable with the Council.

Mr. Walker asked if all the R-3 development was shown on the plan at this time.

Mr. Carney said that they only have about two more buildings to wrap up the R-3.

Mr. Davis asked what the status is of the R-1 development.

Mr. Carney said his firm was visiting with the engineer on this right now; that they have encountered some storm drainage problems in the area; that there may be a need for some rather hefty sewerage which may require further exploration there.

Mr. Davis asked what the occupancy rate was. Mr. Carney said he could not testify actually, but that he believed there was about a 3% vacancy rate at this time.

No one appeared in opposition. The Public Hearing was closed.

* * *

Item 8 on the Agenda: Communications from the Audience. Mr. John Boner, 11010 North Holmes, asked the Council to consider granting a permit to sell Christmas trees to the Gladstone Jay Cees, based on a letter of request which was received earlier by the Council. Mr. Kleiner said the Council was indeed aware of the request, and that this matter would be taken up under Item 17 on tonight's agenda.

Mr. Max Swirney, of Omaha, Nebraska, addressed the Council asking what the Council could do for him in regard to his rezoning request on behalf of his tenant, Ed Kramer, of Kramer Hardware. He said he need to know why they could not get C-3 zoning in there, and because Kramer wanted to sell building supplies, as he once did, why the Council couldn't let this be done now.....

Mayor Kleiner said he was under the impression that Kramer used to sell this kind of material prior to the adopting of the zoning ordinance - back in 1956 or so.

Mr. Swinney said that building materials were not handled at that time, that Mr. Ed Kramer wants to begin to sell this kind of material now, and that C-3 zoning is needed, according to the information he received from the Engineering office.

Mr. Kleiner asked the Assistant City Counselor, Mr. Dods, if it was necessary for Mr. Kramer to change zoning in order to sell the same commodities as before...

Mr. Dods said in his opinion and as far as he could recall, he terminated sales of such material either just before or just after the passage of the zoning ordinance; that, regardless of that, the problem is that once a particular type of business is abandoned, even though it had been a non-conforming use, it is difficult to resume it...when it has been abandoned for any appreciable length of time, then it cannot be re-established...that, after the ordinance was adopted, such use was considered as a non-conforming use.

Mr. Swinney asked what zoning would handle this proposed usage.

Mr. Davis said that the Council had suggested C-P-3; that in this way, the responsibility of protection in there would not rest solely on the City of Gladstone; He said the City would not have the sole responsibility of protecting such building material as would be stored outside the building under C-P-3....that C-P-3 would be available to Mr. Swinney; he said, further, that Mr. Swinney had also been advised earlier that his earlier request was strictly speculative; he felt that if it had not been, he felt the Council would have reconsidered.

Mr. Davis went on to say that C-3 zoning covers just what is allowed under the ordinance; that C-P-3 gives the City the power to exert more control.

Mr. Swinney said if Kramers do not store material outside where it might be subject to pilfering it could be different, and he then asked what the reason would be in this case to ask for C-P-3 instead of just plain C-3...

Mayor Kleiner said Mr. Swinney or Mr. Kramer would be expected to comply with the City's Codes.

Mr. Swinney said they just wanted to be able to sell building materials from the existing Kramer Hardware Building; that they do not want to do any building at this time.

Mr. Davis said he believed the response then would be the same - C-P-3 zoning.

Mr. Swinney asked if he understood correctly; that they could have C-P-3 zoning without doing any building, in order to allow Mr. Ed Kramer to sell C-3 merchandise from the existing building?

Mayor Kleiner said the Planning Commission had recommended C-P-3 for this area; that he believed C-P-3 would be the most acceptable.

Mr. Swinney asked what he should do now?

Mr. Davis suggested that he ask for C-P-3 instead of C-3.

Item 9 on the Agenda: Communications from the City Council: Mr. Davis said he would like to ask that in any other Public Hearing matter which would come up, as well as those which had just passed, the petitioners come up with some kind of time schedule, even tentative. He asked that this request apply to those public hearings under Items 5 and 6 of this evening's agenda, as well. He said he would like to have them give the City some kind of time schedule for the developers to work under.

Mayor Kleiner said he would like to suggest that the Council consider amending the ordinance so that a time schedule -- so that any time the City has any kind of rezoning request, they name a time schedule.

Mr. Davis said he believed the Planning Commission is considering this in their re-evaluation of our zoning ordinance.

Mr. Kleiner said he wanted to commend the removal of the old buildings on the west side of North Oak Street, across from the present Sapp Hardware; that it was a great improvement there.

Item 10 on the Agenda: Communications from the City Manager. Mr. Olson said he had one Bill, being No. 70-56, to add to tonight's Agenda. He explained that this Bill would ask the City to release a two-foot portion of ground back to Mr. and Mrs. Doolittle, who seem to be having a little difficulty in clearing their title.

Mr. Olson also commented that the City had received a total of three bids on the electrical work for the Public Works and Utilities Building; one from Kansas City Electric in the amount of \$7,000, and one from Charles Deere Electric, for \$6,743.75. He recommended acceptance of the bid from Clayco Electric.

Mayor Kleiner called for a ten-minute recess at this time.

The regular meeting of the Gladstone City Council was reconvened at 9:10 P.M. with all members present.

Item 11 on the Agenda: Mr. Bussinger moved to re-number Resolution No. R-70-80, dated October 12, 1970, as "R-70-80-A". Mr. Jezak seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

Item 12 on the Agenda: Consideration of Special Use Permit for Mr. and Mrs. B. D. Lemley, for the operation of a kennel at 7321 North Antioch Road. Mr. Davis moved to deny the request. Mr. Walker seconded. Mr. Davis said that his interpretation of the Special Use Permit -- in areas which are zoned commercially, must be considered spot zoning; that he felt there was no justification here. He commented that the Planning Commission had voted for denial 12-0.

Mr. Kleiner said that normally there is a time limit.

Mr. Davis asked a question on the plans for Shoal Creek Parkway...Mr. Olson said these plans were being prepared and should be received shortly from Kansas City. The vote was called for: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner. (5-0 for denial).

Mayor Kleiner said it was not their intent to affect the existing Special Use Permit unless there is a reason for the Council to take action.

Item 13 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-70-101, authorizing acceptance of the bid of Tom Sykes, Inc., and authorizing the City Manager to purchase one tractor @ \$4,234.30, one flail mower @ \$636.56 and one cutter bar mower @ \$742.19 for a total of \$5,613.05, for the Water and Sewer Utility. Mr. Bussinger seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. (Note: Mr. Davis asked for clarification of a "flail mower". Mr. Olson advised that instead of their being a rotary blade, there are many small blades rotating; that cut well on slopes). (Note: In answer to Mayor Kleiner's question, Mr. Olson advised that the cost was somewhat more than was allowed in the budget; that there had been a considerable increase in prices since the adoption of the budget; that it was his suggestion that a camera which was budgeted for in the Sewer Budget be shifted out and the additional expense incurred with these purchases be allowable; that the cutter bar mower would be utilized to augment the park maintenance equipment; that it was particularly good to have this kind of mower due to the heavy slopes to be found in the area around the Water Utility Building and that a standard type of mower would be unsafe to use.)

Item 14 on the Agenda: Mr. Davis moved to adopt Resolution No. R-70-102, authorizing acceptance of the bid for one 3/4 ton pickup truck with utility body. Mr. Jezak seconded. (Note: the bid was from B-K Supply Company, and the charge was a total net price of \$3,490.00). The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

Item 15 on the Agenda: Mr. Bussinger moved to adopt Resolution No. R-70-103, authorizing Change Order No. 1, in the amount of \$1,747.50 and Change Order No. 2, in the amount of \$832.55, accepting work performed by and authorizing final payment to L. E. Green Masonry, Inc., on Public Works and Utilities Building, Contract No. 1. Mr. Davis seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. (Total pmt. \$12,101.05)

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-104, accepting a certain bid and authorizing the City Manager to enter into Contract No. 3 for electrical work for the Public Works and Utilities Building, in the amount of \$6,635.35, with Clayco Electric Company...Mr. Davis seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

Item 17 on the Agenda: "OTHER"...Under this item, the matter of the granting of a permit to sell Christmas Trees to the Gladstone Jay Cees, from December 5 through December 25th, was considered. Mr. Davis moved to grant such permit to the Gladstone Jay Cees to sell Christmas Trees on the parking lot of the Williams U. S. Super-Mart, from the dates of December 5th to December 25th, and to waive the fee. Mr. Jezak seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

At this time, the new Bill, No. 70-56, being for an ordinance authorizing the Mayor of Gladstone, Missouri, to execute a Quit Claim Deed to Charles R. Doolittle and Leona B. Doolittle, for the purpose of conveying back to the Doolittles a portion of a certain sewer easement, was brought before the Council. Mr. Davis moved to place Bill No. 70-56 on its first reading. Mr. Jezak seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. The Clerk read the Bill. Mr. Davis moved to accept the first reading of Bill No. 70-56, and to place it on second reading. Mr. Jezak seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

The Clerk read Bill No. 70-56 a second time.

Mr. Davis moved to accept the second reading of Bill No. 70-56, to waive Section 20, (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1.774. Mr. Jezak seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. The City Clerk was directed to send a copy of the Ordinance as well as the Quit Claim Deed to the Recorder's Office, in Liberty, Missouri.

Mr. Jezak suggested to the Council that the Park Board would like to change their meeting date each month to the 4th Thursday of the month, instead of the 3rd Wednesday. Some discussion took place....this matter was to be decided finally after consultation with the Board...

Mr. Jezak advised that the Landscape Architect chosen by the Council at an earlier date, to work out a plan of development for the Flora Street Park, had taken a position in another City, and was, therefore, unable to complete any work on the City's behalf. He said he had talked with one Mr. James R. Rodgers, who was a recognized authority in this particular field, and that Mr. Rodgers was willing to do the work. He therefore moved to direct the City Manager to enter into a contract with Mr. James R. Rodgers for the sum of \$1,000 for the complete documents, design drawings and working construction plan for the Flora Park, and the as-yet-unnamed park ground on the east side of Flora Street, at approximately 60th Street.

Mr. Davis seconded.

Mr. Bussinger noted that on the second page of Mr. Rodgers' letter addressed to Mr. Jezak on November 23, 1970, Mr. Rodgers had said "My fee for the above-mentioned design drawings and documents shall be \$1,000 due and payable upon final acceptance of the initial construction documents of the 4+ acre tract, together with the overall master plan"..... Mr. Bussinger asked if this was for the entire 20-acres, which would include both pieces of ground, the Flora Park, and the smaller tract across the street on the east...

Mr. Jezak answered Mr. Bussinger, saying that he understood that was the intent, and that this amount was within the budget.

Mr. Olson said the proposal is to make preliminary plans on the entire 20 acres, but his work is to be done on the 4-acre tract only, and, based on this, he would then understand that based on this proposal, he does not intend to prepare construction plans for the entire 20 acres.

Mr. Jezak said he believed Mr. Rodgers meant to give us a working plan for the entire 20 acres, and that he, Mr. Jezak, had assured Mr. Rodgers that he would get his money for the work on the 4 acres.

Mr. Walker asked if Mr. Rodgers would need the topographical surveys, survey plats, maps, etc. showing elevation, location of utilities, etc.

Mr. Olson said there would be a delay if the City has to help with the surveying but it was possible to make a survey from the diagrams of the streets which abut the properties....

Mr. Jezak asked if there would be a U. S. survey of the whole area available from the U. S. Geodetic Survey...that he felt Mr. Rodgers could use this.

It was agreed that this matter would be looked into.

The vote on Mr. Jezak's motion: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

Mr. Davis suggested that in the contract with Mr. Rodgers, there be adequate conditions written in to show that final plans are acceptable to the Park Board, and suggested, further, that Mr. Rodgers plan to meet with the Park Board at least three times.

Mayor Kleiner said that he felt the contract should also bring out everything that such contract includes.

Mr. Davis said he also assumed that Mr. Rodgers had come up with some sort of an estimate on time...that he believed the contract should spell out all these important points.

Mr. Jezak moved to rescind the contract executed earlier by the City with Mr. Richard Rome for the design of Flora Park, due to the fact that Mr. Rome is no longer living in the City. Mr. Davis seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

Mr. Bussinger said that he had approved the adoption of Resolution No. R-70-101 which approved the purchase of the mowing equipment...he said he realized the City was the "victim of circumstances" insofar as the amount of monies for the purchases was concerned, but that he certainly didn't want that tractor lying idle next summer; that he hoped it would be utilized to its fullest at all times.

Mr. Bussinger also advised that there were a number of signs throughout the City in need of repair, and that a lot of them are down, and that he would like to see some work started on signs again.

Mr. Walker asked about the tract of land on Pursell Road, owned by Mr. Poole, for which the City had offered \$200...

Mr. Jezak advised that when the matter was brought up to the Park Board, and the price of \$7,000 which Mr. Poole was asking for the ground had been mentioned, the Park Board had voted unanimously to "forget it"...

Mr. Walker asked if the Council should move to do the same. Mayor Kleiner moved to advise Mr. Poole that the City declined to accept such figure...Mr. Jezak seconded the motion. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

Mr. Davis asked the City Manager about the current status of sidewalk construction. Mr. Olson explained the work which had been done, and advised that there was still some clean-up work to be done on Englewood Road.

Mayor Kleiner suggested that the City Manager alert the Street crew to continue to work on the sidewalk program as the weather continues to be about 50 degrees; he also asked if the Street crew is prepared for snow removal when and if needed. The City Manager answered in the affirmative.

Mr. Davis suggested that some sort of uniform procedure be established for the receipt of complaints. He asked when the Newsletter would be going out. Mr. Olson advised that they should be finished and back in the City Hall about Wednesday, and would be going out shortly thereafter. Mr. Olson also advised that the Civic Calendar would or should be ready about the 15th of December to go out to the citizens.

It was noted that a joint meeting of the Planning Commission and the City Council would be held on Monday, November 30th, for a study of the Land Use Map. Mayor Kleiner advised that he would be out of the City for two weeks, until December 12th and would not be able to attend that meeting. It was suggested that someone be alerted to notify the Planning Commission members of the date of the meeting.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent. Time: 10:07 P.M.

Respectfully submitted,

John P. Johnson
City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
14 December 70

The regular meeting of the Gladstone City Council was called to order by Mayor Frank Kleiner on Monday, December 14, 1970, at 8:00 P.M. Roll was called. Those present were Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Ken Walker, Councilman Richard Davis and Mayor Kleiner. In addition, Mr. Olson, City Manager, Mr. Dods, Assistant City Counselor, and the City Clerk were present.

The Invocation was given by Reverend Phillip C. Williams, Pastor of the Dundee Hills Church of the Nazarene.

Item 3 on the Agenda: Mayor Kleiner presented a plaque of recognition of service for his many years on the Gladstone Planning Commission to Mr. Richard Dowd. A hearty round of applause followed the presentation. Mayor Kleiner advised that there would be a presentation of a similar plaque to Mr. Milburn Mundorff, former member of the Gladstone Park Board, but that he was unable to be here at this time and the presentation would take place later on this evening.

Item 4 on the Agenda: Acceptance of the Minutes of the meeting of November 23, 1970. Mr. Bussinger so moved. Mr. Jezak seconded. The vote: All "aye".

Item 5 on the Agenda: Communications from the Audience. Mr. R. E. Carver 3400 NE 67th Terrace, addressed the Council, said he felt on-the-street parking was hazardous, particularly when the streets are icy and snowy; he said he wished the Council would see to it that on-the-street parking is eliminated entirely. He said he felt that vehicles are private property, and he hoped that all persons would park them on private property. He said that, especially on North Indiana, he knew of two cars which were licensed, but inoperable, and which had remained in the same place all winter long, and were constant hazards; that the snow plows had to go around them; that they caused traffic congestion, and he reiterated he would like to see all on-street-parking eliminated completely.

Mr. Bussinger suggested to Mr. Carver that he bring the matter to the attention of the City Manager, and it could be discussed at one of the Council's work sessions if he had a particular area in mind.

Mayor Kleiner said that if the Public Safety Department is notified, they can take steps to correct the situation; that there will be and is a solution.

Mr. Davis said that the City of Gladstone or much of the City is built for one-car families; that he didn't think some of the citizens would think much of the idea of no on-the-street parking, as most of them have more than one car and this would create a real problem.

Mayor Kleiner suggested that the matter be looked into.

* * *

At this time, Mayor Kleiner advised that Mr. Mundorff was now present at the meeting, and said that it gave him great pleasure to present a plaque in recognition of Mr. Mundorff's years of service with the Park Board. A round of applause followed the presentation.

Item 6 on the Agenda: Communications from the City Council. Mayor Kleiner said he had received a letter from the Missouri Municipal League, in which the City was asked to select an outstanding civic leader of our community, and he asked the Council to be thinking of a choice of person for this honor, and added that a Certificate of Recognition would be presented at the time of the Regional Meeting to be held in Independence on January 21st, at which time Mayor Cervantes of St. Louis, President of the Missouri Municipal League would be making the presentation. There will be more details on this later.

Item 7 on the Agenda: Communications from the City Manager: Mr. Olson said he would like to advise the Council that under Item 15, Consideration of certain building plans, Item (a), Broadway Village North, 63rd and North Broadway, plans were not complete and would not be discussed at this meeting tonight; he said, further, that subsection (d) of Item 15, in reference to Meadowbrook Elementary School, would also not be discussed at this meeting because of not having complete plans as yet. He mentioned, further, that an additional set of plans had been submitted for a laundromat to be constructed at approximately 74th and North Oak near the Clark Station.

He advised that the meeting tentatively scheduled for Tuesday had been moved to Wednesday night, at 7:30 P.M. There will be a discussion at this time of the fire-station plans, among other things. It was noted that Councilman Bussinger would not be able to attend either night.

* * *

Item 8 on the Agenda: Mr. Davis moved to place Bill No. 70-57, for an ordinance to rezone certain property in the Kendallwood area from C-P-0 to R-P-3, on its first reading. Mr. Jezak seconded. Mr. Davis mentioned that he would like to have a stipulation on construction time, and suggested that the proposed buildings be completed no later than July of 1974. Mr. Dods suggested that Mr. Davis' motion might only cover the first reading, and that the time of beginning and completion of the proposed project could be made a condition of the accepted plans when they were brought in later. This was agreeable with Mr. Davis. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. The Clerk read the Bill.

Mr. Davis moved to accept the first reading and to call for the second reading of Bill No. 70-57. Mr. Jezak seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker explained that two or three months ago, this same property was turned down for rezoning; that in the meantime, the owner had increased the density and promised that a much needed street would be completed which will greatly help the traffic congestion in that part of the City, and, based upon this explanation, he voted "aye"...Mr. Davis, aye, Mayor Kleiner, aye. The Clerk read the Bill.

(includes 2/20/70)

* * *

Item 9 on the Agenda: Mr. Bussinger moved to place Bill No. 70-58, for an ordinance to rezone certain tracts of land located at approximately the NE corner of 64th Street and North Prospect, (from R-1 to C-P-3) on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of said Bill No. 70-58, and to place it on 2nd reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 10 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-105, authorizing the City Manager to execute Water Main Contract No. 114, for water mains (From an existing 6" C.I.P. at the SE corner of N. Euclid and N. Garfield, easterly and southerly, in the southerly and westerly right-of-way of North Garfield, 650 feet of 6" C.I.P. to the ending, including 2 fire hydrants and other related appurtenances; 196 feet of 4" C.I.P. in the right-of-way of North Garfield Circle, as shown on Plans dated 11/24/70, all to be located in NORTHAVEN, 13th PLAT). Mr. Jezak seconded. The vote: All "aye". Motion carried.

* * *

Item 11 on the Agenda: Mr. Jezak moved to adopt a Resolution, No. R-70-106, authorizing the City Manager to enter into a contract (No. 5) with Hevalow Shanks Construction Company, for the construction of 876 feet of 8" C.I.P. and 250 feet of 6" C.I.P. and all related appurtenances, in connection with the water line for the Public Works and Utilities Building, in the total amount of \$9,400. Mr. Davis seconded. The vote: All "aye". Motion carried.

* * *

Item 12 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-70-107, authorizing the City Manager to accept a bid for one 1971 Half-ton pick up truck from International Harvester, in the net amount of \$2,140.00, and authorizing purchase of same. Mr. Jezak seconded. It was noted that there were two companies which had submitted the same bid price of \$2,140.00, but that one company, (Parrish Chevrolet) had only been able to promise 90-day delivery, while International Harvester had quoted 30 to 60 day delivery. The vote: All "aye". Motion carried.

* * *

Item 13 on the Agenda: Mr. Davis moved to adopt Resolution No. R-70-108, authorizing the City Manager to engage the firm of Troupe, Kehoe, Whiteaker and Kent, Certified Public Accountants, to conduct the annual City Audit for 1970-71, for a fee not to exceed the amount of \$5,500. Mr. Walker seconded. The vote: All "aye". Motion carried.

* * *

Item 14 on the Agenda: Mr. Bussinger moved to adopt Resolution No. R-70-109, authorizing amendment of the Sidewalk Capital Improvement Fund Budget, and authorizing the transfer of the sum of \$15,000 from the General Fund Unencumbered Cash Balance to said Sidewalk Capital Improvement Fund. Mr. Jezak seconded. The vote: All "aye". The motion carried.

* * *

Item 15 on the Agenda: Consideration of certain building plans: In connection with the consideration of the reconstruction of the portion of Salem North Apartments which recently burned, Councilman Walker said he believed the City ought to check carefully into the use of firewall construction prior to approval of plans. Mr. Olson said the present wiring is Romex. Mr. Walker said it was his understanding that this was not allowed in many two-family dwelling unless protected

by firewalls. Following further discussion, Mr. Walker moved and Mr. Davis seconded the approval of the plans for the reconstruction of that specific portion of the Salem North apartments subject to their compliance with the City Fire Code. The vote: All "aye".

Also under this item, the new set of plans brought in after the preparation of the Agenda, were submitted at this time. They were for a Laundromat to be constructed at approximately 74th and North Oak, behind or close to the Clark Station. It was noted that there were plans to build a six-foot redwood fence between the two buildings; that it would be at least two weeks before they could get started.

Councilman Bussinger said he would like to take more time to study the plans; he asked about which direction the building would face. There was some discussion regarding there being no entrance off of North Oak Street, so that there would not be the additional congestion which could otherwise be expected;

After some further discussion, it was decided to study the plans further and bring the matter up again at a Special Council meeting set for Wednesday, at 7:30 P.M. (December 16, 1970). This was agreeable with the proponents and Council members. Mr. Tom Fields, with Armstrong Commercial Laundry Distributors, 6827 North Broadway, 2-B, Gladstone, was present at this meeting and will meet with the Council on Wednesday night.

Under the same item on the Agenda, "Consideration of certain building plans", Item (c) was discussion pursuant to a remodeled section of building in the Meadowbrook Shopping Center, which was not only remodeled but occupied without Council knowledge. The plans were submitted following a request by the City Manager. After some discussion by the Council, Mr. Davis moved to approve the building plans, and to authorize the City Manager to request a double fee because of the failure on the part of the developer to follow the proper course in securing a building application. Mr. Jezak seconded the motion. The vote: All "aye".

Under the same item on the Agenda, regarding the Meadowbrook Elementary School, this will be discussed at the Special Council meeting on Wednesday night.

* * *

Item 16 on the Agenda: Mr. Davis moved to approve the Disbursements Report for November, 1970, for General Fund, Public Works & Utilities Building Fund and Capital Improvements Fund for Construction of Sidewalks; the Water & Sewer Departments Cash Disbursements for November, 1970; General Fund, Sewer Assessment Fund, Special Park & Playground Fund & Sidewalk Construction Fund; the Financial Statement for 4 months ending October 31, 1970; Combined Waterworks and Sewerage System Financial Report for 4 months ended October 31, 1970, and the Statement of Cash to November 30, 1970. Mr. Bussinger seconded. Mr. Jezak asked the City Manager if the amount under Park and Recreation Budget for salaries which, in his opinion, seemed fantastic, was normal, for salaries so far this year. The City Manager said that the biggest percent of the salary budget is used up through the warm months of the year when there are two men allocated; that the percentage slows down during the cold months of the year, and the money is provided for this for the rest of the year.

Mr. Walker commented on the unusual number of alternator repairs which show up under several items on the General Fund Cash Disbursements; he asked if the

alternators we are buying are not the right size, or just what the problem seems to be to cause so many replacements. Mr. Olson answered that it was true, there have been some problems, but that the mechanic is also inventorying some to have on hand, and this would help account for the unusual number of alternators.

An item for charges for towing was mentioned. The City Manager explained that this was for towing in abandoned vehicles; that we average quite a few in a month's time. Councilman Walker asked if the City is ever reimbursed when the cars are reclaimed. Mr. Olson said yes, infrequently, but that he believed the charges are usually assessed along with fines imposed by the Municipal Judge.

Councilman Walker suggested that the failures on the alternators be checked out and asked the City Manager to find out why there were so many purchased.

Mr. Olson said that it did seem that they burned up very quickly. He explained that the Police vehicles idle a lot, (rather than being turned off and on); that another explanation might also be that most of the Police cars now have in excess of 30,000 miles on them.

The vote was taken: All "aye".

Item 17 on the Agenda: Listed as "Other". Mr. Jezak advised that there would be a special Park Board meeting next Monday night with Mr. Rodgers, who will then have the rough plans for the Flora Park development, and with any Council members who might be available to see the plans.

He advised that the Park Board had changed their meeting night to the 4th Thursday night of the month, at the usual time. He said it was hoped that the plans for the entire park system would be ready "to go" by April 1st.

Mayor Kleiner asked the City Manager about the progress on the Civic Calendars. Mr. Olson said he had learned that they would be ready any time; that the final prints were approved today.

Mayor Kleiner asked if the new Public Works Building was insured. The City Manager answered in the affirmative.

Mayor Kleiner reminded the Council members that there would be a Special Council Meeting at 7:30 P.M. Wednesday night prior to their meeting with the builders.

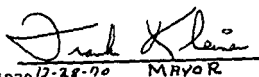

As there was nothing further to come before this meeting, it was, upon motion duly made and seconded, adjourned at 9:25 P.M.

Respectfully submitted,

City Clerk

SPECIAL CITY COUNCIL MEETING
GLADSTONE, MISSOURI

16 DECEMBER 70

A special meeting of the Gladstone City Council was called to Order by Mayor Frank L. Kleiner, on Wednesday, December 16, 1970, at the Gladstone City Hall. All members had been advised of the calling of such meeting. Roll was called those present: Councilman Bernie Jezak, Councilman Ken Walker, Councilman Richard Davis, and Mayor Kleiner. In addition to the aforementioned, the City Manager, Mr. Olson, the Assistant to the City Manager, Mr. McMahan, and the City Engineer, Mr. Ren Thomas.

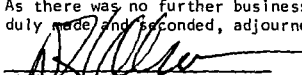

In the absence of the City Clerk, Mr. Davis moved to appoint Mr. Olson as the Acting City Clerk. Mr. Walker seconded. The vote: All "aye".

The first item on the Agenda was the adoption of Resolution No. R-70-110, which authorized the acceptance of and requested payment for a State Grant for sewage treatment works, under Project No. MO-369, in the amount of \$13,900, from the Missouri Water Pollution Board. This money will aid in the construction of an interceptor sewer from an existing lift station at the interceptor of Campbell and Harrison Streets, in Gladstone, to Kansas City East Creek interceptor, at a point south of the intersection of Oak Street and Maple Street, and authorizing Mayor Kleiner to request payment of such fund. Mr. Walker moved for the adoption of the Resolution. Mr. Davis seconded. The vote: Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. Motion carried.

The next item of business was the consideration of the building plans for the construction of a laundromat at 74th and North Oak Streets. The actual address is 302 E. 73rd Terrace. After discussion and consideration, Mr. Jezak moved to accept the building plans, subject to the changes marked on said plans in conjunction with the Council's wishes. Mr. Davis seconded the motion. The vote: Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

The third item of business was the consideration of remodeling plans submitted by the Meadowbrook Elementary School, 6301 N. Michigan Drive, Gladstone. General discussion ensued. It was suggested that the school authorities make their own arrangements to have some additional sidewalk construction along N. Michigan Drive, from the entrance north to 64th Street, and some steps constructed to the walkway. Mr. Jezak moved to approve the building plans for the said school, with the additions as suggested by the City, subject to the approval of the City Engineer. Mr. Davis seconded. The vote: Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. Motion carried.

As there was no further business to come before the meeting, it was, upon motion duly made and seconded, adjourned at 8:27 P.M.

DAVID H. OLSON, CITY MANAGER
Acting City Clerk

19. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

28 December 70

The regular meeting of the Gladstone City Council was called to Order by Mayor Frank Kleiner on Monday, December 28, 1970, at 8:00 P.M.. Roll was called. Those present were Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Ken Walker, Councilman Richard Davis and Mayor Kleiner. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were also present.

Item 2 on the Agenda: Reverend Vernon Porter, Pastor of the Berea Temple, of the Assembly of God Church, gave the Invocation.

Item 3 on the Agenda: Mr. Walker moved to accept the Minutes of the Council Meeting of December 14th, 1970, and of the Special Meeting of December 16th, 1970. Mr. Jezak seconded. Mr. Davis asked for a correction on the Minutes of December 14th, Page 2, Paragraph 5, 4th line, where the word "Increased" should have read "decreased"...the correction was noted and made. Mr. Walker's motion was then amended to read "Accept the Minutes of December 14, 1970, as corrected", and the Minutes of the Special Meeting of December 16th, as submitted. The "second" remained as recorded. The vote: Mr. Bussinger voted on the acceptance of the Minutes of December 14th, as corrected, and passed the vote on the Minutes of the Special Meeting of the 16th of December, as he was not present at that meeting; Mr. Jezak, "aye", Mr. Walker, "aye", Mr. Davis, "aye", Mayor Kleiner, "aye".

Item 4 on the Agenda: Mayor Kleiner opened a Public Hearing on a request to rezone from R-1, Residential One-Family Dwelling District to C-1, Local Business District, Lots 12, 13 and 14, Block 23, LINDEN. Mr. Winston Horn, the Petitioner, was present to speak in his own behalf. Mr. Horn's address is 101 NW 70th Terrace, Gladstone, Missouri. He addressed the Mayor and the Council, explaining that his reason for wanting to rezone is to maintain the same zoning "all along this street, as the rest of the block"...He said it is merely being brought "up" to what is already there. He said that immediately behind the property is the professional building, at 7010 N. Cherry, and that at the south end, behind the property, to the east, is the Post Office.

Councilman Davis asked if he might presume that Mr. Horn intended to improve the streets when and if he develops the property. Mr. Horn answered that he would do whatever is required of him to do. He said that he had received a call from the downtown Post Office, and that they wanted to know if he still owned the property just west of the Post Office, or whether he had transferred ownership.

No one appeared further, either in approval, or in opposition to the rezoning proposed. Mayor Kleiner closed the Hearing. This item is scheduled for Jan. 11, 1971, Agenda.

* * * *

Item 5 on the Agenda: Mayor Kleiner opened a Public Hearing on a request to vacate all that part of 59th Terrace, North, lying North of a line 25 feet North of the South line of Morningside Terrace, according to the Recorded Plat thereof. No one appeared to speak either in favor of or in opposition to the proposed vacation. The petitioner was Mr. Wm. Birt... Mayor Kleiner declared the Public Hearing closed at this time. This item is scheduled for January 11, 1971, Agenda.

Item 6 on the Agenda: There were no communications from the Audience at this time.

Item 7 on the Agenda: Communications from the City Council. Councilman Jezak advised that the meeting with the Park Board and the Landscape Architect at which time there was to be some discussion concerning the plans for the Flora Street Park, and an additional piece of parkland on the east side of Flora, had been postponed because of the expected absence of some of the members of the Board, and has now been re-set for January 4th, at 8:00 P.M. Any and all Council members were invited to attend.

Mr. Jezak also asked the City Manager to notify the A-Mart at 64th and North Oak that they were in "gross violation" of the employee parking requirements of the City.

Councilman Walker asked Mr. Olson about a water leak which had developed on Englewood Road on December 24th, late in the afternoon, and which had caused approximately a 6-inch drop-off on Englewood Road which was very dangerous.

Mayor Kleiner said he had noted the same problem, and had, in fact, called Kansas City to report it on Saturday, and they said they would take care of it right away. It was his understanding that it had been taken care of.

Mr. Walker said he had requested that some barriers be put up to warn drivers; he said it did not appear to him that Kansas City was taking very good care of its streets, since the offending area is on that side of Englewood Road which belongs to the City of Kansas City, and he suggested that the City Manager contact Kansas City in this regard. Mr. Walker said he did not appreciate Kansas City leaving a street in such dangerous condition over a holiday week-end. He said it was still in a poor condition and it could result in a serious accident.

Mayor Kleiner said they had informed him that they had had two breaks there and that they had been unable on such short notice to properly repair the problem.

Councilman Davis suggested that a Special Council meeting be held to fill the vacancies on the various boards.

Mayor Kleiner said he was in agreement on this. He asked the City Manager what the present status of the Civic Calendar is. Mr. Olson advised that the calendars were ready and should go out on December 31st. He said he had been in touch with Quick Mid-West Postal Service, the company which will deliver the calendars, and been assured they will go out on Monday. The printing company will deliver the finished calendars to Quick Mid-West, the carrier, and, since they will not be working over the week-end, they will, in turn, deliver the calendars to each resident on Monday.

Mayor Kleiner advised that he had received a letter from the National Bowling Proprietors' Association, through Mr. Everett Smith, Owner of the Gladstone Bowl, which stipulated that an amount of \$367.00 had been donated to the Gladstone Mayor's Christmas Free Fund through the efforts of local bowlers, and that this money had been dispersed through Major Max Maupin and Captain Leonard Ladd of the Gladstone Public Safety Department to local needy families.

Mayor Kleiner said that by way of complimenting the Public Safety Department, he wished to thank them for the work expended in handling and taking care of such funds, and thanked both Major Maupin and Captain Ladd, as well as the other involved members of the Department for their part in this noteworthy project made possible through the Bowling Proprietors' Association.

Item 8 on the Agenda: Communications from the City Manager. Mr. Olson advised that there would be an additional Bill, No. 70-59, added to the Agenda, which covered the acceptance of a Quit Claim Deed from Dunkin Donuts Realty, Inc., on the easterly 10 feet of Lot 4, Hamilton Heights. Mayor Kleiner indicated this would be listed as Item 10-A... Mr. Olson said he had neglected to place two other Bills on the Agenda, rezoning certain tracts of land in Park Royal, between North Euclid and 76th Street - that these would be prepared for the Council later on in the evening and could then come up for first reading.

Mr. Olson added that there was an additional Resolution authorizing the purchase of Out Lot A, Oak Lawn, as additional park land for the City, and that this Resolution would also be prepared for the Council later on this evening.

* * * *

Item 9 on the Agenda: Mr. Davis moved to accept the second reading of Bill No. 70-57, rezoning from C-P-0 to R-P-3 certain property in Kendallwood, and to place said Bill on third and final reading. Mr. Bussinger seconded the motion. Mr. Davis recalled his earlier desire to have a time limit on beginning and completion of construction included in the Council's action. The Assistant City Counselor said, in his opinion, the letter of intent from the Charles F. Curry Company, which set out the anticipated dates of the construction schedule, both beginning and completion, could be attached to the plans and acted upon by a separate motion to accept the plans. This was agreeable to the Council.

The vote on the third and final reading of Bill No. 70-57, rezoning from C-P-0 to R-P-3, 19.6 Acres in Kendallwood, at approximately Kendallwood Parkway and NE 59th Terrace was: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the Site Development Plans for the Kendallwood Development, and to include as part of that Plan, a letter dated December 4, 1970, indicating the time schedule for the implementation of such project. Mr. Bussinger seconded. The vote: All "aye". (Copy of letter attached as Exhibit A)

Mr. Davis moved to accept the third and final reading of Bill No. 70-57, and to enact it as Ordinance No. 1.775. Mr. Bussinger seconded. The vote: All "aye".

* * * *

Item 10 on the Agenda: Mr. Bussinger moved to accept the second reading of Bill No. 70-58, for an ordinance to rezone certain tracts of land located at approximately the NE corner of 64th Street North and North Prospect, from R-1 to C-P-3, and to place same on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of said Bill, and to enact it as Ord. No. 1.776. Mr. Jezak seconded. The vote: All "aye".

Gladstone, Missouri 64118

RE: Zoning Application - 19.6 Acres
Kendallwood Parkway and
N. E. 59th Terrace
Gladstone, Missouri

Dear Mr. Olson:

At a public hearing before the City Council on November 23, 1970, the Curry Investment Company was requested by the City Council to provide your office with a proposed schedule of construction improvements for the subject property. It is our understanding that you will transmit this information to the members of the Council.

Our plan is to commence construction no later than January, 1972 with completion no later than July, 1974.

We will most likely beat this schedule but as Councilman Davis advised, we are allowing ourselves some latitude in this projection based on certain factors which we can only estimate at this time.

Please let us hear from you if you or the City Council requires any additional information. We appreciate your help in this regard.

Very truly yours,

Raymond R. Brock, Jr.
Raymond R. Brock, Jr.
Executive Vice-President

RRBJr/cj

Item 10-A, as mentioned earlier, was the insertion on the Agenda of Bill No. 70-59, accepting a Quit-Claim Deed of certain land in the City of Gladstone, Missouri, from Second Dunkin Donuts Realty, Inc., said land being the easterly 10 feet of Lot 4, Hamilton Heights, according to the recorded Plat thereof, subject to existing conditions and easements of record, if any. Mr. Jezak moved to place it on first reading. Mr. Davis seconded. The vote: All voted "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 70-59, and to place same on second reading. Mr. Davis seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 70-59, to waive Section 20 (d) (2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 70-59, and to enact it as Ordinance No. 1.777. Mr. Davis seconded. The vote: All voted "aye".

* * * *

Item 11 on the Agenda: A Resolution authorizing acceptance of a bid for the installation of the roof and authorizing execution of Contract No. 6, for the Public Works and Utilities Building, with Cornell Roofing and Sheet Metal Company, and to include installation of roof, insulation, coping, guttering, soffits, all in the amount of \$6,910.00. Mr. Walker moved to adopt Resolution No. R-70-111. Mr. Jezak seconded. The vote: All voted "aye". Motion carried.

* * * *

Item 12 on the Agenda: Mr. Davis moved to adopt Resolution No. R-70-112, authorizing the City Manager to pay to the Collector of Revenue of the State of Missouri, to the credit of the State Road Fund, the sum of \$74,535.95, as and for the City's share of the right-of-way costs, to date, for the improvement of Antioch Road. Mr. Jezak seconded. Mr. Davis asked how much money the City had reserved for these expenses. The City Manager answered approximately \$102,000 was reserved. Mr. Davis asked how much we may expect in additional costs. The City Manager said the costs may be approximately \$10,000; that when he is sure of the figure, he will so inform the Council.

Mr. Walker asked how many pieces of property are involved in the right-of-way acquisitions along Antioch Road...Mr. Olson said he could not answer that without checking the files; that he will give Mr. Walker the run-down on this matter. The vote was called: All voted "aye".

* * * *

Item 13 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-70-113, authorizing Mr. Frank L. Kleiner, Mayor, to execute and file an Application for a Grant in Aid of the construction of the Water Softening Sludge Conditioner, with the United States Government, Federal Water Pollution Control Administration, under the Water Pollution Control Act (33 U.S.C. 466 Et Seq.) Mr. Davis seconded. Mr. Davis asked how the City became aware that such funds might be available. Mayor Kleiner said he had been so informed and had, in turn, informed the City Manager.

Mr. Kleiner asked the City Manager to tell him about what percentage could the City expect to receive. Mr. Olson said we will apply for 50%, hoping to get it; that right now they have approved 33-1/3%.

The vote: All "aye".

* * * *

Item 14 on the Agenda: Mr. Jezak moved to authorize adoption of Resolution No. R-70-114, which authorizes the City Manager to enter into Contract No. 115, with Earl R. Martin, Contractor, for the construction of 125 feet of 2" water main to the dead end of 75th Terrace, North, at about 705 E. 75th Terrace. Mr. Bussinger seconded. The City Manager advised that all was in order on this Contract and that it had been okayed by the Director of Utilities, Mr. Anderson. The vote: All "aye"

* * * *

Item 15 on the Agenda: Mr. Walker moved to adopt Resolution No. R-70-115, authorizing the acceptance of the bid for the purchase of seven sedans for the City of Gladstone, from Independence Dodge, Inc., 1700 So. Noland Road, Independence, Missouri, in the net amount of \$15,773.55(The City Counselor, Mr. Dods, interrupted at this point to suggest that the Council defer the reading of this Resolution until after a short break)....Mr. Davis seconded the motion, and the motion maker, Mr. Walker, proceeded with the reading. * Based upon a news item which had appeared in the Kansas City Star of this date, Mr. Bussinger said he would hope the matter referred to might be locked into; that he hoped it would not delay the City in getting delivery of any new cars..... this was discussed briefly, after which the vote was taken. All voted "aye". *(Note: this was subject to the approval of the City Counselor). Mayor Kleiner called a ten-minute recess at this time.

* * * *

The regular meeting of the Gladstone City Council was reconvened, with Mayor Kleiner presiding. All members were present.

Item 15-A - added to the Agenda, authorized the purchase of certain real estate and payment therefor out of General Revenue Funds of the City, and pertained to Out Lot A, Oak Lawn, authorizing purchase price of \$4,000 less State, County and City taxes, and the cost of an Insured Title Policy, in the amount of \$120.50, for a net amount of \$3,879.50. Mr. Jezak moved for the adoption of this Resolution, No. R-70-116. Mr. Walker seconded. Mr. Walker asked if the City had sufficient funds in the Park and Land Acquisition Fund...It was noted that this fund had been allocated to a particular park acquisition; that the Park and Playground Fund, as such, might be limited to a particular section of the City; that it had been decided to take this money out of General Revenue. The vote was taken: All "aye".

Item 15-B - Mr. Davis moved to place Bill No. 70-60 on its first reading. Said Bill is for an ordinance amending Ord. No. 1,372, and being an ordinance regulating zoning restrictions, and rezones, from R-1, Residential One Family Zoning District to R-P-3, Planned Garden Apartment Residential District, Lots 1 through 9, in PARK ROYAL, being located at approximately E. 76th Street North and N. Euclid. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis advised that

he believe this should be handled in the same way as Kendallwood, and requested that a time schedule of construction should be attached to the plans when they were submitted...Mayor Kleiner asked Mr. Rose, the petitioner, if he would comply, and give the City Council a letter on the proposed starting date and completion date. The answer was in the affirmative. Thereupon, Mr. Davis moved to accept the first reading of the Bill, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read Bill No. 70-60 a second time.

* * * *

Item 15-C - Mr. Bussinger moved to place Bill No. 70-61 on its first reading. This Bill is for an ordinance to rezone from R-1, Residential, One Family Dwelling District, to R-P-2, Planned Two Family Dwelling District, Lots 10 through 30, PARK ROYAL, being located at approximately E. 76th Street and Nor. Euclid. Mr. Davis seconded, reminding Mr. Rose, the petitioner, that again there should be a letter sent to the Council concerning the time schedule of proposed starting date and completion date. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 70-61, and to place said Bill on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

* * * *

Item 16 on the Agenda: Consideration of certain building plans for Broadway Village North, at approximately 63rd and North Broadway. Mr. Don Osbourn, of 8017 North Floyd, Shawnee Mission, Kansas, and Mr. Warren Bailes, Consulting Engineer, of 3101 Mercier, Kansas City, Missouri, were present to discuss the plans submitted by the James Bynan Construction Company, a/k/a Skyline Apartment Developers, Inc., of 5646 Merriam Drive, Merriam, Kansas. Mr. Osbourn explained the plans to the Council, saying that there would be a total of six buildings; A-1 - 11 buildings with 2-bedrooms, A-2, 11 buildings, with 2 bedrooms; B-1, ten buildings, with one-bedroom apartments and ten, 2-bedroom apartments; B-2, ten, one-bedroom units, and 12, 2-bedroom units, and B-3, ten, one-bedroom units, and 12, 2-bedroom units; and C-1, 11, 3-bedroom units, for a total number of 97 units, club facilities on the lower level of the B-1 building, parking spaces for 194 cars, with a density of 2,143 square feet per unit.

After some general discussion, Mr. Davis said he felt this was "spot zoning"... that there is no adjacent similar zoning at all...that this would be a non-conforming "Island"...completely surrounded by R-1...that the Council felt they must consider what would be the most compatible to all. Questions were asked about firewall construction. There were several other questions asked and it was suggested that the above-named gentlemen meet with the City Council on Wednesday, Dec. 30th, to have a work session, in an attempt to work out, in a compatible manner, the many questions which have come up in connection with the proposed construction and plans. Mr. Bussinger said he agreed with Mr. Davis that such a meeting would be valuable; that the Council members were trying to represent the people in the area; that the area is zoned R-1 around this ground.

Mayor Kleiner said he, for one, would like to walk this ground over and see what the drainage problems are, and that he was also in favor of a work session either Tuesday, or Wednesday.

Mr. Davis said that he would have to vote against the plans, as they stood now. He said he would not be a party to putting asphalt yards adjacent to R-1 homes; that there must be a better way to arrange the whole thing so they would be more compatible neighbors. He reiterated his feelings about placing R-3 zoning in the center or R-1 areas...he said he felt there was too much density; that if they were planning to be good neighbors, they would have to go beyond the requirements of the City; that they had a certain responsibility and that his concern was what kind of neighbor they planned to be to the adjacent property owners...he said he would like to avoid air conditioners displayed on asphalt areas, trash containers, in plain view; that he would want more, substantially more green space between them, and their neighbors... he said he felt the builders were going to have to go beyond minimum requirements here...

Mayor Kleiner said the meeting would be set for Wednesday night, at 7:30 P.M. and asked the gentlemen to join the Council at the City Hall at that time. They agreed to do so.

They said they had been given to understand when they bought the property that the zoning would allow them to build as the plans showed; that they were following the ordinance requirements insofar as they were guided by one of the City employees; that they had a great deal of money invested here and were anxious to continue with their plans.

Mr. Jezak said he did not think the proposed construction would be an asset to his environment; that he did not want to see a project like this come into the City; that he was not in favor of barracks-like construction, with no green area, that he didn't feel it had marketability. He said knowing there are vacancies in similar complexes, he didn't want to see something like this again in our City.

Mr. Osbourn advised that their plans had been reviewed by the Engineering and Inspection Offices; that they had not received any adverse advice; that they believed they were all in good faith.

Mr. Davis said he believed the Council has given them something to think about, and that between tonight and Wednesday's meeting, they could suggest some possible changes, but that this plan just doesn't impress him at all.

At this time, Mr. Walker said he was still of the belief that the Council should take steps to up-grade the zoning ordinance, in order to avoid such situations as this...that if the Planning Commission does not, the Council should then act independently.

Mayor Kleiner said he agreed they needed to work on it; that the Planning Commission would recommend the needed changes, and the Council would act on those recommendations.

Mr. Walker asked the City Manager if he had found out whether or not the Building Code in use presently states what the Fire Code requirements are. Mr. Olson said that the requirements were one-hour fire resistant throughout...Mr. Walker asked if the wiring had to be in conduit...Mr. Olson said the Building Code stated one-hour fire resistant wall throughout, but not Romex wiring....

Mr. Walker said he believed the Council should consider an amendment to the Fire Code, stating that the wiring had to be in conduit for protection in all two-family dwellings.

Mr. Davis said he would like to have the drainage problems checked into on the Broadway Village North property...

It was decided that the work session would be called a Special Council Meeting in the event that something official were to be decided upon. All members considered this their official "Call to Meeting".

Item 16 - b...consideration of certain street construction in Kendallwood, more particularly 59th Terrace and Indiana...The City Manager advised that the Charles F. Curry people will be submitting to the City a Deed to this property in order to facilitate the property right-of-way....

He stated, further, that he was only asking for consideration of the plans, and would ask them for official acceptance of the plans later on.

Mr. Davis moved the Council approve the plans for the construction of 59th and Indiana, as submitted. Mr. Jezak seconded. The vote: All "aye".

* * * *

Item 17 on the Agenda: Acceptance of Financial Report for 5 months ending November 30, 1970, for the Combined Waterworks and Sewerage System. Mr. Davis so moved. Mr. Jezak seconded. The vote: All "aye".

* * * *

Item 18 on the Agenda: Mayor Kleiner advised that Mr. Ernst, Mr. Carter and Mr. McCausland would be reappointed to the Planning Commission for three-year terms; that Mr. Burke had served for some years, and would appreciate being placed on a year-to-year basis. Mr. Burke was re-appointed to serve one year.

He advised there would be replacements appointed for Messrs. Murfin, Sowerwine and Kindred.

Mr. Davis moved to accept the Mayor's recommendations for reappointment of Messrs. Ernst, Carter and McCausland for three year terms, and of Mr. Burke for a one-year term, for the Gladstone Planning Commission. Mr. Walker seconded. The vote: All "aye".

Mayor Kleiner said this matter could be discussed at the work session on Wednesday night. (ie: the matter of the appointees of new members for the Planning Commission.)

* * * *

Mike Dubin, Editor of the Gladstone Press, addressed the Council indicating that he had accepted a teaching position at Duke University, Charlotte, North Carolina, and would therefore, "bid them fond farewell!" at this evening's meeting. He said it has been his pleasure to watch Gladstone's progress; that he has felt

very much a part of Gladstone; he said he felt the Public Safety Department has been a big asset to Gladstone, and he commended Officer John Myers on his duties as Public Relations Officer for the Department, and said this was very helpful to the public in helping them to understand the City and the Police better.

Mayor Kleiner said he appreciated all the help that Mr. Dubin has given the City, and the support he has shown. He said it would be hard to fill Mr. Dubin's shoes, and he wished him luck and happiness in his new field.

Mr. Bussinger said that the Gas Service Company has recently put a new line down 72nd Street, and had failed to put the street back in its original condition, especially at Troost and 72nd. He said he would appreciate the City Manager reminding the Gas Service Company of their responsibility, and stress that it should be in the condition it was before their line went in. He said he had seen City crews working on the street and felt it was not the City's responsibility to do this.

Mr. Olson said they were only working on a temporary, or immediate repair for traffic needs.

Mr. Bussinger commented to Mr. Dubin that he had recently had a comment in his paper which indicated that the Public Safety Department had been giving tickets to unsuspecting residents....that he was pleased to report that the number of WARNING tickets had been increased, and that there had been far fewer summons issued recently.

Mr. Walker commented that on the Kansas City side of Broadway, to the west, there was a very bad hole about 5 feet in diameter, and some bad washboards there, which are the City's....he suggested that Kansas City be notified of their problems, and that we do something about our own.

Mayor Kleiner said the hill on Broadway will go completely "to pot" this winter, and he doesn't feel it will survive the winter. The City Manager agreed this hill may have to be dug up and rebuilt...

Mr. Walker suggested that the City should have some stringent control over the caliber of contractors coming into the City; that he believed we once had an ordinance to submit to the City which had been abandoned; that he would like to see the Council levy some control; he felt any contractor doing business in Gladstone might have a performance bond required, which would protect the City; that he would like to put this in the form of a motion....after some discussion, it was recalled that there had indeed been some form of an ordinance which was more or less a composite of other city's ordinances, and the City Manager was directed to look into this and make it an Agenda item for January.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:30 P.M.

Respectfully submitted,

City Clerk

MAYOR

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

30 December 70

A special meeting of the Gladstone City Council was called to Order by Mayor Kleiner on Wednesday, December 30, 1970, at 10:10 PM., at the Gladstone City Hall. All members had received previous notice of the calling of said meeting. Roll was called. Present were Councilman Ken Walker, Councilman Richard Davis, Councilman Bernie Jezak and the Mayor. In addition, the City Manager was present.

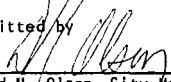

Mr. Jezak moved to appoint Mr. Olson as Acting City Clerk in the absence of the City Clerk. Mr. Davis seconded. The vote: all present voted "aye".

The first item of business was the adoption of a Resolution authorizing the purchase of certain real estate, and payment therefor out of the General Revenue Funds of the City, and rescinding an earlier Resolution, No. R-70-116. Mr. Jezak moved to adopt Resolution No. R-70-117, authorizing the acceptance of a General Warranty Deed for land described as Out Lot A, Oak Lawn, to pay said Owners the net sum of \$3,715.49 (being the agreed purchase price of \$4,000 minus State, County and City Taxes, the 1970 Special Sewer Assessment, and the cost of an Insured Title Policy, all in the total amount of \$284.52)...Mr. Davis seconded the motion. The vote: All present voted "aye".

The next item of business was the adoption of a Resolution authorizing the extension of time for the completion of the Public Works Building Contract No. 2, for the installation of a Vehicle Lift, by the Charles Moll Company. Such extension of time is to January 30, 1971, and was granted due to the inability of the company to complete the installation because the floor of the Public Works Building is as yet incomplete. Mr. Kleiner moved for the adoption of Resolution No. R-70-118, authorizing such extension of time to the Charles Moll Company. Mr. Jezak seconded. The vote: All present voted "aye".

As there was no further official business to come before this meeting, it was, upon motion duly made and seconded, declared adjourned.

23. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

11 January 70

The regular meeting of the Gladstone City Council was called to Order by Mayor Frank Kleiner on Monday, January 11th, 1971, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Present were Councilmen Lee Bussinger, Councilman Bernie Jezak, Councilman Ken Walker, Councilman Richard Davis and Mayor Kleiner. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were also present.

The Invocation was given by Mr. Finley Brown, Protestant Chaplain of the Western Missouri Mental Health Center.

Item 3 on the Agenda: Plaques in recognition of their years of service on the Planning Commission were scheduled to be presented to Messrs. Kindred, Sowerwine and Murfin, retiring members of the Commission. However, as none of the gentlemen was present at this meeting, the presentation will be made at the next regular meeting of the Council.

Item 4 on the Agenda: Mayor Kleiner presented awards of Valor to Public Safety Officers Martin, Carroll and Richardson, as well as to former Sgt. Crisler, who is no longer working for the City. These officers were instrumental in discovery of the fire and fought diligently and well to keep the flames from spreading over a greater area, without regard for their personal safety, when the Salem North Apartments were on fire several weeks ago. A fifth officer, Reed Black, will also receive a similar Award, but was not present at this meeting. Mayor Kleiner said the City is proud to recognize these gentlemen, and thanked each one, personally, as he presented the Awards.

Item 4-a - Mayor Kleiner announced that a selection had been made of the outstanding citizen of our City; one who is continually trying to make our City a better place to live in, who fought for and secured the first emergency vehicle for the City through the Gladstone Jaycees, of which he was President; one who worked for the City Manager form of government, who was on the City Council for three years and served the City as its Mayor for two of those years; who was instrumental in securing a library for our City, who was the Chairman of the successful sewer and water bond election, had been a Peace Officer and received recognition therefrom, and who was instrumental in helping to establish the First National Bank of Gladstone and serves on the Board of Directors thereof....after which Mayor Kleiner introduced Mr. Paul Degenhardt, and presented him with a Key to the City. A hearty round of applause followed the presentation.

Item 4-b - Mayor Kleiner advised that at this time, appointments of three members to the Planning Commission would be made. He said, further, that a new member would be appointed to serve on the Board of Zoning Adjustment.

Mr. Davis thereupon moved for the appointment of Mr. Ed Kerr, 1406 E. 77th Street, N, Mr. Tom Miller, 7501 N. Highland, and Mr. Ed Lyon, 2503 Shady Lane, to serve one-year terms, and appointed Mr. Al Murfin to the Board of Zoning Adjustment. Mr. Bussinger seconded the motion. The vote: All voted "aye".

Item 6 - At this time, Mayor Kleiner proclaimed the month of January as NATIONAL BLOOD DONOR MONTH, in recognition of the importance of the volunteer blood donor to

his community, and he urged all persons to join in this observance, and joined President Richard Nixon and mayors of all other cities in such proclamation.

Item 6 on the Agenda: Mr. Walker moved to accept the Minutes of the Council meeting of December 28, 1970, and the Special Meeting Minutes of December 30, 1970, as submitted. Mr. Jezak seconded. The vote: Mr. Bussinger voted "aye" on the Minutes of December 28th, but passed the vote on the acceptance of the Minutes of the Special meeting of December 30th, as he was not in attendance at that meeting; Mr. Jezak voted "aye", Mr. Walker voted "aye", Mr. Davis voted "aye", Mayor Kleiner voted "aye".

Item 7 on the Agenda: Mayor Kleiner opened the Public Hearing on a request to rezone from M-1 to R-1 property located at approximately 3909 NE 76th Street, Gladstone. He said the Planning Commission had recommended deferring any action on this item until their meeting of February 15th, as they hoped to have more information brought to them as to the future plans for the location. He said he would like to poll the Council as to their wishes for delaying any action, and suggested republication of the Public Hearing notice. At this point, Mr. Dods said that he was of the opinion that the Council wouldn't have to readvertise, but could just announce that there would be an additional or second Public Hearing on the matter, if they so desired. Mayor Kleiner said he was sure that the property owners would need to be notified of the new date, if the Council was agreeable. Mr. Dods said that was not a legal requirement; that the Council could so notify if they wanted, as a matter of courtesy. Mayor Kleiner asked if there were anyone present in the audience to represent either of the petitioners for the zoning change...A Mr. Austin; Attorney at Law, was present representing Judge Elliott. He said he was here merely to request more time, and to ask for a delay if possible.

After some general discussion, Mr. Bussinger said that, in view of the Planning Commission's decision, he would move that the Council delay any action until after the Planning Commission meeting of February 15th...Mr. Davis seconded. It was the general consensus of opinion that both items 7 and 8 on the Agenda (Item 8 is the same type of rezoning request, and involves the same problems, the address being approximately 3801 NE 72nd Street, Gladstone, and the property owners being Marvin Tarwater, as spokesman, for several other families most of whom live out of the state)... the matter will be brought up again at the Council meeting of 2-22-71.

The vote: All "aye".... Mayor Kleiner advised that he felt the property owners and surrounding property owners, should be re-notified of the new date.

* * *

Item 9 on the Agenda: Communications from the Audience. None at this time.

Item 10 on the Agenda: Communications from the Council members: Mr. Bussinger asked the City Manager if a maintenance log per each individual unit is maintained and if it were available to the Council. Mr. Olson said this was done and that it could be made available to the Council. Mr. Bussinger said he felt it would be important to see what is spent on each unit and could be discussed at work sessions.

Mr. Bussinger asked about the School Crosswalk patrols for January, and ensuing months. He said it appeared that this was being handled by Patrolman Kelly and Officer Don Sorensen...he asked if the crosswalks would be manned by these two on-duty officers, or just what seemed to be the problem....he asked if they (off-

duty officers) didn't want to do this in cold weather, or just what.....
The City Manager said they did seem to be running out of volunteers....

Mr. Bussinger said he didn't believe they should "pull out" just because of cold weather, and only expect to man the crosswalks during nice weather and asked the City Manager to please check into this matter.

* * *

Item 11 on the Agenda: Communications from the City Manager. Mr. Olson advised that there would be an additional Resolution presented for adoption at this meeting, and that copies of it were at the Council places....that it rejected a bid submission on certain work authorized to be placed for bid, in connection with improvements for Oak Grove Park...

Mr. Olson said, further, that building plans for the Fairview Christian Church had been submitted to the City for the Council's consideration tonight, and hoped the Council would add them to their agenda.

* * *

Item 12 on the Agenda: Scheduled as the third reading of Bill No. 70-61, rezoning from R-1 to R-P-3, Lots 1 through 9, Park Royal, located at approximately 76th and North Euclid. After some discussion, Mr. Walker moved the third reading of said Bill be delayed until the next Council meeting. Mr. Davis seconded the motion. The City Manager said there was some question on the sight development plan and Mayor Kleiner advised this would be discussed at a work session prior to the next Council meeting; that there needed to be some discussion on the minimum square foot requirements and the total number of buildings proposed for this tract. This was agreeable to the Council. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Bussinger moved to accept the second reading of Bill No. 70-61, rezoning Lots 10 through 30, Park Royal, from R-1 to R-P-2, and to place said Bill on third and final reading. Mr. Davis seconded the motion. Mr. Bussinger asked the City Manager if Mr. Rose, the petitioner, had submitted a letter stating the proposed time schedule for completion of the buildings...Mr. Olson answered "no" but said they can assume he intends to begin construction immediately. Mr. Davis suggested that the letter of intent on construction and completion can be attached to the plans.

Mr. Ben Rose said that in compliance with the building permit requirements, he only had one year to initiate construction...that he would be "well into it by the end of the year"....

The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of Bill No. 70-61, and requesting the Owner to attach to the plans a letter stating that he will have the project completed within the time required, and enacting such Bill as Ordinance No. 1.778. Mr. Davis seconded. The vote: All "aye".

Item 14 on the Agenda: Mr. Jezak moved to place Bill No. 71-1, rezoning Lots 12, 13 and 14, LINDEN, from R-1 to C-1, on first reading. Mr. Walker seconded. The petitioner, Mr. Winston Horn, was present to answer any questions. None were forthcoming. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of said Bill, and to place it on its second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 15 on the Agenda: Mr. Walker moved to place Bill No. 71-2, vacating part of 59th Terrace North, lying north of a line 25 feet north of the south line of MORNINGSIDE TERRACE, on its first reading. Mr. Davis seconded. The Mayor asked the City Manager if all was in order on this proposed vacation. The answer was in the affirmative. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 71-2, and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 71-2, to waive Section 20 (d)(2) of Ord. 1.83, and with the waiver, to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Bill was read.

Mr. Walker moved to accept the third and final reading of Bill No. 71-2, and to enact it as Ordinance No. 1.779; Mr. Davis seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: A Resolution authorizing acceptance of a bid on the Interior Work for the Public Works and Utilities Building, and authorizing the execution of Contract No. 7. Mr. Walker moved for the adoption of Resolution No. R-71-1, accepting the proposal of H. R. Herdinger Company, for the interior work of the Public Works and Utilities Building, in the amount of \$28,300.00, authorizing the City Manager to enter into and execute said Contract No. 7, and establishing that the prevailing wage law shall be paid for such work.. Mr. Davis seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: A Resolution authorizing the City Manager to purchase three Super Fleetfone "500", 30-Watt Mobile Radios from R.C.A. Mobile Communications, at a unit price of \$638, for a total price of \$1,914.00. Mr. Jezak moved for the adoption of Resolution No. R-71-2, authorizing such purchases. Mr. Bussinger seconded. Mr. Bussinger asked the City Manager if these radios were included in the Budget. The answer was affirmative. Mr. Bussinger asked if this was our normal wattage; if we needed this amount of wattage. Mr. Olson said the difference in price is nominal, and does provide us with the power we need. The vote: All "aye".

* * *

Item 18 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-3, authorizing the City Council to amend the Public Works and Utilities Building Fund Budget for the 1970-71 Fiscal Year, and increasing such Budget in the amount of \$57,000, making a total amended Budget of \$124,840; authorizing the City Manager to expend any interest earned for said construction, and authorizing the transfer of the following amounts from funds stipulated, to the Public Works and Utilities Building Fund: From General Fund, \$28,500; from Combined WW and SS Depreciation and Replacement Fund, \$14,250; and from Combined WW and SS Surplus Fund, \$14,250. Mr. Walker seconded.

Mr. Bussinger asked the City Manager if he had had a chance to look into a burglar alarm system for the new building; because of its remote location he felt this was an important item. Mr. Olson said that he had not done so as yet. Mr. Bussinger suggested the City Manager look into this matter as soon as possible.

The vote: All "aye".

* * *

Additional

Item No. 18-a - (not on the Agenda)..Mr. Bussinger moved for the adoption of Resolution No. R-71-4, rejecting a bid submitted by a certain bidder for grading, concrete curb and gutter work, and asphaltic concrete paving for improvements at Oak Grove Park, the advertisement for bids on which appeared in the Dispatch Newspapers on December 28, 1970, and which, single bid received exceeded the amount estimated for such work. Mr. Walker seconded. Mayor Kleiner asked the City Manager if the City intended to put this work out for bids again. The City Manager said "yes, when the weather warmed up somewhat". The vote: All "aye".

* * *

Item 19 on the Agenda: Consideration of Preliminary Plans for WILLIAMSBURG, 2ND PLAT. Mr. William Davidson, Developer, was present in the audience, and conferred with the City Council during their consideration of his new Plat. After some deliberation, Mr. Davis moved to accept the Preliminary Plat for WILLIAMSBURG, 2ND PLAT, providing that such plans are implemented in accordance with engineering regulations, such proviso to be stated on the final plans. Mr. Walker seconded. The vote: All "aye".

* * *

Item 20 on the Agenda: Consideration of building plans for Skyline Apartments to be located at 63rd and Broadway. Mr. Osbourn, 8017 North Floyd, Shawnee Mission, Kansas, was present, as were other personnel from the James Bynan Construction Company, a/k/a Skyline Apartment Developers, Inc., 3101 Mercier, Kansas City, Missouri. General discussion ensued. It was noted that more screening had been provided, but that the density had not been decreased. It was noted that there appeared to be no justification for the developer to do any improvement on Broadway; that there had been an agreement to improve 63rd Street. It was noted that the drainage was to be improved, and that there was no plan to increase the number of parking spaces, but there would be screening of the parking from abutting properties. It was further noted

Item 18 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-3, authorizing the City Council to amend the Public Works and Utilities Building Fund Budget for the 1970-71 Fiscal Year, and increasing such Budget in the amount of \$57,000, making a total amended Budget of \$124,840; authorizing the City Manager to expend any interest earned for said construction, and authorizing the transfer of the following amounts from funds stipulated, to the Public Works and Utilities Building Fund: From General Fund, \$28,500; from Combined WW and SS Depr. and Replacement Fund, \$14,250; and from Combined WW and SS Surplus Fund, \$14,250. Mr. Walker seconded.

Mr. Bussinger asked the City Manager if he had had a chance to look into a burglar alarm system for the new building; because of its remote location, he felt this was an important item. Mr. Olson said that he had not done so as yet. Mr. Bussinger suggested the City Manager look into this matter as soon as possible.

The vote: All "aye".

* * *

Item No.

18-a, not on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-4, rejecting a bid submitted by one certain bidder for grading, concrete curb and gutter work, and asphaltic concrete paving for improvements at Oak Grove Park, the advertisement for bids on which appeared in the Dispatch Newspapers on December 28, 1970, and which single bid received exceeded the amount estimated for such work. Mr. Walker seconded. Mayor Kleiner asked the City Manager if we planned to put it out for bids again...The City Manager said "yes", when the weather warmed up somewhat. The vote: All "aye".

* * *

Item 19 on the Agenda: Consideration of Preliminary Plans for WILLIAMSBURG, 2ND PLAT. Mr. William Davidson, developer, was present in the audience, and conferred with the City Council during their consideration of his new plat. After some deliberation, Mr. Davis moved to accept the Preliminary Plat plans for WILLIAMSBURG, 2ND PLAT, providing that such plans are implemented in accordance to engineering regulations, such proviso to be stated on the final plans. Mr. Walker seconded. The vote: All "aye".

* * *

Item 20 on the Agenda: Consideration of building plans for Skyline Apartments, to be located at 63rd and Broadway. Mr. Osbourn, of 8017 North Floyd, Shawnee Mission, Kansas, was present, as were a number of other personnel from the James Bynan Construction Company, a/k/a Skyline Apartment Developers, Inc., of 3101 Mercier, Kansas City, Missouri. There was some general discussion. Mr. Osbourn said "we did provide more screening; we did not decrease the density".

Mr. Jezak said: "your exteriors have not been changed; all you have done is to add a fence.....". There was continued discussion. Please note: The City Clerk was unable to pick up any of this portion of the discussion. Overheard was a comment from one person at the Council table - that person was not identified by the City Clerk... "....you do not plan to do anything along Broadway?" In answer, again by an unidentified voice in the vicinity of the Council table: "...we do not see the necessity of, nor are we able to justify anything along

.....the density was not changed....we (sic) did not increase parking but we will screen the parking from the abutting property.....".....

the following points were brought out; (1) drainage corrected on the back portion of the parking lot; (2) curb and gutter improvements to be made on 63rd Street; (3) an extra fire plug to be installed, and (4) screening by fence arranged for... (the person naming the foregoing was not identified)

Mr. Davis said "A project of this proportion is a detriment to the neighborhood and I would move that the plans be rejected."

Mr. Walker seconded the motion. Mr. Walker said there was definite need for improvements on Broadway; that the City already has problems on Broadway; he said "I do not believe we can live with additional traffic problems"...

Mr. Jack Robertson, Attorney, who accompanied the Skyline Apartment Developers, Inc., personnel to the Council table, said "I do not believe the Broadway traffic is relevant....."

Mr. Bussinger said "I am also interested in the arrangement of the units...."

Mr. Davis said "Can you tell me that adding 97 units does not justify changing a country road into a travelled (sic) road by curbing and guttering it, and making it"

Mr. Jezak said "We are talking about density - first, what we are trying to do is to continue to make this city a pleasant place to live...I live three miles away from these buildings, but I am still interested in how they look to other people....we want a green area; and a green area, and a parking lot and proper screened portion; all this is important in many ways, and they will be having better marketability which is to your benefit. I feel that the builders, the developers and the City have to work hand in hand on this....Broadway is not the only problem, but it's part of the problem. Bigger and better developments have come to us and have been denied; they have gone away and come back with better plans....I believe this can be done. We left our families on an additional night, came up here to talk with you and try to work with you, and I share Mr. Davis' and Mr. Walker's opinions that you can try to work with us...."

Mr. Davis said:"I believe that we will have many future requests for zoning changes; it disturbs me to have this low-quality type of apartment being set as a precedent in this City...."

Mr. Osbourn said" I believe we have a very workable plan....."

The vote on Mr. Davis' motion to reject the plans was as follows: Mr. Bussinger, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mr. Davis, "aye", Mayor Kleiner, "aye".

* * *

Item 20-a,
not on the Agenda: Consideration of building plans for Fairview Christian Church. A gentleman, whose name was not made a part of the records, accompanied the plans to the Council table for discussion....he said there would be a sanctuary added, and there was further discussion of the plans after which Mr. Jezak asked if it

was their intention to start work immediately. The answer was in the affirmative, "just as soon as the weather breaks".....

Mr. Jezak moved the Council accept the Building plans of the Fairview Christian Church, dated September 2, 1970, Job No. 698101. Mr. Davis seconded. The vote: All "aye".

* * *

Mr. Davis moved to accept the Disbursements Report for General Funds, Public Works and Utilities Building Fund, Parkland Improvement Fund, and Capital Improvement Fund for Construction of Sidewalks, for December, 1970; the Disbursement Report for the Water & Sewer Departments for December, 1970; the Financial Report for the General Fund, Sewer Assessment Fund, Special Park & Playground Fund, Sidewalk Construction Fund, and Public Works & Utilities Building Fund for the 5 months ended November 30, 1970; and the Statement of Cash to December 31, 1970, as presented. Mr. Walker seconded. The vote: All "aye".

* * *

Under item 22, "Other".....Mr. Bussinger mentioned the information which had been submitted to the Council on those three businesses on North Antioch Road which still used unimproved parking lots....ie: State Farm, Antioch Realty, and Loftin Realty....he asked the City Manager to get a letter out to them stating that they were in violation and asking them to take care of it.

Mr. Kleiner said that at one of the last sessions of Police Court, only one of the neighbors of Mrs. Crowther had been notified of the impending trial, the date of which is January 30, at 9:00 A.M. He said he would appreciate having the City notify the neighbors who live around Mrs. Crowther, and who have voiced complaints in the past. The City Manager said he would do so.

As there was no further business to come before the Council at this time, the meeting was, upon motion duly made and seconded, adjourned. Time: 9:47 P.M.

Respectfully submitted,

City Clerk

MAYOR

that the Developer had (1) corrected the drainage on the back portion of the parking lot; (2) planned to curb and gutter and improve 63rd Street; (3) install an extra fire plug, (4) screening by fence planned between parking and neighboring properties.

After further discussion, Mr. Davis moved that the plans be rejected.

Mr. Walker seconded the motion.

Mr. Jack Robertson, Attorney for the Skyline Apartment Developers, Inc., indicated that he did not believe the reference made to traffic along Broadway was relevant.

Mr. Davis said he felt that the addition of 97 units would justify changing what is now a country-type road into an improved road by curbing and guttering.

Mr. Jezak indicated that he was interested in the density; that the Council was concerned with continuing to make the City a pleasant place to live in; that although he didn't live immediately adjacent to the planned project, but three miles away, he was still interested in how they would look to other people; that green areas, proper parking facilities and good screening all were important and would increase the marketability of the apartments which was certainly to the developer's benefit. He said, further, that additional traffic on Broadway would not be the only problem, but was part of the problem. He added that other developers had presented the Council with plans which had been denied, and that they had returned with better plans to the Council, and that he believed this could be true in this case.

Mr. Davis said it was disturbing to him to possibly have low-quality type apartments being established as a precedent in this City.

After further discussion, the vote was called on Mr. Davis' motion. Councilman Bussinger, "aye", Councilman Jezak, "aye", Councilman Walker, "aye", Councilman Davis, "aye", Mayor Kleiner, "aye".

Additional

Item 20-a - (not on the Agenda).. Consideration of building plans for the Fairview Christian Church. The plans showed the construction of a sanctuary on the ground level of the present facility, with an excavation to be made which would be used as class room space, and reconstruction of the parking lot, with additional parking to be added, all to be on the east side of the present church facility. The Dutoit Construction Company presented the plans. After some discussion, Mr. Jezak asked if it was their intention to start work immediately. The answer was in the affirmative.

Mr. Jezak moved that the Council accept the Building Plans for the Fairview Christian Church addition, dated September 2, 1970, Job No. 698101. Mr. Davis seconded. The vote: All "aye".

* * *

Item 21 on the Agenda: Mr. Davis moved to accept the Disbursements Report for General Funds, Public Works and Utilities Building Fund, Parkland Improvement Fund and Capital Improvement Fund for Construction of Sidewalks, for December, 1970; the Disbursement Report for the Water & Sewer Departments for December, 1970; the Financial Report for the General Fund, Sewer Assessment Fund, Special Park & Playground Fund, Sidewalk Construction Fund, and Public Works & Utilities Building Fund, for 5 months ended November 30, 1970, and the Statement of Cash to December 31, 1970, as presented. Mr. Walker seconded. The vote: All "aye".

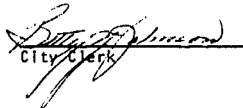

* * *

Item 22 on the Agenda: OTHER: Mr. Bussinger mentioned the information which had been submitted to the Council on three businesses on North Antioch Road which still used unimproved parking lots, i.e.: State Farm, Antioch Realty, and Loftin Realty. He asked the City Manager to get a letter out to each of them stating that they were in violation, and requesting that they take care of correcting this.

Mayor Kleiher said that at one of the last sessions of Police Court, only one of the neighbors of Mrs. Crowther had received notification of the impending trial, the date of which is January 30, at 9:00 A.M. He said he would appreciate having the City notify the neighbors who live around Mrs. Crowther, and who have voiced complaints in the past. The City Manager said he would do so.

As there was no further business to come before the Council at this time, the meeting was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 9:47 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
25 JANUARY 71

The regular meeting of the Gladstone City Council was called to order by Mayor Frank Kleiner at 8:00 P.M. on Monday, January 25, 1971, in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were: Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Ken Walker, Councilman Richard Davis and Mayor Kleiner. In addition, the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk, were also present.

Item 2 on the Agenda: The Invocation was given by Mr. Allen Phillips, Youth Minister of the Gladstone Church of the Nazarene.

Item 3 on the Agenda: Mr. Davis moved to defer the acceptance of the Minutes of the Council meeting of January 11. Mr. Walker seconded the motion. The vote: All "aye".

Item 4 on the Agenda: Mayor Kleiner announced that plaques in recognition of service to the Community as former Planning Commission members had been prepared for presentation to Messrs. Josh Kindred, Jr., Robert Sowerwine, and Al Murfin. He advised that neither Mr. Kindred nor Mr. Murfin were able to be present this evening and suggested that their plaques be mailed to them. At this time, Mr. Sowerwine arrived at the meeting and was presented with his plaque, after which he received the Mayor's congratulations and a hearty round of applause from the audience.

Item 5 on the Agenda: Communications from the Audience. None at this time.

Item 6 on the Agenda: Communications from the City Council. Mr. Bussinger asked the City Manager if he had received any response from the three businesses on Antioch Road who had been notified that they were in violation of the parking lot requirements along there.

The City Manager said he had heard from them; that they had advised that they have construction easements which are in use by the Missouri State Highway in their improvements of Antioch Road; that they felt it would not be economically feasible for them to make the changes at this time; that as soon as the Highway improvements are completed, they will take steps to correct the situation, but that at this time, there is every possibility that some of the approaches will have to be changed, and they had said they would appreciate the Council's allowing them to wait until after the State Highway Commission has finished the Antioch Road improvements.

Mr. Bussinger asked if, remembering the recent fire at the Salem North Apartments, the City had asked the owners of that apartment house to check the rest of their wiring. He said he believed the City Inspector should meet with the owner and check out the wiring.

Mr. Bussinger asked the City Manager what response he had received on the school-crossing guard schedule, as far as getting the crossings manned as planned by the City.

Mr. Olson answered that there was difficulty in getting volunteers; that

the cross-walk guarding had been included as part of their schedule, according to Chief Harris, as part of their function, but that it was proving difficult to work into their schedules.

Mr. Bussinger said he believed there had been five cross walks listed originally; that the schedule only mentioned four; that he doesn't recall which one was not on the list, but that he believed there were five. He asked the City Manager to please stress that he is very much interested in getting all five cross walks manned; to please stress the need.

The City Manager said he would check into getting citizen volunteers again, and would check with the Public Safety Department again on this matter.

Mr. Bussinger asked the City Manager about the burglar alarm for the Public Works and Utilities Building.

The City Manager said he is getting bids now .

Mr. Davis asked the City Manager if the Council is to meet with the Board of Zoning Adjustment on January 27th. Mr. Olson answered that as many of the Council members as possible should be there, according to the ordinance.

Mayor Kleiner asked the City Manager if - regarding the Public Hearing - it were still necessary.

Mr. Olson said it was still on.

Mayor Kleiner asked about the junk cars at 66th and North Campbell; he said they were still there. He said he had mentioned this both verbally and with a note.

The City Manager said he was not aware that the Mayor had given him a note on this matter; that there is some difficulty in interpreting the "junk car ordinance". He said he was asking the City Counselor to review the ordinance, and has asked the Public Safety Department to check these particular vehicles, and that if they are in violation, they will have to tow them off.

Mayor Kleiner said they are junk cars.

Mayor Kleiner said the Council had originally talked about purchasing a street sweeper; he said our streets are in a terrible mess after the recent storm; that he felt the City needed to get these streets cleaned up; that he felt we should see about leasing one now, and that he would like to talk about this at the next work session. He said he believed we should look into buying one.

The City Manager said they do have one proposed in this year's budget; that they have had difficulty in finding one to rent in this area.

Mr. Jezak said that the Council had been informed that the owners of the lot south of the A-Mart where the employees of that store park their cars had said they wanted to wait until after March 31st to pave the lot. He said he felt the Council needs to make a decision on this and to direct the City Manager to take the necessary action. He said he believed the Council had made their feelings pretty clear on this matter; that there have been several reasons given and several excuses offered, and he suggested that there are means of blocking the entrance so that no vehicles could enter the area. He said that since the A-Mart cannot be

held responsible, then those who actually are responsible should be responsible; he said he wondered why the City should wait until March 31st; that he believed the matter should be cleared up right now.

Mayor Kleiner said he believed the City should get on this now.

Mr. Bussinger said he believed the Council would be out of order to let them get by with this any longer; that he believed we should give them two weeks and no more.

Mr. Walker said the letter requesting the delay came from another person, the owner of the land, not the A-Mart; he advised that you can't build a sub-base for a parking lot on frozen ground, and he asked why the City couldn't talk to the owners about this.

Mayor Kleiner said he didn't want them to build a bad parking lot; that the people parking there are actually the ones who are in violation.

Mr. Davis said he believed the Council had the responsibility to bend if they could; that the property owners are asking for a two-month extension of time.

Mr. Jezak asked why the City talked to the A-Mart people for six months, and not to the true owners before now; that they have known about the violation.

Mr. Jezak moved to direct the City Manager to proceed to eliminate the parking in the lot south of the A-Mart in any manner he sees fit. Mayor Kleiner seconded the motion. The vote: Councilman Bussinger, "aye", Councilman Jezak, "aye", Councilman Walker, "nay", Councilman Davis, "nay", Mayor Kleiner, "aye". The motion carried.

Mayor Kleiner commented that he felt this was a different matter than the situation on Antioch Road where the delay was caused by a major street improvement program.

* * *

Item 7 on the Agenda: Communications from the City Manager: Mr. Olson reminded the Council members of the Urban Coordinating meeting to be held this Thursday at the Gold Buffet Restaurant in North Kansas City. He said the County Judges will be there.

Mr. Davis asked if this was solely for the mayors, or if it was for mayors and councilmen. Mr. Olson said it was his understanding that any elected officer in the County, mayors or members of councils, could attend; that it was not solely for mayors.

Mr. Olson reminded the Councilmen of the Board of Zoning Adjustment meeting scheduled for the 27th. He also said the City had received a building application for the Byers' property at 5616 North Antioch Road, on which the City had stopped work some time ago because of the fact there had not been a building plan submitted.

At this time, Mayor Kleiner asked the members of the various newspaper staffs who were present at the meeting to introduce themselves. Susan Pagony of the Skylark; Carolyn James of the Dispatch; Bob Roudebush for the Gladstone Press, George McGuistion of the Kansas City Star.

Item 8 on the Agenda: Third Reading of Bill No. 71-1, rezoning from R-1 to C-1 property described as being located at 7009 to 7013 North Locust, in LINDEN. Mr. Winston Horn, Petitioner. Mr. Walker moved to accept the second reading of the said Bill, and to place it on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker thereupon moved to accept the third and final reading of Bill No. 71-1 and to enact it as Ordinance No. 1.780. Mr. Bussinger seconded the motion. The vote: All "aye".

* * *

Item 9 on the Agenda: Consideration of the Final Plat of Cedar Glen, an Addition in and to the City of Gladstone, Clay County, Missouri. Mr. T. J. Sullivan, Developer. After discussion the Council moved into Item 10 on the Agenda, and Mr. Jezak moved to place Bill No. 71-3, approving the Final Plat of Cedar Glen, and authorizing and directing the proper City officials to affix their signatures to said Plat for recording, on its first reading. Mr. Davis seconded. Mayor Kleiner said he was aware that there was a time factor involved here, and suggested that the Council might want to enact the Final Plat acceptance at this meeting.

Mr. John Dods, Assistant City Counselor, suggested that since it was imperative that the apportionment of the main sewer assessments for this property be handled prior to the acceptance of the Final Plat, the Bill pertaining to the apportionment might be enacted prior to the third reading of the Bill No. 71-3 on the final plat of Cedar Glen.

The vote on the first reading: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 71-3 and to place said Bill on its second reading.* Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Item 11 on the Agenda: Mr. Jezak moved to place Bill No. 71-4, apportioning the main sewer assessments for certain tracts, parcels and lots of land as designated, all in Cedar Glen, on first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 71-4, and to place it on second reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 71-4, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded; the vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-4, and to enact it as Ordinance No. 1.781. Mr. Davis seconded. The vote: All "aye".

*
The Council thereupon moved back to Item 10: Mr. Jezak moved to accept the second reading of Bill No. 71-3, and to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place Bill No. 71-3 on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-3, and to enact it as Ordinance No. 1.782. Mr. Davis seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-71-5 authorizing approval of Change Order No. 3, accepting work performed and payment on Waterworks Improvement Contract No. 14, in connection with the Sludge Conditioning System by the Deister Company, Inc. - i.e. - Installation of 6" drain pipe, tank overflow...\$173.30, and installation of check and solenoid valves in the pump discharge system, \$540.67, for a total of \$713.97, and to make final payment therefor in the total amount of \$1,318.39. Mr. Walker seconded. In answer to a question, Mr. Olson said this was not necessarily the result of any oversight on the part of the supplier, but rather due to the fact that they had had no other experience to draw on, and that it would have been a problem if it had counter-rotated. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-6 accepting a certain bid and authorizing the City Manager to enter into Contract No. 9 for heating and airconditioning for the Public Works and Utilities Building. Mr. Jezak seconded. It was noted that only one bid on this work had been received, and that it was felt that it was a reasonable bid. The vote was taken: Councilman Bussinger, aye, Councilman Jezak, aye, Councilman Walker, NO, Councilman Davis, aye, Mayor Kleiner, aye. Motion carried.

* * *

Item 14 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-7, authorizing the City Manager to advertise for certain bids for fence and gates and curb, gutter and asphalt work for the Public Works and Utilities Building. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-8, authorizing an additional extension of time for the completion of Public Works Building Contract No. 2, for the installation of the Vehicle Lift, by Charles Moll Company, such extension being made necessary because of the non-completion of the floor of such building. Mr. Davis seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-9, authorizing the City Manager to accept a Bill of Sale for certain water mains constructed by Earl R. Martin, Contractor, for Mr. and Mrs. Salvatore Ferrara, under Contract No. 115, at approximately 705 E. 75th Terrace, North. Mr. Davis seconded. Mayor Kleiner asked the City Manager if all was in order on the Bill of Sale. Mr. Olson answered in the affirmative. The vote: All voted "aye".

* * *

Item 17 on the Agenda: Consideration of an application for a fireworks sales stand, submitted by Mr. Jack P. Cummins, Committee Chairman, for Troop 386, Boy Scouts of America, sponsored by the Faubion Methodist Church, to be located at the Ray Sapp Hardware Store parking lot, 7107 North Oak Street, north side. Mr. Jezak moved to defer approval until the regular Council meeting of February 22, 1971, and Mr. Davis seconded the motion. The vote: All "aye".

* * *

Item 18 on the Agenda: Mr. Davis moved for the acceptance of the Financial Reports for the 6 months ending December 31, 1970, for the Combined Waterworks and Sewerage System; General Fund, Sewer Assessment Fund, Special Park and Playground Fund, Sidewalk Construction Fund and Public Works & Utilities Building Fund; Statement of Revenue and Expense for the Combined Waterworks & Sewerage System for the 6 months ending December 31, 1970. Mr. Jezak seconded the motion. The vote: All "aye".

* * *

Item 19 on the Agenda: Under "Other"...

Mr. Jezak asked the City Manager if he could look into fixing the drainage at 68th and Highland...The City Manager replied that it was his intention to do so; that he believed the City crews would do the work.

Mr. Bussinger said there was a problem on Antioch Road where the State Highway crews are working, and are leaving excavation holes without guards at night; that he thought this might lead to a serious accident, and he asked the City Manager to check with the State Highway Department on this matter.

Mr. Bussinger asked when the City might expect delivery of the new police vehicles. The City Manager said he had not received a definite word on this but he thought it would be in the near future.

Mr. Davis asked if the work session agenda could include a re-evaluation on the Capital Improvements Program, now that the City has received the grant.

Mr. Walker said he would hate to limit the time on this; that he did believe, however, that the agenda for the study session was getting too big for the time they will have.

Mr. Davis said he wanted to put the City Manager on notice that he would like to discuss this matter, if the City Manager had an opportunity to prepare any material along this line.

Mr. Kleiner said he and the other Council members would like to have copies of the By-Laws of the Citizens Advisory Committee. Mr. Olson said he would see that copies were made for them.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous action. Time: 9:20 P.M.

Respectfully submitted,

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

January 2 , 1971

A special meeting of the Gladstone City Council was called to order by Mayor Kleiner on Tuesday, January 26, 1971 at 7:35 P.M. at the Gladstone City Hall. All members had received previous notice of the calling of said meeting. Roll was called. Present were: Councilman Ken Walker, Councilman Richard Davis, Councilman Bernie Jezak, and Mayor Kleiner. City Manager, David Olson was also present.

Mayor Kleiner moved to appoint City Manager, David Olson as Acting City Clerk. Mr. Bussinger seconded. The vote: All "Aye".

The only item on this meeting's agenda was consideration of By-laws for the Public Safety Advisory Committee. After a brief consideration and discussion, Mr. Davis moved to accept and approve the recommended By-laws for the Public Safety Committee as presented. Mr. Jezak seconded the motion. The vote: All "Aye".

As there was no further official business to come before this meeting, it was, upon motion duly made and seconded, declared adjourned at 7:45 P.M.

Respectfully submitted,

David H. Olson, City Manager
Acting City Clerk

Approved as submitted ☒

amended: ☐

MAYOR

44" 1"

CITIZENS ADVISORY COMMITTEE TO THE PUBLIC SAFETY DEPARTMENT

MEETING RULES AND PROCEDURES

The following general rules will govern the meetings of the Citizens Advisory Committee to the Public Safety Department established by Ordinance Number 1.773:

1. Meetings of the Committee will be held on the first Wednesday of each month at 7:30 P.M.
2. Meetings will be conducted in accordance with Roberts Rules of Order.
3. The Chairman, appointed by the City Council will chair all regular and special meetings of the Advisory Committee.
4. Five members of the Committee constitutes a quorum.
5. Meeting Agenda will be established in advance by the Chairman. The general format of the Agenda shall be:
 - Call to Order
 - Roll Call
 - Communications
 - Reports
 - Unfinished Business
 - New Business
 - Adjournment
6. Committee Meeting Minutes will be distributed to all members, City Councilmen and City Manager.
7. The Chairman may appoint special subcommittees to deal with particular problems or functions of committee.
8. The Committee shall elect its own Chairman ProTem.

DEBATE

The Chairman may debate and vote etc. The Chairman may move, second, and debate from the Chair, subject only to such limitations of debate as are imposed on all members.

ADDRESSING THE COMMITTEE

Any person desiring to address the Committee shall first obtain the recognition of the Chairman; the following rules shall govern communications and recognition:

- a. Written Communications. Interested persons may address the Advisory Committee by written communications in regard to any matter concerning the committee business by delivering a copy of such communication to the Chairman of the Advisory Committee, either before the Committee Meeting commences or by reading same himself.

- b. Oral Communications. Interested persons may address the committee by communications with regard to any matter concerning committee business.

MANNER OF ADDRESSING THE COMMITTEE - TIME LIMIT.

Each person addressing the committee shall give his name and address in an audible tone for the record and unless further time is granted by the Committee Chairman, shall limit his remarks to five minutes. All remarks shall be addressed to the Committee as a body and not to any member thereto. No person, other than the Committee and the person having the floor, shall be permitted to enter into any discussion either directly or through a member of the Committee without the permission of the Chairman.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

8 FEBRUARY 71
A G E N D A

1. Meeting Called to Order - Roll Call
2. INVOCATION: Mr. Jon Lorch, Assistant to the Minister of the Linden Baptist Church
3. Acceptance of the Minutes of the regular meeting of January 11, 1971; the Minutes of the regular meeting of January 25, 1971, and the Minutes of the Special Council Meeting of February 2, 1971.
4. Communications from the Audience
5. Communications from the City Council
6. Communications from the City Manager
7. THIRD READING: Bill No. 70-60, amending Ord. No. 1.372, in connection with a request to rezone from R-1, Residential One Family Dwelling Zone, to R-P-3, Planned Garden Apartment Residential Zone, property described as being located on Lots 1 through 9, Park Royal, located at approximately East 76th Street North and North Euclid.
8. RESOLUTION: Accepting the Bid for installation of the floor at the Public Works and Utilities Building.
9. RESOLUTION: Accepting the Bid for installation of doors and stairs at Public Works and Utilities Building.
10. RESOLUTION: Authorizing the Gladstone City Council to extend the Special Use Permits for Meadowbrook Swim Club, Meadowbrook Manor Swim Club and Whispering Oaks Swim Club.
11. RESOLUTION: Accepting a certain Certificate relating to the Combined Waterworks and Sewerage System Revenue Bonds, and the Combined Waterworks and Sewerage System General Obligation Bonds.
12. Acceptance of the General Funds Disbursements Report for the month of January, 1971, and the Disbursements Report from Combined Water and Sewerage System for the month of January, 1971.
13. Consideration of certain building plans in connection with remodeling at 5616 North Antioch Road.
14. Consideration of certain building plans for four-plexes to be constructed in PARK ROYAL, a Subdivision in and to the City of Gladstone.
15. OTHER
16. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

8 FEBRUARY 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Frank Kleiner, on Monday, February 8, 1971, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called: In addition to the Mayor, those present were Councilman Bussinger, Councilman Jezak, Councilman Walker and Councilman Davis. Also present were the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk.

The Invocation was given by Mr. Jon Lorch, Assistant to the Minister of the Linden Baptist Church.

Item 3 on the Agenda: Mr. Jezak moved for the adoption of the Minutes of the regular Council meeting of January 11, 1971; the Minutes of the regular Council meeting of January 25, 1971, and the Minutes of the Special Council meeting of January 26, 1971. Mr. Davis seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 4 on the Agenda: Communications from the Audience. Mr. Tim Mabbit, a teacher from Oak Park High School, who lives at 208 N.E. 64th Street, addressed the Council. He said he had sent some literature and information to Councilman Walker concerning the Northland Youth Adult Products, Inc.; he said he was available at any time to answer any questions the Council might have. He was advised that the Council had not yet had time to discuss the matter, but that they would certainly take it under advisement.

* * *

Item 5 on the Agenda: Communications from the City Council. Mr. Jezak asked the City Manager if there had been any correspondence from the parking lot violators on North Oak Street. Mr. Olson said he had talked to both parties on the telephone but had not received anything written, as yet. He said he would follow through on this.

Mr. Bussinger asked about the status of the cross-walk guards. Mr. Olson said he had received two applications so far; that he expected to receive more as the ad had been placed in the papers.

Mr. Davis said he was interested in that portion of the Minutes of the last Planning Commission Meeting which referred to Mr. Scharnag's and Dr. Langhus' wishes for R-P-1 zoning. The impression given was that the Council had indicated R-P-1 zoning could not be utilized. He said he would like to get some clarification of this; that he was under the impression that R-P-1 was still a valid classification. He asked the City Manager for a memo giving the interpretation on this. He said that he believed there was something like 16,000 square feet per unit, which is certainly far greater than the R-1 requirements. Mr. Olson said he would get a memo out; that both he and the City Counselor would take another look at this. He said the City has, in the past, when the density is greater than for single-family development, asked them for Planned District, R-3. He said this was apparently different and would take a study of the proposed density.

Mr. Davis said that, secondly, he had noticed in the Planning Commission minutes that the Planning Commission planned to ask for some amendments to the Subdivision Ordinance. Mayor Kleiner asked if there would be a formal recommendation to the Council from the Planning Commission on the proposed amendments. Mr. Olson said he thought there would be some written recommendation; that, however, the Minutes reflect the vote of the Planning Commission members, and there was a formal recommendation in the Minutes; that he would check with the Chairman tomorrow, and would ask the City Counselor to look at the recommendations also. Mr. Davis said the Planning Commission had, indeed, voted on the recommendation; he wondered how the Council was to accept the recommendation, or what action would be taken by the Council. Mr. Olson said on that particular recommendation, on the Subdivision changes, perhaps the Council would want to discuss the matter again. He said that some years ago, the feeling was that the City would proceed in that direction, and then, for some reason, it was "backed off of", so they will look at it again, now that the Planning Commission has made their recommendations definite.

Mr. Davis said he also wanted to ask about the stop sign at 67th and North Euclid. Mr. Olson said it was almost impossible to drive a steel post into the ground with about two feet of frost in the ground; that the City Engineer was still studying that intersection.

* * *

Item 6 on the Agenda: Communications from the City Manager: Mr. Olson said there is an additional Resolution to come before the Council for action this evening, concerning a contract arrangement with the Clay County Election Commissioners for the use of the voting machines. He mentioned, further, that a new copy of (Item 9) the resolution regarding the acceptance of a bid for installation of doors and stairs at the Public Works and Utilities Building was before the Council. In answer to a question, Mr. Olson said there had only been one bid received, and that was from the contractor who bid successfully on the interior work for the building.

* * *

Item 7 on the Agenda: Third Reading of Bill No. 70-60, amending Ordn. No. 1.372 in connection with a request to rezone from R-1, Residential One Family Zoning, to R-P-3, Planned Garden Apartment Residential Zoning, Lots 1 through 9, Park Royal, located at approximately East 76th Street North, and North Euclid. Mr. Davis moved to accept the second reading of Bill No. 70-60, and to call for the third reading. Mr. Bussinger seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 70-60, and to enact it as Ordinance No. 1.783. Mr. Bussinger seconded. Mr. Davis asked when the Council planned to approve the Plan. It was noted that Item 14 on tonight's Agenda indicates the consideration of the pertinent building plans for the four-plexes to be constructed in Park Royal. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 8 on the Agenda: A Resolution authorizing the City Manager to accept and enter into a Contract with the H. R. Herdinger Company, in the total amount of \$5,346.00 for the installation of the floor in the Public Works and Utilities Building, under Contract No. 7. Mr. Jezak moved for the adoption of Resolution No. R-71-10. Mr. Walker seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 9 on the Agenda: A Resolution accepting the bid for installation of doors and stairs at the Public Works and Utilities Building, and authorizing execution of a Contract (No. 8). Mr. Walker moved for the adoption of Resolution No. R-71-11 for the acceptance of the proposal from H. R. Herdinger Company, in the total amount of \$4,934.00 and authorizing the City Manager to enter into Contract No. 8 for such work. Mr. Davis seconded. Mr. Bussinger asked the City Manager why it appears that we receive only one bid on several different phases of building the Public Works & Utilities Building. Mr. Olson answered that one of the reasons he was sure was that the contract on the interior was let to one particular contractor, and he felt that some of the contractors may have been hesitant to bid as a result of this. They wanted one contractor to be there without their working as subcontractors to the first contractor; that another reason is probably that he can bid the most reasonably on this since he has a crew in and working, and that, he thinks, is the reasoning on most of the ones on which we have had only one bid. There were no other questions. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 10 on the Agenda: A Resolution authorizing the City Council to extend the Special Use Permits of the Meadowbrook North Swim Club, the Meadowbrook Manor Swim Club, and the Whispering Oaks Swim Club. A letter of request from Mr. Reed P. Byers was attached to the copies of the said Resolution.

Mr. Jezak moved for the adoption of Resolution No. R-71-12, in the above regard. Mr. Davis seconded. The permits were granted for 3 years, the expiration date of which shall be February 8, 1974. Mr. Bussinger asked how this has been handled in the past. Mr. Olson recalled that the original requests are granted at the discretion of the Council; that they were for one year; that subsequent requests again are at the discretion of the Council; that he could not recall having any complaints against any of the above-mentioned swim clubs. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 11 on the Agenda: A Resolution accepting a certain Certificate relating to the destruction of the Combined Waterworks and Sewerage System Revenue Bonds, and the Combined Waterworks and Sewerage System General Obligation Bonds. Mr. Davis moved to adopt Resolution No. R-71-13, acknowledging and accepting the attached Certificate of Destruction of certain Combined Waterworks and Sewerage System Revenue Bonds, and Combined Waterworks and Sewerage

System General Obligation Bonds, all of which have matured and have been paid, and interest coupons paid as indicated on said Certificate. Mr. Walker seconded the motion. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 11-a (added to the Agenda)...A Resolution authorizing the City Manager to enter into an Agreement with the Clay County Board of Election Commissioners for the use of the voting machines of Clay County at the Gladstone elections. Mr. Bussinger moved for the adoption of Resolution No. R-71-14. Mr. Jezak seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 12 on the Agenda: Mr. Walker moved for the acceptance of the General Fund Disbursements Report for the month of January, 1971, of the Public Works and Utilities Building Fund, the Park Land Improvement Fund, the Capital Improvement Fund for Construction of Sidewalks, the Sewer Assessment Fund, the Parkland Acquisition Fund, and the Combined Waterworks and Sewerage System Operation and Maintenance Fund, the Cash Disbursements for the month of January, 1971. Mr. Davis seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 13 on the Agenda: Mr. Walker moved to accept the Building Plans for the remodeling work at 5616 North Antioch Road, such plans to include the recommendations of the City Engineer, and to be in accordance with the letter from the Owner, Byers Investment Company, (see attached Exhibit "A") with regard to the parking lot. Mr. Jezak seconded. Mr. Davis said he believed the Council should have a study session on this - that he was in favor of the building permits, but that, if the City was to put any teeth in future plans, they should consider rezoning this entire area as C-P zoning, so that all alterations made on such places in the future would be considered as planned zoning... Further discussion ensued, after which the vote was taken: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

* * *

Item 14 on the Agenda: Consideration of certain building plans for four-plexes to be constructed in Park Royal Subdivision. The City Manager advised that the Engineer had reviewed the plans and they have met all the specifications, including the site plan. The Developer, Mr. Rose, said that all wiring would be underground. Mr. Walker asked if the Council had requested that better electric meters be put in; better than the ones they presently have in the other section of their developed Park Royal. It was noted that the ones which are presently being used were put in at the insistence of the City at an earlier date. After further discussion, Mr. Davis moved that the plans submitted for the four-plexes to be constructed in Park Royal be approved as submitted. Mr. Walker seconded. Mr. Davis commented that there was already a time schedule incorporated into the plans). The vote: Mr. Bussinger, aye, Mr. Jezak, aye,

Re: 5616 North Antioch

Dear Mr. Olson,

Please accept our apology for not securing a permit prior to working on the above referenced property. Our application has now been filed with the City Engineer.

The actual work was primarily done to make the property habitable as it was in deplorable condition.

The roof leaked and the house was damp causing green moss to appear on all the sheetrocked walls. The kitchen was so filthy that rather than attempt to clean and paint, we removed all the cabinets and put one small sink cabinet in a corner.

All other work done on the inside was of a clean up nature and it now needs to be painted.

The new siding on the front was to replace an old style 1/2 log siding that had "dry rot" and the new roof is to keep the water out.

Our total objective in all of this was to make the house usable. The room arrangement is unchanged.

In regard to paving the parking in front, the city must know as they solicited the construction easement from us for the widening of Antioch. This construction easement runs the full length of the property to within 10' of the house. Until all work is completed on Antioch and the construction easement vacated, it would not be practical to pave for parking.

Your acceptance of our request for a permit will be greatly appreciated.

Sincerely,

BYERS INVESTMENT COMPANY

By

George W. Byers

(1)

Item 15 on the Agenda: OTHER: It was suggested that the Council consider a motion to authorize the City Manager to settle the judgement on a condemnation matter. Mr. Davis moved that the City Manager and the City Counselor be authorized to effect settlement of the judgment against the City in the Case of City of Gladstone vs. William F. Pupkes, et al, now pending in the Circuit Court of Clay County, by payment of the amount of the said judgement, and court costs, said payment to be made from the Sewer and Water Surplus Account, in the amount of \$2,000.00. Mr. Walker seconded. The vote: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye.

(2) Mr. Walker said he believed there was still a misconception on the water bills which include the sewer service charge; he said he felt the City needed to explain more fully to our customers, that, during the winter months the cost is based on water consumption, and not based on the peak usage during the summer. He suggested that the next Newsletter from the City Manager contain a detailed explanation of how the water bill is made up, and that it be re-emphasized.

(3) Mayor Kleiner suggested that the press "help us out" in reminding citizens that the City sticker dead-line is near.

Mayor Kleiner asked the City Manager about the "dump" which has been reported as located on the Byers' property, back of the Whispering Oaks development, in the NW portion of property which abuts 72nd Street. A petition has been circulated, signed and received by the City Manager in protest of the "dump".

Mr. Olson reported that Mr. Byers had assured him that they will clean this up immediately, just as soon as they can get a truck into that area.

Mayor Kleiner also advised that he had received a letter from Mrs. Robert Noland, thanking the City for her 1971 Civic Calendar. She said she had noticed that it was very helpful in making her aware of City projects, more familiar with City employees, and an excellent calendar.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 9:45 P.M.

Respectfully submitted,

City Clerk
