CITY COUNCIL MEETING
GLADSTONE, MISSOURI
22 FEBRUARY 71

A G E N D A

1. Meeting Called to Order - Roll Call
2. INVOCATION: Reverend Vernon Porter, Berea Temple, Assembly of God Church
3. Presentation of Colors; Pledge of Allegiance, Cub Scout Pack #218, sponsored by Oakwood Manor P.T.A.; introduction of members.
4. Acceptance of Minutes of regular Council Meeting of February 8, 1971.
5. PUBLIC HEARING: On a request to rezone from R-1 to R-P-3 property described as being located on the E. side of Broadway from Englewood Road N. to approximately 58th Street N. Applicants: Mr. Herman Scharhag & Dr. M. O. Langus.
6. PUBLIC HEARING CONTINUATION: On a request to rezone from M-1 to R-1 property located at approximately 3909 NE 76th Street. (Continued from Public Hearing date of 1-11-71)
7. PUBLIC HEARING CONTINUATION: On a request to rezone from M-1 to R-1 property located at approximately 3801 NE 72nd Street. (Continued from Public Hearing date of 1-11-71)
8. Communications from the Audience
9. Communications from the City Council
10. Communications from the City Manager
11. FIRST READING: Bill No. 71-5 accepting certain standard drainage easements in Hamilton Heights.
12. FIRST READING: Bill No. 71-6 accepting certain polling places for use in the upcoming City Councilmanic Elections.
13. FIRST READING: Bill No. 71-7 accepting names of Judges designated to serve in the polls for the upcoming City Councilmanic Elections.
14. RESOLUTION: Authorizing acceptance of work performed and payment for same under Contract No. 4, for Public Works Building.
15. RESOLUTION: Authorizing an extension of time for completion of Contract No. 5 for water line installation to the Public Works Building.
16. RESOLUTION: Approving Change Order No. 1 accepting work performed and authorizing final payment on Contract No. 6 with Cornell Roofing & Sheet Metal Company for work on the Public Works Building.
17. RESOLUTION: Authorizing acceptance of a bid on asphalt & roadoil purchases
18. RESOLUTION: Authorizing execution of a Street Sweeper Rental Agreement.
19. Consideration of certain applications for Fireworks Sales Stands: (a) Boy Scout Troop No. 386 at Ray Sapp Hardware Store parking lot; (b) Knights of Columbus, Tri-County Council at Williams' United Super parking lot;
20. Consideration of certain building plans: (a) Broadway North Apartments; (b) Kendallwood Office Building; (c) A & P-Mart, fence enclosure;
21. Acceptance of Financial Reports for 7 months ending January 31, 1971 for Combined Water-works & Sewerage System; General Fund; Public Wks. & Utilities Bldg. Fund; Sidewalk Construction Fund; Special Sewer Assessment Fund; Special Park & Playground Fund.

23. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

22 FEBRUARY 71

The regular meeting of the Gladstone City Council was held on Monday, February 22, 1971, in the Council Chambers of the Gladstone City Hall, at 8:00 P.M. Roll was called. Those present were Councilman Bussinger, Councilman Jezak, Councilmen Davis and Mayor Frank Kleiner. Councilman Walker was unable to attend because of illness. In addition, Mr. Olson, City Manager, Mr. Dods, Assistant City Counselor, and the City Clerk were also present.

The Invocation was given by Mr. Vernon Portor, Pastor of Berea Temple, Assembly of God Church.

Because of bad weather, Cub Scout Pack 218 was not able to attend this meeting.

At this time, Mayor Kleiner requested Mr. Reed Black, Reserve Public Safety Officer, to come forward to receive an Award of Valor, presented to him because of his actions taken at the recent fire at Salem North Apartments. Mr. Kleiner congratulated Officer Black on the Award, and commended his bravery in line of duty. A hearty round of applause followed the award.

* * *

Item 4 on the Agenda: Mr. Bussinger moved to accept the Minutes of the regular Council meeting of February 8, 1971, as submitted. Mr. Davis seconded the motion. The vote: All voted "aye". (4-0)

* * *

Item 5 on the Agenda: Public Hearing on a request to rezone from R-1 to R-P-3 property described as being located on the East side of Broadway, from Englewood Road North to approximately 58th Street North. The applicants are Mr. Herman Scharhag and Dr. M. O. Langhus. Mayor Kleiner advised that the Planning Commission has held its Public Hearing on the same request, and made its recommendation. Mr. Harrison Norton, Attorney, representing the applicants in this matter addressed the Council, explaining the merits of his clients' plans for condominium development. He explained briefly that there seemed to have been some objections or complaints, for want of a better word, on the planned "pitch and putt" course planned for the residents of the proposed development; he said there was no intent to imply that they would want to start a country club; that the area would merely be used as a recreation area for those who will live in the condominiums. It was established that the "high-rise" apartment house on earlier plans had been eliminated. The total area is comprised of 37 acres, 20 of which belong to Mr. Scharhag, and 17 of which belong to Dr. Langhus. The plan calls for 100 clustered condominium type houses; there will be additional lakes; 37 individually owned condominiums in groups from 1 all the way up to 5. These will be two-story basic units, each having 1800 square feet. There will be only one of the "5" cluster units; this will eliminate the old building conceptions of side and back yards; each unit will be sold to an individual, but the grounds will be "common" grounds, owned by the 100 owners who will buy the individual units. He explained that they intend to start as soon as possible; that the completion date should be sometime in 3 or 4 years; that the whole will have to be constructed in phases.

Mr. Herman Scharhag addressed the Council with further information. He said that as soon as the financing is arranged, he wants to proceed, but cannot until he has the change requested in zoning; that he couldn't involve anyone financially until he knew how his zoning would go. He said he had been asked what would happen if he chose to sell the property. His answer was that he intends to live there himself; that he didn't intend to ever sell; that he knew this was one of the most beautiful pieces of ground in the City and he felt he should have a chance to develop it in a way to retain most of the natural terrain and surroundings.

It was noted that the Planning Commission had recommended that he improve Broadway, and that this would take a good sum of money; that street reconstruction is costly. Mr. Scharhag said he didn't see how he could be responsible alone for changing all the grades on Broadway, and changing the sewer and water lines which have been put in there, but that he was willing to do his half, and would work with the City anyway possible; that he didn't believe it was possible to "take that hill off" Broadway.

He was asked if he intended to put in sidewalks and curbs and gutters. Mr. Scharhag answered that he knew that it was the general feeling that these should all be included, but that the only question he had is how they were going to re-grade North Broadway, that, with the natural terrain they will not be able to do anything, but they would certainly do anything possible to work with the City on this. He did know, however, that North Broadway was recently repaved.

He said his own home is right in the center of the land he proposes to develop. In answer to a question, he said he would move into one of the new units, and develop his home into a club house; that they planned to build a new swimming pool, in addition to the 1 pool which is there now; that they will keep the barn and convert it into a clubhouse in connection with the "pitch and putt" course. He said that if there were severe objections to the pitch and putt, they would take it out of the plans; that it is intended strictly for the homeowners there. He said they intended to build 5 additional lakes, in addition to 1 there now.

It was suggested that perhaps a Special Use Permit might be necessary if the pitch and putt course were left in the plans. Assistant City Counselor John Dods will look into this matter and report.

Mr. Scharhag advised, in answer to a question, that, in addition to his own home, there is a home owned by the Delucas, and the other house in there is the one that Dr. Langhus owns.

The question was asked whether or not the present street at the east property line of Mr. Scharhag's property was an existing street. Mr. Scharhag said "no", and went on to explain that at the present time he owned a 40-foot strip which is 660 feet in length, and on this present strip is where they propose to build the new street. He repeated that he owned this land at the present time, and they propose, at this time, to turn over to the City the major streets. He showed on the plan where there is presently a lake, and explained that it would be almost impossible to extend any street through there that would tie him in with 68th Street. The question was asked if any traffic created there would then funnel out onto Broadway. Mr. Scharhag said they do not propose to have any of the homes facing onto the street; that there will be no congestion as far as thoroughfares are concerned. All of the traffic will be to Englewood

Road, to the north, or to North Broadway, which, according to the Master Plan are major thoroughfares; he was asked if the street coming out on Englewood would approximate Wyandotte...he said it would correspond to North Main Street.

At this time, Assistant City Counselor, Mr. John Dods, said that, according to the ordinance, there would not HAVE to be a Special Use Permit, but that the Council could place a time limit on any such activity as is proposed, (pitch & putt golf course). Mr. Scharhag was asked if he knew why people were so opposed to his proposal. He answered that they had tried to explain this on the original application; that the land within 125 feet all along Broadway, is in the Kansas City city limits, and all of this land will be developed commercially, or for apartment use; that he felt he would really be doing the City a benefit to maintain or create such a low density development, where he would be really trying to retain the natural terrain by clustering these units together, with a lot of green left and much of the natural wooded area left; that he really did not know why they objected so much. He said he had invited the opponents to come to his home to discuss with him, his wife, his attorney, and Mrs. Langhus their plans and hopes. He said there were some 80 people who had filed petitions against the zoning with the Planning Commission and with the Council and they hoped to talk to these people and meet with them. He said Dr. Langhus was unable to be there because of the state of his health, but that out of all those whom they had contacted to come talk the matters over with them, only some of the members of the City Council who were interested showed up, and that they only had about 18 people who came; that he was very disappointed.

Mr. Scharhag was asked how many R-1 homes could be put in there. He answered that it would be possible to put approximately 164 individually owned homes in there and still be within the 7,000 square feet required by the City. He proposes to put 100 like units on 37 acres, which figures out to be about 1 unit per 16,000 square feet, or lots about 100 x 160 which is far more generous than the average city lot.

He was asked if he intended to grade Englewood Road, and what he proposed to do to improve the appearance of it. He said he would plan to grade down the steep bank, curb and gutter there, and improve their side of Englewood Road.

It was noted that the ordinance requires sidewalks. He answered that he would plan to provide sidewalks along the residences within the area, not along Englewood Road, but through the developed area along one side of the street. He said he would object to putting in sidewalks where they have no units facing it.

Mr. Scharhag was asked if he planned to put in extra parking spaces at the club house area. He answered yes, that he was in favor of the additional parking.

Mr. Tom Allen, Attorney, introduced himself saying that he had been retained by a number of property owners within the 185-foot qualification, and said he had some questions he would like to propose to Mr. Scharhag. He asked if it was Mr. Scharhag's intention to dedicate all of the streets within the developed area? The Answer: That is correct; we are not going to dedicate the - what you might call cul de sacs in the area that provides access to each individual unit, but we are planning to dedicate the main streets. Question: What right of way and paving widths do you plan on those streets? Answer: This is to be determined by the City of Gladstone. Question: You haven't determined that at the present time? Answer: We show a thirty-foot street through there. Question: Is that a right of way, or pavement? Answer: No, the street; we have shown a minimum of a thirty-foot right of way.

Question: Do you consider any of these streets "collector" streets? Ans: No, with two main streets existing, I do not believe these could be called collector streets...with two streets exiting onto North Broadway, or one onto Englewood Road, you couldn't consider these to be collector streets. I think you will find that a collector street has to serve more than the number of residences we are talking about. Question: With regard to the cul de sacs, do you intend to having parking in those areas, as well as providing access to each unit, is that correct? Ans: Each unit will be provided with two enclosed parking areas, either a garage or a car port. Question: This would be private property as opposed to dedicated property? Also, the cul de sac would be private property as opposed to a dedicated street? Ans: This is correct. Question: You are setting this up under a condominium concept where individuals will own the home in which they live; but they will own shares of stock in the corporation, where they jointly, collectively, own all the common area, is that correct? Ans: That is correct. Question: Do you anticipate, or do you have any present provision that would require that a person live in the condominium, in order to exercise any voting right on the shares of stock they hold by virtue of their ownership of the property of the condominium? Ans: I don't think you can do that, and I don't think that an individual that owns his own home - that it is required that he be living in the unit. Question: But it is possible, is it not, that the person who would be voting to spend or not to spend condominium funds without actually being there? Ans: I don't see how you can compare that...there are a lot of individuals who own their homes, but are transferred or move, but still own the home; they rent it out. Question: But the condominium itself, the corporation, would still own the cul de sacs, and the grounds, is that correct? Ans: Yes, that's right. Question: And the corporation itself would have to vote how much money to spend to maintain and repair of these cul de sacs and streets? Ans: Each individual would have a voting right. Question: And these voters, or some of these voters would be absentee owners, is that correct? Ans: I don't think you are going to find that. Question: With regard to the common property, I believe you intend to add another swimming pool? Ans: There is a swimming pool on the property now. Question: And you indicated you intend to add another one, is that correct? So there will be two swimming pools? Ans: That is correct. Question: And will there be tennis courts, did you mention tennis courts? Are they mentioned in the Plan? Ans: No, it doesn't show any tennis courts. I didn't mention any tennis courts. Question: What about your house, the one you presently dwell in? Do you still intend to use that for a club house? Ans: That's right. Question: That would be owned by the condominium, is that right? Ans: That's right. Question: Of course, all the lawn space would be owned by the condominium, would it not, sir? Ans: The open areas. Question: Then the condominium would have the responsibility of fertilizing, seeding, mowing, trimming and maintaining the lawns and shrubbery, etc.? Ans: That's right. The home owners, each individual owner would. Q: Then, of course, it would also have the responsibility of maintaining the swimming pools and the club houses? That would be a combined corporate expense, would it not? Ans: Yes. Question: The corporation would also undertake snow removal in the common parking areas; in the private property which it owns? Ans: Yes. Question: Do you have any estimate at this time as to how much you would have to assess each property owner in the condominium in order to fund all these services? Ans: There is no way at this time of making an estimate of assessment because we have no way of knowing what we are in for as far as civic improvements in regard to repaving of streets, etc. Question: So, at this time, you don't have any idea of how much it will cost to maintain this operation? Ans: None.

Mr. Allen said he had no further questions to pose on behalf of those whom he represents at this time, but that he did have a petition to present signed by 35 persons who reside or own property within 185 feet of the bounds of this plat which Mr. Scharhag proposes to rezone. These signatures have been notarized, and with the Mayor's permission, I will give these to the City Clerk; I also have two petitions signed by citizens of Gladstone who do not reside within the 185' area, but also have expressed their desire to protest. There is a total of 69 signatures on those petitions. I believe, Mr. Mayor, that the 35 signatures on the petition of those persons who own property within 185 feet of the boundaries to be rezoned constitute more than 10% of the property owners within that area, and I would call your attention to Section 21 of your Zoning Ordinance requiring 75% of the Council to make this zoning modification; we are also interested in saving time this evening and I believe there are a number of people here who would like to individually express their views to you, but, basically, we have broken it down into areas and, with your permission, just certain people will speak to you at this time. First of all, I will introduce James R. Pound.

Mr. Pound introduced himself, and gave his address. He said that for the benefit of those who may not know, he has requested a Leave of Absence from the Planning Commission for six weeks; that he is not campaigning for any office; that he is not here to embarrass the City in any way. He said one of the most widely used terms in the last few years is "Credibility". Since the time that Mr. Scharhag made his first proposal, last year, he has questioned the credibility of the proposal, and has so stated to both Mr. Scharhag and his attorney. "Today, I went to City Hall and requested the opportunity to study the proposal and after some delay was told that no one in the City Administration had a copy of the proposal. At 4:55 I received a call from Dave Olson that he had a copy of the current proposal. In view of the inability to check the current proposal, I must therefore ask some pertinent questions.

Are all 100 units to be 30' square and 2 stories high? How many parking spaces are to be provided for each unit? Is Main Street to be considered a collector street? Are the other streets in the project to be considered private or dedicated streets? The proposal submitted last year shows the street width in the project to be 25 feet wide, and Main Street to be 40' wide.

Regarding the Pitch and Putt Golf Course, how many square feet are proposed for each hole? According to last year's proposal, some holes will be from 50 to 60 feet and I am sure that if any of the Council plays golf, you will agree that such a length is ridiculous for even a pitch and putt course. Are the greens to be grass or sand? If they are sand, you can eliminate the word 'putt'. I would much rather 'putt' on my living room rug than on a sand green. I understand seven lakes have been proposed. What is the size of each lake in square feet? Will the other five lakes be merely small farm ponds such as the one adjacent to Broadway, which in reality has been a mud hole, or will they be another mosquito breeder pond? Remember, in each case of the additional 5 ponds, the only water supply will be run-off water, and in any extended period of dry weather, they will become stagnant. How much area will be involved for the Club house which I understand will be the present Scharhag home? How big is the additional swimming pool? How much area will be required for tennis courts? Is a nature trail involved in the proposal and if so where will the horses be kept? At present, several horses are being boarded in the Brady Hills area in violation of the Gladstone City ordinance, and are walked on Wyandotte

and Englewood Road, which is very dangerous, and their apparent destination is the Scharhag property. When the proposal was submitted to the Planning Commission, I asked if the proposal was according to scale and Mr. Scharhag reported that it was.

I can only conclude that if the proposal is according to scale and is the actual plan that is to be built, if approved by the City Council, then it will be necessary to make many variances in order to comply with the Gladstone City Ordinance."

Mr. Pound went on to say that the portion west of Broadway, which had been mentioned earlier was Gladstone's and not Kansas City, Missouri's.

Mayor Kleiner asked Mr. Pound if he had attended any of the meetings at Mr. Scharhag's. Mr. Pound answered yes. He was asked if he had asked for answers on some of these questions. He answered no, with the exception of the question regarding whether or not the plan shows the development according to scale and he said Mr. Scharhag had indicated that it was according to scale.

Mr. Jezak said he would not make his vote until he had talked to a number of people.

Mr. Davis said the Council needs to be aware of the questions that have been raised and the answers given so they will be in the record.

Mr. Pound said he went to great lengths to let the Planning Commission members know his feelings on this matter, with the exception of the new members. He said he wasn't invited to the Subcommittee meeting. (This statement was questioned, as it was felt that the Chairman of the Subcommittee had stated that anyone was invited to attend.) Mr. Pound said he was not told when it would be held.

Mrs. Nancy Bell, 5801 North Broadway, protested the rezoning request, and stated her reasons most of which were in connection with increased traffic on Broadway, and attendance of other than residents at the proposed recreation facilities. She said she felt sure that if this condominium project is allowed, it will foster others in the area where no one wanted multi-family dwellings, and that no one wanted condominiums.

Mr. Davis asked her if she felt the main objection she had was that this might establish a possible precedent?

She answered that they all feel this will look like apartments.

Mr. Bussinger addressed Mrs. Bell, saying it was interesting to know that in 164 residential R-1, there would be approximately 607 people, figured at approx. 3.7 persons per home. He further explained that with 97 units, figured the same way, there would be about 359 people, and 359 people would not generate as much traffic as 607 people.

Mrs. Bell repeated that there would probably be more people with extra visitors on nice week-ends, business associates coming out to use the pools and the golf course, and, further, she didn't believe anyone could build 164 houses on that terrain.

Mr. James Pryor, 221 Hickory Circle, said that with regard to the 161 lots on this tract of ground, he is a builder and developer, and that, due to the terrain, there is no way possible to get that many houses on those acres; that in some areas a builder would have to pier, and there would be a lot of excavation, which because of development costs, you would have to increase those costs; that possibly you could get 111 lots developed there without the recreational facilities. He said he didn't think you could get more than 75 homes such as are in the Walnut Creek Subdivision, with the type of recreational facilities which are proposed. He said he objected because of the amount of traffic Mr. Scharhag's development will put onto the main arteries.

A question was asked as to how much tax money the City might get. Mr. Pryor said figuring without the state and county taxes, the City might realize possibly \$120 to \$130 per lot.

Mr. Davis asked Mr. Pryor to clarify his statement on the number of residences he believed would fit into this tract.

Mr. Pryor said possibly 75 houses could be built with recreational facilities, and 100 units, without recreational facilities.

Mr. Jezak said with 110 houses, more people would be supported than in 110 apartments; that with 2 car families, 220 cars, approximately, and with 97 units, there would be fewer people per unit, with fewer cars per unit, or approximately 50 cars less; that he was thinking about increased traffic on Englewood and Broadway.

Mr. Bussinger asked if the biggest percentage would go onto Englewood Road. Mr. Pryor said it would have to go to Englewood, because of the terrain; that you could not feasibly bring a major artery out at the top of a hill unless you planned to put in traffic lights, etc.

Mr. Al Fuson, 201 NW 59th Street, said his back yard was probably the closest to the proposed project; that he would estimate an 8 iron, and approximately a 12-foot putt from the clubhouse. He said some of them were picking out certain items to bring up to save time. He said he had understood that Mr. Scharhag said that if there were any objections to the golf course, they would eliminate it. He said that the planned club house facility is only about 200' from his property line, which would refute the statement that the club house would be in the middle or center of the project; and - two, that Mr. Scharhag had said the clubhouse would be used primarily by the members...he cited an example of the Stanton project, in the Sherwood estates, where the Club house was bought and is now known as the "Johnny Robinson Club", or something of that nature, and the memberships cost about 150 dollars...that it was fine to say there would be only be 350 cars, but this could be opened up to 1000 members, who would use the club house and the pool; that there would be lighting at night, there would be a P.A. system; he questioned if there would be an adequate water supply. He said he also felt that Mr. Scharhag was a little uncertain as to how much each "owner" would be assessed; that he felt it was hard to believe that he would go to all the trouble without knowing exactly how much this would cost each member. He said he felt, in the face of rising costs, one of the ways to come out would be to open it up to outside people.

Mr. Bussinger asked if a Special Use Permit would tie them up as far as outside membership, number of members, etc.

Mr. Dods answered that he didn't mean to say that, although the Council didn't HAVE to give them a Special Use Permit, it certainly could give them one, and then, if they wanted to renew, the Council could review the matter and would have some control, if they wanted.

Mr. Bussinger asked Mr. Scharhag if we would be interested in a Special Use Permit which would limit the membership to residents only. Harrison Norton answered saying that they would be agreeable to whatever the Council asked.

Mrs. Albert Fuson, 201 West 59th Street North, said they do not mean to be "nit-picking", but they had one very bad experience with an apartment complex near them some time ago; that she didn't believe any of the present Councilmen were there then, but they are all very much concerned with what goes in near them. She said that between North Broadway and North Oak there are presently 936 individual apartments, and this sounds like a lot of apartments. She said that she did not include further north, up to 68th, but that would take in Villa Ve-Ann and Tanglewood, the latter being in Kansas City, she knew. She said most of the children from all these apartments would be going to Englewood School. She said if we allowed Mr. Scharhag, then the other undeveloped land would expect to get the same; that this is the logical way for people to go. Mr. Davis said in his estimation the R-1 is very limiting; and that some of this is the fault of the Ordinance. He addressed Mrs. Fuson. He said that, for clarification, supposing some of problems that have been raised could be ironed out, such as the golf course, the club house, etc., that it boils down to the very fact that it is something that requires apartment zoning, but, in reality is cluster housing - joining together single houses; that if the City could come up with some acceptable alternative, or some new zoning, say R-1-A, that would say that cluster houses could go in there, but the density could never exceed that of R-1, do you think your neighbors would find that as objectionable?

Mrs. Fuson said she thought that would be much more agreeable. Mr. Davis said if the Council went to something like that, it might work out. He said it was partly our fault, partly the inflexibility of our ordinance.

Mr. Jezak said that Mr. Davis amazed him; that he had talked to Mrs. Fuson's husband about more or less the same thing, that very same concept. That the R-1 zoning is very limited; that it is old, old zoning, and the Council is working on trying to update the ordinance because in nine or ten years, things have changed somewhat and new ideas kept cropping up. He said he was surprised that Mr. Davis brought this up right now; that he had raised lots of questions with lots of people, and that he didn't know himself where he stood right now.

Mr. Bussinger asked Mrs. Fuson if she considered this development to be apartment development, or single-family zoning? She said she was really rather reticent to say...that the sports complex was a whole new ball of wax. Mayor Kleiner said that the R-P-3 limited the development somewhat, as the Council then had the control; that was what the "P" meant.

She said she knew that, but she wondered who "watched out" for it. Mayor Kleiner said the City did, that it was the City's responsibility.

In answer to a question, Mr. John Dods said that in Kansas City, most of the zoning is under apartment- they are multi-family, multi-unit condominiums. that this could not be considered a condominium of classic proportion.

Mr. Scharhag said when they had brought the application in this time, they had asked for P zoning, for R-P-1, but had been advised by the City Engineer that they would have to ask for R-P-3, as there was no category as R-P-1.

Mr. Bussinger asked Mr. Pound if he would be in favor of the proposed development if the "sports complex" were taken out. Mr. Pound said he couldn't say because he didn't know what would be put in in its place; he said he could only say that the entire perimeter is either built as R-1, or zoned for R-1 development, and, frankly, even without the sport complex he was not in favor of a new type of zoning; that he had a considerable investment in his home; that some of the others have even more of an investment; that if you were to ask if he would rather be hung or sentenced to life, he would have to choose life imprisonment. Mr. Bussinger said he didn't mean it quite that way.

Mr. Lawrence Pfaff, 205 N.W. 59th Street, stated his objections to the proposal.

In summation, Mr. Allen said it was agreed by all that a comprehensive plan should be submitted to the Council for its approval; to know whether the plans are being followed to the letter, once such a project is accepted; that it appears that there is already a community problem in what will happen in the future on Broadway; that one important thing to remember is to promote safety, and, with additional traffic coming out onto Broadway, on the crest of a steep hill, they will be coming out blind.

Mr. Allen commented that the concept of condominiums is not new; that they are merely enjoying a renaissance in the 20th century; that it is impossible to say they are either bad or good. The general feeling is that this is overcrowding of the land. He said the corporation, if formed, would be responsible for assessing for fertilizing, seeding, snow removal, mowing, maintenance and repair of the pools, and maintenance and repair of the 2 clubhouses; that this would be very important if you are being assessed and you do not actually live there, and he asked if they would be willing to plow their money into all these maintenance factors. He suggested that if there were to be a condominium development, (it being a type of experiment), that it be isolated...that there be a lot of open land around it, and he cited Grenoble Park as an example of multi-family development with a great deal of open land around it...

Mr. Davis said he didn't think they could overlook some of the things they have heard; that the matter would be explored further; that he believed the City has to initiate this action, itself; that it needs a figure it can line up with.

Mr. Kleiner said he hoped they would be aware of all the pros and cons that have been voiced.

Mr. David Wharton, 2 N.W. 54th brought to the Council's attention one point. He said that if the news media reported the proceedings correctly, it had said that one of the reasons advertised by the Applicant was that there is no longer the demand for single family dwellings as there had been in the past; that the demand

for R-1 dwellings will decrease because of the increase in housing costs; He said he would like to point out to the Council that the housing project called Williamsburg, has exclusively single-family houses - that there will be at least 60 of them; that there are 29 presently built or under construction at this time, of the 29, 25 have already been sold, and that, although the interest rates have never been larger, the facts speak for themselves, and these are \$30 or \$35,000 houses...which is clear evidence that there is a definite demand for R-1 construction.

Lonnie Rockford, 206 N.W. 59th Terrace, advised the Council of his objections; he said he was very leery of the kind of people this sort of development might attract; that he feels that Mr. Scharhag's answers were rather vague. He said he felt that condominium seems like it is apartment type dwellings, that, although he is new to the area, he bought in and wants to continue living in strictly an R-1 zone.

Major Ron Smalden, 5903 North Broadway, said he had purchased in an R-1 area just one year ago; that despite the "times", he has six children, and he was anxious to have the four boys in his family live in an area with some wide-open spaces, so they could breathe and play, and not be cooped up in a small play area as happens in the Key Apartments, north of him, and in the Regency North apartments, on the west side of Broadway, in Kansas City. The Bircain apartments are also very close, and this is creating a situation where people are confined; that they have, because of his profession, lived all over the globe, and he knows what living in congested areas can mean, and doesn't intend to let this happen if he can help it. He doesn't want his children enclosed with asphalt paving and lumber.

Mr. Angelo Motta, 5804 North Broadway, expressed his opposition to the proposed rezoning, saying that he was familiar with densely populated areas, and with multi-family living, and that after some time, they become eyesores; that he feels the City should want quality instead of quantity.

Mr. Kenny Bell, 5801 North Broadway, expressed his feelings against the proposed development; that in spite of all that has been said, he feels the Council will make up its own mind after tonight's meeting.

Mayor Kleiner indicated that the matter will be on the Agenda for the next meeting; that there will be no further information received after tonight that is a repeat of what has already been said; that any new information may be given to the Council at that time. He said the matter will take some study, and the Council may have to get together with everyone who is involved before that time. The Public Hearing was then closed. Time: 10:00 P.M.

* * *

The next item on the Agenda was Item 6, a continuation of a Public Hearing on a request to rezone from M-1 to R-1 property located at approximately 3900 NE 76th Street. This was a continuation from the original Public Hearing date of January 11, 1971, at which time, by consensus of opinion, the Council had agreed with the Owner that it would give the Owner the additional time to furnish them with information as to proposed use of the property, as it was and is presently zoned, (M-1). Mr. Bill Austin, Attorney, was present in

the Audience, representing the Owner, Mrs. Opal Elliott. He presented a Protest signed by Mrs. Elliott, as the landowner, which he gave to the City Clerk. He said the present property has been zoned for M-1 for some 18 years; that it was his understanding that in order to rezone, some change must be proposed. He said he didn't see any changes; that the City now has a "garage" (he was corrected in the use of this word, and substituted "Public Works Building), a dog pound, and a shooting range; he said that he believed there were some serious questions as to whether an amendment of this nature is legal; and that he was here to urge the Council not to rezone the land for several reasons. He said it was their belief that M-1 is the best use for the ground; that it is apparent that it is not suited for R-1 zoning, and, at this time, he introduced Mr. Ed Doerr, who is an Industrial Real Estate Broker with the Roger L. Cohen Company. Mr. Doerr has an educational background as a graduate engineer, and is not a professional engineer; that he practiced his profession for twelve years, and has been an industrial builder for various types of industrial accounts. He said he had examined the ground involved, and found that the topography would, in his estimation, be best suited for an industrial type development. He agreed that it would not be as well suited for Residential development; that on the north, there are presently the dog pound, the City Building, and a shooting range; on the south, Shoal Creek lies fully across the boundary, and that on the east, there is a heavily wooded area, with some drainage problems, and on the west, Antioch Road, all of which are good barriers; that he believed there would be sufficient means of transportation to industrial uses; that although the proposed highway plans are still somewhat indefinite, they will be I-435, Maplewood Parkway, and M-1, which would all lend themselves. He said he didn't think industrial development was immediately imminent; that the I-435 hearing will be held this week, and that Mr. Saterlee of the State Highway Commission had said that actual development would be four or five years away; that it would be some time before the road network is developed, and before this area could be served.

Mr. Doerr noted that the sewers were in and available on the south boundary of the property. He reiterated that he felt that light industrial would be the best use for the property.

Mr. Bussinger asked what type of light industry would, in his estimation, be the best suited for this property. Mr. Doerr answered that any type of light industrial, such as a distribution warehouse, or something of a like, light nature, in connection with K.C.I., possibly.

Mr. Bussinger asked if, supposing I-35 or Maplewood Parkway do NOT go in there, if they did not work out, did Mr. Doerr still feel that light industrial would work out there.

Mr. Doerr said they would have to take a pretty hard look at it at that time.

Mr. Austin said, in closing, that to review, one of the reasons they had hoped to have more time to develop was planning for its use, that it appears to lack proximity to other residential areas; he also brought out that it has been M-1 for many years, and that taxes have been paid on it at a greater rate than on other zonings, and, because of the topography, it should not be developed R-1.

The City Manager replied that there was no difference in costs on payment of real estate taxes; that there would be a difference in sewer tax payments, in main sewer assessment, on M-1.

As there was no one else to address the Council, the Public Hearing was declared closed.

(Note: An exact transcription of the presentations on Items 6 and 7* on this date's Agenda, being the Public Hearing Continuation on a request to rezone from M-1 to R-1, property located at approximately 3909 NE 76th Street, and a Public Hearing Continuation on a request to rezone from M-1 to R-1 property located at approximately 3801 NE 72nd Street, are to be found on Court Reporter's Transcription dated February 22, 1971, in the Office of the City Clerk, and will be attached as Exhibit B to this set of Minutes).

*Item 7 on the Agenda: Public Hearing Continuation on a request to rezone from M-1 to R-1 property located at approximately 3801 NE 72nd Street.

*Mr. Max Von Erdmannsdorff, Attorney from North Kansas City, representing the Owners, Mr. and Mrs. Marvin Tarwater, et al, was present and addressed the Council.

After discussion, Mr. Bussinger moved that the Council postpone this matter and continue it on the Agenda for another 30 days, until there can be a chance to discuss the matter with the parties involved.

Mr. Davis asked if the Motion, as stated, applied to both the continued hearings? The Answer was "Yes, to both Items 6 and 7".

Mr. Davis seconded the motion.

Mayor Kleiner noted that the matters would then be on the Council Agendas for April 12th. Mr. Dods suggested that the motion be stated as follows: "Move that the two matters be docketed on the Agenda of April 12th". This suggestion was approved by the motion-maker and so stated, with the permission of the Second Roll was called:

Mr. Bussinger: aye, Mr. Jezak, "NO", (with the following reason: "I believe we gave 60 days to it already, and I cannot see any advantage of 30 more days. I believe we'll have two work sessions in the next two weeks where we can talk very seriously about this. I vote 'NO'. "), Mr. Davis, aye, and Mayor Kleiner, aye, with the following qualifications: "Well, I'm not trying to get out of anything, or not be involved, but I vote 'yes' because I think they are worthy of more consideration. I think I was party to the suggestion originally, and this isn't the only property we are looking at in the City, but I do think they are entitled to more consideration, and hopefully, whatever is done will be done for the best interests of everyone involved." The motion carried, 3 to 1, and will be on the Agenda of April 12th.

No one appeared to speak in disfavor and the Public Hearing was, therefore, closed by the Mayor at this time.

Item 8 on the Agenda: Communications from the Audience. None at this time.

Item 9 on the Agenda: Communications from the City Council: Mr. Bussinger asked the City Manager to see about getting more patrol on the right hand turn lane at 72nd and North Oak, because of the safety feature; that he believed that this would prevent someone getting hurt; he also asked about a place of business at 60th and Antioch Road, and whether that had been taken care of. He asked the City Manager about the burgler system for the Public Works Building. (The City Manager advised that there are no costs available on this latter item, as yet). Mr. Bussinger said he was also concerned about a bad chuck hole in 68th near Flora.

Mr. Davis mentioned that he had two items: a bad chuckhole at about 64th and Flora, and then he asked about the depreciation fund of the Water Department. He said he would like to have an explanation of why we appear to be putting funds in the depreciation rather than in surplus.

In addition, he moved that the Council endorse the route suggested for I-35 as recommended by the State Highway Department. Mr. Jezak seconded. The vote: All voted "aye".

Mr. Davis asked the City Manager if the City had worked out its potential problem regarding the road to the Water Plant. Mr. Olson answered that he would know more about this matter tomorrow or within another day or so.

Mayor Kleiner had nothing to discuss at this time.

* * * *

Item 10 on the Agenda: Communications from the City Manager. Mr. Olson asked the Council to add an item concerning their consideration of the revised Preliminary Plat of Williamsburg, Second Plat.

* * *

Item 11 on the Agenda: Mr. Jezak moved to place Bill No. 71-5, for an ordinance to accept certain standard drainage easements on certain land in Hamilton Heights: (i.e. (1) The N 5' of Lot 176, Hamilton Heights; (2) The S 5' of Lot 177, Hamilton Heights). Mr. Bussinger seconded. The vote: All voted "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 71-5, and to place said Bill on 2nd reading. Mr. Bussinger seconded. Mayor Kleiner asked why this action being taken. Mr. Olson said there had been some serious storm drainage problems in an area where the City had no access, and they believed it would be in the best interests of the City to improve the problem, and, for that reason had asked the owners to grant this drainage easement for these two lots. The vote: All voted "aye". The Clerk read the Bill a second time.

Mr. Jezak moved to accept the second reading of said Bill, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded the motion. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-5, and to enact it as Ordinance No. 1,784. Mr. Bussinger seconded. The vote: All aye. (4-0)

* * *

Item 12 on the Agenda: Mr. Davis moved to place Bill No. 71-6, accepting certain polling places for the upcoming City Councilmanic elections, on first reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the first reading of Bill No. 71-6, and to place said Bill on its second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the second reading of Bill No. 71-6, to waive Section 20 (d)(2) of Ord. 1,83 and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Davis moved to accept the third and final reading of said Bill No. 71-6, and to enact it as Ordinance No. 1,785. Mr. Bussinger seconded. The vote: All aye. (4-0)

* * *

Item 13 on the Agenda: Mr. Bussinger moved to place Bill No. 71-7 on its first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Said Bill names and designates the judges to work in the upcoming City Councilmanic elections. Mr. Bussinger moved to place Bill No. 71-7 on its second reading, after accepting the first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 71-7, to waive Section 20 (d)(2) of Ord. No. 1,83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of said Bill No. 71-7, and to enact it as Ord. No. 1,786. Mr. Jezak seconded. The vote: All "aye". (4-0)

* * *

Item 14 on the Agenda: Mr. Davis moved for the adoption of Resolution No. R-71-15, authorizing the City Manager to accept the work performed by Midwest Steel Corporation on the Public Works and Utilities Building under Contract #4, and make final payment therefor in the total amount of \$923.00. Mr. Jezak seconded. The vote: All voted "aye". (4-0)

* * *

Item 15 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-16, authorizing the City Manager to grant an extension of time to March 29, 1971, for the completion of the Water Line installation by Hevalow Shanks Construction Company, Inc., because of their inability to complete such work until the ground thaws sufficiently; (Contract No. 5 for the Public Works Building). Mr. Davis seconded. The vote: All voted "aye". (4-0)

* * *

Item 16 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-17, authorizing approval of Change Order No. 1, accepting certain work performed, and authorizing final payment on Public Works Building Contract No. 6

and authorizing the City Manager to make final payment to Cornell Roofing and Sheet Metal Company on said Contract No. 6, in the total amount of \$7,161.20 subject to receipt of 20-year maintenance bond. Mr. Bussinger seconded. The vote: All "aye". (4-0)

* * *

Item 17 on the Agenda, which authorized acceptance of a bid on asphalt and roadoil purchases was deferred by motion made by Mr. Davis, and seconded by Mr. Jezak..... The vote: All "aye". (4-0)

* * *

Mr.

Item 18 on the Agenda: Bussinger moved for the adoption of Resolution No. R-71-18, authorizing the City Manager to execute on behalf of the City, a certain Rental Agreement with the International Harvester Company for the rental of a Wayne Street Sweeper, pursuant to the terms of such Agreement, a copy of which is attached as Exhibit C to these Minutes.

Mr. Bussinger said he hoped the citizens of the City of Gladstone will be appreciative of the fact that the City is making arrangements to maintain and clean up the streets; that perhaps we could get a little publicity on the matter. The vote was called: All "aye". (4-0)

* * *

Item 19 on the Agenda: Mr. Jezak moved to grant permits for the sale of fireworks as requested to (a) Boy Scout Troop No. 386 for a stand at Ray Sapp's Hardware Store parking lot, and (b), the Knights of Columbus Tri-County Council, for a stand to be located at Williams' United Super parking lot, and to waive the fee on each. Mr. Davis seconded. The vote: All "aye". (4-0)

* * *

(a)

Item 20 on the Agenda: After some consideration of the re-submitted plans of Broadway North Apartments, which show a redesigned exterior, and comment by the developer to the effect that "We have now agreed to every change required by the Council that was economically feasible"...Mr. Davis moved to reconsider the building plans submitted by Broadway North Apartments. Mr. Bussinger seconded. The vote: All voted "aye". (4-0) (See attached letter, Exhibit "D")

Mr. Davis moved for the approval of the Building Plans for Broadway North Apartments, including all changes made thereon, dated February 20, 1971. Mr. Bussinger seconded the motion. The vote: All voted "aye". (4-0)

(b) After some consideration of the plans submitted, Mr. Jezak moved for the acceptance of the Kendallwood Office Plans dated 9/9/70, reviewed 1/6/71, by Herbert E. Duncan, Architect. Mr. Davis seconded. The vote: All voted "aye" (4-0)

(c) A request for a fenced enclosure in the parking lot at the A-6-P-Mart..64th and North Oak Street. The Owner advised he intended to put an enclosure fence around an area which would house plants, seeds, lawn equipment, garden supplies, etc. Mr. Bussinger said this would not prevent anyone getting into the area to vandalize; he said we do not want to encourage vandalism but, rather, to discourage it. After a question, the Assistant City Counselor, Mr. John Dods, said that such sales could be made from within building walls, but that he did not think the submitted plans would technically comply with the ordinance.

After further discussion, Mr. Jezak moved to refuse the permit for a fenced enclosure to the A-6-P-Mart. Mayor Kleiner seconded. Mr. Davis suggested the matter be deferred to give the owners a chance to discuss the matter with the City Administration.

Mr. Bussinger asked who they had talked to originally. The answer was the City Engineer. Mr. Bussinger said it bothered him that they came in here and may have been given the impression that they are going to be okay, then kept here three hours at a Council meeting, if the Council finds it cannot do anything for them.

Mr. Bussinger said, further, that his concern is that they had to waste all this time, and then find that they were not submitting correct plans; he felt they should have been properly advised, and that he felt they should "go another direction on this lawn and garden supply sales".

Mr. Jezak asked how about an enclosure attached to the building. It was felt that this would not be the same as a permanent wall.

The vote was called. Mr. Bussinger said he could not vote "nay"...the rest of those councilmen present said they could not vote "nay". The vote was recorded as four "aye" votes for the refusal of the said permit to Mr. James Fenton and Mr. Ike Van Kirk, of the A-6-P-Mart. Mayor Kleiner said he would suggest that they work something out, possibly on the north side of the building, but that it would have to be a solid wall building addition.

* * *

Item 20-a (not on the Agenda), was the consideration of the Revised Preliminary Plat of Williamsburg, Second Plat, submitted by Mr. William Davidson. It was noted that Old Pike Road would be curbed and guttered; Mr. Davidson said they will be facing lots to Old Pike Road, that they had to revise their Plat in order to "come out" at all; that the revised Plat includes more area. It was noted that the Planning Commission had voted unanimously in favor of the revised Plat. After further discussion, Mr. Bussinger moved for the acceptance of the Revised Plat of the Second Plat of Williamsburg with the changes noted. Mr. Davis seconded. The vote: All voted "aye". (4-0)

* * *

Item 21 on the Agenda. Mr. Davis moved to accept the Financial Reports for the 7 months ending January 31st, 1971, for Combined Waterworks & Sewerage System, General Fund, Public Works & Utilities Bldg. Fund, Sidewalk Construction Fund, Special Sewer Assessment Fund, and Special Park & Playground Fund, as submitted.

Mr. Bussinger seconded. Mr. Jezak asked about the salaries (part-time) and (overtime) in all departments. The City Manager answered that it was hard to predict the amount of overtime or part-time help that would be needed; that overtime had been paid to the Public Safety Department because of the cross-walk guarding; that the Administration had taken on some projects which required some overtime; that he hopes not to have much problem in the future because the newly hired cross-walk guards will go on duty next week, but he would try to keep the Council advised on the amount of overtime. The vote on acceptance was: All "aye".

Mr. Bussinger advised that he hoped there would be guards at the 65th and Michigan cross walk; that there hadn't been anyone there when he passed by.

* * *

Item 20: "OTHER"

Mr. Jezak moved for the adoption of Resolution No. R-71-19, endorsing Missouri Senate Bill No. 77, increasing the State Motor Fuel Tax from 5¢ per gallon to 7¢ per gallon, and urging passage of said Bill. Mr. Davis seconded. The vote: All voted "aye". (4-0)

Mayor Kleiner moved for the adoption of Resolution No. R-71-20 endorsing House Joint Resolution No. 24, calling for a Constitutional Convention, and urging passage of said Joint Resolution. Mr. Davis seconded. (It was explained that this would allow for a more flexible State Constitution). The vote: All voted "aye". (4-0)

A question was directed to the City Manager regarding the John Chezik Buick parking lot. The City Manager said he had been informed that Mr. Chezik had taken bids on the paving of his parking lot; that the City can ask him to comply, and has done so, but that he is still parking cars; that if the Council desires, he can move with a Citation.

Mr. Jezak said, after some discussion, that he believed April 1st would be a good deadline, based on the weather, etc., and at the same time, they can put up their fence as they had promised earlier, as well as pave the parking lot.

Mr. Jezak reminded the Council members that Mr. Rodgers would be showing his plans for the development of the Flora Park project, and the park across the street to the East, and would explain the cost estimate, at the Park Board meeting on Thursday night. He asked as many Councilmen as could to please attend.

Mr. Bussinger asked the City Manager to express to the Street Department his appreciation of the snow removal throughout the City; that someone he knew in the City of Kansas City had reason to come out to the Bircair apartments, and had commented that Gladstone's streets were a pleasant surprise.

Mr. ^{Davis} Bussinger asked if there shouldn't be cross-walk guards planned for 59th or 60th and North Flora, as well as the others. The City Manager said he would look into this.

It was noted that the Special Work Session scheduled for the Council for Tuesday night would be cancelled.

* * *

Based on a request written by Mr. James R. Pound for a six-weeks leave of absence from the Gladstone Planning Commission, Mr. Bussinger moved that such leave be granted. Mayor Kleiner seconded. The vote: All voted "aye". (4-0)

* * *

As there was no further business to come before the meeting, it was, upon motion duly made and seconded, adjourned. Time: 12:15 A.M.

Respectfully submitted,

Betty Johnson, City Clerk
Recording Secretary

Approved as Submitted: _____

Approved as Corrected/Amended: _____

MAYOR

Exhibit A

Received on Monday, 2-22-71

One of the most widely used terms in the last few years is "Credibility". Since the time the Scharhad Proposal was first submitted last year, I have questioned the Credibility of the proposal and have so stated to both Mr. Scharhad and his attorney. Today I went to City Hall and requested the opportunity to study the proposal and after some delay was told that no one in the City Administration had a copy of the proposal. At 4:55 I received a call from Dave Olson that he had a copy of the current proposal.

In view of such inability to check the current proposal, I must therefore ask some pertinent questions. Are all 100 units to be 30 ft. square & two stories in height? How many parking spaces are to be provided for each unit? Is Main St. to be considered a Collector St.? Are the other streets with the project to be considered private streets or dedicated streets. The proposal submitted last year shows the street width within the project to be 25 Ft. wide & Main Street to be 40 Ft. wide.

Regarding the Pitch & Put Golf Course, how many square feet are proposed for each hole? According to last year's proposal some holes will be from 50 to 60 feet and I am sure that if any of the Council plays golf, you will agree that such a length is ridiculous even for a pitch & Put course. Are the Greens to be Grass or Sand? If they are Sand, you can eliminate the word "Put". I would much rather "Put" on my living room rug than on a sand green. I understand seven lakes have been proposed. What is the size of each lake in Square feet? Will the other five lakes be merely small farm ponds such as the one adjacent to Broadway, which in reality has been a mud hole or will they be another mosquito breeder pond. Remember, in each case of the additional five ponds, the only water supply will be runoff water and in any extended period of dry weather, they will become stagnant. How much area will be involved for the Clubhouse, which I understand will be the present Scharhad Home? How big is the additional swimming pool? How much area will be required for the tennis courts. Is a nature trail involved in the proposal, and if so, where will the

CITY COUNCIL MEETING

GLADSTONE, MISSOURI

22 FEBRUARY 71

[PROCEEDINGS ON ITEMS 6 AND 7 OF THE AGENDA]

1 MAYOR KLEINER: We'll go on to Item 6, Public Hearing Contin-
2 uation on a request to rezone from M-1 to R-1 property lo-
3 cated at approximately 3909 N.E. 7th Street, continued from
4 Public Hearing date of 1-11-71. We'll open the public hear-
5 ing at this time. Does the City, Mr. Olson, have anything
6 else they would like to say on this request to rezone from
7 M-1 to R-1?

8 MR. DAVID H. OLSON: Gentlemen, just to give you a brief back-
9 ground: as the Council is well aware, some time ago the
10 Council asked for a recommendation on proposed zoning changes
11 for present zoning in the City of Gladstone. The Planning
12 Commission submitted a report to the City. The report in-
13 dicated that it was the Planning Commission's recommenda-
14 tion that the zoning on two large tracts of industrial zon-
15 ing in our city be reconsidered. The Council then asked
16 the administration to proceed; and that is the reason for
17 this hearing and this reconsideration of existing M-1 zon-
18 ing zoning to R-1, single family zoning.

19 MAYOR KLEINER: Thank you. Is there anyone else who would
20 like to speak in favor of this request to rezone?

21 MR. WILLIAM M. AUSTIN: Yes. Mr. Mayor, --

22 MAYOR KLEINER: This is still in favor, Mr. Austin.

23 MR. AUSTIN: Excuse me! [Laughter.]

24 MR. KLEINER: If there are no others to speak in favor, we'll
25 move on to Mr. Austin, on the opposition side.

1 MR. AUSTIN: My name is Bill Austin. I'm an attorney. I rep-
2 resent the owner of this ground, Mrs. Opal Elliott. On her
3 behalf I have filed a protest which, under the statutes and
4 ordinance, requires a greater vote for approval. With Mr.
5 Olson's statement, this is the first time --

6 COUNCILMAN RICHARD DAVIS: Excuse me. Could I get a clarifi-
7 cation on what you just said? You said you filed a protest
8 that requires a greater vote for approval? Is that what
9 you said?

10 MR. AUSTIN: Yes, sir. Three-fourths.

11 MAYOR KLEINER: A three-fourths majority, required by the
12 protest; is that not correct?

13 MR. JOHN DODS: Yes. He has filed with the Clerk a protest
14 signed by Mrs. Elliott, protesting the proposed rezoning.

15 MR. DAVIS: Oh. And any time that we're zoning something
16 that's opposed by the owner, and they protest it, we have
17 to have a four to one majority?

18 MR. DODS: The land owner can protest, as well as adjacent
19 property owners.

20 MR. KLEINER: Go ahead, Mr. Austin.

21 MR. AUSTIN: With Mr. Olson's statement, this really is the
22 first time we have been able to determine how this move
23 initiated. I asked the question, where it initiated, at
24 the meeting of the City Planning Commission, and was ad-
25 vised that it came from within the City. I was further

1 advised that the reasons for the proposed rezoning were in
2 an effort to hasten and further a possible development.
3 And we were advised that if we could come in with a proposed
4 development before these hearings, that they would be heard
5 and possibly accepted.

6 It is my understanding that the City of Gladstone has a
7 comprehensive zoning plan. This particular piece of prop-
8 erty has been zoned M-1 for, I think, some 18 years. It's
9 further my understanding that in order to amend a compre-
10 hensive zoning ordinance some change in the area must be
11 shown. Now, that certainly was not shown at the City Plan-
12 ning Commission meeting that I attended. In fact, the
13 changes which have occurred seem to indicate that the prop-
14 erty should remain M-1. To the north of this property the
15 City has established its garage and a dog pound --

16 MAYOR KLEINER: Excuse me: that's a public works building, not
17 just a garage.

18 MR. AUSTIN: Thank you, Mr. Mayor. And a shooting range, I
19 understand. The south boundary of this property is a rather
20 high bluff next to the Shoal Creek, which has beneath it a
21 large sewer. Directly southwest of the property, I believe,
22 is some multi-family dwellings. On the east of the prop-
23 erty is Kansas City, Missouri, I believe. I think there's
24 some serious question, at least on the basis of the meet-
25 ings I've attended, whether an amendment of this nature is

1 legal. But aside from that question, we are here urging
2 that the Council not rezone the property for several rea-
3 sons.

4 One, it appears that its best use may be M-1, because of
5 the topography and a transportation system that appears to
6 be developing; and further, because of its apparent unsuit-
7 ability for R-1.

8 I have an industrial realtor here who I'd like to have
9 present some findings that he's made on the property, if I
10 may. Mr. Doerr.

11 MAYOR KLEINER: Mr. Jezak's got a question, I believe.

12 COUNCILMAN BERNIE JEZAK: What are his credentials, please?

13 MR. AUSTIN: I was going to ask him those questions.

14 MR. JEZAK: Okay.

15 MR. AUSTIN: Would you state your name, please?

16 MR. EDWARD C. DOERR: Ed Doerr -- D-o-e-r-r.

17 MR. AUSTIN: Mr. Doerr, what is your present occupation?

18 MR. DOERR: I'm employed as an industrial real estate broker.

19 MR. AUSTIN: And for whom do you work?

20 MR. DOERR: Roger L. Cohen & Company.

21 MR. AUSTIN: Mr. Doerr, what is your educational background?

22 MR. DOERR: I'm a graduate engineer, and I'm also a profes-
23 sional engineer.

24 MR. AUSTIN: Now, you've practiced engineering for how long?

25 MR. DOERR: Twelve years.

1 MR. AUSTIN: Now, you have been an industrial realtor for how
2 long?
3 MR. DOERR: Two years.
4 MR. AUSTIN: Prior to that time what business were you engaged
5 in?
6 MR. DOERR: I was in the service, and in school.
7 MR. AUSTIN: Prior to becoming a realtor?
8 MR. DOERR: Oh, no; I was an industrial builder.
9 MR. AUSTIN: And for whom did you build?
10 MR. DOERR: Various types of industrial accounts -- manufac-
11 turing plants, warehouses -- this type of structure.
12 MR. AUSTIN: For how many years did you engage in that activity?
13 MR. DOERR: Well, that would be twelve years. This was both
14 engineering -- the firms that I worked for, we did both en-
15 gineering and construction work.
16 MR. AUSTIN: Mr. Doerr, in that activity did you have occasion
17 to examine plots of ground as to their capability for
18 particular uses?
19 MR. DOERR: Very definitely.
20 MR. AUSTIN: Now, at my request have you examined the ground
21 involved here?
22 MR. DOERR: Yes, I have.
23 MR. AUSTIN: And would you give your opinion as to the suit-
24 ability of the topography of the ground? For what use is
25 it best suited?

1 MR. DOERR: The ground is essentially in what was originally a
2 flood plane, and it lays very nearly flat and would tend to
3 lend itself for an industrial type development. You'd have
4 a minimum of site development cost in regard to an indus-
5 trial facility, whether it be an industrial park or some-
6 thing of this nature. Your rectilinear street layouts
7 would be more easily accomplished on this type of terrain;
8 and it would be most suited, I would think, for an indus-
9 trial type development.

10 MR. AUSTIN: Mr. Doerr, since it is in the flood plane, how
11 does it lend itself to residential development?

12 MR. DOERR: As compared with industrial, I would say not as
13 much. Most of the industrial type buildings being built
14 today have what we call a dock-high floor, which is approx-
15 imately three to three and a half feet above the surround-
16 ing grade, which tends to give you some natural protection
17 by virtue of the type structure of your building. Certain-
18 ly you wouldn't have this with houses, particularly with
19 basements.

20 MR. AUSTIN: Now, Mr. Doerr, in connection with the surround-
21 ing uses -- that is, not this particular property, but the
22 surrounding uses of the property immediately around it:
23 does that lend itself to industrial use? That is, what
24 are the surrounding uses?

25 MR. DOERR: Oh. Well, starting on the north, as you mentioned

1 earlier, there is a city public works building that's under
2 construction, and, as I understand it, a dog pound and a
3 shooting range. And then, to the south the predominant bar-
4 rier there would be the Shoal Creek that goes fully across
5 the boundary on the south of the property. And then to the
6 east it tends to be heavily wooded, and then there's also
7 additional drainage over there. And then, on the west would
8 be Antioch Road, State Highway 1. So you have fairly good
9 barriers for isolating this particular fairly level tract
10 of ground from the surrounding area.

11 MR. AUSTIN: Mr. Doerr, do those surrounding uses encourage
12 residential residential development?

13 MR. DOERR: I would say not.

14 MR. AUSTIN: Now, Mr. Doerr, have you examined this property
15 from the viewpoint of the transportation facilities avail-
16 able for industrial use?

17 MR. DOERR: I have. At this time the proposed highways are
18 somewhat indefinite. It appears that there's a good pos-
19 sibility that the road net -- that would include I-435 and
20 possibly the Maplewood Parkway, and also possibly State
21 Highway 1 -- would lend themselves to giving you fairly
22 good transportation to this site, from an industrial stand-
23 point.

24 MR. AUSTIN: Mr. Doerr, do you think that some industrial de-
25 velopment of this property is immediately imminent?

1 MR. DOERR: No, sir.

2 MR. AUSTIN: And what do you base that opinion on?

3 MR. DOERR: Well, I feel at this time that there is consider-
4 able acreage available in the greater Kansas City area that
5 has a closer proximity to roads that are presently being
6 developed; and to my understanding, the I-435 hearing is to
7 be held at Oak Park School the 24th -- I guess that would
8 be Wednesday. And Saturday the Missouri Highway Engineer
9 has been quoted as saying that the actual construction of
10 I-435 was four to five years away. So, with this in mind,
11 it's going to be some time before the road nets are devel-
12 oped to the point where you know specifically how well this
13 area will be served.

14 MR. AUSTIN: Do you have any opinion as to the utilities sit-
15 uation, from the viewpoint of an industrial development?

16 MR. DOERR: Of course, the primary thing is sewers; and a very
17 excellent sewer -- I believe it's an 18-inch diameter sewer,
18 is presently in across the south boundary of the property.

19 MR. AUSTIN: Now, Mr. Doerr, do you have an opinion as to the
20 use that this particular ground is best suited for -- and
21 if so, what is that?

22 MR. DOERR: Well, I think that the ground itself, because of
23 the reasons mentioned, at this time would tend to lend it-
24 self to a light industrial development.

25 MR. AUSTIN: I think that's all I have of this witness. I'm

1 sure he'd be happy to answer any questions.

2 COUNCILMAN LEE W. BUSSINGER: Mr. Mayor?

3 MAYOR KLEINER: Mr. Bussinger?

4 MR. BUSSINGER: Mr. Doerr, what are your feelings about the
5 type of industry that would be best for that area? Ware-
6 house, outside industry -- working on the outside?

7 MR. DOERR: I think it would be a fairly light type of usage,
8 depending on the highway net, of course. Distribution ware-
9 house; something with light manufacturing -- possibly elec-
10 tronics type manufacturing that would tie in with the pos-
11 sible airport development. Something of this nature. It
12 would be pretty light industrial; I can't visualize any-
13 thing very heavy going in there.

14 MR. BUSSINGER: Let's back up to the road network. Supposing
15 that the I-435 and Maplewood, and so forth, do not go in:
16 and, working in the field of transportation myself, and
17 with industry -- this, as you know, is a very important
18 thing. Let's say that in the final analysis these did not
19 work out the way you're planning them now: did you still
20 feel that this would still lend itself to light industry,
21 with truck traffic and so on? You won't have any railroad,
22 of course.

23 MR. DOERR: I think you'd have to take a pretty hard look at
24 it at that time.

25 MR. BUSSINGER: All right. That's all I had.

1 MAYOR KLEINER: Mr. Davis?

2 MR. DAVIS: Well, I did feel like that the statement that the
3 change had been prompted apparently without any reasoning
4 probably should be clarified a little bit. I think that
5 some of the reasoning for the change being prompted was
6 the fact that it has been zoned for -- I'm not quite sure
7 how many years: more than 10 -- and nothing's happened.
8 Also, Highway 1 is being re-routed, which means that the
9 highway you're adjacent to no longer is a major highway.
10 Maplewood Parkway, which would go across your property, has
11 restrictions, or will have restrictions, I'm sure, from
12 Kansas City if not from Gladstone, on the use of truck traf-
13 fic. We obviously don't have rail access. Obviously there's
14 a cost to industry -- a higher water cost, in Gladstone,
15 which we can't avoid but we're faced with. I don't know if
16 there's any underground water up there; but that's frequently
17 a consideration. And most of all, the site would appear to
18 completely lack proximity to any suppliers or any market,
19 or any firm that would be related to the firm in some fashion.
20 So I think the Planning Commission of the Council had given
21 considerable thought to the probable use of this land for
22 industrial purposes and pretty well came to a conclusion
23 that we felt like its probability of developing for industry
24 is extremely light.

25 MR. AUSTIN: Well, it would appear that -- I think the property's

1 been zoned M-1 for 18 years.

2 MR. DAVIS: Yes.

3 MR. AUSTIN: Obviously, 18 years ago the M-1 use was extremely
4 remote. I think we're coming into a period where it ap-
5 pears that this is possible now. It may be at this time
6 somewhat premature; but it appears that it's moving in that
7 direction, with all the development that is happening north
8 of the River. We have paid the M-1 taxes on this property
9 for I don't know how many years. I think that's at a greater
10 rate than the other zoning. And it would appear that now,
11 as we're approaching the time that we may be able to develop
12 it -- but the proposal is to take it to R-1, which seems
13 entirely out of the question of development for that, be-
14 cause of its topography and surrounding uses. It appears
15 that we are being put into a category that there's no pos-
16 sibility of developing it for.

17 MR. DAVIS: I would just venture to say that R-1 is probably
18 more probable than M-1.

19 MR. AUSTIN: Well, I might say that we were negotiating for a
20 sale of the property; but when this came up, the negotia-
21 tions were withdrawn, and it was indicated to us that when
22 we get the zoning problem solved, why, it may pick up
23 again. But there was interest in the property as it was
24 presently zoned.

25 MR. DAVIS: We deferred action on it for two months, because

1 there was the possibility of some action.

2 MR. AUSTIN: I know. But at that time there was pending a
3 proposal to rezone. Prospective buyers said "we don't want
4 to continue negotiations under those circumstances." I
5 don't believe that's too much -- that 60 days is a great
6 deal of time within which to --

7 MR. DAVIS: It's the time that was requested of us.

8 MR. AUSTIN: Excuse me, sir?

9 MR. DAVIS: The 60-day extension was requested of the Council.

10 MAYOR KLEINER: Correct. That's true. Mr. Elliott asked for
11 the 60 days, hoping that he might have something concrete.
12 And I understand --

13 MR. AUSTIN: I think he probably had that possible sale in
14 mind at the time.

15 MAYOR KLEINER: Mr. Olson, he mentioned the taxes he paid on
16 M-1, as opposed to R-1. Can you tell us what the differ-
17 ence is?

18 MR. OLSON: For the real estate tax there would be no differ-
19 ence.

20 MR. AUSTIN: Is there some difference in sewer tax?

21 MR. OLSON: Yes, sir. The single-family, or R-1 property of
22 the City -- undeveloped R-1: when the main assessments were
23 levied, that property or those property owners were given a
24 25 percent reduction in sewers as a result of proposed land
25 use for streets. M-1 and R-3, I believe -- specific

1 classifications -- zoned property -- was not given that
2 street consideration; so there would be a differentiation
3 in the actual main sewer assessment levied. But the real
4 estate tax for the past 18 years has been the same as an
5 R-1 zone adjacent to it, or any place in the city limits.

6 MAYOR KLEINER: Any other questions? -- Thank you, sir.

7 MR. AUSTIN: I have nothing further. Thank you.

8 MAYOR KLEINER: Is there anyone else in the audience that would
9 like to speak in opposition to this request to rezone? If
10 not, we'll close the public hearing, and we will have this
11 on our next Council agenda. And, as mentioned before, at
12 the prior public hearing, we will not have any more public
13 hearing on this. If there happens to be some new informa-
14 tion, we'd be glad to listen to it; but we will not re-
15 hash what has already been done.

16 At this time we'll go on to Item 7, Public Hearing Con-
17 tinuation on a request to rezone from M-1 to R-1 property
18 located at approximately 3801 N. E. 72nd Street, continued
19 from Public Hearing date of 1-11-71. Mr. Olson, would you
20 like to make any comment on this?

21 MR. OLSON: Gentlemen, the same statement I made earlier re-
22 garding the public hearing prior to this holds true for
23 this particular piece of property. Once again, it was in-
24 cluded in the Planning Commission's recommendation for re-
25 evaluation and reconsideration on the part of the Council;

1 and it was their recommendation that the zoning considered
2 be from an M-1 as presently exists, to R-1. And the Coun-
3 cil, again, asked that the procedure for this to be heard
4 be indicated. Thank you.

5 MAYOR KLEINER: Is there anyone else in the audience that
6 would like to speak in favor of this rezoning? -- Is there
7 anyone who would like to speak in opposition to this re-
8 zoning?

9 MR. MAX VON ERDMANNSDORFF: Yes, sir. I'll just take a few
10 minutes. I'm Max Von Erdmannsdorff, and I think you know
11 me. I'm a lawyer in North Kansas City. I represent Mr.
12 and Mrs. Marvin Tarwater, Mr. and Mrs. Lawrence Siebert,
13 Mr. and Mrs. Donald Carson, and Mr. and Mrs. Kenneth Meid-
14 inger. Those last three couples are people who live out of
15 this area. They're not here. Mr. and Mrs. Tarwater are.

16 Basically, this tract of land is at the southeast corner
17 of 72nd Street and Antioch Road. It's about 39 acres. It's
18 been zoned M-1 for about ten years. These people have
19 filed the same kind of protest that Bill Austin was talking
20 about; and the reason why we do that is because then we
21 don't have to convince as many of you. I sincerely hope
22 that we can convince all of you, but under Section 89.060
23 of the Revised Statutes, with this kind of protest it takes
24 more of you to make the change. You've probably seen that
25 section of the statutes applied more times by property

7.

1 owners within 185 feet, I think it is, isn't it, John? --
2 but the same statute also gives the owners of the affected
3 property the same right to protest and make your vote
4 stronger in order to make the change.

5 One of the things that I think will disturb you people
6 as you consider the effort to rezone it all the way from
7 one end of your color spectrum to the other -- in other
8 words, all the way from the bottom to the top, or the top
9 to the bottom -- is the fact that these people, as Bill
10 said, were assessed for sewers when the sewer assessment
11 was made, on the basis that it was M-1 property. Now, I'm
12 not sure how much that amounts to, but I think our people
13 paid seven thousand dollars more because they were M-1;
14 and what you now propose to do is to take away that classi-
15 fication -- and you can't give the money back. I don't
16 know what John will say, and I don't know what the law is;
17 but I think that by paying that seven thousand dollars they
18 acquired a vested interest in the property -- and this now
19 amounts to inverse condemnation. I don't know -- and I'm
20 sure you'll agree with me: it just doesn't sound quite fair
21 for them to pay it on that basis and then have it taken
22 away from them.

23 Now, let me say this. We're not being critical of your
24 taking a look at their property. We know it's sat there
25 for a long time and nothing's happened. But now property

1 is getting hot. It's just now developing. It's just now
2 to the point where people will take a look at it. And it
3 might be that our people will be coming to you asking for
4 some different classification like C-3, or R-3, or some-
5 thing like that.

6 One of the things we don't have completely in common
7 with Mr. Austin's client is that our property is right up
8 there in that cluster of colors. In other words, across
9 the street and a little north M-1; right next to that is
10 C-3; right next to that is R-4, and R-2, and so forth;
11 and we're surrounded by those things. So, what, in essence,
12 you're doing, is, you're spot zoning in reverse, taking us
13 all the way out of the color area and making us white again
14 on that chart. That type of inverse, spot zoning, to me,
15 is unusual; because the latitude between the two places
16 where we are now, and where this proposal causes us to ..
17 ..(inaudible).. the similarity of what we are now and what's
18 all around us. In other words, you're taking us not only
19 below the level our neighbors, but 'way on down to the low-
20 est thing.

21 So let me just point out one thing to you. I know it's
22 not of any legal significance, certainly; but it has some
23 practical value. The Planning Commission had a subcommit-
24 tee go out there. These three people, as far as I know,
25 are the only ones that went out there; they are the only

ones that spoke with the people; they looked at the property; and they unanimously said, "Let's leave it alone for a couple of years and keep our eye on it." And they voted that way, and they so moved, in the Planning Commission. But the people that didn't go out there didn't vote with the subcommittee that unanimously said to us, "We understand your complaint, and we'll wait for a couple of years and give an eye to what you can do."

One more thing I think might have some persuasive power with you is that these people -- they'll listen to anything that you say to them about some different zoning classification in keeping with their neighbors, but they don't feel that they're being fairly treated, or that it is even necessarily what you people have in mind, to go all the way back to the R-1 zoning.

Certainly, we've raised some legal points, here, that we think cause us to have legal footing; but we certainly don't want to test that footing. We'd rather convince you that we're right. We'd like to invite you to come out and look at the property, talk to us -- and after what I saw earlier tonight, I know you're going to have fun, with all these things to do. But I think, and I'm sincere about this: if you consider all the things that have happened -- the surrounding classifications -- that we can talk you into giving us some different treatment, and in keeping

1 with the common good of the City, than to take us down to
2 that residential district. I won't belabor the point. I
3 will answer any questions. And I will say that our people
4 very sincerely want to hold their M-1 classification, but
5 are not even going to stand steadfastly on that if you feel
6 they are being out of line by trying to.

7 MR. BUSSINGER: Mr. Mayor?

8 MAYOR KLEINER: Mr. Bussinger?

9 MR. BUSSINGER: Max, at the time they had the public hearing
10 before the Planning Commission, I believe a doctor from
11 California, one of the property owners, spoke on this; and
12 at that time he brought up quite a few prospects that they
13 had in mind -- the owners had in mind -- for that area. I
14 was just wondering, as a matter of record, if anything has
15 grown from those, or if it's still --

16 MR. VON ERDMANNSDORFF: Very frankly, I don't know the status
17 of that; because what in essence happened was, all of our
18 prospects are scared off by a prospect of losing this zon-
19 ing entirely. Frankly, I don't think those prospects were
20 M-1 prospects. Maybe to some degree they might have been.
21 I think they were C-3 -- and which causes me to say that we
22 might very well come back and say CP-3 would be what we'd
23 like to have. But we hate to have our heavyweight classi-
24 fication taken away from us, because right now I think the
25 property's worth more money the way it is. It might con-

1 ceivably be a better use some one step lower or two steps
2 lower; but certainly not all the way residential. I do
3 think this. I think there are good prospects there, and
4 if you'll let us work with them for a little while, and not
5 under the onus of the hammer hanging over us, that we
6 wouldn't have the merchantable item that we now have, that
7 we could get something done you'd approve of in a P type
8 of an application.

9 MR. DAVIS: Mr. Mayor?

10 MAYOR KLEINER: Mr. Davis?

11 MR. DAVIS: Max, I think the two-month extension that we gave
12 you previously was based on the assumption that the Council
13 was concerned that there might be use preferable to R-1 --
14 the one we were advocating, and it was an encouragement
15 to the property owners to come up with some planned develop-
16 ment. I don't know; maybe the two-month extension wasn't
17 a reasonable period of time.

18 MR. VON ERDMANNSDORFF: It isn't really that; it's just that
19 the clock stops ticking altogether in the minds of these
20 investors so long as we're in jeopardy in City Hall. In
21 other words, for example, I'm working on a project that
22 I'll be back here on, that's taken me six months. And it's
23 in Gladstone, and involves some commercial development.
24 But I'm sure I wouldn't even be able to be where I am in
25 that project if there were some jeopardy on the issue of

1 the zoning classification itself. What I think the sub-
2 committee said was -- and I may be wrong -- Mr. Tarwater
3 and his relatives, and these other owners, were in this be-
4 fore I was -- what they said was, "We can understand your
5 saying, 'Please leave us alone for a couple of years.'"
6 For example, the zoning not too far from there -- 14 acres
7 for a shopping center. And across the street, that's C-3
8 zoning. Those things are just now getting attention. I
9 participated there in the sale of 'Blaywoods' not so long
10 ago, and it was quite a substantial effort on the part of
11 the City Council and the people that participated in that.
12 Not in the selling, but in the planning. And they know
13 that that area ... [inaudible] ...

14 And so that's why I think we're getting right on the
15 threshold and we're being drawn up short. And if you feel
16 that you have to, please talk to us about C-3 or something
17 like that; but what we really would prefer would be to be
18 given that time that we can put together something really
19 substantial. I really don't see how anybody's going to get
20 hurt by it -- because we don't stand alone in a residential
21 community, or anything like that; and as a matter of fact,
22 we'll be standing more alone if you do what the plan says
23 and change us to R-1, than we are now -- because we're more
24 in keeping with the surrounding property.

25 MAYOR KLEINER: I might interject, Max, that the Planning

1 Commission did state they would certainly be receptive to
2 a higher use than the R-1, and they would certainly give
3 us some good consideration. Now, I understand your people's
4 problem is selling it at R-1 and then going up --
5 because this is just speculation. They don't know that
6 they can get it for sure; but I did want to interject that
7 they said they would be receptive to listening to a higher
8 zoning than R-1 in that area.

9 MR. VON ERDMANNSDORFF: Well, Mr. Pound wasn't very receptive
10 to anything along those lines. He said he would listen to
11 us. But it seems to me that we we had, for example, a C-3
12 classification, then we'd have something substantial to
13 work with. I know that those people liked the P aspect of
14 all of those zonings; but what in essence is happening is,
15 we're dropping right out of sight when viewed on a level
16 with the neighboring properties with those other zonings.
17 And rather than to do that, if, for example, you took all
18 of the zoning in that color complex of zonings away and
19 said we could all start over, that would be fairer than to
20 drop us out from beneath our neighbors, who then maybe have
21 more valuable property because it's more scarce. It singles
22 us out. These people gladly paid seven thousand dollars
23 more for theirs -- the sewer thing, for example -- because
24 they felt like they had a commodity that was worth that
25 much more money. And there's no way you can get away from

1 that fact, I don't think. If you can think of a way, we'd
2 like to have that back.

3 MR. DODS: I'll reserve my answer on that! [Laughter.] Mr.
4 Mayor, may I ask Max a question?

5 MAYOR KLEINER: Certainly.

6 MR. DODS: How much total property in the tract is owned by
7 the Tarwaters now?

8 MR. VON ERDMANNSDORFF: It's in four equal parts, as I under-
9 stand it. They own a fourth -- and each couple owns a
10 fourth, of the people that I mentioned.

11 MR. MARVIN TARWATER: That's right. There's four sisters.

12 MR. VON ERDMANNSDORFF: Four sisters. And they're all stand-
13 ing united on this. They all would like to see you let
14 them hang on there for a while, although they're not, as I
15 say, being critical --

16 [Inaudible colloquy...]

17 MR. VON ERDMANNSDORFF: Well, as a practical matter, with the
18 Tartwaters owning 25 percent, if my other three clients were
19 here I'd still..[inaudible].. And frankly -- and I say
20 this in the kindest sense of the word: if we're going to
21 try to hold out on the basis that we think the paying of
22 the seven thousand dollars (constitutes a) vested interest
23 ...and that you can't lawfully take their zoning. But we'd
24 rather you'd work something out with us. We're not trying
25 to sound tough. As a matter of fact, we're trying to sound

1 fair. Because we fell that way ..., and I don't think any-
2 body would complain if we could show some real results.

3 MR. DAVIS: Mayor Kleiner?

4 MAYOR KLEINER: Mr. Davis?

5 MR. DAVIS: I'd like to confirm your idea of what "to wait a
6 little longer" means. I wouldn't mind seeing this deferred,
7 but if it was suggested by the Planning Commission we for-
8 get about it for two years: well, two years from now we've
9 got sixty percent of the Council changed, and the idea is
10 probably dead. This Council would like to see its zoning
11 -- some of the zoning mistakes of the past changed; and I
12 think taking a tract out of the middle of the woods on
13 Highway 1 and calling it M-1 was a mistake of the past.
14 Now, Maybe R-1 -- maybe R-1 could be a mistake. I'm recep-
15 tive to additional time if you feel like that you can find
16 something that's more acceptable. Of course, we are inter-
17 ested in ..(inaudible)..

18 MR. VON ERDMANNSDORFF: We'd sure like to talk to you about
19 it. I wonder if it's the thinking, on those other proper-
20 ties, that they were erroneously zoned also -- across the
21 street. And I'm sincere about it, that we're out in the
22 woods. We were ten years ago when the zoning gratuitously
23 came to us. In other words, we were M-1 in the woods. But
24 now it's just arrived; and just as we get there, we feel
25 like we're turned off, so to speak. And frankly, I don't

1 two years, in the big picture, is a very long time; because
2 it's in these two years, as this witness said in this prior
3 case, that a lot of things will be happening and determined
4 out there in that area. I think the next two years, with-
5 out construction strikes and so on, and with the coming of
6 definite plans for these highways, are going to do so much
7 more for that area, and for your knowledge of what's going
8 to happen there, that we'll get a chance to turn down some
9 good offers there. And whenever we're turning down some
10 good ones, why, we're presenting some better ones. I be-
11 lieve that. And I repeat my offer: that we'd certainly
12 like to talk to, or take any of you or all of you out there,
13 or any subcommittee that you might appoint, even if it's a
14 committee of one, or whatever -- to talk to the people in-
15 volved and to ask us questions. We'll prepare any kind of
16 brochure, including pictures. We've got a survey, and so
17 forth. For example, you might want to talk to these people
18 about changing the front of it to C-3 and the back of it to
19 some different category, or something like that. We'd cer-
20 tainly talk to anybody about anything that keeps us from
21 dropping all the way out of the spectrum and losing the full
22 benefit of the seven thousand dollars we've paid.

23 MAYOR KLEINER: Any questions?

24 MR. BUSSINGER: No.

25 MR. VON ERDMANNSDORFF: We'd like to see even a committee of one.

1 MAYOR KLEINER: We'll appoint Mr. Walker -- he's not here!

2 [Laughter.]

3 MAYOR KLEINER: We may be in contact with you, seriously, Max;
4 because this is something we do have to take a good look at.
5 And I can understand your people's problems. We want to
6 come to the right decisions.

7 MR. BUSSINGER: Mr. Mayor, I do have a question. I'm trying to
8 remember: what was it the Planning Committee's subcommittee's
9 recommendation -- what was their recommendation?

10 MR. VON ERDMANNSDORFF: If I recall -- well, wait a minute. I
11 think I have it in a transcript. This is a transcript of
12 the hearing. "Mr. Burke: The motion is still before the
13 Commission -- in fact, I believe it was January the 4th
14 Mr. Carter made the motion that the subcommittee unanimously
15 recommend that the Planning Commission recommend to the City
16 Council that these two tracts of land be left alone -- cur-
17 rently, that is, M-1." -- And then they read back the motion,
18 and I don't know where it is, in there. I won't try to
19 find it.

20 MR. BUSSINGER: It ran in my mind that they had to review this
21 ever so often. Maybe I could be wrong. But, like, every
22 six months.

23 MR. VON ERDMANNSDORFF: That would be fine. Now, that's not,
24 I don't think, in my transcript.

25 MR. BUSSINGER: And I could be wrong.

1 MR. AUSTIN: I read the minutes, a copy of which I don't have;
2 and I'm certain that in the minutes the figure is two years
3 -- as presented as the time when it would be reviewed.
4 MR. BUSSINGER: Reviewed after two years?
5 MR. AUSTIN: Yes.
6 MR. BUSSINGER: I can get the minutes. I just don't have them
7 before me.
8 MR. VON ERDMANNSDORFF: Even if it were reviewed -- like a
9 schedule of reviews, with more frequency than that, it would
10 be all right with us -- if they wanted to see what we were
11 doing. We wouldn't be keeping any secrets from them. But
12 to try to keep this alive, as Mr. Davis said, would neces-
13 sarily, I think...(inaudible)..., whereas I feel you could
14 keep a rein on it -- keep an eye on it, and so forth. I
15 didn't realize that in two years the Council would be so
16 much changed.
17 MR. DAVIS: Could be changed.
18 MR. VON ERDMANNSDORFF: Pardon?
19 MR. DAVIS: I said, could be changed. There's a possibility
20 some of us might want to try to stick around.
21 MR. VON ERDMANNSDORFF: All right. Well, we'll sure be happy
22 to talk with anybody that has any further questions about
23 it; and we can also pose some legal problems for you in the
24 event you decide to inquire as to whether or not you could
25 make it stick if you voted that way.

1 MR. JEZAK: Is that correct?

2 MR. VON ERDMANNSDORFF: Yes, Bennie, that's a very polite -- .

3 No; we're willing to submit there are some legal problems,

4 and I think you'd probably be interested. For example,

5 I'm sure from a humanitarian point of view, you'd be inter-

6 ested in the fact that we've overpaid and we can never get

7 it back. And that's payment for no value. I really think

8 that's an important point. It might prove not to be, but

9 at this juncture I'd say it was.

10 MR. BUSSINGER: Mr. Mayor?

11 MAYOR KLEINER: Mr. Bussinger?

12 MR. BUSSINGER: In view of what's been brought before us to-

13 night on this thing, and after considerable consideration,

14 I'd like to move that we postpone this matter and continue

15 it on our agenda for another thirty days, until we can

16 have a chance to discuss this with the parties involved a

17 little more. -- That's it.

18 MR. DAVIS: Does the motion apply to Items 6 and 7, both?

19 MR. BUSSINGER: Yes: to Items 6 and 7.

20 MR. DAVIS: By thirty days, are you suggesting we leave it off

21 the next two council agendas?

22 MR. BUSSINGER: Yes.

23 MR. DAVIS: I second the motion.

24 MAYOR KLEINER: That's fine with me. [Inaudible..(laughter)]

25 Any discussion?before we vote on this motion? -- Now, what

1 agenda, then, will that be on?

2 MR. DAVIS: The first one in April -- April 12th.

3 MAYOR KLEINER: April 12th agenda.

4 MR. DODS: Mr. Mayor, I think the proper motion would be that
5 the matter be docketed on the agenda of the specific date,
6 so that it is set so it will come up.

7 MR. BUSSINGER: I so move that way.

8 MR. DODS: But you have to name your date.

9 MR. BUSSINGER: To April 12th. Do we have to vote on that?

10 MAYOR KLEINER: Will you call the roll, please?

11 [Whereupon the following vote was taken on the fore-
12 going motion: BUSSINGER, Aye; JEZAK: I'll vote No,
13 because I believe we gave 60 days to it already, and
14 I cannot see any advantage of 30 more days. I be-
15 lieve we'll have two work sessions in the next two
16 weeks that we can talk very seriously about this, and
17 I believe that would be..(inaudible).. I'll vote no.
18 DAVIS, Aye; KLEINER: Well, not that I'm trying to get
19 out of anything or not be involved in this -- but I'll
20 vote Yes, because I think they are worthy of more con-
21 sideration. I think I was a party to suggesting --
22 and this isn't the only properties we're looking at
23 in the City, but I think they are entitled to some more
24 consideration, and hopefully (whatever is done) will be
25 done for the best interests of everyone involved. So

1 the motion carries three to one, and it will be on the
2 April 12th agenda.]
3 MR. KLEINER: Anyone else want to speak in opposition to this
4 item before go on to the next one?
5 MR. VON ERDMANNSDORFF: I don't think so.
6 [Whereupon the proceedings were continued off the record.]

Exhibit D
2-22-71

February 15, 1971

The Honorable Mayor and Council
City of Gladstone
7010 North Holmes
Gladstone, Missouri

Re: Skyline Apartment Developers, Inc.

Gentlemen:

This letter will serve as a firm commitment by Skyline Apartment Developers, Inc., if a building permit is issued by the City of Gladstone for construction of an apartment development on property owned by Skyline Apartment Developers, Inc. at 63rd Street and North Broadway in the City of Gladstone, to widen an additional 12 feet that part of North Broadway abutting Skyline Apartment Developers, Inc.'s property and to surface, curb and gutter the improvement in accordance with existing specifications of the City of Gladstone.

This letter may be attached to and considered a part of the plans.

Very truly yours,

SKYLINE APARTMENT DEVELOPERS, INC.

By *[Signature]*

Note:
Druck exterior and
63rd Street improvements
on current plan.
810

Feb. 18th, 1971

W.H.K. 2-22-71

Mr. Frank Kleiner, Mayor
7010 N. Holmes St.
Gladstone, Missouri

Dear Frank:

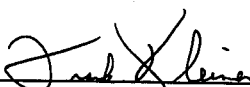

Due to the controversial zoning which is on the Agenda of the Gladstone City Council next Monday and since my property and my neighbor's property is in the immediate vicinity, I wish to request a six weeks leave of absence from the Gladstone Planning Commission, so that I may take an active part in opposing this zoning without fear of criticism.

Sincerely

James R. Pound

James R. Pound

cc James Burke
cc Dave Olson

2-22-71 MAYOR

COMBINED WATERWORKS AND SEWERAGE SYSTEM

17. OTHER
18. Adjournment

*Add: PROCLAMATION for Camp Fire Girls' Birthday Week

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

8 MARCH 71

The regular meeting of the Gladstone City Council was held on Monday, March 8, 1971, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. The meeting was called to Order by the Mayor, Mr. Frank Kleiner. Roll was called. Present: Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Ken Walker, Councilman Richard Davis. In addition, Mr. Olson, City Manager; Mr. Dods, Assistant City Counselor, and the City Clerk were present.

The Invocation was given by Mr. Wayne Smith, Pastor of the Linden Baptist Church.

Mr. James Dailey, Leader of Webelo, Pack #272, was present with twelve members of the Pack. They presented the Colors, and Mr. Dailey led the group in repeating the Pledge of Allegiance.

Item 4 on the Agenda: Mayor Kleiner advised that Officer Hall, who was to have received an Award of Valor, was ill and unable to be present. Mayor Kleiner said this item would appear on the Agenda for the next Council meeting.

Item 5 on the Agenda: Mr. Jezak moved for the acceptance of the Minutes of February 22, 1971. Mr. Bussinger seconded the motion. He called attention to a correction which should be made on page 17, the last paragraph, wherein his name is given instead of Mr. Davis' name. Correction noted. The motion was changed to "acceptance of the Minutes as corrected"...the vote: All "aye", with the exception of Mr. Walker, who passed the vote.

Item 5-a (Not listed on the Agenda)...Mayor Kleiner Proclaimed March 7 through March 14, 1971, as Girl Scout Week, in commemoration of their 59th anniversary, and, following this, Mayor Kleiner Proclaimed March 14 through March 20, 1971, as "Camp Fire Girls Sixty-First Birthday Week in Gladstone".

Item 6 on the Agenda: Public Hearing on a proposed amendment changing the language of Section 6, or Ordinance, No. 1.372, as it relates to Use Regulations for R-1 Districts. Mayor Kleiner opened the Hearing. The City Manager spoke in favor of the proposed amendment, explaining that, in the future, all City-owned property would be zoned in the most restrictive type of zoning. No one appeared to speak in opposition to such proposed amendment. Mayor Kleiner closed the Public Hearing.

* * *

Item 7 on the Agenda: Communications from the Audience. None at this time.

Item 8 on the Agenda: Communications from the City Council. Mr. Jezak welcomed City Councilman, Mr. Kenneth Walker, back to the Council, after an illness which kept him away from the last meeting.

Item 9 on the Agenda: Communications from the City Manager: Mr. Olson advised that there has been a good deal of vandalism in the parks during the past week; he also said there had been approximately 15 street signs damaged, actually cut-through poles, and he enlisted the help of the citizens of Gladstone to be the "watch-dogs", helping the City in this way. He explained that this seems to be a serious problem each spring; that there will be extra effort put forth to try to curtail some of this vandalism.

Item 10 on the Agenda: First reading of Bill No. 71-8, for an ordinance to rezone from R-1 to R-P-3, property described as being located on the east side of Broadway from North Englewood Road to approximately 58th Street North. Mayor Kleiner said he had received a letter from the attorney for the petitioners, (from Wm. Harrison Norton), stating that in regard to the request submitted by his clients, Mr. Scharhag and Dr. Langhus, he would like to request the Council to defer any action for the next seven or eight weeks because of some questions had come up regarding the type of construction, the square foot area, and other related matters which the citizens felt were important for them to know prior to their indicating opposition or acquiescence; Mayor Kleiner asked that Mr. Norton's letter be made a part of the file. Mr. Davis moved to defer the first reading of Bill No. 71-8 until the Council meeting of May 10, 1971. Mr. Bus-singer seconded. Mr. Davis said he would like to see answers to all the questions which had been raised; that he would also like to see a problem of drainage on this property answered to his satisfaction.

The vote: All voted "aye". The item will appear on the Agenda for May 10, 1971.

* * *

Item 11 on the agenda: Mr. Walker moved to place Bill No. 71-9, being for an ordinance to amend Ordinance No. 1,372, particularly Section 6 thereof, with reference to R-L District Use Regulations, on its first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

** R-1
(amended
2/2/71)*

* * *

Item 12 on the Agenda: Mr. Jezak moved to place Bill No. 71-10 on first reading; said Bill is for an ordinance pertaining to inspection, registration and licensing of bicycles in the City of Gladstone. Mr. Walker seconded the motion. The vote: All "aye". The Clerk read the Bill.

Mr. Paul Degenhardt addressed the Mayor, asking him if we could "back up to Item 7 - Communications from the Audience" as he wished to discuss the proposed bill which had its first reading, pertaining to bicycles. He commented that he felt the Bill is "ridiculous". Mayor Kleiner answered that some sort of help is badly needed to help find answers to all the stolen bicycles in the City. Mr. Degenhardt said "I believe you will be making law violators out of every one of our kids". (Mr. Degenhardt gave his address as 6906 North Wyandotte).

Mayor Kleiner said the Bill has only received one reading; that it will be studied before passage.

Mrs. Mary Motta, 5804 North Broadway, said she was glad to hear that the Council will study things over before passage; she said she wished everything that comes up before the Council "could receive a lot of study before it is acted on".

* * *

Item 13 on the Agenda: Mr. Davis moved to adopt Resolution No. R-71-21, authorizing the City Manager to accept the bid of Union Asphalts & Roadolls, Inc., for such purchases of asphalt and roadoil as are required from March 1, 1971, through March 1, 1972, at the following prices: MC Roadoil, .1150 per gallon, and RC Roadoil, .1175 per gallon. Mr. Jezak seconded. The vote: All "aye". Motion passed.

Item 13-a (not on the Agenda) Mr. Bussinger moved to adopt Resolution No. R-71-22, supporting Revenue Sharing for Missouri Municipalities. Mr. Jezak seconded. General discussion ensued. Mr. Davis said he didn't feel he could endorse unless he knew that there was a fair distribution formula; that if the sharing of revenues was based on a "fixed" population, say of 20 or 25,000 where in all probability, we might have reached 40,000...that, unless he knew that as a higher income community we could get a share based on our contributions as a City.. that, unless, as a "growth community", we would get a turn-back based on the latest information on the growth, rather than the data of some years previously..

Mr. Olson said he understood what Mr. Davis was saying; that he also understood that no formula had yet been established for the rebatement; that as members of the Missouri Municipal League, we are just basically going on record as approving "a tax sharing" plan..

Mr. Walker said he believed what Mr. Davis was saying was that he would rather have "x" percent of something, than "no" percent of nothing, which is what we have now...that we would like to have some plan..

After further discussion, Mr. Davis suggested the following amendment to the Resolution: "BE IT FURTHER RESOLVED THAT the Council of the City of Gladstone, Missouri, calls on the State of Missouri to establish and support an equitable distribution formula that considers the taxes produced in each, respective community, and that it consider the population growth between established Federal Census years."

The above was acceptable to the other Council members. Mayor Kleiner asked the City Counselor if there was a need to vote just on the amendment, separately, and then the adoption of the Resolution? Mr. Dods answered that he felt, on a resolution, it could be amended by common consent. The City Clerk called the Roll. All voted "aye". The motion on the acceptance of the adoption of the amended Resolution, No. R-71-22, carried.

Item 14 on the Agenda: Consideration of Building Plans for a T. G. & Y. Addition to be constructed in the Gladstone Plaza Shopping Center, to be located at the south end south of the present shoe store. The City Manager advised that because of an easement question, he would suggest that the Council defer this item. This was agreeable to the Council members, and the item was deferred.

Item 15 on the Agenda: Consideration of a request for a fireworks sales stand permit for Boy Scout Troop No. 247, said stand to be located at the NW corner of Englewood Road and North Oak Street.

After discussion, it was suggested that the Troop be contacted and a suggestion be made to make sure that there is no on-street-parking (on North Oak); that the troop make sure that other parking arrangements are made, and that the required insurance forms are received prior to the giving out of the permit. Mr. Jezak moved to grant the permit for a fireworks sales stand to Boy Scout Troop No. 247, to be located at the NW corner of Englewood Road and North Oak Street; that the fee be waived. Mr. Davis seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Davis moved to accept the Disbursement Report for Combined Waterworks and Sewerage System for the month of February, 1971, and the Disbursement Reports of General Funds, for February, 1971, as submitted. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 17 - OTHER -

Mr. Davis asked about the work session for Tuesday, March 9th. Mayor Kleiner said there would be one, and on the Agenda would be zoning, the fireworks ordinance, and discussion of the bicycle ordinance.

As there was nothing further to come before this meeting, it was, upon motion made and duly seconded, adjourned. Time: 8:50 P.M.

Respectfully submitted,

John J. Kleiner
City Clerk

Approved as submitted: John J. Kleiner

27. OTHER:
28. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

22 MARCH 71

The regular meeting of the Gladstone City Council was called to Order by the Mayor, Mr. Frank L. Kleiner, on Monday, March 22, 1971, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Kenny Walker, and Councilman Richard Davis, in addition to the Mayor. Also present were the City Manager, David H. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk.

Item 2. The Invocation was given by Reverend Elwyn Hays of the Englewood Baptist Church.

Item 3. The Minutes of March 8 were accepted as presented by motion made by Mr. Jezak, and seconded by Mr. Walker. Mr. Davis advised the Clerk that there was a typographical error on page 2, paragraph, Item 11, where, in the 3rd line thereof, R-L was typed instead of R-1, as intended. Correction noted. The vote: All "aye".

Item 4. An award of valor was presented to Officer Nelson Hall, through whose efforts a life was saved recently. Mayor Kleiner congratulated Officer Hall, and advised that he was well aware that the officer's job was not always an easy one; that such action as his was typical of the good service performed by our Public Safety Department in such cases. A hearty round of applause followed the presentation.

Item 5. Mayor Kleiner proclaimed Sunday, March 21, 1971 through Saturday, March 27, 1971, as GLADSTONE CIVIL DEFENSE WEEK.

Item 6. Communications from the Audience. Mr. Frank Scully, 503 E. 67th Street, North, advised that he was speaking in two areas, one as the President of the Bolling Heights Home Owners Association, and second, as a resident of the City. He advised that the Telephone Company was planning to place some cable underground, and that as far as his maps show, the plans were to place the cable in the wrong yard. He suggested that the City either reconcile its maps, or ask that the matter be corrected before it is too late. He understood that the cable was to be laid today (March 23rd) and asked the City Manager to see what could be done to correct the Telephone Company's plans; he said the maps he had showed the lot to be just 1 lot removed instead of next door, they planned to lay it across the street, when it was actually supposed to "jog" down one lot. He said he knew they were planning to start digging early the morning of the 23rd, and he would like to have it squared away prior to that. Mr. Kleiner suggested that the City Manager check into the matter; that if there were an error, they will have to cease activity until this is done.

Mr. Lynn Allen, 302 West 50th Street, addressed the Council on several matters. Mayor Kleiner cautioned Mr. Allen that "the Council is not prepared for any political speech"...Mr. Allen said he wanted to talk about the proposed bicycle ordinance and asked if there were to be a provision for taking care of small children in the ordinance. He also questioned the reason for 3 City employees erecting one stop sign...he said there was a high-loader and a city truck with three men putting up a stop sign which blew down the next day. He declined to say where this had occurred, nor on what day.

Mr. Allen said it was "not nice to go out to a restaurant to eat dinner and to find all the police eating in the same restaurant at the same time", that he "didn't know how the City is as lucky as it is not to have more crime when the entire force seems to be away from duty at the same time". He declined to give the date nor the name of the restaurant referred to above.

Councilman Davis said that he would like to check these matters out but it was difficult to do when they do not know the date, the time, the name of the restaurant, and he asked again where the stop sign which had blown down had been located. Mr. Allen suggested the Council drive around the City and check these matters out.

Mr. Leroy Nickerson, 6111 North Tracy, inquired about the school walk-way to the Oakwood Manor School...he said he believed the wood platform there (the walk-way is from the end of Cowden Drive) is rotting and in bad condition and could prove to be dangerous to small children. He said his interest lay in the fact that he had two school-age children who used or had used the walk-way. He said, further, that there was a manhole with a very thin, iron cover which he could flip over with his foot and he felt this could be dangerous to a child.

In answer to a question posed by Mr. Bussinger, the City Manager said there were plans to place sidewalks along Cowden Drive, and plans were to rebuild in there, but this necessitated the use of some heavy equipment which had not been able to get into the area until very recently, as it had not been dry enough. Mr. Bussinger suggested Mr. Olson check this out.

Mr. Bill Roberts, 103 N. E. 77th Street, asked how the City planned to enforce a bicycle ordinance; he said he didn't see how the proposed bicycle law would be any benefit to the City, when the City cannot enforce mini-bikes being kept off the streets.

Mr. Stan Holmes, 1800 E. 76th Street, asked the City Council to check into making every possible effort to turn water on for new residents on holidays, and also stated that he didn't think it was fair for the Water Department to refuse to turn water on a new accounts after 4:00 P.M. or to charge the additional charge of \$15 for after hours.

Mr. Kleiner asked if the \$15 charge was correct. The City Manager said not on a new connection; that normally, the employees get all connection work done during the working day; that he would like to look into this matter, and would like to know the location, the day, etc. Mayor Kleiner asked him to check it out.

Mr. Holmes said he agreed that a bicycle ordinance was needed, but that he believed the proposed one was "beyond the scope of the Council"...that there had been bicycle checks handled before, where "some of them" would go in on Saturday mornings, from 8:00 A.M. to 1:00 P.M., check over the bikes, ask the owners to go through some gyrations on the bikes and issue a license of sorts; that in this way, the youngsters would get a test of their abilities on their bikes.

Mr. Henry Hilger, 2303 NE 61st Terrace, requested time to talk to the Council about his water bill. He said he had talked to the City Manager earlier and had been told by him that Mr. Olson expected to present the problem to the Council tonight; that he didn't know if he would or not. Mr. Olson indicated

that it was his intention to do so.

Mr. Keith Klass, appearing for the Western Auto Store remodeling plans, was present tonight; the City Manager said that the plans for interior changes for the store were here for the Council's consideration tonight, and had been cleared with the City Engineer.

Mr. Stan Holmes again addressed the Council, saying that he wanted to go on record that, although he doesn't deny that the Police are doing their jobs, he believes it would be more to the City's advantage if they were seen more, and not "hiding out trying to catch speeders". He said he felt they would be serving the citizens of the City better if they were seen on patrol and would be more of a deterrent to crime than just setting up speed traps.

Item 7. Communications from the City Council. Mr. Kleiner advised there would be an additional resolution added to the Agenda for action tonight, as 23-a, which concerned Contract No. 9 for the Public Works Building.

Mayor Kleiner read aloud a letter he had received from the students from Rooms 13 and 14, Science Classes, from Meadowbrook School, concerning their plans for April 22nd, 1971, at which time they wanted to clean up Oak Street, from Englewood Road to 74th Street, and, if time allowed, Prospect, from 65th to 72nd Street. (The letter is attached hereto as Exhibit A¹¹). Mr. Kleiner also read a letter written by grateful parents of a 16-month old child who had been having a severe breathing problem, and who had been furnished an escort to a local hospital where relief was obtained for the child. The letter said, in essence, that because these people were new in our City, and unfamiliar with our emergency aid, they had decided to take the sick child to the hospital themselves, asking only for an escort to get them there in a hurry; that this was done, quickly and efficiently, and, following their receiving our help, they would, in the future, not hesitate to call upon the Gladstone Public Safety Department for problems of this nature. (See the attached letter, Exhibit B). The persons writing the letter in gratitude were Mr. and Mrs. Stanley Chenowith.

Mayor Kleiner suggested the addition of 24-c for additional Fireworks Sales Permit applications and 27-a, for Carnival Permit request.

Item 8. The City Manager asked the Council to add the building modification plans submitted by Western Auto to the Agenda.

* * *

Item 9. Mr. Davis moved to accept the first reading of Bill No. 71-9, and to call for a second reading. Mr. Walker seconded the motion. The vote: All "aye". The Clerk read Bill No. 71-9, which amends Ord. No. 1.372, relating to zoning and particularly Section 6, thereof, District R-1, Single Family Dwelling District Use Regulations.

Mr. Davis moved to accept the second reading of Bill No. 71-9, and to place it on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 71-9, and to enact it as Ordinance No. 1.787. Mr. Walker seconded. The vote: All "aye".

Item 10. Mr. Jezak moved to accept the first reading of Bill No. 71-10, and to place it on second reading. Mr. Davis seconded. Mr. Jezak explained the reason behind the drawing up of a Bill to become an ordinance providing for the inspection, registration and licensing of bicycles in the City, prohibiting and requiring the reporting of certain sales, and the purchases, and providing a penalty for the violation thereof. He explained that they had been given some figures on the number of stolen bicycles, and had been made aware of a number of accidents involving bicycles. He said it was true that many children do not know how to ride bicycles, nor have any awareness of the safety features of handling bicycles in traffic; that they lack lights, lack reflectors, etc.. He said there was no adequate ordinance governing bicycles, and it was obvious that the City needed such an ordinance. He said a poll had been conducted at random; the results of which indicated that many citizens were in agreement that such an ordinance was needed.

Mr. Jezak read a letter sent to the Council from Mrs. Howard Cummins, 5806 North Woodland, speaking as a member of the Kansas City Bicycle Club, and also as a citizen of Gladstone. She was in favor of an education program for bicycle riders, but realizes that riders and Law Enforcement officials must be made aware of the laws concerning both bicycles and their riders and that such laws must be obeyed. (See letter attached hereto as Exhibit "C".)

Mr. Jezak went on to say that there were several sections in this proposed ordinance which were very bad; that he didn't think it was as good as they had hoped, and is not the one that they wanted, and he wanted to recommend to his fellow councilmen that they vote "No" on the second reading; that he would come forth with a different one in the very near future.

Mayor Kleiner said the reason for its first reading was to get it out and on the floor for discussion.

Mr. Bussinger said he agreed with Mr. Jezak's views. He also said he didn't know if the City had an ordinance to prohibit mini-bikes; that the City was not trying to keep children from having bicycles, but to protect them; that the ordinance would only be a measure for the protection of children, and for decreasing the number of stolen bicycles. He directed a question on a mini-bike control ordinance to the City Manager, asking if there was one. The City Manager answered that the State law prohibits mini-bikes on travelled streets; that the City did not have one as such.

Mayor Kleiner said that he believed they have to have a state license and also have a driver's license and that most of them do not comply with these regulations.

Mr. W. E. Mitchell, 504 E. 67th Street, North, said he had given his son a mini-bike but that the City lacked some designated place in the City where those who had them could ride them, and he suggested that such a place be designated.

Mayor Kleiner said the City would check into this matter. The vote was called on the second reading of Bill No. 71-10. All voted "nay", and the Bill was thus "killed". The tally: 5-0 for disapproval.

Item 11. Mr. Bussinger called for the first reading of Bill No. 71-11, for an ordinance for the acceptance of a Quit Claim Deed from the North Kansas City School District for certain land for public use as part of the Gladstone Street System. Mr. Davis seconded. Mr. Olson said this was a north-south street, and explained the location. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 71-11, and to place same on second reading. Mr. Davis seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 71-11, to waive Section 20 (d)(2) of Ord. 1.83 and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1.788. Mr. Davis seconded. The vote: All "aye".

* * *

Item 12. Mr. Walker moved to place Bill No. 71-12, for an ordinance to accept a Quit Claim Deed from the Curry Investment Company, on its first reading. Mr. Davis seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 71-12, and to place same on second reading. The second was Mr. Davis'. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 71-12 and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill No. 71-12 on third and final reading. The second was Mr. Davis'. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 71-12, and to enact same as Ord. No. 1.789. Mr. Davis seconded. The vote: All "aye".

* * *

Item 13. Mr. Jezak moved to place Bill No. 71-13, for an ordinance to accept a certain amended sewer easement from Alan A. Wolff and Edith L. Wolff, and amending the terms of an easement over the same land previously granted to the City of Gladstone, on its first reading. Mr. Bussinger seconded. The City Manager explained the reason for the amended easement action, saying that the City has asked for the amendment with some safety clauses plugged in, such as holding the City harmless; that the change will permit them to relocate the main sewer line. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 71-13 and to place same on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 71-13, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. The vote: All "aye". The Clerk read the Bill a third time.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-13 and to

enact said Bill No. 71-13 as Ordinance No. 1.790. Mr. Bussinger seconded. Mr. Bussinger commented for the audience, that in any sewer easement agreement, whether it is for repairs, or reconstruction, or removal of the sewer, the City is well covered.

Mr. Stanley Holmes asked if this would change any of the basic layout of the original plans for Gladstone Plaza, or is it just a relocation of the sewer line. The answer was in the negative.

The vote: All voted "aye".

Item 14. Mr. Davis asked the City Manager if the drainage matters had been checked out on the Second Plat of Williamsburg and found to be satisfactory. The answer was in the affirmative. It was noted that the Planning Commission had found the Second Plat of Williamsburg to be in order, and had recommended its acceptance.

Item 15. Mr. Davis moved to place Bill No. 71-14, for an ordinance approving the Final Plat of the Second Plat of Williamsburg on first reading. Mr. Walker seconded. Mr. Davis amended his motion to include the wording "and to proceed on the basis that curbs, guttering and sidewalks be included all in accordance with City specifications. Mr. Walker repeated his "second" to the amended motion. The vote: All voted "aye". The Clerk read the Bill.

Mr. Davis moved to accept the first reading of Bill No. 71-14, and to place it on second reading. Mr. Walker seconded. The vote: All voted "aye". The Clerk *read the Bill.

Item 16.

Mr. Bussinger moved to place Bill No. 71-15, for an ordinance apportioning main sewer assessments for Williamsburg, Second Plat, on first reading. Mr. Davis seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 71-15, and to place same on second reading. Mr. Davis seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 71-15, to waive Section 20 (d) (2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Davis seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of Bill No. 71-15, and to enact said Bill as Ordinance No. 1.791. Mr. Davis seconded. The vote: All voted "aye".

*Mr. Davis moved to accept the second reading of Bill No. 71-14, and to waive Section 20 (d) (2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. Mayor Kleiner explained for the benefit of the audience that it is customary to complete the apportionment ordinance prior to enacting a Final Plat ordinance on the same land. The vote: All voted "aye". The Clerk read the Bill.

Mr. Davis then moved to accept the third and final reading of Bill No. 71-14 and to enact same as Ordinance No. 1.792. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 17. Mr. Walker moved for the first reading of Bill No. 71-16, to accept a Dedication Deed for certain land in Bolling Heights from Clyde Starr; Mr. Jezak seconded. The City Manager explained that Mr. Starr wished to convey this Deed to the City prior to the beginning of his construction. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 71-16, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of said Bill, and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill No. 71-16 on third and final reading. Mr. Jezak seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 71-16 and to enact same as Ordinance No. 1.793. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 18. Mr. Jezak moved to place Bill No. 71-17, accepting a standard drainage easement on certain land in Bolling Heights (from Mr. Clyde Starr), on its first reading. Mr. Bussinger seconded. The City Manager explained that this was necessary because the grading has altered the drainage in that area. The vote: All voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of said Bill, and to place it on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 71-17, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Bussinger seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-17, and to enact same as Ordinance No. 1.794. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 18-a (Added)....Mr. Bussinger moved to place Bill No. 71-18 on first reading. Said Bill provides and declares that no Primary Election is required or shall be held in connection with the forthcoming City Councilmanic Election. Mr. Jezak seconded. Mr. Bussinger asked the Assistant City Counselor if the City is regulated by law on this requirement. Mr. Dods answered in the affirmative. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 71-18 and to place said Bill on its second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of said Bill, and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of Bill No. 71-18 and to enact it as Ordinance No. 1.795. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 19. Mr. Davis moved to adopt Resolution No. R-71-23, accepting work performed and authorizing final payment on Public Works Building Contract No. 5, for water line installation, to Hevelow-Shanks Construction Company, in the total amount of \$940. Mr. Walker seconded. The vote: All "aye".

* * *

Item 20. Mr. Jezak moved for the adoption of Resolution No. R-71-24, authorizing expenditure of Englewood North Park Funds in the amount of \$196.35 for the purchase of tables and ovens for said Park. (located at approx. 59th and Park Place). Mr. Davis seconded. It was explained for the benefit of the audience that these funds were donated by the Englewood North Home Owners several years ago, and the City had waited to spend the funds until they were sure what items might be needed in the Park. Mayor Kleiner said the Park needs to be named officially. Mr. Jezak said this was being considered, and that the Park Board was in complete compliance with the expenditure of the aforementioned funds. The vote: All "aye".

* * *

Item 21. Mr. Walker moved for the adoption of Resolution No. R-71-25, authorizing the City Manager to execute Contract No. 116 for water main construction in Cedar Glen Addition as follows: 875' of 6" C.I.P. and 240' of 2" C.I.P. in East 74th Street, west of (from) North Troost, together with 3 hydrants and other related appurtenances. (Said contract is with T. J. Sullivan, Owner, and Max Gibson, of Gibson Enterprises, Contractor.) Mr. Jezak seconded. The vote: All "aye".

* * *

Item 22. Mr. Bussinger moved for the adoption of Resolution No. R-71-26, authorizing the extension of the Special Use Permit for the Hamilton Heights Country Club, per the written request of Mr. Lester L. Rector, President of the Hamilton Heights Country Club, for a period of three years, the expiration date of which shall be March 9, 1974. Mr. Walker seconded. Mr. Davis said he felt this should be allowed for only a one year extension. Mr. Jezak commented that he agreed; that he was positive their intentions, as expressed in their letter, were very good, but he would like to review it in a year's time.

Mr. Bussinger said he believe the people in Hamilton Heights have shown good faith but just have not had time to complete the project - they have stated they will. He said he believed the Council could consider this permit, and if all is not in order, then the Council would have a right to take some further action. He recalled to the Council that not too long ago, permits for 3 swimming pools had been renewed for a similar length of time.

Mayor Kleiner said he agreed with Mr. Bussinger; that he believed the letter to be a firm commitment; that if they did not comply in the required length of time, the Council can take action.

Mr. Walker said he believed that the Council should go ahead on this.

The vote was taken: The tally was as follows: Councilman Bussinger, "aye"; Councilman Jezak, "nay"; Councilman Walker, "aye"; Councilman Davis, "nay"; Mayor Kleiner, "aye". The motion carried 3-2.

* * *

Item 23. Scheduled as a resolution authorizing acceptance of a bid for petroleum purchases. The City Manager asked the Council if they would consider deferring action on this matter this evening, until he had had a chance to check a little further. This was agreeable to the Council. The item was deferred.

* * *

Item 24. Consideration of applications for Fireworks Sales Permits from the following: (a) Mother's Club, Boy Scout Troop No. 272, to be located at Ball's White Front Grocery, 76th and North Oak; (b) Gamma Xi Chapter of Beta Sigma Phi Sorority, 65th and North Oak; and an added (c), Gladstone JayCees, to be located near Henry's Restaurant, at the north end of the parking lot. Mr. Walker moved the Council grant permits to the three aforementioned groups, at the specified locations, and to waive the fees in connection therewith. Mr. Davis seconded. The vote was as follows: Mr. Bussinger, Pass, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mayor Kleiner, aye. The motion carried. 4-1.

* * *

Please note: Item 23-a was a Resolution authorizing the extension of time for completion of public works building Contract No. 9, with Wood Heating and Cooling, Inc., until April 30, 1971. This was an added item. Mr. Jezak moved for the adoption of Resolution No. R-71-27, authorizing such extension of time. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 25 was Consideration of plans submitted by Mr. Ray Byers for the construction of the T.G. & Y Family Center in the Gladstone Plaza Shopping Center. After due consideration and general discussion, Mr. Walker moved the Council approve the plans as submitted for the T.G. & Y. construction at said location. Mr. Bussinger seconded. (Plans dated February, 1971). The vote: All "aye".

Item 25-a (Added Item)...Mr. Davis moved to approve the building plans submitted for interior construction for the Western Auto Store, at the Gladstone Plaza Shopping Center, subject to the approval of the City Engineer. Mr. Jezak seconded. The vote: All voted "aye".

* * *

Item 26. Mr. Davis moved to accept the Combined Waterworks & Sewerage System Financial Report for the 8 months ending February 28, 1971, as submitted. Mr. Bussinger seconded. The vote: All voted "aye".

* * *

Item 27- "OTHER"...Consideration of an application submitted by the Gladstone Jaycees for a Carnival Permit to have Hales Shows of Tomorrow from April 9, 1971, through April 17, 1971, to be located at the Gladstone Plaza Shopping Center on the vacant land in the SE portion of said Center.

Mr. Bussinger moved to grant a permit to the Gladstone Jaycees to sponsor a carnival from April 9 through April 17, and to waive any fees in connection therewith. Mr. Jezak seconded.

Mr. Lynn Allen addressed the Council saying that Mr. Alan Wolff, the Owner of this property, had said there would be no carnival allowed on that space this year.

Mr. Kleiner suggested that action be deferred until this has been checked out with Mr. Wolff and with the Jaycees. He suggested that a Special Council meeting could be called if the other Council members agreed, and if the matter could not be settled at this time.

It was noted that the new T.G. & Y. construction was scheduled to begin within the next two weeks.

Mr. Ed Kerr, 1401 E. 77th Street, a representative of the Gladstone Jaycees said this had apparently been cleared with Mr. Wolff, as permission had been received from him, as far as he knew.

Mr. Stanley Holmes reminded the Council of their Ordinance 1.753 which stipulates that no political organizations shall participate in this sort of activity.

Mr. Davis said he was personally satisfied that the Jaycees are not a political venture, and he believed the Council should grant a provisional permit, based on the receipt of information from Mr. Wolff.

Mr. Bussinger said he would re-state his motion, with the permission of the "second". Mr. Jezak agreed. The motion was as follows: I move that we grant a Permit to the Gladstone Jaycees to sponsor Hales Shows of Tomorrow at the Gladstone Plaza, providing there are no construction problems and providing that the Council has assurance from the Owner to this end." Mr. Jezak seconded. The vote: All "aye".

* * *

Mr. Davis asked the City Manager to check with the J. A. Peterson Company on a

storm drainage problem which has been existent in the Meadowbrook Shopping Center area for some time, and about which a letter was written on April 29, 1970, and which has not, to his knowledge, received any action.

Mr. Davis said he had suggested or had received a recommendation from the Public Safety Board on February 18, 1971, with reference to preparing an ordinance to govern auctions. He asked what progress had been made on this.

The City Manager said he had been looking into the possibility of drafting such an ordinance; that he had alerted auctioneers or would-be auctioneers as to their giving dates, times, places, locations, etc.

Mayor Kleiner asked the City Manager to contact Mr. J. A. Peterson on the drainage problem which Mr. Davis had mentioned.

Mr. Walker suggested that the City may be losing electric permit fees because the Kansas City Power and Light Company is hooking up services without referring them to the City Inspector. He suggested that this be looked into carefully, and suggested that the City "watch" when the new occupants go into the former Minnie Pearl location.

Mayor Kleiner mentioned that the deadline for purchase of City stickers is near, and asked the press to announce this and to convey the message that the City would appreciate City sticker purchases.

It was mentioned that there would be a hearing on the 30th at the City Hall on the Pizza Inn matter, at 7:30 P.M..

* * *

At this time, Mr. Hilger reviewed his water bill problem for the City Council, explaining his usage per day, reporting what the "Chart-A-Meter" (spelling) had shown. Mr. Olson said the special meter had indicated that Mr. Hilger's consumption had returned to normal, although the amount of his bill indicated otherwise. The bill amounted to \$67.00 for a period of about 60 days, for a usage of (reportedly) approximately 55,000 gallons.

Mayor Kleiner asked if it was possible for the meter to mal-function, and then return to normal. The City Manager was asked to check into the matter further.

Mr. Bussinger said that as a former resident of Omaha, as is Mr. Hilger, he was a bit shocked when he got his first water bill, but the fact that Gladstone has such excellent water makes it worth while.

As there was nothing further to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:52 P.M.

Respectfully submitted,

City Clerk

Meadowbrook School
6701 North Michigan
Gladstone, Missouri

Mayor Frank L. Kleiner
City Hall
Gladstone, Missouri

Dear Sir:

Our classes want to take this time to let you know that we appreciate our city of Gladstone.

This year we have been discussing the conservation and pollution topics quite a bit. We've decided that it takes a lot more than talk to see our ideas carried out.

Already we are collecting all the cans we find at home and on our way to and from school. American Can Company is recycling the cans and using the money for environmental control. This is saving our metal resources and helping ease trash problem.

On April 22, 1970 from 9:30 to 11:45 A.M. we are planning to show you that we care about Gladstone by cleaning up Oak Street from Englewood Road to 74th Street. If time allows, we would like to clean up Prospect from 65th to 72nd Street.

Our city manager, Mr. Olson, said he would provide police protection although we're sure the traffic will not be disturbed. We want them to notice our work but not us. Mr. Olson told our teacher that he would get rid of the plastic sacks of trash that we collect. That was very nice of him.

April 22 will be an anniversary of Earth Day, but we are for CONSERVATION and against POLLUTION every day.

Your friends,
Room 13 and Room 14 Science Classes

Exhibit "B"

March 11, 1971

Mr. Robert Harris
Public Safety Director
City Hall
Gladstone, Missouri 64118

Dear Mr. Harris:

On the evening of March 5, our family had an apparent emergency, which prompted us to call the Gladstone Police for assistance. The situation involved a breathing difficulty on the part of our 16-month-old son.

Being new to Gladstone, we were not familiar with the quality of its emergency services. Consequently, I was adamant in personally driving our baby to the hospital, and asked only to receive an emergency escort.

Rather than argue and cause further delay, the officers on the scene granted the escort. The conduct of the officers was, at all times, commendable. Assistance arrived quickly, and the escort was at safe speeds but without delay.

If a future emergency occurs, I will accept the assistance of your people without reservation because I will know them to be competent and well-equipped.

I hope you and the officers involved will accept the gratitude of our family. It would be my great pleasure to meet you personally to learn more about the workings of our city, and the Public Safety Department in particular.

Kindest regards,

Stanley A. Chynoweth

cc: Frank Kleimer, Mayor

March 19, 1971

Frank Kleiner, Mayor
City of Gladstone

Dear Sir:

In regard to the proposed bicycle ordinance for the city of Gladstone; I would like to speak as a member of the Kansas City Bicycle Club and also as a citizen of Gladstone.

Basically this ordinance has a fine principle, and that is for the parents to assume the responsibility of teaching their children respect for the bicycle as a piece of sports equipment or a means of transportation, and not to view it as just another toy.

I feel the bicycle is a fine piece of sports equipment when used for competitive racing under properly supervised conditions. It is also a great and healthful means of transportation for both children and adults when everyone, both rider and Law Enforcement officials are aware of the laws concerning bicycles and see that these laws are obeyed.

An education program is what is needed, in my opinion, and not the rather exorbitant fines proposed. The licensing and inspection would be a part of the education and publicity program.

Ideally, a portion of certain streets would be designated as a bikeway to benefit the bicyclist and give them a safer route to certain parks, shopping centers, etc.

Some "forward thinking" towns and cities have already taken steps in this direction since the boom in bicycles. How about making Gladstone an example of this kind of thinking in this area?

Sincerely yours,

Howard Cummins
(Mrs. Howard Cummins)

SPECIAL CITY COUNCIL HEARING
GLADSTONE, MISSOURI
30 MARCH 71

A Special Hearing by the Gladstone City Council was called by Mayor Frank L. Kleiner for March 30, 1971, at 7:30 P.M., in the Council Chambers of the Gladstone City Hall. The reason for the Hearing was an investigation of a recent disturbance at the Pizza Inn, located at 6813 North Oak Street.

Mayor Kleiner asked that the Roll be called. Those present were Councilman Bussinger, Councilman Jezak, Councilman Walker, Councilman Davis, the City Manager, Mr. Olson, and the Assistant City Counselor, Mr. Dods.

Public Safety Officers who were present were Officer Hogue and Officer Zinn. The owners of the Pizza Inn, Mr. Roberts and Mr. Averett, as well as the Manager of the Pizza Inn, Mr. Jack Dahlgren, were also present.

Mayor Kleiner stated that the Hearing was to determine whether or not the owners of the Pizza Inn had, at all times, kept an orderly place of business in accordance with Ordinance No. 1.529. He then asked Mr. Dods to inform the Council and audience of the specific incident which occurred on Sunday morning, February 14, 1971, which resulted in the City's Hearing. Mr. Dods reported as follows:

On February 13, 1971, at 0031 hours, Gladstone Public Safety Officers were dispatched to the Pizza Inn, at 6813 North Oak Street, for a reported fight in progress. Officers arrived to find a Mr. Carl R. Gorman and a Mr. Bobby B. Barnett, injured and bleeding. There were fifteen or twenty other individuals in the establishment at the time, and it was in a general state of disorder, i.e. blood and broken glass about the floor, and chairs and tables scattered about. The Officers questioned other people in the establishment. Each individual questioned had no information to offer except that two male adults came into the establishment and beat up two customers. Mr. Gorman stated that he and a friend had been assaulted by three white males and he described them.

A female witness to the incident later identified the assailants as John Lawhon and Woody Lawhon. Both subjects fit the description given by Mr. Gorman and Mr. Barnett and both subjects have records with both the Gladstone Police Department and the Kansas City Police Department.

Mr. Gorman and Mr. Barnett were transported to the North Kansas City Memorial Hospital for treatment. They returned to the Gladstone Public Safety Department and both signed complaints against the Lawhon brothers.

Both John Lawhon and Woody Lawhon were charged with Common Assault and Battery, and appeared in Gladstone Municipal Court. (A Police Report and Follow-Up on the incident are attached to these notes as part of the Record, and are marked Exhibit A.)

Officers Hogue and Zinn reviewed their activities in handling the call.

A period of questions posed by the Council, and general discussion ensued following the presentation of Mr. Dods' Brief.

SPECIAL CITY COUNCIL HEARING
continued

Page two

Councilman Bussinger pointed out that he had appeared at the scene of the trouble soon after the incident occurred, and was shocked to see the type of individuals who were frequenting the establishment. He stated that the Pizza Inn had been getting a worsening reputation as a "hang-out", and asked why something to correct the situation had not been done before this time.

Councilman Davis informed the owners that it was the Proprietor's responsibility to see that an orderly place of business was kept, and not the City's function, and that immediate steps must be taken to prevent a recurrence of similar incidents.

Councilman Jezak pointed out that, since the business has opened, the Public Safety Department has responded to calls on 26 different occasions.

Mr. Roberts informed the Council that Mr. Phil Hicke, the Manager on duty on February 13, 1971, had been dismissed, and that a new Manager has recently been hired, and there had been no problem since that time. Mr. Roberts further stated that he and Mr. Averett would do everything they could to prevent this from happening again.

At this time, (8:30 P.M.) Mayor Kleiner called a recess for Council deliberation.

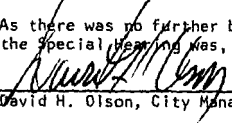

The meeting was reconvened at 8:40 P.M. Mayor Kleiner called the meeting to Order.

Councilman Walker moved as follows: "I move that the Pizza Inn, as the holder of a Class "E" Liquor License, be formally reprimanded for permitting disorderly conduct and known trouble makers to frequent their premises, and that a copy of this motion be made a part of their License file."

Councilman Bussinger seconded the motion. The vote was taken. All voted "aye". Motion carried.

Mayor Kleiner reassured Mr. Averett and Mr. Roberts that the City would be closely watching the Pizza Inn for positive changes, and prior to consideration of the renewal of next year's Class "E" License, the file would be reviewed very carefully.

As there was no further business to come before the Council at this time, the Special Hearing was, therefor, adjourned at 9:10 P.M.

David H. Olson, City Manager

MEMORANDUM

TO City Council
FROM City Manager
DATE February 16, 1971
SUBJECT Pizza Inn - North Oak

The following is a list of incidents which occurred at the Pizza Inn, 6813 North Oak on dates as indicated.

1. 6/18/67 12:51am Reports having trouble with subjects and requests officers. Subjects left area on request.

CLAY COUNTY HEALTH REPORTS

PIZZA INN

1. 3/31/67 10 demerits from Clay County Health Department
2. 6/5/67 10 demerits from Clay County Health Department
3. 10/18/67 6 demerits from Clay County Health Department

MEMORANDUM

TO City Council
FROM City Manager
DATE February 16, 1971

Attached is a copy of a report on the disturbance at Pizza Inn occurring at 12:30 A.M., Sunday Morning (2/14/71). Also attached for Council information is a listing of calls/problems that have taken place at this establishment in the past number of years and a copy of a letter sent with a liquor license renewal.

As the Council is aware, Ordinance No. 1.529, Section 8-10 entitled LICENSES - REVOCATION AND SUSPENSION, provides that "whenever it is shown to the City Council that a person licensed under this ordinance has not at all times kept an orderly place or house, or that he or any employee has violated any of the provisions of this ordinance or of the Liquor Control or other laws of this State, or has failed to procure the proper licenses from the State Supervisor of Liquor Control or has made a false affidavit in his application for a license or any renewal thereof, the City Council, after hearing thereon, may revoke, or suspend for a period of not to exceed 60 days, the license of such person; provided, that such person shall be given ten (10) days written notice thereof, prior to the time fixed for the hearing, which notice shall specify the time, place, purpose, and grounds for such hearing, so that such person may have an opportunity to have Counsel and produce witnesses in his behalf."

Section C. of this ordinance also points out that "whenever any license shall be revoked under the terms and provisions of this ordinance, the licensee shall not be eligible for any license of any classification under the terms and provisions of this ordinance".

It is recommended that a hearing for the Pizza Inn be scheduled in accordance with Section 8-10 of the liquor ordinance.

DHO:m

Colonel Robert A. Harris
Public Safety Department

March 29, 1971

Mr. Jack Henry Dahlgren
Route 21
Kansas City, Missouri

Dear Mr. Dahlgren:

Re: License to dispense alcoholic beverages

In processing your application for a license to dispense alcoholic beverages at the Pizza Inn, 6813 North Oak, we find that you do not meet the requirements prescribed by the Liquor Control Ordinance, City of Gladstone, Missouri and the Liquor Control Statute, State of Missouri.

In view of this you are hereby advised that a license to dispense liquor will not be issued. If you have any questions concerning this matter, please contact me.

Respectfully yours,
R. A. Harris

CARL GORMAN STATED THAT THEY HAD BEEN ASSAULTED BY THREE WHITE MALES AND DESCRIBED THEM AS FOLLOWS: #1 WHITE MALE ABOUT 5'7" TALL, SLENDER BUILD, BROWN HAIR, WITH A PROMINENT SCAR ON THE LEFT SIDE OF THE MOUTH AND UPPER LIP - RESSEMBLING A BUSTER ON THE UPPER LIP. #2 - WHITE MALE ABOUT 5'8" TALL, SLENDER BUILD, BROWN HAIR, WEARING A BLACK SHIRT. #3 - WHITE MALE, ABOUT 5'11" TALL HEAVY BUILD WEARING A WHITE JACKET. MR. GORMAN STATED THAT HE WAS IN THE RESTROOM WASHING HIS HANDS WHEN #1 SUSPECT WALKED INTO THE RESTROOM AND SAID "ARE YOU LOOKING FOR SOME SHIT?" TO WHICH HE ANSWERED "WHAT DO YOU MEAN?" AT THAT MOMENT #2 WALKED IN AND #1 SAID "THIS GUY IS LOOKING FOR TROUBLE." #1 + #2 STARTED SWINGING. GORMAN RESTAINED BOTH OF THEM AND SHOOK THEM AGAINST THE WALL. #2 SAID: "WE'RE GOING TO SHOOT YOU BUDDY." GORMAN THEN LEFT THE REST ROOM AND WAS FOLLOWED OUT BY #1 + #2 WHO CALLED #3 WHO WAS ALREADY INVOLVED IN A FIGHT THAT WAS IN PROGRESS IN THE RESTAURANT. #3 WALKED OVER AND HIT GORMAN. HE TURNED IN TIME TO SEE ONE OF THE FIRST TWO SWING A CHAIR AT HIM WHICH HE PARTIALLY AVOIDED. THE OTHER THEN HIT HIM WITH A BEER MUG WHICH BROKE ON AND LACERATED HIS FACE. HE WAS KICKED TO THE FLOOR AND DIZZY. HE THEN SAW #1, #2, + #3 HITTING AND KICKING BOBBY BARNETT.

BOBBY BARNETT STATES THAT HE WAS SITTING IN THE RESTAURANT WAITING FOR GORMAN TO RETURN WHEN A FIGHT BROKE OUT BETWEEN

SUBJECT #3 WHO HAD BEEN HAVING A LOUD ARGUMENT WITH SOME OTHERS ABOUT MOTORCYCLES. SHORTLY AFTER THAT HE SAW HIS FRIEND GERMAN WITH BLOOD RUNNING DOWN HIS FACE AND #1, #2, & #3 HITTING HIM. BARNETT THEN RAN TO OFFER ASSISTANCE AND WAS KNUCKED TO THE FLOOR, HIT WITH A GREEN WUC AND KICKED. THEN THE THREE PREVIOUSLY DESCRIBED SUBJECTS AND SEVERAL OTHERS RAN FROM THE BUILDING.

GERMAN AND BARNETT WERE SENT TO THE NORTH KANSAS CITY HOSPITAL FOR TREATMENT. GERMAN HAD LACERATIONS ON HIS CHEST, BOTTOM LIP, UPPER LIP, AND OVER THE LEFT EYE. HE HAD NUMEROUS OTHER BRUISES AND A POSSIBLE BROKEN NOSE. BARNETT HAD A LACERATION IN THE BACK OF HIS HEAD AND BRUISES. (OFFICER #19 ADMINISTERED FIRST AID FOR THE VICTIMS IMMEDIATELY AFTER OUR ARRIVAL)

THIS OFFICER FURTHER QUESTIONED A GIRL WHO HAD GIVEN NO INFORMATION IN THE FIRST QUESTIONING. ~~THE~~ I FELT THAT SHE KNEW SOMETHING ABOUT THE SUSPECTS. IT TURNED OUT THAT SHE WAS AFRAID OF REPRISALS AND HINTED THAT SHE MIGHT GIVE INFORMATION IF I WOULD NOT TAKE HER NAME OR ASK HER TO TESTIFY. I AGREED AND SHE QUICKLY TOLD ME THAT TWO OF THE ASSAULTS WERE JOHN LAWREN AND WOODY LATHEN. BOTH SUBJECTS ARE LISTED IN THE COMPUTER AND HAVE RECORDS WITH THIS DEPARTMENT. BOTH FIT THE DESCRIPTION GIVEN BY PAUL GERMAN.

On 2/15/71 at 1350 hrs. Officer Higdon and
Cpl. Albin, with Hannibal City, Missouri Police Officer
served warrants to one John M. Lawton.
Mr. Lawton was served the warrants directly by
this officer, L. J. Higdon, at his place of employment
at 4107 N. Cheng.

Mr. Lawton was charged with common assault and
battery on two counts against Carl R. Gorman and
Robby D. Bennett. Assault and battery took place at
6817 N. Oak on 2/13/71.

Mr. John M. Lawton was transported to Gladstone
Kubler Safety Headquarters and booked, mag and printed
1415 hrs. on 2/15/71.

Mr. John M. Lawton was bailed out by Freedom
Bonding Company at 1430 hrs. on 2/15/71.

Mr. John M. Lawton posted a Two-Hundred
Dollar bond, through the above bonding company, for
the two counts of common assault and battery. Each
count required a Two-Hundred Dollar bond.

Mr. John M. Lawton was instructed to appear
in Gladstone Municipal Court on 3-4-71 at 1430 hrs.

Case Number 71-0542

Reference is made to Case Number 71-0542, Common Assault.

This case was heard and the following determinations were made by Judge Miller:

Woodrow Lawhon - charges dismissed

John Lawhon - found not guilty.

It is my understanding that the reason for Judge Miller's determination is because the victim could not identify the person or persons who hit him.

SPECIAL COUNCIL MEETING

GLADSTONE, MISSOURI

7 APRIL 71

A special meeting of the Gladstone City Council was called to Order by Mayor Frank L. Kleiner, on Wednesday, April 7, 1971, at 7:30 P.M., in the Council Chambers of the Gladstone City Hall. The roll was called: Present were Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Richard Davis, and Mayor Kleiner. Councilman Ken Walker was absent because of illness. In addition, the City Manager, David Olson, and the Assistant City Counselor, Mr. John Dods, were present, as was the City Clerk.

The first item of business was the canvass of the returns of the judges and clerks of the General Councilmanic Election, held on April 6, 1971. Following general discussion, Mr. Davis moved to place Bill No. 71-19 on first reading. Mr. Bussinger seconded. Bill No. 71-19 is for an ordinance to declare the results of the canvass and the returns of the judges and clerks and the count of the Absentee Ballots for the Gladstone General Councilmanic Election held Tuesday, April 6, 1971.

The vote on first reading: All "aye". The Clerk read the Bill.

Mr. Davis moved for the acceptance of the first reading and moved to place said Bill on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Davis moved to accept the second reading of Bill No. 71-19, and to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The Clerk read the Bill.

Mr. Davis moved to accept the third and final reading of Bill No. 71-19 and to enact said Bill as Ordinance No. 1.795. Mr. Bussinger seconded the motion. The vote: All "aye".

* * *

The second item of business was a Resolution supporting approval of Federal Funding for the construction of the Smithville, Missouri, Reservoir.

Mr. Jezak moved for the adoption of Resolution No. R-71-28, which, in essence, urged and requested the Corps of Engineers to approve and allocate funds for the construction of the Smithville, Missouri, Reservoir, at the earliest possible date. Mr. Bussinger seconded the motion. The vote: All "aye". Motion carried.

* * *

Under "Other Business", Councilman Bussinger advised that some of the people in the area of the location of the carnival (Hales Shows of Tomorrow) are being disturbed by trucks driving around the Hamilton Heights Subdivision, evidently looking for such carnival in order to make deliveries, etc. He suggested that extra Public Safety patrol be made in the area. (east of the

19. OTHER
20. Adjournment

The regular meeting of the Gladstone City Council was called to Order by Mayor Kleiner on Monday, April 12, 1971, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Present: Councilman Bussinger, Councilman Jezak, Councilman Walker, Councilman Davis, in addition to the Mayor. Also present were Mr. Olson, City Manager, Mr. Dods, Assistant City Counselor, Mr. Shinn, City Counselor, and the City Clerk.

The Invocation was given by Reverend Charles Holt, Pastor of the Faubion United Methodist Church, and City Chaplain.

Item 3 was the Presentation of the Colors, and the Pledge of Allegiance, conducted by Girl Scout Troop No. 205. Mayor Kleiner read the list of the names of the members, and introduced Mrs. Spiker, Assistant Leader and Mrs. King, Leader. A Proclamation signed by the Mayor was presented to Mrs. King.

Item 4 was the presentation of a Commemorative Plaque to Mr. David Crim, who was active in the Oak Park Highschool Student Council "Clean-Up Program in Gladstone". The Plaque was in recognition of their much appreciated work.

Item 4-a - not on the Agenda, was the Presentation of a Key to the City to Mrs. Cindy Olson, the wife of our City Manager, and the Presentation was in recognition of the many hours when she is alone with the children, because of Mr. Olson's absence from home necessitated by his work. Mrs. Olson was recognized by the Mayor and Council members, and greeted with a round of applause.

Item 6 on the Agenda was "Communications from the Audience". Mr. William Newborn, 7416 North Wyandotte addressed the Council in regard to the carnival which is presently operating east of the Bowling Alley, on 72nd Street. He explained that there is an accumulation of trash resulting from the carnival being there; that cars are double-parking in forbidden areas, and parking in residential areas resulting in dangerous conditions. He asked that more Police help be rendered by the City for protection of the residents in the area. He asked Councilman Bussinger if he had also checked.

Item 7 on the Agenda: Communications from the City Council. Each of the Councilmen, Mr. Jezak, Mr. Bussinger, Mr. Walker and Mr. Davis, in turn, thanked Mr. Kleiner for having guided them over many rough spots in the last year during his term as Mayor of Gladstone, and each expressed his appreciation of the business-like manner in which the Council meetings have been conducted, and each stated his enjoyment in working with Mr. Kleiner. It was noted that the Council meetings had been conducted in an atmosphere of quiet achievement, and it was felt that there had been a professional environment which Mr. Kleiner had brought about.

Mr. Kleiner, in turn, indicated that the past year has been one of personal satisfaction in things accomplished; that he realized that there were still many problems facing the City; that the Council, working together in harmony, had tried to achieve many goals; he thanked the Administration for working so closely with him, and in particular, thanked Mr. Olson and Mr. Dods, as well as Mr. Shinn, for their help in the past. He closed by saying that though Gladstone may not be the biggest, it is, in his estimation, the best, and he wished everyone well in the years to come. Mr. Kleiner left the Council table at this time, amid a standing ovation. He then was seated in the audience.

Item 8 on the Agenda: No communications from the City Manager at this time.

Item 9 on the Agenda: The City Clerk gave the Oath of Office to Councilman Elect, Richard D. Dowd, who then took his place at the Council table.

Item 10 on the Agenda: Election of the Mayor.

Mr. Walker moved to place the name of Richard Davis in nomination for Mayor.
Mr. Jezak seconded.

Mr. Jezak moved that nominations cease.
Mr. Walker seconded.

The vote on nominations ceasing: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, aye, Mr. Dowd, aye.

The vote on Mr. Walker's motion to elect Mr. Richard Davis for Mayor: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Davis, who voted "aye", qualifying his vote by saying "I look forward to serving in this capacity", and Mr. Dowd, aye. Thus, Mr. Richard F. Davis became the Mayor of the City of Gladstone by acclamation, to serve a one-year term.

Both Mr. Dowd and Mr. Davis received hearty rounds of applause as each took his place at the Council table.

Item 11 on the Agenda. The City Clerk gave the Oath of Office to Mayor Davis. *4-26-71*
CORRECTION: Mr. JEZAK APPOINTED MR. WALKER (B)
Mr. Davis moved to appoint Mr. Ken Walker as Mayor Pro-Tem. Mr. Dowd seconded.

Mr. Bussinger moved that nominations cease.
Mr. Jezak seconded.

The vote on nominations ceasing: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Dowd, aye, Mayor Davis, aye.

The vote on Mr. Davis' motion to elect Mr. Ken Walker as Mayor Pro-Tem: Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mr. Dowd, aye, Mayor Davis, aye. Thus, Mr. Ken Walker became Mayor Pro-Tem of the City of Gladstone.

* * *

Mayor Davis moved to appoint Mr. Dick Dowd as the Council's representative to the Gladstone Planning Commission. Mr. Jezak seconded. The vote: All voted "aye".

Mr. Walker moved to appoint Mr. Lee Bussinger as the Council's representative to the Public Safety Advisory Board. Mr. Jezak seconded. The vote: All "aye".

Mr. Bussinger moved to appoint Mr. Bernie Jezak to serve a second term as the Council's representative to the Park Board. Mr. Walker seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-29, authorizing the City Manager to accept a Bill of Sale for water mains constructed in Northaven, 13th Plat. under Contract No. 11'. Mr. Bussinger seconded. Mr. Jezak advised the City Manager that much of the rock had been disturbed in the area where this construction had been completed. The City Manager said it was his understanding that this would be taken care of; that he would check into the matter. The vote: All voted "aye".

* * *

Item 13 on the Agenda: Mr. Walker moved to adopt Resolution No. R-71-30, authorizing the City Manager to execute Water Main Contract No. 117, for construction of water mains in Kendallwood Addition. Mr. Jezak seconded. Councilman Walker asked the City Manager about the 2" line included in said Contract. Mr. Olson advised that this would be at the end of the line, in the Cul-de-sac, and will serve the R-4 in that area of Kendallwood. The vote: All voted "aye".

* * *

Item 14 on the Agenda: Mr. Jezak moved to adopt Resolution No. R-71-31, authorizing the City Manager to accept work performed by the Charles Moll Company, under Public Works Building Contract No. 2, for vehicle life and installation, and authorizing the City Manager to make full and final payment to said company, in the total amount of \$2,596.00. Mr. Bussinger seconded. The vote: All voted "aye". *l-1*

* * *

Item 15 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-32, authorizing the City Manager to accept the work performed by H. R. Herdinger Company, under Public Works Building Contract No. 7 Addendum, for concrete floor installation, and authorizing the City Manager to make final payment to said company in the total amount of \$534.00. Mr. Jezak seconded.

* * *

Item 16 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-33, authorizing the City Manager to accept the bid of the Gulf Oil Company for purchases of premium gas, regular grade gas, diesel oil, hydraulic oil, 1 W 40, and gear grease, as determined by the Bid Summary, which showed a price of \$.1259 per gallon. Mr. Bussinger seconded, explaining the aforementioned price to the audience. The vote: All voted "aye".

* * *

Item 17 on the Agenda: Consideration of building plans submitted by Mr. George Byers for townhouse construction in Meadowbrook Manor. After general discussion at the Council table, Mr. Bussinger moved to approve the plans submitted by Mr. George Byers (dated "Revised March, 1970"). Mr. Jezak seconded. The vote: Mr. Dowd, aye, Mr. Jezak, aye, Mr. Bussinger, aye. Mr. Walker, aye, Mayor Davis, aye.

Item 18 on the Agenda: Mr. Walker moved for the Statement of Cash, the Cash Disbursement Report from Combined Water System Operation for March 1971; Cash Disbursement Report from General Funds for March, 1971; the Financial Report for 8 months ending February 28, 1971, the Financial Report for 8 months ending February 28, 1971, and Financial Report for 9 months, ending March 31, 1971, including General Fund, Sewer Assessment Fund, Special Park and Playground Fund, Sidewalk Construction Fund, Public Works and Utilities Building Fund, Disbursements Reports for both February and March for Public Works and Utilities Building Fund, Capital Improvement Fund for Construction of Sidewalks, Sewer Assessment Fund and Englewood North Park Fund, as submitted. Mr. Jezak seconded. Mr. Bussinger questioned an item in the General Funds Disbursements of March which showed one of the motorcycles receiving a steering adjustment, and wash, lube and wax. He said he felt this was too much money; Mr. Walker asked the City Manager to check into the reason for the bill from Kansas City Elec. Constr. Company, on an expenditure of \$150 to install separate service and meter on the Linden tower. The City Manager explained that the Civil Defense sirens, the telemetering control for the water pumps, and the police (Public Safety) radio transmitter were all on the same electrical supply, and difficulties had been experienced at various times and, in some instances, a state of emergency was caused by an interruption of service to repair any one of the three above listed items; this created a severe hardship on other items requiring electrical supply, and, to end this, it was decided to place the transmitter and the pump supply control were placed on separate circuits, to ensure better service on all three.

The vote on the acceptance of the above: Mr. Dowd passed the vote, as he felt he was too new to accept something which he had no prior knowledge of; Mr. Jezak, aye, Mr. Bussinger, aye, Mr. Walker, aye, Mayor Davis, aye.

* * *

Item 19 - Other Business. Mayor Pro Tem Walker presented a bouquet to Mrs. Virginia Davis, wife of the new Mayor.

Mr. Bussinger said he would like to reply to Mr. Newborn's earlier comments on the carnival. He said he agreed there could have been a lot better location, but the time was short on this; that the Jaycees had lost the use of an earlier location, and that, as the City bends over backward to help the Jaycees, they had tried to do so this time, also. He said it was possibly not the right decision; he asked that the City Manager contact the Jaycees to help with the clean-up work around the carnival area.

Mr. Jezak advised the Council that because of her husband's election to the City Council, Mrs. Shirley Dowd felt she should step down from the Park Board, as a member. He said, further, that he would like to submit the name of Mr. David Louis, 6717 North Woodland, as a replacement. Mr. Dowd seconded the motion to appoint Mr. David Louis as a Park Board member. The vote: All "aye".

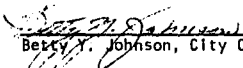

Mayor Davis, in jest, "welcomed Mrs. Dowd to the 'widow's club' "...he noted there would now be a vacancy on the Public Safety Advisory Board, as Mr. Dowd had been Chairman of that Board; he moved for the appointment of Mr. Jack Dixon to serve as Chairman of that Board. Mr. Bussinger seconded. The vote: All "aye".

Mayor Davis moved to appoint Frank Kleiner to serve on the Public Safety Advisory Board. Mr. Jezak seconded the motion. The vote: All "aye".

Mr. Olson reminded the Council that there would be a meeting at Kearney, Missouri, on Tuesday, mid-day, on Cable T.V.

As there was nothing further to come before the Council at this time, the meeting was, upon motion duly made and seconded, adjourned. Time: 9:00 P.M.

Respectfully submitted,

Betty X. Johnson, City Clerk

MEMORANDUM

TO Mayor Richard Davis
FROM City Manager
DATE April 23, 1971
SUBJECT First Annual Recognition Night

About seven months ago, the Metro Chiefs and Sheriffs Association was approached by Mr. Ellis Shook, General Manager of KMBC-TV9 and Mr. Claude Sorse, Vice President, KMBC-TV9, regarding a program that would honor police officers in the area covered by the Metro Chiefs.

The Metropolitan Chiefs Association voted to co-sponsor the program. Along with four chiefs of police and one sheriff, the committee devised the four award categories and the procedure by which a person could be nominated.

The purpose of the committee was to establish a policy of recognizing commendable deeds performed by peace officers in the Jackson, Cass, Clay and Platte County areas of Missouri and the Johnson and Wyandotte County areas in Kansas.

The award committee determined that the award categories should be as follows:

A. Award for Valor (Gold Award)

1. To be awarded to those officers who distinguish themselves by conspicuous bravery, heroism or other outstanding meritorious action.

B. Award for Distinguished Service (Silver Award)

1. To be awarded to those officers who perform an exceptional act; aware of the great personal danger before attempting the act, but the officer performs in spite of the danger in a commendable manner.

C. Award for Meritorious Service (Bronze Award)

1. To be bestowed upon those officers who have contributed in an exceptional manner to either their own department or to an area law enforcement, by the submission of an idea, device or method which increases the administrative or operational efficiency of their department or operational efficiency of their department or area law enforcement.

D. Officer of the Year Award

1. To be awarded to the area law enforcement officer chosen by the Awards Committee who has provided distinguished and exceptional service to the citizens of the metropolitan area.

On the evening of April 21, 1971, the Awards were presented to the recipients at the First Annual Recognition Night. The program was held at the Western Electric Plant in Lee's Summit, Missouri. The presentation was video taped and was then shown to the public on TV9 at 7:30 P.M., April 22, 1971.

Thirty-nine law enforcement agencies were represented and there were seventeen awards given and five certificates. Of the twenty-two recipients, four officers from Gladstone Public Safety Department received awards. They were:

1. Sgt. A. Stanley Hopper - Award for Meritorious Service (Bronze Award)
2. Captain Arthur L. Piburn - Award for Meritorious Service (Bronze Award)
3. PSO Stephen Carroll - Award for Distinguished Service (Silver Award)
4. PSO Douglas Martin - Award for Distinguished Service (Silver Award)

The awards were presented to the officers by Governor Docking of Kansas and Secretary of State Kirkpatrick of Missouri.

Please find attached, the nomination for awards for the above officers.

All of these men are exceptional officers and are a credit not only to the Gladstone Public Safety Department but serve as an example to all law enforcement officers and agencies in the metropolitan area.

NOMINATION FOR AWARD

Arthur Piburn
Gladstone Public Safety Department
Gladstone, Missouri
Captain

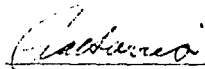

MERIT MEDAL
~~OFFICER OF THE YEAR~~

Captain Piburn is indeed a dedicated policeman. The past ten years Captain Piburn has worked on many difficult cases with relentless and tireless effort to bring the case to a conclusion. Being a member of a smaller department Captain Piburn is called out at all hours of the night to process crime scenes and other tasks which befall the Detective Division. Realizing this is his chosen profession Captain Piburn has accepted this challenge willingly. Captain Piburn has been a member of the Metro Squad since its inception in 1964. Captain Piburn has worked many long hours as others have in working cases on the Metro Squad.

Captain Piburn ingeniously built his own dark room and processes his own crime scene pictures, mug shots, and accident pictures for the Patrol Division.

Captain Piburn has many responsibilities within the department. As Officer in Charge of the computer, Captain Piburn, must continually study and train personnel within the department. This responsibility in itself is no small task. Other duties, cover Internal Investigations, Warrant Administration and Intelligence.

Captain Piburn is a very important cog in the organization and therefore, we are very proud to nominate Captain Piburn ^{For} ~~as~~ **MERITORIOUS MEDAL** of the Year.

Robert A. Harris
Colonel
Director of Public Safety
Gladstone, Missouri

NOMINATION FOR AWARD

A. Stanley Hopper
Gladstone Public Safety Department
Detective Corporal

MERITORIOUS SERVICE AWARD

Detective Corporal Stan Hopper has been with the Gladstone Public Safety Department for seven years.

Beginning as a patrol officer, Detective Corporal Hopper has progressed during the seven years to become the department's first Juvenile Officer.

In this position Detective Corporal Hopper has spent many off-duty hours working with the youth in Gladstone and the surrounding areas.

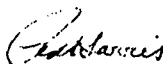

Detective Corporal Hopper has assisted in forming the Northland Youth Council which is presently functioning.

Detective Corporal Hopper has made many speeches to students, organizations, and interested groups. The topics have consisted of Drug Abuse and promoting the Police Profession.

Presently, Detective Corporal Hopper is in charge of the department's "Ride Along" Program. The program permits adults and students to ride in a police vehicle. The program is basically a Public Relations and information project. The results have been public support and better communications between the citizens and the individual officer.

Because of Detective Corporal Hopper's efforts in these programs, they have reached their objectives.

It is indeed a privilege to nominate Detective Corporal Hopper for the Meritorious Service Award.

Robert A. Harris
Colonel
Director of Public Safety
Gladstone, Missouri

NOMINATION FOR AWARD

Stephen E. Carroll
Douglass D. Martin
Gladstone Public Safety Department
Public Safety Officers

DISTINGUISHED SERVICE AWARD

On November 14, 1970, Public Safety Officers Carroll and Martin while patrolling their respective districts were dispatched to a reported apartment fire at 6100 Antioch Road, Gladstone, Missouri. Upon arrival at the scene the fire was burning through the roof and the building was filled with smoke.

Public Safety Officer Carroll and Public Safety Officer Martin entered the apartment building warning all residents to evacuate the building. When no one answered their warning from within the apartment, they would break the door down and search the apartment for victims.

Through their efforts no deaths or injuries occurred.

In disregarding their own safety and making an outstanding effort we are extremely proud to nominate Public Safety Officer Carroll and Public Safety Officer Martin for DISTINGUISHED SERVICE AWARDS.

Robert A. Harris
Colonel
Director of Public Safety
Gladstone, Missouri

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
10 MAY 71

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

26 APRIL 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Richard Davis, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall, on Monday, April 26, 1971. Roll was called. Those present were Messrs. Dowd, Bussinger, Jezak, Walker and Mayor Davis. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, and the City Clerk were also present.

The Invocation was given by Reverend Joseph Kreeger of the Antioch Bible Baptist Church.

At this time, Mayor Davis presented a Plaque of Recognition of Service to Mrs. Shirley Dowd, former member of the Gladstone Park Board, and to Mr. Frank L. Kleiner, former City Councilman and former Mayor.

Item 4 on the Agenda: The Mayor introduced Officer Hopper, Officer Piburn, Officer Carroll, and named Officer Martin, who was unable to be present at this meeting, as those Gladstone officers who received Awards of Valor from the Metro Chiefs' and Sheriffs' Association because of outstanding action and accomplishment. Each of the Councilmen shook hands with the officers, and Mayor Davis expressed the City's pride in their receipt of the Awards, and also expressed the Council's thanks to Chief Harris. The introductions received a hearty round of applause from the Audience.

Item 5 on the Agenda: Mayor Davis proclaimed May first, 1971, as LOYALTY DAY, urging all businesses, offices, and residents to display the Flag on that day, and commented, further, that in his opinion, the Proclamation should be LOYALTY YEAR.

Item 6 on the Agenda: Mr. Jezak moved the minutes of the regular meeting of April 12 be accepted as amended, and suggested the following change, after a second by Mr. Bussinger: Page two, paragraph 9, Mr. Jezak's name should appear as moving to appoint Mr. Walker as Mayor Pro-Tem, instead of Mr. Davis' name. Correction noted and made. The vote: All voted "aye".

Item 7: Communications from the Audience. None at this time.

Item 8. Communications from the City Manager: Mr. Bussinger said he would like to present an additional Resolution at this time if it were agreeable. The Mayor had no objection. Mr. Bussinger then moved for the adoption of Resolution No. R-71-34, commending the NORTHLAND YOUTH COUNCIL FOR ITS CONTINUED ACTIVITY IN BEHALF OF THE CITY OF GLADSTONE, and directing that a copy of said Resolution be presented to the President, Mr. Don Weise, and the Secretary/Treasurer, Miss Arline Whiston, who were present in the Audience. Mr. Jezak seconded. The vote: All Aye. Mr. Weise and Miss Whiston were introduced, and received a round of applause.

* Mr. Jezak

Mayor Davis advised that Mr. Bussinger had been elected to the Chairmanship of the Clay County Coordination Group, and commented that he felt the choice of Mr. Bussinger for this office had been a good one.

X CORRECTED
5-10-71
BJ.

Mr. Jezak said he thought a great deal of appreciation should go to Mr. Bill Parker, of the Park Board, and the citizens numbering approximately 60 who worked with Mr. Parker on a "Paint the Parks" project recently. He said that all park benches, swings, slides, etc., in all Gladstone parks had been painted in about a 3 or 4 hour job; that he felt it was a great show of cooperation and willingness, and he also thanked Mr. Parker for getting the paint donated.

Mayor Davis advised that Gladstone was going to set up a Philharmonic Fund, hoping to secure donations which will enable the Kansas City Philharmonic Orchestra to continue with their musicales. He said he would appreciate some response from everyone in the City; that the City Council would "start the ball rolling" with personal donations; that the First National Bank had contributed the sum of \$100 as their share toward this very worthy cause. He announced that Mr. Winston Horn would serve as the escrow agent for donations to be received. He urged all citizens to contribute to this Gladstone Philharmonic Fund, as will other citizens of neighboring cities, in response to a plea from Mayor Wheeler of Kansas City. He appointed the wives of the Gladstone Councilmen, Mrs. Walker, Mrs. Dowd, Mrs. Bussinger and Mrs. Jezak, as well as Mrs. Davis, to the Committee to raise funds, and asked that Mrs. Walker serve as the Chairman of the said Committee. He said he hoped for good cooperation from Gladstone residents, and pointed out the need to retain and enhance the cultural activities of our area.

At this time, Mayor Davis named the various committees which have been set up to study and report on various phases of work and plans for the ensuing year. They were as follows:

Councilman Bussinger and Councilman Dowd, Chairman, to study the Liquor Ordinance and refine it with a report to be made the first week of May;

Councilman Dowd, Chairman, and Councilman Bussinger to evaluate the pay scales of the City, and to report during the first week in May;

Councilman Walker, Chairman, to study and work on a cooperative agreement with Kansas City Power and Light for City inspection of all wiring and installation of services before such services begin. Report, first week in May;

Councilman Jezak to work on a refined bicycle inspection and licensing ordinance which will be workable, for our City. Report, second week in May;

Councilman Dowd, and Councilman Jezak, with the Chairman being Mr. Jezak to work on improving communications between the City and the Citizens. Report due the first week in June;

Councilman Jezak, and Councilman Dowd, as Chairman, to review the possibility of underground utility lines, and report by the 2nd week of June;

Councilman Walker and Mayor Davis, as Chairman, to review the Building, Electrical and Plumbing Codes and report the third week in June;

Councilman Jezak, Chairman, Councilman Dowd and Mayor Davis, to review R-1 zoning in the City and to report the first week in July;

Mayor Davis, Chairman, and Councilman Walker, to study the feasibility of Municipal Trash Collection in the City, and to report the first week of July;

Councilman Dowd, Chairman and Mayor Davis, to review the Land Use Plan and the Zoning requirements; report due the first week in August;

Councilman Walker, Chairman, to study the possibility of licensing for all crafts, and to review the electrical, building and plumbing licensing in the City; due August, first week;

Councilman Walker, Chairman, and Councilman Bussinger, to study the sewer hook-on charges, and report, the 1st week of September;

Mayor Davis, Chairman, to study and recommend on Oak Street beautification, report due September, first week;

Councilman Walker, Chairman, Mayor Davis, to make a study of Code enforcement, and report first week in October;

Councilman Bussinger, Chairman, Councilman Walker and Councilman Jezak, to look into feasibility of Constitutional Charter; report due first week in December;

A feasibility study of Cable Television to be made, and plans for capital improvements to be reviewed periodically by all members of the Council.

* * *

Item 9 on the Agenda: Communications from the City Manager; Mr. Olson advised that two more applications for Fireworks Sales Stand Permits had been received and were to be added for Council consideration: (1) American Legion Post #61, (18-a), to be located in Meadowbrook Shopping Center, and (2) Marine Corps Club, (18-b), to be located (tentatively) at 72nd and North Euclid.

* * *

Item 10 on the Agenda: Mr. Walker moved to place Bill No. 71-20, being an ordinance to accept a utility easement from Mr. and Mrs. Clyde W. Starr, on certain land in Bolling Heights, on its first reading. Mr. Jezak seconded. Mr. Olson explained that this was a ten foot strip which runs parallel to North Holmes, between 68th and 67th Place, which should be recorded in the City's interests.

The vote on the first reading: All voted "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 71-20, and moved to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 11 on the Agenda: Scheduled as the first reading of Bill No. 71-21, for an ordinance to rezone certain land (Elliott property), located at approximately 3909 NE 76th Street, from M-1 to R-1. Mr. Jezak moved to place said Bill on its first reading. Mr. Walker seconded. Mr. Dods suggested that the wording in the first paragraph be changed to read "application" instead of "petition". Change noted.

After the Council was polled, it was determined that one reading of this Bill would suffice this evening, as both the attorney for Mrs. Elliott, (Mr. Austin) and the attorney for the Tarwater family (Item 12, Bill No. 71-22, to rezone from M-1 to R-1 property listed as being located at approximately 3801 NE 72nd Street, Mr. Max Von Erdmannsdorff) agreed they would like some further discussion with the Council prior to final action on either of the two bills. This was agreeable with the Council members, and the vote on the first reading was then called: All voted "aye". The Clerk read the Bill. (#71-21).

* * *

Item 12 on the Agenda: Mr. Jezak moved to place Bill No. 71-22 (Tarwater rezoning matter) on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Further discussion with the attorney, Mr. Von Erdmannsdorff, will take place prior to second reading.

Bill + final - Council 5/10/71
* * *

Item 13 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-35, authorizing the City Manager to accept a Bill of Sale for 875 feet of 6" C.I.P., and 240 feet of 2" C.I.P. lying in East 74th Street, west from North Troost, in Cedar Glen Addition, constructed by Gibson Enterprises, for T. J. Sullivan, on Contract No. 116. Mr. Jezak seconded. The vote: All voted "aye".

* * *

Item 14 on the Agenda: Mr. Walker moved to adopt Resolution No. R-71-36, authorizing an extension of time for Completion of interior work in the Public Works Building, to H. R. Herdlinger Company, Contract No. 7, from April 18th, 1971 to June 2, 1971. Mr. Bussinger seconded. Mr. Bussinger asked the City Manager what the status of the Public Works Building is....Mr. Olson said that the work was coming right along; that the reinforced joists were in and that a great deal of progress had been made since the weather had improved. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Jezak moved to adopt Resolution No. R-71-37, authorizing an extension of time for completion of Public Works Building, Contract No. 9, held by Wood Heating & Cooling Company, Inc., until June 2, 1971. Mr. Walker seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Jezak moved to adopt Resolution No. R-71-38, authorizing the City Manager to accept the bid from Bergfeld Recreation, in the amount of \$2,354.40 for picnic tables, (\$1,100) charcoal cookers, (\$775), and trash receptacles (\$479.40) for Oak Grove Park; Mr. Dowd seconded. Mr. Bussinger asked how much of the overall price would be paid by the Grant under the Open Space Land Program awarded to the City of Gladstone. Mr. Olson answered that 50% of this amount would be covered. Mr. Jezak was asked if the Park Board were in approval of these plans. He replied that they were very much in favor of the purchases; that the tables which were now in Oak Park had been "borrowed" from another park; that they would be replaced with the new ones which were being ordered under this bid; that only comfort stations and the parking area were yet to be secured for this Oak Grove Park. The vote: All voted "aye".

Item 17 on the Agenda: Consideration of certain building plans submitted by Mr. Marion Mistratta, for Sebastiano's Italian Delicatessen, to be located in front of a building at 7400 North Oak Street, at the NW corner thereof. It was noted that, according to the plans submitted, the new building would actually be an "add-on" to the present building, which doesn't meet the fire restriction Code of the City. Mr. Bussinger suggested that the Council meet with the Owner and take another look at the plans, at the site, rather than turn it down tonight. Mr. Walker advised that the present building did not meet the Fire Code of the City; Mr. Dowd suggested that the ideal way to build would be to tear down the old building and start over.

Mr. Bussinger suggested that Mr. Mistratta meet with the City Manager to set up a time convenient for all to go to the site to take a good look at it. The date was established as May 4, at 7:00 P.M., and all to meet at the City Hall and proceed from there.

Mr. Bussinger then moved to defer acceptance on the building plans submitted for Sebastiano's Italian Delicatessen until the Council has made further study. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 18 on the Agenda: Consideration of an application for a Fireworks stand submitted by Northland Optimist Club, to be located on grass location at far south side of Pirtle's Skelly Station, approximately Prospect and Antioch Rd. It was noted that the Council was anxious to - as nearly as possible - limit these permits to Gladstone groups. After consideration, Mr. Walker moved to grant the permit, as requested, to the Northland Optimist Club, and to waive the fee. Mr. Jezak seconded. The vote: All "aye".

Item 18-a - Consideration of an application for a Fireworks stand submitted by American Legion Post #61, to be located in the Meadowbrook Shopping Center. The Council was advised that 35 to 40% of the membership is from Gladstone. Mr. Bussinger suggested that the Council might try to keep these permits "a little closer to home"... It was noted that the applicant lives at 5125 North Bellaire, which is Kansas City, North. After further discussion, Mr. Bussinger moved to grant a Fireworks Stand Permit to the American Legion, Post No. 61, to be located in the Meadowbrook Shopping Center, and to waive the fee. Mr. Dowd seconded. The vote: All voted "aye".

Item 18-b - Consideration of an application for a Fireworks stand submitted by the Marine Corps League. Mr. Jezak suggested that this permit not be granted, as he feels the location is not good; he said he felt there could be no parking on 72nd Street; that there was some R-1 development fairly close. Mr. Paul Ziegel, 5235 North Flora, said this League has no permanent headquarters; that they had, in the past five years, been granted such a permit by the City of Gladstone; that this was one of their money-making projects for the year and that the money was spent on furtherance of youth-oriented programs for the year.

After further discussion, Councilman Dowd suggested holding the application for another two weeks, during which time the League seek a better location, and he moved to defer the application for two weeks. Mr. Jezak seconded. The vote: All aye. This was agreeable with Mr. Ziegel, who said he would be in touch with the City Manager.

Item 19 on the Agenda: Consideration of application for Class B Liquor Permit for A & P Store, to be constructed at approximately 64th and N. Prospect. The City Manager advised that the Public Safety check had been made on the Applicant, and had all checked out properly. He said that the provisions in the Liquor Ordinance provided for at least another two Class "B" licenses (sold in the original package only); that they were anxious to secure this license as their building plans would be affected by whether or not they would be permitted to sell package liquor and beer.

Mr. Bussinger asked if it were a normal thing to grant the application before granting the building permit -he asked if this wasn't pretty early? Mr. Olson explained that the A & P needed this indication prior to completing their building plans. Mr. Bussinger asked if one company could have two Class B licenses in one City. Mr. Olson said this was possible.

Mr. Jezak asked if the applicant realized that the license was only granted for one year? He said he didn't think the company would be occupying the building which has yet to be built much before that time.

Mr. Walker explained his thinking on this matter; said that the company would need to know what they would have before the building was constructed; that it would be pretty expensive to build an area to house the liquor sales and then find out they couldn't get a permit...he said he felt it was reasonable for them to go this route.

Mr. Walker then moved to grant a Class "B" Liquor License to the new A & P-Mart, to be located at approximately 64th Street and North Prospect. Mr. Dowd seconded. Mr. Dowd asked if Mr. Emmen's permit were granted now, if he would purchase it now? The answer was in the affirmative. The vote: Councilman Dowd, "aye", Councilman Bussinger, "aye", Councilman Jezak, "NO", Councilman Walker, "aye", Mayor Davis, "aye". (4-1 in favor).

* * *

Item 20 on the Agenda: Consideration of application for Liquor License Permit for Marion S. Mistretta, for Sebastiano's Italian Delicatessen (reference to Item 17 hereinabove). Mr. Bussinger moved to defer action on this request until after the Council has reached a final decision on the building plans for this store. Mr. Dowd seconded. The vote: All voted "aye".

* * *

Item 21 on the Agenda: Consideration of Lease Renewal between Mrs. William Duncan and the City of Gladstone, for the operation of the Concession Stand located in Central Park. Mr. Walker moved that the Council renew the Lease Agreement between Mrs. William Duncan and the City of Gladstone for the operation of the Concession Stand located in Central Park, for the 1971 summer season. Mr. Jezak seconded. Mr. Bussinger asked if there had been a second applicant for the operation of this stand. The City Manager explained that there had been an application for operation of the stand from one of the local sborrtities, but that, at a study session, there had been a decision to permit Mrs. Duncan to operate the stand again, as she has been successful in the past. The vote: All "aye".

City Council Minutes
April 26, 1971
Page seven

Item 22 on the Agenda: Acceptance of Financial Report for 9 months ending March 31, 1971, for the Combined Waterworks and Sewerage System. Mr. Jezak so moved. Mr. Bussinger seconded. The vote: All voted "aye".

* * *

Item 23 on the Agenda: "OTHER BUSINESS"...Mr. Jezak suggested setting up several work sessions to cover the M-1 discussions and other items. Mayor Davis asked Mr. Dods when it would be convenient for him to be present for the Zoning changes discussion with the Council. Mr. Dods said he would have to consult his calendar for a time to discuss the legal problems. It was suggested that Monday, May 3, at 7:00 P.M. might be a logical time. Mr. Dods will contact the City Manager on this matter. Mr. Dods said he would like to discuss the points with both Mr. Austin and Mr. Von Erdmannsdorff, and to get some of the factual things straightened out.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 9:20 P.M.

Respectfully submitted,

James R. Dods
City Clerk

Chief Robert Harris, Director of Public Safety
City of Gladstone, Missouri

Dear Chief Harris:

On Saturday, May 1, 1971, at approximately three o'clock in the afternoon, I drove my fourteen year old Son, Mark T. Lindbergh, along with a neighbor, Mr. Marwin McIntyre, to the Police Department in Gladstone City Hall. A few minutes earlier, Mark had slipped while mowing the grass, severely cutting his right toes on our power mower. Upon arrival at City Hall, Patrolman Carroll immediately had the ambulance started, and in addition to the Driver, one of the Patrolman assisted my Son into the ambulance and administered first aid to him all the way to the Spelman Memorial Hospital in Smithville, Mo. The courteous treatment and care Mark received was just wonderful. These two Officers were most calm and re-assuring, and very professional in their jobs, and most anxious to see that Mark arrived at the Emergency Room for treatment as fast as possible. This needless to say really impressed me, with my Son in so very much pain. Thanks to your Public Safety Department and the devoted and trained men, even the Hospital was alerted that my Son was on his way.

In all the excitement, I failed to get the names of these two fine Officers, but Mark thought one of their names was Wilson. Mark and his Family wish to extend our sincere thanks to these men, along with your entire Public Safety Department.

Incidentally, Mark, will not lose any of his toes, and the Doctor states he should recover fully in the near future. As a citizen of Gladstone for the past eleven years, it is wonderful to know there are devoted Officers in your Department to serve the Citizens in their time of need.

C.C. Mr. Dave Olson
City Manager

Sincerely (Yours)

Ray E. Lindbergh

Kansas City, Missouri
May 5, 1971

Honorable Mayor Richard Davis,
Members of the Gladstone City Council
Gladstone City Hall
7010 North Holmes
Gladstone, Missouri 64118

Gentlemen:

Once again we are asking for permission to erect our Airatorium in your city from June 20, 1971 to July 25th, 1971. This is a fire-proof, inflated air tent which will house our Revival scheduled for this period of time. We have done this for the last three years.

We have previously put this Airatorium up on the SW corner of 70th and Holmes, but have not yet ascertained whether or not we will be allowed to use that property again this year because of a change in ownership.

We have secured, tentatively, the Sharp property, on the west side of North Oak street, across from the Standard station, at 69th, but have learned that this area floods when there is a heavy rain, so have not yet finalized plans for the property.

We are also contemplating another piece of property in Gladstone, but have not yet finalized on it.

It would, however, help us to have your permission to erect our building, and we will advise you of the exact location as soon as we have determined the final location.

The City of Gladstone will be named as an additional Insured on the Policy from our insurance company, and a copy of said Policy will be sent to you prior to our beginning.

Your kind attention will be appreciated.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
10 M A Y 71

The regular meeting of the Gladstone City Council was called to Order on Monday, May 10, 1971, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Present were Messrs. Dowd, Bussinger, Jezak, Walker and Mayor Davis. In addition, Mr. Olson, City Manager, Mr. Dods, Assistant City Counselor, and the City Clerk were also present.

The Invocation was given by Reverend Wilbur Hunter, Pastor of the Gladstone Church of God.

Item 3 on the Agenda: Mr. Jezak moved to accept the Minutes of the meeting of April 26th, 1971. Mr. Walker seconded. Mr. Jezak noted a correction to be made on Page 1, the last paragraph, where Mayor Davis was listed instead of Mr. Jezak, on the first line...correction made. Mayor Davis noted that on Page 4, the last line of the second paragraph, should have read as follows: "...take place prior to third and final reading". Correction made. The vote on the acceptance of the Minutes of April 26, 1971, as corrected, was: "All aye".

At this time, Mayor Davis read a Proclamation establishing the week of May 9 through May 15 as NATIONAL PUBLIC WORKS WEEK. (See copy attached to and made part of these Minutes.)

* * *

Item 4 was a Public Hearing on a request to rezone from C-P-3 to R-1, land located at approximately 4000 NE 76th Street. Mr. Olson explained the reason for the request, which was instigated by the City, because in order to conform to an amendment to the zoning ordinance, this property would now have to come into the R-1 category, as it is municipally-owned. Mayor Davis opened the Public Hearing. Mr. Bill Austin, Attorney for Mrs. Opal Elliott, who owns the ground just abutting the property on the south, presented a written protest to the proposed rezoning request submitted by his client. The City Clerk received the protest and duly dated it for the file. Mr. Austin said he didn't think the Zoning Ordinance should be amended to include a use by the City; that he, speaking for his client, didn't think there appeared to have been any change in the use of the property in question which would warrant the now proposed classification of "R-1". No one else appeared in either favor of nor in opposition to the requested zoning.

Item 5 on the Agenda: Communications from the Audience: Mr. Clifton Harris, 2303 NE 63rd Place, addressed the Council regarding a "mud hole" of a street which has existed for the last ten years; he said he had lived at this address for 5 years, and that it had existed prior to his time; he said he wanted to ask the Council to seriously consider taking some action here. He said the water comes down across his yard, off of Antioch Road.

Mayor Davis said the Council is aware of the problem, which will cost about \$9,000 to abate. He said the City Manager has indicated he will try to work it into the Budget, but that it just can't be corrected tonight, or even in one day.

Mr. Harris said the street had been on the list of streets which were to

be blacktopped last year, but had not been done.

The City Manager explained that this street was on the overlay program last year, but the City Engineer had resurveyed the street and decided that an overlay would not solve the problems here; he said he hoped to go ahead on it this summer.

Mayor Davis indicated that, basically, there is a Capital Improvements problem in that area, which could cost approximately 1500 dollars per house.

Mr. Harris said he felt, as did others, that the longer the City waits to alleviate the problem the more it will cost.

Mr. Cal Phelps, 2303 N. E. 63rd Place, addressed the Council and Mayor, said that he feels the basic problem is probably a health problem. He said he was reminded of an incident about five years ago, when he saw a little boy who was going fishing in the water which was standing, as it usually is. He told the boy he couldn't catch any fish there, but the boy said "The heck I can't; I have half a bucket of catfish now!" Mr. Phelps said the water stands most of the time, and gets pretty sour before the end of the summer, so, that from a health standard, it is bad.

Mr. Frank Vitzlaff, 6305 North Park, addressed the Council and Mayor. He said he lived at the corner of North Park and 63rd Place; that there were very low curbs, that the water rushes into his back yard, then rushes into Mr. Harris' place, and into their basement, and then back to his yard, taking out plants and trees. He said he had spent many hundreds of dollars replacing plants....he said, further, that last winter, the snow plow had wrecked a curb, had wrecked a manhole cover which had to be replaced, but that the curb had never been replaced, and that the problems had been increased because of the broken curb. He suggested that the work will not be cheaper later.

Mr. Jess Cumby, 2402 N. E. 62nd Street, addressed the Council and Mayor. He said he has notified the City several times; that there is water standing in his driveway most of the time; that there is water standing there now; that there has been water in his driveway for most of the 8 years he has lived here; that, based on a letter received from the City he and his neighbors had been promised that the streets would be repaired and the work would be done. He said he felt sure that if he held up paying his taxes for 8 years, it wouldn't take long for the City to contact him; he feels the problem is the same.

A Mr. Simmons, 2401 N. E. 63rd Place, said he had also received a letter written by the City indicating that his street would be fixed. He said he lived next door to the Street Superintendent, Mr. Al Hufford, and that Mr. Hufford could be a witness to the problem in his area. He said the driveways there stand full of water most of the time; that the street is below the driveways which doesn't allow them to drain off.

Councilman Jezak said he was very familiar with this problem. He said he had walked this area when he was trying to be elected two years ago, and

that what these people say is true. He said the street does need almost a complete rebuilding, but that the City is faced with the same old story; a 90c on the \$100 tax levy for thirteen years; that the City is in favor of getting as much done as possible. He said he hoped they wouldn't feel "forgotten", because they were not forgotten.

At this point, one of the audience said "That's right, Mr. Jezak did come around there, and he said that if we voted for him, he would get something done". Much laughter followed this jesting remark.

Mayor Davis said there would be a public hearing on the proposed Fiscal Budget on June 28th; that if the amount of \$9,000 was in the budget the City could take care of the problem on July 1st, 2nd and 3rd.

Mr. Bussinger asked if the City Manager would refresh his memory on the letter which had been sent to these people. Mr. Olson said this letter had been sent on December 4th; that it stated that the City had hoped to overlay the street (the letter was addressed to residents from 2300 through 2507 N. E. 63rd Place); that after further study, it had been determined that it was not just an overlay problem; that the curbs would have to be raised; that there would have to be a re-surfacing there, and that the City had hoped to undertake the work in the future.

Mr. Bussinger said he would do all he could to help the complainants all he could after the first of July.

Mr. Simmons inquired how long that street had been there. The answer was approximately 16 years.

Further communications from the Audience: Mr. Herman Scharhag, owner of property described as being located at approximately the East side of Broadway, from Englewood Road North, to approximately 58th Street North, addressed the Council and Mayor, asking that Item 17 on the Agenda, concerning the first reading of the Bill, No. 71-8) be held up; he said he was very anxious that his project be considered; that, however, he had received an outline of a proposed zoning change with a new category of zoning (CH) which he feels will suit his purpose very well; that, in view of the zoning change, he believed it would be more appropriate to ask for a continuance until after the first informal hearing on this change. He said if the Council is agreeable, he would appreciate having it continued.

Mr. Walker said he didn't think that proposal is adaptable to Mr. Scharhag's Plan; that he might have to submit a whole new plan if the first reading is delayed this evening.

Mr. Scharhag said he believed it would be a more appropriate classification.

Mr. Walker said to do that would require more Public Hearings; he said that Mr. Scharhag might withdraw his request, or that the Council could go ahead and vote on it. He asked the Assistant City Counselor for an opinion. He asked if Mr. Scharhag would have to re-submit his request under CH, if that category of zoning is adopted.

Mr. Dods said he would answer with a typical lawyer's "reply"... "I am not sure". He said he would have to check to see if it would constitute a lower classification; that the Council only has a draft of the proposed amendments now; that he would be reluctant to answer that question.

Mr. Walker said he felt it would have to be a complete, new plan; that it wouldn't remain the same; that he believed it would have to be completely changed.

Mr. Dods said he felt the Council would certainly have to, and so far they have not, compared Mr. Scharhag's Plan with the new ordinance, to see if it fits.

Mr. Dowd suggested that the Council not act on Mr. Scharhag's request until after Mr. Dods can check it out, and then let Mr. Scharhag know and decide at that time.

Mr. Jezak asked if Mr. Scharhag could withdraw it tonight, and re-submit it?

Mr. Scharhag said he was anxious to proceed as soon as possible.

Mayor Davis said that if Mr. Scharhag withdraws now, he will have to wait (approximately 60 days) to re-submit, will have to pay his fee again, and go through the Public Hearings, again.

Mr. Dowd moved to grant Mr. Scharhag a continuance on his request.

Mr. Dods said the Council cannot decide until they know what ordinance they are going to adopt; he suggested the way to go would be to just "table" the item...

Mr. Dowd said he would start over... "I move to table Item 17". Mr. Bussinger seconded.

Mr. Jezak said he felt, personally, that if the Council has to table this for 60 days, or longer, he believed this would be doing the persons in the area an injustice; he believed the Council should keep it on the Agenda, and carry it through tonight, or that Mr. Scharhag should withdraw, and re-submit and that he believed this would be the proper method.

Mr. Walker said he agreed with Mr. Jezak; that this has gone on over a long while; that it has always been his understanding that the majority rules.

Mayor Davis said it is true, the majority does rule; that he agreed with Mr. Jezak and Mr. Walker, but that the question is a matter of fairness to all.

Mr. Walker said the Council is basing a continuance on a supposition that the ordinance will be passed; just basing this on a supposition; that he believed the Council now had the facts before them, and believed it should be voted on tonight, or be withdrawn.

At this time the vote was called: Mr. Dowd, "aye", Mr. Bussinger, "aye",
(On the motion to table Item 17) Mr. Jezak, "NO", Mr. Walker, "NO", Mayor
Davis, "aye". Motion carried 3-2.

Mr. R. E. Carver, 3400 NE 68th Street Terrace, addressed the Council and Mayor. He said that there was a bad drainage problem at 68th Terrace and North Indiana. He said the curbs had been broken when Garney put in the sewers, and that the compaction was never proper thereafter; that he had reported it and at that time, he felt the contractor's bond would have taken care of the matter; that he believed the repair work should have been done then.

Mayor Davis asked the City Manager to please check this out and to report to the Council at the next meeting.

Mrs. Theresa Aul, 2504 NE 61st Street, addressed the Council and the Mayor concerning the "holding" of cats suspected of being rabid. She said there are many, many children in this City, and many, many cats, as well as dogs. She said she knows of the City's ordinance on dogs, but feels there should be something controlling cats; that a problem like this just doesn't come up until it happens to your own children, and that a rabid cat or one suspected of being rabid, is extremely dangerous; that the City's ordinance which makes it a law to observe dogs which have bitten children should also apply to other animals in case of suspected rabies. She cited just such a situation.

Mr. Bussinger said he understood that it had been suggested that some holding cages be place at the City's Dog Pound for just such purpose until Wayside Waifs, or some such agency, could be contacted to handle the matter or pick the animal up.

Mayor Davis suggested that Councilman Bussinger, as the Council's representative to the Citizens Advisory Board on Public Safety, check this matter out and report back to the Council.

The City Manager said it was difficult because a rabies test for a cat means taking the head, and that this was not too healthy for the cat.

Mrs. Marge Motta, 5804 North Broadway, addressed the Council and the Mayor, asking that relief be given to the traffic problem still existing on Broadway; that the "street is still just as busy as the devil, and that she would love to know just how many tickets for speeding are given out there in a 24-hour period"... She said "...even though speed has been reduced, the Idiots do not slow down." She said she would like to place a big bump in there, but figured that would be against the law.

Mr. Jezak said he had been in the group which had gone over to see about the problem earlier; that he knew the speed had been reduced from 35 MPH to 25 MPH, but that he guessed no one would be happy until there is a stop light there.

Mrs. Motta said the cars are not going 25 MPH, that they drive at least 50 MPH, and many drive even faster. She wondered about a stop sign.

Mrs. Motta said she also felt that this part of town is being discriminated against in not having a park. She said there are several parks serving people east of North Oak Street. It was noted that consideration of several pieces of ground in that general area had been given; that one piece of property in particular at which the City had looked could have been bought for \$100,000. Mrs. Motta said she felt sure that there had been pieces of ground available to the City several years ago which would not have cost this much, and that she had, in fact, known that the Planning Commission had looked into this matter a long time before. Mr. Jezak commented

* * *

Item 6 on the Agenda: Communications from the City Council. Mr. Walker said he had attended the Mayor's Breakfast, supported by Kansas City's Mayor Charles Wheeler and St. Louis' mayor, Mr. Al Cervantes. He said the subject for discussion was a 2% sales tax, which would be redistributed back to the cities and the counties...that all existing sales taxes would be abolished, that is, city sales tax...the proceeds from the proposed 5% would be shared by everybody; he said he hoped the Council would review this Bill. Mayor Davis suggested that Mr. Walker bring this up again at the next work session.

Mr. Dowd said he believed the Council should look into some method of restraining or holding cats.

Mr. Bussinger said (1) as Chairman of the study of the Liquor Ordinance, that quite a few hours have been spent on this study, and, since liquor-by-the-drink will be a fact as of July 1st, they are still working on it, and pretty well have it finalized; the first reading will be held on May 24th. (2) Mr. Bussinger said as there is a vacancy on the Board of Zoning Adjustment, he would like to suggest the appointment of Mr. Josh Kindred, 1707 N. E. 67th Street to fill this vacancy. He said he would put this appointment into the form of a motion, and did move to appoint Mr. Kindred to serve on such Board. Mr. Walker seconded. The vote: All "aye".

Mr. Jezak said he would like to publicly congratulate Mr. Lee Wilhite and Mr. Vern Johnson on their activities in Civil Defense and especially during tonado watches.

At this time, Mr. Jezak moved for the adoption of Resolution No. R-71-39, authorizing the Council to urge our local senators and representatives to vote to override the Governor's veto action on Senate Bill No. 77, which would increase the State Motor Fuel Tax from 5¢ to 7¢, which would mean approximately \$50,000 a year for our City. Mr. Walker seconded. The vote: All voted "aye". Copies of the said Resolution No. R-71-39 are to be sent to Senator Waters, and Representatives Snowden, Broomfield and Thomas.

Mayor Davis said he wished to advise of a flooding problem at 57th and Michigan. He also said he wanted to make the public aware of the City's recent purchase of a street sweeper; he said the Street Department will be working hard to catch up with Gladstone's problem of dirty streets.

Mayor Davis reminded the Council of the Mayor's Conference to be held May 17th and 18th.

At this time, Mayor Davis read a letter of appreciation of the services of the Gladstone Public Safety Department written by Mr. Ray Lindbergh, 7530 North Highland, in which he said he was grateful, as a citizen, of the services and professional way in which the Officers acted. (see attached)

Item 7 on the Agenda: Communications from the City Manager - Mr. Olson asked the Council to place an additional item on the Agenda; namely, consideration of the Preliminary Plat of Kingston Estates. This will be added as Item 11-A.

Mayor Davis called a 15-minute recess.

* * *

The regular meeting of the Gladstone City Council was reconvened by Mayor Davis at 9:20 P.M. All members were present and accounted for.

At this time, an additional item was brought to the attention of the Council by the Mayor who said that he wanted to bring up the coming election of May 25th, to grant the County the opportunity to continue the levy at 50% and he therefore moved that the City Council endorse the restoration of the tax levy and support the County in its time of need. Mr. Walker seconded. The vote was unanimous in approval.

* * *

Item 8(a) was a consideration of the building plans for the Gladstone Delicatessen (formerly Sebastiano's) at 74th and North Oak Street Trafficway. Based upon an earlier suggestion that the present building be razed, the present plans show destruction of the present building, and the erection of a new building upon that site; there will be buffering, there will be no drive-through from entrance to exit onto North Oak, the parking area will be asphalted, and it will be an office-type structure which will house other tenants in addition to the planned delicatessen, and there will be, in addition, a storm sewer and North Oak at that section will be widened 10 feet. After general discussion with the Owner, Mr. Marlon Mistrretta, and the Council, Mr. Walker moved to approve the building plans for the Gladstone Delicatessen, subject to final approval of the said plans by the City Engineer, and including suggestions of the City Council. Mr. Dowd seconded. The vote: All "aye".

Item 8(b) was a consideration of the building plans for an addition to the Little Folks School, located at 300 E. 58th Terrace, North. Mr. Lawrence Wickham, Architect, presented a rendering, and a general layout of the plans for the Council's consideration. It was noted that the school is presently in an R-1 zone, but that it has a State approved curriculum, and is allowed in that zoning classification. Mr. Olson stated that it is not just a "nursery school" and stipulated that the addition will have to be built under the regular Uniform Building Code for School Structures. Mr. Wickham advised that the new structure will add approximately 2800 square feet to

the present structure which has 3600 square feet; there will be room for two classrooms on the first level and two on the second level; the structure will basically be matched to the present structure, with frame on block foundation. It is just south of the Midas Muffler Building; there will be 12 car parking spaces provided, and it was noted there are no residential structures nearby.

After further discussion, Mr. Bussinger moved to approve the building plans for the addition to the Little Folks School, subject to the final approval of the City Engineer. Mr. Jezak seconded. The vote: All "aye".

Mr. Walker commented that, in the future, he would like to see more complete building plans presented to the Council for action, because, otherwise, they cannot get the full picture.

* * *

Item 9 on the Agenda: Consideration of an application for a Class B Liquor License for the Gladstone Delicatessen. Mr. M. Mistratta, applicant. After discussion, during which the City Manager advised that the Public Safety Department check had shown no unfavorable information concerning the applicant, Mr. Jezak moved that the Council approve a Class B Liquor Permit for the Gladstone Delicatessen, 7400 North Oak Street. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: Consideration of the application for a Fireworks Stand Sales Permit, from Clay-Platte Detachment of the Marine Corps. League, with a new location address of 5848 North Oak Street. It was noted that the Council was already familiar with this application, and had, in fact, requested that the applicants seek a new location. The motion was made to grant such Permit and to waive the fee therefor. Mr. Bussinger seconded. Mr. Dowd expressed his thanks to this group for cooperating with the Council's request on finding a different location than the one first suggested. The vote: All "aye".

* * *

Item 11 on the Agenda: Consideration of a permit to erect an "Airatorium" by the Gladstone Seventh Day Adventist Church, the exact location to be decided upon later. The structure to serve from June 20th through July 25th. It was noted that Mr. Harry Curl, Pastor of the Church, had contacted the City Clerk and advised that he had tentative arrangements made to use the ground at 70th and North Holmes which had been used for the past three years, but that this had not been confirmed as yet, as the ground has new owners.

Mr. Bussinger moved to defer such action until a definite site location had been secured by the Gladstone Seventh Day Adventist Church. Mr. Dowd seconded the motion. The vote: All "aye". Mr. Curl will be notified of the Council's decision.

* * *

Item 11-A (Added Item)...Consideration of the Preliminary Plat of Kingston Estates. Mr. Joe Evans of Evans Engineering, representing Mr. Dostal, the Developer, showed the layout to the Council. The matter had been considered by the Planning Commission at its meeting of May 3rd, and, subsequently, a Special Meeting of the Planning Commission was held on May 8th, at which time the matter was re-considered. Because of an option on the ground, there is something of a rush on this matter.

One question came up as to what the impact would be on 75th Street with heavy construction vehicles coming and going during the development of this Plat. It was noted that past experience has indicated that there will surely be an impact, but it would be hard to say just what problems would come up. As to the future extension of 75th, from the cul-de-sac which will be put in temporarily, this extension will be made by a different owner than Mr. Dostal and should any damage or restoration of curbs be needed, it was felt that this should be the responsibility of Mr. Dostal. It was further noted that matters of this kind could be decided prior to the acceptance of the Final Plat. It was noted that 75th serves 12 blocks between the proposed development and North Oak Street.

After further discussion, Mr. Walker moved as follows: "That the City Council approve the Preliminary Plat of the Kingston Estates, with the understanding that if it is legal to create a temporary cul-de-sac, that it be included, and that in the event of the future tearing up of such cul-de-sac, the Council does request that any repair of such cul-de-sac is required, it be at the builder's expense, or that monies be placed in an escrow account to handle such anticipated expense." Mr. Bussinger seconded. The vote: All voted "aye".

* * *

Item 12 on the Agenda: 3rd Reading of Bill No. 69-39, for the apportionment of main sewer assessments for certain land in Carriage Hills, Sixth Plat. Mr. Walker moved to remove Bills No. 69-39 and 69-38 from the table and to place same on the Agenda. Mr. Jezak seconded. The vote: All voted "aye".

Mr. Jezak moved to accept the second reading of Bill No. 69-39, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 69-39, and to enact said Bill as Ordinance No. 1,797. Mr. Walker seconded. The vote: All "aye".

Mr. Bussinger moved to accept the second reading of Bill No. 69-38, approving the Final Plat of Carriage Hills, Sixth Plat, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of Bill No. 69-38, and to enact said Bill as Ordinance No. 1,798. Mr. Jezak seconded. The vote: All "aye".

Item 14 on the Agenda: Mr. Jezak moved to place Bill No. 71-20, being for an ordinance to accept a certain Utility Easement in Bolling Heights from Mr. and Mrs. Clyde Starr, on its third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-20, and to enact it as Ordinance No. 1.799. Mr. Bussinger seconded. The vote: All "aye".

* * *

accept the first reading and to
Item 15 on the Agenda: Mr. Jezak moved to place Bill No. 71-21, for an ordinance to approve a rezoning request from M-1 to R-1 on property located at approximately 3909 NE 76th Street, owned by Mrs. Elliott, on its second reading. Mr. Dowd seconded. The vote: Mr. Dowd, aye, Mr. Bussinger, NO, Mr. Jezak, aye, Mr. Walker, aye, Mayor Davis, aye. Motion carried 4-1. The Clerk read the Bill.

* * *

Item 16 on the Agenda: Mr. Jezak moved to accept the first reading of Bill No. 71-22, for an ordinance to approve a rezoning request from M-1 to R-1 on property described as being located at approximately 3801 NE 72nd Street (Mr. and Mrs. Marvin Tarwater, et al, Owners), and to place said Bill on second reading. Mr. Dowd seconded. The vote: Mr. Dowd, aye, Mr. Bussinger, NO, Mr. Jezak, aye, Mr. Walker, aye, Mayor Davis, aye. Motion carried 4-1. The Clerk read the Bill. A meeting prior to third reading to be held with the attorneys for both clients owning the above pieces of property, May 17th.

* * *

Item 17 (tabled as noted earlier)

* * *

Item 18 on the Agenda: Mr. Bussinger moved for the first reading of Bill No. 71-23, requiring the City Collector to prepare a Land and Lot Delinquent List. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 71-23, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 71-23, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger then moved to accept the third and final reading of Bill No. 71-23, and to enact said Bill as Ordinance No. 1.800. Mr. Jezak seconded. The vote: All voted "aye".

* * *

Item 19 on the Agenda: Mr. Jezak moved to place Bill No. 71-24, being for an ordinance to authorize an Agreement with the City of Kansas City, Missouri,

providing for mutual assistance for protection from fires. Mr. Walker seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 71-24, and to place said Bill on second reading. Mr. Walker seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 71-24, to waive Sec. 20, (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of said Bill No. 71-24, and to enact same as Ordinance No. 1.801. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 20 on the Agenda: Mr. Bussinger moved to place Bill No. 71-25, for an ordinance to regulate non-appearances in Municipal Court, and establishing penalties therefor, on its first reading. Mr. Walker seconded. The vote: All voted "aye". The Clerk read the Bill.

* * *

Item 21.

Mr. Dowd moved for the Adoption of Resolution No. R-71-40, authorizing work performed and authorizing final payment of \$493 to H. R. Herdinger on Public Works Building Contract No. 8, for doors and stairs. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 22.

Mr. Walker moved for the Adoption of Resolution No. R-71-41, authorizing the City Manager to execute a contract with Clay County for the printing of the real and personal tax statements for the said City (machine time). Mr. Jezak seconded. The vote: All voted "aye".

* * *

Item 23.

Mr. Dowd moved for the Adoption of Resolution No. R-71-42, authorizing the City Manager to execute a Contract with the Chief Deputy Clerk, Mr. Jack Roberts, for personnel to print tax bills for the City. Mr. Bussinger seconded. The vote: All voted "aye".

* * *

Item 24.

Mr. Bussinger moved for the Adoption of Resolution No. R-71-43, authorizing the "write-off" of certain uncollectible water accounts in the total amount of \$1,566.03. Mr. Jezak seconded. The vote: All "aye". Re this Resolution, Mr. Walker asked about one specific account which showed an amount owing of \$114.92, and asked if these couldn't be turned over to a collection agency. He said that he felt if even 10% of them were collected, the City would be better off.

It was decided that, for accounting purposes, the accounts would be "closed", but that every attempt would be made to collect as many as possible. With reference to the account in the amount of \$114.92, Mr. Bussinger asked if it wasn't rather unusual to let any bill get this high. The City Manager said he would look into it and report.

* * *

Item 25.

Mr. Bussinger moved to accept the Cash Disbursements Report for the Combined Waterworks and Sewerage System Operation and Maintenance Fund for the month of April, 1971; the Statement of Cash for ten months ending April 30, 1971; the Disbursements Report for General Fund, Capital Improvement Fund (for construction of sidewalks), Park Land Acquisition Fund, Park Land Improvement Fund, and Public Works & Utilities Building Fund. Mr. Dowd seconded. The vote: All voted "aye".

Under Item 26, "OTHER", Mr. Bussinger asked what our estimated cost per house on the Agreement with the Oaks. He asked the City Manager to please report back on this.

Mr. Jezak asked why the cost of water has apparently doubled, according to the report contained in the Newsletter to the Councilmen. The City Manager said some of this was attributable to the cleaning of the filter and basin, which occurs every two years; he said he would check into the matter and report back to Councilman Jezak, since it seems to be significantly higher.

Mayor Davis advised that he wanted to check over the calendar of meetings for the Council; on May 11th, at 7:30, a work session scheduled on Capital Improvements, and with Mr. John Dods after 9:00 P.M., to discuss M-1 zoning; On the 13th, a meeting on the Zoning Revisions; on the 17th, a work session to discuss M-1 to R-1 zoning with the Attorneys, Mr. Austin and Mr. Von Erdmannsdorff, with a work session to be held afterward; on the 19th, the Clay County Coordinating Committee meeting; on the 20th, the Westgate Division of the Missouri Municipal League dinner meeting; the 24th is Council meeting; the 25th, there is to be a work session on the Budget for Utilities and Revenue; the 27th, there will be a meeting on the Liquor Ordinance with the Clergy of the City (On the 24th, the first reading of the Liquor by-the-drink Bill is to be read.).

As there was no further discussion or business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:55 P.M.

Respectfully submitted,

City Clerk

MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

24 MAY 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Davis at 8:00 P.M., Monday, May 24, 1971, in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to the Mayor, Councilman Dowd, Councilman Bussinger, Councilman Jezak and Councilman Walker were present. The City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were present.

The Invocation was given by Reverend Richard Boatright, Pastor of the Broadview Missionary Baptist Church.

Item 3 on the Acceptance of Minutes. Mr. Jezak moved for the acceptance of the Minutes of the regular Council meeting of May 10, 1971, as submitted. Mr. Bussinger seconded. The vote: All "aye".

Item 4 on the Agenda: Public Hearing on a request to rezone from C-1, Local Business District, to C-P-2, Planned General Business District, property described as being located at approximately the SW corner of 70th and North Holmes. Mayor Davis opened the Hearing, asking that anyone in favor of such rezoning might speak at this time.

Mr. Irving Achtenberg, Attorney of the firm of Achtenberg, Sandler and Balkin, 531 Walnut, Kansas City, Missouri, representing the optionees on this piece of property, addressed the Mayor and Council. He said the property has a frontage of 290 feet on 70th Street and 372 feet on North Holmes. He said the proposal for the development planned is for a 4-story, multi-purpose office building. He displayed an artist's rendering of the proposed building.

Mr. Jezak asked what the exterior would be made of. Mr. Achtenberg said it would be of modular brick, where the vertical sections showed on the drawing, and the cornice work would be of some sort of cast stone.

Mr. Jezak asked when he proposed to begin construction. Mr. Achtenberg answered that the time schedule projection was March of 1972.

Mr. Bussinger asked if Mr. Achtenberg recalled the recommendations made by the Planning Commission for curbs, sidewalks, etc. Mr. Achtenberg said he felt sure the development would be done entirely in accordance with the City requirements.

Mr. Walker asked to see a Site Plan if one was available. This will be available to the Council for a later discussion.

Mr. Stanley Holmes addressed the Mayor and Council, asking if Gladstone was prepared to offer fire protection on a 4-story building.

Mayor Davis stated that it was a fact of life that the City does not have aerial equipment; that it wasn't in this year's budget and probably would not be in the next budget, and he asked Mr. Holmes what he suggested in this regard.

Mr. Holmes asked if the zoning was "only for that land just south of the City Hall grounds?" Mayor Davis said this Public Hearing is only for that tract of land.

Mr. Walker advised that the City of Gladstone has a pretty adequate agreement with several other cities in the area, which is reciprocal and a mutual-type thing, which serves to protect this and other areas of Gladstone.

Mr. Holmes asked if it would be detrimental to the City's zoning to put CP zoning on a whole "district", when it "isn't necessary"...

Mr. Walker said that if it weren't rezoned, the chances are that it would have to be zoned again.

Mr. Holmes queried Mr. Walker as to what he meant when he said "fairly adequate".

Mr. Walker replied that he had said pretty adequate, and he stated that, as most people knew, fairly recently there had been a fire started on a third floor apartment; that there was neighboring aerial equipment present at that fire in sufficient time to confine that fire to that apartment, and to prevent any loss of life.

Mr. Holmes asked if that would be adequate?

Mr. Walker answered that yes, the City does have adequate fire protection; that we do not have an aerial device, but we do have adequate fire protection.

Mr. Holmes said he felt it would be larger benefit to the City to "cover a larger area" with the new zoning, instead of just "spot zoning", "as it were".

Mayor Davis said he and the Council were interested in the reactions of all the citizens in matters such as these, and he asked Mr. Holmes what he would recommend.

Mr. Holmes said his question was whether or not it would be wise to put up a four-story edifice on that property when the City has "only adequate fire protection".

Mr. Jack Boyce, of Arrow Realty, asked if he might be permitted to answer Mr. Holmes' question. Permission was granted and Mr. Boyce said that the plans indicated there would be two automatic elevators in the building, and that "no one would need to jump out of the third story". He also informed Mr. Holmes that this property was all zoned C-1 and had been since 1957.

Mayor Davis closed the Public Hearing at this time, and advised Mr. Holmes that it was felt there was adequate fire protection available.

Item 5 on the Agenda: Communications from the Audience: Mr. William Brown, of William Brown Realty, 7400 North Oak. He addressed the Mayor and Council regarding the possibility of putting up a temporary "Butler-type" facility to house his present real estate office on a lot owned by Mr. P. D. Harris to the north of 7400 North Oak. His office is presently in the building which has been purchased by Mr. M. Mistratta and will be razed for the construction of a new building into which Mr. Brown will move later on. He cited the example of a temporary building which the Home Savings Association offices at Antioch Shopping Center used while their office was being remodeled recently. He said, however, that this would be a smaller building he had in mind, approximately 8 x 16 feet, and would be removed immediately after the completion of the new structure to be built at 7400 North Oak.

After some discussion by the Council, Mr. Walker suggested that Mr. Brown write a letter to the City Manager to the effect that it would be only a temporary type of construction, and to say that it would be moved after the other building is finished. This suggestion met with the approval of the other Council members.

Mayor Davis advised Mr. Brown that it was the consensus of the Council that they would like to work with Mr. Brown; that they need to make sure it would only be temporary; that they did not see any problem, and suggested that Mr. Brown contact the Engineering Office for particulars.

A group of several young men were present at this meeting, and their spokesman, Joel Knapp, addressed the Mayor and the Council concerning their participation on May 22nd in an all-day rock festival held in Mr. Bussinger's neighborhood, and, thanked the Council for allowing them to have such a concert, and, followed this by presenting a check in the amount of \$100.00 to the Mayor for the Gladstone Philharmonic Drive. The Council members, in turn, thanked the group and applauded their beyond-reproach behavior at the festival. Several members said they had received one or two "crank" calls, but one member said he had gone over to the site where the concert was being held to investigate, and had stayed to listen and enjoy. There was an exchange of handshakes and mutual appreciation expressed by all.

Mr. Stan Holmes, 1800 E. 76th, advised that he would like an option to speak on item No. 12 on tonight's Agenda.

Mr. Stephen Jay, Sr., 120 North 81st, addressed the Council, and said that he was present as a representative of the Gladstone Church of the Nazarene; that he also wanted to address the Council on item 12.

Mr. R. E. Carver, said he would like to ask that Council if they had ever considered a "kiddie-car" ordinance; that tiny children, even in the diaper stages, race down a hill onto North Indiana on tricycles, little trainer-wheel bikes, and actually kiddie-cars; that an accident there would be harder on an older person than it would be on the child; that, particularly for someone who had a history of heart trouble such as he had, the possibility of running into or over a child would see him buried as "deep as the other one", should such a thing occur. He asked the Council to see if they couldn't do something about this problem.

Item 6: Communications from the Council:

Page 4

Mayor Davis asked the City Manager if a drainage problem at 68th and North Indiana, reported by Mr. Carver earlier, had been repaired. The City Manager advised that the problem was actually caused from a curb sinking after a sewer contractor left the area. He said the curb will have to be taken out and rebuilt; that he was still checking into the possibility of the contractor's liability here; that it isn't a very extensive job but finding the time to get to it was different. Mayor Davis asked when or if a project date might be given. The City Manager said he hoped it would be within the next two weeks.

Mayor Davis said he wanted to report that the Meadowbrook Park sign is badly damaged; that it wouldn't take much to permanently destroy it. The City Manager indicated that someone had run into the sign and that steps would be taken to repair it.

Note was taken of a trash problem at the rear of Hamilton Heights Country Club, and the City Manager was asked to see about getting the trash problem cleared up.

Mayor Davis said he wished to commend Councilman Walker on the fine work he had done as the immediate - past president of the Westgate Division of the Missouri Municipal League; he noted that membership seemed to have increased greatly during Mr. Walker's term as president.

Item 7: Communications from the City Manager:

Mr. Olson said an additional Bill, No. 71-28, would be added to the Agenda and that copies of it were before the Councilmen. He said that he would ask the Council to consider the Preliminary Plat of Ellington Estates this evening, and he drew the Council's attention, also, to Bill No. 71-26, copies of which were not included in the packets, but were also in front of the Councilmen at this time.

Item 8: Third Reading of Bill No. 71-21, for an ordinance to rezone from M-1. Light Industrial Zoning District, to R-1 Residential one-family Zoning District, property described as approximately 3909 NE 76th Street. The Owner is Mrs. Opal Elliott. Mayor Davis said he had received a letter from Mr. Bill Austin, Attorney for Mrs. Elliott, requesting that the third reading of the said Bill be tabled until March, 1973, to give the owners an opportunity to sell the property or properly develop it, and Mr. Austin requested a continuance.

Mr. Bussinger moved as follows: "In view of the discussions held between Mr. Austin and the City Council, and Mr. Austin's request on behalf of his client, and their assurance that they will work to sell and develop the property in question, I move to table the third reading of Bill No. 71-21 until March, 1973. Mr. Jezak seconded. The vote: All voted "aye".

Item 9: Third reading of Bill No. 71-22, for an ordinance to rezone from M-1. Light Industrial Zoning District, to R-1. Residential one-family Zoning District property described as approximately 3801 NE 72nd Street. The Owners are Mr. and Mrs. Marvin Tarwater and other members of their family. Mr. Max

Von Erdmannsdorff had written a letter asking that the subject land remain in its present zoning status until spring, 1973. (Mr. Von Erdmannsdorff is an attorney who represents the Tarwater, et al, family who own the subject property.) After further discussion, Mr. Walker moved to place the third reading of Bill No. 71-22 on table, and to continue it until March, 1973. Mr. Jezak seconded. The vote: All voted "aye". It was noted that the original recommendation was to give the owners additional time to develop their ideas and plans for the land in question, and this extra time will give the owners every conceivable means of developing it.

* * *

Item 10 on the Agenda: Mr. Jezak moved to accept the first reading of Bill No. 71-25, for an ordinance to regulate non-appearances in the Municipal Court, and establishing penalty therefor, and to place said Bill on second reading. Mr. Bussinger seconded. The vote: All voted "aye". The Clerk read the Bill.

* * *

Item 11 on the Agenda: Mr. Bussinger moved to place Bill No. 71-26, being for an ordinance to approve the Land and Lot Delinquent List, entering a record thereof in the Journal, and crediting the amount thereof to the Account of the City Collector, on first reading. Mr. Walker seconded. It was noted that it would be well to give this Bill three readings, if the Council had no objection, to enable the City Collector to proceed with the necessary details. Mr. John Dods, Assistant City Counselor, suggested that all persons whose names appeared on the Land & Lot Delinquent List had to be notified in writing of their obligations prior to publication and sale of the involved properties. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 71-26, and to place said Bill on second reading. Mr. Walker seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 71-26, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of Bill No. 71-26, and to enact same as Ordinance No. 1.802. Mr. Walker seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Dowd moved to place Bill No. 71-27 on first reading; said Bill is for an ordinance amending Ordinance No. 1.529, and providing for the levying of a License Fee for the sale of intoxicating liquor, malt liquor, and non-intoxicating beer by the drink, and in the original package, and regulating the sale and consumption of same. Mr. Bussinger seconded. The vote: All voted "aye". Mr. John Dods began the first reading of said Bill, following which Mr. Stephen Jay, member and representative of the Gladstone Church of the Nazarene, addressed the Council. He said they were getting ready to sell the building on North Oak and build a new one on Prospect, and that they were anxious to help continue to make Gladstone a place in which parents will be

proud to raise children. He said he wanted to go on record as the representative of the Nazarene Church as being opposed to liquor-by-the-drink; that his Church felt the people should have a right to vote on it, and they stand firm against it.

Mayor Davis reminded those present in the audience that liquor-by-the-drink will become automatic in Gladstone as of July 1; that there won't be an election, as such unless the people of Gladstone initiate it, before July 1st; and that if anyone was interested in the details, they were invited to contact the City Manager, Mr. Olson.

Mr. Stanley Holmes addressed the Mayor and Council; he said he felt the people of Gladstone don't want liquor-by-the-drink; that he couldn't "see" deluding the situation any more by bringing it in"...

Mr. Holmes asked what police provisions the City had, and how violators would be handled.

After further discussion, Mayor Davis said the only alternative would be a petition; that the Council did not have the alternative of saying "yes", or "no"; that because of our population, it is a State law; that if enough people did not want it, then the citizens may do something about it.

Mr. Holmes said he believed it should be brought to a referendum.

Mr. Bussinger said that what the Committee wanted to do was get the "feed-back" from the citizens, but, in spite of publication following the Council meeting of several weeks ago when it was announced that there would be such a Committee; that there would be a hearing with the Gladstone ministers; that he was available for discussion, he had only had one call; that if the people do not want it, they must realize that it is up to them to get it to a referendum.

Mr. Holmes asked why the Council didn't make the planned meeting with the ministers, scheduled for the 27th of May, at 8:00 P.M., open to the public.

Mr. Bussinger said he would have no objections; that he did want the clergy to know what the amendment would try to accomplish; that they had tried to draw up the best kind of regulations they could; that anyone who was interested could come; that no one would object.

Mr. Jay said he didn't mean to imply "that you were a bunch of bad men"..... just that his Church didn't feel that liquor-by-the-drink would add to the good life in Gladstone.

* * *

Mr. Jezak moved to place Bill No. 71-28 (added as Item 12-A), being for an ordinance relating to zoning regulations and restrictions and the establishment of use districts within the City, and requesting rezoning, from C-P-3 to R-1, property described as being approximately 4000 NE 76th Street, on first reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

At this time, the Mayor called a ten-minute recess. Time: 9:30 P.M.

The regular meeting of the Gladstone City Council was reconvened at 9:40 P.M. with all members presented and accounted for.

* * *

Item 13 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-44 authorizing the City Collector to publish the Land and Lot Delinquent List. Mr. Dowd seconded. The vote: All voted "aye".

* * *

Item 14 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-45 authorizing the City Manager to accept a certain Warranty Deed for land for park purposes, and authorizing payment of certain assessments and taxes thereon in the amount of \$1,242.97, and to obtain a Title Policy for said land. Mr. Jezak seconded. It was noted that with the addition of the land thus acquired, this would give almost a 20-acre tract in the area of the Flora Street Park, on Flora, just to the east, and it was agreed that the J. A. Peterson Enterprises deserved a vote of thanks for this property. The vote was called. All voted "aye".

* * *

Item 15 on the Agenda: Mr. Bussinger moved to adopt Resolution No. R-71-46 authorizing certain fund transfers in the 1970-71 Annual General Fund Operating Budget, and authorizing additional funds. (See a copy of said Resolution attached to and made a part of these Minutes)...Mr. Dowd seconded. The City Manager explained the various increases and decreases in the seven department budgets, which actually resulted in a Net Total increase in Budgeted Expenditures for the General Fund for the 1970-71 Fiscal Year of \$1,000, said amount to be appropriated from the unencumbered Cash Balance of the General Fund. Mr. Jezak asked for further explanation on the transfer and decrease of the Parks and Recreation Budget in the amount of \$2,500. It was noted that this had not been discussed with the Park Board. Mayor Davis suggested it should be discussed with the Park Board. He said he would hope that we could find a way to get the Financial Sheets to the Park Board, at least when the Council gets them; that he would like to see the Park Board involved more, and suggested, further that they be involved on a monthly basis.

The City Manager said it was his understanding that they have had copies of these monthly statements.

Mayor Davis said he is concerned about getting a good amount in the Budget at the beginning of the fiscal year; when the additional money doesn't get spent, it shows him that the money doesn't get spent.

Mr. Bussinger said he was going to get involved too; he asked if the City Manager felt the Park Program will get accomplished what they intended to get done in this fiscal year without the money which will be taken from the original budget. The City Manager answered in the affirmative.

The vote on the adoption of Resolution No. R 71-46 was called. Mr. Dowd, aye Mr. Bussinger, aye, Mr. Jezak, NO, Mr. Walker, aye, Mayor Davis, aye. Motion passed, 4-1.

* * *

Item 16 on the Agenda: Consideration of the Site Plan submitted by Mr. Walker LeBrunerie, for Prospect Plaza, to be located at approximately the NE corner of 64th Street and Prospect, after due consideration, Mr. Bussinger moved for the approval of the Site Plan, subject to the approval of the City Engineer. Mr. Walker seconded. The vote: All "aye".

* * *

Item 16-a, an added item, consideration of the Preliminary Plat of Ellington Estates. Mr. Josh Ellington, owner/developer was present to discuss the Plat with the Council.

After due consideration, Mr. Walker moved to accept the Preliminary Plat of Ellington Estates, subject to its being further checked out by the City Engineer, as to the ordinance requirements.

Mr. Bussinger seconded. The vote: All "aye".

Mr. Ellington asked if he could now proceed? The answer was in the affirmative if the Plat does indeed meet all ordinance specifications.

* * *

Item 17 on the Agenda: Mr. Bussinger moved to accept the Financial Reports for ten months ending April 30, 1971, for the Combined Waterworks and Sewerage System, the General Fund, the Sewer Assessment Fund, the Special Park and Playground Fund, the Sidewalk Construction Fund and the Public Works and Utilities Building Fund, as submitted. Mr. Dowd seconded. The vote: All voted "aye".

* * *

Item 18 - Scheduled as "OTHER"....the Mayor noted there would be a work session on the Budget on Tuesday, at 7:30 P.M.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:25 P.M.

Respectfully submitted,

City Clerk

SPECIAL INVESTIGATOR

JACK CORUM

Mayor Richard Davis
City Hall
7010 North Holmes
Gladstone, Missouri

Dear Mayor Davis:

On behalf of my staff and myself I wish to take this opportunity to thank the Gladstone Police Department for its fine cooperation and assistance in the narcotics investigation which resulted in the successful drug raids on May 20, 1971. These officers played an important part in this investigation. I also realize that this involved many off-duty hours for members of the Gladstone Department, but it is such hard work and devotion to duty that is necessary to curtail this type of activity.

As you know, effective law enforcement is the direct result of the active assistance and cooperation of all law enforcement agencies and dedication such as members of the Gladstone Police Department have exhibited. As a result of such cooperation and assistance, the Clay County Investigative Squad, which I hope will become a permanent agency in Clay County, was formed and will continue to combat drug abuse and other criminal activity in the county. Again, my sincere thanks and appreciation for Gladstone's cooperation and assistance.

Yours very truly,

WSB:ch

William S. Brandom
Prosecuting Attorney

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
14 JUNE 71

The regular meeting of the Gladstone City Council was called to order on Monday, June 14, 1971, by Mayor Richard F. Davis. All members with the exception of Mr. Lee Bussinger, who was out of the City on vacation, were present. In addition, the City Manager, Mr. David Olson, a member of the firm of Shook, Hardy, Ottman, Mitchell and Bacon, Mr. John Monica, and the City Clerk were also present.

Rather than have an invocation, Mayor Davis advised that because it was Flag Day, and to honor our national flag, the Pledge of Allegiance would be repeated by all present at this meeting.

Item 3 - Mr. Jezak moved to accept the Minutes of May 24, 1971, as submitted. Mr. Dowd seconded the motion. The vote: all voted "aye". Minutes accepted. (4-0)

Item 4 - Mayor Davis congratulated Mr. Jim Dobie on his many years' work with the Gladstone Youth Club, and commented on Mr. Dobie's unselfish interests in youngsters. Mr. Dobie was given a Key to the City, and a hearty round of applause followed.

Mayor Davis presented commendations to the following Public Safety Officers: Corporal John Fields, (unable to be present because of being in school at Warrensburg), Public Safety Officer Donald Hogue, and Public Safety Officer Thomas Zinn. The two officers who were present received the congratulations of the Mayor and Council members, and were applauded by the audience.

Item 5 - Communications from the Audience - Mr. Josh Ellington asked the Council to consider three readings of Bill No. 71-37, for an ordinance to approve the Final Plat of Ellington Estates, First Plat. Mayor Davis said this would be considered when the time came to take up Item No. 18 on the Agenda.

Mr. Achtenberg, 531 Walnut, representing the A. S. & B. Development Company, requested three readings of Bill No. 71-41, scheduled as the first reading of the said Bill for an ordinance to rezone certain property located at the SW corner of 70th Street and North Holmes. Mayor Davis replied that this matter would be considered at the time Item 21 was taken up by the Council.

Mr. Hank Ceplina, 6512 North Campbell, advised the Mayor and the Council of a problem involving a broken city sewer line, and asked relief in payment of a bill for repairs in the amount of \$120. In answer to a question asked by the Mayor, Mr. Ceplina advised that he had not talked to the City Manager about the problem. Mr. Olson suggested that Mr. Ceplina come in to talk with him; he said that normally when there is a problem of this kind, and the fault lies with the City, the City would make a reimbursement.

Mayor Davis asked the City Manager to report at the next meeting as to what steps were taken to aid Mr. Ceplina.

Mr. Angelo Motta, 6512 North Broadway, asked the Council if there was anything they could do to legally keep the traffic which will be created by the addition of 350 more apartments to be constructed west of North Broadway, in Kansas City, off of North Broadway, which is "already a trouble street". There were several comments from members of the Council. Mr. Walker advised that this had been attempted previously, but that such a request "falls on deaf ears".

Mr. Motta went on to say he had hoped that perhaps a petition from the Council to the City of Kansas City, Missouri, might be effective.

Item 6 - Communications from the City Council. Mr. Jezak advised that he felt that Mr. Larry McWilliams had done a good job with the Park Board and he said he had enjoyed working with him and would like to move to place Mr. McWilliams' name up for nomination for another three-year term on the Park Board. Mr. Walker seconded the motion. The vote: All voted "aye". (4-0)

Mayor Davis asked the City Manager to see that the 58th Street easement is mowed, as the overgrowth there is high; he also asked that the ball diamonds be dragged.

Mayor Davis read aloud a letter from Mr. William Brandom, the County Prosecutor, in which the Gladstone Public Safety was commended for their assistance in a recent Drug Raid which was highly successful. (See copy attached as a part of these Minutes).

Item 7 - Communications from the City Manager. Mr. Olson asked that items numbered 12 and 13, being scheduled as first readings of Bills 71-32 for the suppression of a nuisance on land located at approximately the SE corner of North Oak Street and 67th Street and 71-33 for the suppression of a nuisance at approximately 68th and North Oak Street, respectively. He said he had received some communication from at least one of the individuals involved in the locations in question and would like to have a little more time to study the matters before Council action. The Council agreed to defer action on said items.

Item 8 - Mr. Walker moved to accept the second reading of Bill No. 71-25, being for an ordinance to regulate non-appearances in the Municipal Court, and establishing a penalty for such non-appearance, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye" (4-0)
The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 71-25 and to enact it as Ordinance No. 1.804. Mr. Dowd seconded. The vote: All "aye". (4-0).

and to place same
second reading,

Item 9 - Mr. Dowd moved to accept the first reading of Bill No. 71-27, being for an ordinance to amend Ord. No. 1.529, and providing for the levying of a license fee for the sale of intoxicating liquor, malt liquor and non-intoxicating beer for sale by the drink, etc.....Mr. Jezak seconded the motion. The vote: All voted "aye". (4-0) The Clerk read the Bill.

Item 10 - Mr. Jezak moved to accept the first reading of Bill No. 71-28, being for an ordinance to rezone from C-P-3 to R-1, land located at approximately 4000 NE 76th Street, and to place same on second reading. Mr. Dowd seconded. The vote: All voted "aye" (4-0) The Clerk read the Bill.

- * Item 11 - Scheduled as the first reading of Bill No. 71-29, for an ordinance to accept a certain standard sewer easement on certain land for public use as a part of the Gladstone Sewer System. (This involves an easement to the City from Wm. Davidson, of WILLIAMSBURG, and the easement, itself, had already been recorded, but the City lacked an ordinance denoting the receipt of such easement). It was noted that copies of such Bill had been left out of the Council packets and the item was temporarily by-passed so that copies of the Bill could be made for the Council members and the item discussed a little later on in the evening.

* * *

- Item 12 - Mr. Walker moved to defer action on Bills 71-32 (Item 12) and 71-33 (Item 13) for a two-week period. Mr. Dowd seconded. The vote: All voted "aye". (4-0)

* * *

- Item 14 - Mr. Jezak moved to place Bill No. 71-34 on its first reading. Said Bill is for an ordinance apportioning sewer assessments for Stratford Park, Fifth Plat. Mr. Walker seconded. The vote: All voted "aye". (4-0) The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 71-34 and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 71-34, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of said Bill No. 71-34, and to enact it as Ordinance No. 1.805. The vote: All "aye". (4-0)

* * *

- Item 15 on the Agenda: Mr. Dowd moved to place Bill No. 71-35 on its first reading. Said Bill is for an ordinance accepting the Final Plat of Stratford Park, Fifth Plat. Mr. Walker seconded the motion. Mr. James Campbell, Attorney for the Developers of Stratford Park, the J. A. Peterson Company, was present at this meeting to discuss the Plat, and to take up such items as drainage, streets, etc. After general discussion, the vote was taken: All voted "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 71-35 and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". (4-0). The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 71-35 and to waive Section 20 (d)(2) of Ord. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". (4-0). The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 71-35 and to enact same as Ordinance No. 1.806. Mr. Jezak seconded. It was noted that this Plat consisted of 46 lots. The vote: All "aye". (4-0).

* * *

- *Back to Item 11 - Mr. Jezak moved to place Bill No. 71-29, for an ordinance to accept a certain standard sewer easement on certain land for public use as part of the Gladstone Sewer System, on first reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The City Manager explained that this was an easement needed by the City, across part of Lot 33, Williamsburg, Second Plat. The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 71-29, and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 71-29, and to waive Section 20 (d)(2) of Ord. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 71-29, and to enact it as Ordinance No. 1.807. Mr. Dowd seconded. The vote: All voted "aye". (4-0).

* * *

Item 16 on the Agenda: Mr. Dowd moved for the first reading of Bill No. 71-36, being for an ordinance approving the apportionment of the main sewer assessments for Williamsburg, Third Plat. Mr. Jezak seconded. The vote: All "aye" (4-0). The Clerk read the Bill. Mr. Dowd moved to accept the first reading of Bill No. 71-36, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Dowd moved to accept the second reading of Bill No. 71-36, and to waive Section 20 (d)(2) of Ord. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". (4-0). The Clerk read the Bill. Mr. Dowd moved to accept the third and final reading of Bill No. 71-29, and to enact said Bill as Ordinance No. 1.808. Mr. Jezak seconded. The vote: All voted "aye". (4-0)

* * *

Item 17 on the Agenda: Mr. Walker moved to place Bill No. 71-37, for an ordinance approving the FINAL PLAT OF WILLIAMSBURG, THIRD PLAT, on its first reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 71-37, and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 71-37, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: all "aye". (4-0). The Clerk read the Bill a third and final time. Mr. Walker moved to accept the third and final reading of Bill No. 71-37, and to enact same as Ordinance No. 1.809. Mr. Dowd seconded. The vote: all "aye". (4-0)

* * *

Mayor Davis called a 10-minute recess. Time: 9:15 P.M.

* * *

The regular meeting of the Gladstone City Council reconvened at 9:30 P.M., with all members except Mr. Lee Bussinger, present and accounted for.

* * *

Item 18 - Mr. Jezek moved to place Bill No. 71-38, for an ordinance approving the Final Plat of ELLINGTON ESTATES, FIRST PLAT. Mr. Dowd seconded. The question was asked about the apportionment of the main sewer assessments. It was noted that such assessments have already been paid. Mr. Jezek asked Mr. Josh Ellington, Developer, if the homes he planned to build would be comparable in price and appearance to the neighboring addition of Carriage Hills. Mr. Ellington said they would be the same or better. The vote: All voted "aye". (4-0) The Clerk read the Bill. Mr. Jezek moved to accept the first reading of Bill No. 71-38, and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". (4-0). The Clerk read the Bill. Mr. Jezek moved to approve the second reading of Bill No. 71-38, and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Jezek moved to accept the third and final reading of Bill No. 71-38 and to enact it as Ordinance No. 1.810. Mr. Dowd seconded. The vote: All "aye". (4-0)

* * *

Item 19 - Mr. Walker moved to place Bill No. 71-39 on first reading. Said Bill is for an ordinance amending Ordinance No. 1.633, and accepting the Electrical Code, and requiring a certificate before any new electrical service is connected, or before resuming such electrical service. Mr. Dowd seconded. Mayor Davis commented that Mr. Walker is to be commended for his good work in the preparation of this ordinance. Mr. Walker commented that this is a means of following up on electrical connections, and will assure that it is being followed up, and allows some much-needed control. The vote: All "aye". (4-0). The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 71-39, and to place said Bill on its second reading. Mr. Dowd seconded. The vote: All "aye". (4-0). The Clerk read the Bill.

* * *

Item 20 - Mr. Jezek moved to place Bill No. 71-40, for an ordinance authorizing the City Manager and the City Counselor to take necessary steps to acquire certain real property by purchase or condemnation for purposes of parks, and declaring the public necessity of same, on its first reading. Mr. Dowd seconded the motion. The vote: Mr. Dowd, -"aye", Mr. Jezek, -"aye", Mr. Walker, -"aye", Mayor Davis, -"aye". (4-0). The Clerk read Bill No. 71-40.

Mr. Jezek moved to accept the first reading of Bill No. 71-40, and to place said Bill on second reading. Mr. Dowd seconded. The vote: Mr. Dowd, -"aye", Mr. Jezek, -"aye", Mr. Walker, -"aye", Mayor Davis, -"aye". (4-0). The Clerk read Bill No. 71-40 a second time.

* * *

Item 21 - Mr. Dowd moved to place Bill No. 71-41, for an ordinance to rezone from C-1, Local Business District, to C-P-2, Planned General Business District, property described as being located at approximately the SW corner of 70th Street N., and North Holmes, on first reading. Mr. Walker seconded. Mr. Jezek suggested that only two readings be given this Bill at this evening's meeting.

Mayor Davis explained to Mr. Achtenberg, representing the A. S. & B. Development Company, that it has been the practice of this Council to provide two readings only of any zoning ordinance, in one night.

The vote: All voted "aye". (4-0) The Clerk read the Bill.

Mr. Dowd moved to accept the first reading of Bill No. 71-41, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". (4-0) The Clerk read the Bill.

Mr. Jezak commented that he was happy to see this kind of planned development coming into the City.

Mayor Davis said he hoped a two-week delay in finalization of the zoning change wouldn't hurt the A. S. & B. Company too much; that the third reading would be held at the Council meeting of June 28th.

* * *

Item 22 - Mr. Jezak moved for the adoption of Resolution No. R-71-48, which authorized the City Manager to pay the City's portion of the cost for the acquisition of right-of-way improvements to Antioch Road, under Invoice No. 2092-A, in the amount of \$25,466.42. Mr. Dowd seconded. The City Manager explained, in answer to a question, that with this payment, the City's share of the expenses to date are \$100,002.37. Mr. Walker asked that the Council be given a Memo to indicate what the future expectations of additional costs might be. The vote: All "aye". (4-0).

* * *

Item 23 - Mr. Walker moved for the adoption of Resolution No. R-71-49, authorizing the City Manager to enter into an instrumentation maintenance agreement with Honeywell, Inc., such instruments as are located at the Water Treatment Plant and related locations, from July 1, 1971 through June 30, 1972, at a cost of \$2,756.00. Mr. Dowd seconded. General discussion ensued insofar as clarification of the provisions of such maintenance agreement and what it actually will cover. The vote: All "aye". (4-0).

* * *

Item 24 - Mr. Jezak moved for the adoption of Resolution No. R-71-50, authorizing the Mayor of the City of Gladstone to execute a declaration of Restrictions in connection with Oak Grove Park, and in accordance with the requirements set out by the Secretary of Housing and Urban Development. Mr. Dowd seconded. The vote: All "aye". (4-0).

* * *

Item 25 - Mr. Dowd moved for the adoption of Resolution No. R-71-51, accepting a bid from Water and Waste Company, Inc., for ten hydrants and related appurtenances in the total amount of \$2,868.60. Mr. Jezak seconded. It was noted that only ten hydrants were being purchased at this time because it will take from 60 to 90 days before the new type of hydrant is available. The vote: All "aye". (4-0)

* * *

Item 26 -Mr. Walker moved for the adoption of Resolution No. R-71-52, accepting a proposal from Musselman and Hall, Contractors, to furnish material, labor, tools and equipment to slurry seal certain streets in the City of Gladstone, Missouri, for a sum not to exceed \$4,200 for 15,000 square yards. Mr. Jezak seconded. The vote: All "aye". (4-0)

* * *

Item 27 -) Mr. Jezak moved to defer action on Items 27 and 28, authorizing
Item 28 -) extensions of time for completion of Public Works Building Contract 7, with Herdinger and Company, and Contract 9, with Wood Heating and Cooling, Inc., until the Council meeting of June 28th. Mr. Walker seconded. Mr. Dowd said he felt that, since both companies should have been finished 12 days ago, he could only have agreed on a deferment tonight, instead of an extension. The vote: All "aye". (4-0).

* * *

Item 29 was the Consideration of certain building plans for the following:

Item (b) was taken up first: Hardee's Foods, Inc., to be constructed at 6502 North Oak Street. Mr. Reg Armstrong, of Stockton Realty, was present to explain the plans for this new restaurant-type facility. After due consideration, Mr. Jezak moved that the plans for Hardee's Foods, Inc., be approved (dated May 17, 1971) as submitted, with the approved revisions as shown on said blueprints. Mr. Walker seconded. The vote: All "aye". (4-0)

Item (a) being plans for outside improvements and new brick-type facades for the two Standard Stations located at 58th and North Oak and 69th and North Oak, respectively. Mr. John Michalk was present in the audience to represent the company. The plans were discussed, and it was suggested that this would be a good time to ask for street improvements along their portions of North Oak Street, as well as curbing and guttering. Following discussion, Mr. Jezak moved for the approval of the plans for the two above-mentioned stations, under the conditions that satisfactory rights-of-way are deeded to the City, and that curbs and gutters are satisfactorily replaced in accordance with City requirements along North Oak Street. Mr. Walker seconded. The vote: All "aye". (4-0)

Item (c) being plans for the "Rock Creek Townhouses" to be constructed in Kendallwood, at approximately 59th Terrace and Indiana. It was noted that these will be of rock and wood construction and will be constructed to suit the terrain in the area. This is in an R-4 area; there will be 54 units, and approximately 10 family units per major unit. After further discussion, Mr. Dowd moved to approve the plans for Rock Creek Townhouses. Mr. Jezak seconded. All voted "aye". (4-0)

Item 29, continued (Approval of certain building plans)...

Item (d), remodeling plans of "medical building" formerly housing the Gladstone Animal Clinic on the south side, and now housing a beauty shop on the north side. This is an old office building part of which has been in bad repair for some time. The owner's wife, Mrs. Carl Porter, had presented the plans and a letter which explained that they were repairing the roof and had decided to improve the front and entranceways, to make them more in keeping with other construction along North Oak. After some discussion, Mr. Dowd moved to defer action on this item until further study is made as to possibilities of asphaltting the parking area, improving that section of North Oak, etc. Mr. Jezak seconded the motion. The vote: All "aye". (4-0).

* * *

Item 30 on the Agenda: Consideration and approval of Cash Disbursements Report for the month of May, 1971, for the Combined Waterworks and Sewerage System; Statement of Cash to May 31, 1971, Financial Report of Combined WW and SS for 11 months ending May 31, 1971; Disbursement Reports for General Fund, Capital Improvement Fund for Construction of Sidewalks, and for Public Works and Utilities Building Fund. Mr. Jezak moved for their approval. Mr. Walker seconded. Several points were brought up in regard to some of the disbursements. After general discussion, the vote was taken: All voted "aye". (4-0)

* * *

Item 31 - "OTHER BUSINESS"...Mr. Walker asked the City Manager to see that the Englewood Road sidewalks were "cleaned up"...he said they looked in worse condition than they had before...The City Manager said he hoped to get someone over there very soon; it was noted that in some areas, there were some bad wash-outs. Mr. Walker suggested that Kansas City, Missouri, be notified that their side of Englewood Road needed attention.

Mr. Dowd asked the City Manager what action had been taken to alleviate the problems presented by a group of residents in a Council meeting several weeks ago, concerning water standing and curbs washing out in several places along 63rd Place...he asked if the money for needed repairs was to be included in the new budget. The City Manager said he had assured the representative of that group that the money would be included in the proposed budget.

Mr. Jezak asked that he be given a "Leave of Absence" from Council meetings as he plans to be out of town from June 19th through July 19th.

Mr. Walker asked the City Manager how the plans on the new fire station were doing. The City Manager said they were "coming along"...he said the City has taken out some of the large trees, (as few as possible), and were to begin grading immediately.

There being no further business to come before this meeting, it was, upon motion made and duly seconded, adjourned. Time: 11:25 P.M.

Robert J. Johnson City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

28 JUNE 71

The regular meeting of the Gladstone City Council was called to Order at 8:00 P.M. on Monday, June 28, 1971, by the Mayor. Roll was called. Present: Councilman Dowd, Councilman Bussinger, Councilman Walker and Mayor Davis. Councilman Jezak was out of the City and unable to attend. In addition, the City Manager, Mr. David Olson, and the City Counselor, Mr. John Dods, as well as the City Clerk, were present.

The Invocation was given by Reverend John D. Scott, Pastor of the North-side Christian Church.

Item 3 on the Agenda: Mr. Dowd moved to accept the Minutes of the regular meeting of June 14, as submitted. Mr. Walker seconded the motion. The vote: All "aye". (4-0)

Item 4 on the Agenda: Scheduled as a Public Hearing on a rezoning request for Lots 8, 9, and 10, Block 1, South Englewood Addition. It was noted that, at the request of the petitioners, Messrs. Kuhlman and Von Erdmannsdorff, this Public Hearing Notice had been withdrawn from the newspaper, and the matter withdrawn temporarily, pending certain changes which the petitioners expect from their client. After discussion by the Council, Mr. Bussinger moved to defer this matter until the next regular Council meeting and the receipt of a letter from the petitioners stating their intentions in the rezoning matter. Mr. Walker seconded. The vote: All "aye". (4-0)

* * *

Item 5: Public Hearing on the adoption of the 1971-1972 Annual Fiscal Budget for the City of Gladstone. Mayor Davis opened the Hearing. The City Manager was commended on the work that he and his staff had done in the preparation and presentation of the new Budget. No one offered a question nor comment on the Budget. As there was no further discussion, Mayor Davis closed the Public Hearing at this time.

* * *

Item 6 on the Agenda: Communications from the Audience. None at this time.

Item 7 on the Agenda: Communications from the City Council. Mr. Dowd had several items to bring up; (1) He had received several complaints on a residence at 1402 NE 72nd Street, where it was reported there were about six automobiles in the yard. He said the neighbors were becoming somewhat concerned as to "what goes" there. He said the house was untidy on the outside and the yard was overgrown. (2) He asked the City Manager to check into the situation regarding a house located just across the street from 1301 NE 72nd Street; he said this house had been burned out some months ago, but that now there seems to be a new roof, and some painting had been done on the outside, and he wondered if this could be possible under the current regulations regarding "attractive nuisances", and he asked if this could be checked into and reported on. (3) He said that various and sundry elected and appointed persons in the City would like to challenge the City Hall employees to a ball game on July 5th and "beat the tar out of them".

Mayor Davis commented favorably on the work that is being done at Flora Park. He said he was pleased to see it moving along quickly.

Item 8 on the Agenda: Communications from the City Manager. None at this time.

* * *

Item 9 on the Agenda: Consideration of a Revised Site Plan submitted by Hardee's Restaurants, Inc., to be located at 6502 North Oak Street. Mr. Reg Armstrong from Hardin-Stockton Realty, the Commercial Division, was present to discuss the matter with the Council members. He said they had needed an additional curb cut. Several other matters were discussed concerning the setback, the screen fence along the parking lot and to the rear. It was noted that this will be a "self-serve" type of "sit-down" restaurant, to seat about 100 people. It was noted that with regard to drainage, the area in question will be "tubed". After further discussion, Mr. Walker moved to accept the revised Site Plan submitted for Hardee's Restaurants. Mr. Dowd seconded. The vote: All "aye". (4-0)

Item 10 on the Agenda: First Reading of Bill No. 71-42, for an ordinance to accept a Corporation Quit Claim Deed from Hardee's Restaurants. Mr. Walker moved to place said Bill on first reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 71-42, and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 71-42, and to waive Section 20 (d)(2) of Ordinance 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 71-42, and to enact it as Ordinance No. 1.811. Mr. Dowd seconded. The vote: All "aye". (4-0)

* * *

Item 11 on the Agenda: Scheduled as the third reading of Bill No. 71-27, for an ordinance amending Ordinance No. 1.529, providing for the levying of a License Fee for the sale of intoxicating liquors, malt liquors, and non-intoxicating beer for sale by the drink, and in the original package, and regulating the sale and consumption of same.

Mr. Stephen Jay, Sr., representing the Gladstone Church of the Nazarene, asked the Mayor and Council to defer the third reading until the Ministerial Alliance had secured the required number of signatures protesting liquor-by-the-drink in Gladstone. He said there were already about 1400 signatures and they anticipated enough more to make up the necessary 2,000 signatures to bring the matter to a Referendum. He mentioned that less than 6% of all the persons they had contacted had refused to sign the petitions which he thought was a good indication of the feeling of the citizens.

Mayor Davis said the Council must go ahead and enact the ordinance tonight in order to maintain control. He said there would still be time to submit the petitions when they were secured - probably at the next Council meeting

of July 12th. Mr. Bussinger moved to accept the second reading of Bill No. 71-27, and to place it on third and final reading. Mr. Walker seconded. There was a comment made by Mr. Bussinger that the reason for passage of this Bill into Ordinance tonight was to create a stronger, more effective ordinance and to have it in effect prior to July 1st. The vote: All "aye". (4-0) The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of Bill No. 71-27, and to enact it as Ordinance No. 1.812. Mr. Dowd seconded. The vote: All "aye". (4-0)

* * *

Item 12 on the Agenda: Third Reading of Bill No. 71-28, rezoning property described as 4000 NE 76th Street, from C-P-3 to R-1. Mr. Walker moved to accept the second reading of Bill No. 71-28, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker then moved to accept the third and final reading of Bill No. 71-28, and to enact it as Ordinance No. 1.813. Mr. Dowd seconded. The vote: All "aye". (4-0).

* * *

Item 13 on the Agenda: Third Reading of Bill No. 71-39, for an ordinance to amend Ordinance No. 1.633, and requiring a certificate before new electrical service is connected or installed. Mr. Walker moved to accept the second reading of said Bill, and to place it before the Council for third and final reading. Mr. Bussinger seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 71-39, and to enact it as Ordinance No. 1.814. Mr. Bussinger seconded; the vote: All "aye". (4-0).

* * *

Item 14 on the Agenda: Third Reading of Bill No. 71-40, for an ordinance to acquire certain property by purchase or condemnation for purposes of parks. Mr. Dowd moved to accept the second reading of the Bill, and to place it on its third and final reading. Mr. Walker seconded. The vote: All "aye" - (4-0) The Clerk read the Bill. Mr. Dowd moved to accept the third reading of Bill No. 71-40, and to enact it as Ordinance No. 1.815. Mr. Walker seconded. The vote: All "aye". (4-0)

* * *

Item 15 on the Agenda: Third Reading of Bill No. 71-41, for an ordinance to rezone the SW corner of 70th Street and North Holmes from C-1 to C-P-2. Mr. Dowd moved to accept the second reading of Bill No. 71-41, and to place it on third reading. Mr. Bussinger seconded. The vote: All "aye". It was noted that there would be sidewalks along Holmes, and curbs and gutters on all streets adjacent to the property. It was hoped that 69th Street would be improved. Mayor Davis said he thought the construction of the apartment building would be an asset to the City, and thought Mr. Jack Boyce, and the A.S.B. Company were

to be commended for their diligence in getting this project under way and their compliance with the City 's requirements.

Mr. Dowd moved to accept the third reading of Bill No. 71-41, and to enact it as Ordinance No. 1.816. Mr. Bussinger seconded. The vote: All "aye". (4-0)

* * *

Items 16 on the Agenda: Scheduled as the first reading of Bill No. 71-32, for the suppression of a nuisance at 67th and North Oak Street, in Bolling Heights. (Note: Item 17 on the Agenda for a first reading of Bill No. 71-33, for the suppression of a nuisance at approximately 68th and North Oak Street, on Lots 7 and 8, Linden Heights, was included in the discussion).

Mr. Dowd moved to defer for two weeks until July 12, 1971, both Bills numbered 71-32 and 71-33. Mr. Bussinger seconded. The vote: All "aye". (4-0)

It was decided to talk about the above matters during a coming work session. Mr. Walker said he would like to have such a session scheduled for Thursday, July 8th for these two items, amongst others. It was noted that there will also be a work session held Tuesday, June 29th, and that a proposed ordinance concerning crafts and craftsmen will be up for discussion.

* * *

Item 18 on the Agenda: Scheduled as the first reading of Bill No. 71-30, for an ordinance fixing the annual rate of levy for the 1971 Real Estate and Personal Property taxes. Mr. Bussinger moved to place said Bill on first reading. Mr. Dowd seconded. Mayor Davis noted that this will be the 14th consecutive year for the 90¢ on the \$100 valuation for both Real and Personal taxes. The vote, all "aye". (4-0) The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 71-30, and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 71-30, to waive Section 20 (d) (2) of Ord. 1.83, and to place said Bill on its third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of Bill No. 71-30, and to enact same as Ordinance No. 1.803. Mr. Walker seconded. The vote: All "aye". (4-0)

* * *

Item 19 on the Agenda: Scheduled as the first reading of Bill No. 71-31, for an ordinance defining certain Offices and Positions in the City of Gladstone. Mr. Walker moved to place said Bill on first reading; Mr. Bussinger seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 71-31, and to place it on second reading. Mr. Bussinger seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 71-31, to waive Sec. 20 (d) (2) of Ord. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". (4-0) The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of said Bill and to enact it as Ord. No. 1.803-A. Mr. Bussinger seconded the Bill. All voted "aye". (4-0)

Item 20 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-47, adopting the 1971-1972 Annual Operating Budget for the City of Gladstone, Missouri. Mr. Dowd seconded. Mr. Walker discussed briefly the City Manager's Budget Message, which had indicated, among other things, that, because of the established population figures, the City's receipt of its portion of the Gasoline Tax would be approximately 60% greater than before.

Mr. Bussinger said he wanted to commend the City Manager and his staff on the way in which the Budget was presented; that considering the many expenditures that we have in the City, he feels the Budget was well presented.

Mayor Davis said one of the high points would be the new communications system for the Public Safety Department; that this Budget will allow the bad drainage problems on or about 63rd and North Park to be corrected, and, he said further, there was money in this Budget to acquire more parkland.

The vote was taken: All "aye". (4-0)

* * *

Item 21 on the Agenda: Mr. Walker moved to adopt Resolution No. R-71-53, which authorizes an extension of time for the completion of Public Works Building Contract No. 7, to H. R. Herdinger Company. Mr. Bussinger seconded. General discussion followed. The City Manager explained that both Item 21, re: Contract No. 7 with Herdinger Company, and Item 22, re: Contract No. 9, with Wood Heating and Cooling Company, affected each other in that Wood could not complete their work until Herdinger had completed their work. He said that with the City acting as "General Contractor", it was not always possible to dovetail the work, and that there had been rain every third day or so for one period of the time which caused some problems in coordinating the work. He did recommend that the extensions (for 21 days) be granted.

Mayor Davis asked if the City would pay the premiums on the work. He asked why the extensions had not been allowed at the last Council meeting. He asked if the City felt the extensions of time requests were caused by circumstances actually beyond the control of the respective contractors.

The City Manager said he wouldn't suggest that the City go all out in something like this where a contract didn't call for any specific time for completion of the job.

Mr. Walker said he believed the City should extend the time.

Mr. Dowd said he didn't feel the City owed the contractor anything because he mis-read the specifications; that he was against extending - he asked why have a penalty clause if it isn't to be upheld. He said he believes the man had 4 extra weeks, and that the original mistake was caused by a mistake of his own (Herdinger). He said the other company was held up because of Herdinger.

At this time the vote was taken: Mr. Dowd, NO, Mr. Bussinger, aye, Mr. Walker, aye, Mayor Davis, NO. (2-2) The motion was defeated.

Mr. Bussinger moved to recommend that both Items 21 and 22 be re-docketed for the Agenda of July 26th, at which time there will be a full Council present. Mr. Walker seconded. The vote: Mr. Dowd, NO, Mr. Bussinger, aye, Mr. Walker, aye, Mayor Davis, aye. Motion carried (3-ayes - 1 nay).

* * *

Item 23 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-53 (Note, number re-issued) authorizing the City Manager to accept the bid for 600 feet of three-rail, rough Western Red Cedar fencing for Oak Grove Park, from Mann Fence Company, in the total amount of \$582.00, in connection with the Open Space Land Program Grant under the Department of Housing and Urban Development, designated as PROJECT OSD-68. Mr. Dowd seconded. The vote: All "aye". (4-0)

* * *

Item 24 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-54, authorizing the City Manager to accept a bid for forty-two 2-2 1/2" caliper Sweet Gum trees to be planted in Oak Grove Park for the total amount of \$691.74. Mr. Bussinger seconded the motion. Mayor Davis asked if the Park Board knew of these two purchases. The City Manager assured Mayor Davis that the Park Board was aware of them. The vote: All "aye". (4-0)

* * *

Item 25 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-55, authorizing the City Manager to execute Contract No. 118, for water main construction (700' of 6" C.I.P.) to serve Lots 1 through 8, Block 1, and to serve Lots 1 through 5, Block 2, of ELLINGTON ESTATES, FIRST PLAT, with C. W. "Josh" Ellington, Developer, and C. O'Dell Plumbing and Heating Company, Inc., Contractor. Mr. Walker seconded. The vote: All "aye". (4-0)

* * *

Item 26 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-56, declaring certain real estate no longer in use by the City, and letting it revert to Home Savings Association of Kansas City, and Byers-Daniels Development Company, Inc., pursuant to the provisions of a certain Corporation Warranty Deed dated September 8, 1961, on record in the Recorder of Deeds' Office in Liberty, Missouri. Mr. Walker seconded.

Mr. Dowd asked if the Council had not decided earlier to "put their heads together and make a final, firm offer for this ground". It was noted that an offer had indeed been made to the owner who had not accepted the offer.

Mr. Dowd said that as far as he knew, an official offer had never been made.

Mr. Bussinger commented that he believed this had been done by letter.

The concern voiced here was for the existing ball diamond which is in use by Little League and other youngsters' teams. The City Manager said that the fact that the ground is being turned back to the owner would not hinder

that process necessarily.

Mayor Davis said, to the contrary, that he believed that turning the Deed over to the owners will assure the improvement of that property which will increase the price. It was suggested that the City's conveying of the land back to the developer might be negotiated "until other possibilities have been explored", and other ground for ball diamond location sought.

Mr. Walker suggested that if the City wants to bargain, then he suggested, "go ahead and bargain", but that he believed the City had no choice but to turn the Deed back to the Owner because of a commitment made by a previous Council some years ago. He said this would be good evidence of the City's good faith, and that the City should then attempt to negotiate with him in good faith.

Mr. Bussinger said he didn't feel the Owner would "kick the kids off the ball diamond", but he felt the City must do what they said they would do. He said he felt it was along the same line as holding to any contract, and, that earlier this evening there had been some strong discussion about the same thing, i.e. - holding to contracts.

Mr. Walker said he felt it was the City's responsibility to see that there is another place for the kids to play ball; that maybe the City ought to hunt up another source for this kind of ground.

Mayor Davis said there was no assurance whatever that the present baseball diamond will remain available to the City; that if the Owner decides to go ahead, a few big trucks over there across that diamond and it will be completely unplayable; that he felt the City should defer action on this until the baseball season is over.

The vote was called: Mr. Dowd, aye, Mr. Bussinger, aye, Mr. Walker, aye, Mayor Davis, NO. (Motion carried by 3-ayes - 1 nay).

* * *

Item 27 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-57, authorizing the sale of certain land in Northridge to Mr. and Mrs. William S. D'Arcy, for the sum of One Hundred-Fifty Dollars, and further, authorizing the City Manager to execute a Quit-Claim Deed thereto, in favor of the D'Arcys. Mr. Dowd seconded. The vote: All "aye". (4-0).

* * *

Item 28 on the Agenda: Mr. Walker moved for the issuance of liquor permits to the following people: Ball's White Front Food Store, 7503 N. Oak, Class "D"; Frenchie's Tavern and Restaurant, 7204 North Oak, Class "E"; Gladstone Bowl, 300 NW 72nd Street, Class "E"; Gladstone Party Center, 7210 North Oak, Class "B"; Henry's Restaurant, 6212 North Oak, Class "B"; Pizza Hut, 6420 North Oak, Class "E"; Pizza Inn, 6813 North Oak, Class "E"; Quick Trip, No. 156, 7603 North Oak, Class "B"; Sebastian's Gladstone Delicatessen, 7400 North Oak, Class "B" (issued previously, but name change noted); Zarda's Dairy Store, 6408 North Oak, Class "F"; Lou's and Tiny's, 7107 North Locust, Class "E";

The Southland Corporation, 7-Eleven Store No. 15, 7125 North Broadway, Class "B"; The Southland Corporation, 7-Eleven Store No. 18, 6720 North Oak Street, Class "B"; The Southland Corporation, 7-Eleven Store #28, 6313 North Prospect, Class "B". Mr. Bussinger seconded the motion. The City Manager gave a brief resume of the Public Safety Department reports on each, indicating that the Department had recommended re-issuance to the above-mentioned applicants. The vote: All "aye". (4-0)

* * *

Item 29 on the Agenda: Consideration of a building plan for the remodeling of certain property located on the west side of North Oak Street at 67th Street, known as the "Porter property"....after general discussion, Mr. Dowd moved to defer the matter of the acceptance of the building plan until the City receives a letter from the Owner as to his compliance with the various request made by the City in connection with the remodeling work. Mr. Bussinger seconded. The vote: All "aye". (4-0)

* * *

Item 30 on the Agenda: Mr. Bussinger moved to approve the Financial Statements for the 11 months ending May 31, 1971 for General Fund, Sewer Assessment Fund, Special Park and Playground Fund, Sidewalk Construction Fund, and Public Works and Utilities Building Fund, as submitted. Mr. Walker seconded. The vote: All "aye". (4-0)

* * *

Under "Other Business"...

Mr. Walker asked for further clarification on the "Ceplina matter", concerning a broken house service sewer line and a broken lateral line. The City Manager explained that, insofar as he was able to ascertain, when Mr. Ceplina called a company in to clear his house service line, the roto rooter penetrated so far that it also broke the lateral line. The City had gone ahead and repaired the lateral line, but that Mr. Ceplina had interpreted the matter differently and was asking the City for relief on his bill or that the City participate in the payment of the work involved. He suggested that the Council might want to discuss the matter at greater length. He said the main sewer there is in a problem area; that the City's Public Works Department had made the inspection after the event.

Mr. Bussinger asked what the present status of "Dunkin Donuts" is....he said he hoped that nice little building wouldn't just become another empty store in the City. The City Manager said he would try to contact them and get some information on whether they still intend to tenant the building, or just what.

It was called to the City Manager's attention that there was a need for trash cans near the tennis courts in Central Park.

Mr. Bussinger said he would like to see microphones installed for the City Manager as well as for the City Clerk; that with the additional sounds in the Council Chambers, it was difficult for the Council to hear, and he knew

It was practically impossible for people in the audience to hear. He put this into the form of a motion; moving that mikes be installed for the City Manager and the City Clerk. Mr. Dowd seconded. The vote: All "aye". (4-0)

Mayor Davis noted that the slurry sealing had started; he said he was glad to see it. The City Manager advised that it had begun at Tracy and 68th and that it was moving along well.

As there was no further business to come before this meeting, it was, upon motion made and seconded, adjourned. Time: 9:55 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

12 JULY 71

The regular meeting of the Gladstone City Council was called to order by the Mayor, Mr. Richard Davis, at 8:00 P.M. on Monday, July 12, 1971, in the Council Chambers of the Gladstone City Hall. Roll was called: Present were Councilman Dowd, Councilman Bussinger, Councilman Jezak, Councilman Walker and the Mayor. In addition, the City Manager, Mr. Olson, a representative of the law firm of Shook, Hardy, Ottman, Mitchell and Bacon, Mr. John Monica, and the City Clerk, were also present.

The Invocation was given by Reverend Bob Doss, Pastor of the Gladstone Church of the Nazarene.

The 3rd item on the Agenda was the acceptance of the Minutes of the regular meeting of June 28, 1971. Mr. Bussinger moved for the adoption of the Minutes as submitted. Mr. Walker seconded. The vote: Mr. Dowd, aye, Mr. Bussinger, aye, Mr. Jezak, pass, Mr. Walker, aye, Mayor Davis, aye.

* * *

Item 4 on the Agenda was a Public Hearing on proposed changes and amendments to the Gladstone Zoning Ordinance, No. 1.372. Mr. James Carney, representing The Charles Curry Investment Company, 20 West 9th Street, Kansas City, Missouri, addressed the Council, indicating wholehearted support on the proposed reduction of lot size to 70 feet, and commending the Council on the proposed changes in the R-1 and R-P-1 zoning. He said he felt this would be encouraging for single-family development. Mayor Davis explained the proposed amendments, with emphasis on the buffer zoning in R-4, R-3 zoning adjacent to R-1 or R-P-1....he said he felt the proposed changes should give single-family developers a break.

Mr. Dusty Rhodes said that he was here to plead with the Council to maintain the 70-foot front footage out of economic necessity.

Mr. Jim Pryor, 227 Hickory Circle, said he was in favor of the reduction to the 70-foot front footage, but would question a side yard restraint of 10 feet.

Mayor Davis said there had not been a change, but that the Council had been encouraged to go to a 7-foot side yard restriction.

Mr. Pryor said it would help the builders utilize more of the land; then he asked about a flat lot, saying that it would be difficult to build a house on a reduced frontage if there were to be a two-car garage. The Mayor said this could be handled under R-P-1 zoning.

In opposition to the proposed changes: Mr. R. E. Carver, 3400 NE 68th Terrace, asked about development along Antioch Road...Mayor Davis said that any development there now will be considered legal. Mr. Carver asked what to do in case some one wished to make alterations on the inside of a building in that zoning category.

Mayor Davis said he assumed there would be some instances where the Council would use the 35' restriction to eliminate or discourage rapid turnover of the property.

Mr. Carver said that there used to be a choice where the owner could either have a 20-foot easement, or a fence, in C-0 zoning, which abutted the side yards of R-1

Mayor Davis said the City is trying to eliminate single lot development on Antioch Road and North Oak.

Mr. Carver said he believed the Council is discouraging business and that he believes this is harassment. He cited the instance of one Mr. Giddens who has had his house up for sale for eight years, and has been unable to do anything about it. He said "they are beginning to package up"...he questioned the fact that the service stations along the east side of Antioch are still allowed two drives, when the businesses along the west side are required to group together with one drive. He said that one station will have more traffic in one day that he would have had in a week.

Mr. Dowd said he could recall when Mr. Carver came up to the Council meeting as the representative of a group...(Mr. Carver interrupted with "just me; I came alone") seeking rezoning of an area along Antioch Road...(Mr. Carver interrupted with "only one house, just one!") Mr. Dowd asked if he could be allowed to finish what he had begun to say. He said that as far as the driveways for the stations, this was because the State of Missouri Highway Commission had given the station operators the two driveways, not the City. He said the City is trying to discourage strip zoning.

Mr. Carver said that the Highway Department paid for the biggest part of the right-of-way on the east side of Antioch, and that the only gift came off the west side of Antioch and he hoped the Council wouldn't forget that.

Mr. Herman Scharhag, 2 West Englewood Road, said he had several suggestions to make which he thought might be helpful in the proposed changes to the Zoning Ordinance; he suggested that, regarding the definition of "buffer zone", he would suggest the addition of the words "at the discretion of the Council, the 35' buffer zone be planted with appropriate plantings, so as to provide attractive buffering; he also suggested that where a buffer zone is used as a transit lane between the different grade levels, the buffer zone grade would not exceed a grade of 2 to 1, and, further, he would suggest that all buffer zones be maintained by the property owners, and such maintenance be enforced by an appropriate City ordinance. Mayor Davis asked that Mr. Scharhag's suggestions be quoted correctly so the Council could consider them at the work session.

Mr. James Pound, 15 West Englewood Road, commented that there appeared to be many factors that are not related as regards "zoning"...he suggested that Commercial Zoning be handled separately; that Cluster Housing zoning be handled separately, that other parts be handled separately. He said he felt that Cluster Housing as proposed in the change, is the same as - and then he said "a rose is still a rose"...and he said he was very much against what that portion of this change would allow under a C-H-1 zoning category. He said he was also very much opposed to reducing the front foot width from 75' to 70'....he said that reducing the front footage width would mean that he is very close to getting back to where he was when he lived south of the river; with houses too close to each other. He said that by shorting side yard requirements, we will get back to a 52-foot width house, including the garage. He reminded the Council that they could go to various methods of building, but that Gladstone only has a comparatively small number of lots left to be developed in Gladstone, and that he would like to see it developed in the very finest type of R-1; that he is still committed to R-1 development and wants to see the very best R-1 that we can possibly have.

Mr. Bill Grace, 409 W. 58th Street, Kansas City, Missouri, addressed the Council. He said there were many things he would have to agree with in the proposed amendments; he said, however, that he would have to object very strongly to the City's gross negligence and for the City's lack of perception in protecting its abutting neighbors from overflowing storm drains and creeks which become raging torrents when there is extra heavy rain...that his yard and his neighbors' yards were inundated; that a retaining wall which he had put in and which cost him about \$2,000 was now sitting in the creek; that it would cost approximately \$800 to repair, if he got the rock; if he hired the workers, if he secured the backhoe to do the work. He said the City of Gladstone blames the builders upstream for the problem, and the City of Kansas City. He said he understood that there is an ordinance on the City's books which says a builder cannot deposit building material near a stream. He said he was at least thankful that Gladstone came out and took a look at his problem; that he couldn't get anyone from the Kansas City Council to even be interested. He said he would fight any more proposals which will upset balances in the City suburbs..he said he had pictures which he would be glad to show to anyone who was interested, and he directed an obviously personal remark toward cluster housing.

Mayor Davis said that the Scharhag proposal is not up for discussion tonight.

Mr. Herman Scharhag said he wished to register an objection to "that last man's statement".

Mayor Davis again stated that the present item up for discussion were proposals to amend the City's Zoning ordinance, and he asked if anyone else had anything further to say in this regard.

Mr. Angelo Motta said he had some questions relating to R-I-C-H zoning...he asked if there were a statute governing this kind of zoning? He said if there were, and the State decided to change their zoning regulations, the City would then have to amend its zoning laws as well...the City Manager noted that there was reference to the Condominium Act of the State of Missouri.

At this time, the Mayor declared the Public Hearing closed, and declared that a ten-minute recess would be held. Time: 8:50 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened at 9:05 P.M. All members were present and accounted for.

Item 5 on the Agenda was "Communications from the Audience"...

Mr. Frank Holyer, 501 67th Street, reported rats on the Thornton property which abuts the property of Mr. James Waddell....Mr. Holyer said the rats have completely eroded beneath a patio, all along the fence and he is afraid that there will be a huge swarming of rats should the problem of trash at the Kroger Store in the Gladstone Plaza Shopping Center be cleaned up; then they will forage for food elsewhere...he asked that the pond on the Thornton property be drained and the brush cleared away. He said the 2 storm sewers on 67th have never worked properly and that the water stands and is slowly eroding the street; that he felt it would be less expensive to clear the ditches up than to re-pave the street.

Mayor Davis asked the City Manager to look into the matter and advise the Council.

Mr. Wm. Kuhn, 7413 North Central, addressed the Council regarding fireworks permitted in the City. He displayed a rocket-type of projectile which, he said, was fired through his window, breaking the window. He said he was lucky this time because no one was hurt, and that he had reported the matter to the police. He quoted the Public Safety Department as saying they had received quite a few complaints about fireworks this year. He said he believed that the Council had conducted a survey on how people felt about fireworks in general; that he understood they hadn't received much in the way of replies....he suggested that perhaps it was done at the wrong time of the year and suggested, further, that it might be a good idea to conduct another such survey now to find out how people feel about fireworks in the City; that he hoped something could be done before a really serious accident happens.

Mr. Stanley Holmes, 1800 NE 76th Street, addressed the Council on several matters. He said he had noticed that one of the prerequisites of any contractor seems to be to destroy trees...he noticed that many large trees are being torn out; that their value is tremendous, not only from an ecological standpoint, but from the fact that they are old and beautiful. He said he would like to see some protection for trees in the area in an ordinance.

He asked why there appeared to be several pages missing from the copy of the 1971-72 Budget which he had secured at the Council meeting at which the Public Hearing on the acceptance of the Budget was held. He referred particularly to Ordinance No. 1.803-A, and said that in the copy of the Budget which he had, there was no Exhibit A. He said that if a complete budget is not available to the people, it is difficult to discuss any part of it. He drew special attention to the amount indicated for Professional Fees in the General Administration Section of the Budget. He asked several other questions of a general nature.

Mr. Bussinger said he would like to answer Mr. Holmes. He said he hadn't talked to the rest of the Council, but that he felt Mr. Holmes had a legitimate complaint; that he would hope that prior to the approval of the Budget, in the future, that copies be made available two weeks prior to the Public Hearing to approve the Budget.

Mr. Holmes said this would be appreciated; that he didn't want the City of Gladstone criticized for the same reasons the Federal Government was under fire for withholding information from the public.

Mayor Davis suggested that Mr. Holmes suggest, in writing, any ideas he might have on what the City can do to effectuate the salvage of trees.

Mr. Robert Doss, Pastor of the Gladstone Church of the Nazarene, addressed the Council to report as to the petition drive to secure signatures of those who are not in favor of liquor-by-the-drink in the City. He said the group is still working on the petitions; have not quite completed the proper number of signatures but have approximately 1700 names at this time; that they are anxious to get the proper number of names and he hoped they would have them by the date of the next Council meeting.

At this time, Mayor Davis called a five-minute recess. The Council meeting was reconvened at 9:20 P.M., with all members present and accounted for.

Item 6 on the Agenda: Communications from the City Council. Mayor Davis asked that someone from the City staff attend a meeting of the Human Relations Council on July 14, 1971, at 7:30 P.M., in his absence.

He asked that something be done about the drainage behind the John Chezik Buick Company, and that a report be given on this matter at the next Council meeting.

Mayor Davis asked about the City mowing on City rights-of-way...The City Manager said that the machinery had been down for a short while, but that it has been repaired and that it was planned to do all possible to catch up.

Mayor Davis said that on North Broadway, between 60th and 67th Streets, there were some street improvements, widening, etc., long overdue (according to some Minutes of over two years ago)...he felt this should be checked into now.

He commented that Mrs. Pat Walker, Chairman of the Gladstone Philharmonic Fund Raising Committee, had a report to make at this time, and he said he wanted to thank her, as well as the other members of her Committee who had worked so long and so diligently toward this worth-while project. Mrs. Pat Walker presented a check in the amount of \$717.93 to the Mayor at this time. She commented that credit was due many people, including the ladies who had worked with her, the good coverage given their efforts by members of the press and several youth organizations who had worked along with them. She expressed her personal thanks to all who had aided in this work. A hearty round of applause followed her presentation. Mayor Davis said the Council is very pleased with all the work that was done with such good results.

Mr. Jezak asked that Mr. Clyde Starr, builder of the new homes in Bolling Heights, in the vicinity of 68th and North Holmes, be advised of the drainage problems and the grading there...The City Manager said that Mr. Starr was aware that the grading was not in accordance with City regulations and that he will re-grade.

* * *

Item 7 on the Agenda: Communications from the City Manager. Mr. Olson asked the Council to consider deferring Item 13, scheduled as a Resolution authorizing the acceptance of certain street in Cedar Glen, for two weeks; that there was some question about the street which should be cleared up by that time.

* * *

Item 8 on the Agenda: First reading of Bill No. 71-42, providing for the conduct of the Water Distribution System, Rates, Extensions of Mains, etc. Mr. Bussinger moved to place Bill No. 71-42 on its first reading. Mr. Jezak seconded. The City Manager explained the reason for the Bill, indicating that the Budget was based on the proposed new rates; that they were necessary to cover the increased costs involved in both service and material. The vote: All voted "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 71-42, and to place it on its second reading. Mr. Jezak seconded the motion. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 71-42, to waive Section 20(d)(2) of Ord. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger then moved to accept the third and final reading of Bill No. 71-42 and to enact same as Ordinance No. 1.817. Mr. Jezak seconded. The vote: All "aye".

* * *

Mayor Davis suggested that Item 16, being consideration of building plans submitted by Dr. V. Daniel Cochran, D.D.S., for NE corner of 69th & Locust, for an office building to house Dr. Cochran's office, as well as other professional offices, be moved forward at this time.

Mr. James Faulkner, of D.I.T. Investment Company, 14144 Santa Fe Drive, Lenexa, Kansas, Architect, submitted the plans for the Council's consideration. General discussion ensued, with a brief description of the proposed building, which will be 3,500 square feet, total, built of brick and stucco. It was noted that there will be an asphalt parking lot, and that the curbing, guttering and general improvement of the street will be accomplished.

Mr. Jezak moved for the approval of the building plans for 69th and North Locust with the Council's suggested changes indicated on the Blue Print dated July 7, 1971, (Site Plan). Mr. Dowd seconded the motion. The vote: All "aye".

* * *

Item 9 on the Agenda: Scheduled as the first reading of Bill No. 71-43, for an ordinance to accept a Water Main Easement and appurtenances on certain land beginning at the NW corner of Lot 38, NORTHRIDGE, from Mr. and Mrs. Wm. S. D'Arcy. Mr. Jezak moved to place said Bill on first reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 71-43, and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 71-43, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak thereupon moved to accept the third and final reading of Bill No. 71-43, and to enact same as Ordinance No. 1.818. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: Scheduled as the first reading of Bill No. 71-44, for an ordinance to accept a Standard Storm Sewer Easement from Mr. and Mrs. Wm. S. D'Arcy over a certain portion of Tract "D", NORTHRIDGE. Mr. Walker moved to place Bill No. 71-44 on its first reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 71-44, and to place said Bill on second reading. Mr. Bussinger seconded the motion. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 71-44, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger thereupon moved to accept the third and final reading of Bill No. 71-44, and to enact said Bill as Ordinance No. 1.819. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 11 on the Agenda: Mr. Dowd moved to place Bill No. 71-45 on first reading. Said Bill is for an ordinance to accept a Standard Sewer Easement from Mr. and Mrs. Wm. S. D'Arcy, for sewer lines to be located thereon, or now located thereon, over a part of Tract "D", NORTHRIDGE. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the first reading of Bill No. 71-45, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the second reading of Bill No. 71-45, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill No. 71-45 on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd thereupon moved to accept the third and final reading of said Bill No. 71-45, and to enact it as Ordinance No. 1.820.

* * *

Item 12 on the Agenda: A Resolution authorizing the execution of a contract for engineering services for a study of the water system improvements, revenues, and rate schedules, to be conducted by Larkin and Associates for a total amount not to exceed \$13,250.00. Mr. Walker moved to adopt Resolution No. R-71-58 authorizing the above study. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Bussinger moved to defer Item 13, concerning the acceptance of a certain street in Cedar Glen, in accordance with the City Manager's earlier request. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: Mr. Bussinger moved for the acceptance of the Disbursements Reports for the month of June, 1971, for General Fund, Capital Improvement Fund for Construction of Sidewalks, Public Works & Utilities Building Fund, Parkland Improvement Fund, Public Safety Fire Station Fund, Combined Waterworks & Sewerage System Operation & Maintenance Fund, and the Statement of Cash to June 30, 1971, as submitted. Mr. Walker seconded. It was noted that an item of rental of a chain saw was listed. It was suggested that it might be more reasonable to purchase a chain saw than to rent one. The City Manager explained that at the particular time when the chain saw was rented, the City's chain saws were temporarily out of commission.

Item 15 on the Agenda: Consideration of Liquor License Renewals for Williams U. S. Super Market, (Class "B"), and the Kroger Store, (Class "B"). The City Manager explained that the Public Safety Department had run the usual "check" on each applicant and had found no reason to withhold their applications. Mr. Walker moved that the applications for both Williams U. S. Super Market and the Kroger Store for Class "B" licenses be approved. Mr. Bussinger seconded. The vote: All "aye".

* * *

Under Item 17 on the Agenda, indicated as "Other Business"...Mr. Jezak said he wanted to draw the City Manager's attention to several complaints he had received regarding the trash barrels near the tennis courts in Central Park. The original request had been for the barrels, and now that they are there, they are very full.

Mr. Jezak also inquired about the City's prowess in checking into those vehicles which do not have City stickers. The City Manager indicated this was being done.

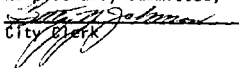

Upon being asked a question about the status of the proposed fire station on Prospect, the City Manager answered that the City plans to advertise for bids this week; that the specifications are nearly completed, and he hopes to have the advertisement for bids in Thursday's paper and get the contracts out.

He said the City has received bids on the Summer Street Overlay Program, but since this is a joint program with the Special Road District, the City must wait for the receipts from the County to come in. He said the Council will be notified about this within the next week.

Mayor Davis said there would be a joint meeting with the Planning Commission at 7:30 P.M. Tuesday evening. He said there would be a Study Session a week from Tuesday, at 7:30 P.M. (July 20th). He asked if 67th Terrace North, about the 200 block east, is included in the Street Overlay Program. He said he had received word from some of the residents in that area that they felt this part of the street was long overdue in receiving some improvement.

As there was nothing further to come before the Council at this time, the meeting was, upon motion duly made and seconded, adjourned. Time: 10:10 P.M.

Respectfully submitted,

City Clerk

MAYOR

MINUTES OF SPECIAL MEETING
OF THE
CITY COUNCIL

GLADSTONE, MISSOURI

20 JULY 71

A special meeting of the Gladstone City Council was called to Order by the Mayor on Tuesday, July 20, 1971, at 7:30 P.M., in the Gladstone City Hall. All members had been notified by previous notice of the calling of such Special Meeting.

Roll was called: Present were: Councilman Dowd, Councilman Bussinger, Councilman Jezak, Councilman Walker and Mayor Richard Davis. In addition, the City Manager, Mr. David Olson, the Assistant to the City Manager, Mr. Brent McMahan, were also present.

Mr. Davis moved to appoint Brent McMahan Acting City Clerk in the absence of the City Clerk. Mr. Dowd seconded the motion. All voted "aye".

The first item on the Agenda was the adoption of Resolution No. R-71-59, for the authorization to advertise for bids for an Electronic Communications Control Center and the installation thereof, in the Gladstone Public Safety Department. Mr. Dowd so moved. Mr. Bussinger seconded. After general discussion, the vote was taken: All members voted "aye". Resolution No. R-71-59 was thereupon adopted.

The second item on the Agenda was the adoption of Resolution No. R-71-60, authorizing advertisement for bids for the construction of a one-story, masonry fire station, of approximately 4,800 square feet, at 6600 North Prospect. Mr. Walker so moved. Mr. Jezak seconded. After general discussion, the vote was taken: All members voted "aye". Resolution No. R-71-60 was thereupon adopted.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned at 8:10 P.M.

Respectfully submitted,

(Acting) City Clerk

24. Consideration of application for Liquor-By-The-Drink from Henry's Restaurant, 6212 North Oak Street. Mrs. Hazel Henry, Applicant.
25. OTHER BUSINESS
26. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

26 JULY 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Richard Davis at 8:00 P.M., on Monday, July 26, 1971, in the Council Chambers of the Gladstone City Hall. Roll was called. Present were Councilmen Dowd, Bussinger, Jezak, and Walker. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were present.

Item 2: The Invocation was given by Mr. James Bledsoe, Head Elder of the Full Faith Church of Love Mission.

Item 3: Mayor Davis proclaimed the week of August 8, 1971, as BETTER WATER FOR GLADSTONE WEEK.

Item 3-a: Mayor Davis presented a special Citation for Low Pedestrian Casualties for 1970, from the American Automobile Association, to Chief Robert Harris, of the Gladstone Public Safety Department. Mayor Davis noted that Gladstone was one of six cities in the area receiving such an honor. Chief Harris received the congratulations of the Council.

The next item of consideration was Acceptance of the Minutes of the regular Council meeting of July 12, 1971, and of the Minutes of the Special Council meeting of July 20, 1971. Mr. Dowd moved for the acceptance of the above-mentioned Minutes. Mr. Walker seconded. Mr. Jezak explained the reason for the Special Council meeting and advised that the Council had adopted two resolutions, the first of which was a Resolution authorizing the advertisement for bids for an Electronic Communications Center for the Public Safety Department, and the second having been a Resolution authorizing advertisement for bids for the construction of a one-story masonry fire station. Mr. Jezak commented that both these Resolutions were indications of progress for the City. The vote was taken. All voted "aye" on the Acceptance of the Minutes of both meetings as submitted.

The next item was: Communications from the Audience. Mr. Stephen H. Jay, Sr., representing the Gladstone Church of the Nazarene, presented petitions in protest of Liquor-By-The-Drink. He advised that there were 2,609 signatures. Mr. Jay said that the percentage break-down might be as follows: 10% of those people contacted were against signing the petitions; 20% had no interest in either side of the question, and 70% were "for" the petition.

The Assistant City Counselor, Mr. Dods, advised that the next step would be to have the validity of the names checked to be sure that the required number (1/5 of the total number of registered voters eligible to vote in the last general legislative election) of signatures are legitimate; then, upon verification that the 1/5 required names have been submitted, this will be reported back to the City Council, and the Council will then enact the ordinance which will set the time for the Election, which must be held within 40 days following the receipt by the Council of the Petitions. The Petitions were, forthwith, presented to the City Clerk who noted the date and time of receipt of same.

Page 2

Mr. Stanley Holmes advised that he had made a start toward a survey of construction sites in the City where trees had been removed. Mayor Davis suggested that, rather than report where trees had been removed, Mr. Holmes come up with some suggestions regarding action to prevent this in the future; he said, further, that the new amendments to the Zoning Ordinance will help protect the City against the action of destroying trees, to some extent.

Item 7 - Communications from the City Council. Mr. Dowd said that in the proposed amendments to the Zoning Ordinance, the Council has made some changes to encourage R-P-1, to help the developers to be able to move houses within lots which will allow the house to be "jogged", which would also help save trees.

Mr. Jezak said he wanted to thank the Legal Department for coming up with a proposed ordinance which will ban fireworks, in essence; that he would like to discuss this with the other Council members hoping to eliminate future accidents and injuries.

Mayor Davis suggested that this be placed on the Agenda for the next work session. He said the City is being urged to reconsider its position on the sale of fireworks; that last year the City had tried to get the feeling of the public on this matter, and the feeling, at that time, was that the people were pretty much divided in their opinions.

Mayor Davis said the work session will be held on August 5th.

Mr. Bussinger said that there would be a meeting of City and County officials on August 4th to consider what they want to do at the Sesquicentennial Celebration to be held in July, 1972. He said they hoped to put on a gala affair and he would appreciate it if the word got passed around; that they hoped to have the support of all the citizens of the City and County.

Mayor Davis said he would meet with the Council of Kansas City on July 28th and on August 2nd, to discuss the A.T.A.; that Mayor Wheeler of Kansas City had suggested that all City Councilmen plan to take the bus from 72nd and North Oak Street to Kansas City, leaving the City of Gladstone at 6:41 A.M.

Mayor Davis said he had received a letter from the Mayor of the City of Blue Springs, requesting that Gladstone Councilmen make the Westgate Division (of the Missouri Municipal League) aware of what particular legislation is of greatest interest to our City; he thereupon appointed Mr. Kenneth Walker as Chairman of this interest group concerning legislation in which the City has the most interest.

It was noted that although a letter had been written to the attorney for the Regency North Apartments in Kansas City, concerning their work on the intersections which come into Gladstone on Broadway, no answer has yet been received.

A question was raised regarding the "livestock" farm on 72nd Street, which had, at the last count, about 10 steers, and about 30 hogs. It was noted that there is "severe air pollution" resulting from the animals; that there is a possibility of stream pollution; it was felt that it was high time to take such measures as are necessary to rid the City of the problem.

Mayor Davis asked for a report on the action taken to be given at the work session. He also said he would like to have a report on the problem of the Carruther property.

Mayor Davis reported that the Minutes of the June 28th meeting had reflected that a building permit for the remodeling work on the Porter building (south part of an old medical complex located on the west side of North Oak Street, at 67th Street) had been deferred pending a letter from the Owner concerning their plans to improve the parking lot and curb and gutter their portion of North Oak Street. Mayor Davis said this letter had been received, and that the permit was authorized a week ago.

* * *

Item 8 - Communications from the City Manager. Mr. Olson advised there would be an additional Resolution before the Council this evening concerning matching funds from the Environmental Protective Agency for the purpose of a sludge softening conditioner for the Water Treatment Plant. He said there were copies of the Resolution in front of each Councilman. Mayor Davis said this would be added as Item 24-a.*

Mr. Olson asked that Item No. 16 (for a Resolution to accept a certain street in Cedar Glen for maintenance) be deferred.

* * *

At this time, Item 5 was taken up: (Consideration of Building Plans).....

Item (a) - Whispering Oaks, Phase II, 70th Street, and North Bales. Mr. Geo. Byers is the Developer. After general discussion, Mr. Dowd moved to accept the plans for the construction of Phase II, of Whispering Oaks (78 units) in accordance with the request of the Council with reference to the improvements of 70th Street, west to Indiana. Mr. Bussinger seconded. The vote: All "aye".

Item (b) - Northside Church of Christ, 5114 North Old Pike Road...for building the new church...original plans were submitted nearly one year ago. Mr. Wesley Pierson, Builder, and member of the Church, submitted the plans. He said the grading was already done. It was noted that the parking lot will be asphalted; that there will be room for 110 cars; that it is a 250-member church, and that the property is nearly all fenced now. It was noted that the property to the north is that of another church. Mayor Davis asked Mr. Pierson if it was in their plans to put in curbing and guttering, and to arrange underground drainage. Mr. Pierson answered "No". Mayor Davis suggested that Mr. Pierson notify the Church Board that these matters should come to their attention for the future...he said it was the property owners' responsibility to make these improvements...he said he hoped the Church would accept the urging of the Council to improve Old Pike Road, which, unless it's to be widened, which then becomes the City's responsibility.

After further discussion, Mr. Walker moved that the plans for the construction of the Northside Church of Christ be approved with the changes as spelled out

on the plans. Mr. Bussinger seconded. The vote: All 'aye'.

Item (c) Plans for the Woolco Stores, Inc., (Prospect Plaza Shopping Center, approx. 65th and N. Prospect). Mr. Eskin, of Eskin Construction Company, was present to discuss the plans. At this time, a large segment of the persons who lived in residences abutting the northeast portion of the proposed shopping center approached the Council table and went up to the table to see the plans. Many indicated that they had not known about the coming in of the shopping center, or were not aware that there had been public hearings on the rezoning of the ground involved. Several persons indicated their displeasure at having so many of the trees removed and were concerned about the kind of planting which would go in as a buffer area. Mr. Eskin indicated that there were plans to put in a 6-foot red-wood fence; that in answer to the water run-off, there will be storm sewers to channel off the water, and that there will be 12 inches of rip-rap to keep the walls of the storm drainage from collapsing, toward the northeast section of the property. Mayor Davis reminded the audience that this was not, in essence, a public hearing, but merely Council consideration of a building permit for the Woolco Store, only. One of the questions asked by one of the interested spectators was about rats. Mr. Eskin assured the Council that all precautions possible would be taken and that the house-keeping would be good. It was suggested that possibly this permit should be held up until a proper landscape plan would be submitted, which would identify trees, plantings planned, fences, etc. After further general discussion, Mayor Davis moved that the Council approve the plans for the Woolco Store, Inc., subject to the submission of an acceptable land use plan for the parkland area which has been ~~deeded~~ to the City, which should be received at once. Mr. Jezak seconded. The vote: All voted 'aye'.

At this time, Mayor Davis called a ten-minute recess. Time: 9:45 P.M.

The regular meeting of the Gladstone City Council was reconvened at 9:55 P.M. All members were present and accounted for.

Item 9 on the Agenda was the first reading of Bill No. 71-32, for the suppression of a nuisance at approximately the SE corner of 67th Street and North Oak Street, (Tract B, Bolling Heights). Mr. Walker moved to have said Bill placed on first reading. Mr. Bussinger seconded. The vote: All voted 'aye'. The Clerk read the Bill. Mr. Dods suggested that Section 3 of said Bill be changed to read as follows: "The owner or owners of the property described in Section 1 (hereof) will be allowed to appear before the City Council to show cause why the aforementioned nuisance shall not be abated. Such owner or owners shall be notified at least three days in advance by certified or registered mail or by posting the land involved with a sign visible from the street (such posting may be used only if the owner or owners' present address or whereabouts cannot be determined after reasonable inquiry) that said owner or owners may appear at the August 23, 1971 Council meeting to show such cause if any. Such owner or owners may, in the alternative, agree to abate such nuisance, and such agreement shall be present to the Council on said date. Should agreement not be reached with the property owner or owners, and if a majority of the Council shall determine at the August 23rd, 1971, meeting, or thereafter, that good cause has not been shown, then the City Manager, shall within thirty days thereafter, abate the nuisance described and make the premises safe. Any costs involved shall be issued as a

*is to be
Council amendment
8/9/71
JL*

special tax bill against the property involved, or, in the alternative, may be made a part of any judgment by the municipal judge in the event the property owner is found guilty of failing to abate such nuisance. In the event any such costs so adjudged are not paid within ten days, such amount shall be issued as a special tax bill against the property involved." Mr. Dods suggested that Section 4 be eliminated altogether, and that the present Section 5 become Section 4. Mr. Walker moved to accept the first reading of Bill No. 71-32, and to amend the Sections as mentioned above, and to place said Bill, as amended, on its second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read Bill No. 71-32, as amended, as second time.

* * *

Item 10 on the Agenda: First Reading of Bill No. 71-33, for an ordinance to suppress a nuisance at approximately 68th and North Oak Street. (Lots 7 and 8, Linden Heights). Mr. Bussinger moved to place said Bill on its first reading. Mr. Jezak seconded. Mr. Dods noted that the same changes as noted in the reading of and amending of Bill No. 71-32, would apply for Bill No. 71-33. The vote: All "aye". The Clerk read the Bill, with the changes as noted. Mr. Bussinger moved to accept the first reading of Bill No. 71-33 and to place said Bill on second reading. Mr. Jezak seconded the motion. The vote: All "aye". The Clerk read the Bill.

* * *

Item 11 on the Agenda: Mr. Jezak moved to place Bill No. 71-46 on its first reading. Said Bill is for an ordinance amending Ordinance No. 1.372, commonly called "The Gladstone Zoning Ordinance",....Mr. Dowd seconded the motion. The vote: All voted "aye". The Clerk began the reading of said Bill, which was completed by Mr. Dods. At this point, several sections were discussed, generally. Mr. Jezak moved to accept the first reading of Bill No. 71-46, and to place Bill No. 71-46, as amended (deleting Section 26, and renumbering the following sections accordingly) on second reading. Mr. Dowd seconded. Again discussion followed. It was agreed that the front footage in R-1 zones should be 70 feet. Mr. Davis said there were several proposals to be added to the Buffer zones. Because of the discussion, Mr. Jezak withdrew his motion to place said Bill on second reading. The second (Mr. Dowd) agreed. Motion withdrawn.

* * *

Item 12 on the Agenda: Mr. Walker moved to place Bill No. 71-47, for an ordinance imposing a City Sales Tax at a rate of one (1%) percent of the receipts from the sale at retail of all tangible personal property or taxable services at retail within the City of Gladstone, subject to the approval of such ordinance by the voters of the City at a Special Election to be held on October 5, 1971, all as provided by the City Sales Tax Act of the State of Missouri, on its first reading. Mr. Dowd seconded. General discussion was held with the following comments from the individual Councilmen:

Mr. Dowd said that he had a few comments regarding the Street Improvement Phase of this proposal....he went on to say that "We, as the City Council members, the County Urban Roads Commission, and the County Court all consider

the widening and curbing of North Oak Street as No. 1 priority. There is a possibility that Federal Funds to 75% will be available, which leaves us with a possible expense of \$500,000.00, and that there is no way except a tax increase, and subsequent bond issue. Other roads, such as 72nd, 65th, and Shady Lane, as well as Englewood Road, all need improvement, but they too must wait for funds. Prospect and Antioch are being done by the State, by means of the State Highway Commission, with Gladstone's help, but we feel it is our duty to offer the people a way and a chance to carry on these improvements. It is their choice. This is the way to keep Gladstone moving ahead, as it has always tried to do."

Mr. Dowd went on to say: "Regardless of the Federal funding available, North Oak cannot be improved until the City comes up with a large amount of matching money; more than the City could ever provide with existing tax sources." He said "As growth in Gladstone and surrounding areas continues; traffic on our streets will become even heavier and more dangerous, and a program to improve these streets now is necessary, and, with this tax increase, we can do it. I am firmly convinced that this program of improvements is the key to insuring that the City of Gladstone remains a great place to live and raise a family, and I urge your support."

Mr. Bussinger said: "Mr. Mayor, as Council representative to the Public Safety Committee, I am particularly concerned that we obtain needed funds to pay for critical improvements. Our new fire station, to be completed this year at 66th and North Prospect, will provide much improved protection on the east side of the City. However, even with the addition of this station, our fire protection still needs expansion. The most critical of our needs is to purchase an aerial fire truck, which could cost in the neighborhood of \$75,000. Without this capability, we will remain unable to adequately combat fires in the upper floors of our many apartments and larger new homes, and major commercial buildings. We also need to acquire a third fire station site to insure adequate protection on the west side of Gladstone, and our central fire station needs expansion to adequately house our existing equipment."

"These expansions in fire service will probably result in savings to some tax payers through reduced fire insurance premiums. We need these additional fire facilities badly, and this program for a better Gladstone provides an inexpensive way for the citizens of this City to obtain better protection. I urgently solicit your support."

Mr. Jezak said: "As City Council representative to the Park Board, I am particularly pleased to support this program for a better Gladstone. This is a City of children, over 10,000 compared to a total population of 23,100. The proportion of "kids" to adults is not likely to change as the City's population rises to 40,000 to 50,000 in the next 20 years. These youngsters need areas in which to play baseball, football, playground recreation, run, or just have an open space to relax in. Despite this need, the City only has three baseball diamonds, one soccer-football field, two sets of tennis courts, and little else. We need to begin immediately expanding the facilities available to us. Our only alternative is to delay until there is no vacant land, virtually, and then tear down houses in order to acquire parks and play areas. The cost of land is increasing rapidly, and I think

it is imperative that we move quickly to obtain more sites now, a program which can be made possible by approval of this tax increase proposal. I hope you will help me by voting for this improvement program."

Mr. Walker said: "The City Council and the City Administration are proposing a program for a better Gladstone. This program, financed by a one cent sales tax, would be only for improvements the City cannot now afford. They will remain unsolved unless new sources of funds become available. Probably the most expensive of these improvements that we need concerns our streets...Oak Street desperately needs to be widened, at a cost which could approach two million dollars, or about twice as much money as we spend each year operating our City. Many of our manor streets, such as Englewood Road, Broadway, Flora, 76th and 72nd, 68th and 65th, and others, are terribly unsafe, both to drive on and to walk along, because of open drainage ditches, and lack of curbs, gutters and sidewalks. Also, the City is running out of land rapidly, a factor which makes it absolutely essential that we purchase presently vacant property for expansion of our park system. The City is building a second fire station now, but, even with this addition, more facilities are needed."

"If the people decide they want this program for a better Gladstone, and pass this tax increase, the City will finance some of these needed improvements on a pay-as-you-go basis, and some from proposed bond sales. If this proposal is approved, the Council will ask for authority to issue bonds at future special elections supported by this tax. The opportunity for a better Gladstone is before us; I hope all citizens join me in supporting this program for a better City."

Mayor Davis: "We do not plan to threaten the citizens with reduced services in making this proposal; the growth in revenue received from our 90¢ tax rate, which has not been increased in 14 years, has been, and will remain adequate for financing the things the City has been doing well, providing police and fire protection, maintaining our streets and parks, and generally administering our City."

"In proposing this tax increase, the City is suggesting to the people that, with a nominal tax increase paid by persons who shop in Gladstone, a much improved City will result. We are not going to attempt to sell this to the people. We think we have a good idea and we would like their support. We will inform the people regarding its purpose in a municipal newsletter, but we do not intend to try to win support through an intensive campaign with yard and pole signs, bumper stickers, and other such paraphernalia. We would like to see this proposal accepted or rejected based on intelligent discussion, rather than on a lot of campaign 'hoopla'. I personally feel this is a great opportunity for the City of Gladstone, and I urge your support."

The vote was called. All voted "aye". The Clerk read Bill No. 71-47.

* * *

Mr. Walker moved to place Bill No. 71-48, authorizing the City Clerk to give notice of the Special Election to be held on Tuesday, October 5, 1971, whereat Gladstone Residents will vote on the adoption of the City Sales Tax Ordinance; fixing the polling places of said election, and prescribing

the form of the ballot to be used, on first reading. Mr. Bussinger seconded. The vote: All voted "aye". The Clerk read the Bill.

* * *

Item 14 on the Agenda: Mr. Bussinger moved to adopt Resolution No. R-71-61, directing the City Manager of the City of Gladstone to pay the sum of \$5,000.00 out of the General Revenue Fund to the Clay County Investigative Squad, Inc., for the purpose of combating illicit drug use within the City of Gladstone. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Dowd moved to adopt Resolution No. R-71-62, expressing the position of the City of Gladstone, Missouri, regarding the provision of Transit Services, urging that existing transit services within the City of Gladstone be continued at their present levels, and asking that the A.T.A. make any reasonable fare adjustments necessary to insure that transit service in the City of Gladstone is self-supporting. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 16 on the Agenda: *Deferred at the request of the City Manager. Mr. Bussinger moved to defer Item 16, which was to have been a resolution accepting a certain street in Cedar Glen. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 17 on the Agenda: Mr. Walker moved to adopt Resolution No. R-71-63, accepting a certain bid from City-Wide Asphalt Company, Inc., 1700 N. 71 By-Pass, Kansas City, Missouri, for the 1971 Street Program (Contract No. 1), for 7,500 tons of Asphalt Resurfacing at a cost of \$10 per ton, the total price of which is not to exceed \$75,000. Mr. Jezak seconded. The vote: All "aye".

* * *

Mr. Jezak moved to adopt Resolution No. R-71-64, amending the 1971-1972 Annual Budget of the City of Gladstone, appropriating the sum of \$75,000 from the General Fund Unappropriated Operating Fund Balance, to be transferred to the Street Program Capital Improvement Fund, such monies to be expended for the 1971 Street Overlay Program Contract No. 1. Mr. Bussinger seconded. The vote: All "aye".

* * *

Mr. Bussinger moved to adopt Resolution No. R-71-65, appointing an Acting City Manager (Brent McMahan) to serve from July 31, 1971, through August 15, 1971, in the absence of the City Manager, and authorizing him to sign checks written on City of Gladstone funds in the 1st National Bank of Gladstone. Mr. Jezak seconded. The vote: All "aye".

Mr. Walker moved to adopt Resolution No. R-71-66, appointing Mrs. Joyce L. Seever, as Acting City Clerk for the periods of August 9, 1971, through August 15, 1971, and from September 6, 1971, through September 20, 1971, in the absence of the City Clerk. Mr. Dowd seconded. The vote: All "aye".

* * *

Mr. Jezak moved for the adoption of Resolution No. R-71-67, authorizing the acceptance of a bid from Midway Ford Company, for one 1972 Light-duty, Half-ton, pickup truck for the Gladstone Street Department for the total price of \$2,362.09. Mr. Walker seconded. The vote: All "aye".

* * *

Mr. Walker moved for the adoption of Resolution No. R-71-68, authorizing Change Order No. 1, on Contract No. 7, for the Public Works Building, in the amount of \$230.43, to H. R. Herdinger Company, for materials and labor to install door jams, trim and hardware. Mr. Jezak seconded the motion. The vote: All "aye".

* * *

Mr. Bussinger moved for the adoption of Resolution No. R-71-69, authorizing and granting an extension of time for completion of, accepting work performed under, and authorizing final payment on Public Works Building Contract No. 7, with H. R. Herdinger Company, such final payment to be in the total amount of \$7,636.93. Mr. Walker seconded the motion. Mr. Dowd said he was opposed to granting an extension of time, as he had stated previously.

Mr. Bussinger said he believed this was the first time that the City had acted as the "General Contractor" in a project of this scope, and that he also believed the City had learned a great deal; that upon the recommendation of the City Engineer, the City will probably not act as General Contractor again.

The City Manager said the City had received the Affidavits ((1) stating compliance with the Prevailing Wage Law of Missouri, and (2) stating that all bills for labor and material have been paid) from the Contractor.

The vote was taken: Mr. Dowd, NO, Mr. Bussinger, aye, Mr. Jezak, NO, Mr. Walker, aye, Mayor Davis, aye. Motion carried with a 3-2 vote.

* * *

Item 24 on the Agenda: Consideration of a Liquor-By-The-Drink application from Henrys Restaurant. Mr. Walker moved to defer this until the next Council meeting at which time it will be ascertained whether or not there will be a Referendum Election on Liquor-By-The-Drink. Mr. Dowd seconded. It was noted that this action will save the applicant some money in case the election votes down Liquor-By-The-Drink in the City. The vote: All "aye". Mrs. Henry is to be notified of the Council's action.

Item 24-a - Mr. Dowd moved to adopt Resolution No. R-71-70, authorizing acceptance of and requesting payment for a Federal Grant for Construction of a Softening Sludge Conditioner under Project No. MO-494, in the amount of \$15,295.00 from the U. S. Department of the Interior, Federal Water Pollution Control Administration, under Section VIII of the Federal Water Pollution Control Act, as amended. Mr. Bussinger seconded. The vote: All voted "aye".

* * *

Under Other Business: Mr. Walker mentioned that he had been discussing the problems on Broadway, such as additional traffic, for which Broadway is not at all suited, the fact that additional water could not be available to further development by Kansas City near Gladstone, etc. He advised that Gladstone is having a study done at this time by Larkin and Associates. He suggested that a letter be written to Mayor Wheeler of Kansas City, explaining our position, and hoped that a "man-to-man" discussion might be held. Mayor Davis suggested that Mr. Olson write or draft up a letter in this regard.

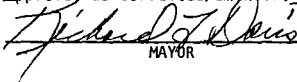

As there was no further business to come before the meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent. Time: 11:25 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

9 August 1971

The regular meeting of the City Council of the City of Gladstone, Missouri was called to order by the Mayor, Mr. Richard Davis, at 8:00 p.m., August 9, 1971 in the Council Chambers of the Gladstone City Hall. Roll was called; those present were Mr. Bussinger, Mr. Jezak, Mr. Walker, Mr. Dowd, Mayor Davis, Acting City Manager, Mr. McMahan, Assistant City Counselor, Mr. Dods, and Acting City Clerk, Mrs. Seever.

Mr. Jezak moved that the Minutes of the Regular Council Meeting of July 26, 1971 be accepted as submitted; Mr. Dowd seconded the motion. The vote: All aye.

* * * * *

The next item on the agenda was a Public Hearing on a request to rezone from R-1 to C-1, Lots 1, 2, and 3, Block H, Mosby Highlands Annex, further described as being located at 7210, 7208 and 7206 North Locust, respectively.

There was no one to speak for or against the request for rezoning. Mayor Davis closed the Public Hearing.

Mr. Dowd said in view of the fact that no one had appeared in favor of the request, he did not see that they could take any action on the matter at the next meeting, and therefore moved that the request for rezoning be tabled. Mr. Jezak seconded the motion because he felt it was no more than justified for the Council to be able to hear arguments on both sides before making a decision.

After further discussion, it was noted by Mr. Jezak that the applicant was now in the audience. Mr. Dowd withdrew his motion to table the rezoning request, and Mr. Jezak withdrew his second to the motion.

Mayor Davis then opened the Public Hearing again.

Mr. Bruce Lambert, Manager of Williams United Super Market, 7219 North Oak Street, said he was speaking for Mr. Williams who could not be present. Mr. Williams owns the three lots requested to be rezoned, and wants to combine and rezone them for future development and expansion of the store area either for parking or building, but primarily for building, as he does not need the parking space. He plans to build a redwood fence to buffer the area from the R-1 lots adjacent to his. Mr. Lambert said they had discussed their plans with persons living adjacent to the area.

Mr. Walker asked if they were planning to build at the present time; Mr. Lambert said there were no plans to build yet.

Mr. Lambert said they own the rear 70 feet of each of the three lots concerned and want to incorporate them into the area of the store; the houses will be left as they are now.

Mr. Bussinger told Mr. Lambert that it had been Council policy the last couple of years to request planned zoning for an area of this nature. Planned zoning gives the Council a little better idea and a little more control as to how the land is to be used. This protects both the city and the property owners. He said he would personally prefer before they take action on this request that the Council have more information.

Mr. Lambert said they are planning to expand the store to the east, directly behind the present structure. He said they would have plans finalized when business gets better and they can finance the addition. He said they own the house directly behind the store. Mr. Lambert said they would still have their loading and unloading operations on the north side of the building. The building will only go back a portion of the 70 feet, the rest of the area will be in grass.

Mr. Bussinger asked if they will have sufficient room for fire equipment to get in if it is needed; Mr. Lambert said they would.

Mr. Bussinger moved that the Council hold this request in abeyance until they have further information. He said he would like to have some kind of plan to view so the Council can see what is going to be put in there. Mayor Davis said the Public Hearing had not been closed, so a motion should be withheld. Mr. Bussinger withdrew his motion.

Mr. Chauncy Elston, 7204 North Locust, said they own the property adjoining on the south, Lots 4 and 5. Their lots are the same size as the other three lots. He said he and his wife had talked to Mr. Lambert about this matter and the plans, and they feel they can go along with them, and this would not hurt their property. Mr. Elston said Mr. Lambert said they would maintain the green space between the property line and the store, which would be about twenty feet where it joins the Elston property on the north. Mr. Elston said they didn't want anything to happen to the store as it had been there a long time. He said they had lived there eleven years and feel if Mr. Williams wants to expand, they would be in favor of it if it is needed to keep the store going. They were in favor of the request to rezone this land.

Mr. Lambert said they are taking out some of the trees on the lots and grading the land so that they can keep it in grass and mow it until they are ready to expand. He said they would like to have the request approved as soon as possible. He said he thought there was a change proposed in the Ordinance now being discussed which would limit the size of their expansion. He said if the building were expanded the City would have to approve the plans, and asked if this wasn't sufficient control for the development of the property.

Mayor Davis said it would give the City some control, although planned development gives much greater control. Mr. Walker said if they obtained the C-1 zoning now but didn't develop it at this time or don't have a planned zone, he thought they would still have to meet the requirements of C-1 zoning under the new amendments.

Mr. Dods said if the Council adopted the changes in the Zoning Ordinance prior to approval of this rezoning request, that would be correct.

Mayor Davis said the first reading on this request would be at the next Council meeting on August 23; he suggested that Mr. Lambert be present at that time.

Mayor Davis closed the public hearing.

* * * * *

Item 5 on the Agenda was a Public Hearing on a request to rezone from R-1 to CP-0 property described as Tracts 2-A and 2-B, in White Chapel Memorial Gardens.

Mr. Clark A. Ridpath, Attorney with Gage, Tucker, Hodges, Kreamer, Kelly & Varner, appeared on behalf of White Chapel Memorial Gardens and D. W. Newcomer, Inc. the applicants. Each of the corporations owns a tract, which necessitated both making the application. The two tracts are contiguous and together they form a relatively small parcel of land in White Chapel Gardens, such parcel fronting on Antioch Road. Tracts 2A and 2B are presently zoned R-1. He said there has been a pressing demand on the part of the residents of Gladstone for more complete and satisfactory services. The applicants desire to expand their present facilities in order to satisfy this need; they wish to build a funeral home on this parcel of land.

Mr. Frank Newcomer, 1331 Brush Creek Boulevard, said they have been servicing the area north of the river for several years as D. W. Newcomers, operating out of a converted house on Armour Road. For several years they have felt the facilities there are somewhat inadequate; space in the chapel is limited, as well as the parking facilities. There seems to be a trend in the funeral industry towards situating the chapel on the ground close to burial sites for the convenience of those involved; it also eliminates funeral processions which are somewhat of a traffic hazard in heavily populated areas. They feel there is a need for a funeral home in this area.

Mr. Ken Frazier, Architect, presented plans for the building and a sketch of the building and ground improvements.

Mr. Bussinger asked if they felt 47 parking spaces was adequate; Mr. Frazier said they did in view of the fact that people parked along the driveways. The proposed building would be two stories in height, and contain approximately 15,000 square feet.

Mayor Davis asked how much right-of-way they were dedicating. Mr. Frazier said the total right-of-way on Antioch Road was proposed as 70 feet; they would give 35 feet. Mr. Dowd asked Mr. McMahan if the City Engineer had looked at this proposal, and if the 35 feet was sufficient. Mr. McMahan said Mr. Thomas had reviewed it and indicated the 35 feet was correct.

Mr. Walker asked Mr. Ridpath when they planned to start construction if the zoning were approved. Mr. Ridpath said, depending on financing, they hoped to begin within the next two to four months.

There was no one to speak in opposition to the request.

Mayor Davis closed the Public Hearing.

* * * * *

Mayor Davis asked if the site plan of Prospect Plaza were to be considered on the agenda tonight. Mr. McMahan said Mr. Estrin had indicated to him he would like to present his proposal for screening tonight. Mayor Davis added this as Item 8A on the agenda.

* * * * *

Item 6 on the agenda was Communications from the Audience.

Mrs. Pat Harris, Vice President of Gamma Xi Chapter of Beta Sigma Phi Sorority, said she wished to go on record for the Sorority as opposing the banning of the sale of fireworks in Gladstone.

Mr. Jezak asked Mrs. Harris the reason for the opposition; Mrs. Harris said this is one of their big money-making projects, and funds are used to help handicapped and blind children. Mrs. Harris said they would like to have the opportunity to contact the other organizations that have been granted fireworks permits and determine their feeling on banning the sale of fireworks.

Mayor Davis said this is a controversial issue, and that the Council appreciated Mrs. Harris' comments. He said in all probability they would take at least six weeks if they do change the ordinance so the Council will have an opportunity to hear from more residents.

Mr. Lendell Anderson, a member of the Meadowbrook Methodist Church, requested a permit for the Church to sell Christmas trees this coming Christmas season. He said the church is having some financial difficulties and would like to undertake this project to secure some additional funds. The Church hopes to build a type of community center to be used by the Church and other groups, such as scouts, and members of the community for public activities. He said they wished to sell the trees on the Church lot; he said they have sufficient driveways and space so there would not be any traffic problems created on Antioch Road.

Mr. Bussinger moved that the permit to sell Christmas trees be granted to the Meadowbrook Methodist Church, with the stipulation that the project be cleared up by January 1, 1972. Mr. Walker seconded the motion.

Mr. Tom Schaeffer, 6504 North Montgall, said he lives directly north of the proposed Woolco Store; he expressed his disenchantment with the Council for allowing rezoning on this property. He referred to a statement by the City Manager last week regarding traffic created by apartments; tonight the Council had heard requests for rezoning on Antioch Road by White Chapel, and this together with the rezoning at 64th and Antioch Road would create a great deal more traffic within one quarter of a mile on a presently inadequate two-lane road.

Mayor Davis said the Council has a motion before them to grant a temporary permit for the sale of Christmas Trees. He said the question of development at 64th and Prospect would be discussed under Item 8A. Mayor Davis advised Mr. Schaeffer that the Council had held public hearings on this rezoning several months ago, and that he should have voiced his objections to the zoning at that time.

The vote to approve issuance of a permit to sell Christmas Trees to the Meadowbrook Methodist Church: All aye.

* * * * *

There were no communications from the City Council or the Acting City Manager.

* * * * *

Item 8A on the Agenda was reconsideration of the site development plan of property located at 64th and North Prospect.

Mr. Estrin presented the site plans for screening at this location. He said the State has plans to widen North Prospect at this location. He said he had talked to some of the people living to the northeast and east of the land which is to be deeded to the City for a park, with regards to the trees, screening, plantings, etc. He said there would be no asphalt beyond the fence which covers the entire perimeter of the actual business area. He said they would not remove the trees along the embankment, as they are not on property owned by the developer. He said they would plant some poplar trees for screening, and at the request of some of the residents adjacent, would plant another kind of trees also, which would have a longer life than the poplars.

Mayor Davis asked how the City would have access to the park. Mr. Estrin said the City could have any part of the fence omitted that they desired, in order to have access to the park for maintenance. Mr. Jezak said a gate would be needed for the City to get in there with its equipment. Mr. Estrin asked that the City Manager or the City Engineer advise them as soon as possible as to where they wished the gate so it could be noted on the plans, as they plan to put the fence in by the first of the year.

A gentleman in the audience remarked that he had looked at two different sets of plans in the Engineer's office on this land and that they are not the same. Mr. Estrin said the surveyor had checked the land three times. Mayor Davis said if this is the final set of plans, a notation to that effect will be made on the plans.

Mayor Davis called a recess at 9:00 p.m.

* * * * *

Meeting reconvened at 9:20 p.m. with all present and accounted for.

Mayor Davis asked Mr. Schaeffer if he wished to make any further comments regarding the plans for 64th and North Prospect. Mr. Schaeffer said he had stated his objections, and he did not understand why the Council had approved this zoning in a area that he felt should not be rezoned from R-1, particularly from the standpoint of traffic.

Mayor Davis commented that rather than say the Council has rezoned without comments of the people from the neighborhood, he thought this particular rezoning was a cooperative effort of the Council and residents of the area. This area was proposed for apartments about three years ago and the request was defeated. The developer, working with people in the area, came up with the present plans, including the park land, and the present plans were generally acceptable to people of the area. He said one person spoke at the public hearing and said although he was not very happy with the rezoning, he did not object to it. The Council had to make their decision based on the public hearings. He felt that citizens have a good opportunity to be knowledgeable of proposed rezoning, as those located within 185 feet of the area to be rezoned are notified by the City of the proposed rezonings and have an opportunity to speak at the public hearings. Mayor Davis said he regretted that the Council did not hear from Mr. Schaeffer at the public hearing.

Mr. Schaeffer said he didn't personally feel that the Planning Commission or the Council has acted in the proper faith that the property owners expect. He said he was present at the public hearings three years ago and heard the problems at that time. He said he was pretty well assured at that time, from the indications of the Council, that this would not be rezoned since it had been set aside as residential by the firm which presented the Comprehensive Plan. He said, be that as it may, what justification is there when the City Manager, in the article in the Kansas City Star of July 29 regarding apartments on Broadway, said that Gladstone streets could not withstand the strain of the proposed construction on the traffic on Broadway, with costs as they are now for widening Broadway. He asked what the comparison in these two situations would be.

Mayor Davis said the State is going to widen Prospect to four lanes; Antioch is as good as widened to Prospect. He said Broadway is a narrow street with lots of hills, and does not compare with Prospect as to the foot traffic or danger it poses.

* * * * *

Mr. Jezak asked that the Council move Item 20 on the agenda to Item 88.

Mayor Davis stated that the Council would now consider Item 20 on the Agenda, Approval of the Preliminary Plans of Cedar Glen, South.

After some discussion, Mr. Jezak moved that the Council approve the Preliminary Plat of Cedar Glen, South, dated July 7, 1971, as submitted. Mr. Walker seconded the motion.

The vote: All aye.

* * * * *

Item 9 on the agenda was the Third Reading of Bill No. 71-32-A, providing for the suppression of a nuisance at approximately the Southeast corner of 67th Street North and North Oak.

Mr. Dowd moved that the Council accept the second reading of Bill No. 71-32-A and place it on its third and final reading. Mr. Walker seconded the motion.

The vote: All aye.

The Clerk read the Bill.

Mr. Dowd moved that the Council accept the third reading of Bill No. 71-32-A and enact it as Ordinance No. 1-821. Mr. Walker seconded the motion.

The vote: All aye.

* * * * *

Item 10 on the Agenda was the Third Reading of Bill No. 71-33-A, providing for the suppression of a nuisance at approximately the north side of the Gladstone Square Shopping area, being approximately 6813 North Oak Street Trafficway.

Mr. Walker moved that the Council accept the second reading of Bill No. 71-33-A and place it on its third and final reading. Mr. Jezak seconded the motion.

Mr. McMahan advised that this area has been filled with dirt; the Clay County Health Department checked it today and said the nuisance has been abated to their satisfaction.

Mr. Dods said he did not think a third reading was necessary; they could defeat the bill on the basis of the assurance by the Administration that the matter has been abated, or they could adopt the ordinance, but it would be a useless one.

Mr. Dowd asked Mr. McMahan even though it is no longer a health hazard, is the appearance satisfactory at this time. Mr. McMahan said it appears to be; that the area is a little lower than the adjacent stores to the south, but the land does seem to be useable now.

The vote: All Nay.

Motion to place Bill No. 71-33-A on its final reading was defeated.

* * * * *

Item 11 on the Agenda was the Second Reading of Bill No. 71-46-A, being an ordinance to amend the Gladstone Zoning Ordinance, No. 1.372.

Mr. Bussinger moved that Section 1, entitled Buffer Zone of Bill No. 71-46-A be amended to read as follows:

"BUFFER ZONE: An open and unpaved ground area around the perimeter of a tract landscaped or planted so as to provide an attractive green space, having a grade not exceeding 2:1 and a width of not less than thirty-five (35) feet. Parking is not allowed in a buffer zone, except as otherwise provided herein. Each buffer zone shall be maintained by the owner thereof in accordance with applicable laws and codes without expense to the City of Gladstone, Missouri."

Mr. Jezak seconded the motion.

Mayor Davis said this amendment was suggested by Mr. Sharhag and the Council appreciated his help. It is felt this will improve the zoning ordinance.

The vote on the motion to amend: All aye.

Mr. Walker moved that the Council accept the first reading of Bill No. 71-46-A and place it on its second reading. Mr. Dowd seconded the motion.

The vote: All aye.

The Clerk read the Bill.

* * * * *

Item 12 on the agenda was the Second Reading of Bill No. 71-47, imposing a City Sales Tax at the rate of 1% of the receipts from the sale at retail of all tangible property (person), or taxable service at retail, subject to the approval of such Ordinance by the voters at a special election to be held October 5, 1971.

Mr. Jezak moved that the Council accept the First Reading of Bill No. 71-47 and place it on its second reading. Mr. Walker seconded the motion.

The aye votes: Mr. Bussinger, Mr. Jezak, Mr. Walker, Mr. Dowd, Mayor Davis.

The Clerk read the Bill.

* * * * *

Item 13 on the agenda was the Second Reading of Bill No. 71-48, authorizing the City Clerk to give notice of the Special Election to be held on Tuesday, October 5, 1971, at which Gladstone residents will vote on the adoption of the Ordinance imposing a City Sales Tax, fixing the polling places for said Election, and prescribing the form of the ballot.

Mr. Dowd moved that the Council accept the first reading of Bill No. 71-48 and place it on its second reading. Mr. Jezak seconded the motion.

The aye votes: Mr. Bussinger, Mr. Jezak, Mr. Walker, Mr. Dowd, Mayor Davis.

The Clerk read the Bill.

* * * * *

Item 14 on the agenda was the First Reading of Bill No. 71-49, declaring the sufficiency of a petition calling for an election to determine whether intoxicating liquor containing alcohol in excess of 5% by weight shall be sold by the drink at retail for consumption on the premises where sold, within the City of Gladstone; setting the date for such special election; authorizing the City Clerk to give notice of such special election, and prescribing the form of ballot to be used.

Mr. Bussinger moved that the Council place Bill No. 71-49 on its first reading. Mr. Dowd seconded the motion.

The aye votes: Mr. Bussinger, Mr. Jezak, Mr. Walker, Mr. Dowd, Mayor Davis.

The Clerk read the Bill.

Mr. Bussinger moved that the Council accept the First Reading of Bill No. 71-49 and place it on its second reading. Mr. Jezak seconded the motion.

Mr. Bussinger commented that the reason for the three readings of this Bill tonight is that it is necessary in order to comply with the State Statutes, which require the election no more than 40 days after the petition is presented to the Council. This is the reason for the election being held on September 3.

Mr. Dowd questioned Mr. Dods concerning Section 2 which says in part "shall be sold, furnished or given away".

Mr. Dods said this language is statutory, and set forth in the Liquor Control Law of the State, Section 311.110 of the Statutes. The question to be voted on is set out in Section 5 of this ordinance.

Mayor Davis asked Mr. Dods if he were saying in effect that the Council has no power to amend the wording; he felt the Council should put in appropriate language that they can live with in the City of Gladstone. He did not agree with the wording concerning "given away within the corporate limits".

Mr. Dods said if the vote is in favor of the Ordinance, that is to provide sale of liquor by the drink, then the sales would be regulated by Ordinance 1,812. He told the Council he would prefer they leave the statutory language as it is written rather than create what could perhaps be a technical problem on the validity of the election by changing the statutory language.

The vote on the Motion:

The aye votes: Mr. Bussinger, Mr. Jezak, Mr. Walker, Mr. Dowd.

The no vote: Mayor Davis, who stated he was voting no simply because he did not intend to add his name to an ordinance that says liquor can not be given away within the corporate limits of Gladstone.

The Clerk read the Bill.

Mr. Bussinger moved that the Council accept the first reading of Bill No. 71-49 and place it on its second reading. Mr. Dowd seconded the motion.

The aye votes: Mr. Bussinger, Mr. Jezak, Mr. Walker and Mr. Dowd.

The no vote: Mayor Davis, indicating it was for the same reason as stated previously.

The Clerk read the Bill.

Mr. Bussinger moved that the Council accept the second reading of Bill No. 71-49, that Section 20 (d)(2) of Ordinance 1,83 be waived, and place Bill No. 71-49 on its third and final reading. Mr. Dowd seconded the motion.

The aye votes: Mr. Bussinger, Mr. Jezak, Mr. Walker, Mr. Dowd.

The no vote: Mayor Davis.

The Clerk read the Bill.

Mr. Bussinger moved that the Council accept the third and final reading of Bill No. 71-49 and enact it as Ordinance 1,822. Mr. Dowd seconded the motion.

The aye votes: Mr. Bussinger, Mr. Jezak, Mr. Walker, Mr. Dowd.

The no vote: Mayor Davis.

* * * * *

Item 15 on the Agenda was the First Reading of Bill No. 71-50 accepting certain standard sewer easements to serve the Williamsburg Subdivision.

Mr. Jezak moved that Bill No. 71-50 be placed on its first reading. Mr. Walker seconded the motion.

Mr. McMahan said these easements provide for construction of sewers to serve the Williamsburg Subdivision; that the Director of Utilities has reviewed them and recommended them for acceptance.

The vote on the motion: All aye.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the first reading of Bill No. 71-50 and place it on the second reading. Mr. Walker seconded the motion.

The vote: All aye.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the second reading of Bill No. 71-50, that Section 20(d)(2) of Ordinance No. 1.83 be waived, and that Bill No. 71-50 be placed on its third and final reading. Mr. Walker seconded the motion.

The vote: All aye.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the third and final reading of Bill No. 71-50 and enact it as Ordinance No. 1.823. Mr. Walker seconded the motion.

The vote: All aye.

* * * * *

Item 16 on the agenda was a resolution authorizing the City Manager to accept a certain street in Cedar Glen Subdivision for maintenance from City-Wide Asphalt Company.

Mr. Dowd moved the Council adopt Resolution No. R-71-71, accepting certain streets in Cedar Glen Subdivision for maintenance. Mr. Jezak seconded the motion.

Mr. Walker asked if the street now has City approval. Mr. McMahan said it was checked today and it is ready for acceptance.

The vote: All aye.

* * * * *

Item 17 on the Agenda was a resolution accepting a bid and authorizing the City Manager to enter into Public Works Building Contract No. 10 for fence at the building site.

Mr. Bussinger moved that the Council adopt Resolution No. R-71-72 accepting the bid for and authorizing the City Manager to enter into Public Works Building Contract No. 10 for fence, with the Burge Fence Company. Mr. Walker seconded the motion.

Mr. Bussinger asked if the fence would go all the way around the property. Mr. McMahan said this would be placed at the front of the building. Mr. Walker said they had thought the area to be used should be included because of vandalism, but if there were fence across the front of the property line, the back area would not be accessible. Mr. McMahan said it would not be accessible to vehicular traffic.

Mr. Bussinger said he knew there would be equipment behind the building and wanted to make sure there would be no problem.

The vote on the motion: All aye.

* * * * *

Item 18 on the Agenda was a resolution authorizing the acceptance of a bid for chemicals for the production of water.

Mr. Walker moved that the Council adopt Resolution No. R-71-73 for the purchase of chemicals for the production of water; Mr. Bussinger seconded the motion.

Mr. Bussinger asked Mr. McMahan how the determination was made to accept the bid for lime, as all quotations were the same. Mr. McMahan said the Director of Utilities feels the quality of the lime from Mississippi Lime is superior and there is less sludge residual. Lime was purchased from Ash Grove Cement at one time and there was considerably more residual. Also Mississippi Lime unloads with a blower truck and reduces the time required for unloading considerably.

The vote: All aye.

* * * * *

Item 19 on the Agenda was a resolution accepting a bid for water meters.

Mr. Jezak moved that the Council adopt Resolution No. R-71-74 accepting the bid of Water and Waste for 300 5/8" x 3/4" cold water meters; Mr. Dowd seconded the motion.

The vote: All aye.

* * * * *

Mayor Davis said he had a resolution on advertising for bids for a material spreader and two snow plows with attachments, and asked Mr. McMahan if he would like for the Council to act on it. Mr. McMahan said he would.

Mr. Dowd moved that the Council adopt Resolution No. R-71-75 authorizing the City Manager to advertise for bids for the material spreader and the snow plows. Mr. Jezak seconded the motion.

Mr. Jezak asked Mr. McMahan if these were in the budget, and Mr. McMahan said they were.

The vote: All aye.

* * * * *

Item 21 on the agenda was consideration of Liquor Permit Renewals for (a) Bob's U. S. Super Market, Meadowbrook Shopping Center, Class "B"; (b) A & P-Mart, 64th and North Oak Street, Class "B"; (c) Orlando's Liquor Store, Gladstone Square, Class "B".

Mr. McMahan said the Director of Public Safety has reviewed these and recommended the permits be renewed; the records have been checked and everything is in order.

Mr. Walker moved that Class "B" liquor licenses be issued to Bob's U. S. Super Market, Meadowbrook Shopping Center, A & P-Mart, 64th and North Oak Street, and Orlando's Liquor Store, Gladstone Square. Mr. Dowd seconded the motion.

Mr. Jezak commented that several months ago they had passed an ordinance concerning certain magazines and other printed material. He asked how much enforcement has been used from this Ordinance on these applicants, particularly Orlando's; he felt the ordinance had not been used as established, and he feels the problem is getting steadily worse.

Mr. Dods said that the Acting City Manager would have to comment on this particular enforcement; he suggested that the Council remember that the particular ordinance is directed toward sale to minors, and that sales in liquor stores are not mainly to minors.

Mr. McMahan said he did not know the answer as to the enforcement of the ordinance. Mr. Bussinger said a Public Safety Officer had secured his copy of the ordinance one Sunday to make copies, as the Public Safety Department had received a complaint and they wished to investigate it. He felt the matter should be looked into a little more.

Mr. McMahan said that generally enforcement of this kind would come following complaint from a parent; the Officers are not always able to check to be sure minors are not buying the magazines from the establishments.

Mr. Bussinger suggested they act on the issuance of the permits, but that the City Manager be requested to report to the Council at the next Council Meeting as to what has been done as far as pornography.

The vote on the motion to issue the liquor permits: All aye.

* * * * *

Mr. Dowd moved that the Council accept the following reports: (a) Disbursements Report for the General Fund, Public Works and Utilities Building Fund, Parkland Improvement Fund and the Public Safety Fire Station Fund for the month of July, 1971; (b) Financial Report for the Combined Waterworks and Sewerage System for the 12 months ending June 30, 1971; and Financial Statements for the General Fund, Sewer Assessment Fund, Special Park and Playground Fund, Sidewalk Construction Fund, and Public Works and Utilities Building Fund for the 12 months ending June 30, 1971; (c) Cash Disbursements for Combined Waterworks and Sewerage System for the month of July, 1971; (d) Statement of Cash at July 31, 1971. Mr. Walker seconded the motion.

Mr. Bussinger asked Mr. McMahan about General Fund Check No. 4800 to Swift Dodge in the amount of \$214.00. He asked if the warranty had run out on the new cars. Mr. McMahan said he would check on this.

Mr. Walker asked Mr. Dods the status of the lawsuit with Kansas City on the \$1.00 per month sewer service charge. Mr. Dods said no date has been set for the trial at this time; it appears the date will be sometime the last of October. He said the City has submitted an extensive Interrogatory to the City of Kansas City to which they have time to file exceptions or submit answers, after which time we will be in a position to agree on a trial date. Mr. Dods said there seems to be no possibility at this time that Kansas City is willing to discuss this matter at all.

Mr. Walker asked if the Council could have a copy of the Interrogatory. Mr. Dods said it was rather lengthy.

Mayor Davis noted that for the fiscal year ending June 30, the City spent \$858,000, and revenue was \$931,000. He said he would like to discuss a capital improvements program for the \$73,000 surplus at the next work session.

The vote on the motion: All aye.

* * * * *

Mr. Bussinger advised Mr. McMahan that they have had two or three complaints concerning the fact the Public Safety Department is unable to get cars repaired and they are driving some with bad shocks and steering. He thought the complaints were coming from within the ranks. He requested the City Manager to give him a note on this. He said he rode with one of the Officers the other night and the car was in such condition that they had to bring it in and trade for another car. He requested information on the maintenance program, and said if one mechanic cannot keep up, perhaps the City should do something else.

Mr. Jezak requested the City Clerk to get a letter to all City employees and other City Board members regarding the annual picnic to be held on August 28 at the Community Building. There will also be a ballgame between paid and unpaid employees.

Mr. Jezak asked the City Manager to check to see what is being done as far as City stickers on cars of apartment residents. Mr. McMahan said starting this week, the Public Safety Department will be concentrating once a week on certain streets primarily around apartments to enforce this ordinance.

Mr. Dods said in the minutes which the Council approved tonight (meeting of July 26, 1971), in connection with the 64th and Prospect project, the minutes indicated the City has received a deed from Walker LaBrunerie. He suggested the Council might wish to amend the minutes to show that it is to be received rather than it has been received.

Mr. Dowd moved that the Council amend the minutes of the July 26, 1971 Council meeting to show the deed is to be received. Mr. Walker seconded the motion.

The vote: All aye.

* * * * *

Mayor Davis said he had a memo from the City Clerk dated August 3, 1971 regarding the elections. He asked if she needs a motion to get two voting machines at all Precincts except 9 and 14.

Mr. McMahan said this memo was strictly an information item.

Mayor Davis said the next work session would be held Monday, August 16, at 7:00 p.m. to review the Newsletter.

There being no further business to come before the Council, the meeting was, upon motion duly made and seconded, adjourned at 10:30 p.m.

Respectfully submitted,

Acting City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

23 AUGUST 71

The regular meeting of the Gladstone City Council was called to order by Mayor Richard F. Davis, at 8:00 P.M., Monday, August 23, 1971. Roll was called. Councilmen Bussinger, Jezak, Walker and Dowd were present, as were the City Manager, Mr. Olson, Mr. John Monica, from the firm of Shook, Hardy, Ottman, Mitchell and Bacon, and the City Clerk.

Mayor Davis advised that instead of an invocation, all would repeat the Pledge of Allegiance in unison. Mayor Davis led the group.

Item 3 on the Agenda: Mr. Bussinger moved for the acceptance of the Minutes of the regular meeting of August 9, 1971, as submitted. Mr. Jezak seconded. The vote: All aye.

Item 3-A - Mayor Davis proclaimed Sunday, September 12, 1971, as MINNESOTA DAY, in response to a request from Mr. Frank Holyer, a former resident of the State of Minnesota, now a Gladstone resident.

Item 4 on the Agenda: There were no communications from the audience at this time.

Item 5 on the Agenda: Under Communications from the City Council, Mr. Bussinger inquired of the City Manager whether there had been any action taken on his recent request to "beef up" pornographic control in the City. The City Manager advised that Mr. McMahan had plans to remind the local shops that the City does have a controlling ordinance. Mr. Bussinger said he would appreciate having a letter written to the various shops which might sell magazines and books of various kinds calling to their attention this ordinance.

Mr. Jezak asked about the parking lot near the Hamilton Heights swimming pool. He said it is constructed but not paved, and he asked the City Manager to check into this matter, and to find out what the immediate plans for paving the lot are. He further requested that more current information be made available as to what the status on the City stickers is. He suggested that a new and updated letter would be in order.

Mayor Davis read a letter from L. L. Smith, Assistant Dean of University College, Syracuse University, Syracuse, New York, in which Dean Smith stated that the City Clerk had successfully completed the three-year program in professional development and qualified for certification as a Professional Municipal Clerk. Mayor Davis congratulated the City Clerk.

Item 6 on the Agenda: Communications from the City Manager. Mr. Olson asked the Council to insert, as Item 9-A, the third reading of Bill No. 71-48, for an ordinance authorizing the City Clerk to give Notice of the Special Election to be held Tuesday, October 5th, for an Election on the adoption of a City Sales tax.

He also suggested that Item 18, pertaining to the acceptance of a bid for an Electronic Communications Control Center, be deferred for the time being, or for two weeks.

He advised that there was also consideration of a liquor permit transfer, from the Gladstone Bowl to Carrollton Bowl Lounge, Inc., new owners of the Gladstone Bowling Alley. (Class "E").

* * *

Item 7 on the Agenda: Consideration of certain building plans:

(a) Remodeling at 6704 North Oak Street. Mr. R. E. Carver, petitioner. Plans submitted were to change the front lines of the present building, which houses a real estate office on one side and a beauty shop on the north side. He wanted to replace two stoops with steps and regular entrances; to close in an existing garage door; to move the present sign in closer to the building; to asphalt the parking lot.

The Council asked if Mr. Carver planned to curb and gutter and to give a ten-foot easement toward the Improvement of North Oak Trafficway. Mr. Carver indicated that he did not. He went on to say that if he cut ten feet off his parking lot, he would lose ten feet of parking space which he could not spare.

After further discussion, Mr. Jezak advised that he couldn't approve the plans unless the curbing and guttering were to be included, in accordance with the City's specifications.

Mr. Jezak moved to deny the request for remodeling submitted by Mr. Carver. Mr. Dowd seconded the motion. The vote: All "aye".

(b) Construction of a professional building to be constructed on the "curve" of Antioch Road at 64th, east side. Messrs. Phillip Snowden, Joe DeCuyper and Stephen Crain were the petitioners. An artist's rendering of the building was displayed. It was noted that Alan Roth, of Johnson County, Kansas, would be the architect. The building would contain approximately 15,000 square feet, and would be two stories in the front, on the north side, and would run to three stories in height at the rear. There are two 30-foot drives planned; the parking lot will be to the Southwest - West, and, according to submitted plans (verbal) will furnish approximately 1/3 more parking spaces than are required by the City. The outside will be brick all around. (At this time, it was noted that the address was given as being 6718 North Antioch Road). Mr. Snowden is the owner of the property.

After some discussion, Mr. Jezak moved for the approval of the construction of the building as planned (said plans dated July 20, 1971), subject to the submission of the final plans, and approval of same by the City Engineer. Mr. Walker seconded. The vote: All "aye".

* * *

Item 8 on the Agenda: Mr. Jezak moved to accept the second reading of Bill No. 71-46A, and to place same on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third reading of Bill No. 71-46A, and to enact it as Ord. No. 1,824. Mr. Walker

seconded the motion. The vote: All "aye".

* * *

Item 8-A - Mr. Bussinger moved for the adoption of the following Resolution, No. R-71-76: ".....That it is the full intent and purpose of the City Council to eliminate the Gladstone Automobile Tax when the citizens of the City of Gladstone authorize the collection of a City Sales Tax on gross receipts". Mr. Dowd seconded the motion. Mr. Dowd said this meant there would be free City stickers for Gladstone residents; that the Public Safety Department would follow up to be sure all vehicles have their stickers.

Mayor Davis said he felt this was a wise idea; believes it to be a fine move. The vote: All voted "aye".

* * *

Item 9 on the Agenda: Mr. Jezak moved to accept the second reading of Bill No. 71-47, imposing a City Sales Tax at a rate of one percent of the receipts from the sale at retail of all tangible personal property or taxable services at retail within the City of Gladstone, Missouri, subject to the approval of such ordinance by the voters of the City at a Special Election to be held on October 5, 1971, all as provided by the City Sales Tax Act of the State of Missouri, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 71-47, and to enact it as Ordinance No. 1,825. Mr. Walker seconded. The vote: All "aye".

* * *

Item 9-A: Mr. Walker moved to accept the second reading of Bill No. 71-48, authorizing the City Clerk to give notice of the Special Election to be held Tuesday, October 5, 1971, whereat Gladstone residents will vote on the adoption of an ordinance imposing a City Sales Tax; Fixing the Polling Places for said Election and prescribing the form of the Ballot to be used, and to place said Bill on its third and final reading. Mr. Dowd seconded. The vote: All voted "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 71-48, and to enact it as Ordinance No. 1,826. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 10 - Mr. Jezak moved to place Bill No. 71-51, for an ordinance prohibiting sale and use of fireworks within the City of Gladstone; Defining the same; providing for supervised public displays of fireworks; providing for the issue of permits therefor; regulating the conduct of public displays; providing for certain exemptions; providing for the seizure of illegal fireworks; repealing Ordinance No. 1,495, and providing for penalties for the violation of this ordinance, on its first reading. Mr. Walker seconded. Mr. Dowd advised that he felt this bill should be read at three separate meetings as the Council was still interested in reaching the public and in public opinion. The vote: All "aye". The Clerk read the Bill.

Item 11 on the Agenda: Mr. Bussinger moved to place Bill No. 71-52, being for an ordinance requesting rezoning from R-1 to C-P-0 on certain tracts in White Chapel Memorial Gardens, on its first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 71-52 and to place same on second reading. Mr. Jezak seconded. Mr. Emil Jones, of 6606 Northeast Antioch Road, questioned the location proposed for the new chapel to be erected by the Newcomer people should the rezoning be granted. He was concerned with the buffering; with the exact location in relation to his residence, and asked several other questions. Mayor Davis suggested that Mr. Newcomer and Mr. Jones get together before the third reading of the proposed ordinance on rezoning, that is, prior to the September 13th Council meeting. The vote on the second reading: All "aye". The Clerk read the Bill.

* * *

Item 12 on the Agenda: First reading of Bill No. 71-53, being for an ordinance to rezone the West 70 feet of Lots 1, 2 and 3, Block H., Mosby Highlands Annex, being further described as 7210, 7208 and 7206 North Locust, respectively, from R-1 to C-1. Mr. Dowd moved to place Bill No. 71-53, AS AMENDED, on its first reading. Said amendment is to change the rezoning from R-1 to C-P-1. Mr. Walker seconded the motion. Mayor Davis asked if the petitioner (Mr. Bruce Lambert, Manager of Williams U. S. Super Market) understood what the "P" indicated. Mr. Lambert indicated that he did; i. e. - that a Site Plan would be presented to the Council prior to any construction taking place. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to approve the first reading of said Bill No. 71-53-A, and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. It was noted that a third reading would take place on September 13th, at the next regular Council meeting.

* * *

Item 13 on the Agenda: First Reading of Bill No. 71-54, accepting a water easement on certain land located at the east side of the Gladstone Plaza Shopping Center, behind the new T. G. & Y. Construction, from the Owners of Record, Mr. Alan A. Wolff and Edith L. Wolff, husband and wife. Mr. Walker moved to place said Bill on first reading. Mr. Dowd seconded. Mr. Walker asked the City Manager to explain the reason for extending the 8" main and why the City needed this Easement. Mr. Olson explained that the City requires an easement because it will want to include the extension of this line in the overall system; that it is the normal procedure when there is an addition to the water system, as required by the Missouri Inspection Bureau, which takes all water lines into consideration for fire protection. He added that the City will, of course, sell water from this line; that such a move is in accordance with the ordinance. The vote: All voted "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 71-54, and to place said Bill on second reading. Mr. Dowd seconded. The Vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 71-54, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 71-54, and to enact it as Ordinance No. 1.827. Mr. Dowd seconded. The vote: All "aye".

Item 14 on the Agenda: First Reading of Bill No. 71-55, designating the judges to work in the Gladstone Special Election of September 3, 1971. Mr. Dowd moved to place said Bill on first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the first reading of said Bill No. 71-55, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the second reading of Bill No. 71-55, to waive Section 20(d)(2) of Ord. No. 1.83, to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the third and final reading of Bill No. 71-55, and to enact it as Ordinance No. 1.828. Mr. Jezak seconded. The vote: All "aye".

Item 14-A - Mr. Jezak moved to place Bill No. 71-56, being for an ordinance to approve Final Plat of Cedar Glen South, an addition in and to the City of Gladstone, Missouri, and authorizing proper signatures for recording, on its first reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to place Bill No. 71-56 on its second reading, after acceptance of the first reading. Mr. Bussinger seconded. The vote: All voted "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 71-56, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 71-56, and to enact same as Ordinance No. 1.829. Mr. Bussinger seconded. The vote: All "aye".

Item 15 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-77, authorizing the City Manager to execute Contract No. 119, for certain water main construction by Wolff Construction Company and Malnar Plumbing and Heating Company, Inc., for 415 feet of 8" C.I.P. to be located in an easement on the east side of the new construction of the T. G. & Y. Family Center in the Gladstone Plaza Shopping Center. Mr. Jezak seconded. The vote: All "aye".

Item 16 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-78, authorizing the City Manager to accept a Bill of Sale for water main construction under Contract No. 117, by Charles F. Curry Real Estate Company and Woodside Construction Company, Inc., for 310 feet of 6" C.I.P. and 330 feet of 2" C.I.P., to be located in Kendallwood Park, and on Shady Lane Drive, in Kendallwood Addition. Mr. Walker seconded. The vote: All "aye".

Item

17. Mr. Walker moved for the adoption of Resolution No. R-71-79 authorizing the City Manager to accept a bid on the construction of a new fire station at 6600 North Prospect from H. R. Herdinger Company, Contract No. 1, in the amount of \$91,760.00. Mr. Jezak seconded. (It was noted that this figure did not include the shake roof). Mr. Bussinger said he hoped the proposed Sales Tax would pass so that an additional station might be constructed on the west side of the City in the future. The vote: All "aye".

Item 18 on the Agenda: Mr. Dowd moved to defer Item 18, scheduled as acceptance of a bid for the construction of an Electronic Communications Control Center for Public Safety. Mr. Bussinger seconded. The vote on deferment..All "aye".

Item 19 on the Agenda: Mr. Jezak moved to accept Resolution No. R-71-80, accepting a bid from Michie City Publications of Charlottesville, Virginia, for Codification of Ordinances (100 copies) at a base price of \$2,750.00. Mr. Walker seconded the motion. The vote: All "aye".

Item 20 on the Agenda: Mr. Bussinger moved to adopt Resolution No. R-71-81, accepting curbing, guttering and paving on Shady Lane, beginning 180 feet west of N. Bales, and continuing 434 feet up to and including the Cul-De-Sac, all located in Kendallwood, from Arnold Q. Myers Company. Mr. Dowd seconded. The vote: All "aye".

Item 21 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-82 authorizing the City Manager to accept curbing, paving and guttering constructed on 59th Street, beginning on the West side of North Indiana, continuing west a distance of 350 feet, and then continuing North for a distance of 760 feet. Mr. Jezak seconded. Mr. Dowd asked the City Manager just where this construction was located. Mr. Olson replied that it was just below Kendallwood, at the north side of Evanston. The vote: All "aye".

Item 22 on the Agenda: "Other Business"...Mr. Dowd asked that the records show that the Council offered to go to Mr. R. E. Carver's property at 6704 North Oak Street, to discuss his proposed remodeling plans, but that Mr. Carver refused the offer. Mr. Bussinger commented that he was elected to represent the people of Gladstone, and that under no circumstances will he take any action without looking into the matter first; he said he will not be threatened nor forcibly coerced into accepting anything without first checking into it.

Mr. Bussinger asked about the status of the sidewalk construction near Linden West School. The City Manager answered that there was still one home owner who refused to grant or sign a construction easement in that area. He said that as of this date, the City is moving on the Cowden Drive sidewalk project, and will then move on up on Shady Lane to complete that; that he would like some instruction from the Council as to whether or not to continue on 74th Street.

Mr. Bussinger moved that the City Manager do whatever is necessary to complete the sidewalk construction near the Linden West School; to move ahead on it to see what can be done. (He said he would like to have a full report on this at the next Council meeting.) Mr. Dowd seconded. The City Manager said

City Council Meeting of
August 23, 1971

Page seven

that they don't have a construction easement, but the City does have a street right of way; that there is just this one lot holding out, as it were; the owner will not let anyone go onto his front yard. It was suggested that the City Manager talk to the man personally. The vote: All "aye".

Mr. Jezak asked if the cross walks were being painted in preparation for the beginning of school. He also commented that the sidewalks between Antioch Junior High School and Michigan were a complete "eyesore", and asked if they could be cleaned up.

Mayor Davis advised there would be a work session on Thursday night, September 2nd, from 7:30 to 8:30 P.M., to which the JayCee representatives were to be invited.

Mayor Davis inquired as to whether or not the crosswalk guards had been secured for all cross walks. The City Manager replied in the affirmative.

As there was nothing further to come before the Council at this time, the meeting was, upon motion duly made and seconded, adjourned. Time 9:50 P.M.

Respectfully submitted,

City Clerk

MAYOR

SPECIAL MEETING
CITY COUNCIL
GLADSTONE, MISSOURI

4 September 71

A special Council meeting of the Gladstone City Council was called for Saturday, September 4, 1971, in the Council Chambers of the Gladstone City Hall, for the purpose of accepting the canvass of the results of the Special Election of September 3, 1971.

Mayor Richard Davis opened the meeting. Roll was called. Those present were Councilman Dowd, Councilman Bussinger, Councilman Jezak and Councilman Walker, in addition to the Mayor. Mr. Olson, the City Manager, and the City Clerk were also present.

Mr. Walker moved to place Bill No. 71-58, being for an ordinance to declare the results of the Special Election held in the City of Gladstone, Missouri, on September 3, 1971, at which Election there was submitted to the qualified voters of said City, the following question, to-wit: "SHALL INTOXICATING LIQUOR, CONTAINING ALCOHOL IN EXCESS OF FIVE PERCENT (5%) BY WEIGHT, BE SOLD BY THE DRINK AT RETAIL FOR CONSUMPTION ON THE PREMISES WHERE SOLD?", on its first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill in its entirety, with the following tabulation:

<u>Precinct No.</u>	<u>Yes</u>	<u>No</u>	<u>Total</u>
7	192	102	294
9	82	52	134
10	136	108	244
11	95	60	155
12	192	55	247
13	180	186	366
14	77	41	118
15	185	85	270
Absentee Votes	<u>5</u>	<u>8</u>	<u>13</u>
Totals	1,144	697	1,841

The above determined that more than a majority of the qualified voters in said City who voted at the Special Election of September 3, 1971, voted in favor of the Question.

Mr. Walker moved to accept the first reading of Bill No. 71-58, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Minutes of the Special
Council Meeting of
September 4, 1971, con't.

Page Two

Mr. Walker moved to accept the second reading of Bill No. 71-58, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of said Bill, and to enact it as ORDINANCE NO. 1.830. Mr. Jezak seconded. The vote: All "aye".

General discussion concerning potential applicants for locations wishing to serve liquor by the drink was held. It was decided to allow a 60-day period during which time those who were asking for permits would be meeting with the City Administration, discussion would be held on the full meaning of the Liquor Ordinance, etc. The Council noted that they would move with caution in these matters. It was suggested that the original committee which had made the study on liquor previously be reactivated, and this committee would work closely with the City Manager in this regard.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 9:30 A.M.

Respectfully submitted,

Betty J. Johnson
City Clerk

CITY COUNCIL MEETING
Gladstone, Missouri

September 13, 1971

The Regular Meeting of the Gladstone City Council was called to order by Mayor Richard Davis at 8:00 p.m., September 13, 1971, in the Council Chambers of the Gladstone City Hall. Those present: Councilman Bussinger, Jezak, Walker, Dowd; Mayor Davis; City Manager, Dave Olson; John Monica, in the absence of Assistant City Counselor, John Dods; Acting City Clerk, Joyce Seever.

Item 2 on the Agenda was the Pledge of Allegiance, led by Mayor Davis.

Under Item 3 on the Agenda, Mr. Bussinger moved that the Council approve the Minutes of the Regular Meeting of August 23, 1971, and of the Special Council Meeting of September 4, 1971 as submitted; Mr. Jezak seconded the motion.

The vote to approve the minutes: All aye.

* * * * *

Mayor Davis read a Proclamation declaring the week of September 12 through September 19 as American Field Service Week.

Mayor Davis also read a Proclamation declaring the week of September 19 through September 25 as Y-Indian Guide Week.

Item 6 on the Agenda was communications from the audience.

Mr. Charles Logan, 1605 Northeast 61st Street, speaking for the Gladstone Junior Chamber of Commerce, addressed the Council with regard to Item 11, Bill No. 71-51, which would prohibit the sale and use of fireworks. He said the Jaycees wished to go on record as opposing the passage of this Ordinance, as they derived funds for their various projects from the sale of fireworks each year. Elimination of this source of funds would curtail the number of projects they would be able to complete.

Mr. Hoy Thompson, 7512 North Highland, said he was the newly elected Chairman of the Independent Home Owners Association. He made the following comments regarding the proposed sales tax election: (1) Citizens in the City already pay approximately a five per cent gross sales tax on utilities, i.e., gas, electricity and telephone; (2) The Council has not defined exactly what the new revenue will be used for; (3) The \$102,000 increase in the current budget was used largely for administrative salaries in the City without too much regard for employees in the lower echelon. Professional fees had been increased from \$25,170 to \$37,000; (4) In 1969 voters defeated a proposed sales tax. The Council has found \$84,000 for construction of a new fire station. If the Council is persistent in seeking the one per cent sales tax, the Independent Home Owners Association of Gladstone will oppose this issue.

Mr. Harvey Townley, 1503 Northeast 56th Terrace, representing the Northland Optimist Club, said they wished to oppose the banning of the sale of fireworks, as they also derive some of their funds from this activity. He said the City has a letter on file expressing their objections to the proposed ban, and requested that the Council not adopt this Ordinance.

* * * * *

Item 7 on the Agenda was communications from the City Council.

Mr. Bussinger, addressing his remarks to the City Manager, said last winter the Council was approached by Dunkin Donuts to approve some zoning at 67th and North Oak, and there was a real rush-rush hurry to get the zoning approved. He said the Council tried to be helpful to an industry desiring to move to Gladstone, and the zoning was approved. Since that time the building has been finished. He understood that some of the machinery has been taken out to another location. He requested the City Manager to contact Dunkin Donuts to determine what their time schedule is on this; he was not at all happy that the Council went out of their way to help in this matter and now there is an empty business building on North Oak. Mr. Bussinger asked that the City Manager give him some information on this at the next meeting.

Mr. Bussinger said the Council saw fit to remove the stop sign at Wyandotte and Englewood Road, and asked that a dangerous intersection sign be put up; he asked if the City has that type of sign. Mr. Olson said they were on order. Mr. Bussinger said he thought the dangerous intersection sign should be put up there as soon as possible.

Mr. Jezak said although the four homes on 67th Place and North Holmes have been sold, the builder still has not constructed curbs and has not taken care of the drainage ditch on the property. He felt the City should move at once to correct the problems.

Mr. Jezak asked that a Bill be added to the Agenda tonight; the Bill is a result of many hours of discussion by the Council and he felt it was highly important at this time. It is a proposed ordinance that would repeal Ordinance 1.825, proposing the City Sales Tax, and 1.826 authorizing the City Clerk to give notice of such election. He said since the Sales Tax Ordinance was introduced, the President placed a price freeze, and he felt the City as well as all citizens of Gladstone should take a step to help our nation in this time of crisis. He felt if the election is postponed for a short time, they can help the Federal Government, and at the same time the people will have an opportunity to see what is going to happen after the price freeze is eliminated, which is presently November 15.

Mr. Jezak moved that the Council place Bill No. 71-60, which would repeal Ordinance No. 1.825 (Imposing a City Sales Tax and providing for a special election thereon) and Ordinance No. 1.826 (authorizing the City Clerk to give notice of such special election), on its first reading. Mr. Bussinger seconded the motion.

Mr. Bussinger said that with the Presidential price freeze, and with the citizens not sure which direction the economy is headed, he felt the Council should give the citizens a chance to see what is going to happen after the freeze expires. Also there may be a lot of questions people want to ask on the sales tax which the Council has not answered. He still feels the sales tax is necessary, and he would like to see before the end of the year or shortly thereafter that the Council come back with it.

Mr. Walker said he understood that the proposed ordinance would make the other two null and void; he asked if this could be deferred to a certain date instead of abolishing the ordinances. He saw no need to abolish them if the Council intends to resurrect them at a later time. He could not see setting a later date as he understood that the President says there will be no freeze after the first of the year.

Mr. Jezak said Mr. Dods felt this would be the best way to go at the present time since the Council is not in complete agreement on the new date for the sales tax election. The new date would likely be after the first of the year. Mr. Jezak felt this would give the Council plenty of time to discuss it further and decide on a definite date, and would give them plenty of time to reintroduce the ordinance. He said Mr. Dods felt this would be the best way to nullify the two ordinances and start over again.

Mr. Walker said there is a great need for this tax for the capital improvements program, and he did not feel it should be delayed further. He thought the citizens should have the right to say if they have a capital improvements program -- more fire protection, playgrounds, streets, etc. -- and he did not feel this should be delayed for any reason. This was proposed before the President made his demands and he didn't think it would change the situation any whether it is voted on in October or in January, so he urged that the proposed ordinance be defeated.

Mr. Dowd said he was in favor of postponing or negating the sales tax proposal; he still felt this was an honest progressive package, and would be in favor of bringing it back at a future date. The only reason he was in favor of delaying it, at this time was to join in the spirit of things and permit himself and the citizens to see what the future brings. He said he was not opposing the sales tax issue, only election at this time.

Mayor Davis said he did not agree with the decision to present the proposed ordinance; he felt they should have an election on October 5, although he could well understand their reason for the postponement. He said while he had lived in Gladstone he had heard many residents say they love the City of Gladstone and if it costs more to have a first class city they said they would be willing to pay the price. People have asked for the City to provide play areas for the children. Despite the fact that businessmen have told him that North Oak is strangling their business, only one businessman on North Oak has indicated he would help with the election. He said he was disgusted with citizen apathy. He hoped to see the sales tax brought forth again and that citizens of Gladstone would support the Council in this matter. He said he disagreed with the concept of keeping the taxes low and forgetting about other citizens; he felt the Council has to do something.

The vote on the Motion: Aye: Mr. Bussinger, Mr. Jezak, Mr. Dowd.
No: Mr. Walker, Mayor Davis.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the first reading of Bill No. 71-60 and that it be placed on its second reading; seconded by Mr. Bussinger.

The vote: Aye: Mr. Bussinger, Mr. Jezak, Mr. Dowd.
No: Mr. Walker, Mayor Davis.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the second reading of Bill No. 71-60, that Section 20(d)(2) of Ordinance No. 1.83 be waived, and that the Bill be placed on its third and final reading. Mr. Bussinger seconded the motion.

The vote: Aye: Mr. Bussinger, Mr. Jezak, Mr. Dowd.
No: Mr. Walker, Mayor Davis.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the third and final reading of Bill No. 71-60 and that it be enacted as Ordinance 1.831; Mr. Bussinger seconded the motion.

The vote: Aye: Mr. Bussinger, Mr. Jezak, Mr. Dowd.
No: Mr. Walker, Mayor Davis.

* * * * *

Continuing Item 7 on the Agenda, Mr. Jezak said Mayor Davis had just indicated there are people who are not interested in Gladstone; he had a case where a neighbor of his asked what she could do to help in regard to the fireworks ordinance. She secured a petition in favor of banning the sale and use of fireworks in the City of Gladstone with 159 names in the past week. He said he wished to introduce this as evidence that there are people who are interested in the City and are willing to spend some time to improve it.

Mayor Davis said he had received a letter from the Office of the Governor regarding the 8th Annual Community Betterment Program to be held October 19, 20 and 21. He said he would not be able to attend, and asked that the Office be informed of those who were going to be able to attend the meeting.

* * * * *

Item 8 on the Agenda was communications from the City Manager.

Mr. Olson asked that a resolution be added to the agenda authorizing the Mayor to sign an application with the State Water Pollution Control Board.

Mayor Davis said this would be added as Item 23A.

Mr. Olson said the developers of Prospect Plaza, at 64th and Prospect, have asked that the Council consider their request to relocate one of the driveways; this will require a motion from the Council before the developer can make the necessary change.

* * * * *

Item 8A. on the agenda was consideration of a request to relocate a driveway at the Prospect Plaza Development.

Mr. Bussinger moved that the Council approve the proposed relocation of the driveway on North Prospect for the Prospect Plaza Shopping Center; Mr. Jezak seconded the motion.

The vote: All aye.

* * * * *

Item 9 on the agenda was the Third Reading of Bill No. 71-52, rezoning certain property in White Chapel Memorial Gardens from R-1 to CP-0.

Mr. Walker moved that the Council accept the second reading of Bill No. 71-52, and place it on its third reading; Mr. Jezak seconded the motion.

Mr. Bussinger asked if the gentleman was in the audience who had some questions regarding this rezoning at the last meeting. Mr. Newcomer said they had sent him a letter to the address he left for them and they had not heard from him. Mr. Olson said it was Mr. Jones. Mayor Davis read the letter which advised Mr. Jones to contact the applicant or their attorney if he wished to discuss the matter further, by this date.

Mr. Dowd said the questions were discussed with Mr. Jones at some length that night and possibly he was satisfied after he went home.

The vote on the motion: All aye.

The Clerk read the Bill.

Mr. Walker moved that the Council accept the Third Reading of Bill No. 71-52 and enact it as Ordinance 1.832; Mr. Jezak seconded the motion.

The vote: All aye.

* * * * *

Item 10 on the Agenda was the Third Reading of Bill No. 71-53-A, rezoning certain property located at approximately 7210, 7208 and 7206 North Locust from R-1 to CP-1.

Mr. Dowd moved that the Council accept the second reading of Bill No. 71-53-A and place it on its third and final reading. Mr. Walker seconded the motion.

The vote: All aye.

The Clerk read the bill.

Mr. Dowd moved that the Council accept the third and final reading of Bill No. 71-53-A and enact it as Ordinance 1.833. Mr. Walker seconded the motion.

The vote: All aye.

* * * * *

Item 11 on the agenda was the second reading of Bill No. 71-51, prohibiting the sale and use of fireworks, defining same, providing for supervised public displays of fireworks, providing for the issuance of permits therefor, etc.

Mr. Jezak moved that the Council accept the first reading of Bill No. 71-51 and place it on its second reading; Mr. Dowd seconded the motion.

Mr. Walker said he did not feel since they have only heard from 175 people pro and con on this matter out of a possible 23,000, he did not feel the Council has a mandate to legislate controls of safety. He thought safety was inherent with responsibility; if you take responsibility away from everyone it does more harm than good. People who are going to shoot fireworks can purchase them in Riverside and shoot them in the County anyway. The City of Liberty, at the Council meeting just before the 4th of July, said they could not enforce this ordinance because fireworks were being sold just outside the City limits. He felt that safety can not be legislated completely, and was not in favor of this bill.

The vote: Mr. Bussinger, aye, on the basis he presumed they would have one more reading of this bill at the next Council meeting, and this will give him more time to hear from a few more people.

Mr. Jezak, aye.

Mr. Walker, no.

Mr. Dowd, aye.

Mayor Davis, aye; the Council has deliberately avoided having more than one reading of this Bill so that they can get the maximum possible feed-back from the pro and con; he has to vote to abolish because his mail is running two and three to one to abolish the fourth of July fun.

The Clerk read the Bill.

* * * * *

Mr. Charles Logan said that if the sale of fireworks were banned, the Jaycees would not have funds to provide for the annual fireworks display which they have provided since 1957.

Mr. Bussinger said his mail was three to one to ban the sale, and he had to make his decision based on what the citizens want. He felt that should this ordinance pass and fireworks be banned, the City could probably provide fireworks for its citizens for the 4th of July.

Mayor Davis said that possibly by abolishing this opportunity for groups to make money, there might be some incentive to resurrect the Western Roundup.

* * * * *

Item 12 on the agenda was the First Reading of Bill No. 71-57, for an ordinance accepting certain sewer easements.

Mr. Jezak moved that Bill No. 71-57 be placed on its first reading; Mr. Bussinger seconded the motion.

Mr. Olson advised that these easements would provide for constructions of sewers to serve Whispering Oaks; the easements are conveyed to the City.

The vote: All aye.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the first reading of Bill No. 71-57 and place it on its second reading; Mr. Bussinger seconded the motion.

The vote: All aye.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the second reading of Bill No. 71-57, waive Section 20(d)(2) of Ordinance 1.83, and place the Bill on its third and final reading; Mr. Bussinger seconded the motion.

The vote: All aye.

The Clerk read the Bill.

Mr. Jezak moved that the Council accept the third and final reading of Bill No. 71-57 and enact it as Ordinance 1.834; Mr. Bussinger seconded the motion.

The vote: All aye.

Mayor Davis called a recess at 9:00 p.m.

Meeting reconvened at 9:20 p.m. with all members present.

Mr. Bussinger said that having been appointed by the Mayor as Chairman on the liquor ordinance, and the Mayor asked that Mr. Dowd and he follow up concerning liquor licenses, he wished to announce that between now and October 15 for those who care to make application, the Council will then study and meet with the applicants on October 25 to evaluate the specific proposals, plans, buildings, etc. There is a limit of five licenses which can be issued; if the Council receives seven or eight applications and they are equal, he imagined that preference would be given to the first five received. He said they would meet with the applicants and assure Gladstone citizens that the best type of restaurants will be issued licenses. Recommendation for approval of licenses will be made at the November 8th Council Meeting.

Mr. Bussinger invited the other members of the Council to the Clay County Coordinating Committee Meeting to be held at the City Hall on September 15, for a discussion on ATA transportation to Clay County cities.

Item 13 on the agenda was the First Reading of Bill No. 71-59 for an ordinance providing for the licensing of persons engaged in the business of electrical work.

Mr. Walker moved that the Council place Bill No. 71-59 on its first reading; Mr. Bussinger seconded the motion.

Mr. Walker said this ordinance is a followup for the hook-on ordinance adopted by the Council a month or so ago. It is to give the City administration more tools to work with in enforcing the building codes, and he felt that the electrical contractors and builders are in favor of this proposed ordinance.

Mayor Davis said the ordinance would be read on three separate nights.

The vote: All aye.

* * * * *

Item 22 on the Agenda was consideration of a Resolution accepting a bid for an Electronic Communications Control Center.

Mr. Bussinger moved that the Council adopt Resolution No. R-71-83, accepting the bid of Motorola Communications and Electronics, Inc. in the amount of \$23,670.00 for an Electronic Communications Control Center. Mr. Jezak seconded the motion.

Mr. Bussinger asked if a year's service on parts were included in the bid; Mr. Olson said it was. Mr. Walker asked when this could be expected to be installed; Mr. Olson said the contract states within 90 days from the date of the contract.

Mr. Bussinger asked if new carpeting would be put down in the Communications Center. Mr. Olson said they would try to make provisions for this.

The vote: All aye.

* * * * *

Item 14 on the Agenda was a Resolution authorizing transfer of funds for construction of the new fire station.

Mr. Dowd moved that the Council adopt Resolution No. R-71-84; Mr. Walker seconded the motion.

The vote: All aye.

* * * * *

Item 15 on the agenda was a Resolution authorizing certain Change Orders for Public Works Building Contract No. 3, Electrical.

Mr. Walker moved that the Council adopt Resolution No. R-71-85; Mr. Dowd seconded the motion.

Mr. Jezak asked Mr. Olson if they are planning for an open house in the near future at the Public Works Building. Mr. Olson said it was up to the Council. Mr. Walker thought the ground, etc. should be finished before they have open house.

Mr. Olson said the only work remaining was installation of the fence. The departments should complete their moving into the new building within the next couple of weeks.

Mr. Jezak asked why the rock for the street was dumped behind City Hall. Mr. Olson said this was done primarily because the rock was to be used in the area close to City Hall, and that it would be used within two weeks.

The vote: All aye.

* * * * *

Item 16 on the agenda was a Resolution accepting work performed and authorizing final payment for Public Works Building Contract No. 3.

Mr. Jezak moved that the Council adopt Resolution No. R-71-86; Mr. Walker seconded the motion.

The vote: All aye.

* * * * *

Item 17 on the agenda was a Resolution granting an extension of time under Public Works Building Contract No. 9.

Mr. Bussinger moved that the Council adopt Resolution No. R-71-87; Mr. Walker seconded the motion.

Mr. Dowd asked why this extension to Wood Heating and Cooling was necessary. Mr. Olson said this is to bring it in line with the Herdinger Contract which had to be completed simultaneously with the heating contract. He said both Herdinger and Wood were finished on June 23.

The vote: All aye.

* * * * *

Item 18 on the agenda was a Resolution accepting work performed and authorizing final payments for Public Works Building Contract No. 9.

Mr. Walker moved that the Council adopt Resolution No. R-71-88; Mr. Jezak seconded the motion.

The vote: All aye.

* * * * *

Item 19 on the agenda was a Resolution authorizing the acceptance of a bid for two snow plows.

Mr. Jezak moved that the Council adopt Resolution No. R-71-89 authorizing the purchase of two snow plows from Liberty Equipment Company, Inc. for the total amount of \$3,146.00. Mr. Dowd seconded the motion.

The vote: All aye.

* * * * *

Item 20 on the agenda was a Resolution authorizing acceptance of a bid for one hopper-type material spreader.

Mr. Bussinger moved that the Council adopt Resolution No. R-71-90 authorizing the purchase of one material spreader from Cline Construction Equipment, Inc. in the amount of \$2,455.00; Mr. Jezak seconded the motion.

The vote: All aye.

* * * * *

Item 21 on the agenda was a Resolution accepting a bid for 1971-72 purchases of salt.

Mr. Bussinger moved that the Council adopt Resolution No. R-71-91 accepting the bid of the Carey Salt Company in the amount of \$9.60 per ton for approximately 800 tons of crushed salt for the 1971-72 season. Mr. Jezak seconded the motion.

Mr. Jezak asked if the City had ever taken bids on other chemicals to be used in place of the salt; Mr. Olson said they have not taken bids. The City has tried several different things but was never satisfied with the others. Mr. Jezak suggested that the City watch for several new types of chemicals on the market this winter.

The vote: All aye.

* * * * *

Item 23 on the agenda was a Resolution authorizing the filing of an application with the Environmental Protection Agency for a grant to aid in the construction of a water sludge treatment facility.

Mr. Dowd moved that the Council adopt Resolution No. R-71-92; Mr. Jezak seconded the motion.

The vote: All aye.

* * * * *

Item 23A. on the agenda was a Resolution authorizing the filing of an application with the Missouri Water Pollution Board for a State Grant for construction of the water sludge treatment facility.

Mr. Jezak moved that the Council adopt Resolution No. R-71-93; Mr. Dowd seconded the motion.

Mayor Davis said they have received word from the State today regarding approval of this application; If the State matches this 25 per cent, then the Federal Government will give the City an additional 35 per cent, which means an 80 per cent grant. The \$150 million dollar bond issue proposed in the October 5 State election is designed to give the State funds to fund this type of need. If this amendment passes, it will require no tax increase in the State of Missouri, but will allow the State to be in a position to approve these grants. He suggested that the Council endorse this amendment at the next council meeting.

The vote: All aye.

* * * * *

Item 24 on the agenda was acceptance of: (a) Cash Disbursements Report for the Combined Waterworks and Sewerage System for August, 1971; (b) Combined Waterworks and Sewerage System Financial Statement for the Month Ending July 31, 1971; (c) Cash Balance Report for the Month Ending August 31, 1971; (d) General Fund Disbursements Report for the month of August, 1971; Disbursement Report for Public Works and Utilities Building Fund, Special Sewer Assessment Fund, Capital Improvement for Construction of Sidewalks Fund for the month of August, 1971.

Mr. Bussinger moved that the financial reports as listed be accepted; Mr. Jezak seconded the motion.

Mr. Bussinger asked if Water Department Check No. 3851 was for repairs to Andy's car; Mr. Olson said it was.

Mr. Bussinger asked about General Fund Check No. 4884; how many mowers were involved. He felt the cost for repairing these was a little high up there. Mr. Olson said this check involved repairs and another item, and that he would check on this.

Mr. Walker asked about Water Department Check No. 3849 for a service call to the Glaywoods Pumping Station. Mr. Olson said this was for raising of the electrical service; it had been in a pit and was not functioning, so they rewired it, lifting the service above ground level.

Mr. Walker said since we have rebuilt the pump station, this was actually construction of the station and not a service call as indicated.

Mr. Dowd said he noted repairs paid on Car 350 three different times in the Water Disbursements; he asked if this was one of the cars the Council had encouraged the City Manager to stretch out a year or two. Mr. Olson said yes, it is a 1968, not much has been spent on it the past two years, but it caught up this year; we will have to keep it another year, but it is in good shape now.

Mr. Bussinger asked the City Manager what was the amount of deductible on our insurance now; Mr. Olson said it was \$500 deductible. Mr. Bussinger asked if Mr. Olson felt the extra expense to carry \$100 deductible would be in line. Mr. Olson said at the time we changed, there was \$1300 or \$1400 per year difference. Under normal operations it should be a little cheaper to carry \$500 deductible. About a year and a half ago, there were some serious accidents which ate up the difference. Mr. Bussinger said if the City did have another bad year, it might be well to go back to the \$100 deductible. Mr. Olson said they are evaluating this and also considering insuring our own; some cities actually don't carry collision, they insure their own automobiles and establish a repair fund.

The vote: All aye.

* * * * *

Item 25 on the agenda was other business.

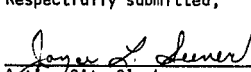

Mr. Jezak thanked Mr. Dixon, who was in the audience, for the work of the Public Safety Personnel Board for the good job they did last month.

Mayor Davis announced there would be a Council work session at 9:00 a.m., Saturday morning, September 16.

Mr. Olson advised that the auditors have completed the field work and should have a preliminary report for the Administration's review shortly.

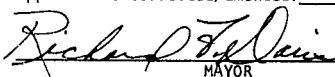

There being no further business to come before the Council, the meeting was, upon motion duly made and seconded, adjourned at 10:15 p.m.

Respectfully submitted,

Acting City Clerk

SPECIAL CITY COUNCIL MEETING
GLADSTONE, MISSOURI

30 SEPTEMBER 71

A Special Meeting of the Gladstone City Council was held at 7:45 P.M. in the Gladstone City Hall on Thursday, September 30, 1971. Those present were Mayor Richard Davis, Councilman Jezak, Councilman Walker and Councilman Dowd. By unanimous decision, those present waived the Notice of the Special Meeting, and by motion duly made and seconded, appointed Mr. Dowd, City Councilman, to act as City Clerk for such meeting.

The first item of business was consideration of the building plans submitted by Mr. Charles Garney, Jr., for construction of a building at 7409 North Oak Street Trafficway. General discussion ensued, during which the Council requested that Mr. Garney brick the south side of the proposed building. Mr. Garney agreed to do this.

Further discussion on curbing all the way to the buffer zone on the east side of the proposed building, along 74th Street was held.

All notes and suggestions marked on the Plan, dated 9/21/71, will be followed, assuming such revised Plans meet the requirements of the City Engineer.

Mr. Jezak moved to accept the revised Plans for the construction of a building by Garney Plumbing and Heating Company, as submitted by Mr. Charles Garney, Jr., subject to the approval of the City Engineer. Mr. Walker seconded the motion. The vote: Councilman Dowd, "aye", Councilman Jezak, "aye", Councilman Walker, "aye", Mayor Davis, "aye".

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 8:15 P.M.

Respectfully submitted,

Richard Dowd, Acting City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
27 September 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Davis at 8:00 P.M. on Monday, September 27, 1971, in the Council Chambers of the Gladstone City Hall. Roll was called. Those present, in addition to the Mayor, were Councilman Dowd, Councilman Bussinger, Councilman Jezak and Councilman Walker. Also present were the City Manager, Mr. Olson, Mr. John Monica, from the office of the City Counselor, and the City Clerk.

The Mayor led the audience and Council in repeating the Pledge of Allegiance.

Item 3 on the Agenda: Mr. Jezak moved for the adoption of the Minutes of the regular meeting of the City Council of September 13th, as submitted. Mr. Walker seconded. The vote: All "aye".

Item 4 on the Agenda: Public Hearing: Request to rezone from R-1 to RP-1 property described as being approximately 59th and North Indiana, Brooktree Subdivision (Kendallwood). The applicant: The Charles F. Curry Company. Mr. James Carney, representing the Charles F. Curry Company, addressed the Mayor and Council, explaining briefly what the plan was. He introduced Mr. Phil Acuff, of Acuff Homes, Inc., who explained that there would be approximately 403 R-1 dwellings, which would range in price from \$36,000 to \$50,000. Mr. Acuff described the kind of dwellings; he said they would do all possible to preserve the natural surroundings, working around nature rather than destroying, preserving the greatest possible area of green space and keeping, rather than destroying, the trees and doing the least possible amount of grading.

Mr. Carney explained that the Homes Association which would be formed would be mandatory, and it would therefore be the responsibility of those dues-paying owners to maintain the open areas; as such, there would be no involvement of the City at all in maintenance. In answer to a question, Mr. Carney suggested that this could take about three years to complete; that it was a 7-phase project; that, blessed with good weather, they would hope to begin in early spring, and hoped to have the Council's approval, so they could proceed with the finalization of their plans and submit their first Plat to the Council by December.

Mr. Carney explained some of the requests which had been made by the Planning Commission, and enumerated them; that all streets, for instance, be public instead of private, as they had planned, which would mean that the City would maintain them; that sidewalks be planned for both sides of the streets, which they agree to; that the 20-foot strip adjacent to Shady Lane, as shown on the drawing, be used to widen the adjacent lots in Blocks C, D and E; it had been suggested that Jackson on the easternmost permit be improved; Mr. Carney said they would only have control on the west side of Jackson the length of the development but would certainly improve that section which would actually be a part of their Brooktree (Kendallwood) development. Mr. Carney said, further, that if, as was suggested by the Planning Commission, Special Permits were necessary for the Club House etc., they would just have to forego them, as they did feel they could risk having the permits for only three-year periods. He also agreed they would be happy to talk with the Park Board members at any time.

Mr. Dowd asked why the developer would like to dedicate 14 acres of open space to the City and then maintain them. He asked what the advantage would be for the Curry Company.

Mr. Carney answered that according to Gladstone's ordinance, they are required to dedicate 7½% of the tract as open space; they are exceeding this amount. He said they propose this ground for parkland because it is the most suitable for parkland, and they want to maintain it so they can be sure it is in tip-top shape. Also, he said, they do not object to providing a copy of the Restrictive Covenants or Deed of Restrictions to the City so the City can be aware of what restrictions will be imposed on the purchasers in Brooktree. They are not, of course, prepared as yet.

Mr. Walker asked where the four streets in question were. Mr. Carney pointed them out on the plan, saying they do not object to the public street image at all. He said their interest was only a suggestion that they be private streets so they could retain a 10' strip.

He said that the interior lots will all be in the interior part of the area; that there will be no exposure to streets except those lots which abut the parkway.

In opposition, Mr. Wm. Von Erdmannsdorff suggested that he objected to the dead-ending of the aforementioned streets; that he believes, for safety, they should be cul-de-sacs, with some way of turning around and he believes these - as they are planned now, will be traps. He also said that he was concerned about the street, an existing street, running along (near) Big Shoal school...he said this would block the only entrance to a park which was given to the City many years ago by its first mayor, Mr. Berry; that once a street is in it can never be corrected; insofar as maintaining the parks, he suggested that "this agreement be secured in writing on paper"...that it could be just a "jungle". He suggested that someone "like a policeman" be asked to drive these streets so they will confirm the fact that people can get lost. He believes that Brooktree is being set up like a separate city; he believes the county road should be kept open.

Mayor Davis said he concurred; that the Administration will investigate the road of which he spoke, and he said the Council was interested as Mr. Von Erdmannsdorff was in park land.

Mr. Bill Dodson, 3711 NE 57th Street, said he was interested in the access to Antioch Road from the proposed new area. This was explained.

Mayor Davis closed the Public Hearing at this time.

Item 5 on the Agenda: Public Hearing on a request to rezone from R-1 to R-1-CH property described as being located on the east side of Broadway, from Englewood Road North to approximately 58th Street North. The applicant, Mr. Herman Scharhag.

In favor of the proposal, Mr. Herman Scharhag, 2 West Englewood Road, addressed the Mayor and the Council. He said he was presenting his revised plan which

* Received
10-11-71

* Some suggestion that the City should handle the problem.

Incorporated the new category R-1-CH...he said he was originally forced to apply for a classification of "Apartments" for this development, which had actually never been an apartment project....he said that some of the comments heard tonight from Mr. Carney and Mr. Acuff regarding their project apply to his proposed project; he feels that they are actually one step ahead of these other gentlemen, by clustering the residences, which leaves more open space. He said on the same property, they could possibly build 165 residential homes, but that his plan asks for only 105 such clustered dwellings; that this proposal provides 12,120 square feet of land area, the net amount of feet after the street has been taken out, per unit, which is in excess of what the City requires. He said this would figure at slightly less than three units per acre, and under the present R-1 requirements, they could figure 4 to 5 houses per acre. He said he felt this was probably the very best use of the land; that it would be sufficiently scenic and with such buffering around it to provide the most protection. He has arranged to provide two-car attached garages for each house....he said when the Planning Commission voted to recommend approval of his plan, the Subcommittee had several recommendations which they had tried to incorporate in the over-all plan. These were as follows: (1) that the small lake in the NW corner be deleted, as well as the small lake in the NE corner. He concurred with this and these areas will be green or park areas; (2) that the No. 4 golf tee be moved out of the buffer zone; they will rearrange the location and agreed to do this; (3) that the northernmost entrance to Broadway be closed until Broadway is improved, and a temporary cul-de-sac be constructed on the property at this location....he said this would be done until North Broadway is graded and the final grade is determined. He said in the matter of the location of the club house, there had been objections, but that it was 180 feet from the property line, and they felt this distance was adequate to provide sufficient open space between abutting property owners, and would like to keep it as shown on the plan; he said the present barn is to be converted into a little club house for the golf course; he feels this is sufficient within the buffer zone.

Mr. Scharhag said they felt the over-all project is one which will be of definite value to the City without being detrimental; that the lakes which had been of such controversy would provide fishing, iceskating, etc., and he felt they had presented the best possible plan which included as much as possible suggested changes.

Mayor Davis said that the Council would want to study the questions raised and the study made by the Subcommittee of the Planning Commission prior to giving any answers; that this would be done and they would be in touch with Mr. Scharhag on each of these points.

Those opposed were:

Mr. Al Fuson, 201 NW 59th, who lives in Hickory Hills, a residential area which borders the northern line of the proposed Scharhag development. He gave the following presentation: "My presentation for the most part is being made on behalf of the other residents of Hickory Hills, as well as other property owners within 185 feet of the property in question. This request for rezoning from R single-family residences, was first made approximately 18 months ago. During this time, we have attended several public hearings of both the Planning Commission and the City Council. In addition, we have met with representatives c

both of these groups in our own homes. On these occasions, we have discussed with you and elaborated our objections to this proposal, to the point that we feel reasonably certain that you gentlemen understand the reasoning behind our objections. Therefore, we don't feel it is necessary to prolong this meeting any longer than necessary, other than to very briefly summarize our position on this matter."

"In order to formalize our position, we have made it a part of this written protest and present it to you at this time. At the conclusion of my presentation, the individuals for whom I speak will step forward to identify themselves and unless they feel it necessary to emphasize any of these points, probably will not take any of the three minutes allotted."

"I, The undersigned are owners of real estate in the City of Gladstone, Clay County, Missouri, and all live within 185 feet of the proposed property to be rezoned. The undersigned believe that the application for rezoning should be denied because it will have a detrimental effect upon the reasonable use of their property as well as a detrimental effect upon the City as a whole, if approved in its present form. We, the following residents of the above described area, City of Gladstone, Missouri, do hereby protest the rezoning of property described, from R-1, One Family Dwelling District to R-1-CH, Cluster Housing District unless the following stipulations are included in the City Council's final approval of the Plat of the proposed zoning, as follows:

- (A) That the owner's consultant develop complete drainage proposals, to include storm sewers as necessary to control natural drainage and overflow from lakes located in the NW and NE areas.
- (B) That the northernmost entrance to Broadway be closed and a temporary cul-de-sac or turnaround be constructed on the property at this location until such time as Broadway is improved.
- (C) That the developer be required to widen, construct sidewalks, gutters and curbs on North Broadway and Englewood Road abutting the property line.
- (D) That all buildings be set back a minimum of 35' from the Buffer Zone on the North property line.
- (E) That the golf course be removed for safety reasons, primarily.
- (F) That the proposed Main Club House and Swimming pool be relocated to a more central area within the complex. In addition, if the present barn located 37 feet from the north property line is to be converted to a bar or clubhouse, that it also be relocated to a more central area in the complex.
- (G) That a Special Use Permit be required for operation of the clubhouse and associated activities."

"These are but 7 objections, all issued by the Planning Commission, all of which were first raised over 18 months ago. During all this time we have had no indication whatsoever... (until this evening)... from the land owner that any consideration has been given to them. We sincerely believe that none of these will create an undue hardship on the land owner in view of the substantial increase in economic value of this property that will result in the change of zoning.

*Mr. Fuson added the words
"in it's present form"...

We have very briefly stated these objections without elaboration but I wish to emphasize this has only been done out of consideration for the saving of time, and hope that you have not forgotten the reasoning behind our objections."

"Gentlemen, we are not against growth and new development in the City of Gladstone. We are not living with our heads in the sand, and are aware of new concepts in development, and are not particularly opposed to the concept of cluster housing. Nor are we opposed to the fundamental right of a person to do with his property that which he wishes; however, we are opposed to the misconception that a man can do with his property what he wishes if it infringes on the rights and privacy of his neighbors."

"We honestly and sincerely believe that unless these stipulations are made a part of the Final Plat, it will indeed be at the sacrifice of the surrounding now established, residential area."

At the conclusion of his address, Mr. Fuson turned to persons behind him and several stood and addressed the Mayor and Council. Mr. Robert Dery, 213 Hickory Circle; Mr. James E. Pryor, 221 Hickory Circle, who suggested that the clubhouse planned for the northernmost boundary of the property would be a nuisance to the people at the other end of the project; he suggested that it might be more economically feasible to turn the present house into a rental unit, and that the barn be made into a storage area for equipment instead of the golf course club house it is proposed to become...he asked that "Planned" be inserted into the controlling ordinance, in connection with R-1-CH, and he said he requested that before the Final Plat is accepted by the Council, he and his neighbors would like to have a chance to see it.

Mayor Davis said there would be no secrets; that he personally would see to it that they all knew of the Council's decision...

Mr. Dowd asked just what the Mayor had promised Mr. Pryor.

Mayor Davis said he had just indicated that he would personally present the final plans, based on the decision of the Council, to these people...

Mr. Dowd said he objected.

Mrs. Betty Dery, 213 Hickory Circle, and Mrs. Sondra M. Pryor, 221 Hickory Circle also voiced their disapproval of the Plan.

Mrs. Nancy Bell, 5801 North Broadway, commented that, as she had mentioned to the Council before, there is other undeveloped property in this area of Gladstone, and she wanted the Council to know that they did not want to be closed in completely by apartments and town-house development. This is her immediate concern, she said.

Mr. Kenneth J. Bell, of the same address, asked about the new copies of the Zoning Ordinance. Mayor Davis said they are still not available, but will be, shortly.

Mr. Dowd explained the error in the draft of the new ordinance, in which the "Planned" portion in connection with R-1-CH had been left out inadvertently. He said this would be corrected in the final draft; that it was unintentional.

The following people voiced their protests: Mr. Gus Leimkuhler and Mrs. Marjorie Leimkuhler, 202 NW 59th Street; Mr. Arthur A. Pfaff and Mrs. Barbara L. Pfaff, 205 NW 59th Street; Mrs. Eleanore W. Bareford, 305 NW 59th Street; Mr. Jerry L. Sutton, 217 Hickory Circle; Mrs. Cornelia Fuson, 201 NW 59th Street; Mr. Frank DeLuca, 10 W. Englewood Road; Mr. Angelo M. Motta, 5804 N. Broadway; Mr. John Nolte, who lives in Kansas City, Kansas, but who owns the one-acre property at 6 W. Englewood Road... Mr. Nolte advised that because of the proposed 30' drive which is scheduled to abut his property, he will be unable to face his houses (if he were to build) on Englewood Road. Mayor Davis mentioned that this might be a fault of the Deed Restrictions rather than the proposed development. Mr. Jerry Crews, 308 NW 59th Street spoke in opposition, and Mrs. Whelling, 210 NW 59th Terrace.

Mr. David Wharton, 2 NW 54th Street, addressed the Mayor and Councilmen, and asked what effect this type of development might have on the City, as a whole. He said that, in his opinion, there were only three types of people who might choose to live in this type of housing: i.e. - renters, transients and retirees. He said he also understood that it was possible for such places to be purchased by investors for rental, which could mean that the houses would not be maintained. He said he felt the aforementioned types of people are not those who would, necessarily, be the most active nor interested in civic matters. He said that if the Councilmen were to run for election at this very moment, based upon their decision to grant this zoning, he doubted if any of them would be elected. He said, in "summing up", that he felt it would be most inappropriate to "build our community around a hollow shell".

Note: The City Clerk was handed two sets of petitions protesting the R-1-CH zoning request; one set was signed by 28 persons all of whom live within the 180' of the land proposed for rezoning; the second set of names of which there were 27, are from residents living in the general area of the proposed rezoning. Said petitions were duly noted, dated, signed and added to the file by the Clerk.

The Mayor closed the Hearing.

Item 6 on the Agenda: Communications from the Audience. Mr. Mike Koska, of 2863 59th Terrace, addressed the Mayor and Council. He said he was against the ordinance proposed to ban the use of fireworks in the City. He said he believes the safety of those using fireworks depends upon knowing the proper use of them. He said he taught his children the proper use and how to handle them, and, to date, there had been no injuries. He said he intends to go right on shooting fireworks, and that, if the Council passes this ordinance, they may as well plan to have a lot of little lawbreakers on their hands. He said that prohibiting the use of anything forces it to be done in secrecy, and that as a result of that, there will be many more injuries than there are now. He suggested that, instead of prohibition, the Council consider regulation, more restraint, perhaps placing an age limit, say from 12 up. He then demonstrated a toy which is sold all year around, which was a slingshot designed to kill rabbits. He said it was far more dangerous to have something of this nature available all year around than to have fireworks available four days out of the year.

Mr. Charles Logan, 1605 NE 61st Street, of the Gladstone Jaycees, addressed

the Mayor and Council. He said they were not here just to fight for the Jaycees, but to oppose the ordinance banning fireworks. He presented a petition bearing 296 signatures from people who were opposed to the ordinance. He then asked the Council to consider an election to give the persons who were interested a chance to vote on whether or not there would be fireworks allowed in Gladstone.

At this time, Mayor Davis asked Mr. Monica if, in his opinion, the matter could be brought to a vote prior to the actual adoption of the ordinance, or if the decision to hold an election could be made prior to the adoption of the ordinance banning fireworks, or if they ordinance had to be adopted first, or enacted first, then the petitioners could protest the actual ordinance and it would come to an election following the receipt of the required number of signatures at that time. Mr. Monica said he would check into the requirements and advise the Council, but that he felt the ordinance would have to be enacted first.

Mr. Ralph Wells, 5332 North White, Kansas City, North, said that he felt the number of youth activities which were sponsored as a result of the funds derived from the sale of fireworks, were valuable. He said, in fact, that most of the money received was turned over to the Public Safety Department for the furtherance of the "Ride-Along" program, as well as Drug Abuse Studies. He said the City must depend on service clubs like the Optimists, the Jaycees, various sororities, etc., to help keep the young people of the City occupied. He asked the Council if they were prepared to make up the money out of their own pockets or from the City funds to keep these activities going.

Mr. Keith Beck, 7321 North Wayne, First Vice President of the Gladstone Jay-Cees, asked for a 60-day delay for the third reading into enactment of the governing ordinance on fire-works prohibition, so that his organization and others can support their program of opposition.

Mr. Orville Shaw, 1700 E. 68th Place North, said he approved the ordinance. He said he knew fireworks were dangerous, that after the 4th of July this year, his yard looked like a war zone.

Mr. Frank Holyer, 501 NE 61st Street, said he didn't think there was any room in the Scouting activities for fireworks, although several Scout Troops each year sell them. He said this invites injury, and he didn't think they needed to shoot fireworks.

Mr. Roger Kohrs, 5609 North Garfield, said he was a member of the American Legion Post No. 61 which had sold fireworks this year; that he was not speaking in favor of nor in behalf of the Post, but rather wanted to speak against fireworks. He cited his own personal recent experience with a fireworks injury which left him with a paralyzed pupil in his left eye, and reported fireworks injuries which had been sustained by others of his acquaintance this past year. He said, in closing, that he had been contacted by a representative from the Food and Drug Commission about his injury, and realized that there must be many others who are beginning to be more aware of the danger involved in fireworks.

Mr. Paul Matthews, Troop Leader of Scout Troop No. 272, addressed the Mayor and Council. He said that from the money which they net from the sale of fireworks

sends many boys to Camp Osceola who ordinarily wouldn't be able to go; helps maintain the camp, etc. He rebutted an earlier comment about inviting a boy to injury, saying that, on the contrary, they teach safety and instruct the boys in all safety precautions and measures.

Mrs. Pat Harris, 6611 North Broadway, a member of Gamma Xi Sorority, protested the proposed fireworks ban ordinance, saying that they money derived from the sale of fireworks handled by her Chapter goes for many worthwhile projects, such as helping retarded children, buying equipment to aid the blind, helping needy families.

Mr. T. J. Ballard, 1709 NE 68th, said he was in favor of fireworks sales.

Mr. Bill Chauvrant, of Northland Optimists, who lives at 2311 NE Vivian Road, said he hoped the City could come up with the money to make up what ordinarily comes from their group to continue the various youth-oriented programs in this City.

Item 7 on the Agenda: Communications from the City Council. Mr. Jezak commented about the proposed Fireworks ordinance, explaining the reasons for its proposal, the need for regulation. He moved that the second reading of Bill No. 71-51 be approved and placed on third and final reading. Mr. Dowd seconded, so that the matter could be discussed. Mr. Jezak said he was the proponent of the ordinance; that he believed the City needed such an ordinance in many respects; that he realized that these programs needed money - actually, everyone needed money... this is nothing new. He said in recent polls conducted by the Skylark, there were 43 in favor of the ordinance, and 17 negative responses; the Gladstone Press found there were 59 yes answers in favor of the ordinance, and 29 negatives. He said that the Kansas City Star had run two fine Editorials, ~~which were~~, in favor of banning fireworks in our City; that, contrary to earlier reports, there had been numerous letters all indicating approval of banning fireworks. He said in checking the North Kansas City Memorial hospital, there had been a total of 59 cases of injuries sustained by persons from fireworks; that Baptist Memorial had reported 2 such cases....he agreed the best thing might be to give the people a chance to vote on it.

Mr. Bussinger said he appreciated Mr. Jezak's thoughts on the matter. He said that a majority of papers indicated that they felt the fireworks should be banned, and he appreciated all the work which had accomplished the receipt of 296 signatures all in disapproval of the ordinance banning fireworks; that he felt the City had to work with all organizations and listen to the people. He said he, personally did not want to vote on the third reading of the Ordinance at this time.

Mr. Walker said he felt this is something the Council shouldn't legislate...he said they couldn't advocate enough safety in this area, but that there should be serious thought given to the amount of malicious vandalism in this area. He said the Council plans to ban fireworks for 4 days a year, but that actually they are talking about more than just four days; they are talking about more teen-age activities; he said if there were more good activities planned for teen-agers in this City, there wouldn't be as much malicious vandalism; he said he couldn't, in his conscience, vote for it. He asked what they were going to substitute for the activities which keep children busy, which are financed by money derived from the sale of fireworks.

Mr. Dowd asked the acting City Counselor, Mr. Monica, about the manner in which

* deleted
10-11-71

this should be handled. Mr. Monica said he believed they should first enact the ordinance, and that then the petitioners against such ordinance could call for a referendum...he didn't know without checking into the matter whether it should be citizen action or Council action.

Mr. Dowd said he had said he wouldn't vote on the matter just because he is personally against fireworks; that he didn't want to vote either for or against the third reading of the ordinance at this point.

Mayor Davis suggested that they could postpone the vote if that was the way the Council wanted to go.

Mr. Dowd said he believed the decision should be made by the majority of the citizens; that he would rather see the Council initiate the election, if there were to be one, and let the people express their opinion at the polls.

Mr. Davis said that it seemed strange that there would be a request for a delay in the passage of the ordinance on the very last day...he said that probably 2/3 or a majority of the people he has talked to have said they favor this ordinance which will ban the sale and use of fireworks in the City except by those putting on public displays; he said the benefits from the sales could be termed "eye tax"...that he didn't feel the loss of an eye justified the money derived from the sale of the article which might have put out the eye...he said he believed it was time for a vote.

Mr. Jezak said he would be more than happy to work with any of the organizations; that his job as Councilman paid him \$100 per year and took 400 or 500 hours of his time a year, but that that didn't stop him from encouraging people to contact him; that his phone had rung pretty steadily since this thing came up and he was glad to answer the calls, and would be glad to talk to anyone. He said he wanted to encourage everyone to vote "yes" on a third reading of the proposed ordinance. He said he would be happy to work to help those seeking petitions to get the matter on a ballot.

Mr. Bussinger said he felt they were cramming this down the throats of the people; that he couldn't see any reason for the rush; that we are "a long way from the 4th of July", and if it would help to delay the enactment, he was for delay.

Mr. Dowd then moved the third reading of Bill No. 71-51 be tabled until the next Council meeting of October 11th. Mr. Bussinger seconded. Mr. Jezak withdrew his earlier motion to accept the second reading of Bill No. 71-51 and to place said Bill on third and final reading. Mr. Dowd withdrew his "second" of Mr. Jezak's motion. The vote on Mr. Dowd's motion was as follows: Mr. Dowd, aye, Mr. Bussinger, aye, Mr. Jezak, aye, Mr. Walker, aye, Mayor Davis, aye.

* * *

Mr. Dowd asked Mr. Olson about the amendment to the Zoning Ordinance which doesn't say anything about the Plan to be a part of Cluster Zoning. Mr. Olson said this will come up for Public Hearing at the Planning Commission on October 4th; that the public notification will be in the Dispatch again before the next Council Meeting.

In answer to a question about the Starr property on Holmes and 67th Place, Mr.

Olson said he had asked Mr. Starr to correct the situations; that no permits will be issued until he does, and that he had a meeting set up with Mr. Starr for Tuesday.

Mr. Bussinger said he felt a comment was in order; that he wanted to compliment the Planning Commission for a job well done on both the Scharhag and Curry matters; that he felt they had done an excellent job.

Mr. Jezek mentioned that in addition to the JayCees, he had also heard from the Gamma Xi Sorority in regard to the fireworks matter.

Mayor Davis said he had felt for some time that the City should have something in the way of an occupancy denial or a permit which would be effective in cases like the Clyde Starr homes, which were being sold and occupied before the developer or builder had complied with all the City's requirements. He asked Mr. Monica to draw up something of this sort which could be presented to the Council for discussion.

Mayor Davis said there would be a work session at 7:30 P.M. on September 30th, and he polled the Council members to see when it would be the most convenient to meet with the Garney Plumbing Company people at their office.... It was decided to meet with them on October 7th, at about 5:30 P.M., and then have another work session at 7:30 P.M. on October 7th at the City Hall.

* * *

At this time, Item 19 was brought forward on the Agenda. This was (a) consideration of building plans for Garney Construction Company, for 7409 North Oak Street. Mr. Charles Garney, Jr., and two other gentlemen were present to discuss their plans. After general discussion, it was their mutual decision to defer action on the plans until after the meeting between Council members and the Garney personnel on October 7th. It was noted that this property is presently zoned C-3.

Item (b), Consideration of additions to the Kansas City Power and Light Substation located at 2013 NE 72nd Street.... this matter was deferred pending the City Manager's discussion with the KC P&L people on City requirements of some time ago which have not yet been fulfilled.

In each of the above items, Mr. Davis moved to defer and Mr. Dowd seconded. The vote was unanimous.

* * *

Item 8 on the Agenda: Communications from the City Manager. Mr. Olson asked if the Council would plan to talk with Mr. Estrin, of Estrin Construction Company. It was agreed they would talk with him at about 8:00 P.M. on Thursday, the 30th.

Mr. Olson said there would be an addition of one bill, No. 71-62, concerning the acceptance of certain water and utility easements in connection with Prospect Plaza, (Item 11-a), and two additional Resolutions concerning execution of water main construction contracts (No.'s 122 and 123) being items 18-a and 18-b.

* * *

Item 9 on the Agenda: Mr. Jezek moved to place Bill No. 71-61, being for an

ordinance authorizing the City Manager to execute on behalf of the City of Gladstone, an agreement with the City of North Kansas City, a municipal corporation, to provide for mutual assistance for protection from fires, on its first reading. Mr. Bussinger seconded. The vote: All voted "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of said Bill and to place it on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 71-61, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 71-61, and to enact same as Ordinance No. 1.835. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: Mr. Walker moved to accept the first reading of Bill No. 71-59, and to place it on second reading. Said Bill is for an ordinance providing for the examination and certification and licensing of persons engaged in the business of electrical wiring; providing for a bond; imposing a certification and license fee; creating a Board of Electrical Examiners and Appeals; Providing for Appeals to said Board; Prescribing the powers and duties of said Board; establishing penalties for violation of the ordinance. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 11-a - Mr. Bussinger moved to place Bill No. 71-62, for an ordinance to accept certain standard water easements for public use as a part of the Gladstone Water System, in connection with Prospect Plaza (and S & H Shopping Center), on its first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 71-62, and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 71-62, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to enact said Bill as Ordinance No. 1.836. Mr. Walker seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Jezak moved to adopt Resolution No. R-71-94, endorsing Constitutional Amendment No. 1, regarding Municipal Home Rule. Mr. Dowd seconded. The vote: All "aye".

Mayor Davis moved for the adoption of Resolution No. R-71-95, endorsing Constitutional Amendment No. 2, relating to tax levies for First Class Counties. Mr. Jezak seconded. The vote: All "aye".

Mayor Davis moved for the adoption of Resolution No. R-71-96, endorsing Constitutional amendment No. 3, relating to Water Pollution Abatement. Mr. Jezak seconded. The vote: All "aye".

Item 13 on the Agenda:

Mr. Dowd moved for the adoption of Resolution No. R-71-97, authorizing Change Order No. 1, to the 1971 Street Overlay Contract, authorizing the City Manager to purchase 1,034.83 Tons of Asphalt laid for the amount of \$10,348.30. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-98, accepting work performed and authorizing final payment for the 1971 Street Program, Contract No. 1 in the amount of \$10,348.30, to City-Wide Asphalt Company, Inc. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 15 on the Agenda:

Mr. Jezak moved for the adoption of Resolution No. R-71-99, authorizing the execution of Water Main Extension Contract No. 120, for mains to serve Williamsburg Second and Third Plats, constructed by Hevalow-Shanks Construction Company, Inc., and Old Pike Development Company. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Jezak moved to adopt Resolution No. R-71-100, authorizing execution of Water Main Extension Contract No. 121, with C. O'Dell Plumbing and Heating Company, Inc., for the construction of both 6" and 8" C.I.P. to serve the Prospect Plaza Shopping Center, 64th and North Prospect. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Bussinger moved to adopt Resolution No. R-71-101, authorizing the City Manager to accept the bid of McMillan Dodge, Inc., for the purchase of one 1972 4-door Dodge Sedan, in the total amount of \$3,461.39, and to purchase same at the aforementioned price. Mr. Walker seconded. The vote: All "aye".

* * *

Item 18 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-102, authorizing the City Manager to execute Contract No. 122 for water main construction by J. A. Peterson and Company, Inc., and Hevalow-Shanks Construction Company, Inc., in Stratford Park, Fifth Plat. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 19 - Mr. Bussinger moved for the adoption of Resolution No. R-71-103, authorizing the acceptance of a certain bid for 585 square yards of 4" thick asphalt paving at \$3.00 per square yard, for a total amount of \$1,755.00 for paving the North 7 feet of NW 63rd Street, from North Broadway to North Wyandotte, and authorizing payment for same. Mr. Jezak seconded. The vote: All "aye".

Mr. Dowd moved for the adoption of Resolution No. R-71-104, for the execution of Contract No. 123 with J. A. Peterson and Company, Inc., and Hevalow-Shanks Construction Company, Inc., for both 6" and 8" CIP, in Carriage Hill, Sixth Plat. Mr. Walker seconded. The vote: All "aye".

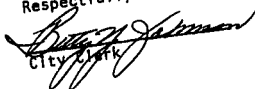

* * *

Item 20 on the Agenda: Mr. Bussinger moved for the acceptance of the approval of the following: Combined Waterworks and Sewerage System for 2 months ending 8-31-71, (Financial Report), of the General Fund, for the 2 months ending 8-31-71, for the Financial Reports from Public Works and Utilities Building Fund, Sidewalk Construction Fund, Sewer Assessment Fund and Special Park and Playground Fund, all for the 2 months ending 8-31-71, as submitted. Mr. Jezak seconded.

The City Manager noted that Dr. Kavanaugh has asked for an appeal on the consideration of his Plat of Maple Point. It will be one of the agenda items which the Council will discuss at its work session, of Sept. 30th. Also, at that time, a letter from the owners of the Bircairn Apartments will be discussed.

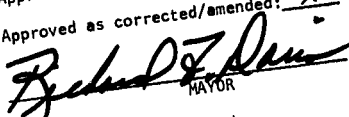

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned at 12:00 Midnight.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

11 OCTOBER 71

The regular meeting of the Gladstone City Council was called to order by Mayor Richard Davis on Monday, October 11, 1971, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to the Mayor, those present were Councilman Dowd, Councilman Bussinger, Councilman Jezak and Councilman Walker. The City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were also present.

The Pledge of Allegiance was given.

Item 3. Mayor Davis asked for corrections of the Minutes of the regular meeting of September 27, 1971, i.e.: Page 2, paragraph 6, to read as follows: "Mayor Davis concurred, and said he agreed that the City should consider the problem"...and, Page 8, paragraph 5, deleting the words "which were rare"....corrections were noted and made by the City Clerk.

Mr. Dowd moved to accept the Minutes of the regular meeting of September 27, 1971, as corrected, and to accept the Minutes of the Special Meeting of September 30, as submitted. Mr. Walker seconded. The vote: All "aye".

* * *

Item 4: Public Hearing on a request to rezone from R-1, one family dwelling district, to C-1, local business district, property described as Lots 4 and 11, Block 11, LINDEN, located at approximately 7020 North Cherry, Gladstone. Mayor Davis opened the Hearing, asking those in favor of such rezoning to speak at this time. Mr. Joe Snyder, who is buying the property, with the hope of having a bicycle repair shop in the basement of the residence, addressed the Council explaining that he was the prospective purchaser; that he was retired and hoped to augment his income by repairing bicycles.

Mayor Davis asked Mr. Snyder if he knew that the Planning Commission had suggested that he apply for a Special Use Permit. Mr. Snyder answered in the affirmative, and said he was agreeable if that is what the Council wants. He said he would have sufficient parking, he felt; that he didn't expect many customers. He asked about a little sign in his window. Mayor Davis said he didn't think that could be done but agreed that Mr. Snyder could advertise. Councilman Bussinger confirmed that there would probably be sufficient parking, as he had driven by the property earlier.

Mr. Snyder said there were no objections from any of the surrounding people, who, had in fact, thought the property was already zoned C-1, and were surprised to find that it was not.

No one appeared in opposition to the proposed zoning change. Mayor Davis suggested that Mr. Snyder proceed with his application for a Special Use Permit. The Hearing was then closed.

* * *

Item 5 on the Agenda: A Public Hearing on a request to vacate an alley, being 15 feet in width, running north and south, located in Block 28, LINDEN, Gladstone, Clay County, Missouri. The petitioner was Mr. Jack Boyce, representative of the Owners of Record. Mayor Davis opened the Hearing. No one appeared to speak either in favor of nor in opposition to such vacation. Mayor Davis closed the Public Hearing.

* * *

Item 6 on the Agenda: Communications from the Audience. Mr. Ralph Wells, 5332 North White, addressed the Council as past president of the Northland Optimist Club. He was opposed to the proposed third reading of Bill No. 71-51, which will prohibit the sale and use of fireworks except under certain circumstances...he asked permission to read an article which had been published in the BULLETIN, a newspaper in Anaheim, California, (August 4, 1971), entitled "PEOPLE KILL PEOPLE"...he read the article and commented that he felt strongly against the passage of the ordinance. He asked if the signatures which had been turned in at the last Council Meeting had been checked as to validity by the City Clerk, or if she had received any others. The answer was in the negative on both questions. Mr. Wells said he wanted to go on record that the signatures had been received and would be considered in the Council's vote on the third reading of the ordinance.

Mr. Keith Beck, 7321 North Main, of the Gladstone Jaycees, asked what had been the advice of the City Counselor as to the possibility of bringing the matter to a vote of the people. Mr. John Dods, Assistant City Counselor, said that a succinct answer was that there was no provision for a referendum for a City of the Third Class under a City Manager form of government, with very few exceptions, of which "liquor-by-the-drink" was one. He reiterated, there was just no provision to put a matter, such as whether or not the people wanted fireworks in the City, before the electorate for a vote.

Mayor Davis asked if, supported by a petition of 3,000 names, and the Council decided to put it to a vote, could the Council do so?

Mr. Dods answered "no", saying there was no provision in the law.

Mr. Davis suggested that Mr. Beck, and Mr. Wells and those others who were opposed to the ordinance, express their opinion to the Council as they have, and, in the event the Council's decision is not favorable to their petitions, he would suggest that the various groups then attempt to get the Council to reconsider. If the Council votes in favor of the ordinance, then they could again present the general opinion of the people to the Council and ask the Council to reconsider. He said that he believed the mandate of the people was to abolish fireworks, but that the next time around, a majority of the people may want to retain them, and they could direct their feelings to the Council. He said the matter could be brought up again even two weeks from tonight, but that he believed they would have a hard time convincing the Council that public opinion has changed.

Mr. Mike Reiter, 1506 NE 49th Street, Kansas City, Missouri, said he was in favor of the ordinance; that he had lost the sight of an eye last 4th of July, because of a bottle rocket fired by some neighbors. He said he felt that the people who sell them have good intentions but that, in the wrong hands, when they are shot at random, they become dangerous weapons. He said,

that in addition to the pain caused, there had been a considerable financial drain, with an expenditure of over \$2,000 and he wouldn't want to see anyone else have to face this; even though no eye is measured by cost, still it had worked a hardship on his family. He said he felt that the people who sell fireworks take quite a responsibility on themselves, and that he knew, although most of them were marked "to be used only under adult supervision", they were not.

* * *

Item 7 - Communications from the City Council. Mr. Jezak advised that he had received an additional petition, with 88 signatures, requesting that the sale of fireworks be banned in the interests of Gladstone youth. He said that he had talked to Mr. Logan of the Gladstone Jaycees, and had suggested that they both run petition drives and "see who comes out ahead". However, Mr. Logan felt it was up to the Council to make the decision, and they had decided not to get up the petitions.

Mayor Davis said there would be a work session on Saturday, October 16, at 9:00 A.M., and another work session on Tuesday, October 19th... Mayor Davis said the Council would see Mr. Dave Beck on the 19th.

* * *

Item 8 on the Agenda: Communications from the City Manager. Mr. Olson advised there would be two additional resolutions on tonight's agenda, and a set of building plans for the new A & P store to be erected in the Prospect Plaza Shopping Center, approximately 64th and Prospect.

Mayor Davis said the above items would be added as 20-a and 20-b, and item 9-a, respectively.

* * *

Item 9 on the Agenda: Mr. Jezak moved to accept the second reading of Bill No. 71-51, prohibiting the sale and use of fireworks except under certain circumstances, and to place it on third and final reading. Mr. Dowd seconded. Mr. Dowd commented that he was sorry to hear that the City has no provision for citizens to petition a referendum... he said this points up another reason for a City Charter; he said he believed the question on fireworks had reached the point of indicating that "your freedom only goes as far as your neighbor's freedom ends"; he said he sympathized with the Scout troops, that he was a Troop leader himself and realized the use made of the money derived from the sale of fireworks, but he said he would vote "aye" on the passage of this ordinance.

Mr. Bussinger said that two weeks ago, he had instigated a two-week delay on the enactment of the ordinance, but that in that two-week period his telephone had not rung once with a call from anybody who wanted fireworks, nor did he get any letters in that regard, so that he would also vote "aye".

Mr. Jezak voted "aye", Mr. Walker voted "no", Mayor Davis voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-51, and

to enact said Bill as Ordinance No. 1,837. Mr. Bussinger seconded. The vote: Mr. Dowd, "aye", Mr. Bussinger, "aye", Mr. Jezak, "aye", Mr. Walker, "no", Mayor Davis, "aye". Mayor Davis said he wished to thank Mr. Jezak for his work in this regard; that it took someone to be the catalyst and that he was proud of Mr. Jezak's work.

* * *

9-a - Consideration of plans submitted for the construction of the new A & P Mart for the Prospect Plaza site. Mr. Bill Estrin was present to discuss the plans. Following general discussion, Mr. Jezak said he felt very definitely that before the Council moves on any more plans, he would be against further building permits until the park, as promised earlier, was set up.

Mr. Dowd said he felt the Council had been misled; that he would not approve anything else for this area until the City had something definite to see in regard to the park area; that he believed "all we have done is give, and received very little"...he said he would move to defer any action on the plans until after the Saturday work session. Mr. Jezak seconded the motion. In answer to a question as to who the actual owners of the tract were at this time, Mr. Estrin answered the Hanson Development Company of Hackensack, New Jersey.

Mayor Davis suggested that a Special Council meeting could be set up after the work session if the Council received the information they needed in order to proceed with approval of the plans.

Mr. Dods suggested that the Mayor announce the calling of a Special Council meeting for the Saturday date, and then, if they decided to take definitive action, they would be in a position to do so.

At this time, Mayor Davis called a ten-minute recess.

* * *

The regular meeting of the Gladstone City Council was reconvened at 9:10 P.M. All members were present and accounted for.

* * *

Item 10 was the scheduled third reading of Bill No. 71-59-A...as there was some discussion on whether or not this had to be re-read the full three times, Mayor Davis decided to move onto Item 11, pending a decision from Counselor Dods who was away from the table at this time.

Item 11 on the Agenda: Mr. Bussinger moved for the first reading of Bill No. 71-64, for an ordinance amending Ord. No. 1,372, as amended, and being an ordinance relating to zoning regulations..(rezoning request from R-1 to R-P-1, certain property described as Brooktree Subdivision, in Kendallwood. Mr. Jezak seconded. Mayor Davis said he would suggest one reading only at this meeting, as there were still some questions to be resolved. Mr. Dowd said that originally, 42% of the lots had 50' frontages; that with some revision on the part of the Curry people, 22% of the land area would now fall into this category and the Curry people who are the developers here have agreed to everything which has been suggested. The vote: All "aye".

The Clerk read Bill No. 71-64.

Item 12 on the Agenda: Mr. Walker moved to place Bill No. 71-65 on first reading. Said Bill is for an ordinance amending Ord. No. 1,372, as amended by Ord. No. 1,824, and is related to a request to rezone from R-1 to R-1-CH, property owner by Mr. Herman Scharhag (and Dr. Langhus). Mr. Jezak seconded. Mr. Dowd said the Council and Mr. Scharhag had settled most of the issues brought up by the Planning Commission and the Council; that there was another work session scheduled within the next few days; that there has not yet been mutual agreement on the location of the club house, although Mr. Scharhag had agreed on almost every other point, and he felt that by the second reading, all matters would have been covered satisfactorily. The vote: All voted "aye". The Clerk read the Bill.

Back to Item 10 on the Agenda: Mr. Walker moved to accept the second reading of Bill No. 71-59, and to place Bill No. 71-59-A (indicating as amended) on third and final reading. Mr. Bussinger seconded. General discussion indicated that although the Bill as read twice had been re-arranged in some of its wording, there was no substantial change in the context of the Bill, and, because of this, there would be no need to re-read the Bill in its entirety for three more full readings.) The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third reading of Bill No. 71-59-A, and to enact it as Ordinance No. 1,838. Mr. Bussinger seconded. The vote: All "aye". Mayor Davis commended Mr. Walker, the Electrical Inspector, Mr. Johnston, and Mr. McMahon, the Assistant to the City Manager, for their work on this vital issue. He commented that it had been badly needed for a long time.

Item No. 13 on the Agenda: Mr. Jezak moved to place Bill No. 71-66, for an ordinance to vacate a public alley in Block 28, LINDEN, on first reading. Mr. Bussinger seconded. Mr. Olson explained that this was in connection with the eventual construction of the office building south of the City Hall, and that sometime after the transaction of the sale of the land was consummated, it was found that there was an alley, 15 feet in width, running north and south on this property which had never been vacated at the time the property was first recorded back in about 1889, and, that in order to finalize the transaction, it was discovered that the alley needed to be vacated, according to Mr. Jack Boyce, who had petitioned on behalf of the owners and the purchasers (A.S.B. Company). The necessary letters from all utility companies had been received indicating that the alley was not used nor would be used. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 71-66, and to place said Bill on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 71-66, to waive Section 20(d)(2) of Ord. No. 1,83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of said Bill, and to enact it as Ord. No. 1,839. Mr. Bussinger seconded. The vote: All "aye".

Item 14 on the Agenda: Mr. Bussinger moved to place Bill No. 71-67, accepting a standard water easement from D & S Enterprises, on first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 71-67, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 71-67, to waive Section 20(d)(2) of Ord. No. 1,82, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of Bill No. 71-67, and to enact it as Ord. No. 1,840. Mr. Jezak seconded. The vote: All "aye". (The City Manager explained where this easement was and that it was needed to provide water service from Prospect Plaza to the new fire station.)

* * *

Item 15 on the Agenda: Mr. Dowd moved to adopt Resolution No. R-71-105, authorizing the payment of \$1,193.00, as partial payment for 487 feet of 6" CIP water main and related appurtenances, constructed in North Broadway under Contract No. 120 by Old Pike Development Company. Mr. Walker seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Dowd moved to adopt Resolution No. R-71-106, accepting a Bill of Sale for 530 feet of 6" CIP to serve Lots 1 through 8, Block 1, and Lots 1 through 5, Block 2, Ellington Estates, First Plat, with all related appurtenances, constructed by C.W. "Josh" Ellington and C. O'Dell Plumbing and Heating Company, under Contract No. 118. Mr. Walker seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-107, authorizing acceptance of a Bill of Sale from Wolff Construction Company and Mainor Plumbing and Heating Company, Inc., for 415 feet of 8" CIP water main construction at the east side of the new construction of the T. G. & Y. Family Center at the Gladstone Plaza Shopping Center, under Contract No. 119. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 18 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-108, authorizing execution of Water Main Extension Contract No. 124, authorizing construction of 752 feet of 6" C.I.P., together with 2 hydrants and other related appurtenances, to be constructed in 69th Street North, from the easterly line of North Prospect, to the east 752 feet, to approximately 68th Terrace North, Meadowbrook North, 10th Plat. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 19 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-109, accepting a proposal for chemical grouting of certain sewer lines (labor, supervision, equipment and material to test pump and grout where necessary all joints within 1,299 feet of sewer lines from Manhole No. 1 to Manhole #10, from 70th to 72nd Street North, along North Baltimore) @ \$12.50 per joint, for a total cost not exceeding \$6,500. Mr. Dowd seconded. All "aye".

Item 20 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-110, authorizing the City Manager to accept a bid for one, 1972-2-ton dump truck from Bill Woods Ford, and to purchase said truck for the amount of \$4,448.96. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 20-(a)- Mr. Jezak moved for the adoption of Resolution No. R-71-111, authorizing the City Manager to accept a Bill of Sale for water main construction in WILLIAMSBURG, 2nd and 3rd PLATS, from Hevalow-Shanks Construction Company and Old Pike Development Company, under Contract No. 120. Mr. Bussinger seconded. The vote: All "aye".

Item 20-(b)- Mr. Bussinger moved for the adoption of Resolution No. R-71-112, authorizing the City Manager to accept a Bill of Sale for water main construction in CARRIAGE HILL, SIXTH PLAT, from Hevalow-Shanks Construction Company, Inc., and J. A. Peterson and Company, Inc., under Contract No. 123. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 21 on the Agenda: Mr. Bussinger moved to accept the Statement of Cash to September 30, 1971; the Cash Disbursements Report for the month of September, 1971, from Combined WW and SS Operation & Maint. Fund; the Disbursements Reports for the month of September, 1971, for General Fund, Public Works & Utilities Bldg. Fund, Capital Improvement Fund for Construction of Sidewalks, Public Safety Fire Station Fund and Park Land Improvement Fund, as submitted. Mr. Jezak seconded. A question was asked regarding check No. 3898, which showed an amount of \$102. paid by the Water Department for telephone service. This was explained as including several services and was not unusual.

* * *

Item 22 - "OTHER".....Mr. Walker asked about the request on the revision of the Elliott property..the City Manager advised that he was still waiting to hear from Kansas City, Missouri on this. He said he had checked with Kansas City about two weeks ago and would check on it again.

Mr. Dowd asked if there had been any check on the people at 67th and Michigan.

Mr. Dowd also asked where we stand, presently, on letting Dr. Kavanaugh know that we do not want to plat his ground, but want to use it exclusively as a park, without messing up our case. It was suggested that this be discussed at the work session, and it was also suggested that Mr. Fred Belhl from the firm of Shook, Hardy, Ottman, Mitchell and Bacon, who has been doing the work in this matter, be present at said work session for questions and answers.

The City Manager noted that he had received six applications for liquor by the drink. This will also be an agenda item at the work session.

Mr. Bussinger advised that there would be some general discussion on Cable TV possibilities and that he would like to talk it over with the Council sometime after October 25th.

In answer to a question about the "pig farm" on 72nd Street, east of Troost, the City Manager advised that this case had been continued to October 23rd.

Mr. Walker commented that Raytown has authorized a Cable TV franchise quite recently and he believed the fees varied. He suggested that we check with someone there to find out more about it. He said that he believed we should take into consideration the underground utilities lines; that if there is to be Cable TV, he believed those lines should also go underground.

Mayor Davis inquired as to what progress was being made in the Counselor's office on the preparation of some type of "Occupancy Permit" which he has asked for. Mr. Dods said he would check into this matter.

It was suggested that as each of the previously assigned Committees were to report on the 19th, the work session agenda be kept fairly light.

Mayor Davis suggested that as January 25th had been selected as the date of the Special Election on the Sales Tax, we need to know the schedule as to the first reading of the ordinance, etc. The City Manager will check into this matter.

As there was no further business to come before the Council at this time, the meeting was, upon motion duly made and seconded, adjourned. Time: 10:05 P.M.

Respectfully submitted,

City Clerk

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

16 OCTOBER 71

A special Council meeting was called to Order on Saturday, October 16, 1971, at the Gladstone City Hall. In the absence of the City Clerk, Councilman Dowd moved to appoint the City Manager, Mr. Olson, to act as City Clerk.

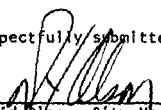

Roll was called. Those present were Councilman Bussinger, Councilman Jezak, Councilman Walker, Councilman Dowd and Mayor Richard Davis.

After discussion, Mr. Jezak moved to authorize the issuance of a building permit for the A & P store to be constructed at 64th and Prospect, at the Prospect Plaza Shopping Center, with the condition that the land owner provide for the planting of 187 trees to provide a natural screen on the NE corner of the development, and, also, that the owner provide 20 additional trees to be planted in the NE corner of the existing drainage creek. The owner's representative, Mr. John Spade, agreed to the above conditions prior to the calling of the Special Council meeting.

Mr. Walker seconded the motion. The vote: All "aye".

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:45 A.M.

Respectfully submitted,

David Olson, City Manager,
Acting City Clerk

19. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

25 OCTOBER 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Richard Davis on Monday, October 25, 1971, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to the Mayor, those present were Councilman Dowd, Councilman Buslinger, Councilman Jezak and Councilman Walker. The City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were also present.

The Pledge of Allegiance was conducted by the Scout attendants of Webelo Troup #272. There were ten boys present, and Mayor Davis asked them to introduce themselves, and welcomed them to the meeting.

Mayor Davis proclaimed the week of November 21st through the 28th, as BIBLE WEEK, in the City of Gladstone.

At this time, Mayor Davis presented Good Citizenship awards to Mark Lindbergh and Chris Campbell for their help in finding and holding a dog for the Public Safety Department. The dog had bitten a child and the child would have had to undergo rabies shots if the dog had not been found so that it could be held in quarantine for the required number of days. Mayor Davis commended the boys and each shook the hands of the Councilmen who extended their congratulations.

Item 4 on the Agenda: Mr. Dowd moved to accept the Minutes of October 11, 1971, and the Minutes of the Special Council meeting of October 16, 1971, as submitted. Mr. Walker seconded. The vote: All "aye".

* * *

Item 5 on the Agenda: Mayor Davis opened a Public Hearing on a proposed amendment to the Gladstone Zoning Ordinance, 1.372, as amended, more particularly Section 6-a, referring to Zoning District R-1-CH, Single-Family Cluster Housing. No one appeared to speak either in favor of the proposal, nor in opposition to it, with the exception of Mr. Herman Scharhag (See Item 10 on the Agenda), who asked that he go on record as being in favor of this section, which was inadvertently left out of the earlier amendment of 1.372. Mayor Davis closed the Public Hearing.

* * *

Item 6 on the Agenda: Communications from the Audience. None at this time.

* * *

Item 7 on the Agenda: Communications from the City Council. It was noted that a request had been made by a representative of the Student Council at Oak Park regarding a stop sign on 72nd Street at Troost, to control east-west traffic. It was noted that this particular location was presently under study for such a sign, along with other locations in the City. This matter will come up at a future Council meeting.

Mr. Jezak asked that the street sweeper be used along North Oak Street where he had noticed the need.

Mayor Davis advised that an additional item would come before the Council at this evening's meeting; i.e. - Consideration of Special Use Permit for a bicycle shop in the basement of a residence at 7020 North Cherry, for Mr. Joseph Snyder, presently of 7021 Prospect, Kansas City, Missouri, who will be living at the aforementioned address within the month.

* * *

Item 8 on the Agenda: Communications from the City Manager. Mr. Olson advised that there was a Resolution on tonight's Agenda concerning some obsolete City equipment which was to be sold with the Council's approval.

At this time, Mr. Jezak commented that on November 7, from 2:00 to 4:00 P.M., there would be an Open House at the new Public Works Building, located at 4000 NE 76th Street. A tour through the new building will be conducted. All are invited.

* * *

Item 9 on the Agenda: Mr. Jezak moved to accept the first reading of Bill No. 71-64, rezoning from R-1 to R-P-1, property described as Brooktree Subdivision in Kendallwood, and to place said Bill on second reading. Mr. Dowd seconded. Mr. Jezak read the following list of stipulations in the above regard:

1. Hammerhead cul-de-sacs to be constructed at the east end of 57th Street, Shady Lane, 58th Terrace, 59th Street and 59th Terrace, in the event Jackson is not improved at this time.
2. The construction of Jackson shall be the responsibility of the Curry Development Company.
3. All streets will be public; streets to be built in accordance with Subdivision regulations in 40 feet of right-of-way; variance of ten feet approved on right-of-way requirements.
4. Sidewalks to be built on both sides of public streets.
5. No Special Use Permit will be required for Club House. Club will be restricted to residents of the project only.
6. The City of Gladstone will accept deed to open space as shown on Plat, and in accordance with City ordinances; the Home Owners Association to be responsible for maintenance of same.

Mr. Walker asked about the letter to the effect that the Curry Company would build North Jackson. There was further discussion concerning the revised Plat Plan of Brooktree, redrawn with a reduction of 50' lots from 40% to 22%, or only a total of 8% of the land to be 50-foot lots. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of said Bill No. 71-64, and to place it on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-64, and to enact it as Ordinance No. 1,841. Mr. Dowd seconded. The vote: All "aye".

Item 10 on the Agenda: Mr. Bussinger moved to accept the first reading of Bill No. 71-65, rezoning from R-1 to R-1-CH, property described as being located on the east side of Broadway, from Englewood Road, north, to approximately 58th Street North. Mr. Walker seconded. Discussion ensued. Mr. Bussinger read the following list of stipulations:

1. Gladstone to establish a new grade on North Broadway, regrading the existing street and repaving that section to its present width of 20 feet.
2. The developer to widen the east side of North Broadway, and install concrete curbs, approximately 1,320 lineal feet; also to widen Broadway to 18 feet from center line to back of curb;
3. The north access street to the project to be located at a point along North Broadway, to provide safest point of access, and egress; this point to be determined by the grading plan of Broadway.
4. No sidewalk to be required along North Broadway.
5. The existing Scharhag residence to be used as a club house for the project.
6. The Club to be for use of residents of the project only, and membership not be opened to the public.
7. Existing barn on north side of property not to be used as a club house, or for recreation area, but to be used as a maintenance building.
8. All streets through project to be built to City specifications and dedicated to the City.
9. Access courts and roads to clustered houses shall be on permanent easements.
10. Drainage plan shall be submitted to City Engineer for approval; drainage study to determine if 2nd lake in NW corner of project is to be retained, as well as small lake in NE corner.
11. Final plans for construction shall be approved by City Council for building permit.
12. Developer to provide additional landscape/screening in Buffer

Zone north of the proposed Club House.

The vote: All "aye". The Clerk read the Bill.

* * *

Item 11 on the Agenda: Mr. Jezak moved to place Bill No. 71-63, amending Ordinance No. 1.372, as amended, by requiring a Preliminary Site Plan to be approved by the City Council prior to R-1-CH zoning, on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 71-63, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 71-63, to waive Section 20(d)(2) of Ord. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third reading of Bill No. 71-63, and to enact it as Ord. No. 1.842. Mr. Walker seconded. The vote: All "aye".

* * *

Mayor Davis advised there would be a work session on Tuesday, November 2, at 7:30 P.M.

* * *

Item 12 on the Agenda: Mr. Walker moved to place Bill No. 71-66 on its first reading. Said Bill is for an ordinance authorizing the City Manager to execute an Agreement with the Village of Claycomo to provide mutual assistance for protection from fires. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 71-66, and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 71-66, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 71-66, and to enact it as Ord. No. 1.843. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Dowd moved for the adoption of a Resolution authorizing the extension of a Special Use Permit for Mr. Frank Peak, for the keeping and stabling of two horses on Lots 1, 2, 3, and 4, Block 10, LINDEN. (See special use permit issued by Resolution No. R-70-86, dated October 12, 1970) for one year. Mr. Walker seconded. Mr. Bussinger said he felt that the City is growing and developing to the point where horses should be stabled outside the City. The question was asked why a Special Use Permit was given in the first place. The City Manager answered that where animals were kept on less than three acres of property, as is the case here, a Special Use Permit was applied for. Mr. Bussinger said he didn't

like to drive down Gladstone's main street and see horses.

Mr. Dowd said he had just introduced the item, but this didn't mean that he was in favor of it; that he was in accord with Mr. Bussinger. He said he believed horses belonged in an outlying district; that he believed the City had passed the point of being pasture land, and he could recall his feelings when this matter had come up several years ago; he thinks it is time to end it.

The vote: Mr. Dowd, "NO", Mr. Bussinger, "NO", Mr. Jezak, "NO", Mr. Walker, "Aye", Mayor Davis, "Aye". The motion failed by a vote of 3 to 2.

* * *

Item 14 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-113, accepting a bid from Vile Goller Fine Arts for the preparation and printing of the 1972 Civic Calendars, (8,500) for the total amount of \$4,675.00, and authorizing the City Manager to purchase same. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 15 on Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-114, accepting a certain bid for the extension of water mains and authorizing the execution of Contract No. 125, with Hevalow-Shanks Construction Company, in an amount not to exceed \$2,500.00. Mr. Dowd seconded. The vote: All "aye". It was noted that the construction will be 275 feet of 8" main to serve the Fire Station at approximately 6569 North Prospect. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-115, authorizing the sale of certain City-owned property which is obsolete, and authorizing the City Manager to accept any and all bids on same, and, in the event that said items are not sold as a result of advertisement, authorizing the City Manager to dispose of said items at his discretion. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 16-a: Mr. Jezak moved for the adoption of Resolution No. R-71-116, authorizing a Special Use Permit to Mr. Joseph Snyder, 7020 North Cherry, for one year, the expiration date of which shall be October 25, 1972, for a bicycle repair shop in the basement of the residence at the above address. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Bussinger moved for the approval of the Financial Report for 3 months ending September 30, 1971, for the Combined Waterworks & Sewerage System, as submitted. Mr. Jezak seconded. All "aye".

Item 18 on the Agenda: "OTHER".....Mr. Bussinger confirmed a meeting with the Auditors on November 2nd, at 7:30 P.M. The City Manager was asked to contact the auditing firm to see if they would be available on this date and at this time.

Mr. Olson reminded the Council that there would be further Liquor-By-The-Drink applicants heard on October 26th, at 7:00 P.M.....he said the Licenses would be issued on November 8th.

It was noted that there is a meeting with Dr. Kavanaugh on November 1st, at 7:30 P.M., regarding his Plat Acceptance appeal.

* * *

As there was nothing further to come before the meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 8:45 P.M.

Respectfully submitted,

City Clerk

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

1 November 71

A special meeting of the Gladstone City Council was called to order by Mayor Richard Davis at 7:30 P.M., November 1, 1971, in the Council Chambers of the Gladstone City Hall. Those present were, in addition to Mayor Davis, Councilman Dowd, Councilman Bussinger, Councilman Jezak and Councilman Walker; Mr. Fred Beihl, from the City Counselor's office, and Mr. David Olson, City Manager.

Mayor Davis stated this would be an Appeal Hearing, in accordance with the Subdivision Ordinance, as requested by Dr. C. E. Kavanaugh, after the Planning Commission denied approval of the Preliminary Plat of Maple Point Subdivision.

Dr. C. E. Kavanaugh, 131 N.E. 47th Street, Kansas City, Missouri, 64116, stated that his office is located at 4406 Chouteau Trafficway, Kansas City, Missouri. He said he was requesting the Appeal before the City Council, and was representing himself, and that he wished to give a little history or background on this piece of property, up to this point. He said about two years ago, (this coming February), he was told that if he didn't give up this property, it would be taken from him, and if he didn't give up this property, his taxes would increase and he would be prevented from ever obtaining zoning. He said the first thing has occurred, and it appears the second is about to occur.

Mayor Davis asked who made these statements.

Dr. Kavanaugh said this was stated to him, in his office, when Mr. Olson, City Manager of Gladstone, and Mr. Henry Wurst, Sr., were present.

Dr. Kavanaugh said that on September 20, 1971, the Preliminary Plat was refused by the Planning Commission. He said he was sure all the Council had copies of the Minutes of the Planning Commission, and that they had seen the Plat itself, so he would not go into that. He then took a copy of the Planning Commission Minutes, and said he wished to discuss each item they pointed out. He said the first point was a drainage problem on the front of the property. He indicated this is a small ditch which was pointed out in the Plat and at the open Hearing before the Commission; that there was a storm sewer system for the platted area. So far as drainage on each individual lot, the average size lot is approximately 9/10 of an acre, which is a very large lot, and exceeds the requirements of Gladstone by about four times the square footage. Dr. Kavanaugh said the same evening, there was another Plat presented, and this problem was surmounted by allowing 43% of the lots to be in 50-foot widths.

Dr. Kavanaugh said the second problem stated by the Commission was that there were many dead-end streets. He pointed out, he said, that these dead-end streets would be tied into adjacent plats in Kansas City, Missouri. He said the third objection was that, for many years, this land was considered for Park Land. He said for many years there has been 600 acres in the region considered for Park Land. Some years ago, before the voter rebellion on inflation and taxes, the voters in Clay County refused a bond issue to set up a park in that region.

None of these other acreages has been attached or held up or affected in any way, to his knowledge.

Dr. Kavanaugh stated the fourth objection of the Commission had to do with topography of the ground; it was brought out that this was Type 5, as far as the soil was concerned. The best explanation he could give on this, he said, is that the apartments in Bircain sit on the same type of topography; it is the same type that Briarcliff is built on, and the houses or apartments do not fall off these hills.

Mayor Davis said he did not quite understand; Dr. Kavanaugh had said the Planning Commission raised a question regarding soil. Now the Doctor is talking about topography; the two are not similar.

Dr. Kavanaugh, referring again to the Planning Commission Minutes of September 20, said Mr. Pound asked the question "What Soil 5 was". Mr. Glover said "It was defined in the memorandum as 'steep, thin, loose and stony areas' and classified as being severe hazard for agriculture use, severe hazard for residential use, moderate to severe for industrial use; severe for road location, and in the recreational field, moderate to severe for cottages, utility buildings, intensive camp sites, picnic areas, trails, paths and golf fairways, and intensive play areas".

Mayor Davis said he thought there was a difference between topography and soil types.

Dr. Kavanaugh said there wasn't, as far as it was stated, regarding Type 5 by the Commission. He said he thought this data on soil and topography was taken directly from the page in the HUD Grant and crops up as far as the topography and steepness of the slope. He said he was pointing this out as a comparison that this really isn't much of a valid reason, as it is used in other areas for apartments and houses.

Mayor Davis said Dr. Kavanaugh had stated the area had similar topography, not similar soil conditions.

Dr. Kavanaugh asked if the Mayor wanted him to describe the soil conditions; he did not think this was the complaint of the Commission as he understood it.

Mayor Davis said his intent was not to cross-examine, but Dr. Kavanaugh's point was that the topography is similar, and not that the soils are similar.

Dr. Kavanaugh said he felt that the soils are similar; he said he was not a geologist. He said he did know there is no problem in establishing homes on this soil. He said he had been assured by his engineer that this soil would not present a problem in the design of the type of home. He said he believed the Council has all seen the Plat submitted previously which was before them; the Plat had been submitted with great difficulties with a few administrative hang-ups. The plan exceeds all of the requirements of this City by a large margin. It would be the finest type of subdivision that would exist north of the river. He said the particular evening on which he appeared (he could only judge what went before and after him) there were two other plats and zoning applied for. There was objection from adjacent landowners. The Subcommittee

gave the developer an opportunity to meet with them and work out the problems. He said he gave his phone number to the Subcommittee and they said they would look at the land and plat. He said he did not receive a telephone call on any of these objections brought up at any time and was not aware of them until the plat was turned down. He said it seemed a bit strange to him that all other people were considered and all other objections were met or discussed, but it didn't work out that way for him.

Mayor Davis asked Dr. Kavanaugh if he had anyone else he would like to have address the Council. Dr. Kavanaugh said he was speaking for himself and he believed this matter boiled down to right or wrong.

Mayor Davis said the Council will accept Dr. Kavanaugh's Appeal, and take it under advisement; after the Council comes to a decision, they will advise him.

Dr. Kavanaugh asked if they could give him an idea as to the length of time.

Mayor Davis said he thought the Council wants to be sure they have reviewed the facts thoroughly, and he felt this was more important than the time. He said Dr. Kavanaugh would be notified after the Council has considered the matter in depth.

The meeting was adjourned at 7:45 P.M.

Respectfully submitted,

Joyce L. Seever,
Acting City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

8 November 71

A G E N D A

1. Meeting Called to Order - Roll Call
2. Pledge of Allegiance

18. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

8 November 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Richard Davis at 8:00 P.M., Monday, November 8, 1971, in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Councilman Dowd, Councilman Bussinger, Councilman Jezak, Councilman Walker, Mayor Davis, the Assistant to the City Manager, Mr. McMahan, the Assistant City Counselor, Mr. Dods, and the City Clerk.

The Pledge of Allegiance was spoken by all present.

Item 3 on the Agenda: Mayor Davis presented a plaque in recognition of service to the City to Mr. David Louis, former member of Gladstone Park Board. Mayor Davis and members of the Council expressed their appreciation of Mr. Louis' work with the Park Board, and their regret at his departure from Gladstone.

Item 4 on the Agenda: Mayor Davis noted several corrections in the Minutes of the Special Council Meeting of November 1, 1971, which was an Appeal Hearing with Dr. C. E. Kavanaugh, 131 NE 47th Street, Kansas City, Missouri, pertaining to the Plat of Maple Point. Page two, paragraph 3, the last word should be "synonymous" instead of "similar"...Page two, paragraph 5, following Mayor Davis' name, the words "he thought" should be deleted...the word "was" to be corrected to "is"...Page two, final paragraph, Mayor Davis commented on what he thought was incorrect phraseology in line 2..."He said he did know there is no problem". Corrections were noted. Mr. Walker moved for the acceptance of the Minutes of the regular Council meeting of October 25, 1971, as submitted, and of the Minutes of the Special Council meeting of November 1, 1971, as corrected. Mr. Bussinger seconded the motion. The vote: All "aye".

* * *

Item 5 on the Agenda: Public Hearing on a request to rezone from R-1 to R-P-2 property described as being Lot 19, Stormy Acres, located at approximately 6213 North Broadway. Mr. Russell King, of Detmer and King, Construction Company, and owner of the property, appeared in his own behalf. He explained there would be 16 buildings in all; that they would be of all brick construction, and would be located in Stormy Acres, and would be somewhat similar to those constructed between 71st and North Park and 72nd and North Park. He said they would retain the ownership themselves.

Mayor Davis said that with R-P zoning, the Council will require a set of the building plans before they can change the zoning.

In answer to a question, Mr. King said the average cost per unit would be about \$15,000; that they would be bi-level buildings, with one car attached garages.

Mr. Jezak asked what the advantage would be of the R-P-2 over R-1 in this area. Mr. King said there were already apartments on the north, and that R-1 would be hard to sell; that he felt the R-2 zoning would act as good buffering here.

Mr. King was asked if he intended to carry Wyandotte through this area. Mayor Davis commented that there was some rather difficult topograph through part of that area. Mr. Jezak asked if Mr. King intended to tie in the curbs, widen his portion of Broadway, and put in curbs, and put in drainage. It was noted that the complete plans are to be submitted to the City Manager's Assistant Mr. McMahan.

No one appeared in opposition to the request for rezoning. The Public Hearing was closed by Mayor Davis. Time: 8:20 P.M.

* * *

Item 5-a:

Mr. Walker moved for a Special Use Permit reconsideration for a period of one year for the stabling and keeping of horses on his property for Mr. Frank Peak. Mayor Davis seconded. General discussion ensued, during which the Assistant City Counselor, Mr. Dods, advised that in this instance, such a motion would have to come from the prevailing side of the previous vote on this matter.... Mayor Davis withdrew his second of Mr. Walker's motion; Mr. Walker withdrew his motion.

Mr. Jezak moved to reconsider the Special Use Permit for the keeping and stabling of two horses, requested by Mr. Frank Peak. Mr. Dowd seconded. The vote: Mr. Dowd, "aye", Mr. Bussinger, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mayor Davis, "aye".

Mr. Walker moved that the City Council grant a Special Use Permit to Mr. Frank Peak to keep and stable two horses on his property at 7021 North Oak Street Trafficway, for one year, to expire on November 8, 1972. Mr. Davis seconded.

Mr. Bussinger said the Council did meet with Mr. Peak; that Mr. Peak is trying to find a place in the country to keep his horses. Mr. Bussinger said that he would like to discuss the matter with Mr. Peak prior to his Special Use Permit renewal application next year.

Mayor Davis said that he believed the Council is recommending this based on the facts and because of certain additional information they had received. He said that sometimes it is extremely difficult to reconsider; originally they had given Mr. Peak thirty days, then 6 months, then there was a story which was headlined which was erroneous, in that there was no battle with Mr. Peak at all that there had been additional information forthcoming; that the Council were agreeable to further education in this matter.

Mr. Dowd said that three of the Council members did not think they were wrong in their original decision; he felt that they were giving Mr. Peak a little more time to make other arrangements. The vote: Councilman Dowd, "aye", Councilman Bussinger, "aye", Councilman Jezak, "aye", Councilman Walker, "aye", Mayor Davis, "aye".

* * *

Item 6 - Communications from the Audience: None at this time.

Item 7 - Communications from the City Council. Mr. Bussinger said he would like to comment on the Open House at the new Public Works Building, which was held on Sunday, November 7, 1971, from 2:00 to 4:00 P.M. He said it was very lightly attended; he said, further, that in a meeting scheduled at the Gladstone Community Building, later that same day, to which the young voters of Gladstone were invited for open discussion, there was no citizen representation. He said the Council is trying to communicate, but that it looks as though it is only one-way communication, and that it tends to make a person feel as though he is butting his head against a wall; that evidently no one is interested unless it affects him personally; that the Council is always interested in both sides of a story, but it seems a sad note when no one appears to be interested in the community in which he lives.

Mayor Davis said that, beginning November 13, 1971, there will be a Councilman present in the City Hall from 9:00 A.M. until 12:00 Noon, every Saturday until Christmas, just to visit with anyone who wants to talk with the Council.

Mr. Jezak advised there would be two resolutions added to tonight's Agenda, one of which, as Item 15-a, would be acceptance of Water Main Contract No. 126, and 15-b, authorizing acceptance of and purchase of 6 new vehicles for Public Safety.

Mayor Davis reminded the Council that there will be a meeting of the Health and Welfare Council at the Gold Buffet in North Kansas City, at 6:30 P.M. The Mayor asked that someone from the City attend this meeting as he would be unable to do so.

Item 8: Communications from the City Manager. Mr. Brent McMahan, Assistant to the City Manager, advised there was nothing at this time.

* * *

Mr. Stanley Holmes addressed the Council. He said that his son and another young man were present in front of the Community Building on Sunday afternoon but had not seen anyone else there and had left; they did not go into the building.

Mayor Davis commented that this generation may not get anything done because of a lack of quorum.

* * *

Item 9 on the Agenda: Consideration of Building Permits: (a) Strip of shops for Prospect Plaza, 64th and Prospect...Mr. Dick Estrin was present to discuss this matter. Mr. Jezak commented that the City needed to see the proposed plan before considering this matter. Mr. Walker said he personally felt the Council should not consider these building plans at this time. Mayor Davis suggested that he believed the Council should have a little additional time to study the plans, and that he was in agreement with Mr. Jezak's comment on the City's need to request the park plan prior to any action.

Mr. Estrin said he needed some clarification as to whose responsibility this is....he said he has some concern about the time of year, and feel they need to get started while the good weather holds.

Further discussion ensued, with Mr. Jezak stating that this was to be a "package deal", in that the zoning was granted to Mr. LaBrunerie with the City's understanding that the park land would be developed in accordance with City requirements and ordinance specifications. Mr. Jezak said the plan which was submitted was an "El Cheapo" and not satisfactory at all, and that he had said he would be against any further building permits beyond the plans for the A & P Store. He said he didn't know what the problem was, whether it was a lack of communication or just what, but he felt that a package deal was just that - a package deal.

Mr. Estrin said his contact was with the Hanson Development Company; that he was interesting in getting the construction done; that he was only speaking in the best way he could to convey his concern with getting the construction started; that he was "completely bamboozled" in this matter of the park responsibility. He said he felt that as long as the plans for the buildings met with the Zoning Code and the Building Code and did not conflict in any way, that the plans should be considered by the Council.

Mr. Jezak said he felt the Council is obligated to hold up any action until the park construction "gets going".

Mr. Bussinger said the Council is obligated to see that the park goes through as it was promised.

Mr. Estrin said he was a "Johnny-Come-Lately" in this matter, and reiterated that he didn't know with whom the responsibility lay, and asked if this could be cleared up, if it was the responsibility of the Hanson Company, or Mr. La Brunerie, or just who; he said he was just the contractor; that the Hanson Company is his client. He asked if the agreement with the City that Mr. La Brunerie or his successor had was to improve the park section of this area. The answer was affirmative.

Mr. Estrin asked if there were any minutes or ordinances in which this was set out.

Mr. Walker said there are minutes of the meetings stating these requirements.

Mayor Davis said this had been agreed upon.

Mr. Jezak said the Council had agreed there would be no additional permits until the park plans were completed.

Mr. Walker moved to defer consideration of these plans until a joint meeting with the Council, the Hanson Development Company, or its representative, Mr. Estrin and Mr. La Brunerie could be held, in an attempt to resolve the problems.

Mr. Jezak seconded.

Mr. Dowd said it would be wise to get them all in the same room. Mayor Davis

said he would like to have the Engineer review the plans before the Council. He suggested that the meeting with all the interested persons be called for 7:00 P.M., November 15, 1971, at the Gladstone City Hall, and asked that all persons be notified.

Mr. Bussinger said he would like to be able to give the contractor due consideration because of the weather problems...he said he didn't see any reason why the Council couldn't have a Special Council meeting on that night if all can come to a mutually satisfactory agreement.

Mayor Davis said he believed the Council could be flexible in this regard.

Mr. Walker said this Council has bent over backwards to cooperate, and, that as far as he was concerned, he was tired of it...he said that what this Council is trying to do is what is best for the City; that it has had special meeting after special meeting, and had heard promises and been told of plans and been assured of different things, but that he is tired of it

Mayor Davis moved for a Special Meeting of the Council to be held on November 15, 1971, at 7:00 P.M., for the purpose of discussion and, secondly, for consideration of Mr. Estrin's building plans for the strip of buildings to go in at the Prospect Plaza Shopping Center, 64th and Prospect. The motion was seconded by Mr. Bussinger. The vote: Mr. Dowd, "NO", Mr. Bussinger, "Aye", Mr. Jezak, "Aye", (Mr. Jezak said he voted "Aye" mainly because he feels if he isn't completely satisfied, he will have an opportunity to say so), Mr. Walker "NO", Mayor Davis, "Aye", and he said his reason for voting in this way was if the Council is not completely satisfied, they will not consider the building plans; if they are satisfied, it will be a Special Meeting at which they can take definitive action.

* * *

Item 10 on the Agenda: Consideration of Special Liquor License Applications: Mr. Bussinger moved to authorize issuance of a Class A Liquor License to Regan's Restaurant, Inc., 6425 North Oak Trafficway, subject to satisfactory completion of construction plans in accordance with their proposal dated October 29, 1971, and being subject to all Zoning and Liquor Ordinance requirements.

Mr. Walker seconded. Mr. Bussinger said he understood that Regan's plans to approximately double the size of the present facility, that there will be two dining areas, as well as a small cocktail lounge. The vote: All voted "aye".

Mr. Bussinger moved to authorize issuance of a Class A Liquor License to the Gladstone Bowling Center, 300 West 72nd Street, subject to the satisfactory completion of plans in accordance with that company's proposal dated October 29, 1971, and subject to all Zoning and Liquor Ordinance requirements. Mr. Jezak seconded. Mr. Bussinger said he understood they would have a small, over-the-counter service area so they could, if they wish, have liquor by the drink. The vote: All voted "aye".

Mr. Bussinger moved to authorize issuance of a Class A Liquor License to Mr. Charles A. Erickson, subject to the satisfactory completion of plans in accordance with a proposal dated November 2, 1971, subject to all Zoning and Liquor Ordinance requirements. Mr. Jezak seconded. Mr. Bussinger said Mr. Erickson plans to build a restaurant-type facility in the Kendallwood Addition, to occupy 3/4 of one of the new buildings, and to have a seating capacity of approximately 125 people. The vote: All voted "aye".

Mr. Bussinger moved to authorize issuance of a Class A Liquor License to Mr. Tony Campobasso, of Geno's Village, 7013 North Oak Trafficway, subject to satisfactory completion of construction plans in accordance with a proposal dated October 27, 1971, and being subject to all Zoning and Liquor Ordinance requirements. Mr. Jezak seconded. Mr. Bussinger said Mr. Campobasso plans to tear down the present structure at this address, and to construct a small, modern building at this location, at which he will service primarily Italian food. The vote: All voted "aye".

Mr. Bussinger moved to authorize issuance of a Class A Liquor License to Mrs. Jim Henry, of Henry's Restaurant, 6212 North Oak Street, subject to completion of plans in accordance with a proposal dated November 5, 1971, and being subject to all Zoning and Liquor Ordinance requirements. Mr. Jezak seconded. Mr. Bussinger said the parking will be improved, in accordance with City requirements. He said Mrs. Henry enjoyed a fine reputation and he was happy to be part of granting this permit.

Mr. Bussinger moved for the transfer of a Class E License to C. C. Lowers, Pizza Inn, 6813 North Oak Street Trafficway...this involved a change of ownership and was for a 3.2 beer license, only. Mr. Jezak seconded. The vote: All voted "aye".

Mr. Bussinger moved to deny the issuance of a liquor license to Lou's and Tiny's 7107 North Locust, and Mr. Jezak seconded. Mr. Bussinger explained that the denial was primarily because of the criteria set out in the governing ordinance that the Council had nothing against this establishment, but they had tried to write the ordinance so that all applicants would follow the criteria established.

Mayor Davis said he would like to join Mr. Bussinger in expressing his regrets to Mrs. Houghlikirk and Miss Hughes, owners of Lou's and Tiny's...he said the Council tried to pick the best five applicants, but this was not meant to cast aspersions at any of those not selected.

Mr. Bussinger moved to deny the application for Class A license for the Pizza Inn, 6813 North Oak Street Trafficway. Mr. Jezak seconded. Mr. Bussinger explained that his recommendation for denial was for basically the same reasons as the other denial; therefore, the applicant had asked for the transfer of the 3.2 beer license, as noted above. The vote: All voted "aye".

Mayor Davis called at 5-minute recess at this time.

* * *

The regular meeting of the Gladstone City Council was reconvened shortly after 9:00 P.M. by Mayor Davis. All members were present.

* * *

Item 11 on the Agenda: Mr. Jezak moved to accept the second reading of Bill No. 71-65, rezoning from R-1 to R-1-CH, property located on the east side of Broadway, from Englewood Road, north to approximately 58th Street North; (the Petitioner, Mr. Herman Scharhag.) and to place said Bill on third and final reading. Mr. Walker seconded. Mayor Davis said he would move for the addition of the following conditions (a) conversion of the present Scharhag residence into the Club House be deferred until at least 40% of the units are occupied; (b) approval of this plan be contingent upon initiation of construction within two years. Mr. Jezak seconded. The vote: All "aye". Mr. Wm. Harrison Norton, Attorney representing Mr. Scharhag, said he felt sure Mr. Scharhag concurred with everything suggested by the Council and they would see that both these points were complied with.

Mayor Davis pointed out that Mr. Jezak had talked with those residents who had expressed concern about the proposed Scharhag development; it had been suggested that the Club House have a Special Use Permit; this seemed to be the general feeling; that the Council would not ask that the Club House have a Special Use Permit.

Mr. Dowd said that any Club House, operating with or without a Special Use Permit, still had to operate within the confines of the laws of Gladstone; that any ruckus, or unusual activity resulting in Police calls, or other violations, the Council could put a stop to it, with or without the Special Permit.

The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 71-65, and to enact it as Ord. No. 1,844. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Bussinger moved to place Bill No. 71-67 on first reading. Said Bill accepts a Quit Claim Deed from Charles Garney and Patricia Garney, husband and wife, for public use as part of the Gladstone Street System. (Approximate address: 74th Terrace and North Oak, Gladstone)...Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of said Bill and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 71-67, to waive Section 20(d)(2) of Ord. No. 1,83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third reading of Bill No. 71-67, and to enact it as Ordinance No. 1,845. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-117, authorizing the acceptance of work performed under Water Extension Contract No. 125, for 250 feet of 8" C.I.P. and related appurtenances located in North Prospect, and authorizing payment by the City to Hevalow Shanks Construction Company, Inc., in the sum of \$2,500.00 for said work performed. Mr. Walker seconded. It was indicated that this line would run north to the new Fire Station. The vote: All "aye".

Item 14 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-118, authorizing the acceptance of a Bill of Sale for water main construction under Contract No. 124, for 725 feet of 6" C.I.P. together with related appurtenances constructed in 69th Street North, from the easterly line of North Prospect, east to approximately 68th Terrace North, from Hevalow-Shanks Construction Company, Inc., and Byers Construction Company, Inc. Mr. Jezak seconded. The vote: All "aye".

Item 15 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-119, authorizing the City Manager to up-date the City Emergency Operations Plan. Mr. Jezak seconded. The vote: All "aye". (It was explained that this up-dating was necessary in order for the City to continue to receive matching funds.) Mayor Davis commented that Mr. Brink, State Coordinator for State Civil Defense, University Extension Division, had remarked on the cooperation he had received from City employees. Mayor Davis commended the work of the Administration in this regard.

Item 15-a - Mr. Walker moved for the adoption of Resolution No. R-71-120, authorizing execution of Water Main Extension Contract No. 126, with Curry Investment Company and Garney Utilities Company, for 280 feet of 6" C.I.P. main to begin at the end of the existing 6" main, and to run east in NE 59th Street, plus two hydrant leads and related appurtenances. Mr. Jezak seconded. The vote: All "aye".

Item 15-b - Mr. Jezak moved for the adoption of Resolution No. R-71-121, authorizing acceptance of the Bid from Independence Dodge, for the purchase of six 1972 Sedans for a total net price of \$13,971.68. Mr. Dowd seconded. Mr. Bussinger said he would like to see some consideration given to the Ford Company or to a Chevrolet dealer in the future, even though they may not submit the lowest bid; that he had studied the report sheets on the Dodges and thought it would be good to look into the others; that he would go along with it for this year, but he would like to go another route next year. The vote: All "aye".

Item 16 on the Agenda: Mr. Bussinger moved to accept Cash Disbursements Reports for Combined Waterworks & Sewerage System Operation and Maintenance Fund for October, 1971; Cash Disbursements Reports for the month of October, 1971, for General Fund, Public Works & Utilities Building Fund, Capital Improvement Fund for Construction of Sidewalks, Public Safety Fire Station Fund, Parkland Acquisition Fund and Parkland Improvement Fund, as submitted. Mr. Jezak seconded. The vote: All "aye".

Item 17 on the Agenda: "Other"....Mr. Walker advised that Broadway, between Englewood Road and 55th is in such bad condition that it could be considered as dangerous enough to endanger lives of our citizens; he wondered if the construction people for the apartments in Kansas City could be contacted as to our City ordinance about leaving streets in bad condition; if they cannot be made to correct they should be cited. He said they should either clean up our streets or be given a citation; he said with all the mud that has been left on Broadway and its present condition, it is slick and hazardous. He also commented that on 55th Street, west of Broadway, they have been leaving construction vehicles and material with no regard whatsoever for the people who live in that area.

Mr. Dowd commented on the plans submitted by Mr. King for the construction of the planned duplexes. He said Planning Commission had made certain recommendations for changing the plans, and that, as nearly as he could see, Mr. King had just added some dotted lines indicating driveways, and he didn't think the newly submitted plans met the requirements; that the way it stands, he couldn't, in all conscience, vote on it.

Mr. Dowd asked about the proposed amendment on the Stop Sign schedule; he said a member of the Student Council of Oak Park Highschool had contacted the Council regarding a four-way stop sign needed at 72nd and Troost; he had thought that this would be on the Agenda for this evening.

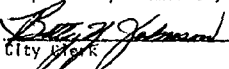

Mr. Bussinger asked what the present status was on the 'pig farm' on 72nd Street; he thought they had had ten days in which to remove the animals, and he asked if this had been appealed, and when it might come up again. Mr. John Dods suggested that Mr. Duncan, the City Attorney, be contacted on this matter. He said he understood that there had been an Appeal; he also said that, in his opinion, this could go on indefinitely; he also said that, in his opinion, the City could cite the owner as often as it wished on the same subject. He said, in fact, that this would be the only remedy the City might have at this time was to continue citations.

Mr. Bussinger suggested the City do this; he said he believed it had gone on too long.

Mr. Dods said it would be hard to know just when the case would come up because the docket is reputed to be very heavy...

As there was nothing further to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:05 P.M.

Respectfully submitted,

City Clerk

Joyce L. Seever, City Treasurer
City of Gladstone, Missouri

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

15 November 71

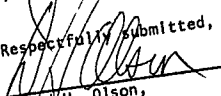

A special meeting of the Gladstone City Council was called to Order by Mayor Richard Davis on Monday, November 15, 1971, at 8:45 P.M., at the Gladstone City Hall. Roll was called. All Council members were present.

Mr. Jezak moved to appoint the City Manager, Mr. David Olson, as Acting City Clerk. Mr. Bussinger seconded the motion. The vote: All "aye".

Mr. Jezak moved to authorize issuance of Building Permits to the Estrin Construction Company for construction of Building "C", Prospect Plaza Shopping Center, 64th and N. Prospect, in accordance with plans submitted, and dated November 4, 1971. Mr. Bussinger seconded the motion. The vote: All "aye".

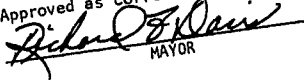

There being no further business to come before the Council at this time, the Special Meeting was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 9:00 P.M.

Respectfully submitted,

David H. Olson,
Acting City Clerk

23. Acceptance of Financial Report for Combined Waterworks & Sewerage System for 4 months ending October 31, 1971.
24. OTHER:
25. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
22 November 71

The regular meeting of the Gladstone City Council was held on Monday, November 22, 1971, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called: Present were Councilman Dowd, Bussinger, Jezak, Walker and Mayor Davis. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk, were present.

The Pledge of Allegiance was given by those in attendance at the meeting.

At this time, Mayor Davis proclaimed the week of November 28 through December 4, 1971, as CIVIL AIR PATROL WEEK.

Item 4 on the Agenda: Acceptance of Minutes. Mr. Bussinger noted a correction on Page 3, under Item 7, in which he was incorrectly quoted. He said that Mr. Walker's name should have appeared instead of his, with reference to the discussion on the lightly attended opening of the Public Works Building and the following meeting which had been set up at the Community Building the same evening. Corrected - name noted. Mr. Jezak moved to accept the Minutes of the regular meeting of the Gladstone City Council of November 8, 1971, as corrected, and of the Minutes of the Special Meeting of November 15, 1971, as submitted. Mr. Dowd seconded. Mr. Jezak explained briefly the reason for the holding of the Special Meeting and what was accomplished during said meeting. The vote: All "aye".

Item 5 on the Agenda: A Public Hearing on a request for a Special Use Permit for a ceramics studio to be located in a residence at 201 NE 57th Street. Mr. Will Wyant, Jr., husband of the petitioner, spoke a few words in behalf of his wife's request for the Special Use Permit, explaining that she was well trained and hoped to pass along some of her knowledge of ceramics to interested students. Mr. Bussinger noted that the Planning Commission Subcommittee had recommended several improvements; the parking lot area is to be gravelled, the driveway is to be improved, etc. Mr. Wyant said he was aware of these requests and was perfectly willing to comply; that they would have been improved in any event.

No one appeared in opposition to such proposed Permit request. The Public Hearing was declared "closed" by Mayor Davis.

* * *

Item 6 on the Agenda, Communications from the Audience. Mr. Lynn Allen addressed the Council. He said as a means of fund raising for the purpose of putting on a Western Round-up for Gladstone for next September, the Murphy Carnival had been secured for next Spring, and would be set up at the Gladstone Plaza; that the area where they will be needs to be levelled and planted so it will be ready for the Carnival, and he thought it would be helpful to have a grader go in there for a few hours so the seed can be sown now. He asked if the City would co-operate to the extent of getting a City machine and operator in there either this week or next. After general discussion, Mr. Walker moved for a grader and operator to work on this project, weather permitting. Mr. Bussinger seconded. Mr. Dowd said the Chamber of Commerce had been encouraged to pick up the plans for the Western Round-Up; he felt that as the City had missed a year on this worthwhile project of the Chamber, the City should do all possible to cooperate and do "its bit".

The vote: All "aye". Mayor Davis asked Mr. Olson to see that this matter is taken care of as soon as possible.

* * *

Item 8 on the Agenda: Communications from the City Council. Mr. Dowd asked about the Starr property at 67th Place and North Holmes; he said he felt the City may not be able to do anything about this but he asked about some protection from the City's standpoint for future such situations. Mr. Olson said that Mr. Starr had built two more houses in another part of the City, and he didn't think he had left them in the same condition. Mr. Dowd asked if the City had erred, or just what had happened on the aforementioned location. He said he wondered if the City doesn't have the tools to enforce our ordinances, or just what.

Mr. Olson said our ordinance is not specific enough to enforce what a developer can or can't do; he said the property in question did not have to be re-platted.

Mr. Jezak asked if Mr. Starr were that flexible that he could do just about what he wanted to do, drainwise...Mr. Olson said that Mr. Starr had promised to remedy the situation, and do certain things, but that the City had seen no action in these nine months.

Mr. Dowd asked about an "Occupancy Permit"...he said he believed the City should certainly do something about making Mr. Starr "dress the area up"...that he had built four nice looking houses, but left the land looking very messy.

Mr. Olson said it might be the City would want to consider modifying the Subdivision requirements to provide for some of the older, buildable lots.

Mayor Davis said he thought we should look into this possibility; that this could happen more and more frequently.

Mr. Dowd concurred, saying that in the near future, there would be more building on pieces of land which had been by-passed in the past.

Mayor Davis asked about the Occupancy Permit idea..

At this time, Mr. Walker moved to direct the City Manager to look into the possibility of amending our present ordinance so that it would be sufficiently worded to be enforceable in situations of this kind. At this time, Mr. Dods suggested that a motion was not necessary in this instance; that this could be a directive to the City Manager and he could then pass on the request to the City Counselor. Mr. Davis said he thought there was a Council mandate to look into the matter and come up with some suggestions, and he asked the City Manager to report back to the Council on this matter within the next two weeks.

Mr. Dowd asked about the Wyandotte Stop sign..he said he understood it was to be a "three-way", but that it is only a "two-way"...and he asked why. Mr. Olson said he needed to discuss this matter with the Council and the City Engineer. It was suggested that a meeting be held at the earliest possible convenience.

Mr. Jezak asked how nearly finished 63rd Place is...The City Manager said he hoped to get most of the corner work done within the next several weeks.

Mr. Jezak made the following motion: "I move that the application of Dr. C. E. Kavanaugh for approval of a Preliminary Plat, described in his application, be denied on the grounds and for the reasons that after consideration of all the facts, the record of the proceedings before the Planning Commission, and the presentation of the applicant to this Council at a Special Council Meeting on November 1, 1971, the Council concludes that the action of the Planning Commission was proper and correct, and such action is affirmed, and the application for approval of such Plat is therefore denied."

Mr. Dowd seconded. The vote: Mr. Dowd, "aye", Mr. Bussinger, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mayor Davis, "aye". The motion carried.

* * *

Mayor Davis asked if additional citations had been served on Mr. Frankovigila, at the "pig farm"...Mr. John Dods said this was in the City Attorney's realm; that he had asked to be notified when the appeal would appear on the docket, but that he had not yet heard; that he was of the opinion that it would not be on this term; he suggested that Mr. Duncan be contacted in this regard. Mayor Davis said he felt Mr. Frankovigila should be fined; that he has violated an ordinance and been found guilty; he asked what the problem was on re-citing the man. Mr. Dods said he could not respond other than to say that would be decisive; that he could not be sure until the issue is decided; that he did not know what Mr. Duncan feels is the problem on the appeal...

Mr. Dowd asked that Mr. Duncan be requested to give the Council a letter stating the date when the appeal will be heard; he said he felt there was a need to do something, and some of these cases can drag on for many months. He said when the people tell the Council they do not want the situation to continue, the Council needs to try to get something done.

Mayor Davis said the Administration is getting set up for a meeting with the Council and some of the representatives of the business community to discuss the 1% Sales Tax election.

* * *

There were no communications from the City Manager at this time.

* * *

Item 9 on the Agenda: Mr. Jezak moved to place Bill No. 71-68 on first reading. This Bill is for an ordinance imposing a City Sales Tax at the rate of 1% of the receipts from the sale at retail of all tangible personal property or taxable services at retail within the City of Gladstone, subject to the approval of such ordinance by the voters at a Special Election to be held on January 25, 1972. Mr. Bussinger seconded. It was explained that such an election had been scheduled earlier, but that it had come up at a time of the Presidential action and the Council had decided it would be best to withhold the issue at that particular time and see what the future brought. It was noted that the City needs the tax for the same reasons as were given before;

that North Oak Street is a "must" as far as widening is concerned; that he felt the Council will make every effort to work closely with the business leaders and hope that the people will get behind their Council and support them on this coming election.

Mr. Jezak said he strongly supported this Bill; that he believed the City is on the threshold of taking great steps forward, as is the County. He felt that there were many needs in the City which are being by-passed; that there is only one football field, one soccer field, and in a city with over 10,000 youngsters, this isn't enough; there are not enough baseball diamonds for the many young players who need more fields; that the Community Building is at peak usage now; that there were many things the City needs now, not ten years from now; that the City needs to get moving now, and the Council feels it needs to push this and want everyone to get to work on this and work together on this Bill..

Mr. Dowd said he wanted to restate the facts; that the City Council has pledged to see that money derived from this Sales Tax would be used 100% on capital improvements in the City such as improving North Oak Street, (on this, even if the City were to receive Federal Funding, the City's share would be more than they could do), but that the money would be spent strictly for capital improvements.

Mr. Walker commented that the point he felt was very important was that it seemed applicable that a City the size of the City of Gladstone could effect a tax which would affect citizens living outside of Gladstone. He said that possibly 50% of the tax coming in would not be paid by Gladstone citizens, but by people outside the City who also benefit from City services. He said he felt it was an economic necessity for this City to move ahead in this way.

Mayor Davis reiterated that it was the intent of the City to waive the City auto sticker fee if the tax passes; there would still be vehicle stickers for each automobile, but there would be no charge; he said that this was an attempt on the part of the City to find a way to share some of the burden with some of our neighbors; that this was not being done to improve the quality of the services offered by Gladstone, but only for capital improvements. He said the City does not have the funds which are needed to invest in a better community; that this tax source will provide the revenue needed to provide a better community. He said that the Council will take the full six weeks to enact this bill into ordinance, in order to elicit as much feed-back as possible from the citizens of Gladstone.

The vote: All voted "aye". The Clerk read the Bill. (71-68).

* * *

Item No. 10 on the Agenda:

Mr. Dowd moved to place Bill No. 71-69, authorizing the City Clerk to give notice of the Special Election to be held January 25, 1972, to fix the polling places for such election, and to prescribe the form of the ballot to be used. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Item 11 on the Agenda: Mr. Bussinger moved to place Bill No. 71-70 on first reading. Said Bill is for an ordinance to accept certain water main easements from Charles and Patricia Gerney. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 71-70, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 71-70, to waive Section 20 (d)(2) of Ord. No. 1,83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". Mr. Bussinger moved to accept the third and final reading of Bill No. 71-70 and to enact it as Ordinance No. 1,846. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-122, authorizing the City Manager to accept a Bill of Sale for 280 feet of 6" CIP water main beginning at the end of the existing 6" main and running east in NE 59th Street, plus 2 hydrant leads and related appurtenances, for the Rock Creek Apartments project, under Contract No. 126. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-123, authorizing the City Manager to execute Water Main Contract No. 127 with T. J. Sullivan and Gibson Enterprises, Inc., for water main construction to serve certain lots in Cedar Glen South, under Contract No. 127. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-124, authorizing the City Manager to execute Contract No. 128 for water main construction in Northaven, 13th Plat, with Damon Pursell Construction Company, Inc., and Norland Development Company, for a total of 600 feet of 6" CIP, and related appurtenances. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-125, authorizing Mayor Davis to request final payment of, and to accept same, a Federal Grant in the amount of \$30,580 from the United States Department of the Interior, Environmental Protection Agency, designated as Project No. MO-369, and to execute all necessary documents related thereto. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-126, authorizing the Mayor of the City of Gladstone (Richard F. Davis) to accept a State Grant for Sewage Treatment Works designated as Project No. MO-494, in the amount of \$7,647. (It was suggested that the words "on behalf of the City" might be added to the body of the Resolution. Mr. Jezak seconded. The vote: All "aye".

Item 17 on the Agenda: Mr. Dowd moved for the acceptance of (adoption of) Resolution No. R-71-127, accepting a bid from Mitts and Merrill for one hot mix road maintenance trailer in the amount of \$2,465.50, and authorizing the City Manager to purchase said item for the amount as specified. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 18 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-128, authorizing the City Manager to accept certain streets in Carriage Hills, from Industrial Asphalt Company. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 19 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-129, authorizing the City Manager to accept certain streets in Williamsburg, Third Plat from City-Wide Asphalt Company, Inc. Mr. Walker seconded. Mr. Walker said the City is possibly creating a hazard if we continue to insist that the developer widen adjoining his development. He said for instance on Old Pike Road, there is an abrupt ending to the widening, and this could be very dangerous for drivers especially at night, or who might not know it had been done; he said he felt something in the way of a warning might be place near the end of the widened section so it would help those who were not aware they were coming up onto an abrupt ditch.

Mr. Bussinger asked if the curbs were unusually high at that area. Mr. Walker said he didn't think they were; that possibly the lower-slung cars might drag a little; that he didn't think they were any higher than usual. The vote: All "aye".

* * *

Item 20 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-130, authorizing the City Manager to accept a certain street in Meadowbrook North, Tenth Plat, from Arnold Q. Myers. (806 lineal feet of curbing and paving). Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 21 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-131, authorizing acceptance of the Annual Audit Report for the Fiscal Year ended June 30, 1971, from Troupe, Kehoe, Whiteaker and Kent, and to pay the amount of \$5,500 for same. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 22 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-132, authorizing the City Manager to engage the auditing firm of Troupe, Kehoe, Whiteaker and Kent to conduct the City's annual audit for the 1971-72 Fiscal Year for the amount (not to exceed) of \$5,800.00. Mr. Bussinger seconded. He said he believed the City has received good audits from this firm and he believed it was money well spent. The vote: All "aye".

Item 22-A - Mr. Bussinger moved for the adoption of the following Resolution, No. R-71-133; "Authorizing the City Manager to advertise for bids for certain items to be constructed in North Flora Park, located at 60th and North Flora Avenue; (a) Stone retaining wall; (b) Log ship (playground item); (c) Parking lot improvements"....Mr. Jezak seconded. It was noted that the parking lot is to be improved as planned by the Park Board earlier; that the retaining wall is to be between the parking lot and the ball diamond. Mr. Davis asked if the above suggestions had been made with the approval of the Park Board. The answer was in the affirmative. The vote: All "aye".

* * *

Item 23 on the Agenda: Mr. Bussinger moved for the acceptance of the Financial Report for the Combined Waterworks & Sewerage System for 4 months ending October 31, 1971. Mr. Jezak seconded. The vote: All "aye".

OTHER BUSINESS: Mr. Dowd asked for a delivery date on the new Public Safety vehicles. The City Manager said the date stipulated was 40 days from receipt of the order. Mr. Jezak said the walls of the men's restroom at the City Hall were in need of repainting.

Mayor Davis called a work session for Tuesday, December 7th, at 7:30 P.M. As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned at 9:25 P.M.

Respectfully submitted,

Betty V. Johnson, City Clerk

19. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
13 December 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Richard F. Davis at 8:00 P.M., Monday, December 13, 1971, in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Councilman Dowd, Councilman Jezak, Councilman Walker and Mayor Davis. Councilman Bussinger was not present at the beginning of the meeting. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were present.

At this time, Mayor Davis introduced Mr. Robert Seuceman, Leader of Boy Scout Troop No. 218; the Colors were presented by 2 members of the Troop, and the Pledge of Allegiance was given at this time. Mayor Davis introduced the members of the Troop by name and each stood as his name was called. All were welcomed.

Item 3 on the Agenda: Mr. Jezak moved to accept the Minutes of the November 22nd, 1971, Council Meeting, as presented. Mr. Walker seconded. The vote: All "aye".

* * *

Item 4 on the Agenda: Communications from the Audience. Mr. Hoy Thompson, 7512 North Highland, addressed the Council as a representative of the Gladstone Independent Home Owners' Executive Board. He said "In special session, the Gladstone Independent Home Owners' Executive Board have unanimously agreed that the proposed 1% Sales Tax is un-needed and not necessary. In analysis of the current budget and the audit of 1969-70, the facts speak for themselves. In fact the 1969-70 audit indicates that the Gladstone City Council has (1) had revenues in excess of their proposed budget by over \$73,000; (2) that Gladstone had a fund balance on hand of over 1/2 million dollars; (3) that the growth potential of this community for the next year is approximately 10%, based on the 30% increase in gross revenue from 1968 to 1971, and a water-sewer growth of over 10%. In fact, in Exhibit "B", Analysis of Fund Balance, why is a 1% sales tax needed when this Council, by Resolution, has transferred over \$200,000 from General Revenue into Special Improvement Funds in the past 12 months? In fact, two of the accounts are not 'really' clear. 'What is the purpose of the Parkland Acquisition Fund for \$25,000, and the Parkland Improvement Fund for \$9,050.? The Gladstone Independent Homeowners still question why, in the 69-70 audit, this City spent \$27,288.23 for professional fees and the budget of 1971-72 calls for \$42,800, an increase of over \$15,000. This question has never been answered. Because of the above, we must go on record as opposing a 1% Sales Tax, as currently proposed by this City Council."

Mayor Davis said the Council had tried to put together a package which would be better for the entire City; he said they had tried to and had met with some of the interested people in the City. He said that many of the questions posed by Mr. Thompson can and should be answered; that it was very easy to be negative and he explained briefly the Fund Balance, which he said had to carry the City until the taxes begin coming in around the end of November. He said, further, that the Council was ready and eager to answer any questions or to meet with the Independence Home Owners' Board at any time. He said the next meeting would be held on December 16th, in the Basement, at the Gladstone Bowling Alley, and that Mr. Thompson was certainly invited to come and ask for an explanation of any of his questions. He explained the City's plan for Parkland Acquisition as well as

Gladstone City Council
December 13, 1971, con't.

Page two

the reason for professional fees. He reiterated that Mr. Thompson would be welcome to come to any of the Sales Tax meetings. Mr. Thompson said he would be there.

Mr. Dale Sapp, of Ray Sapp Hardware, advised the Council that he was applying for a rezoning..he brought his application with him. Mayor Davis explained the procedure which was to be followed and asked Mr. Sapp to submit his application at the City Hall tomorrow, stating that there would be public hearings and publications.

Mr. Dominic Fanazzo, 6808 North Michigan, addressed the Council stating that Gladstone, a first-class city, was badly in need of football field. He said that Gladstone has the lack of parks which might be found in a 4th class city. He said the City needs a fully equipped park, with a lighted football field; that he was one of the coaches for the Gladstone Gladiators, and that it was embarrassing for the team when they played an out-of-state team and were forced to play in Kansas City because they didn't have a field in Gladstone. He said he was certainly in favor of the Sales Tax if it would mean that the park system would be expanded; that he hoped the Council would take a serious look at what they would spend the money derived from the Sales Tax on.

Mr. Jezak said Mr. Fanazzo was "a man after his own heart"...that he couldn't concur more; that the need for fire equipment was the first priority; that this, unfortunately, would have to come before anything, and to equip such things as aerial ladders, the cost would be over \$80,000; he said the City had been trying to complete the Flora Park for over two years, but there just isn't enough money to do it; he said the people in the City need to get behind their Council and help them. He said "I'll fight with you toward more parks".

Mayor Davis said one of the real problems is getting concerned citizens to stand up and say what the needs are; he said it was up to the citizens to get a source of revenue going and do something about some of these needs. He said he joined with them in recognizing the problem on the lack of parks; that he had worked with some of the Little League ballplayers and knew what difficulties there were in trying to find a place to play ball..that it was, indeed, sad that a city the size of ours didn't have more in the way of playing fields. He thanked Mr. Fanazzo for his support.

Mr. Dowd asked about soccer games...he said any soccer games also must be played outside of the City.

Mr. Fanazzo asked exactly where the monies will go. Mayor Davis said the Council is pledged to use it entirely for the Capital Improvements of the City.

* * *

Item 5 on the Agenda: Communications from the Council. Mr. Dowd moved to reappoint the following four members for 4-year terms to the Gladstone Planning Commission: Mr. Walter Robohn, Mr. David Fricke, Mr. Ed Kerr and Mr. Thomas Miller. Mr. Walker seconded. It was noted there are still three vacancies on the Commission. Further discussion ensued. The vote: All "aye".

Gladstone City Council
December 13, 1971, cont.

Page three

Mr. Jezak commented that he was glad to see that 63rd Place was being rebuilt. He said those people had waited about three years until Gladstone had the \$9,000 available to spend on this project.

* * *

Item 6 on the Agenda: Communications from the City Manager. Mr. Olson said there was an addition to the Agenda of an application of transfer of Liquor License, (Class A to Class B) for Henry's Restaurant. He said there was ordinarily a 90-day evaluation period, but that in the case of Henry's Restaurant, since they had been in business for so long, the Liquor Control Office had agreed to waive the 90-day period, providing the City Council agrees on the transfer, which will allow them to serve liquor by the drink on Sundays. Mayor Davis said this would become Item 16-A.

* * *

Item 7 on the Agenda: Mr. Dowd moved to accept the first reading of Bill No. 71-68, Imposing a City Sales Tax at the rate of 1% of the receipts from the sale at retail of all tangible personal property or taxable services at retail within the City of Gladstone, subject to the approval of such ordinance by the voters at a Special Election to be held on January 25, 1972, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Item 8 on the Agenda: Mr. Walker moved to accept the first reading of Bill No. 71-69, authorizing the City Clerk to give Notice of the Special Election to be held Tuesday, January 25, 1972, and fixing the polling places for such election, and prescribing the form of the ballot to be used. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 9 on the Agenda: Mr. Jezak moved to place Bill No. 71-71, for an ordinance to rezone from R-1 to R-P-2, property described as being Lot 19, Stormy Acres, located at approx. 6213 North Broadway, on first reading. Mr. Walker seconded. Mr. Dowd said the Planning Commission had discussed several items with Mr. King, and he asked Mr. King if he could agree with all the recommendations at this time. Mr. King asked about the street light, which had been one of the Planning Commission's requirements....he said he had understood from the Power and Light Company that these were put out on a lease basis to the City, and, in the matter of the temporary turn-around suggested by the Planning Commission, he felt he might have quite a problem putting this in, in keeping it on their property. He said there has been a similar problem on the north side where the drainage system has just about washed away the parking area...he said he would appreciate a waiver on the turn-around, and that he didn't know just what to do about the street light.

Mr. Dowd said he believed the Planning Commission had made these recommendations and had suggested that he meet with the City Engineer to talk over these matters. Mr. King said he has talked to the City Engineer, and that they will try to work out these requirements.

Gladstone City Council
December 13, 1971, cont.

Page four

The vote: All voted "aye". The Clerk read the Bill.

Note: At this time, Councilman Bussinger took his place at the Council Table.
8:45 P.M.

Item 10 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-134, authorizing the City Manager to grant an extension of time to Burge Fence and Iron Works on Public Works Building Contract No. 10, to November 4, 1971. Mr. Jezak seconded. The vote: All "aye".

Item 11 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-71-135 accepting work performed under Public Works Building Contract No. 10, and authorizing payment in the amount of \$1,097.40, subject to the receipt of the Affidavit of compliance with the Prevailing Wage Law, and the receipt of the Affidavit of payment of Bills for all labor and material in connection with said Contract No. 10. Mr. Walker seconded. Mr. Dowd commented that he was opposed to granting this man an extension of time, but that he had worked along with the contractors and he did this for an extension of time, and he approved of the payment at this time.

Mr. Lynn Allen asked if the Mayor intended to give Mr. Burge an extension of time and then pay him too? Mayor Davis pointed out that the extension of time was until November 4th and that the Contract had been completed. The vote: All "aye".

Item 12 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-71-136 reasserting the City Council's support for Section 306 of the Uniform Building Code, as adopted by the City of Gladstone in Ord. No. 1,631, and directing that the City Manager continue to vigorously enforce all terms and provisions of this Section. Mr. Dowd seconded the motion. In explanation, Mr. Olson briefly outlined the reason for the resolution. He said that some years ago, the City adopted the Uniform Building Code, which had an Occupancy Permit Requirement section. Lately, the Council has been aware of some problems the City has had in that buildings have been occupied prior to final completion, or before the builder has completed all the requirements of the Engineer under the Building Code. He said the City now has the staff to handle this kind of thing, and, as it was the Council's desire, he felt such a Resolution would outline its wishes in the strict enforcement of the Section 306 under the Uniform Building Code, as adopted by the City.

Mr. Dowd asked if this would affect the contractor only, or the owner or seller. Mr. Olson said it would affect the contractor and builder; that they couldn't get an occupancy permit until he has completed all the requirements and this can now be enforced. This will include apartments and individual home owners.

Mr. Dowd explained that this had become necessary as there have been many lots which have been passed over in the future in favor of the more prime building lots; now, as the City is being built up, these other lots will be built upon more and more, and the restrictions or requirements need to be enforced.

The vote: All "aye".

Gladstone City Council
December 13, 1971, con't.

Page five

Item 13 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-137, authorizing the City Manager of the City of Gladstone, Missouri, and the Chairman of the Gladstone Park Board to make application for a Grant-In-Aid, under the Land and Water Conservation Fund of the United States Government. Mr. Jezak seconded. It was noted that the City is in dire need of more park land, and Mr. Jezak said that the acquisition of some 73 acres which could be made possible through this Grant-In-Aid would certainly answer Gladstone's needs. The vote: All voted Aye.

* * *

Item 14 on the Agenda - After consideration of an application for a renewal of his Special Use Permit, the City Council agreed that a Special Use Permit could be renewed for Mr. B. D. Lemley, for the Willowalk Poodle Kennels. Mr. Walker moved for the adoption of Resolution No. R-71-138, extending the Special Use Permit of Mr. B. D. Lemley for the operation of Willowalk Poodle Kennel, for a period of one year, the expiration date of which shall be January 1, 1973. Mr. Jezak seconded. It was noted that Mr. Lemley is now seeking other property to buy for a permanent location for his kennel; it was suggested that before he reapplies he come in to talk with the City Council. The vote: All voted Aye.

* * *

Item 15 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-139, authorizing the City Manager to grant a Special Use Permit to Mrs. Marjorie A. Wyant for the operation of a ceramics studio in her residence at 201 NE 57th Street, for a period of one year, the expiration date of which shall be January 1, 1973. Mr. Bussinger seconded. Mr. Bussinger asked if the allowing of this Special Use Permit was contingent upon the Wyants following the suggestions and recommendations of the Planning Commission. Mr. Dowd answered that it had been ascertained that all of the neighboring homes were owned by family; that the Wyants had agreed to improve that area where those attending the ceramics classes will park, and that the driveway will be gravelled. He said, however, that he was a little hesitant to approve this Permit because he felt the Council might be establishing a sort of precedent, but he does not think there will be any problem, but that the Council should all be aware that this sort of thing can snowball if the Council doesn't proceed cautiously.

Mayor Davis said he shared Mr. Dowd's reservations, but that he also feels that a Special Use Permit is a reasonable answer. He said he believed this amounted to spot-zoning, and that he couldn't support this type of zoning. Mr. Walker said this area was very low in traffic; that it would not be a retail outlet but only an instruction class.

Mayor Davis said that in his opinion, a Special Use Permit is very close to spot zoning; he said that maybe the solution is to be more careful in definitions but that he was not in favor of Special Use Permit on this kind of a problem.

Mr. Dowd said he believed this could give the City a chance to look at the problem a little more closely; that he was glad that he had a chance to know where these little businesses are and what they are, (he cited an earlier Permit which had been issued for a bicycle repair shop in the basement of a residence).

Gladstone City Council
December 13, 1971, con't.

Page six

He said ours is a unique community and he felt the Council could control the situation.

The vote: Mr. Dowd, "aye", Mr. Bussinger, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mayor Davis, NO.

* * *

Item 16 on the Agenda: Consideration of building plans for remodeling at 6704 North Oak Street. Mr. R. E. Carver, applicant.

Mr. Wayne Kuhlman, Attorney, North Kansas City, spoke for Mr. Carver. He said that in the interests of his client, Mr. Carver, it had been requested that the matter be placed again on the agenda to see if there is any way to work out a situation that his client had gotten himself into.

He said that an application had been made earlier for the relocation of a door; that this amounted to removing existing garage doors and installation of windows, enclosing the garage area which would now become a conference room for real estate closings, etc. He said the application for the building permit for one aspect of the project had been made and that the City Engineer had indicated that such should be submitted to the City Council. He said that he and his client felt this was perhaps an alteration, rather than an plan to build. He indicated they had been advised the charge for such a permit would be \$150. He said that what needs to be done is to clarify just exactly where they go and what they can do, or what can be required of Mr. Carver at this point, by way of a building permit, if that is what is needed. It was noted that the Council, earlier, had required that Mr. Carver improve his parking lot and give ten feet of right-of-way to the City. He said that the City Engineer had indicated that the sidewalk and curbing permits and such other permits as these were under his direction, so the only thing the Council wants to review is the relocation of the window. Mr. Kuhlman questioned the ten feet for the widening of North Oak Street, and he questioned the curbing and guttering request, stating that his client was in no position to donate ten feet of right-of-way along North Oak Street, and he said that it is possible that the Council does not have the authority to require that Mr. Carver grant an easement in exchange for a building permit. He said that he believed the Council could require his client to mark the entrances, and improve the area and make the drives more safe, but what he plans to do with the other part of the area is not yet decided. He said Mr. Carver is still unwilling to grant an easement without some kind of compensation, but that they will try to work out something on the curbing for safety's sake and in a workmanlike manner; that what they would like to do would be something similar to what some of the other businesses have done, two entrances, curbing the entrances, with a center curbed island such as some of the other businesses have done; that he didn't think his client should bear the expense of widening Oak Street when the people of the City had turned the proposal down some time ago.

Mr. Kuhlman said they do want to provide more safety; that the proposed alteration will not make the house less attractive, nor will it increase the flow of traffic; that Mr. Carver is willing to do some work but that all he has basically said he would be willing to do is to put in the island, to make the entrances safer, to add some planting and make the area more aesthetically attractive, but

to pay for a \$150 permit to go to a \$5,000 expense to widen North Oak Street is a little bit absurd.

Mr. Bussinger asked why Mr. Carver had started to remodel when the Council had made it clear that he couldn't. It was noted that the work had been begun, but is not yet completed.

Mr. John Dods, Assistant City Counselor, said he might suggest that it might be unwise to ask Mr. Carver to 'make a statement of confession' since he has been cited into Court...Mr. Kuhlman said they were not trying to find out whether or not Mr. Carver is guilty of anything.

Mr. Jezak asked what other businesses Mr. Kuhlman was referring to. Mr. Kuhlman named several businesses along North Oak Street...Mr. Jezak said he was strongly in favor of widening North Oak, and he named several businesses which had complied with Council recommendation. He said that he felt the parking lot at Mr. Carver's location is dangerous and that he felt the Council had to look out for the safety of the citizens; that he felt it was entrusted to the Councilmen when they were elected to help out; that this is the way they feel. He stated a recent incident during which a car nearly went in the ditch when attempting to turn into Bolling Heights..

Mayor Davis said the City has not purchased any rights-of-way along North Oak Street. He said he was unequivocally opposed to purchasing rights-of-way along North Oak; he said that Mr. Carver's place of business was actually a non-conforming use and as such should be subject to maintain certain street standards, and that he should have curbs and gutters. He said every commercial establishment on North Oak has been asked to conform to the minimum standards.

Mr. Kuhlman addressed a question to Mr. Dods: "Under your City ordinance, does the City have the right to ask for the widening of North Oak Street?" Mr. Dods said he wasn't prepared to answer the bare question, as Mr. Kuhlman puts it. He said he would have to research it. He said that he believed the Council does have the right to require that alterations require a permit, if such alteration ultimately affects the use of the property; that it was up to Mr. Kuhlman and his client to decide if the usage changes because of the alterations, and if so, then the Council does have the right to require certain improvements.

Mr. Kuhlman said they also feel like the Council can require Mr. Carver to make certain improvements...they, he said, have a problem. The building as it now sits is 51' from the property line. The sidewalk along the front is proposed to be 5 feet in width, and these specs as looked over by the City Engineer, leave a total of 46 feet...if his client grants 10 feet this would only leave him 36 feet of parking space, which would be in opposition to the governing ordinance as far as parking is concerned. He mentioned the property near theirs known as the "Porter property", and stated that in that instance, parking is allowed almost ten feet onto the City's easement...he said he thought the Council is asking something that will decrease the value of Mr. Carver's property.

Mr. Bussinger asked Mr. Kuhlman if his client didn't feel that what the Council is asking for would benefit both the City as well as the owner. He said he couldn't agree that these improvements would decrease the value. Mr. Kuhlman

Gladstone City Council
December 13, 1971, con't

Page eight

said that his client would then only have 36 feet in his parking lot and that he would then be in violation of the City's ordinance, if he donated the 10-foot strip. He said there would not be nearly enough room to swing a car into position.

Mr. Dowd said he felt this was a question the City is going to have to face in the future with other such commercial establishments.

Mr. Walker suggested that if the spaces in the parking lot were marked off diagonally, they would be able to comply with the ordinance.

Mayor Davis said if the problem of the parking can be solved, they will try to work out anything they can. He suggested that the Council members come to the site, and mentioned that this offer had been made before and turned down. He said if Mr. Kuhlman said it might help, they will be there.

Mr. Kuhlman said they certainly didn't want to turn down that suggestion and agreed to meet with the Council.

Mayor Davis suggested that the Council go to the site at 6704 North Oak Street at 9:30 A.M. on Saturday, December 18, 1971. He said, further, that no definite action would be taken tonight; that, if they can work out a mutually satisfactory solution to the problems on Saturday, a Special Council meeting could be called for Saturday morning in the event that action needed to be taken by the Council. He polled the Council members and this was arranged. It was noted that Mr. Carver's case is scheduled for a Court docket for Thursday; the City Manager was requested to seek a continuance for Mr. Carver's case.

Mr. Kuhlman mentioned that not much outside work could be done in this cold weather. He reminded the Council that some of the other commercial locations along North Oak, such as the A-S-P-Mart, have not curbed, and that, at the Standard Station, the ditch along North Oak still exists. He mentioned several other such locations. Mayor Davis suggested that Mr. Kuhlman be furnished with a list of those who had complied.

Mr. Kuhlman said his client had a situation here that was difficult, at best, and he and his client were willing to do whatever they could as far as meeting the ordinance requirements, but they felt that a permit costing \$150 to allow them to do \$5,000 worth of work was quite a chunk.

Mr. Lynn Allen addressed the Council at this time with several remarks. He said he wished to go on record as 'being opposed to the Sales Tax as of now'.

Mayor Davis said it was the Council's policy to attempt to improve North Oak Street and the Council expects the commercial establishments to do their part in that improvement.

* * *

Item 16-A, added to the Agenda, was a request by Henry's Restaurant to transfer a Class A Liquor License to a Class B Liquor License. Mr. Bussinger said Henry's Restaurant has improved their parking lot to the south, and that a second parking lot is to be improved. He said he had no objections. He mentioned that some inside improvements have also been made.

Gladstone City Council
December 13, 1971, con't.

Page nine

Mr. Dowd moved to permit the change from a Class A to a Class B Liquor License to allow Sunday liquor sales, under the City's ordinance and under the State Statute, to Henry's Restaurant, 6212 North Oak Street. Mr. Walker seconded; the vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Bussinger moved to approve the Statement of Cash for all funds to November 30, 1971; the Financial Report for the period ending October 31, 1971, for the General Fund, Special Sewer Assessment Fund, Special Parks and Playground Fund, Sidewalk Construction Fund, Public Works and Utilities Building Fund; the Disbursements Report for the month of November for General Fund, Capital Improvement Fund for Construction of Sidewalks, Park Land Improvement Fund, Public Safety Fire Station Fund and Public Works and Utilities Building Fund; the Cash Disbursements Report for the month of November for the Combined Waterworks and Sewerage System Operation and Maintenance Fund, all as submitted. Mr. Dowd seconded. Mr. Jezak questioned the amount indicated on Salaries expenditures for the Parks and Playground Fund. The City Manager said he would look into the account and report back. The vote: All "aye".

* * *

Item 18 - Other - Mr. Olson asked the Council to consider Bill No. 71-72, for an ordinance adopting a fair market value for the Kavanaugh Real Property, previously authorized to be acquired, and authorizing the City Manager to make an offer in such amount for such property. (Amount offered \$250,000.00)

Mr. Walker so moved. Mr. Bussinger seconded the motion for first reading of Bill No. 71-72. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 71-72, and to place said Bill No. 71-72 on second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 71-72, to waive Section 20, (d)(2) of Ordinance No. 1.83, and to place Bill No. 71-72 on its third and final reading. Mr. Dowd seconded. The vote: All voted "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 71-72 and to enact same as Ordinance No. 1.847. Mr. Bussinger seconded. The vote: All "aye".

Mr. Bussinger said he would like to call the attention of the news media to the fact that there is a study being made of the traffic situation at 72nd and North Oak and pending some further advice from the Kansas City Power and Light Company, there is a strong possibility that traffic arrows will be in use there in the near future.

The City Manager advised that an amendment to Ord. No. 1.372 is being drafted at this time and that copies of the draft will be in Council hands in the next week.

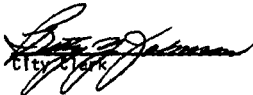

Gladstone City Council
December 13, 1971, con't.

Page 10

Mayor Davis noted there would be a Sales Tax session on both Tuesday and Thursday at 7:00 P.M.

As there was no further business to come before the meeting, it was, upon motion duly made and seconded, adjourned. Time: 10:00 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

27 December 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Pro Tem, Mr. Kenneth Walker. It was noted that Mayor Davis had been out of town for the Holiday and had car trouble and was unable to get back in time for this meeting. Roll was called. In addition to Mr. Walker, Councilman Dowd, Councilman Bussinger and Councilman Jezak were present. The City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk were also present.

Mr. Walker asked the City Manager to lead the Pledge of Allegiance at this time.

Item 3 on the Agenda: Mr. Jezak moved for the acceptance of the Minutes of the December 13, 1971, Council Meeting, as submitted. Mr. Dowd seconded. The vote: All "aye".

Item 4 on the Agenda: Mr. Walker opened a Public Hearing on a request to rezone from R-1, Residential One-Family Dwelling District, to C-P-0, Planned, Non-Retail Zoning District, a rectangular parcel of ground located at the NW corner of the Intersection of North Oak Street and 61st Street, being a parcel of ground 199.5 feet on North Oak Street, by 300 feet on NE 61st Street, EXCEPT a rectangle 75 feet long on North Oak Street by 100 feet on NE 61st Street, being further described as part of Lot 1, Block 1, OAKWOOD, 3RD ADDITION, and from R-1, Residential, One-Family Dwelling District, to C-P-1, Planned Local Business District, a rectangular parcel of the NW corner of the Intersection of North Oak Street and 61st Street, being a tract 75 feet on North Oak Street, and 100 feet on NE 61st Street, being further described as being part of Lot 1, Block 1, OAKWOOD, 3RD ADDITION, Gladstone. Councilman Dowd commented that the description of the actual area up for rezoning, as given on the Agenda, was incomplete. The correct description is as it appears above. Mr. Philip Snowden, Attorney, representing Mr. Anthony Kendzora, and Mr. Rodney Carpenter, of the U-Tote-Em Company, were present. Mr. Snowden explained to the Council that they were attempting to zone the bigger of the two tracts; that they were requesting the lowest type of commercial zoning; he said that at this particular time, Mr. Kendzora does not have a plan for the development of the C-P-0 portion of the property, but that when he does, he will submit it to the Council before he does develop it. He stated that the Bircaln Apartments were on the west side; Mr. Gilliland, resident, borders on the north; North Oak is on the east, and 61st Terrace is on the South....he said the area slopes away from North Oak Street, and is in a general atmosphere of commercial zoning along the street.

Mr. Carpenter introduced himself. He said the U-Tote-Em chain is a division of the Country Club Dairy and Fairmont Foods, with business in Omaha, Nebraska, Houston, Texas, Denver, Colorado, Tulsa, Oklahoma, and Cincinnati, Ohio. He explained, briefly, the type of items which would be handled by the U-Tote-Em, and said they hoped to have a joint driveway which would serve the other part of the property which would still belong to Mr. Kendzora; that the wall when constructed could serve as a joint wall, and this would lend itself to a continuous strip center. He said they hoped to also serve as an advertisement for the Bircaln Apartments, and would hope to house the Bircaln sign.

He commented that they would locate on the SE corner, within the main block.

Mr. Bussinger said that he was delighted to see new business coming into Gladstone, but, he said, that what concerns him is that one of this company's competitors has just gone out of business; that it certainly didn't help the City to have business going out of it. Mr. Jezak asked about the driveways off of North Oak...Mr. Carpenter said there would be a drive at 61st and Oak. It was noted that the Planning Commission had some questions about both the ingress and egress.

Mr. Kendzora addressed the Council and said that he had nothing in mind, at the present time, for future use of the other portion of the property, but that when he did, he would present the plans to the Council for its approval, and would do whatever is best for the neighborhood.

There was no one to appear or speak in opposition to such Public Hearing. Mr. Walker closed the Public Hearing at 8:14 P.M.

* * *

Item 5 on the Agenda: Public Hearing on a request to rezone from R-1, Residential, One-Family Dwelling District, to C-P-1, Planned Local Business District, property described as the North 90 feet of Lot 24, EL VIEW ACRES, located at approximately 7306 North Oak Street Trafficway. Mr. Alfred Stewart, Petitioner. Mr. Walker opened the Public Hearing. There was no one present to speak, either in favor of or in opposition to such rezoning. Mr. Dowd said that he believed in the past, when the petitioner has not appeared at the Public Hearing, the Council has postponed action; he said he would like to see this matter tabled.

Mr. John Dods, Assistant City Counselor, said, in his opinion, it was not necessary to re-publish; that it would be possible for the Council to merely continue this Public Hearing until whatever date suited them. Mr. Dowd moved to continue the Public Hearing on the above-named request, affecting property described as being located at approximately 7306 North Oak Street Trafficway, to January 10, 1972. Mr. Walker seconded the motion. The vote: All "aye". The petitioner, Mr. Alfred Stewart, is to be notified of the Council's action.

* * *

Item 6 on the Agenda: Communications from the Audience. Mr. Frank Holyer, 501 NE 67th Street, Gladstone, addressed the Council. He said he would like the Council to approve an application for a National Guard Unit for Gladstone. He said he didn't know just what steps to take to initiate this, but he would like to talk to the Council about it, as he felt they could be invaluable in service to Gladstone; that he would like the Council's approval to bring in several officers from the St. Joseph area. Mr. Dowd suggested that the Council meet with the officers and Mr. Holyer and find out what their ideas are regarding the possibility of such a program in Gladstone. It was suggested that a pre-Council meeting be held at 7:00 P.M. on January 10, 1972. This met with

the Council's approval.

Mr. Hoy Thompson, 7512 North Highland, addressed the Council as follows: "Because of the resolution now pending before this City Council, proposing a 1% sales tax, the Gladstone Independent Homeowners has made an in depth 'Study' of both the current 71-72 Budget and 70-71 Audit, which dictates that this proposed increase of taxes by 33 1/3% are not needed and unnecessary. In addition to the study of the Budget and Audit, a survey of both the voting public and business community has been made and we find that the following: A) 75.6% will vote 'No!'; B) 4.8% will vote 'Yes!'; C) 19.5% - undecided, and of the business community surveyed A) 81% do not want a sales tax imposed, B) 14% were non-committal, C) 4% would support a tax increase. It was generally considered by the business people of this community that a 1% sales tax would destroy the sales advantage and competitive position they now enjoyed. By the audit and Budget, we find many interesting facts that must be brought before the people. A) Projected Income for General Revenue will increase by over 1/4 million dollars by 1975; B) That this City Council has had over 1 million dollars at their disposal in General Revenue for 70-71 and will have approximately 1-1/4 million dollars in General Revenue and Road District Funds for 71-72; C) We find that Gladstone has the highest payroll of any other city in Clay County and has proposed increases in its payroll of over 1/4 million (\$262,856) since 1970; D) We also find certain questionable expenditures in both the current budget and recent 70-71 Audit: 1) Over 3,000 dollars per year for membership and subscriptions (to what); 2) \$6,607.53 70-71 Budget for travel expenses (from audit), \$7,930 in travel expenses for 71-72 Budget; 3) What will the cost of the newly proposed job of Fire Commander (why must he be hired from outside?); Because of the above, the Gladstone Independent Homeowners recommend that this City Council halt any further action on the proposed 1% sales tax, until a thorough and complete study can be made of all future Capital Improvements; we also recommend that an Advisory Group of 10 citizens be appointed, and not all from Citizen Controlled Organization, to establish the following: 1) The need for capital improvements; 2) Priority of these needed improvements; 3) Best possible approach for financing; 4) That this Advisory Group be allowed full access to all needed material available in the City Hall and be advised of a completion date. If the City Council insists on the 1% Sales Tax, the Gladstone Independent Homeowners would like to go on record as opposing a 1% Sales Tax in Gladstone."

Mr. Dowd asked if the Independent Homeowners would like some answers. The answer was in the affirmative. Mr. Dowd said that the new fire commander had been chosen from within the Department, and he advised that Captain Arthur Stanley Hopper had been promoted to Fire Commander of Fire Station No. 2. He said the announcement probably wouldn't have been made this early, but that the tone of the discussion required an answer at this time.

Mr. Jezak asked who the Chairman of the Gladstone Independent Homeowners is. Mr. Thompson answered that he is the Chairman.

Mr. Bussinger said, with regard to the question on salaries, the reason is that Gladstone is the largest city in the county. He asked Mr. Thompson how he proposed that some of the capital improvements be done in our City. Mr. Thompson suggested that it be done as most homeowners ran their homes, i.e. on a "pay as you go" basis. Mr. Bussinger asked "You mean a block at a time?" Mr. Thompson said "Yes, if necessary. I do not want to see North Oak Street developed the way Antioch Road was. If it happens that way, there will be many business men

with problems." Further discussion ensued. Mr. James Pound address the Council as follows: "How can the morals of our City officials be condoned when they brazenly announce, (and I quote from the K. C. Times, December 27th) 'the Sales Tax is the most equitable means of raising additional funds, since much of the total would come from non-residents who shop in the City'... Just exactly how do our merchants justify this tax to these non-residents? Are we going to furnish them with lassoes? Maybe the merchants can absorb the tax; however, most merchants claim the profit percentage will not allow that. But, even though the argument that the non-resident will pay a large portion of the tax is utterly ridiculous, let's look at what the 23,300 residents will do. Why should we pay an extra \$30 per year for groceries in order to get \$5.50 City car license refund? While we are talking about cars, give me just one reason why a resident or non-resident would pay from \$25 to \$50 more to a Gladstone motor car dealer? Doesn't it cost enough to heat and cool your home without adding \$6 or \$7 to the total cost? The average politician seems to think there is no limit to either the gullibility of the public or their ability to pay more taxes. Unquestionably, the current Gladstone Administration can find many ways to spend additional tax dollars. It is easy to spend money but wouldn't it be nice to find some City Administrators who are interested in saving some tax dollars?"

Mr. Walker said the Council is not talking about spending money, just about the right of the people to vote on it. They are not trying to dictate, but it is known that a sales tax is one means at the Council's disposal to get some of the needed capital improvements the people want, and the Council is trying to come to some solution, as the City has gone as far as it can go without additional funds. He said there are, however, several other ways of raising the money.

Mr. Pound said "You cannot just impose taxes... you have to put it to the vote of the people, but that is neither nor there... you say you won't spend any money but you are asking for a blank check. You are saying to the people, give us \$250,000 and we will spend it where we please. The only proposal I have heard would widen North Oak from Englewood Road to 76th. I would say that if North Oak is widened by the same methods that were used on Antioch Road, I believe 50% of the merchants on North Oak will go broke. I believe a great deal of study needs to be done; I think we need to widen North Oak from Vivian Road to 71 By-Pass, but only if it is done in such a way that the merchants of the City can live with it.

Mr. Walker asked if Mr. Pound was proposing an engineering survey or just what kind of study was he advocating. Mr. Pound said he wanted to see North Oak Street widened, but he wanted to see the whole thing planned out in advance. He asked if Kansas City had agreed to widen part. Mr. Walker said the City has the consent of Kansas City that they will complete their section of what Mr. Pound is talking about. Mr. Pound asked if Gladstone has received Kansas City's agreement on a firm basis? Mr. Walker said Kansas City had given the City of Gladstone every assurance that they will give their portion of North Oak first priority. Mr. Pound said he was of the conviction that the benefit from widening North Oak would be far greater to the people north and south of Gladstone than it will be to the people of Gladstone.

Mr. Walker asked Mr. Pound if he were speaking as a merchant. Mr. Pound answered that he was speaking as a citizen and tax payer.

Mr. Allen said he had come up here tonight promising to keep his mouth shut. He said he had heard Mr. Walker say that organizations had asked the Council to put it before the people. He asked what organizations Mr. Walker was talking about.

Mr. Walker said when they were talking about capital improvements, they meant all the capital improvements proposed. He said different organizations, and groups of merchants have asked the Council to put it before the people. He said the need for more parks is well known; that it hadn't been more than a year since the City Hall was picketed by youngsters and adults asking for more playing fields; he said Public Safety Department needs several major items in order to get the insurance rates lowered; he mentioned the possibility of an additional fire station which would require additional man-power.

Mr. Allen asked why there was such a "rush-rush" about cramming this program down the people's necks. He asked what the objection was to appointing a non-partisan group to make a study.

Mr. Walker said he believed in December of last year the same proposal was made. He said he believed Mr. Allen had been contacted to serve on such a board. Mr. Allen said he begged to differ with Mr. Walker; that he had not been contacted to serve on any board; that he would never serve on any Gladstone board. Further discussion ensued.

Mr. Bussinger said he felt they were not getting anywhere...after some rather heated discussion, Mr. Bussinger said when someone questions his integrity then there could be a problem....

* * *

Item 7 on the Agenda: Communications from the Council. Mr. Bussinger asked where the Park Budget stood at this time. He said he was concerned that the ball diamond lights be moved before baseball season starts this year. The City Manager said he would check this out and let him know.

Mr. Jezak reported a bad chuck hole on the west side of North Oak between 74th and 73rd.

Item 8 on the Agenda: Communications from the City Manager. The City Manager said the Mayor's Christmas Tree Fund had been fortunate to receive \$380 from the Bowling Proprietors of the Kansas City Council, and he commented on the generosity of the group. He advised, further, that Boy Scout Troop 272 had donated \$25. to swell the Mayor's Christmas Tree Fund further.

* * *

Item 9 on the Agenda: The third reading of Bill No. 71-68. Mr. Stan Holmes asked if he might address the Council briefly on this item, and prior to action on the Bill. He said he hoped it wouldn't be beyond the scope of the Council to call a group together to make a thorough study of the needed capital improvements in the City, and give them some specifics to look into and report back on. He said he didn't think Mr. Thompson's suggestion of an advisory group was a bad one; in fact, he said, he thought Mr. Thompson had a pretty reasonable request there.

Mr. Bussinger moved to accept the second reading of Bill No. 71-68, for an ordinance imposing a City Sales Tax, at a rate of 1% of the receipts from the sale at retail of all tangible personal property, or taxable services at retail, within the City of Gladstone, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All voted "aye". Mr. Bussinger moved to accept the third reading (note: the Clerk read the Bill following the vote), and to enact said Bill as Ordinance No. 1,848. Mr. Jezak seconded. The vote: All voted "aye".

Item 10 on the Agenda: The third reading of Bill No. 71-69. Mr. Dowd moved to accept the second reading of Bill No. 71-69, being for an ordinance authorizing the City Clerk to give notice of the Special Election to be held January 25, 1972, whereat Gladstone residents will vote on the adoption of the ordinance imposing a City Sales Tax; fixing the polling places, and prescribing the form of the ballot to be used, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the third and final reading of said Bill and to enact it as Ord. No. 1.849. Mr. Bussinger seconded the motion. The vote: All "aye".

* * *

Item 11 on the Agenda: The second reading of Bill No. 71-71, rezoning from R-1 to RP-2 property located at approximately 6213 North Broadway. Mr. Russell King, petitioner. Mr. Jezak moved to accept the first reading of said Bill, and to place it on second reading. Mr. Dowd seconded. Mr. Dowd asked Mr. King if he and the City Engineer had resolved some of the problems. Mr. King said the City Engineer is out of the City on vacation this week; he said he had talked to the City Manager briefly...he had been told the City might be willing to waive the street light requirement; that the City Manager had looked at the end of the street where they are faced with the temporary turn-around; he had said he felt this might not be too feasible.

The City Manager said he would be glad to answer for himself; he said that the topography on 62nd Terrace at the east boundary is such that it might be difficult to maintain a turn-around, although it could be done, it might be difficult for Mr. King to maintain, and, later on, difficult for the City to maintain. He said, with regard to the street light, that the City does have a program with the Kansas City Power and Light Company, but this would have to be on private property, insofar as the developer were concerned, although of course, the intersection at 62nd Terrace and Broadway would be considered public property. It was his feeling that a light put in there would be part of the City's contract with Kansas City Power and Light Company.

Mr. Dowd said he had been thinking of trying to start a new program to get a few extra street lights at certain key locations, like one light on a corner of the development and add the cost to the fee...he said he didn't know if there would be some legal problems, but he had said he would try to find out; that the original cost would be the big thing...

The Assistant City Counselor, Mr. Dods, said that he didn't know right off the top of his head, but that in his opinion, he didn't think the City would have the right to require this of anyone; he didn't know if this could be a part of the Sub-division Ordinance.

Mr. Dowd said he thought that in the future perhaps the City could ASK (not require) lights of the developers to be placed in certain key locations.

Mr. Bussinger said he did not feel the City would be justified in asking the developer to furnish street lights; he felt this was the City's job. He said he did believe the City should try to work out something on the turn-around.

Mr. Walker said he would be interested in having some discussion with the City Engineer at the next work session before the next Council meeting. He said he was concerned because this was a fairly long street, and, in the event of an emergency, the fire trucks would be forced to back all the way out if they had no way of turning around. He said he wanted to talk to the City Engineer about it.

The City's cost for a 400 watt, mercury vapor light with a wooden pole was discussed...The City Manager said he thought the cost ran about \$60 per year but he would check this out and advise the Council.

The vote was called on the motion for a second reading. Councilman Dowd, "aye", Councilman Bussinger, "aye", Councilman Jezak, "NO", for the reason that "he didn't feel this was the best use for the land"...Councilman Walker, "aye". The motion passed with a 3-1 vote. The Clerk read Bill No. 71-71 for the second time.

* * *

Item 12 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-71-140, authorizing the City Manager to accept a Bill of Sale for certain water main construction under Contract No. 122, by Hevalow-Shanks Construction Company, Inc., and J. A. Peterson Company, Inc., in Stratford Park, 5th Plat. Mr. Bussinger seconded the motion. The vote: All voted "aye".

Item 13 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-71-141, authorizing the City Manager to accept a Bill of Sale for certain water main construction under Contract No. 127, by Thomas J. Sullivan and Gibson Enterprises, Inc., in Cedar Glen, South. Mr. Dowd seconded the motion. The vote: All "aye".

Item 13-A, not on the Agenda - Mr. Jezak moved for the adoption of Resolution No. R-71-142, authorizing the City Manager to execute Contract No. 129, for certain water main construction by Damon Pursell Construction Company, Inc., and Norland Development Company, in Northaven, 12th Plat. Mr. Walker seconded. The vote: All "aye".

Item 14 on the Agenda: Consideration of a request for extension of Special Use Permits for Meadowbrook North and Meadowbrook Manor Swim Clubs, and Whispering Oaks Pool. Said request was submitted in writing by Mr. Reed Byers, of Byers Development Company. After due consideration, Mr. Dowd moved for the adoption of Resolution No. R-71-143, authorizing the Gladstone City Council to extend the Special Use Permits for Meadowbrook North Swim Club, 6611 North Agnes; the Meadowbrook Manor Swim Club, 6709 North Askew, and the Whispering Oaks Pool, 69th and North Bales, for one year, such permits to expire on December 31, 1972. Mr. Bussinger seconded.

+ 14-143-1-10-92
* asked
Mr. Bussinger ~~was~~ why such permits could not be issued or extended for more than one year. Mr. Dowd suggested it was because the City would have one "heck" of a time recalling them, should something go wrong; he said he felt this one-year element gave the Council some leeway and a chance to review and discuss each year. He said there had been times in the past when lack of review and discussion had caused the Council some grief.

12-29-71

Mr Mayor and City Councilmembers

Gentle Gent:

Because of the resolution now pending before this City Council, proposing a 1 1/2% sales tax, The Gladstone Independent Homeowners has made an in depth "Study" of both, the current 71-72 Budget and 70-71 Audit, which dictates that this proposed increase of taxes by 33 1/3% are not needed and unnecessary.

In addition to the study of the Budget and Audit, a survey of both the voting public and business community has been made and we find that the following:

- A) 75.6% will vote "NO"
- B) 4.87% will vote "Yes"
- C) 19.5% Undecided.

and of the business community surveyed

- A) 81% do not want a sales tax imposed
- B) 14% were non committal
- C) 4% would support a tax increase

It was generally concurred by the business people of this community that a 1 1/2% sales tax would destroy the sales advantage and competitive position they now enjoyed.

By the audit and budget we find many interesting facts that must be brought before the people.

A) Projected Income for General Revenue will increase by Over 1/4 million dollars by 1975.

B) That this City Council has had over 1 million dollars at their disposal in General Revenue for 70-71 and will have approximately 1 1/4 million \$ in General Revenue and Road District Funds for 71-72.

C) We find that Gladstone has the highest payroll of any other city in Clay County and has proposed increases in its payroll of over 1/4 Million (262,856) \$ since 1970.

12-27-71

D) e also find certain questionable expenditures in both the current budget and recent 70-71 Audit

1) Over 3000 (\$,765) per year for membership and subscription (to what)

2) 6,607.50 70-71 Budget for travel expenses(from audit)

7,950 in travel expenses for 71-72 Budget

3) hat will the cost of the newly proposed job of Fire Commander? Why must he be hired from outside?)

Because of the above The Gladstone Independant Homeowners recommend that this City Council halt any further action on the proposed 1% sales tax, until a thorough and complete study can be made of all future Capital Improvements:

e also recommend that an Advisory Group of 10 citizens be appointed, and not all from Citizen Controlled Organization," to establish the following.

- 1) The need for Capital Improvements
- 2) Priority of these needed improvements
- 3) Best possible approach for financing
- 4) That this advisory Group be allowed full access to all needed material available in the City Hall and be advised of a completion date.

If the City Council insists on the 1% sales Tax-The Gladstone Independant Homeowners" would like to go on record as opposing a 1% Sales Tax in Gladstone.

How can the morals of our City Officials be condoned when they brazenly announce & I quote from the K.C.Times, Dec. 27th "the Sales Tax is the most equitable means of raising additional funds, since much of the Total would come from non-residents who shop in the city."

Just exactly how do our merchants justify this tax to these Non-Residents? Are we going to furnish them with lassoes? Maybe the Merchants can absorb the tax, however, most merchants claim the profit percentage will not allow that. But, even though the argument that the non-resident will pay a large portion of the tax is utterly ridiculous, let's look at what the 23,300 residents will do. Why should we pay an extra \$30.00 per year for groceries in order to get \$5.50 City car license refund. While we are talking about cars, give me just one reason why a resident or non-resident would pay from \$25.00 to \$50.00 more to a Gladstone motor car dealer. Doesn't it cost enough to heat & cool your home without adding \$6.00 or \$7.00 dollars to the total cost.

The average politician seems to think there is no limit to either the gullibility of the Public or their ability to pay more taxes. Unquestionably the current Gladstone Administration can find many ways to spend additional tax dollars. It is easy to spend money, but wouldn't it be nice to find some City Administrators who are interested in saving some tax dollars.

James R. Pound

City Council Meeting
December 27, 1971

Page eight

The Council concurred and the vote was taken on adoption of Resolution No. R-71-143. All voted "aye".

* * *

Item 15 on the Agenda: Mr. Bussinger moved to accept the Financial Report for the Combined Water & Sewerage System for the five months ending November 30, 1971, as submitted. Mr. Jezak seconded. The vote: All voted "aye".

As there was no further business to come before the Council meeting, it was, upon motion duly made and seconded, adjourned. Time: 9:10 P.M.

Respectfully submitted,

City Clerk

MAYOR

CITY COUNCIL MEETING MINUTES

1-10-72 to 6-26-72

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
10 January 72

1. Meeting Called to Order - Roll Call
2. PLEDGE OF ALLEGIANCE
3. PROCLAMATION - "Community Involvement Month" - Mayor Davis
4. Acceptance of Minutes of regular meeting of December 27, 1971
5. PRESENTATION OF RECOGNITION OF SERVICE PLAQUES; Messrs. James Burke, James R. Pound, and Ed Lyon, past members of Gladstone Planning Commission.
6. Communications from the Audience
7. Communications from the City Council
8. Communications from the City Manager
9. 3rd Reading: Bill No. 71-71, for an ordinance amending Ord. No. 1.372, and rezoning from R-1, Residential 1-Family Dwelling District to R-P-2, planned 2-Family Dwelling District, property located at approximately 6213 N. Bdwy. Mr. Russell King, Petitioner.
10. 1st Reading: Bill No. 72-1, for an ordinance amending Ord. No. 1.372, and rezoning from R-1, Residential 1-Family Dwelling District, to C-P-0, planned Non-Retail District, a portion of Lot 1, Block 1, Oakwood, 3RD ADDITION, and rezoning from R-1, Residential 1-Family Dwelling District, to C-P-1, planned Local Business District, a portion of Lot 1, Block 1, Oakwood, 3RD ADDITION. Mr. Anthony Kendzora, Petitioner.
11. 1st Reading: Bill No. 72-2, for an ordinance amending Ord. No. 1.372, and rezoning from R-1, Residential 1-Family Dwelling District, to C-P-1, planned Local Business District, property described as approximately 7306 North Oak Street. Petitioner, Mr. Alfred Stewart.
12. 1st Reading: Bill No. 72-3, approving the final plat of BROOKTREE, a Subdivision in and to the City of Gladstone, Missouri.
13. 1st Reading: Bill No. 72-4, apportioning main sewer assessments for BROOKTREE.
14. Consideration of Special Use Permit renewal for Southwestern Bell Telephone office located at 6912 North Oak Street.
15. RESOLUTION: Authorizing transfer of funds for construction of Public Safety Fire Station No. 2.
16. RESOLUTION: Authorizing the City Manager to approve Change Order No. 1, Public Safety Fire Station Contract No. 1, with H. R. Herdinger Company.
17. RESOLUTION: Accepting work performed and authorizing final payment on Public Safety Fire Station Contract No. 1.
18. Acceptance of Disbursements Report for Combined Waterworks and Sewerage System Operation and Maintenance Fund for December, 1971; Disbursements Report for General Fund for December, 1971.
19. OTHER
20. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
10 January 71

The regular meeting of the Gladstone City Council was called to Order by Mayor Richard F. Davis on Monday, January 10, 1971, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Councilman Richard Dowd, Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Kenneth Walker and Mayor Davis. In addition, Mr. John Dods, Assistant City Counselor, Mr. David Olson, City Manager, and the City Clerk were present.

The Audience and Council gave the Pledge of Allegiance at this time.

Item 3 on the Agenda: Mayor Davis proclaimed the month of January as "Community Involvement Month", in conjunction with the Jaycee theme. As Mr. Beck, President of the Gladstone Jaycees was unable to be present, a copy will be sent to his residence.

Item 4 on the Agenda: Mr. Bussinger asked for a correction in the Minutes of December 27, 1971, page seven, the first line of the last paragraph; the word "was" should have been "asked"...correction noted and made. Mr. Bussinger moved for the acceptance of the Minutes of December 27, 1971, as corrected. Mr. Jezak seconded. The vote: All "aye".

Item 5 on the Agenda: "Presentation of Recognition of Service Plaques"... Mayor Davis noted that Mr. Ed Lyon, former member of the Planning Commission had changed jobs and left the City. His plaque will be mailed to his new residence. He called Mr. Pound and Mr. Burke up to the Council table and presented each with a plaque, denoting the years of service to the City as Planning Commission members, and thanked each personally for his part in the growth of our City. A hearty round of applause followed.

Item 6 on the Agenda: Communications from the Audience, scheduled at this time, was preceded by Item 5-A, added to the Agenda, as the "continued Public Hearing on a rezoning from R-1, Residential, 1-family dwelling District, to C-P-1, Planned Local Business District, property described as being located at approximately 7306 North Oak Street. This item had been continued from December 27, 1971. Mayor Davis opened the Hearing. Mr. Alfred Stewart, the petitioner, addressed the Mayor and Council. He said that the property in question is surrounded by similarly zoned property; that he didn't have any particular plans at this moment, but when he did, he would submit them to the Council. He said he had submitted his request to the City Engineer and had talked the matter over with him, and felt he was in order on this request for rezoning.

Mr. Bussinger asked what the approximate size of the piece to be rezoned is. Mr. Stewart answered 90 feet, along North Oak, by 153 feet deep. He explained that the One-Hour Martinizing abuts his property on the south, and there is a market just across the street.

No one appeared in opposition to this request for rezoning. Mayor Davis closed the Public Hearing. Time: 8:15 P.M.

Item 6 on the Agenda: Communications from the Audience: Mrs. Kathy Branham addressed the Mayor and Council regarding her appreciation of the way the Gladstone Public Safety Department had watched her home 6909 N. Wyandotte, while she was away over the holidays. Mayor Davis said the kind words were appreciated.

Mr. Angelo Motta, 5004 North Broadway, addressed the Mayor and Council with a written statement which appears as Exhibit A to these Minutes, and becomes a part of these Minutes by reference.

Mayor Davis asked that Mr. Motta refrain from using "Communications from the Audience" as a means of political debate.

Mr. Hoy Thompson, 7512 North Highland, asked if all material pertaining to elections is to be filed with the City Clerk. The answer was in the affirmative. He asked about certain information sheets which were available at the Kramer Hardware Store which bore no name. Mayor Davis said there were many different groups working for the Sales Tax, and he wasn't sure which group was responsible for the information sheet Mr. Thompson spoke about but would check it out.

Mr. Alfred Stewart, 7306 North Oak Street, addressed the Mayor and the Council, saying that he was very happy with the way things have gone in the City; that he was for the Sales Tax.

Mr. J. P. Gregory, 2705 NE 72nd Street, addressed the Mayor and the Council concerning 72nd Street and asking that it be "left alone"... he also asked about Mr. Motta's reference to the cost of water to those Kansas City residents whose water is supplied by Gladstone...he asked what this was all about. Mayor Davis said he could not answer this question at this time. The City Manager, upon being asked, said the cost was established by a formula which was drawn up in about 1967; that the formula was in the file and he could not tell them the exact amount per 1,000 gallons until he had checked it out; that he would do so and make this information available.

Mr. Stanley Holmes, 1800 NE 76th Street, addressed the Mayor and the Council. He said he was "amazed that the Council is still insisting on holding the Sales Tax Election"...he continued at some length, and said that although the City had some assurance that Kansas City would consider the widening of North Oak Street at both the south and north ends of Gladstone as one of its priorities; it was well known that Kansas City had other things going and this would fall among its many priorities...he said that until further and more complete study had been made, he and others felt the proposition should be removed from the ballot on January 25th.

Mayor Davis said the City didn't propose increased taxes...he said he felt that some of the studies which were based on research made by the Gladstone Independent Homeowners Association have been somewhat inaccurate. He said there had been a recent meeting with many of the Gladstone merchants, and that 80 or 100% had been FOR the Sales Tax, not against it. Mayor Davis said the Council feels they have received a mandate from those they believe are the real leaders of the City to hold such an election, and he believes it is that mandate they listen to.

Mr. Holmes continued, saying that he had understood that the merchants who had been present at a recent meeting may not have exceeded ten. He said they had not prompted the survey that was made, but that he felt that it was a true expression of the businessmen's feelings.

Mr. Everett Smith addressed the Mayor and Council from his chair in the audience. He asked the names of those who had opposed the proposed Sales Tax. He said there were more than 40 - possibly 55 or even 70 people present, and that they were unanimous in their approval. He commented that he did not know how the Council has been able to run this City on the money they have; he said, further that he was firmly convinced, because of his experience in this City, that there is no way of having these major improvements with the income the City now has or the income they are going to have. He said he wished to thank the Council for giving the citizens a chance to vote on the question. He also said the names of those who were in favor of the proposed Sales Tax will be given in an upcoming publication.

Mr. Irving Hepner, 6504 North Walnut, said he believed the Councilmen to be reasonable men; that they were not overpaid. He said he felt they were fairly intelligent and they have indicated and recommended that the City have a 1% Sales Tax. He said they are elected to run the City, and he was in favor of letting them do it. He said he was in favor of the Sales Tax.

Mr. Claud L. Woods, 3604 North East 72nd Street, said he was for the Sales Tax. He suggested that politics should be put aside until the Sales Tax election is over, and then those who wished could come back with their politics.

Mayor Davis said he felt Mr. Woods' statement "needed to be said".

Mr. William Noonan, 6212 North Antioch Road, said he was a senior citizen of this City; that he was not a banker, not a business man, not the owner of an automobile agency, but he was trying to do his best to keep off the welfare roll. He said he had lived in Gladstone for many years; that he could recognize the needs, and he could compliment this Council for the changes that have been made. He said he was having trouble convincing himself that the money to be derived from the Sales Tax is needed. He quoted several figures from the 1971 Operating Budget, which he had secured from the copy of the Budget found at the Library. He said he couldn't see why the citizens should vote in a 1% Sales Tax when the Council operates the City, pays a City Manager, with revenue exceeding expenditures, and even absorbed a \$49,000 increase in payroll over the previous year. He said he would like to have someone answer that question. He said, further, that "If the City can spend money for a Public Works Building 'over here', a park 'over there', a new fire station 'over there', and still show that on June 30th money in operations was in excess over the revenue received, he would have to oppose the Sales Tax".

Mr. Dowd explained that capital improvements in the City have been made from surplus funds, and are continuing to be made, but there would not be sufficient money in surplus funds to handle a project such as the widening of North Oak Street, or even pay for the improvements to Englewood Road.

Mr. Lynn Allen questioned the amount of money spent to date on the sidewalk construction. Mr. Dowd answered that sidewalks have been built around 7 schools,

and, in answer to further questions posed by Mr. Allen, said "I don't have all the figures in my head; I don't want to give you just any figure because you will hold me to it". Mr. Allen agreed that this was so. There was further discussion about the amount of money already spent on the sidewalk construction program, and yet to be spent on its continuance. Mr. Dowd clarified his position insofar as the expenditures on this program.

Mr. Rob't. Payne, 1604 Northaven Drive, said he was not opposed to the Sales Tax, alone. He said he was opposed to all tax increases; that all "of us" are being forced to economize; he said he felt there must be some way of doing things better than to impose any tax at all. He said he wanted to commend the City on its work, but he believed there must be some way, a better way, of doing it.

Mr. Smith commented on the recently completed improvements on Antioch Road, money spent for the new fire station, also on the east side of Gladstone, and said that people on the west side of town were interested in improvements too.

Mr. R. D. Gromer, 7517 North Baltimore, asked if the funds expected from the Sales Tax were specifically earmarked for capital improvements. The Mayor clarified the City's position by saying that revenue loss as the result of no charge for City stickers, would be offset by the anticipated annual surplus. Further discussion ensued.

Mr. Gregory asked when the City sticker charge would be put back on, if it were taken off as the result of the Sales Tax. Mayor Davis said "we would be run out of Gladstone if we tried that; I don't believe any Council would tolerate putting it back on".

Mr. Gregory asked if it was felt that such a Sales Tax would "run people out of Gladstone, into Kansas City".

Mayor Davis said they do not think this would have any effect whatsoever.

Mr. Winston Horn, 101 NW 70th Terrace, addressed the Mayor and Council. He said he felt there was always a time for timing; that he believes this is an ideal time to put on a Sales tax; that there would be Federal funds available for part of the expense on the North Oak Street widening; that the Clay County Court has agreed to County aid; that a recent meeting with Ed Kramer, Fred Angle, John Chezik, some of the larger business men and some of the smaller business men, had been held and not one had dissented. He said he was aware that Kansas City is already talking about increasing their sales tax; he said he understood that North Kansas City is considering a 1% sales tax. He said apparently our merchants do not have any fear of running business away from Gladstone.

Mr. Rob't. Payne said: "With all this talk about Federal money, who in thunder do you think pays that?"

Mr. Wm. Noonan said that the normal growth in tax revenue would be approximately 30%; that he felt one outstanding feature that would hurt people would be that this would mean an addition to the utility taxes, which have already increased about 60%. He asked why there should be more taxed now, when the City is making improvements; the City has an outstanding Public Safety Department. He said he didn't know why it was necessary to try to do more, and that with an increase in

the light bill, gas bill, telephone bill, it gets a little rough. He said he was against the 1% Sales Tax.

Mr. Stanley Palmer addressed the Mayor and Council; he said the question isn't whether or not to vote on the Sales Tax, but whether there is a need for it. He said they don't want to deny the right to vote, but need to know what they are voting for. He said Kansas City's priority interest in widening Kansas City's portion of North Oak, to the south and to the north, would have to be proved to him.

Item 7 on the Agenda: Communications from the City Council. Mr. Bussinger said he would like to submit the following names for the re-appointment of: Joe Hayes, Irving Hagner, Jack Dixon, Derrell Cunningham, and John Wood. He added the names of two new appointees, Ken Carlson, 6003 N. Wyandotte, and James Youngers, 6015 N. Bellefontaine. Mr. Bussinger moved the appointment of the aforementioned persons to the Public Safety Advisory Board. Mr. Walker seconded. The vote: All "aye".

Mayor Davis commented favorably on the aspects of the Sales Tax Election campaign which have been well handled by all three of the newspapers which cover City activities; he commented favorably on a recent editorial written by R. E. Roudebush, who is on the Gladstone Press staff.

Item 8 on the Agenda: Communications from the City Manager. Mr. Olson advised there would be two additional items; (1) Building plans for interior remodeling in the Gladstone Plaza Shopping Center; (2) Resolution accepting a Bill of Sale on Water Main construction Contract No. 128.

Mayor Davis called a 5 minute recess at this time.

The regular meeting of the Gladstone City Council was reconvened by Mayor Davis at 9:25. All members were present and accounted for.

Item 9 on the Agenda: 3rd and final reading of Bill No. 71-71 for a zoning change from R-1 to R-1-2, for property located at approximately 5215 N. Broadway. Mr. Russell King, petitioner. Mr. Walker moved to accept the second reading of said Bill, and to place it on third reading. Mr. Bussinger seconded. Mr. Bussinger asked if there would be a permanent cul-de-sac at the east end of the development. It was noted that this matter would have to be resolved with the City Engineer, and have to be worked out on the plan. It was suggested that Mr. King rearrange his lots to circle around the cul-de-sac. Mr. King asked if the City Engineer had the latitude to allow this. Mayor Davis said the City Engineer would be instructed to work with Mr. King on this matter, and he would like to have it worked out pending the submission of the final plan. He said he would like to have Mr. King explore the possibility of doing this. Mr. Walker offered to amend his motion with the second's permission and approval.

In answer to a question, the Assistant City Counselor, Mr. Gods, suggested that if the Council were going to change the zoning to "Planned" zoning, they could just go ahead with the regular acceptance of the second reading, etc. Then, if

the land is zoned, the Council could move that the City Engineer not submit any building permits until the matter is resolved. Mr. Walker's motion was repeated. The second repeated. The vote: All voted "aye", with the exception of Mr. Jezak's "No" vote. The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 71-71, and to enact it as Ord. No. 1,850. Mr. Dowd seconded. The vote: All voted "aye", with the exception of Mr. Jezak, who voted "No".

Mr. Walker moved that no building permits be issued for the property at approximately 6213 N. Broadway, until problems in connection with the proposed cul-de-sac are resolved to the complete approval of the City Engineer. Mr. Bussinger seconded. The vote: All voted "aye".

* * *

Item 10 on the Agenda: Mr. Dowd moved to place Bill No. 72-1 on first reading. Said Bill is for an ordinance amending Ord. No. 1,372, and rezoning from R-1 to C-P-0, a portion of Lot 1, Block 1, Oakwood, Third Addition, and rezoning from R-1 to C-P-1, a portion of Lot 1, Block 1, Oakwood, Third Addition. Mr. Anthony Kendzora, Petitioner. Mr. Walker seconded the motion. Mr. Dowd suggested that - as recommended by a 5 to 1 vote of the Planning Commission, the driveway be built as far north as possible so future development would lend itself to using the same drive. Also, they had discussed sidewalks down the east-west street, (61st Terrace) and decided against them. The parking in between is more than sufficient and above the requirements of the ordinance. The vote: All voted "aye". The Clerk read the Bill.

* * *

Item 11 on the Agenda: Mr. Bussinger moved to place Bill No. 72-2, for an ordinance amending Ord. No. 1,372, and rezoning from R-1, Residential, 1-Family Dwelling District, to C-P-1, Planned Local Business District, property described as being located at approximately 7306 North Oak Street, on its first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 12 on the Agenda: Mr. Walker moved to place Bill No. 72-3 on first reading. Said Bill would approve the Final Plat of BROOKTREE, an addition in and to the City of Gladstone, located near and adjacent to the Kendallwood area. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 72-3, and to place it on second reading. Mr. Dowd seconded. The vote: All "aye".

Item 13 on the Agenda: Mr. Dowd moved to place Bill No. 72-4, apportioning main sewer assessments for BROOKTREE, on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the first reading of Bill No. 72-4 and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to approve the second reading of Bill No. 72-4, and to waive Section 20 (d)(2) of Ord. No. 1.83, placing said Bill on its third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the third and final reading of Bill No. 72-4, and to enact it as Ordinance No. 1.851. Mr. Walker seconded. The vote: All "aye".

Returning to Bill No. 72-3, Councilman Walker moved to approve the second reading of Bill No. 72-3, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place it on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 72-3, and to enact it as Ordinance No. 1.852. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 14 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-72-1, authorizing the City Manager of the City of Gladstone, to extend the Special Use Permit of the Southwestern Bell Telephone Company branch office, located at 6912 North Oak Street, for a period of three years, the expiration date of which shall be January 21, 1975. Mr. Walker seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-72-2, authorizing the City Manager to expend the sum of \$285.17, representing interest earned on Fire Station Fund Investments, for construction of the fire station, and authorizing the City Manager to transfer the sum of \$225.68 from the Unencumbered Balance of the General Fund to the Fire Station Fund. Mr. Walker seconded. Mayor Davis asked when the new Fire Station would be officially opened. The City Manager answered that they expected to open it within the next week or so, when the City has officially accepted the building. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-72-3, authorizing the City Manager to approve Change Order 1, Public Safety Fire Station Contract No. 1, with H. R. Herdinger Company, in the net amount of \$1,532.00. Mr. Walker seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-72-4, accepting work performed and authorizing final payment on Public Safety Fire Station Contract No. 1, in the total amount of \$11,099.50, pending the receipt of certain affidavits stating that the Prevailing Wage Law of Missouri had been complied with, and stating that all bills for labor and materials had been paid by the Contractor. Mr. Jezak seconded. The vote: All "aye".

17-A - (added item) Mr. Bussinger moved for the adoption of Resolution No. R-72-5, authorizing the City Manager to accept a Bill of Sale for certain water main construction under Contract No. 128, by Damon Pursell Construction Company, Inc., and Norland Development Company, Inc., in NORTHAVEN, 13TH PLAT. Mr. Walker seconded. The vote: All "aye".

17-B - (added item) Mr. Walker moved for the acceptance of building plans calling for the remodeling of one of the shops in the Gladstone Plaza Shopping Center, at approximately 65th and North Oak Street Trafficway, in the area formerly occupied by the T.G. & Y. Store. Mr. Dowd seconded. The City Manager advised that there would be one material wall added, and approximately \$10,000 worth of construction done, all interior construction. The vote: All "aye".

* * *

Item 18 on the Agenda: Mr. Jezak moved for the approval of the Disbursements Report for the Combined Waterworks and Sewerage System Operation and Maintenance Fund for December, 1971; and Disbursements Report for the General Fund for December, 1971, and the Statement of Cash for the month of December, 1971.

Mr. Dowd seconded. Mr. Jezak questioned the explanations on checks No. 5606, 5722, 5661, 5737, 5662, 5754 and 5614. The City Manager said he would see that there were explanations on these. Mr. Bussinger commented that he would like to know that there would be some future control on retaining for a definite period of time the personnel whose educations the City is paying for. He said he would like to have a meeting to discuss this in the near future.

The City Manager said this is covered in the Personnel Procedures Manual which will be adopted shortly.

The vote: All "aye".

* * *

Item 19 on the Agenda: "OTHER" - Mr. Bussinger asked about the cost of lights for Central Park. He said he wanted this to be taken care of prior to baseball season if possible; he said he believed that Central Park is important.

Mayor Davis suggested a work session scheduled for the 20th of January, at 7:30 P.M. He said, at that time, the Council could discuss the Personnel Manual, and get the traffic plan underway.

Mr. Frank Holyer addressed the Mayor and Council asking when they would have the meeting to discuss the possibility of having a National Guard unit in the City. It was suggested that this matter be taken up after the first of February, and it was suggested that a tentative meeting date of February 14, at 7:00 P.M., be set up.

Mr. Dowd said he had noticed in a recent report that there had been four "liquor violations". He asked what they were. The City Manager said he would report on this to Mr. Dowd.

the citizens of this community with an increase in personal property taxes, franchise taxes, and or impose other nuisance taxes, if the 1% Tax Levy does not pass. Another councilman, instead of answering a direct question from the audience made the statement "If you don't like the way we run things, do something about it." As I don't like to be threatened or intimidated, and I would like to find out where my tax money is going, I decided to file for a seat on the council, as it is impossible to get this information from the present city council.

CITY COUNCIL MEETING
SLACKTONE, MISSOURI
24 January 72

The regular meeting of the Slackstone City Council was called to order on Monday, January 23, 1972, at 8:00 P.M., in the Council Chambers of the Slackstone City Hall. Roll was called. Present were Councilman Eustinger, Councilman Jozak, Councilman Walker and Mayor Davis. In addition, Mr. Olsen, City Manager, Mr. Leds, Assistant City Counselor, and the City Clerk, were present.

Mayor Davis led the group in repeating the Pledge of Allegiance.

Item 3 on the agenda: Mr. Eustinger noted that the first page of the Minutes of the January 16, 1972, Council meeting showed the year to be "1971". He asked for a correction. Mr. Davis moved for the approval of the Minutes of the Council Meeting of January 16, 1972, as corrected. Mr. Jozak seconded. The vote: All Aye. Correction noted and made.

Item 4 on the agenda: Public Hearing on a request to rezone from G-2, General Business District, to C-2-C, Planned Commercial District, property described as being lots 1, 2, 3, 4, 5, 10, 11 and lots 12, 13 and 14, the CEPT the West 62 feet thereof, in Block 11, LINDEN, a Subdivision in and to the City of Slackstone. Said property is further described as 7107 North Oak Street (Trafficway), approximately. The petitioners are: Larry and Bala Corp, for Ray Sapp Hardware. Mayor Davis opened the Public Hearing, asking those in favor of such rezoning to address the Council. Mr. Larry Sapp, 7107 North Warfield, addressed the Council. He said he hoped to have plans available at this meeting, but they have not yet been finished. He said they hoped to put up a respectable looking building, in conformance with the already constructed building. He said the addition would be at the north end. In answer to a question from Mr. Jozak, Mr. Sapp said the proposed construction would cost in the neighborhood of \$15,000. In answer to a question posed by Mr. Eustinger, Mr. Sapp answered that the purpose of the new portion of the building would be for the housing of building materials.

Mr. Jozak asked if there would be any objection to donating ten feet on North Oak Street for improvements, as has been asked of everyone else who plans to construct along North Oak Street. Mr. Sapp said he hoped that if it were stipulated, they would do it.

Councilman Jozak asked if the building material would be totally enclosed, not just fenced in. Mr. Sapp indicated this was the intention.

No one appeared in opposition to the rezoning request. Mayor Davis closed the Public Hearing. Motion adjourn.

Item 5 on the agenda: Mr. Stanley Palmer addressed the Council, under "Communications from the Anti-north". He said he "would like to get one thing perfectly clear". He said at an earlier Council meeting at which the Mayor Pro Tem was presiding, it had been stated that the widening of North Oak Street north and south of Slackstone, by Kansas City, would be a first priority of Kansas City. He said he had recently read a statement

Mayor Davis said he would like to answer some earlier questions posed by Sen. Rogers Harris. (1) Regarding the question about the price Gladstone charges for water to Kansas City, Mayor Davis said that Gladstone sells water to several Kansas City customers at 70¢ per 1,000 gallons, approximately, based on a water agreement between our two cities dated in 1962, and figuring overhead and costs, the City of Gladstone realizes a modest profit from such sales. (2) Mayor Davis acknowledged that the City had received close to one million dollars in general revenue in 1970-1971. (3) Mayor Davis noted that it had been stated that there would be a quarter of a million dollar budget increase by 1975; he said that if this is common knowledge, he was unaware of the source of the information.

* * *

Page 7 of the Agenda. Communications from the City Manager. Mr. Olson advised that in Bill No. 72-1, there was a typographical correction to be made in the legal description of the portion of Lot 1, Block 1, CAMDEN, 19TH ADDITION, to be rezoned from R-1 to C-PD, in that the size of the

City Council Meeting
Minutes of January 21, 1972

particular place should have read "75 feet on North Oak Street by 110 feet on "1st Street", instead of "75 feet on North Oak Street by 100 feet on "1st Street",.....

The City Manager also advised that a special Council meeting should be called for the canvass of the Election Results.

Mayor Davis called the Special Council meeting for 7:30 P.M., Wednesday, January 24, 1972.

Item No. 7 on the Agenda: Mr. Dowd moved for the approval of the first reading of Bill No. 72-1, and asked that it be placed on second reading, as amended (or corrected - See above). Mr. Hussinger seconded. The vote: All "Aye". The Clerk read the Bill. (Kendzora reasoning matter).

Item No. 8 on the Agenda: Mr. Walker moved for the approval of the first reading of Bill No. 72-2, and that it be placed on second reading. Mr. Hussinger seconded. The vote: All "Aye". The Clerk read the Bill. (Stewart reasoning matter).

Item No. 10 on the Agenda: Mr. Jezak moved to place Bill No. 72-3, being for an ordinance designating the Judges who shall serve in the Special Election of January 22, 1972, on its first reading. Mr. Walker seconded. The vote: All "Aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 72-5 and to place it on second reading. Mr. Walker seconded. The vote: All "Aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 72-6, to waive Section 24(3)(c) of Ordinance No. 1-26, and to place said Bill on third and final reading. Mr. Hussinger seconded. The vote: All "Aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third reading of Bill No. 72-3, and to enact it as Ordinance No. 1-225. Mr. Hussinger seconded. The vote: All "Aye".

Item 11 on the Agenda: Consideration of building plans for remodeling Old Elk Country Club, adding a building which shall be used for a snack bar, rest room and table area. After due consideration, Mr. Dowd moved for the approval of said plans. Mr. Walker seconded. The vote: All "Aye".

Item 12 on the Agenda: Mr. Walker moved for the adoption of Resolution No. -72-6, accepting work completed under Street Improvement Contract No. 2, with Clyde Long Construction Company, and authorizing payment therefor. Mr. Dowd seconded. Discussion ensued. It was noted that such improvements were completed on North Elm Street, from North Broadway to North Hyacinth, and that

City Council Meeting
Minutes of January 24, 1977

the amount due is \$175.50. The City Manager recommended the adoption of the aforementioned Resolution. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Bussinger moved for the acceptance of the Financial Report for the Combined Waterworks & Sewerage System for the six months ending December 31, 1971, as submitted. Mr. Dowd seconded the motion. Mr. Bussinger asked about an Item on page 4 of said Report which lists the amount of \$1500 for "Other Contractual Services". He asked what the Item was for. Mr. Olson said he would check it out and report back. The vote: All "aye".

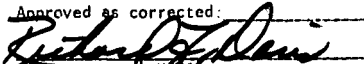

As there was no further business to come before the meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent. Time: 9:35 P.M.

Respectfully submitted,

City Clerk

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI
26 January 72

A special meeting of the Gladstone City Council was convened at 7:30 P.M. in the Council Chambers of the Gladstone City Hall on Wednesday, January 26, 1972. Roll was called. Those present were Councilman Dowd, Councilman Bussinger, Councilman Jezak, Councilman Walker and Mayor Davis. In addition, the City Manager, Mr. Olson, and the City Clerk were present.

The purpose of the meeting was to accept the canvass of the results of the Special Election held in the City of Gladstone, Missouri, on January 25, 1972.

Mr. Bussinger moved to place Bill No. 72-6 on first reading. Said Bill is for an ordinance declaring the results of the Special Election held in the City of Gladstone on January 25, 1972, at which election the following question was submitted to the qualified voters of the said City, to-wit: "Shall the City Sales Tax Ordinance be approved? Ordinance No. 1,848 of the City of Gladstone, Missouri, passed on December 27, 1971, imposes a City Sales Tax at the rate of one per cent (1%) on the receipts from the sale at retail of all tangible personal property, or taxable service, at retail, within the City of Gladstone, Missouri, if such property and services are subject to the Sales Tax imposed by the State of Missouri." Mr. Jezak seconded the motion.

Discussion ensued. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 72-6, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 72-6, to waive Section 20 (d) (2) of Ordinance No. 1.83, and to place said Bill on its third and final reading. Mr. Jezak seconded. The vote: All voted "aye". The Clerk read the Bill. The results of the election were as follows: Total votes "For" the Sales Tax - 1,701; total votes "Against" the Sales Tax - 1,067.

Mr. Bussinger moved to accept the third and final reading of Bill No. 72-6 and to enact it as Ordinance No. 1.854. Mr. Jezak seconded the motion. The vote: All voted "aye".

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 7:35 P.M.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

14 February 72

The regular meeting of the Gladstone City Council was called to Order by Mayor Richard Davis at 8:00 P.M. on Monday, February 14, 1972. Roll was called. Those present were Councilman Dowd, Councilman Bussinger, Councilman Jezak and Councilman Walker, in addition to the Mayor. The City Manager, Mr. Olson, Mr. John Monica, from the Office of the City Counselor, and the City Clerk were also present.

Mayor Davis led the Pledge of Allegiance.

Item 3 on the Agenda: Mayor Davis Proclaimed Boy Scouts of America Anniversary Month.

Item 4 on the Agenda: Mayor Davis Proclaimed National Beauty Salon Week.

Item 5 on the Agenda: Mr. Jezak moved that the Minutes of January 24, 1972 and of the Special Meeting of January 26, 1972, be accepted as submitted. Mr. Walker seconded. The vote: All "aye".

Item 6 on the Agenda: Mr. Russell King, Builder, addressed the Council and presented a revised Plat of his Stormy Acres Development. He had been asked at an earlier Council meeting to revise the site plan for submission to the Council. Mayor Davis said this would be added to the Agenda as Item 11-A.

Mr. Stanley Holmes addressed the Mayor and Council, and congratulated them on the successful passage of the Sales Tax. He said "Gentlemen, let me first congratulate you on winning a hard fought campaign, and on selling the 1% Sales Tax Program; however, I think it's important to remind the Council that the Gladstone Homeowners are not against progress, nor are we against capital improvements - but differ with the Council in the manner in which this progress will be levied against the citizen of Gladstone. We are pleased in having participated in exposing other avenues of approach, as well as offering other feasible possibilities to the same progressive program for capital improvements. We are especially proud of those who had courage enough to oppose the 1% Sales Tax, in the face of personal criticism, and we want to go on record as thanking the Gladstone Dispatch for their non-biased objective coverage of the issue. The Gladstone Homeowners do not deny the final results of this vote - but we can and must take issue with this Council and the Mayor in refusing to consult with those who voted "no" to a 1% Sales Tax - I'm hopeful that the Mayor and the Council did not mean that those people who refused to simply accept the dictates of this Council will now be treated as 2nd Class Citizens - for, let me remind the Council that to enact these proposals for capital improvements, two possible directions are open: 1. a large, massive Bond Issue requiring a 66% majority, 2. a pay-as-you-go plan, as suggested by the Homeowners. For these reasons we feel it imperative that all people be asked for their ideas and opinions - and it's hopeful that whatever program is evolved, it will be one in which all concerned will be pleased."

Mayor Davis commented that this Council was concerned with the total population, not just a few. He again thanked the news representatives who had worked closely with the City on the Election.

Mr. Angelo H. Motta, 5804 N. Broadway, addressed the Mayor and Council as follows: "Gentlemen: At the last Council meeting, we discussed water rates. Since that time, I have received my water bill for \$30.53, which, needless to say, has re-kindled my fire. You, Mayor Davis, have stated that Gladstone is selling water to Kansas City at the rate of 70¢ per 1,000 gallons, resulting 'in a modest profit for the City'. Well, I would like to know why you have to charge me 90¢ per thousand. If 70¢ makes you a modest profit, the City must be getting rich off the rest of us Gladstone homeowners and taxpayers. After checking with the Kansas City Water Department, and my Kansas City neighbors who are on Gladstone water, I find they are only paying 49¢ per thousand gallons. I find it hard to believe that Kansas City pays Gladstone 70¢ for water, then turns around and sells it for only 49¢. This does not make good business sense to me. I just can't understand this, and would like to see the matter looked into, and explained more thoroughly. Water is water, and if Kansas City can sell it for 49¢, why does Gladstone charge us homeowners almost double? I haven't found any gold in mine yet."

He went on to say: "Now, I would also like to answer your statements which were quoted, and explain mine which were mis-quoted in the Kansas City Star, regarding the City's revenue. I stated 'It is common knowledge that the City of Gladstone will have a proposed budget increase of over one-quarter million dollars by 1975, due to the growth that is taking place in our City, which means by 1975, the City will have approximately one and one-half million dollars to play with, and this is why I didn't feel a sales tax was necessary.'"

Mr. Motta continued: "Now then, taxes and fees, or revenue, collected in Gladstone in 1967, amounted to \$601,666. In 1971 it amounted to \$931,618. This is an increase of 50% in the last 4 years, or 12½% growth per year. It is true that the tax base has not been increased from the original 90¢ per \$100 valuation, but the City's revenue, or income, has increased by 50%, due to growth. Taking your proposed 1971-72 budget of \$1,067,235 x 12½ equals \$133,404 yearly increase. Times this by 3 years, and by 1975 you have a total increase of \$400,212. Add to this the 75% from Special Road District Funds (which have also increased) which does not appear in the budget but is still spent by the City for road improvements, I'd say the financial picture looks great and no new taxes should be necessary. Especially in view of the fact that many new developments have been planned for our City, such as a Newcomers Chapel, Woolco and A-Mart stores, restaurants, a professional building, Scharhag complex, the homes being built everyday in Williamsburg, Walnut Creek, Rosewood, and the Brooktree Subdivision of 396 homes priced from \$38,000 up, and the Curry Development of 403 homes in the \$36,000 to \$50,000 range. I'm sure our growth rate will be much, much greater than in the past. I based my figures on a 12½% increase. Your 71-72 proposed budget shows an estimated 14½% growth. I'm sure it will be even greater than that by 1975. Now, can you understand my source of common knowledge? Thank you."

Mayor Davis said it is possible to make a projection of revenue; that he did not want to get into an argument; that his question was on the use of the words "common knowledge". He explained that although the City sells water to Kansas City at a wholesale rate (70¢ per thousand gallons), the City sells to its citizens at a retail rate (90¢ per thousand gallons); that the cost of water is based on its transportation cost.

Mr. Motta said he would like to see the water records. Mayor Davis said they were open to the public.

Mr. Hoy Thompson addressed the Mayor and Council in reference to an item in the Budget (No. 715) showing a certain sum allocated for "Memberships and subscriptions"...he said he had been unable to ascertain what this meant. Mr. Olson was asked to get a report to Mr. Thompson on this.

Mr. Badami addressed the Mayor and Council asking about the money received as grant money for Village of Oakview main sewer service. He asked why these funds went to the Village of Oakview. The City Manager explained that one main sewer line was constructed through the Village of Oakview approximately 2½ years ago; it was necessary that Gladstone construct and maintain this sewer line; also, this provided that any Federal funding received should be Gladstone's; he went on to explain that a Federal grant for matching funds had been authorized and paid for a lime sludge treatment facility at the Gladstone Water Treatment Plant.

Mayor Davis said the citizens of Gladstone have not been out any money on either of the above.

Mr. Ken Johnson addressed the Mayor and Council, saying that he was a neighbor of a Gladstone Public Safety officer who had recently suffered an injury; he wondered what kind of fund there was in the City to help the families of those who had such unfortunate occurrences; he suggested that others might want to follow his suggestion that they donate their City sticker refund to such a Fund. Councilmen Dowd advised that there was a fund established in Leonard Ladd's name at the present time. Mr. Johnson said he was suggesting a Relief Fund be established to help, not only the present need for the Ladds, but for others in the future as well.

Mr. Walker advised that the City is presently trying to secure additional park land on the east side of the City; that an application for Federal matching funds has been applied for through regular channels, and is now in Washington for final approval and development. He said that with reference to North Oak Street, the Council has authorized engineering studies to be made and that surveying crews are working now and the project is on its way.

Mr. Walker advised, further, that there will be a demonstration of snorkel equipment and ladders in the City this coming Saturday morning to see what type of aerial equipment is the best for the City. The time will be 11:00 A.M.

At this time, Councilman Jezak nominated Mr. Keith Beck to the Gladstone Park Board. Mr. Walker seconded the nomination. The vote: All voted "aye". Mr. Beck, who was present in the audience, accepted his appointment and said he had felt for some time that the Gladstone Jaycees, of which he is the President, needed to work a little more closely with the City, and that he hoped this would be the means for doing just that.

Mayor Davis said that he concurred that it was necessary for the City to maintain total communications with the citizens; that in this light, he would like to ask Councilman Walker to report each meeting on the progress that is being made toward the North Oak Street widening project; that he would like to ask Councilman Jezak to report on progress on parkland acquisition and park develop-

ment; he said he would ask the Council representative to the Public Safety Advisory Board, Councilman Bussinger, to report on a possible location for a third fire station, and the developments on the selection and availability of aerial equipment; he said that he would ask Councilman Dowd to report on revenue potentials from the Sales Tax, and the possibility of the bonding capacity for the City if and when the Council determines this would be the proper or appropriate mechanism they would like to use. He said, further, he would like to emphasize the importance of the coalition of the people who had put this in action; that it will be a yeoman job, needing the full cooperation of civic leaders, newspapers, and all. He said he wanted to thank all those who had been involved in the passage of the Sales Tax, and felt this was the kind of leadership it took to accomplish progress for Gladstone.

Item 8 on the Agenda: Communications from the City Manager. Mr. Olson advised that two bills, both scheduled for third readings, had been left off the Agenda. These are Bill No. 72-1 and 72-2, respectively, both rezoning requests. They will be added as items 8-A and 8-B, respectively. Mr. Olson suggested that Bill No. 72-10 (which did not appear on the Agenda, but of which the Council had copies) be deferred at this time, as it pertained to new precinct boundaries, and voting locations, which the Council had not yet had time to study. Mr. Olson suggested further that Item (c), under Item 11, Consideration of Building Plans, with reference to a self-serve station to be located at 72nd and N. Wyandotte, also be deferred at this time.

* * *

Item 8-A - Third and final reading of Bill No. 72-1, amending Ord. No. 1,372, and requesting a zoning change from R-1 to C-P-0, on property described as being located at approximately NE 61st Street and North Oak Street, being part of Lot 1, Block 1, Oakwood, Third Addition, and from R-1 to C-P-1, on property described as being located at approximately the same address. Mr. Dowd moved that the second reading of Bill No. 72-1 be approved, and that said Bill be placed on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Both Mr. Kendzora, Owner, and Mr. Carpenter, of the H-Tote-Em chain, were present and thanked the Council for its cooperation, and reiterated their willingness to work with the City Engineer and City specifications on future improvements and building.

Mr. Dowd moved for the acceptance of the third and final reading of Bill No. 72-1, and to enact said Bill as Ordinance No. 1,855. Mr. Walker seconded. The vote: All "aye".

* * *

Item 8-B - Third and final reading of Bill No. 72-2, amending Ord. No. 1,372, and requesting a zoning change from R-1 to C-P-1, property described as being located at approximately 7306 North Oak Street Trafficway, being the North 90' of Lot 24, El View Acres. Mr. Bussinger moved to accept the second reading of said Bill, and to place it on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger then moved to accept the third and final reading of said Bill, and to enact it as Ordinance No. 1,856. Mr. Jezak seconded. Mr. Alfred Stewart, the petitioner, assured the Council he would be pleased to submit the final plans before construction.

Item 9 on the Agenda: First reading of Bill no. 72-8, for an ordinance repealing an earlier ordinance prescribing licenses for motor vehicles and establishing charges therefor. (The new Bill removes such charge and establishes a penalty clause). Mr. Walker moved to place said Bill on its first reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of said Bill, and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 72-8, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 72-8, and to enact it as Ordinance No. 1.857. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: First reading of Bill No. 72-9, for an ordinance amending an earlier ordinance controlling signs. Mr. Dowd moved to place said Bill on first reading. Mr. Walker seconded the motion. The vote: All "aye". The Clerk read the Bill.

* * *

Item 11 on the Agenda: (a) Mr. Bussinger moved for the acceptance of the building plans submitted to the City Council for the construction of a Bonanza Restaurant, to be located as part of the Prospect Plaza Shopping Center, such plans to be in accordance with stipulations as marked on said plans, in conjunction with the Council's wishes, and subject to the approval of the City Engineer. Mr. Dowd seconded. The vote: All "aye". (Note: Mr. Bussinger added the words "as an addition to the present Site Plan for such shopping center").

(b) Mr. Bussinger moved to approve the building plans for the construction of an accessory building at John Chezik Buick, 5610 North Oak, such building to house flammable materials. Mr. Walker seconded. The vote: All "aye".

Item 11-A - Mr. Russell King submitted the Final Plat for his development in Stormy Acres Addition...after discussion and consideration, Mr. Dowd moved for the approval of same. Mr. Walker seconded. The vote: All "aye".

Mayor Davis called a five-minute recess at this time, which was 9:30 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened at 9:35 P.M. All members were present and accounted for.

Item 12 - Mr. Jezak moved for the adoption of Resolution No. R-72-7, authorizing the City Manager to file an application for a Grant to acquire and develop Open-Space Land. (Flora Park; estimated cost of development to be \$34,500). Mr. Bussinger seconded. The vote: All "aye". Mayor Davis suggested that as this park develops, plans for it be displayed at the City Hall.

Item 13 - Mr. Walker moved for the adoption of Resolution No. R-72-8, endorsing and supporting the United States Senate Bill No. S-3037, which amends the Federal Aid Highway Act of 1956. Mr. Bussinger seconded. The vote: All "aye".

Item 14 - Mr. Dowd moved for the adoption of Resolution No. R-72-9, adopting a revised Personnel Policies and Procedures Manual. Mr. Walker seconded. The City Manager advised that a final draft of same was being prepared this week and copies will be available. The vote: All "aye".

Item 15 - Mr. Bussinger moved for the adoption of Resolution No. R-72-10, for continuing maintenance of Flora Park under the Department of Housing and Urban Development "Legacy of Parks" Program. Mr. Jezak seconded the motion. The vote: All "aye".

Item 16 - Mr. Walker moved for the adoption of Resolution No. R-72-11, which authorized the expenditure of funds for engineering services for major street improvements. Mr. Bussinger seconded. (Note: Larkin and Associates, for an amount not to exceed \$15,000.) The vote: All "aye".

Item 17 - Mr. Dowd moved for the adoption of Resolution No. R-72-12, authorizing the acceptance of work performed, and authorizing final payment therefor, to Video Pipe Grouting, Inc. Mr. Walker seconded. The vote: All "aye". (Note: grouting of sewer joints in Hamilton Heights, as authorized under an earlier Resolution, No. R-71-109, in the amount of \$393.75). The motion passed.

Item 18 - Mr. Jezak moved for the adoption of Resolution No. R-72-13, accepting a quotation and authorizing purchase of a 1971, 4-door, hardtop Dodge Polara, for the amount of \$3,000. Mr. Walker seconded. (Note: part of the payment for the above named vehicle will be borne by funds from the Missouri Traffic Safety Program). The vote: All "aye".

Item 19 - Mr. Bussinger moved for the adoption of Resolution No. R-72-14, accepting work completed under Contract No. PS-1, for the communications control center, and authorizing final payment therefor to Motorola Communications and Electronics, Inc., in the amount of \$2,367. Mr. Dowd seconded. Mr. Bussinger commented that thanks were indeed due the Northwest Missouri Law Enforcement Assistance Council for their help in securing this control center for our City. The vote: All "aye".

Item 20 - Mr. Dowd moved for the adoption of Resolution No. R-72-15, authorizing the City Manager to advertise for bids for water main construction (2,110 feet of 6" CIP, and 70 feet of 2" CIP). Mr. Walker seconded. The City Manager advised that this new main construction would update and upgrade the water system in areas such as Brady Hills, lower portion of Northaven, and in the area east of 65th and Flora, and Mosby Highlands. Also, in an area west of 72nd and North Oak, in old Linden. The vote: All "aye".

Mayor Davis asked the City Manager to report exactly how much problem will be eliminated this year, and how the Program could be expedited. He asked that this be reported at the next Council meeting.

Mr. Walker asked if the Missouri Inspection Bureau had been notified or would be notified of these impending changes and improvements. It was noted that this would be done following the granting of the contract. Mr. Walker suggested that the Missouri Inspection Bureau be asked to advise about the reduction of Insurance rating in those more protected areas of the City, such as the area near the new Fire Station. Mayor Davis concurred, saying he thought the City should see if this could be greatly accelerated.

Item 21 - Mr. Jezak moved for the adoption of Resolution No. R-72-16, authorizing the City Manager to accept a proposal for certain architectural development of a park. (Note: reference is made to the "Elliott property" located in the NE section of the City at approximately NE 76th Street and Antioch Road). Mr. Walker seconded. Mr. Jezak said that Mr. Shaughnessy would like to meet with the City Council and the Park Board to set up some guide lines in order to develop this park. It was suggested that a tentative time might be this coming Saturday, at approximately 10:00 A.M., (at which time Mr. Rose's building plans, scheduled as Item (c) under No. 11 on this Agenda, and deferred, might also be discussed by the Council) and this could be confirmed with Mr. Shaughnessy. Mr. Davis said he would call for a Special Meeting of the City Council for that time, on Saturday, February 19th, and if any business needs to be completed, the Council will be ready to do so. The vote on the adoption of the Resolution: All "aye".

Item 22 - Acceptance of the (1) Disbursements Report for Combined Waterworks and Sewerage System Operation & Maint. Fund for January, 1972; (2) Statement of Cash to January 31, 1972; (3) Financial Report for the 6 mo. ending December 31, 1971 for General Fund, Special Sewer Assess. Fund, Special Park & Playground Fund, Sidewalk Constr. Fund, Public Works & Util. Bldg. Fund; (4) Disbursements Report for January, 1972, for General Fund, Sidewalk Constr. Fund, Public Safety Fire Station Fund, Parkland Imprv. Fund, Public Wks. and Utilities Bldg. Fund, Parkland Acquisition Fund and Sewer Bond Special Assessment Fund. Mr. Bussinger moved for the acceptance of the above. Mr. Dowd seconded. The vote: All "aye".

Item 23 - Other Business: Mr. Dowd said he had some slides which would need to be shown in a projector, related to a water complaint and would like to leave them with the City Manager. Mr. Bussinger said he felt the Council needed to talk more about the lowering of the Insurance rates for the citizens, and would like an analysis of the hydrant flow, the Department administration, number of miles of water mains presently, etc. He said he felt there were some areas now which might be able to reduce to the No. 6 fire rating; he suggested that we initiate something from this end and get it going.

It was noted that meetings had been set up with the attorneys for Tuesday night, that the Clay County Coordinating Committee would meet here on Wednesday evening, that a meeting would be held at 4:00 P.M. with the Clay- Platte YMCA.

Council Meeting Minutes
of February 14, 1972, con't.

Page 8

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent. Time: 10:30 P.M.

Respectfully submitted,

City Clerk

MAYOR

Angelo M. Motin

5804 N. Broadway

Feb. 14, 1972

2-14-72
132

Gentlemen:

At the last council meeting, we discussed water rates. Since that time, I have received my water bill for \$30.55, which needless to say, has rekindled my fire.

You, Mayor Davis, have stated that Gladstone is selling water to Kansas City at the rate of 70¢ per 1,000 gallons, resulting in a modest profit. Well, I would like to know why you have to charge us 90¢ a thousand. If 70¢ makes you a modest profit, the City must be getting rich off the rest of us Gladstone Homeowners and Taxpayers.

After checking with the Kansas City Water Department and my Kansas City neighbors who are on Gladstone water, I find they are only paying 49¢ per thousand gallons. I find it hard to believe that Kansas City pays Gladstone 70¢ for water, then turns around and sells it for only 49¢. This does not make good business sense to me. I just can't understand this, and would like to see the matter checked into and explained more thoroughly. Water is water, and if Kansas City can sell it for 49¢, why does Gladstone charge us homeowners almost double? I haven't found any gold in mine yet.

Now, I would also like to answer your statements which were quoted, and explain mine which were misquoted in the Kansas City Star newspapers regarding the City's revenue.

I stated (quote) "It is common knowledge that the City of Gladstone will have a proposed budget increase of over one-quarter million dollars by 1975, due to the growth that is taking place in our city—which means, by 1975, the City will have approximately one and one-half million dollars to play with; and this is why I didn't feel a sales tax was necessary." unquotes

Now then, Taxes and fees, or revenue, collected in Gladstone in 1967, amounted to \$401,666. In 1971 it amounted to \$531,618. This is an increase of 30% in the last 4 years, or 12½% growth per year. It is true the tax base has not been increased from the original 90¢ ^{per \$100} ~~per \$1000~~ valuation, but the City's revenue, or income, has increased by 30%—due to growth. Taking your proposed 71-72 budget, of \$1,067,235. ± 12½% = \$135,404. yearly increase. Times this by 3 years, and by 1975, you have a total increase of \$400,212. Add to this the 7% from Special Road District Funds (which has also increased), and which does not appear in the budget, but is still spent by the city for road improvement, I'd say, the financial picture looks great, and no new taxes should be necessary.

Especially in view of the fact many new developments have been planned for our city, such as a New Corners Chapel, Weelee and A-Mart Stores, restaurants, A Professional Building, Sharraga Complex, the homes being built everyday in Williamsburg, Walnut Creek, Rosewood, and the Brooktree subdivision of 396 homes priced from \$36,000 and up and the Curry Development of 403 homes in the \$36,000. to \$50,000. range. I'm sure our growth rate will be much, much greater than in the past.

I based my figures on a 12½% increase. Your 71-72 proposed budget shows an estimated 14½% growth. I'm sure it will be even greater than that by 1975.

How can you understand my source of common knowledge?

Thank You

2-11-72
p. 15

I'm Stanley R. Holmås

Gentlemen, let me first congratulate this Council on winning a hard fought campaign and on selling the 1% Sales Tax program, however, I think it's important to remind the Council that the Gladstone Homeowners are not against progress nor are we against capitol improvements--but differ with the Council in the manner in which this progress will be levied against the citizen of Gladstone.

We are pleased in having participated in exposing other avenues of approach as well as offer other feasible possibilities to the same progressive program for capitol improvements. We are expecially proud of those who had courage enough to oppose the 1% Sales Tax in face of personal criticism and we want to go on record as thanking the Gladstone Dispatch for their non-bias objective coverage of the issue.

The Gladstone Homeowners do not deny the final results of this vote---but we can and must take issue with this council and the mayor in refusing to consult with those who voted no to a 1% Sales Tax--I'm hopeful that the mayor and Council did not mean that those people who refuse to simply accept the dictates of this Council will now be treated as 2nd class citizens--for, let me remind the Council that to enact these proposals for capital improvements two possible directions are open;

1. A large massive Bond Issue requiring a 66% majority
 2. A Pay as you go Plan, as suggested by the Homeowners
- For these reasons, we feel it imperative that all people be asked for their ideas and opinions--and it's hopeful that whatever program is evolved, that it will be one in which all concerned will be pleased.

SPECIAL COUNCIL MEETING
GLADSTONE, MISSOURI

19 February 72

A Special Meeting of the Gladstone City Council was called to Order by Mayor Richard Davis on Saturday, February 19, 1972, at 9:00 A.M., in the Council Chambers of the Gladstone City Hall. All Council members had been given prior notice of the calling of said meeting.

Roll was called: Those present were Councilman Jezak, Councilman Walker, and Mayor Davis. Councilman Bussinger was out of the City and unable to attend. Councilman Dowd was unable to attend because of prior business commitments. Others present were the City Manager, Mr. David Olson, and Mr. Ben Rose, Builder.

Mayor Davis moved that the City Manager be appointed to act as City Clerk for the meeting. Mr. Walker seconded the motion. The vote: All "aye".

The first item of business was consideration of certain building plans for the construction of a self-serve filling station, car-wash and garage facility to be located at the corner of North Wyandotte and NW 72nd Street, on the north side of NW 72nd Street, east of the Bowling Alley.

Mr. Rose, Builder, was present to discuss the plans with the Council. He indicated his company's desire to widen North Wyandotte, which runs along the east side of the subject property, to a 36-foot width, to eliminate traffic congestion at this point. Council members were in agreement that this would be satisfactory. It was also pointed out to the petitioner that a 35-foot buffer zone would be required, adjacent to the north property line which abuts residential zoning. Mr. Rose concurred.

After further discussion, Mr. Walker moved to authorize the issuance of a building permit for the construction of a Self-serve car wash/service station on the NW corner of North Wyandotte and NW 72nd Street, in accordance with plans submitted, including compliance with engineering and Council notes. Mr. Jezak seconded the motion. The vote: All "aye".

There being no further business to come before this meeting, the meeting was, upon motion duly made and seconded, adjourned at 9:10 A.M.

David H. Olson, Acting City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
28 February 72

A G E N D A

1. Meeting Called to Order - Roll Call
2. PLEDGE OF ALLEGIANCE
3. PRESENTATION OF Plaques of Recognition of Service for Messrs. C. Milton Wallace and Frank L. Kielner, former members of Citizen's Advisory Board, and for Mr. Jerry L. Adkisson, former member of Gladstone Park Board.
4. Acceptance of Minutes of regular Council meeting of February 14, 1972, and of Special Council meeting of February 19, 1972.
5. Communications from the Audience
6. Communications from the City Council
7. Communications from the City Manager
8. SECOND READING: Bill No. 72-9, for an Ordinance amending Ordinance No. 1,679, as amended, by adding a new definition of "A Major Shopping Center" and by changing the size of pole signs in such centers.
9. FIRST READING: Bill No. 72-10, dividing certain established precincts; establishing certain new voting precincts; combining certain voting precincts, and repealing an earlier ordinance dealing generally with the same subject.
10. FIRST READING: Bill No. 72-11, designating the polling places for the Gladstone Councilmanic Elections.
11. FIRST READING: Bill No. 72-12, authorizing a compromise settlement of a lawsuit against the City of Gladstone, and authorizing payments of money in connection therewith.
12. FIRST READING: Bill No. 72-13, amending Ord. No. 1,857, which provides for the licensing of motor vehicles in the City of Gladstone.
13. OTHER BUSINESS
14. Adjournment

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
28 February 72

The regular meeting of the Gladstone City Council was called to Order on Monday, February 28, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Mr. Kenneth Walker presided over the meeting as Mayor Pro Tem, in the absence of Mayor Richard Davis who was out of the City and unable to be present. In addition to Councilman Walker, others present were Councilman Dowd, Councilman Bussinger, and Councilman Jezak. The City Manager, David Olson, the Assistant City Counselor, John Dods, and the City Clerk were also present.

Councilman Walker asked that all present join in giving the Pledge of Allegiance.

Item 3 - Councilman Walker presented plaques of recognition of service to Mr. C. Milton Wallace, former member of the Citizens' Advisory Board, and advised that the same type of plaque would be presented by Mr. Bussinger in a future visit to Chicago, where the recipient of the plaque, former Mayor Frank Kleiner, also a former member of the Citizens' Advisory Board, is now living. A third plaque was presented to Mr. Jerry Adkisson, former member of the Gladstone Park Board. Mr. Walker and the other Councilmen joined in expressions of appreciation to the three gentlemen for their past help and assistance to the City.

Item 4 - Mr. Jezak moved for the acceptance of the Minutes of the regular Council meeting of February 14, 1972, and of the Special Council Meeting of February 19, 1972, as submitted. Mr. Bussinger seconded the motion. The vote: All "aye".

Item 5 - Communications from the Audience. Mr. Hoy Thompson, 7512 N. Highland, asked if the Council felt that there would be any increases in taxes, or any new taxes levied, and he asked if there would be an increase in the franchise utility charges. He said now that the Sales Tax will be in effect, he wondered about these things. After some discussion, Mr. Dowd, expressing the feelings of the other Council members, said that as far as this Council is concerned, there will be no tax increase.

Mr. Angelo Motta, 5804 N. Broadway, asked several questions about the necessity of a water rate study, and the reason Gladstone sells water to Kansas City for "such a low figure". After a brief discussion, Councilman Walker suggested that Mr. Motta make an appointment with the City Manager to discuss several of the points he was making; Mr. Walker said it was difficult to come up with exact answers on demand, and without prior notice of such questions. He said the City Manager would be happy to talk with Mr. Motta or any of the candidates at any time. Mr. Motta asked why the City budgeted certain money for professional fees. He asked if those employed by the City are professionals? Mr. Dowd answered Mr. Motta, and, again, it was suggested that the City Manager would be happy to go over the budget with Mr. Motta and answer his questions at any time.

Mr. Vincent Badami addressed the Council. He said he had been unable to hear some of the business conducted at the last Council meeting, which, he said, was his first time at any Council meeting. He commented on several things and asked the City Manager how much money the City had in General Funds at

this time. Mr. Olson said that the City tries to maintain \$350,000 minimum; that the City operates on approximately two million dollars per year. Mr. Badami asked why the City didn't ask for bids on various surveys conducted in the City. Mr. Walker said the present work being done on North Oak Street is not just a survey; that the work was being done in conjunction with the study to work up the construction plans. He said the actual construction would be let out for bids, and that sealed bids would be received by the City on the work after the engineering study was completed.

Mr. Badami asked if some other firm could have done the surveying work as well. Mr. Walker answered that the firm of Larkin and Associates has done so much work within the City over the past years that the cost of their work is less because they have so much of the preliminary work already in their files; that to "start from scratch" another firm would charge more.

Mr. Badami asked several other questions relative to the recent purchase of a used Dodge Polara, the reason for hiring a landscape architect for a park study, etc. Both Mr. Walker and Mr. Jezak answered the questions.

Further discussion was held.

Item 6 - Communications from the City Council. Mr. Dowd moved to appoint Mr. Ed Kramer and Mr. John Rosenthal to the Gladstone Planning Commission. Mr. Bussinger seconded the motion. The vote: All "aye". Mr. Dowd commented that he felt both would be welcome additions to the Commission, as Mr. Kramer is a local businessman, and Mr. Rosenthal is a former Councilman.

Item 7 - Communications from the City Manager. Mr. Olson had nothing to add at this time.

Item 8 - Mr. Bussinger moved to accept the first reading of Bill No. 72-9, for an ordinance amending an earlier ordinance by adding a new definition of "A Major Shopping Center", and by changing the size of pole signs in such centers, and to place said Bill on second reading. Mr. Dowd seconded. The vote: Mr. Dowd, "aye", Mr. Bussinger, "aye", Mr. Jezak, "NO", (because, he said, he felt that the signs in the shopping centers were already big enough), Mr. Walker, "aye". Motion carried. The Clerk read the Bill.

Item 9 - Mr. Dowd moved to place Bill No. 72-10, dividing certain established precincts; establishing certain new voting precincts, combining certain voting precincts, and repealing an ordinance dealing generally with the same subject, on first reading. Mr. Jezak seconded. The vote: All "aye". First reading was given by the Clerk. Mr. Dowd moved to accept the first reading of Bill No. 72-10, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill a second time. Mr. Dowd moved to accept the second reading of Bill No. 72-10, and to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded the motion. The vote: All voted "aye". The Clerk read the Bill. Mr. Dowd moved to accept the third and final reading of Bill No. 72-10 and to enact said Bill as Ordinance No. 1.856*. Mr. Jezak seconded. The vote: All "aye".

Item 10 - Mr. Jezak moved for the first reading of Bill No. 72-11, which designates the polling places for the Gladstone Councilmanic Elections. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 72-11, and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 72-11, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill No. 72-11 on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 72-11, and to enact it as Ord. No. 1.857*. Mr. Dowd seconded. The vote: All "aye".

Item 11 - Mr. Bussinger moved to place Bill No. 72-12 on first reading. Said Bill authorizes a compromise settlement of a lawsuit against the City of Gladstone, and authorizes payment of money in connection therewith. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 72-12 and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

In answer to a question at this time, Mr. Jezak advised that packets containing information and data for Council meetings are distributed to the Councilmen at their homes on the Fridays preceeding Council meetings, so that they have an opportunity to study the items over and familiarize themselves with the Agenda before Monday.

Mr. Bussinger moved to accept the second reading of Bill No. 72-12, and to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill No. 72-12 on third and final reading. Mr. Jezak seconded. The vote: All "aye". Bill read. Mr. Bussinger moved to accept the third and final reading of said Bill, and to enact it as Ord. No. 1.858*. Mr. Jezak seconded. The vote: All "aye".

*At this time an error in the numbering of the above ordinances was called to the attention of the City Counselor, who suggested that a motion to correct was in order. Mr. Dowd then moved to renumber Ordinances 1.856, 1.857 and 1.858, as 1.858, 1.859 and 1.860, respectively. Mr. Jezak seconded. All "aye". The City Clerk corrected the numbers of the aforementioned ordinances.

Item 12 - Mr. Bussinger moved to place Bill No. 72-13 on first reading. Said Bill amends Ord. No. 1.857, which provides for the licensing of motor vehicle in the City of Gladstone, and said Bill sets out the required date of renewal of said licenses, and establishes penalties. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 72-13 and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 72-13, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill, whereupon Mr. Bussinger moved to enact Bill No. 72-13 as Ordinance No. 1.861. Mr. Walker seconded. The vote: All "aye".

Item 13 - There was no other business to come before this meeting at this time.

Upon motion duly made and seconded, the meeting was adjourned by unanimous vote: Time, 8:50 P.M.

Respectfully submitted,

City Clerk

20. OTHER BUSINESS

21. ADJOURNMENT

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
13 March 72

The regular meeting of the Gladstone City Council was called to Order at 8:00 P.M., Monday, March 13, 1972, in the Council Chambers of the Gladstone City Hall. Roll was called. Present were Mayor Davis, Councilman Dowd, Councilman Bussinger, Councilman Jezak, Councilman Walker. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were present.

Item 2 on the Agenda: Miss Baker and Miss Stephens, from Girl Scout Troop No. 48, and Miss Brenda Hayden, representing Junior High Camp Fire Girls and Miss Connie Hayden, representing 6th Grade Camp Fire Girls, presented the Colors, and led the group in repeating the Pledge of Allegiance, after which the Colors were retired. Following this ceremony, Mayor Davis presented copies of Proclamations which commemorated Girl Scout Birthday Week and Camp Fire Girls Birthday Week, respectively. Each of the young ladies was welcomed by the Council members.

Item 4 on the Agenda: Mr. Jezak moved that the Council adopt the Minutes of the regular Council meeting of February 28, 1972, as submitted. Mr. Walker seconded the motion. The vote: All "aye".

Item 5 on the Agenda: Mayor Davis opened a Public Hearing on a request to rezone from R-1, Residential, One Family Zoning District, to C-P-2, Planned General Business District, property described as being approximately 6505 North Prospect. Mr. Max Von Erdmannsdorff, attorney for the petitioner, Mrs. Doris Hatfield, addressed the Council. He explained that Mrs. Hatfield did not have any formal plans for the present structure, which lies north of the Woolco Store in the Prospect Plaza, and south of the new Fire Station, located on North Prospect. He said she plans to lease the present structure, which will no longer serve as merely a residence, and, after the improvement and the grade changes which are planned along North Prospect, she advised that the present building will come down. He advised that the Planning Commission had not approved the rezoning plans; he said he felt the Planning Commission may not have given serious consideration to the fact that the Council can control any change of use, and can police any change.

It was noted that the Planning Commission had suggested C-P-0, and Mr. Von Erdmannsdorff said they had talked this over but would like to stick by their original application for C-P-2; however, he said, if the Council requested it, they would be willing to consider different zoning; he said he felt Mrs. Hatfield would bind herself to seek the approval by the Council of whatever kind of tenant she may choose, whether by letter of commitment, or whatever the Council might wish. He said he didn't think it was as reprehensible as it appeared to the Planning Commission. He said he felt Mrs. Hatfield was quite willing to commit herself to a proper use of the present structure until such time as the building comes down and a new one is constructed.

Mayor Davis explained that the usual procedure was to use the Planning Commission recommendations as guide lines; that a bill would be prepared for a first reading at the next Council meeting; then, usually, the second reading of such a bill would be held at the following Council meeting, and so forth. He said that if the Council voted not to accept the first reading, nor to place said bill on 2nd

reading, then the issue is defeated. Mrs. Hatfield said she understood that if this happened, she could present her request again, after a certain number of days. This was confirmed.

Mr. Von Erdmannsdorff suggested that perhaps a work session with the Council members and Mrs. Hatfield might work out; that perhaps this matter merited further discussion, and that she would then bind herself to anything the Council might want. He suggested that she would consider going to a lower zoning if the Council felt that was more desirable. He said they would "rather have something than nothing"....

Mayor Davis said if there were something new, the Council could defer a first reading in order to discuss it with Mr. Von Erdmannsdorff and his client. He said that if the Council had heard nothing from them prior to the scheduled reading of the bill on this rezoning, then the Council will proceed at the next Council meeting. He reiterated that prior to taking the final action, they would like to be made aware of any revisions or any different type of zoning.

Mayor Davis asked if there were anyone to speak against such rezoning.

Mr. Dennis McCoy, 6516 N. Montgall, spoke in opposition. He explained that he had no objection to a change of zoning, but he did object to C-P-0 or C-P-2 so close to a residential area.

Mayor Davis said that there would have to be a buffer if they plan to rezone the east 184 feet.

Mr. McCoy said that he would oppose C-P-2 even with that large a buffer; that this kind of zoning opens the area up to objectionable tenants; he believed there is too much latitude in that kind of zoning.

As there was no one to speak further on this matter, Mayor Davis declared the Public Hearing closed.

* * *

Item 6 on the Agenda: Public Hearing on a request to rezone from R-1 to C-P-0 property described as approximately 2420, 2422 and 2424 Pursell Road, respectively, and from C-0 to C-P-2 property described as 5600, 5602 and 5604 Antioch Road, respectively.

Mr. Von Erdmannsdorff addressed the Council on this matter. He asked for a continuance. The Council agreed to place the item on the Agenda of the March 27th Council meeting, granting a continuance of this Public Hearing.

At this time, Mayor Davis called a five-minute recess.

* * *

The regular meeting of the Gladstone City Council was reconvened at 8:35 P.M. All members were present and accounted for.

Item No. 7 - Communications from the Audience. None at this time.

Item No. 8 - Communications from the City Council. - Mr. Jezak mentioned that the Park Board had approved the plans submitted by Mr. Joe Shaughnessy, Landscape Architect, for park land which the City hopes to acquire in the NE area of the City, at about 76th Street and Antioch Road. He stated that they hoped to have ball diamonds ready for this season, and additional football fields for the fall season.

Item No. 9 - Communications from the City Manager. Mr. Olson advised that there should have been two Preliminary Plats on the Agenda this evening, but that there would be time to add them: one is for Williamsburg, 4th Plat, and the other is the Resurvey of Lots 27 - 30, Block 4, Bolling Heights.

Mayor Davis advised that Item 19 on the Agenda (consideration of certain building plans) would be considered at this time. (1) Remodeling plans for the First National Bank of Gladstone, 7100 North Oak Street. Mr. Olson explained that the bank had added an additional teller's cage and an additional drive-up window. The Council met with the President of the bank about a week ago to discuss this informally. After further discussion, Mr. Bussinger moved to approve the remodeling plans for the First National Bank of Gladstone. Mr. Jezak seconded. The vote: All "aye".

Item 19 (2) was consideration of plans for the construction of an office building on property located at the SW corner of 70th and North Locust. Mr. Lawrence Wickham, Architect, submitted his own plans. He said there would be approximately 2,000 square feet of construction, frame construction with brick exterior, to be used for offices. After further construction, Mr. Dowd moved for the approval of these building plans. Mr. Bussinger seconded. The vote: All "aye".

19-A - Consideration of the Preliminary Plat of Williamsburg, Fourth Plat. The recommendations of the Planning Commission were noted, and their suggestion on irregular setbacks of the homes in the area in question, was taken up. The irregularity of set back was suggested to eliminate or avoid the "row-housing" look. It was noted that the storm drainage plans have been drawn in on the Preliminary Plat. Following further discussion, Mr. Dowd moved that the Council approve the Preliminary Plat of Williamsburg, Fourth Plat, in accordance with the City Engineer's approval and the changes suggested by the Planning Commission and Council. Mr. Bussinger seconded. The vote: All "aye".

19-B - Consideration of the Resurvey of Lots 27 through 30, Block 4, Bolling Heights. These lots are located approximately on the southeast corner of NE 67th Place and North Holmes, and are owned by Mr. Jim Trimble. A representative from his office attended the meeting. She explained that the City Engineer had made some suggestions about the resurveying of this portion of property, so that the lots would be more easily utilized; she also explained that, although the letter of permission from the Power and Light Company, regarding the relocation of the power pole, and the vacation of their easement, had not yet been received, Mr. Trimble had received verbal permission and the letter would be forthcoming. After further discussion, Mr. Jezak moved to approve the Resurvey of Lots 27 through and including 30, Block 4, Bolling Heights, as submitted, and in accordance with the suggestions made by and with the approval of the City Engineer, and pending the receipt of the letter of permission for relocation of the electrical easement. Mr. Bussinger seconded. The vote: All "aye".

At this time, the City Manager advised that he had been approached by some students from Oak Park High School, asking that the City participate in the "Dump-In" which is to take place on March 25th, and will be devoted to cleaning up areas in Gladstone and he advised that they would appreciate it if the City could provide two trucks and drivers. He said he felt this was a worthwhile project. Mr. Walker moved that the City furnish two trucks and two drivers to Oak Park High School for their use in the "Dump-In" scheduled for March 25th. Mr. Jezak seconded. The vote: All "aye".

Item 10 on the Agenda: Mr. Walker moved to accept the second reading of Bill No. 72-9, and to place said Bill on third and final reading. Said Bill amends an earlier Sign Ordinance by adding a new definition of Major Shopping Centers, and by changing the size of the pole signs for such centers. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 72-9, and to enact it as Ordinance No. 1.862. Mr. Dowd seconded. The vote: All "aye".

Item 11 on the Agenda: Mr. Dowd moved to place Bill No. 72-14 on its first reading. Said Bill designates the Judges to work at the polling places in the coming councilmanic elections. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the first reading of Bill No. 72-14 and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the second reading of Bill No. 72-14, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the third reading of Bill No. 72-14 and to enact it as Ordinance No. 1.863. Mr. Walker seconded. The vote: All "aye".

Item 12 on the Agenda: Mr. Jezak moved to place Bill No. 72-15 on its first reading. Said Bill accepts a standard sewer easement in Brooktree, a Subdivision in and to the City of Gladstone. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 72-15, and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 72-15, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of said Bill and to enact it as Ord. No. 1.864. Mr. Walker seconded. The vote: All "aye".

Item 13 on the Agenda: Mr. Bussinger moved to place Bill No. 72-17 on its first reading. Mr. Dowd seconded. Said Bill is for an ordinance to provide for the registration of motorcycles, motorbikes and scooters, and repeals an earlier ordinance dealing generally with the same subject. The vote: All "aye".

The Clerk read the Bill. Mr. Bussinger moved to accept the first reading of Bill No. 72-17 and to place it on second reading. Mr. Dowd seconded. Mr. Richard Shields, 7201 N. Walnut, questioned Section 2 of the said Bill which indicated that the "sticker be affixed to the front fender of a motorcycle... so as to be in plain view"...he said he didn't want to deface his front fender in that manner; that it was his understanding that the license could be attached either to the front fork tube, or to the rear license plate, and he asked about this section...

Because of an error in the bill, the motion-maker withdrew his motion for a second reading, with the permission of the second, and Mayor Davis advised this matter would be brought up on the Agenda for the next Council meeting to be held two weeks from tonight. Mayor Davis thanked Mr. Shields for bringing the matter to the Council's attention.

* * *

Item 14 on the Agenda: Mr. Jezak moved for the first reading of Bill No. 72-18, authorizing the acquisition of certain real property. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 72-18, and to place said Bill on its second reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. (*Said property is described as being located in the SE corner of North Antioch Road and 76th Street). Mr. Jezak moved to accept the second reading of Bill No. 72-18, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Bussinger seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 72-18, and to enact said Bill as Ordinance No. 1.865. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 15 on the Agenda: Mr. Bussinger moved for the adoption of Resolution No. R-72-17, authorizing the acceptance of a bid on firefighting equipment from Central Fire and Police Supply, in the total amount of \$4,400.00. Mr. Jezak seconded. The City Manager advised that this item had been budgeted. The vote: All "aye".

* * *

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-72-18, accepting certain bid and authorizing execution of Contract No. W-1 for water main construction, with Hevalow-Shanks Construction Company, in the total amount of \$23,770.10. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 17 on the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-72-19, authorizing funds for the construction of certain water mains; i.e. - \$10,770.10 to be paid from Combined Waterworks & Sewerage System Operation & Maintenance Fund, Capital Improvement Budget, and \$13,000 to be paid from the Combined Waterworks and Sewerage System Surplus Funds. Mr. Walker seconded. The vote: All "aye".

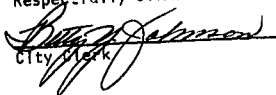

Item 18 on the Agenda: Mr. Boyd moved for the acceptance of Cash Disbursements Report for Feb., 1972, from the Sanitary Waterworks & Sewerage System; Financial Report for Sanitary Waterworks & Sewerage System for 7 mo. ending January 31, 1972; Financial Statement for General Fund, Special Sewer Assessment Fund, Sidewalk Repair Fund, Special 14, & Playground Fd., for 7 months ending Jan. 31, 1972; Cash Disbursements Report for General Fd., Special Sewer Assessment Fd., & Sidewalk Repair Fund for February, 1972, as submitted. Mr. Walker seconded. The vote: All Aye.

Item 20 - Other Business. The City Manager advised, in answer to a question, that the Public Safety Department was checking cars for City stickers.

Mayor Davis called a work session for 7:30 P.M. next Monday night, March 20th, and a Special Council meeting on Wednesday, March 22nd, at 6:00 P.M., to canvass the results and findings of the primary Municipal Election of March 21st.

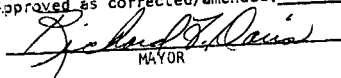

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned at 9:45 P.M.

Respectfully submitted,

City Clerk

SPECIAL CITY COUNCIL MEETING
CITY OF GLADSTONE, MISSOURI

22

MARCH

72

A special meeting of the Gladstone City Council was called to Order on Wednesday, March 22, 1972, at 6:00 P.M. All City Councilmen had been notified previously of the calling of said meeting, for the express purpose of canvassing the election returns for the Gladstone Primary Election held on March 21, 1972. Roll was called. Present were Councilman Walker, Mayor Pro Tem, who called the meeting to order, Councilman Bussinger and Councilman Jezak. Mayor Davis and Councilman Dowd were unable to attend. In addition, the City Clerk was present.

Councilman Bussinger moved to place Bill No. 72-18 on its first reading. Said Bill stated the returns of the election, including the count of the Absentee Ballots for the Gladstone Primary Election held March 21, 1972. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the first reading of Bill No. 72-18 and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the second reading of Bill No. 72-18, to waive Section 20 (d) (2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger moved to accept the third and final reading of Bill No. 72-18, and to enact it as Ordinance No. 1.866. Mr. Jezak seconded. The vote: All "aye". The Clerk noted the results of the canvass of the Ballots to be as follows:

Angelo M. Motta	216
Hoy Thompson	269
Vincent Badami, Jr.	125
Kenneth E. (Ken) Walker	795
George J. (Jack) McCausland	811

* * *

The second item of business to come before the Council was the adoption of Resolution No. R-72-20, which appointed Mr. Brent McMahan as Acting City Manager in the absence of the City Manager. Mr. Walker so moved. Mr. Bussinger seconded. The vote: All "aye".

No further business being on the Agenda for such meeting, upon motion duly made and seconded, the Special Meeting of the Gladstone City Council was adjourned by unanimous vote.

Respectfully submitted,

City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

27 MARCH 1972

The regular meeting of the Gladstone City Council was called to Order by Mayor Richard Davis at 8:00 P.M. In the Council Chambers of the Gladstone City Hall, Monday, March 27, 1972. Roll was called. Those present, in addition to Mayor Davis, were Councilman Richard Dowd, Councilman Lee Bussinger, Councilman Bernie Jezak and Councilman Kenneth Walker. Also present were the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods and the City Clerk.

The Pledge of Allegiance was given.

Item 3 on the Agenda: Mr. Jezak moved for the acceptance of the Minutes of March 13, 1972, and of the Special Meeting Minutes of March 22, 1972, as submitted. Mr. Bussinger seconded. The vote: All "aye".

Item 4 on the Agenda: Continuation of a Public Hearing, from Monday, March 13, 1972, on a request for rezoning from R-1, Residential, One-Family Dwelling District, to C-P-0, Planned Non-Retail District, property located at 2420, 2422 and 2424 Pursell Road, respectively, and from C-0, Non-Retail District, to C-P-2, Planned General Business District, property located at 5600, 5602 and 5604 North Antioch Road, respectively. The petitioner, Mr. Max VonErdmannsdorff, speaking for himself and other interested participants, explained, with the aid of an artist's rendering, the plans being considered for the Pursell development. He intimated he could have the Plot Plan to present to the Council by Thursday of this week which would, he felt, add quite a bit to the proposal. Discussion ensued. The Council asked further questions concerning the proposal for the Antioch Road plans, concerning traffic, etc.

In opposition, Mr. Milton Bashford, 2412 Pursell Road, and Mr. L. B. Truman, 2419 Pursell Road, both addressed the Council.

After further discussion, Mr. Walker said he did not think the Council had enough information to close the Public Hearing; that he, personally, thought he needed more information, and that he would like to see the street plan before he made any determination. Mr. Dowd agreed. Mr. Jezak agreed. It was agreed that there was sufficient justification to continue this Public Hearing to the next Council meeting in light of new plans presented by the petitioner at this meeting. Mr. Jezak so moved. Mr. Walker seconded. The motion was to continue the Public Hearing until April 10, 1972. The vote: All "aye".

* * *

Item 5 on the Agenda: Communications from the Audience. Mr. Richard Shields, 7201 North Walnut, inquired if the City Sticker ordinance, affecting motorcycles, etc., had been amended. He was assured it had, and would be acted upon this evening.

Mr. Stanley Holmes, 1800 NE 76th Street, asked the Council what kind of commitment, if any, Gladstone had made regarding the ATA plans, and, if so, to what extent. The answer was in the negative.

Mr. Holmes asked if the Council had decided on the amount to be asked for in the coming Bond Election. Mayor Davis said he didn't think the Council was in a position to say just at this time; that it depended on several things, one of which was the results of the Study on the Capital Improvements Program; that they were not sure yet.

In answer to a question posed by Mr. Vincent Badami, Mayor Davis said that copies of any Minutes or Ordinances could be obtained by anyone at any time at the City Hall. He said, further, that it had been suggested last year that copies of the proposed Budget be made available at least two weeks prior to the Public Hearing at which the Budget would be adopted.

Item 6 on the Agenda: Communications from the City Council. None at this time.

Item 7 on the Agenda: Communications from the City Manager. Mr. Olson advised that there was an additional resolution to be adopted by the Council concerning additional engineering work in connection with the widening of North Oak Street; he said, also, there were building plans submitted for the Council's consideration on a new Quik-Trip store to be constructed on NE 72nd Street, between North Euclid and North Brooklyn.

At this time, Mayor Davis called for a five-minute recess.

The regular meeting of the Gladstone City Council was reconvened at 8:55 P.M. with Mayor Davis presiding. All members were present.

Item 8 on the Agenda: Mr. Bussinger moved to substitute Bill No. 72-17A for former Bill No. 72-17. Mr. Walker seconded. The vote: All "aye". Mr. Bussinger moved to place Bill No. 72-17A (being for an ordinance repealing Ord. No. 1.453, which provided for the licensing and inspection of motorcycles, mopobikes and scooters, amending Section 4 of Ord. No. 1.857 to provide for a display of the license tags on motorcycles, and amending Section 6(a) of Ordinance 1.857, as amended by Ord. No. 1.861, to provide for an annual registration of motorcycles by not later than the 1st day of March of each year, on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the second reading of Bill No. 72-17A, and to place it on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger moved to accept the third and final reading of Bill No. 72-17A, and to enact said Bill as Ordinance No. 1.867. Mr. Jezak seconded. The vote: All "aye".

Item 9 on the Agenda: Mr. Jezak moved to place Bill No. 72-19 on its first reading. Said Bill is for an ordinance to rezone from R-1 to C-P-0 property located at approximately 6505 North Prospect. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Item 11 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-72-21, authorizing execution of Water Main Extension Contract No. 130, for certain water mains to be constructed by Acuff Homes and Heavalow-Shank: In Brooktree Subdivision. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 10 on the Agenda: Mr. Dowd moved to adopt Resolution R-72-22, which authorizes the City Manager of the City of Gladstone to extend the existing purchase agreement with the Gulf Oil Company, through March 30, 1973. Mr. Bussinger seconded. The vote: All "aye".

* * *

Item 11-A - (added to the Agenda) Mr. Jezak moved to adopt Resolution No. R-72-23, authorizing an additional expenditure of funds for engineering services for major street improvements, in an amount not to exceed \$10,000 which money shall be made from the General Fund Account and carried as an Account Receivable from the Street Improvement Program, to be reimbursed upon passage of Street Improvement Bonds, or from other capital improvement funds. Mr. Dowd seconded. The vote: All "aye".

Item 11-B - (added to the Agenda)..Mr. Dowd moved for the adoption of Resolution No. R-72-24, appointing Mrs. Joyce Seever as Acting City Clerk in the absence of the City Clerk. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 12 on the Agenda: Consideration of Building Plans for a Quik-Trip store to be constructed in the Stratford Park Subdivision, on NE 72nd Street, between North Euclid and North Brooklyn. Mr. Don Holman, Architect, submitted the plans for such a building, to be 65 feet long, with an outside stone construction, the approximate address of which shall be 2000 NE 72nd Street. Mr. Edwin Elswood, of Elswood, Smith and Carleson, 5800 Foxridge Drive, Mission, Kansas, is the developer. He said there will be more than ample off-street parking places; that there will be a total of 2280 square feet; that there will be a hedge buffer. After general discussion, Mr. Jezak moved to approve the plans for the Quik-Trip store, between Brooklyn and Euclid on NE 72nd Street, subject to the submission of the Site Plan, to show landscaping on both sides. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 13 on the Agenda: Mr. Bussinger moved to accept the Statement of Cash for February, 1972, and the Financial Report for 8 months ending February 29, 1972, for the Combined Waterworks and Sewerage System. Mr. Walker seconded. The vote: All "aye".

Under "Other Business"...Mr. Bussinger asked the City Manager if there had been a report from the Missouri Fire Inspection Bureau regarding the fire rating, hopefully lowering the classification in certain sections of the City. The City Manager said this information should be available very shortly.

Mayor Davis asked about a recent inquiry from Mr. Josh Ellington, regarding looking into the possibility of a vacation of a cemetery at about 64th and North Jackson. The Assistant City Counselor said he would suggest that a title search be made to find out who the real owner might be.

As there was nothing further to come before this Meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 9:40 P.M.

Betty A. Johnson, City Clerk

SPECIAL MEETING OF THE
CITY COUNCIL
GLADSTONE, MISSOURI

5 April 72

A special meeting of the Gladstone City Council was called to Order on Wednesday, April 5, 1972, at 7:00 P.M. for the purpose of canvassing the results of the General Election held April 4, 1972.

Roll was called. Those present: Councilman Lee Bussinger, Councilman Bernie Jezak, Councilman Kenneth Walker, Mayor Richard Davis. Shortly after the beginning of the meeting, Councilman Dowd arrived.

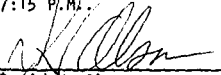

All Councilmen had been notified previously of the calling of the Special Meeting of this date.

Mr. Dowd moved the City Manager be appointed Acting City Clerk. Mr. Jezak seconded the motion. The vote: All "aye".

Mr. Bussinger moved that Bill No. 72-20 be placed on first reading. Said Bill declared the results of the canvass and the returns of the Judges and the count of the Absentee ballots for the Gladstone General Election held on April 4, 1972. Mr. Walker seconded the motion. The vote: All "aye". The Bill was read. Mr. Bussinger moved that the said Bill be placed on second reading, after the acceptance of the first reading. Mr. Walker seconded the motion. The vote: All "aye". The Bill was read a second time. Mr. Bussinger moved to accept the second reading of the said Bill, to waive Section 20 (d)(2) of Ordinance 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Bill was read a third and final time.

Mr. Bussinger moved to accept the third and final reading and to enact said Bill as Ordinance No. 1.868. Mr. Walker seconded. The vote: All "aye".

As there was no further business to come before the Council at this time, upon motion being made and duly seconded, the meeting was adjourned. Time: 7:15 P.M.

David H. Olson,
Acting City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
10 APRIL 1972

The regular meeting of the Gladstone City Council was called to Order by Mayor Davis on Monday, April 10, 1972, at 8:00 P.M. in the Council Chambers of the Gladstone City Hall. Roll was called. Those present: Councilmen Dowd, Councilman Bussinger, Councilman Jezak, Councilman Walker and Mayor Davis. In addition, the City Manager, David Olson, The Assistant City Counselor, John Dods, the City Treasurer, Joyce Seever, and the City Clerk, were also present.

Item 2 - Monsignor M. F. Wogan of St. Charles Church gave the Invocation.

Item 3 - Members of Boy Scout Troop No. 155 presented the Colors and led the Council and audience in the Pledge of Allegiance.

Item 4 - Mayor Davis proclaimed April 9th through April 16th, 1972, as "MONSIGNOR M. F. WOGAN WEEK", in honor of St. Charles' 25th Anniversary celebration. He presented Monsignor Wogan with a Key to the City.

Item 5 - Mayor Davis proclaimed the month of April, 1972, as "CANCER CONTROL MONTH".

Item 6 - Mr. Jezak moved for the acceptance of the Minutes of the regular Council Meeting of March 27, 1972, as submitted, and the Minutes of the Special Council Meeting of April 5, 1972, as submitted. Mr. Dowd seconded the motion. The vote: All "aye".

Item 7 - Communications from the Audience: Mr. Keith Beck, President of the Gladstone Jaycees, addressed the Council. He congratulated Mr. Walker and Mr. McGausland upon their successful elections to the City Council, and said the Gladstone Jaycees will continue to work with the City Council in any possible way. He wished them a successful term.

Mr. Bruce Berkowitz, of the Gladstone Jaycees, thanked the City Council for the use of the Gladstone Community Building and Central Park for the recent highly successful Easter Egg Hunt, conducted the day before Easter. He said there were more than 400 children taking part in the Easter Egg Hunt and applauded the Council's interest in this venture.

Item 8 - Communications from the City Council. Mr. Dowd expressed his thanks to retiring Councilman Richard Davis, who has served as the Mayor of Gladstone for the past year. He said he felt that Mayor Davis has set "one heck of a precedent" in the Office. In turn, Councilman Bussinger and Councilman Jezak both thanked Mr. Davis for his guidance, his sense of humor, and his forthrightness. Mr. Jezak said he felt that, under Mayor Davis, the City had moved forward.

Mayor Davis thanked each of the Councilmen who had worked with him; he said this was his 73rd Council meeting, and his 25th time behind the gavel as Mayor of the City. He commended the City on its Administration, and explained his reason for not running for the Office of Councilman again. He expressed his continuing interest in Gladstone. He introduced his Mother and Father, and introduced his wife, Mrs. Virginia Davis, and his three children. Mr. Davis then joined his family in the audience, amid a standing ovation and a hearty round of applause.

Item 9 - Communications from the City Manager. Mr. Olson said there would be an additional item (added as Item 22-(b) on the Agenda this evening; this was a plan for the remodeling of a service Station located at 6305 North Prospect.

* * *

Item 10 - At this time, the Oath of Office was given to Councilmen-Elect, Mr. Kenneth Walker and Mr. Jack McCausland. Mr. Walker returned to the Council table and Mr. McCausland took his place at the Council table as Councilman for the first time.

Item 10-A - Mayor Pro Tem, Kenneth Walker, presented Keys to the City to Mr. and Mrs. Davis, Senior, parents of Mr. Richard Davis.

Item 11 - Mr. Jezak moved to place Mr. Lee Bussinger in nomination for the office of Mayor. Mr. Dowd seconded. Mr. Jezak moved that nominations cease. Mr. Dowd seconded. The vote: Mr. Dowd, "aye", Mr. Bussinger, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mr. McCausland, "aye". Mr. Jezak called for the Question. The vote on the motion to elect Mr. Bussinger: Mr. Dowd, "aye", Mr. Bussinger, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mr. McCausland, "aye". Mr. Bussinger was elected to the office of Mayor of the City of Gladstone, and took his place "behind the gavel" at this time, after being given the Oath of Office by the City Clerk.

At this time, Mr. Dowd commented that it was the City's custom to present a bouquet to the wife of the incoming Mayor. He then presented the table decoration to Mrs. Lianne Bussinger, wife of Mayor Lee Bussinger.

* * *

Mr. Dowd moved for the appointment of Mr. Kenneth Walker as Mayor Pro-Tem. Mr. Jezak seconded. The vote: All "aye".

* * *

Mr. McCausland moved to appoint two new Planning Commission members: (1) Mr. David Morgenson, 6509 North Montgall, and (2) Mr. Robert Johnson, 6703 North Chestnut. Mr. Jezak seconded the motion. The vote: All "aye".

* * *

Mayor Bussinger made the following appointments for the ensuing year: Mr. Jezak to continue as the Council representative to the Gladstone Park Board; Mr. Dowd as the Council representative to the Citizens Advisory Board to the Gladstone Public Safety Department; Mr. McCausland as the Council representative to the Gladstone Planning Commission; Mr. Walker as the Council representative to the Board of Zoning Adjustment and the Special Road District No. 3.

At this time, Mayor Bussinger called a ten-minute recess. Time: 8:40 P.M.

The regular meeting of the Gladstone City Council was reconvened at 8:50 P.M. All members were present and accounted for.

* * *

Item 14 - Continuation of a Public Hearing from March 27, 1972, on a request to rezone from R-1, Residential One-Family Dwelling District, to C-P-0, Planned, Non-Retail District, property located at approximately 2420, 2422 and 2424 Pursell Road, and, from C-0, Non-Retail District to C-P-2, Planned General Business District, property located at approximately 5600, 5602 and 5604 North Antioch Road. Mr. Max Von Erdmannsdorff, petitioner (speaking for other petitioners, as well), said they would like to present the site plan and photographs of the proposed office building and the sites.

Mr. McCausland asked if they had talked with the City Engineer. Mr. Von Erdmannsdorff said they had talked with Mr. Thomas, but that he had not heard from Mr. Thomas as to any conclusions reached.

Mayor Bussinger said the Council would review this matter at their work session.

As there was no one to speak against the requests, the Mayor closed the Public Hearing.

* * *

Item 15 - Public Hearing on a request to rezone from C-3, Commercial District, to R-P-4, Planned Apartment House District, property described as being part of a Tract of land located at approximately 3701 NE 72nd Street, EXCEPT that portion of the said Tract which is to be rezoned from C-3, Commercial District, to R-P-2, Planned, Two-Family District.

Mr. Russell King, 610 NW 65th Street, Kansas City, Missouri, the Petitioner, presented site plans and an artist's rendering of the project. He said they plan 12-6 unit buildings; the one-bedroom apartment will contain 780 square feet; the two-bedroom apartment will contain 920 square feet; the club house, 1,500 square feet; the swimming pool, 1,200 square feet. The plans call for 72 units plus two duplexes on 72nd Street, for a total of 76 units.

Mayor Bussinger asked what the density per acre would be. Mr. King said he didn't know exactly; the tract contains between 4.8 and 5.0 acres.

Mayor Bussinger asked what materials they planned to use on the outside of the buildings. Mr. King said they would have a composition roof; exterior would be 50% brick, and the remainder cedar, with double wall construction.

Mr. Dowd asked what the zoning was on the property to the west. Mr. King said he thought it was R-3, and that there was R-3 to the south and M-1 on the east.

Mr. Jack Boyce, 3405 NE 72nd Street, said he purchased the property in question in 1949, and this is the first opportunity he has found for development.

He said that all utilities and sewers are now available. He said financing would be conventional - no subsidized rentals.

Mr. Claud Woods, 3604 NE 72nd Street, said he was 100% in favor of the project.

No one spoke in opposition to the rezoning request. Mayor Bussinger closed the Public Hearing.

* * *

Item 16 was a Public Hearing on a request to rezone from C-1, Local Business District, to C-2, General Business District, property described as being located at approximately 7219 North Oak Street Trafficway. Mr. Bruce Lambert, of Williams U. S. Supermarket, was the petitioner.

Mayor Bussinger asked if there was anyone present to speak for the applicant. No one appeared. He then recommended the continuance of the Public Hearing until April 24, 1972, as the Council is presently looking into the updating of the C-1 zoning and this might help the applicant.

Mr. Dowd moved that the Public Hearing be continued until April 24, 1972; Mr. Walker seconded the motion. The vote: All "aye".

* * *

Item 17 on the Agenda was the Second Reading of Bill No. 72-19, for an ordinance to rezone from R-1, Residential, One-Family Dwelling District, to C-P-0, Planned Non-Retail District, property described as being located at approximately 6505 North Prospect. Mrs. Doris Hatfield, Petitioner.

Mr. Jezak moved that the Council accept the first reading of Bill No. 72-19, and place it on its second reading. Mr. Walker seconded the motion.

Mr. Walker said that at the last meeting, the Council discussed this being used as a non-conforming use of the building, and his vote will be with the consideration that there will NOT be a non-conforming use of the building unless it is brought up to zoning requirements. The vote: All voted "nay". The request for rezoning was, thereupon, denied.

* * *

Item 18 on the Agenda: Mr. Jezak moved that the Council place Bill No. 72-21, being for an ordinance to approve the Final Plat of Lots 27, through 30, Block 4, (Resurvey) Bolling Heights, a Subdivision in and to the City of Gladstone, Clay County, Missouri, on its first reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved the Council to accept the first reading of Bill No. 72-21, and to place it on second reading. Mr. Dowd seconded the motion. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved the Council to accept the second reading of Bill No. 72-21, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on its

third and final reading. Mr. Dowd seconded the motion. The vote: All "aye".
The Clerk read the Bill.

Mr. Jezak moved that the Council accept the third and final reading of Bill
No. 72-21, and enact it as Ord. No. 1.869. Mr. Dowd seconded the motion.
The vote: All "aye".

* * *

Item 19 - Mr. Dowd moved that Bill No. 72-22, for an ordinance amending
Ord. No. 1.372, and rezoning from C-2, General Business District, to C-P-3,
Planned Commercial District, property described as being approximately 7107
North Oak Street Trafficway, (Petitioners: Ray Sapp Hardware, represented by
Mrs. Newry Webster, Larry Sapp, Dale Sapp) be placed on first reading. Mr.
Jezak seconded the motion. Mr. Dowd asked the City Manager if the street
right-of-way had been resolved; Mr. Olson said "not completely".

The vote: All "aye". The Clerk read the Bill.

* * *

Item 20 was a Resolution authorizing the City Manager to advertise for
bids on certain asphalt resurfacing.

Mr. Walker moved the Council adopt Resolution No. R-72-25; Mr. Dowd seconded.
The vote: All "aye".

* * *

Item 21 - Resolution authorizing the transfer of funds to the Sidewalk Con-
struction Fund. Mr. Jezak moved that the Council adopt Resolution No. R-72-
26; Mr. Walker seconded the motion. The vote: All "aye".

* * *

Item 22 (a) Consideration of building plans for remodeling a residence into
a real estate office at 5608 Antioch Road. Mr. Dowd moved that the Council
approve the remodeling plans as submitted for 5608 North Antioch Road, with
a hard-top (black-top) parking lot and some refinishing of the outside of
the building. Mr. McCausland seconded the motion. The vote: Mr. McCausland,
"aye", Mr. Dowd, "aye", Mr. Jezak, "aye", Mr. Walker, "NO", Mayor Bussinger,
"aye". Motion carried by a vote of 4 aye to 1 nay.

Item 22 (b) (added to the Agenda) - consideration of remodeling the Skelly
Service Station located at 6305 North Antioch Road at Prospect.

Mr. Robert Burkman, Construction representative for the Skelly Oil Company,
605 W. 47th Street, Kansas City, Missouri, 64141, explained the plans. Mr.
Jezak moved that the Council approve the remodeling plans of the Skelly Service
Station, 6305 North Antioch Road, as submitted. Mr. Walker seconded the mo-
tion. The vote: All "aye".

* * *

City Council Meeting of
April 10, 1972, con't.

Page six

Under "Other Business" - Mr. Dowd asked the City Manager to contact the Standard Oil Station on Antioch Road and ask them to repair or replace a wall that has been damaged.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 9:30 P.M.

SPECIAL MEETING OF THE
CITY COUNCIL
GLADSTONE, MISSOURI

17 April 72

A special meeting of the Gladstone City Council was called to order by Mayor Bussinger at 7:30 P.M., Monday, April 17, 1972.

Roll was called. Those present: Councilman McCausland, Councilman Dowd, Councilman Jezak, Councilman Walker and Mayor Bussinger.

All Councilmen had been notified previously of the calling of the Special Meeting of this date.

Mr. Walker moved to appoint City Manager, David Olson as Acting City Clerk. Mr. Jezak seconded the motion. The vote: All "aye".

Mayor Bussinger moved to adopt Resolution No. R-72-27, being a resolution authorizing the City Manager to execute a Contract for the purchase of Real Estate property, that property being owned by Mrs. Opal Elliott. Mr. Jezak seconded the motion. The vote: All "aye".

There being no further business to come before the Council at this time, upon motion being made and duly seconded, the meeting was adjourned.
Time: 7:45 P.M.

SPECIAL MEETING OF THE
CITY COUNCIL
GLADSTONE, MISSOURI

18 April 72

A special meeting of the Gladstone City Council was called to Order on Tuesday, April 18, 1972 at 9:45 P.M.

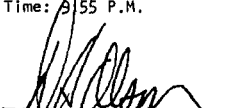

Roll was called. Those present: Councilman McCausland, Councilman Dowd, Councilman Jezak, Councilman Walker and Mayor Bussinger.

All Councilmen had been notified previously of the calling of the Special Meeting of this date.

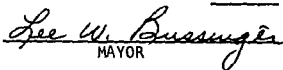

Mr. Jezak moved that City Manager, David Olson be appointed Acting City Clerk. Mr. Dowd seconded the motion. The vote: All "aye".

Mr. Dowd moved to adopt Resolution R-72-28, a resolution appropriating funds for the purchase of certain real estate and naming an Escrow Agent. (Copy of which is attached to these Minutes). Mr. McCausland seconded the motion. The vote: All "aye".

There being no further business to come before the Council at this time, upon motion being made and duly seconded, the meeting was adjourned.
Time: 3:55 P.M.

David H. Olson,
Acting City Clerk

MAYOR

RESOLUTION NO. R-72-28

A RESOLUTION APPROPRIATING FUNDS FOR THE PURCHASE OF CERTAIN REAL ESTATE AND NAMING AN ESCROW AGENT.

WHEREAS, the Council of the City of Gladstone, Missouri, has authorized the execution of a Contract for the purchase of certain real estate from Opal Elliott for park purposes, and

WHEREAS, the Council of the City of Gladstone, Missouri desires to appropriate funds to provide for purchase under said Real Estate Contract;

NOW THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF GLADSTONE, MISSOURI, as follows:

- (1) That, the City Council hereby appropriates the following monies from the Unencumbered Balance of the General Fund for the purchase of said property:

(a) Total Contract Price	\$ 230,000
Less: Amount Receivable from B.O.R.	<u>115,000</u>
Amount Reserved in General Fund for Contract	\$ 115,000.00
(b) Lease Payment	1,500.00
(c) Special Sewer Assessment Balance - City of Gladstone	22,403.00
(d) Portion of Taxes Applicable and Legal Fees (Estimated)	<u>660.00</u>
Total Encumbered in General Fund	\$ 139,563.00

and further

- (2) That, the City Manager of the City of Gladstone, Missouri be and he is hereby authorized to expend the following amounts from said Fund:

(a) Lease Payment	\$ 1,500.00
(b) Escrow Fund	10,000.00
(c) Legal Fees	<u>300.00</u>
Total	\$ 11,800.00

and further

- (3) That, the First National Bank of Gladstone, Missouri be and is hereby designated to act as Escrow Agent in compliance with said Contract and perform such acts as are required therein.

INTRODUCED, READ, PASSED AND ADOPTED BY THE COUNCIL OF THE CITY OF GLADSTONE, MISSOURI, this 18 day of April, 1972.

Lee W. Bussinger
MAYOR

24. ADJOURNMENT

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

24 APRIL '72

The regular meeting of the Gladstone City Council was called to Order by Mayor Lee Bussinger on Monday, April 24, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to Mayor Bussinger, the following were present: Councilmen McCausland, Dowd, Jezak and Walker, as well as the City Manager, the Assistant City Counselor and the City Clerk.

Mayor Bussinger led the Pledge of Allegiance.

Mayor Bussinger proclaimed May first, 1972, as LOYALTY DAY, and asked that all schools, churches, businesses and citizens in our City observe that day by displaying the Flag.

Item 3 - Mr. Walker moved for the acceptance of the Minutes of the regular meeting of April 10, 1972, the Minutes of the Special Meeting of April 17, 1972, and the Minutes of the Special Meeting of April 18, 1972, as submitted. Mr. Jezak seconded. The vote: All voted "aye". Minutes were accepted.

Item 4 - Mayor Bussinger presented two plaques to former Mayor Richard F. Davis; one in appreciation of his service on the Gladstone Planning Commission, and the other commemorating his service to the City as Councilman and Mayor. Mayor Davis accepted the plaques and received a hearty round of applause.

Item 5 - Communications from the Audience. Mr. Everett Smith addressed the Mayor and Council asking that the City investigate the possibility of enacting an "Anti-noise Law", similar to the one recently adopted by the City of Kansas City, Missouri. The City Manager was asked to look into this possibility.

Item 6 - Communications from the City Council: Mr. Jezak asked the City Manager to check into the landscaping situation "behind the Woolco Store" at 64th and Prospect. He asked the City Manager to also check the Meadowbrook School baseball diamond to see that it was properly graded.

Mayor Bussinger commended Councilman Dowd for his recent participation in an investigation into Federal bidding practices. Mr. Dowd worked closely with the F. B. I. in this matter.

Item 7 - Communications from the City Manager: Mr. Olson asked that Item 9 on the Agenda, scheduled as a Public Hearing on a request for rezoning for property described as being located at approximately 3209 NE 72nd Street, be deferred until May 8th, at the request of the petitioner, Mr. Aubrey Richardson.

Item 8 - Continuation of a Public Hearing (from April 14th) on a request to rezone from C-1, Local Business District, to C-2, General Business District, property described as being located at approximately 7219 North Oak Street. This is the Williams U. S. Supermarket, and Mr. Bruce Lambert was the petitioner. Mr. Lambert addressed the Mayor and City Council describing his reasons for requesting the rezoning. He advised that if the City were to allow him to display various types of merchandise outside the store, rather than removing and replacing it on a daily basis, the gross sales might amount to over \$60,000.

Mr. Lambert also pointed out that in order to remain competitive, he felt this zoning would help. He said the specific items he hoped to be allowed to leave outside the store would be peat moss, decorative rock, charcoal, various plants in season, etc. He said he understood that the Council contemplated amending the present Zoning Ordinance and he hoped they would be cooperative in this request for rezoning.

Mayor Bussinger answered saying that the Council was indeed taking a look at the Zoning Ordinance, but that they have not yet amended it; that they would take the matter under consideration. No one appeared in opposition.

* * *

Item 10 - Public Hearing on a request to rezone from R-3, Garden Apt. District, to R-1-CH, Cluster Housing District, property located at approximately North Bales, between NE 69th and 70th Streets. The petitioner, City Homes, Inc., was represented by Mr. Bob Danneberg and he introduced the architect, Mr. Howard Nearing of Nearing and Stotts, Architects. They explained their plans for the Cluster Housing, indicating there would be a total of 52 units, and those on the east will overlook a lake which is already there; that the units on the west side will overlook a lake which they propose to construct; the parking would be more than sufficient and in accordance with City specifications, and that all units would have front parking with the green space at the rear of each unit. They explained the design as "green belt" living. They said the streets will be public streets and that all utilities would be underground. No one appeared in opposition.

* * *

Item 11 - Second reading of Bill No. 72-22, for an ordinance to amend the Zoning Ordinance from C-2, General Business District, to C-P-3, Planned Commercial Zoning, property described as being approximately 7107 North Oak Street Trafficway. The petitioners were Mrs. Newry Sapp Webster and her sons, Larry and Dale Sapp. Mr. Dowd moved to approve the first reading of Bill No. 72-22 and to place said Bill on its second reading. Mr. Walker seconded the motion. Mr. Dowd asked the City Manager if the right-of-way matter along 72nd street, abutting this property, had been resolved. The City Manager said that problem apparently no longer was a concern; however, it appeared that the present sign, in accordance with ordinance requirements, would have to be moved and relocated. Mrs. Webster asked how far to the east it would have to be moved. Mr. Olson indicated that it would have to be moved at least 12 feet. It was agreed that the City Manager would talk to Mrs. Webster further about this matter. The vote on the 2nd reading was as follows: All "aye". The Clerk read the Bill.

* * *

Item 12 - First reading of Bill No. 72-23, for an ordinance to rezone from R-1, Residential, One-Family Dwelling District, to C-P-0, Planned, Non-Retail District, property located at approximately 2420, 2422 and 2424 Purseil Road, and from C-0, Non-Retail District, to C-P-2, Planned General Business District, property located at approximately 5600, 5602 and 5604 North Antioch Road. Mr. Wayne Kuhlman, one of the petitioners, was present. Mr. Jezak moved for the

first reading of Bill No. 72-23. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill. Mayor Bussinger said there would be just one reading at this time; that the second reading would come up two weeks from tonight.

* * *

Item 13 - First reading of Bill No. 72-24, for an ordinance to rezone from C-3, Commercial District, to R-P-4, Planned Apartment House District, property described as being part of a tract of land located at approximately 3701 NE 72nd Street, EXCEPT that portion of the said tract which is to be rezoned from C-3, Commercial District, to R-P-2, Planned, Two-Family District. The petitioner, Mr. Russell King, Builder, was present for discussion. Mr. McCausland moved to place Bill No. 72-24 on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 14 - First reading of Bill No. 72-25, for an ordinance vacating certain utility easements on Lots 28, 29 and 30, Block 4, Boiling Heights. Mr. Dowd moved to place said Bill on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the first reading of said Bill, and to place it on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the second reading of Bill No. 72-25, to waive Section 20(d)(2) of Ordinance No. 1.83, and to place said Bill on its third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the third and final reading of Bill No. 72-25, for an ordinance vacating certain utility easements on Lots 28, 29 and 30, Block 4, Boiling Heights, and to enact it as Ordinance No. 1.870. Mr. Walker seconded. The vote: All "aye".

* * *

Item 15 - First reading of Bill No. 72-26, for an ordinance apportioning main sewer assessments for certain tracts, parcels and lots of land described as part of Block 11, Linden. Mr. Walker moved to place said Bill on first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 72-26 and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 72-26, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 72-26 and to enact it as Ordinance No. 1.871. Mr. Jezak seconded. The vote: All "aye".

Item 16 - First reading of Bill No. 72-27, for an ordinance setting the date of the Bond Election and establishing the polling places in the City. Mr. Jezak moved to place Bill No. 72-27 on its first reading. Mr. McCausland seconded. Mr. Jezak said he feels very strongly about the bond issue; he said he feels this is one of the greatest necessities the City has faced, and he commented on the widening of North Oak Street, the improvements of the intersections, and how the bonds will enable the City to move ahead on these plans.

Mr. Dowd said that in his opinion, the Sales Tax now enables the City to go out and make a loan, which is actually what the bonds are. He commented on the need for improvement of Englewood Road, part of which Gladstone owns, and it's present unsafe condition.

Mr. McCausland commented that the engineers have stated that it would be impossible to make these street and thoroughfare improvements on a "pay-as-you-go" basis. He said that with the increasing traffic on 72nd Street, it is imperative that it be improved and that a 60-foot right of way, planned from Broadway to Prospect, would alleviate much of the problem. He said it was not to be construed as an increase in taxes, but it is a method of spending the taxes already authorized.

Mr. Walker said that the overwhelming majority vote on the passage of the Sales Tax was a mandate from the people to go forward, and he felt this was a necessity and a means for progress at this point; that improvements on the major streets of the City would be a means of making Gladstone a safer place for the people in it. He said the improvements would be financed entirely by the Sales Tax revenue, and he was definitely in favor of the bonds at this time.

Mayor Bussinger said he felt the Council members had expressed his feelings; that he was in complete agreement. He said he personally felt this is a great step for the City if the Bonds pass, this would be a major step in putting this City right up with the other great cities of Missouri; that now they can plan to live up to their promises and get these streets improved and widened. He reiterated that this would in no way be an increase in taxes. He said, further, he would like to ask the City Manager to look into the possibility of establishing 68th Street, between Wayne and Flora, to see if it could possibly be included in the program.

The vote on the motion: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 72-27, and to place it on second reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill a second time.

Mayor Bussinger advised that the third and final reading of Bill No. 72-27 would be held at the regular Council meeting of May 8th, 1972, at which time it would be enacted into Ordinance.

Mayor Bussinger called a five-minute recess at this time.

The regular meeting of the Gladstone City Council was reconvened at 9:10 P.M. All members were present.

* * *

Item 17 - First reading of Bill No. 72-28, for an ordinance amending an earlier ordinance regarding the establishment of a Park Board. (1.229). Mr. Jezak moved to place said Bill on first reading. Mr. McCausland seconded. Mr. Jezak said that with other activities on the increase, and with impending vacation time, they have agreed it would be an advantage to increase the number of members on the Park Board to 9. He said that with the development of approximately 100 acres of parks this year, they felt the additional people would help carry the load which will be increasingly heavy.

Mr. Walker suggested that Mr. Jezak comment particularly on the addition of a High School student; Mr. Jezak advised that it was felt that adding a student would serve to decrease the gap between generations, and that the thinking of a High School age person would be valuable in that this person might have some ideas which the other board members might overlook. They hoped that the student would be a Junior, begin his term in May, and thus serve one full year into his Senior year on the Board.

The vote on the first reading: All "aye". The Clerk read the Bill.

Mr. Jezak moved for the acceptance of the first reading and to place said Bill on second reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 72-28, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 72-28, and to enact said Bill as Ordinance No. 1.872. Mr. McCausland seconded. The vote: All "aye".

* * *

Item 18 - Mr. Dowd moved for the adoption of Resolution No. R-72-29, pledging that the Bond Payments shall be made entirely from Sales Tax receipts. Mr. Walker seconded. The vote: All "aye".

* * *

Item 19 - Mr. Ken Walker moved for the adoption of Resolution No. R-72-30, authorizing the City Manager to execute a Land Lease Agreement with Minnie D. Cooksey, and Mervin B. and Rita Cooksey, for certain property used by the City as the location of the present Animal Shelter, at approximately 7613 North Antioch Road. Mr. Dowd seconded. The vote: All "aye".

Item 20 - Mr. McCausland moved for the adoption of Resolution No. R-72-31, authorizing the City Manager to advertise for bids for certain Flora Park construction and equipment. Mr. Jezak seconded. It was explained that an amount of \$17,000 has been promised from Federal Funds (matching funds) which will assist in the further development of Flora Park. The vote: All "aye".

* * *

Item 21 - Mr. Dowd moved for the adoption of Resolution No. R-72-32, authorizing the City Manager to advertise for bids for application of slurry seal on certain City streets, in connection with the Summer Street Program. Mr. Walker seconded. Mr. Walker asked if they could assume that the slurry seal done last year was successful. The City Manager replied in the affirmative. He said it had shown minimum deterioration. He asked if any of the Council members would like to see the new process being used in Topeka. Councilman Walker said he would be interested and was available any Friday. The vote: All "aye".

* * *

Item 22 - Mr. Jezak moved to accept the Financial Reports as submitted. Mr. McCausland seconded. Mr. Jezak questioned Check No. 10227. Mr. Olson said he would check into it and advise. The vote: All "aye".

* * *

Other Business: Mr. Jezak moved to appoint Mrs. Betty Hayes, 2204 Shady Lane, to the Park Board. Mr. Dowd seconded. The vote: All "aye".

Mr. Olson advised there would be a meeting with the ATA on May 2nd.

There being no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned. Time: 9:30 P.M.

Respectfully submitted,

Betty Johnson, City Clerk

Gladstone, Missouri

May 8, 1972

The City Council of the City of Gladstone, Missouri, met in regular session on the above date at 8:00 o'clock P.M., at the City Hall in said City, the following officers being present:

Lee W. Bussinger, Mayor, and _____

George J. McCausland, Richard Dowd, Bernie Jezak and

Kenneth Walker, Councilmen.

Absent: _____.

The City Clerk, Betty Y. Johnson, was present and performed the duties of her office.

Minutes of the last meeting of the City Council were read and approved.

Thereupon, Councilman McCausland presented Bill No. 72-27, being for an ordinance calling a special election in the City of Gladstone, Missouri, for the purpose of submitting to the qualified voters of said City the proposition to issue the general obligation bonds of the City of Gladstone, Missouri, to the amount of \$4,895,000 for the purpose of acquiring rights-of-way, constructing, extending and improving the streets and avenues of said City, designating the time of holding said election, fixing the polling places of said election, prescribing the form of ballot to be used thereat, and authorizing the City Clerk of said City to give notice of said election.

The Mayor announced to the Council that said bill had been read twice and passed both times by unanimous vote of the Council at the regular meeting held April 24, 1972.

On motion duly made and seconded, in accordance with the provisions of subparagraph (d)(2) of Section 20 of Ordinance No. 1.83, said bill was placed on its third reading and was read in full and duly passed by unanimous vote.

Thereupon, Councilman McCausland moved that said bill be placed upon its final passage. Said motion was seconded by Councilman Walker. Said bill was thereupon read and considered, section by section, and was duly passed by the following vote:

Aye: Mr. McCausland, Mr. Dowd, Mr. Jezak, Mr. Walker, Mayor Bussinger.

Nay: There were no "nay" votes.

The Mayor thereupon declared said ordinance duly adopted and the bill was then duly numbered Ordinance No. 1.874 and was thereupon signed by the Mayor and attested by the City Clerk.

Thereupon, the form of the election notice for the special election to be held in said City referred to in said ordinance was presented and was duly approved and was ordered executed and published.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

8 MAY 1972

The regular meeting of the Gladstone City Council was called to order by Mayor Lee Bussinger, Monday, May 8, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Those present, in addition to Mayor Bussinger, were Councilman McCausland, Councilman Dowd, Councilman Jezak and Councilman Walker. The City Manager, the Assistant City Counselor and the City Clerk were also present.

Item 2 - Mayor Bussinger led the group in repeating the Pledge of Allegiance.

Item 2-A - Mayor Bussinger proclaimed the week of May 14th through May 20th, as NATIONAL PUBLIC WORKS WEEK.

Item 3 - Acceptance of Minutes: Mr. Walker moved to accept the Minutes of the regular Council Meeting of April 24, 1972, and of the Special Council Meeting of May 4th, 1972, as submitted. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 4 - Communications from the Audience: Mr. G. F. Chesterton, 2412 NE 72nd Street, addressed the Council with some questions on the proposed widening of 72nd Street. He asked about the right-of-way (Ans: 60'); he asked whether or not the power poles will have to come out (Ans: Mayor Bussinger said he did not have the proposed street sketch and could not say at this time); he asked if 72nd Street would be as wide as Antioch Road (Ans: it will be a 48' street). Mr. Chesterton asked if there would be a direct cost to the homeowner. Mayor Bussinger said not if the City passes the Bonds and secures the rights-of-way.

Mr. Jack Boyce, 3405 NE 72nd Street, asked if the Council would please defer Item 11 (Scheduled as the 2nd reading of Bill No. 72-24, rezoning from C-3 to R-P-4, property described as being located at approximately 3701 NE 72nd Street. Mr. Walker moved to defer Item 11 until the next regular Council meeting of May 22, 1972. Mr. McCausland seconded the motion. The vote: All "aye".

Mr. Vincent Badami, Jr., 6818 North Tracy, said he wished to go on record as being opposed to the rezoning requested, from R-1, Single-Family Residential Zone to R-P-3, Planned Garden Apartment District, on property described as being located at approximately 3209 NE 72nd Street. He said he was against any further apartment construction. He commented on several resolutions to grant monies to Larkin & Associates for street studies. He asked if this expenditure would continue. Mayor Bussinger said it would occur just as many times as necessary to get the work done on the thoroughfare study; he said as the Council finds out what is needed, they authorize the money to get it done. Mr. Dowd explained, further, that the 1% Sales Tax will give the City money to do much of the work, but not enough to widen North Oak Street; he said the City then has to borrow enough money to come up with the necessary funds for the work and that will be done by bonds; in answer to a further question posed by Mr. Badami, Mr. Dowd said the interest rate on the Bonds will depend on the Bond Market at the time the Bonds are sold.

Mayor Bussinger said there had been a public meeting held recently at the BASEMENT at which time they had answered such questions. Mr. Badami said he had been unable to attend.

Mr. Hoy Thompson, 7512 North Highland, asked if the City had come to any decisions on the ATA matter. He was advised that there was a meeting scheduled with the ATA authorities on Wednesday, May 10; Mayor Bussinger advised there had been an earlier meeting set up, but, because some of the people couldn't make that date, a new date had been set up.

* * *

Item 5 - Communications from the City Council: Mayor Bussinger said he had received a telephone call concerning the application on the T-O-P-I-C-S PROGRAM, with reference to the grant for the entire length of North Oak Street. This means the City will get the Federal aid as had been hoped, if the Bonds pass.

* * *

Item 6 - Communications from the City Manager: Mr. Olson advised that two Bills which had appeared for first reading on the Agenda, but had not been ready for the packets, were in front of the Councilmen this evening. He also advised that two additional Resolutions, which were included in the packets, had not appeared on the Agenda, but were scheduled for action tonight.

Mr. Olson called attention to the letter received from Mr. Aubrey Richardson, asking that the "Continuation of the Public Hearing on a request to rezone from R-1 to R-P-3, property located at approximately 3209 NE 72nd Street", be continued until the next regular Council meeting of May 22nd. Mr. Dowd moved the Council grant a further continuance of the Public Hearing, as requested by the Petitioner. Mr. Walker seconded. The vote: All "aye".

* * *

Item 8 - Mr. Jezak moved to accept the second reading of Bill No. 72-22, and to place said Bill on third and final reading. Mr. McCausland seconded the motion. Mr. Jezak asked if Mrs. Webster had agreed on the moving of the sign at such time as it is required. Mrs. Webster was in the audience and advised that she would submit a letter setting this out. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 72-22, and to enact same as Ordinance No. 1.873. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 9 - Mr. McCausland moved to accept the second reading of Bill No. 72-27, and to place said Bill on third and final reading. Mr. Walker seconded. Said Bill is for an ordinance setting the date of the Special Bond Election and establishes the polling places within the City. The vote: All "aye". The Clerk read the Bill. Mr. McCausland moved to accept the third and final reading

of Bill No. 72-27, and to enact same as Ordinance No. 1.874. Mr. Walker seconded the motion. The vote: All voted "aye".

Item 10 - Mr. Walker moved to place Bill No. 72-23 on second reading. Said Bill would rezone from R-1, Single-Family Residential Zone, to C-P-0, Planned Non-retail District, property described as being located at approximately 2420, 2422 and 2424 Pursell Road, and from C-0, Non-Retail District, to C-P-2, Planned General Business District, property described as being located at approximately 5600, 5602 and 5604 North Antioch Road. Mr. Jezak seconded. The vote: Mr. McCausland, aye, Mr. Dowd, aye, Mr. Jezak, aye, Mr. Walker, NO, Mayor Bussinger, NO. The vote: 3 - 2. The Clerk then read the Bill. The City Manager advised, in answer to a question, that there had been a petition re-submitted, which was notarized. The Counselor, Mr. Dods, said he had not yet determined whether the petition bears the names of property owners, under the requirements of the Zoning Ordinance.

At this time, the Mayor polled the Council and they asked for a motion. Mr. Wayne Kuhlman, one of the petitioners in the rezoning matter, advised that the petitioners who opposed the zoning had asked that there not be a third reading of the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 72-23 and to place it on third reading. Mr. Dowd seconded the motion. Mr. Dowd said that he would like to comment that he wouldn't like to see commercial travel added to the travel already along Antioch at Englewood, and that he thought it would be even worse on Pursell. He said he thought it would be too much. He commented, further, that the Planning Commission had recommended that the rezoning be denied. *By action, rezoning noted and made on May 23, 1972*

Mr. Walker said he didn't think commercial zoning should be moved any further in residential area, at this point.

Mayor Bussinger said the Council appreciated the fact that these gentlemen were trying to develop the area, but the Council does not feel this is the best use of the property; that the Council believed it might pose problems for them in the future.

Mr. Jezak said he felt he should thank the residents around the proposed development for their interest; he said this has been dragged out for some time and that it was a thought-provoking matter, and he felt the Council owed them a final vote this evening.

The question was called: The vote: All voted "NAY", and the rezoning request was, thereupon, denied.

Item 12 - Mr. Dowd moved to place Bill No. 72-29, for an ordinance to rezone from C-1 to C-2 property described as being located at approximately 7219 North Oak Street (Williams U.S. Supermarket property) on first reading. Mr. Walker seconded. The City Manager advised that this matter will be handled under a

change in the wording of Section 11, of the Zoning Ordinance, wherein the stipulations of the City, as to what merchandise can be left outside a commercial store, will be changed. He said this matter is being publicized and will come before the Planning Commission for a Public Hearing and then again at a Public Hearing before the Council before it could be officially changed. The vote: Mr. McCausland ^(NO) "aye", Mr. Dowd, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mayor Bussinger, "aye". Motion carried. The Clerk read the Bill.

File * * *

Item 13 - Mr. Walker moved to place Bill No. 72-30, for an ordinance to rezone from R-3, to R-1-CH, property described as being located along North Bales, between NE 69th and 70th Streets, on first reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 72-30, and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 14 - Consideration of Final Plat of Williamsburg, Fourth Plat. The City Manager presented the Final Plat of Williamsburg, Fourth Plat to the Council for study and consideration. After due consideration, Mr. Dowd moved for the first reading of Bill No. 72-31, which approved same. Mr. Walker seconded. Mr. Walker said he believed the completion of this development was a very good thing for the City, and said he would like to see more of the same.

Mr. Jezak said he concurred; that the developer, Mr. Davidson, had taken a bad piece of land and made it a nice area.

The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the first reading of Bill No. 72-31, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the second reading of Bill No. 72-31, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the third and final reading of Bill No. 72-31, and to enact same as Ordinance No. 1.875. Mr. Walker seconded. The vote: All voted "aye".

* * *

Item 15 - Consideration of Final Plat of Second Phase of Brooktree Subdivision. The City Manager presented the Final Plat to the Council for study and consideration. Mr. Ron Tallicott was present to answer any questions or to discuss the various changes which had been made on the Final Plat: 1) Circle drive installed on a portion of the lots facing Indiana Ave.; 2) left out one lot on S. side of Apple Tree Lane to preserve trees; 3) increased size of some lots facing on Buttonwood Lane; 4) changed "Red Bud Lane" to "Wild Plum Lane".

After discussion, Mr. Jezak moved that Bill No. 72-32, approving the Final Plat of the Second Phase of Brooktree Subdivision, be placed on first reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 72-32, and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 72-32, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Dowd seconded. Mr. Jezak said that Council action tonight has added approximately 98 residential homes to Gladstone, and it appears that Gladstone is turning out to be "the place to live" in Clay County. He said he believed this kind of development is very good for Gladstone; he said he had received word from a very reliable source that many people moving north of the River were moving into Gladstone. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third reading of Bill No. 72-32, and to enact it as Ordinance No. 1.876. Mr. Dowd seconded. The vote: All "aye".

* * *

At this time, Mayor Bussinger called a 5-minute recess, and Councilman Dowd was excused as he was not feeling well. Mr. Dowd left the meeting.

The regular meeting of the Gladstone City Council was reconvened at 9:15, with all members, with the exception of Mr. Dowd, present.

* * *

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-72-35, accepting certain Certificates relating to Combined Waterworks and Sewerage System Revenue Bonds, and Combined Waterworks and Sewerage System General Obligation Bonds. Mr. Jezak seconded. The City Manager, in answer to a question, advised that this was customary when the City destroyed those Bonds and coupons which have been paid. The vote: All "aye". Mr. Walker asked why those notated only went to 1968; he wondered why there were no later date ones shown on the list. The City Manager will report on this at a later date.

* * *

Item 17 - Mr. Jezak moved for the adoption of Resolution No. R-72-36, accepting Change Order No. 1, on Water Main Construction Contract No. W-1, reducing the charge by \$1,116.00 for street repairs. Mr. Walker seconded. The vote: All "aye".

Item 18 - Mr. Walker moved for the adoption of Resolution No. R-72-37, accepting work performed by Hevalow-Shanks Construction Company, Inc. on Water Main Contract No. W-1, and authorizing payment for same in the amount of \$1,261.01 for said work. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 19 - Mr. McCausland moved for the adoption of Resolution No. R-72-38, authorizing the approval of and providing for the execution of a proposed Open Space Grant Contract to acquire and/or develop land for open space purposes. This is in connection with Flora Park. Mr. Jezak seconded. (Mr. John Dods said he would like to go on record and note that the City attorneys did not draw up this Resolution.....(laughter). (It was further noted that the Resolution was unusually long).

* * *

Item 20 - Mr. Jezak moved for the adoption of Resolution No. R-72-39, authorizing the City Manager to secure bids for a high service pump for the Water Treatment Plant, and to contract for engineering services. Mr. Walker seconded. The City Manager explained that this was in our next fiscal year budget; that he hoped to be letting the contract around July 1st; that the cost would approximate \$33,000; that it would be approximately two weeks in construction, but that it would take about two and one half months for delivery. The vote: All "aye".

* * *

Item 21 - Mr. McCausland moved for the adoption of Resolution No. R-72-40, authorizing the Sale of certain used City-owned equipment which is no longer in use. Mr. Walker seconded. The City Manager explained that this auger was no longer used; that the Department had purchased a replacement several years ago and no longer need the older piece of equipment. The vote: All "aye".

* * *

Item 22 - Mr. Walker moved to approve the building plans submitted by Mr. Ben Rose for the second phase of the under-construction Auto Self-Service station being constructed at 72nd and North Wyandotte on the north side, east of the Bowling Alley. Mr. Jezak seconded. The City Manager explained that this was the construction of the "shell"; he explained further that Mr. Rose hopes to lease space for auto parts sales and some auto shops and that there would be only one retail store there. The vote: All "aye".

* * *

Item 23 - Mr. Jezak moved to accept the Disbursements Reports for the month of April, 1972, for General Fund, Sidewalk Construction Fund, Sewer Bond Special Assessment Fund and the Combined Water & Sewerage System, as submitted. Mr. Walker seconded. The vote: All voted "aye".

Item 24 - "OTHER BUSINESS" - Mr. Jezak mentioned the condition of the entrance street (67th and North Oak) where 67th has been torn up and not repaired. It was noted that the telephone company had probably created this problem. The City Manager said he would look into the matter.

Mayor Bussinger asked the City Manager if the Public Safety Department was responding to calls of a police nature in the Villages. He said he had heard that we were, and he didn't think this was necessary. The City Manager said he would check into the matter and advise.

The City Manager commented on the scheduled meeting with the Area Transportation Authorities, 8:00 P.M., Wednesday, May 10th. He said he just wished to remind the Council members of the meeting.

As there was no further business to come before the Council at this meeting, it was, upon motion made and seconded, adjourned by unanimous vote. Time: 9:40 P.M.

MAYOR

CITY COUNCIL MINUTES
GLADSTONE, MISSOURI

May 9, 1977

The regular meeting of the Gladstone City Council was called to order at 7:30 p.m. on May 9, 1977 in the Council Chambers of the Gladstone City Hall by Mayor Bob Fairlie. Those present in addition to Mayor Fairlie were Councilman Bill Newborn, Councilwoman Wilma Ogden, Councilman Jack McCausland, Councilman Bernie Jezak, City Manager Dave Olson, City Counselor John Dods and the City Clerk.

Item 2 on the Agenda:

Mayor Fairlie led in repeating the Pledge of Allegiance in which all joined.

Item 3 on the Agenda: Acceptance of Minutes.

Mr. Fairlie moved to approve the minutes of the Regular Council Meeting of April 25, 1977, as submitted; Mrs. Ogden seconded. The vote: Mr. Newborn "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 4 on the Agenda: Approval of Site Plan - Lots 2 & 3 Westphal Addition. RP3 Zone. Applicant: John Hagen.

Mr. Olson explained that Mr. Hagen could not be in attendance at this meeting however he had advised Mr. Hagen that he would request the Council to look at the site plan and building plans for the two four-plexes tonite and should the Council need to talk to him, perhaps it could be deferred to the next meeting.

Mr. McCausland stated that "P" zoning had been the subject of discussion on a one to one basis among some members of the Council recently, and he felt this might be a good opportunity to discuss what procedure should be with regard to "P" zoning. He emphasized that he was not bringing this matter up because of this agenda item or any particular item on the agenda, he just felt that this was a good time for this discussion.

Mr. McCausland pointed out that in many cases when we have approved "P" zoning without a plan and then the developer comes in later with a plan, that there are many people who feel that we should at the very least go back to the Planning Commission for a public hearing. Then there are those who feel that there should be a plan at the time of the initial Public Hearing and and if for any reason that plan changes, for all practical purposes the zoning no longer exists and it should go back to the Planning Commission for another hearing and to the Council for hearing. This is one theory. Some of the people who have been around the City for a number of years feel that was the thought when the Planned Zoning was adopted in the ordinances.

Then there are those who feel that an applicant will show any kind of plan to "get through the hearing process", get the hearing approved and then later come up and "kind of negotiate" a change with the Planning Commission and the Council without the public having the opportunity to see the change in the Plan.

Mr. McCausland went on to state that he would like the minutes to reflect that there is some question at least in one Councilman's mind that we are following the proper procedures in regards to "P" Zoning. He would like the Council to set aside some time in the future for discussing the matter with the Planning Commission in more depth.

He stated that we have had proposals and turned them down because they didn't have a plan; other times we have approved "P" zoning without a plan with the idea that we would get an opportunity later on to approve the plan.

Mr. Jezak commented that when the Planned District was created he felt that the intent was to have a site development plan available at the time the initial zoning was discussed so that it would be known what was planned for that particular piece of land. This is still his concept that any time a planned proposal comes before the Planning Commission it should be as close to accurate as possible to what they are proposing.

Mr. McCausland asked Mr. Jezak if he was saying that it was the concept originally that not only should there be a plan submitted at the initial hearing but if the plan changes significantly they would have to go back to the Planning Commission for another hearing.

Mr. Jezak said this was correct. He cited Brooktree (R-1 zoning) as an example: where they were trying to come up with zero lot lines and closer than 35. ft. set backs; it was discussed whether they should come back to the Planning Commission if they found they had to place a house other than where they originally intended. Over the years it has been felt this was over-restrictive. But, there should be some determination as to where planned district zoning stops and some leeway begins.

Mr. McCausland commented that if such a procedure was adopted, it would affect three items on the agenda tonight.

Mr. Newborn asked Mr. Dods for his interpretation of the ordinance.

Mr. Dods said he had looked into the problem primarily with regard to commercial development. He said the concept of the ordinance is when there is planned zoning, that there will be a hearing afforded to the plan and that the plan itself becomes the parameters of the zone and of the development. The difficulty is with a residential plan; whether or not there should be a separate hearing for each individual lot within the plan. The intent was that the total concept was subject to the hearing; our feeling is that if a plan is submitted and there is thereafter a substantial change in the proposed standards of the plan as distinguished from use or architectural kinds of standards, then it would be necessary to resubmit it back for public hearing. Mr. Dods said he is not prepared to state how R-1 zones should be treated. In all other cases, the intent was that there would be a re-hearing if there was a substantial modification to the plan or if for some reason the zoning had been approved without a plan.

Mr. McCausland stated that we need to answer the question among ourselves before we act on this piece of business. That is are we going to stick strictly to the ordinance as written and require a public hearing or are we going to interpret that we have had a public hearing when the zoning was granted.

Mr. Jezak commented that in many cases there is a large financial obligation to the developer if we require him to submit a detailed plan of street locations, storm sewers, etc. before he ever gets the zoning. Perhaps a preliminary plan should be submitted to the Planning Commission and City Council at public hearing stages so we can determine at that time if the plan is feasible.

Mr. McCausland said we have more or less established a policy and that policy has apparently been inconsistent with the ordinance. Time and time again we have approved zoning with no plan, and on this agenda item Mr. Hagen did tell us that he was going to build two four-plexes so we could interpret that he did bring us a plan.

When "P" zoning was established it was for the purpose of being more restrictive, then we came along and said if we want to vary the plan, i.e., small side yard, save trees, etc. P zoning was used as the machinery to establish those variations. We should have some other category to allow us to do this. My suggestion would be if we are going to establish a new policy and start adhering to the ordinance as it was intended then we should provide some other form of zoning which would allow the Council to allow some other variations in the final subdivision plat as opposed to using the P zoning.

Mr. Dods advised that the purpose of the P zone is not to permit any modification of the usages allowed in any zone; those being established by the basic R-1, P-1, etc. categories. The purpose of the P is to permit a variation of the performance standards such as set backs, side yards and other things having to do with the utilization of the building on a tract of ground as distinguished from the use to be put in the building.

Mr. McCausland said this was not his interpretation. He feels that the original intent of the P zoning was to place a restriction on the applicant so that he had to follow the plan submitted at the time of the zoning. Later on when the RP-1 was developed it was to allow some variations, but he didn't think that that is what P should be used for.

Mrs. Ogden suggested that the ordinance be studied at a study session and now go on to the plan as we see it before us.

Mayor Fairlie said before us we have request for Site Plan Approval of Lots 2 and 3 Westphal Addition RP-3 Zone. John Hagen Applicant. He feels that this has met the requirements of the Public Hearing in that the developer stated at the Public Hearing that he intended to build two four-plexes on two lots. The residents of the area had an opportunity to speak at that time. Public Hearing was held before the Planning Commission and Council and now it is back to the Council for action.

Mr. McCausland moved to approve the Site Plan on Lots 2 & 3 Westphal Addition, John Hagen Applicant as submitted. Mr. Newborn seconded.

Mr. McCausland stated that he does not agree with Mr. Fairlie that this meets all the requirements of our Planned Zoning because Mr. Dods just told us that it doesn't technically meet the requirements. He does agree that Mr. Hagen told us he intended to build two four-plexes, but there was no "plan". He would like to see us establish a policy of requiring a plan at the initial public hearings and if that plan is varied then they have to back through the whole process again. He does agree that Mr. Hagen basically has met the requirements but technically he did not since there was no plan. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 5 on the Agenda. Approval of Building Plans for Lots 2 & 3 Westphal Addition. 910,912,914,916 and 920,922,924,926 NE 68th Street.

Mr. Olson submitted the plans to the Council and indicated that these four plexes would be brick all around. After review of the plans the Mayor called for the vote.

Mrs. Ogden moved to approved the building plans as submitted. Mr. Newborn seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 6 on the Agenda. Approval of Preliminary Plat for Christopher Heights, SW corner of 72nd Street & North Indiana. Applicant: Liggett Construction.

Mr. Terry Liggett reviewed the plat for the development for Council members explaining that there would be 56 lots planned for this subdivision. Development will be in two phases, with the first phase ready by fall and the remainder scheduled for completion within two years.

Mr. Liggett noted that the City Engineer had recommended having N. Indiana entrance onto 72nd Street. The Planning Commission had noted the danger of the hill at this point. It was pointed out that when 72nd Street is widened and the hills cut down this should alleviate some of the problems. The Council and Mr. Liggett discussed Bellefontaine as an alternative but determined that Indiana would align with Whispering Oak Subdivision and the fewer streets entering onto 72nd Street the better.

Mr. Liggett asked for the Council's opinion of requiring curb and gutter and sidewalks on 72nd St. He noted that the Planning Commission had requested it along 72nd Street but recommended an escrow fund be set up. The Council was of the opinion that sidewalks would not be required however curb and gutter would be and they agreed that since it was unknown when 72nd Street would be improved at this time, that creating an escrow fund is the best way to handle it.

Mr. Liggett asked the Council if they had a preference as to lazy back curb or vertical curb. It was suggested that curbing should perhaps match existing curbing on 72nd Street and would leave that determination to the City Engineer.

Mr. McCausland moved to approve the Preliminary Plat of Christopher Heights as submitted, with the understanding that Mr. Liggett be prepared to (1) make provisions for storm drainage retention (2) establish an escrow fund for curbs and gutters on 72nd Street with curb type to be recommended by the City Engineer. Mr. Newborn seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 7 on the Agenda: Approval of Preliminary Plat - Resurvey of Lots 63, 64 111 & 112 of Evanston Place. Applicant: Larry Mitchell

Mr. Mitchell reviewed the preliminary plat with Council members explaining that this was on the Southwest corner of NE 57th Terr and N. Indiana. It was noted that the Planning Commission had not recommended any formal water retention as this is under five acres.

Mr. Jezak moved to approve the Preliminary Plat of Resurvey of Lots 63, 64 111 & 112 of Evanston Place with the six stipulations of the Planning Commission.

Mr. McCausland said he felt the first stipulation was unreasonable. (1. Curb Cut for Lot 3 to be made on NE 57th St. Terrace, and not on Indiana.) It was agreed that this first stipulation be omitted. Mr. Jezak amended his motion to approve the Preliminary Plat of Evanston Place Resurvey of Lots 63, 64, 111 & 112 with the following stipulations as suggested by the Planning Commission.

2. The house planned for Lot 1 to be built on the north half of that lot to allow for later subdivision of the south half of Lot 1 if NE 57th Street is ever constructed.
3. The small pond presently located at the rear of lots 4 and 5 be completely filled in.
4. That normal care be exercised in regard to water retention, but that no formal water retention plan be required.
5. That the developer build curbs, gutters and sidewalks on NE 57th Terrace and N. Indiana.
6. That the developer conform to all other requirements of the Gladstone Subdivision Ordinance.

Mr. Newborn seconded the motion. The vote: Mr. Newborn, "aye"; Mrs. Ogden "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 8 on the Agenda. Communications from the Audience.

Mr. Aubrey Walker, 200 NE 74th Terr. spoke to the Council regarding his and his neighbor's concern for the ditch erosion that is taking place in the drainage ditch to the rear of their properties. He indicated the ditch was approximately 14 ft. wide across his property. He felt the problem had worsened since construction of the storm sewer on North Oak in connection with the widening project. He said sewage, oil and grease can be seen in the ditch.

Mr. Olson commented that the Engineering Department had looked into the matter before the North Oak reconstruction but have not been aware of problems since the reconstruction. Mr. Olson said he would have our City Engineer check this problem out and suggested a determination be made as to the possibility of constructing an energy dissipator if warranted. The City will be back in touch with Mr. Walker.

Item 9 on the Agenda. Communications from the City Manager

Mr. Olson requested the Council to delete Item No. 21 from the agenda (R 77-15). He explained this resolution dealt with proposed Homeowner Insurance Rate Increases and he had received word that some 200 insurance companies who had requested the rate increase and agreed to the Governor's request to defer it for one year.

Item 10 on the Agenda. Communications from the City Council

Mr. Newborn - nothing at this time.

Mrs. Ogden read a news release from the Northland Kiwanis commending Public Safety Officers Ron Flippin and Doug Scheffner for their actions during a heart attack call on August 24, 1977.

Mr. McCausland commented that he had attended a meeting last week with Mr. Olson, Mr. Bob Van Wye, Larkin and Associates and representatives of the Kansas City Highway Commission on the Englewood Road widening project. Although the final vote by the KC Highway Commission will not be taken for two weeks they came away feeling very optimistic that they had the support of the Commission on the three lane proposal. He emphasized that no final determination had been made but we are one step closer.

Mr. Jezak requested the Clerk to provide him with a copy of the April 25, 1977 Council Minutes.

Mr. Fairlie read a news release from the Community Blood Bank announcing that City Employee Richard Talbot had just received a Gallon Donor Pin from the Community Blood Bank.

Mayor Fairlie also read two letters from Gladstone citizens commending the Public Safety Department for their fast response and help given on two different occasions recently.

Item 11 on the Agenda. THIRD READING BILL NO. 77-12, rezoning from R-1, Single Family Dwelling District to RP-1, Planned Single Family Dwelling District property at 64th Street and North Prospect. Little Maple Corporation.

Mr. Newborn moved to accept the Second Reading of Bill No. 77-12 and place it on its Third and Final Reading. Mrs. Ogden seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye". Mr. Jezak, "aye"; Mayor Fairlie, "aye". Clerk read the Bill.

Mr. Newborn moved to accept the third and final reading of Bill No. 77-12 and enact it as Ordinance No. 2,204. Mrs. Ogden seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye", Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 12 on the Agenda. SECOND READING: BILL NO. 77-13, an ordinance requiring the City Collector to prepare a Land Lot and Delinquent List.

Mrs. Ogden moved to accept the First Reading of Bill NO. 77-13 and place it on its Second Reading. Mr. Newborn seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye". Clerk read the Bill.

Mr. Olson asked the Council to consider enacting this ordinance tonight since we were nearing the time for the Tax Sale we would like to have this ordinance passed tonight and a first reading of the ordinance approving the Land Lot and Delinquent List.

Mrs. Ogden moved to accept the Second Reading of Bill No. 77-23 and place it on its Third and Final Reading. Mr. Newborn seconded. The vote: Mr. Newborn "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye". Clerk read the Bill.

Mrs. Ogden moved to accept the Third and Final Reading of Bill No. 77-13 and enact it as Ordinance No. 2.205. Mr. Newborn seconded. The vote: Mr. Newborn "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor McCausland, "aye".

Item 13 on the Agenda. SECOND READING: BILL NO. 77-14, an ordinance amending Ordinance No. 1.372 rezoning from R-1, Single Family Dwelling District to CP-1, Planned Local Business, 6812 North Oak. Applicant: Brian Hall

Mr. Jezak moved to accept the first reading of Bill No. 77-14 and place it on its second reading. Mr. McCausland seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "nay"; Mr. McCausland, "aye"; Mr. Jezak, "nay"; Mayor Fairlie, "aye".

Item 14 on the Agenda. FIRST READING: BILL NO. 77-16, an ordinance approving the Final Plat of Whispering Hills Subdivision. (61st & No. Baltimore)

Mr. Olson advised that this bill is a First Reading not Second Reading as was indicated on the Agenda.

Mr. Jezak moved to place Bill No. 77-16 on first reading. Mr. McCausland seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mr. McCausland, "aye"; Mayor Fairlie, "aye". Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 77-16 and place it on its second reading. Mr. McCausland seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye". Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 77-16 and place it on its third and final reading. Mr. McCausland seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "absent"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor McCausland, "aye". Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 77-16 and enact it as Ordinance No. 2.206. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "absent"; Mr. McCausland, "aye"; Mr. Jezak, "aye". Mayor Fairlie, "aye".

Item 15 on the Agenda. FIRST READING: BILL NO. 77-17, authorizing execution of a Right-of-Way Agreement with the Gas Service Company.

Mr. McCausland moved to place Bill No. 77-17 on first reading. Mr. Fairlie seconded.

Mr. Olson explained that this is for a 15 ft. permanent easement along the west edge of Happy Rock Park tract along Antioch Rd. as well as the Cooksey property we recently purchased. Would suggest one reading at this time as we are checking with Bureau of Outdoor Recreation to make sure that any thing the Council permits us to do is in keeping with the policy for federally assisted purchases. It seems the State Highway Commission only has 70 feet total right of way and it seems Gas Service feels the best way to get to their site at 77th and N. Antioch is to come up the east side of Antioch Road. We don't think it will cause a problem but do want to check this out with BOR.

The vote: Mr. Newborn "aye"; Mrs Ogden, "aye "; Mr. McCausland, "aye"; Mr. Jezak, "aye". Mayor Fairlie, "aye". The Clerk read the Bill.

Item 16 on the Agenda.

FIRST READING: BILL NO. 77-18, an ordinance authorizing execution of a Mutual Aid Agreement with the City of Riverside for fire protection.

Mr. Newborn moved to place Bill No. 77-18 on first reading. Mrs. Ogden seconded.

Mr. Olson advised that this agreement is quite similar to the one we have with City of Kansas City, Missouri. The safety of Gladstone citizens will always be a priority with our department but we will be giving back up assistance to them and in the event we have problems we can call on them. Mr. Olson noted that the Riverside Department had "beefed up" their department in the past several years and it is seen as a benefit to us to enter into such an agreement with the growth in the "bootheel" area that Gladstone is experiencing.

The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye". The Clerk read the Bill.

Mr. Newborn moved to accept the first reading of Bill No. 77-18 and place it on its second reading. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye", Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye". The Clerk read the Bill.

Mr. Newborn moved to accept the second reading of Bill No. 77-18 and place it on its third and final reading. Mrs. Ogden seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye" Mayor Fairlie: "aye". Clerk Read the Bill.

Mr. Newborn moved to accept the third reading of Bill No. 77-18 and enact it as ordinance No. 2.207. Mrs. Ogden seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie "aye".

Item 17 on the Agenda. First Reading: Bill No. 77-19, an ordinance approving the Land and Lot Delinquent List.

Mrs. Ogden moved to place Bill No. 77-19, on first reading. Mr. Jezak seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye" Mr. Jezak, "aye"; Mr. Fairlie, "aye".

Item 18 on the Agenda. First Reading Bill No. 77-20, an ordinance creating a Special Sewer District within the City of Gladstone, Missouri.

Mr. McCausland moved to place Bill No. 77-20 on first reading. Mr. Jezak seconded. Mr. Dods explained that since all the land is owned by the same property owner, there should be no objection to creation of the sewer district and he would recommend three readings if the Council so desires. The tax bills will be picked up and paid by the Guaranty Development Group.

The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye". Clerk read the Bill.

Mr. McCausland moved to accept the first reading of Bill No. 77-20 and place it on its second reading. Mrs. Ogden seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye"; The Clerk read the Bill. Mr. McCausland moved to accept the second reading of Bill No. 77-20 and place it on its third and final reading. Mrs. Ogden seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye". The Clerk read the Bill. Mr. McCausland moved to accept the third and final reading of Bill No. 77-20 and enact it as ordinance No. 2,208. Mrs. Ogden seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 19 on the Agenda. Bill No. 77-21.

Councilmember Bill Newborn presented Bill No. 77-21, being for an ordinance calling a special election in the City of Gladstone, Missouri, on the proposition to issue the general obligations of the City of Gladstone, Missouri, to the amount of \$250,000 for the purpose of improving the existing park facilities of the City by constructing a swimming pool and adjoining parking lot, designating the time of holding said election, fixing the polling places of said election, appointing the judges and clerks to conduct said election, prescribing the form of ballot to be used thereat, and directing the City Clerk to give notice of said election.

Mr. Newborn moved to place Bill No. 77-21 on first reading. Mrs. Ogden seconded. The Clerk read the Bill in full.

Mr. Jezak stated that as the Council representative to the Park Board he felt bringing this swimming pool issue back to the people was long over due. This goes along with the "quality of life" we are anxious to maintain in our city. This is not the result of only Council study but is the result of many hours of research by both the Council and Swimming Pool Priority Committee and Park Board. All the research points to a lot of citizen interest in building a swimming pool at this time in the community and the timing seems right to give the citizenry another opportunity to vote on this issue.

Mr. Newborn commented that as the Council representative to the Swimming Pool Subcommittee chaired by Mr. Mike Svetlic, that subcommittee made several trips to Kansas City area swimming pools. It was not just a snap judgement that a swimming pool election should be held, a lot of hours and work went into the decision. We are very excited about the possibility of a pool in Gladstone and our research points out that when properly managed, a pool can be a profitable venture.

Mr. McCausland commented that people have been asking him for the last five years why we do not have a public swimming pool in Gladstone. It has always been his desire to have a swimming pool and he agrees with Mr. Jezak that a City as well run and with as much population as Gladstone should have their own public pool. It is important that we point out that we are subjecting this to a vote of the people because we need bond money to build a pool. It will require a two-thirds vote of the people. Mr. McCausland said he intends to work hard to see that it passes.

Mr. Newborn said that at the public hearings held on the subject of a swimming pool, a poll was taken and the majority present went on record that they would be willing to pay additional money to have a pool.

Mr. McCausland stated that it is not the City's intention to cause an increase in taxes. We feel confident by projecting our revenue that we can retire the bonds without an increase in any tax rate, just by means of our normal revenue such as property taxes, sales tax, franchise taxes. We would not have made such a proposal without this understanding.

Mr. Fairlie said it is important to note that while we are calling for a special election on a proposition to issue \$250,000 G.O. Bonds that that amount will not probably cover the entire cost of construction. Some existing money will be used for the construction costs. We know that if we spend money for the pool, that something else will be delayed. What that is, we don't know at this time. But we do have some excess monies that can be put into pool construction.

* * *

The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

* * *

Mr. Jezak mentioned that the location had been narrowed down to Central Park. This location was chosen for a number of reasons. It is centrally located, well suited for a swimming pool, ground is paid for, utilities are already in, parking lots at City Hall can be used after City office hours and weekends. The design of the pool is presently under study by the Swimming Pool Engineer. A joint meeting had been held last Wednesday with the Park Board, Council Members and Swimming Pool Subcommittee. A meeting will be held on Wednesday, May 11th with those same groups. At that time two different design proposals will be submitted for consideration and a basic design will be worked out by the Swimming Pool Engineer. He will then give it to the architect for refinement so that the public can be aware of design, costs, etc. well in advance of the Tuesday, July 12th election date.

Mr. Newborn commented that another determining factor in the location was its proximity to the Public Safety Department and ambulance facilities. The proposed site is within view of City Hall and this should help with vandalism problems.

Mayor Fairlie commented it was felt a good time to hold such an election is when the pools are being used and for that reason the July 12th date was chosen. In addition, the bids for construction can be let so that the construction work can be done in the winter months.

Mayor Fairlie announced to the Council that under the provisions of paragraph (d)(2) of Section 20 of Ordinance No. 1.83 of the City, the bill under consideration will be placed on second reading at the next regularly scheduled Council meeting to be held at the City Hall at 7:30 o'clock P.M. Monday, May 23, 1977.

Item 20 on the Agenda: Resolution NO. 77-14, authorizing extension of a Special Use Permit for the operation of Hamilton Heights Country Club

Mr. Jezak moved to adopt Resolution No. 77-14 extending the Special Use Permit for the Operation of Hamilton Heights Country Club for a three year period expiring May 1, 1980. Mr. Newborn seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 21 on the Agenda: Resolution No. 77-15, Homeowner Insurance Rate Increases Deleted by request

Item 22 on the Agenda: Resolution No. 77-16, authorizing the sale of City-owned property.

Mr. Newborn moved to adopt Resolution No. 77-16 authorizing sale of City-owned property to the highest bidder. Mrs. Ogden seconded.

Mr. Olson explained that the two items (unrepairable) calculators will be sold at the Public Safety Auction on Saturday, May 14th to the highest bidder.

The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 23 on the Agenda: Resolution NO. 77-17, authorizing execution of a Pole Attachment Agreement with Kansas City Power & Light Co.

Mr. McCausland moved to adopt Resolution No. 77-17 authorizing execution of a Pole Attachment Agreement with Kansas City Power and Light Co. Mr. Jezak seconded.

Mr. Olson explained that this agreement allows the City to attach our street lights to KCP&L poles for a rental fee of \$5.00 per pole and anchor rod rental of \$1.00 per year. This is the only way we can attach to their equipment. However in many areas we will be putting in our own poles. City of Kansas City has a similar agreement with KCP&L. Recommend authorization of this agreement. Mr. Olson said he had reviewed the proposed agreement with Mr. Jerry Custead of the Company and our attorneys have also reviewed the agreement and KCP&L seems to have gone all out to make sure all potential problems are covered under the agreement and the attorneys see no problems with the agreement. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 24 on the Agenda: Resolution No. 77-18

Mr. McCausland moved to adopt Resolution R- 77-18 authorizing acceptance of a proposal for Street Sanitary Sewer Construction. Mr. Jezak seconded. Mr. Olson advised that the reconstruction of North Oak and 67th Street intersection requires the relocation of an eight inch sewer main because the new profile causes the sewer to lie too low. Sewer is backing up because original installation was without sufficient fall. 5 houses would be connected to the new system and the contractor can be on the job soon. Mr. Olson recommends acceptance of this proposal.

Item 25 on the Agenda. Resolution No. R-77-19

Mr. Jezak moved to adopt Resolution R-77-19 authorizing acceptance of a proposal for the purchase of a tractor and mower. Mr. Newborn seconded.

Mr. Olson explained that this purchase was mainly for right-of-way mowing but would also be utilized by the Park Department. It was a budgeted item at \$8,000. The purchase price is \$8458 so the balance will have to come from another source but it a necessary item and authorization is requested.

The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 26 on the Agenda. Resolution No. R-77-20

Mr. Newborn moved to adopt Resolution NO. R-77-20 authorizing execution of an Agreement for Engineering Services in connection with Storm Sewer Design at 69th & North Oak. Mrs. Ogden seconded.

Mr. Olson advised that this professional engineering agreement is to provide plans and specifications for construction of the 60" concrete storm sewer for property west of North Oak. Some preliminary work during the early planning for the North Oak reconstruction, and Larkin is familiar so they have been asked to do the study. Estimated cost of design and engineering is \$4676 maximum and will be included in the storm sewer benefit district. If hour are less, the fee will be reduced accordingly. The State Statutes provide that legal and engineering can be included in a special sewer benefit not to exceed a total of 10% of the project costs.

Item 27 on the Agenda. Resolution No. R-77-21

Mrs. Ogden moved to adopt Resolution No. R-77-21 establishing the Gladstone Senior Citizen's Activity Center and allocating Federal Anti-Recessionary Funds. Mr. Newborn seconded. Mr. Olson explained that \$4,657.00 received in Federal Anti-Recessionary is proposed to remodel both the interior and exterior of the former Civil Defense headquarters at Oak Grove Park for use by the Gladstone Senior Citizens as an Activity Center.

The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 28 on the Agenda. Resolution No. R-77-22

Mr. Fairlie moved to adopt Resolution No. R-77-22 authorizing the City Manager to employ a Bond Counsel. Mrs. Ogden seconded. Mr. Olson advised the Bond Counsel will provide the City with all necessary proceedings in the calling of the Special Bond Election on April 12, 1977. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item 29 on the Agenda. Resolution No. R-77-23

Mr. Jezak moved to adopt Resolution No. R-77-23 authorizing reimbursement to Missouri State Highway Commission for right-of-way expenses on Highway J-1 Project. Mr. Newborn seconded. Mr. Olson noted that this is to reimburse the Commission \$894.03 which represents 50% of the accumulated right-of-way expenses through February 28, 1977 in connection with the Highway J-1 (Antioch Road) Extension project as per the terms of the agreement the City executed with the Commission in 1975. Funds will be expended from the Street Bond Improvement Fund. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fairlie, "aye".

Item No. 30 on the Agenda. Financial Statements

Mr. Newborn moved to accept the financial statement for Combined Waterworks and Sewerage System Operation & Maintenance Fund Cash Disbursements for the month of April, 1977. Mrs. Ogden seconded. The vote: Mr. Newborn, "aye"; Mrs. Ogden, "aye"; Mr. McCausland, "aye"; Mr. Jezak, "aye"; Mayor Fiarlie, "aye".

Item 31 on the Agenda. Other Business

Mayor ^{Jay}McCausland announced the meeting on Wednesday, May 11, 1977 at 7:30 with the Swimming Pool Subcommittee, Park Board and City Council members.

Item 32 on the Agenda. Questions from the News Media.
There were no questions from the press.

Item 33 on the Agenda. There being no further business, the meeting was adjourned at 10:45 p.m.

Joey L. Seever
JOYCE L. SEEVER, CITY TREASURER, CITY OF GLADSTONE, MISSOURI

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

22 MAY 72

The regular meeting of the Gladstone City Council was called to Order on Monday, May 22, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Mayor Lee Bussinger, Councilman McCausland, Councilman Dowd, Councilman Jezak, and Councilman Walker. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk, were present.

The Colors were presented and the Pledge of Allegiance given, in which all joined, by 4 members of Boy Scout Troop No. 288, from the Northminister Presbyterian Church. Mayor Bussinger made the Scouts welcome and introduced them.

Item 3 - Mr. Jezak moved that the Minutes of the Council meeting of May 8th be accepted as submitted. Mr. Walker seconded. Mr. Dowd said he would like to have paragraph 2, on page 3 of said Minutes corrected as follows: (Reference No. 10 - Bill No. 72-23, rezoning from R-1, Single Family Residential Zone, to C-P-0, Planned Non-retail zone, property described as being located at approximately 2420, 2422 and 2424 Pursell Road, and from C-0, Non-Retail District, to C-P-2, Planned General Business District, property described as being located at approximately 5600, 5602 and 5604 North Antioch Road.) Mr. Dowd indicated that he was incorrectly quoted, and had said: "The prior Planning Commission and Council gave C-0 on Antioch to relieve those owners and to protect the adjacent neighbors such as on Pursell. I thought it was sound zoning then, and it still is...I was opposed to higher C zoning on Antioch, and wanted no commercial on Englewood or Pursell". The Clerk noted the correction. Mr. Jezak moved that the Minutes of the Council meeting of May 8th be accepted as corrected. Mr. Walker seconded. Mr. McCausland advised that he did not recall making a "Nay" vote on paragraph 1, page 4, first reading of Bill No. 72-29. The Clerk noted the correction. The vote: All "aye".

* * *

Item 4 - Communications from the Audience. Mr. Vincent Badami, Jr., addressed the Mayor and Council. He asked if there were any plans for a light of some kind to enable traffic to get out onto Antioch Road from Kendallwood. He also asked if there were some plans for a light at 64th and Prospect. It was noted that these would be the responsibility of the State Highway Commission. Mr. Dowd said the City could suggest the need for such lights, but could not demand that they be put in. Mr. Badami asked other questions relative to the preliminary engineering study being made on North Oak Street. He asked if it were completed. The answer was that it had gone about as far as it could until the Bond issue carries. He asked what the actual cost would be for the widening and the intersections. The answer was 2.7 million dollars, with rights-of-way and construction. Mr. Badami asked if the Villages of The Oaks and their citizens had been contacted insofar as their part of the plans for their portion of North Oak Street. The answer was that there is nothing that can be done at this point until the people have authorized the "go ahead" with the Bond issue. Mr. Badami asked about the City's involvement with ATA. He read from a newspaper article which stated certain figures. Mr. Dowd said the City Council did not necessarily agree with the figures quoted in the

Dispatch. Gladstone hopes to delete all mid-day trips to Antioch Center, to increase fare to 75¢; to consider a maximum \$5,000 subsidy, etc.

Mr. Badami asked how much money would be realized from the Sales Tax. Mayor Bussinger answered that a conservative estimate would be upwards from \$400,000.

Mr. Keith Beck, President of the Gladstone Jaycees, addressed the Mayor and Council with reference to two plans this organization had; (1) to have a full-size circus, a two-day affair, with a big top, hopefully to be located on the Elliott property at approximately 76th Terrace and Antioch Road. He said they would like very much to use a portion of this ground. The date is to be the last week of September. He said he needed tentative approval as soon as possible in order to clear the time with the circus owners. (2) The second project is a "Pitch In" Ecology program, involving all of the clubs, all of the schools and all of the citizens. They hope to make it a contest kind of arrangement, possibly with a cash prize, and hope to have photos of "before" and "after" areas. He said they needed permission to use some City equipment to haul away the trash, and he asked if there were an anti-littering ordinance on the Books in the City. Mayor Bussinger said there would be a work session planned this week at which time the Council would discuss these matters and would get back to Mr. Beck with decisions.

Mr. Hoy Thompson, 7512 North Highland, addressed the Mayor and the Council regarding Item 7 on the Agenda; he asked if these were to be more apartments? The answer was in the affirmative. He also asked when the copies of the Budget would be available. The City Manager said by June 15th, after the Bond Election.

Mr. Dennis Rooney, 1104 NE 67th Place, asked if the coming Election would be using paper or machine ballots. The answer was machine ballots. He asked why General Obligation Bonds as opposed to Revenue Bonds. Mr. Dowd answered that under General Obligation Bonds, all the land in the City is put up as collateral; with Revenue Bonds, there would have to be toll booths all along North Oak to collect money. Mr. Dowd went on to say that the City will have the income from the Sales Tax to pay for it; that the only way the City can borrow money is by the means of Bonds. Mr. Rooney asked about the parks in the City. Mr. Jezak commented that a substantial down payment has been made on the "Elliott Park property", and that the City is waiting for a final ok from the Federal Government on their half of the money; that, insofar as the City is concerned, it is believed that the property will be ours. He clarified this as being 50% matching funds.

* * *

Item 5 - Communications from the City Council. Mr. Jezak advised that last Thursday, May 18th, a meeting had been held at the Gladstone Community Building for the express purpose of selecting a student from the Junior class at one of the High Schools to serve as the 9th member of the Park Board. Mr. Jezak said that to his delight, eight students came forth expressing interest in this position. He said, further, that it had been decided to let the students decide amongst themselves as to who would represent them and they elected Miss Terri Wirtz, 5 NE 67th Terrace. Terri is 17 years old and is presently a Junior and will be a Senior next year. At this time, Terri was introduced to the Council and received a round of applause. Mr. Jezak moved to appoint Miss Wirtz to the Park Board for one year; Mr. Dowd seconded. The vote: All "aye".

Mr. Bussinger said the Council expected Terri to come up with a lot of good ideas. He said the Council was glad to have her "aboard".

Item 6 - Communications from the City Manager. Mr. Olson said he would like to add Bill No. 72-39, which is for an ordinance amending the present Zoning Ordinance, Section 11, specifically, (C-1), zoning, and advised there would be an additional Resolution which, at the time it was written did not have available the number of feet of CIP. It was, he said, actually 710' of 6" CIP on 59th Place, in Walnut Creek. He said there was no payback in this contract for water main construction.

Item 7 - Continuation of Public Hearing on a request to rezone from R-1 to R-P-3 property located at approximately 3209 NE 72nd Street. Mr. John Evans, of Land Development Collaborative Company, 3724 Blue Ridge Blvd., Independence, Missouri, representing Mr. Aubrey Richardson, the petitioner, was present. He said he wanted to explain their feasibility study, and he proceeded to do so.

After general discussion, Mayor Bussinger asked if there were anyone to speak in opposition. Mr. Vincent Badami, Jr., said he was opposed, as he felt there were too many apartments; that with 150 units there would be approximately 300 more cars funneling onto a major street which was already overburdened.

Mr. Paul Carleson, 454 NE 68th Street, asked if there was firewall construction planned. The City Manager advised that there had to be either firewall construction or one hour fire resistant material used in accordance with the Uniform Fire Code which the City adopted.

As there was no further discussion Mayor Bussinger closed the Public Hearing. Time: 8:45 P.M.

At this time, a character calling himself "Hop-A-Long-After-Me" charged into the Council meeting with much flourish and presented to the City Fathers a Resolution, suggested by the Clay County Court, and signed by the Presiding Judge, Ed Bauman, Western Judge Thomas Howell and Eastern Judge J. B. Moore, resolving, in essence, the County's request that all towns and communities give their fullest participation to the One Hundred and Fiftieth Anniversary of the founding of Clay County, and urging that each political entity pass a resolution urging their citizens to take part in events scheduled for the celebration. This Resolution was appropriately numbered (R-72-COLT-44) and the motion to adopt same was unanimously approved. Charles R. Logan, as "Hop-A-Long" was asked where he had left his horse, and after some appropriate remarks, the Mayor suggested that the horse "be kept off Oak Street".

Item 8 - A Public Hearing on a change in the Gladstone Zoning Ordinance, specifically in Section 11 of Ord. No. 1.372, providing for a change in Performance Standards for C-1, Local Business District, to-wit: "No perishable food or foodstuffs shall be stored or displayed outside a building between the hours of midnight and 6:00 A.M." Mayor Bussinger opened the Public Hearing. The City Manager advised that this suggestion had been made to change the provision in order to lessen the hardship on retail businesses in C-1 zoning. He noted that C-2 zoning did not have the restriction requirement. He explained that such stores as Williams' U. S. Super Market, the A & P, Krømer's Hardware, etc., had difficulty finding sufficient storage space inside their buildings for items which were on demand especially during the spring and fall months; that moving such items inside and outside again, each day, created labor problems, damaged the merchandise and was not economically feasible nor practical. No one appeared in opposition. Mayor Bussinger closed the Public Hearing.

* * *

Item 9 - A Public Hearing on a request to vacate certain utility easements over Lots 7 to 11, inclusive, Block 7, STRATFORD PARK, THIRD PLAT. Mayor Bussinger opened the Public Hearing. Mr. James E. Campbell, Attorney for the applicant, J. A. Peterson Company, advised that they wished to vacate these easements now; that they had been overlooked earlier, when the Third Plat was accepted, and that the City Engineer had called their attention to the need. No one appeared in opposition. Mayor Bussinger closed the Public Hearing.

At this time, Mayor Bussinger advised there would be a five-minute recess.

The regular meeting of the Gladstone City Council was reconvened by Mayor Bussinger at 9:05 P.M. All members were present.

* * *

Item 10 - Mr. Walker moved to place Bill No. 72-30 on its third reading (after acceptance of the second reading). Mr. McCausland seconded. Said Bill rezones from R-3, Garden Apartment Residential District, to R-1-CH, Cluster Housing District, property described as being located at approximately North Bales from and between NE 69th and 70th. The vote: All "aye". The Clerk read the bill. Mr. Walker moved to accept the third and final reading of said Bill No. 72-30, and to enact it as Ordinance No. 1.877.

* * *

Item 11 - Mr. Jozak moved to accept the first reading of Bill No. 72-24, and to place it on second reading. Mr. Dowd seconded. Mr. Dowd said that it was his feeling that the proposed rezoning, from C-3, Commercial District, to R-P-4, Planned Apartment House District, and from C-3, Commercial District, to R-P-2, Planned Two-Family District, on property described as being located at approximately 3701 NE 72nd Street, would be over the density which would be the most beneficial to the City, and that he would vote "NO" on the request to read a second time. The vote was called. All voted "NO", thus "killing" Bill No. 72-24. The rezoning request was, thereupon, denied.

Item 12 - Mr. Dowd moved to accept the first reading of Bill No. 72-29 (which rezoned lots 3, 4, 5, and 6, Block "G", MOSBY HIGHLANDS, from C-1, Local Business District, to C-2, General Business District), and to place it on second reading. Mr. Walker seconded. The vote: All voted "NO", thus killing Bill No. 72-29. The rezoning request was, thereupon, denied.

* * *

Item 13 - Mr. Jezak moved for the first reading of Bill No. 72-33, designating the judges who shall work at the polls for the June 10th, 1972, Election. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 72-33, and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 72-33, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 72-33, and to enact same as Ordinance No. 1.878. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 14 - Mr. McCausland moved to place Bill No. 72-34, accepting a Quit-Claim Deed on certain land in EAST LINDEN, on first reading. Mr. Jezak seconded. The vote: All voted "aye". The Clerk read the Bill. Mr. McCausland moved to accept the first reading of Bill No. 72-34, and to place it on second reading. Mr. Jezak seconded. The vote: All voted "aye". The Clerk read the Bill a second time. Mr. McCausland moved to accept the second reading of said Bill, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. McCausland moved to accept the third and final reading of said Bill No. 72-34, and to enact same as Ordinance No. 1.879. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 15 - Consideration of Final Plat of Meadowbrook Manor, SIXTH PLAT. The Final Plat of Meadowbrook Manor, Sixth Plat was duly considered by the Council. Mr. Dowd then moved to place Bill No. 72-35, accepting said Final Plat of Meadowbrook Manor, Sixth Plat, on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the first reading of Bill No. 72-35, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the second reading of Bill No. 72-35, to waive Section 20(d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the third and final reading of Bill No. 72-35 and to enact same as Ordinance No. 1.880. Mr. Walker seconded. The vote: All "aye".

* * *

Item 16 - Consideration of Final Plat of Stratford Park, FOURTH PLAT. This Plat was duly considered by the Council members, after which Mr. Walker moved to accept the Final Plat of Stratford Park, Fourth Plat, as submitted. Mr. Dowd seconded the motion. The vote: All "aye". Mr. Walker moved to place Bill No. 72-36 on its first reading. Said Bill accepts the Fourth Plat of Stratford Park. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of said Bill and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 72-36, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of Bill No. 72-36, and to enact it as Ordinance No. 1.881. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 17 - Mr. Jezak moved to place Bill No. 72-37, for an ordinance establishing a Traffic School, on its first reading. Mr. Dowd seconded. Mr. Dowd suggested that he felt there should be a definite charge established rather than leaving the charge to the discretion of the Director of Public Safety; he suggested something like a \$5.00 charge per offender. He said he believed it should be at the discretion of the City Council rather than the Public Safety Director. After further discussion, it was mutually decided that Section 6 of said Bill would read as follows: "That the Director of Public Safety or the Municipal Judge may authorize and allow convicted traffic offenders from other municipalities within Clay County or Platte County, Missouri, to attend said traffic school, pursuant to such agreements that may be made between Gladstone and other municipalities." The vote on the first reading: All "aye". The Clerk read the Bill, incorporating the above wording in Section 6.

* * *

Item 18 - Mr. Walker moved to place Bill No. 72-38, authorizing the preparation of a Land and Lot Delinquent List, on first reading. Mr. Jezak seconded. Mr. Walker commented that some of these delinquencies were from some years back and suggested that they be cracked down upon. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the first reading of Bill No. 72-38, and to place said Bill on 2nd reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the second reading of Bill No. 72-38, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved to accept the third and final reading of said Bill and to enact it as Ordinance No. 1.882. The vote: All "aye".

* * *

At this time the Council took up Item 21 - Consideration of Building Plans: (a) Mr. Dowd moved to accept Building Plans for certain Cluster Housing construction, being Buildings 1, 2 and 3, located at approximately 70th and North Askew, MEADOWBROOK MANOR, SIXTH PLAT, as submitted. Mr. Jezak seconded. The

vote: All "aye". (b) Mr. Walker moved to accept building plans for the construction of an office building to be located at approximately 6317 North Antioch Road. Messrs. Phil Snowden, Joe DeCuyper and Steve Crain were present (as the owners of the property) to discuss the plans. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 18-A - added to the Agenda: Mr. Jezak moved to place Bill No. 72-39, being for an Ordinance amending Section 11 of Ordinance No. 1.372, the Gladstone Zoning Ordinance, providing for a change of Performance Standards for C-1 (Local Business District) zone. The change permits merchandise and equipment other than perishable food or foodstuffs to be stored and/or displayed outside the building between the hours of midnight and 6:00 A.M. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 72-39 and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 72-39, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 72-39 and to enact it as Ordinance No. 1.883. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 19 - Mr. McCausland moved for the adoption of Resolution No. R-72-41, accepting the low bid of Mid-Continent Asphalt and Paving Company, for Contract S-1, 1972 Street Overlay Program, for 8,500 tons of asphalt at \$9.88 per ton for a total contract price of \$83,980. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 20 - Mr. Walker moved for the adoption of Resolution No. R-72-42, authorizing certain inter-departmental fund transfers and revenue revisions in the 1971-72 Annual Budget, (General Fund Operating), and authorizing the City Manager to expend the amount shown in the Revised Budget. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 20-A, added to the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-72-43, authorizing execution of a water main contract (No. 131) for the construction of approximately 710 lineal feet of 6" CIP in the north right-of-way line of NW 59th Place, from an existing 8" line in North Broadway, to an existing 6" main in North Wyandotte, including 1 fire hydrant and related appurtenances. Mr. McCausland seconded. The vote: All "aye".

* * *

Item 22 - Mr. Dowd moved to accept the (a) Financial Report for 10 months ending April 30, 1972, for Combined Waterworks & Sewerage System, (b) Financial Report for 10 months ending April 30, 1972, for General Fund, Special Sewer Assessment Fund, Special Park & Playground Fund and Sidewalk Construction Fund, and (c) Statement of Cash for the City to April, 1972, for all Funds. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 23 - OTHER BUSINESS: Mr. Walker asked when we might expect to receive the Codification of Ordinances being prepared by Michie Publications. The City Manager advised that because there was a delay in sending copies of all the ordinances in to the company, an extension of time had been granted and the Code would be prepared and submitted after being proof-read, at the Company's expense, shortly.

It was noted there would be a work session held on Wednesday night, at 7:30 P.M. and that one of the items to be discussed would be the Hamilton Heights Swimming Pool.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 10:15 P.M.

Betty Y. Johnson, City Clerk

MAYOR

SPECIAL
CITY COUNCIL MEETING
GLADSTONE, MISSOURI

11 JUNE 1972

The Council of the City of Gladstone, Missouri, met in special session at the Gladstone City Hall on Sunday, June 11, 1972, at 7:00 P.M. The Notice of Calling had been duly received by each of the Councilmen and the following officers were present: Lee Bussinger, Mayor, George J. McCausland, Councilman, Richard Dowd, Councilman, Bernie Jezak, Councilman, Kenneth Walker, Councilman.

In addition to the above, the City Manager, David Olson, the City Counselor, William W. Shinn, and the City Clerk, were also present.

Councilman Walker moved to place Bill No. 72-44 on its first reading. Said Bill is for an ordinance declaring the results of the canvass of the ballots of the Special Election held in the City of Gladstone, Missouri, on Saturday, June 10, 1972, at which election there was submitted to the qualified voters of said City the following: "Proposition to Issue the General Obligation Bonds of the City of Gladstone, Missouri, to the amount of \$4,895,000 for the purpose of acquiring rights-of-way, constructing, extending and improving the streets and avenues of said City". Total "YES" votes - 2,093; total "NO" votes - 177, indicated passage of the Bonds by more than the required number (two-thirds majority). Councilman Jezak seconded the motion. The vote was as follows: Mr. McCausland, "aye", Mr. Dowd, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mayor Bussinger, "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 72-44 and to place said Bill on second reading. Mr. Jezak seconded the motion. The vote was as follows: Mr. McCausland, "aye", Mr. Dowd, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mayor Bussinger, "aye". The Clerk read the Bill.

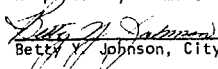

Mr. Walker moved to accept the second reading of Bill No. 72-44, to waive Section 20, Subsections (d) (2) of Ordinance No. 1.83, and to place said Bill No. 72-44 on third and final reading. Mr. Jezak seconded. The vote was as follows: Mr. McCausland, "aye", Mr. Dowd, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mayor Bussinger, "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 72-44, and to enact it as Ordinance No. 1.884. Mr. Jezak seconded the motion. The vote was unanimous.

Mayor Bussinger recessed the Special Council Meeting at this time. (7:16 P.M.).

Mayor Bussinger reconvened the Special Council Meeting at 8:50 P.M., and as there was no further business to come before this Council Meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 9:00 P.M.

Respectfully submitted,

Betty Y. Johnson, City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

12 JUNE 72

The regular meeting of the Gladstone City Council was called to order on Monday, June 12, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Mayor Bussinger, Councilman McCausland, Councilmen Dowd, Councilmen Jezak and Councilman Walker. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods and the City Clerk were present.

Mayor Bussinger asked that everyone repeat the Pledge of Allegiance, after which he issued a Proclamation naming July 4, 1972, as HONOR AMERICA DAY.

Item 4 - Acceptance of Minutes of Council Meeting of May 22, 1972, and of the Special Council meeting of June 11, 1972. Mr. Dowd so moved. Mr. McCausland seconded. The vote: All "aye".

Item 5 - Communications from the Audience. None at this time.

Item 6 - Communications from the City Council. Mr. Walker said he wished to commend the citizens of the City of Gladstone for their interest and their attendance at the polls at the recent Special Election held June 10, 1972. He said he felt that the 92% affirmative vote was very indicative.

Mr. Dowd said he wished to offer his personal thanks to the citizens of Gladstone; that it was nice to see that the Council has the vast majority of citizens with them.

Mr. McCausland said he felt the same way, and just wanted to say "thanks" to everyone.

Mr. Jezak commented that what they had suspected, in going throughout the County, was true; that truly they could see what this County is going to do within the next ten to fifteen years, and they could see that Gladstone is going to lead the County into the 80's; that it was their strong belief that this will be a safer and more secure city in the future with the improved streets and thoroughfares.

Mayor Bussinger said he wanted to express his particular appreciation to the Gladstone Press, and Mr. Everett Smith, to Mrs. Meta Levin and Mr. Tomme of the Dispatch, and to Mr. George McCuiston of the Kansas City Star, for their support during the Bond campaign. He said, further, he wanted to express his gratitude to Mr. Carter and Mr. Fricke, co-chairmen of the Bond Committee, and, on behalf of the City Council, he then presented Keys to the City to both Bill Carter and Dave Fricke, along with the Council's thanks for jobs well done.

As Mr. Carter and Mr. Fricke received their Keys, both received a hearty round of applause. Mr. Fricke said he felt that he wanted to thank the Council for its "job well done"...that if anyone felt this Council was not doing its job well, they had only to check the votes in the last election; that, as a citizen and homeowner in this City, he wanted to thank each of the Council members.

Item 7 - Communications from the City Manager: Mr. Olson advised there was an additional Resolution to be added to this Agenda. Mayor Bussinger said it would become Item 16-A.

* * *

Item 8 - PUBLIC HEARING on a request to rezone from R-1, Residential, One-Family District, to C-P-3, Planned Commercial District, property described as being located at approximately 72nd and North Walnut. Mr. Ben Rose, the Petitioner, was present to speak to the Council.

Mayor Bussinger opened the Public Hearing, asking for anyone who wished to speak in favor of such rezoning to speak at this time. Mr. Rose explained his plans and presented an artist's rendering showing how the area would be laid out. He said his company's name was Westco Investments; that he planned a roller rink, completely modern and air conditioned; that around the perimeter of the property he proposed office buildings and shops. He said the office buildings would be on the ^{Walnut} 72nd Street side and the shops on the Walnut Street side. 28

Mayor Bussinger reminded Mr. Rose that the Planning Commission had recommended rejection of the proposal for rezoning, and had stated three main reasons for their decision. (1) Inadequate parking was cited as the first reason. Mr. Rose advised that they would try to adjust this; however, he said, he felt that since the roller rink would be open, for the most part, when the businesses or shops would not be open, the parking was more than adequate, as the parking spaces ordinarily used for business during the day would be open at night when the roller rink would be open. He said they would be willing to consider more parking if the Council so desired. (2) The second reason was that the Commission felt that North Walnut is not in condition to bear heavy traffic. Mr. Rose commented that the main entrance would be on 72nd Street; that they plan to widen and improve North Walnut back to where their property ends; that it would be a 36' street, the same as Wyandotte is presently; that at the present time, North Walnut is only about a 20' street. (3) was in reference to the buffer and set-back. Mr. Rose said that there is a 17' buffer at the south side; that they can change that, too, and they would consider making some adjustments; that there is one little house there which will come down and be removed. In answer to a question, Mr. Rose said there will be no noise as the roller rink will be completely enclosed and air conditioned. In answer to a second question, he advised that the building will be approximately 130' x 200'. He said there is either C-1 or C-2 part of the way down on the west of Wyandotte, down to about the first one hundred feet, off of 72nd Street, then it is R-1. He said they are going to storm sewer the back of their property down to Hamilton Heights, then, he said, something should be done or needs to be done about the drainage there. He said the roller rink will be built first, and this should take three or four months. In answer to a question from Mr. Jezak as to why they asked for C-P-3 - he said this was a requirement in the Zoning Ordinance for roller rinks. It was noted that the vote at the Planning Commission had been 7 - 2 against.

In opposition, Mr. Wm. J. Crump, 7103 N. Baltimore, said he lived the third house to the south of the area; that he had no direct objection except for the

drainage problem that could occur. He wondered if the petitioner would stand the cost in reference to correcting the problem; if he would, then Mr. Crump said he would be more favorable about the project. He said the drainage situation as it is now is not adequate, and with the project completed, the run-off from the concrete and asphalt areas will increase considerably. As there was no one to speak further, Mayor Bussinger closed the Public Hearing. Time: 8:27 P.M.

Item 9 - PUBLIC HEARING on a request to rezone from R-1, Residential, One-Family District, to C-P-0, Planned Non-Retail District, property described as being located at approximately 6500 North Ashloch Road. The Petitioners are D. W. Newcomer and Son, for White Chapel Memorial Gardens. Mayor Bussinger opened the Public Hearing. Mr. Frank Newcomer, 1331 Brush Creek Boulevard, Kansas City, Missouri, addressed the Council. He said that last fall he had appeared before the Council on essentially the same project; that the reason he was here again was that they ran into some unforeseen problems; that the main obstacle they had encountered was with reference to the dedication of the property, and this had occurred before Newcomers had purchased the property; that it would be almost impossible to secure the signatures of 100% of the property owners on a release, so they are now seeking to move the project to the north slightly, and, that because of the lays involved, the cost got beyond what they had anticipated, so they feel the new plans will serve the same purpose as the original building, at a more realistic cost; that they have planned something they can live with, and which will not detract from their original plan, which the Council had already approved earlier. He presented the layout of the street plan and showed the Council a sketch of the new building. Mr. Jezak asked when they planned to start. Mr. Newcomer said the day after the Council approves the rezoning. There was no one to speak in opposition. Mayor Bussinger closed the Public Hearing. Time: 8:40 P.M.

Item 10 - PUBLIC HEARING on a request to rezone from C-1, Local Business District, to C-P-2, planned, General Business District, property described as being located in the Gladstone Plaza Shopping Center, at approximately 6425 North Oak Street, and the petitioners were Regan's Restaurant, and others.

Mayor Bussinger opened the Public Hearing. No one appeared before the Council to speak either in favor of the rezoning requested, nor in opposition. Mayor Bussinger asked the City Manager to get hold of the petitioners and find out their reasons so the Council will know what to expect. The Public Hearing was closed.

Item 11 - SECOND READING OF BILL NO. 72-37, for the establishment of a Traffic School. Mr. Walker moved to accept the first reading of said Bill and to place it on its second reading. Mr. Boyd seconded the motion. Mr. Boyd said he would like to see the wording in Section 6 of said Bill changed, adding the words "City Council". He reminded the Council that this had been agreed on at the last Council meeting and the Bill had been amended, but the wording he wanted was still not given in Section 6.

Mr. Dods suggested that a motion be made to amend said Bill; Mr. Dowd moved for the amendment of Bill No. 72-37A, particularly Section 6, the last full line thereof. Mr. Walker seconded. The vote on the amendment: All "aye". The vote on the second reading of Bill No. 72-37A, all "aye". The Clerk read the amended Bill.

Item 12 - FIRST READING: Bill No. 72-40, defining the Office of City Counselor, establishing the salary, expense allowance and duties of same, and amending an earlier ordinance. Mr. Dowd moved to place Bill No. 72-40 on first reading. Mr. Walker seconded. The vote: All voted "aye". It was noted by the City Clerk that the Assistant City Counselor had noted the first word in the last line of Section 1, Subsection A, which read "discretion", should have been "direction". This word was changed. The Clerk read the Bill. Mr. Dowd moved to accept the first reading of Bill No. 72-40, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the second reading of Bill No. 72-40, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved to accept the third and final reading and to enact said Bill as ORDINANCE NO. 1.885. Mr. Walker seconded the motion. The vote: All "aye".

Item 13 - FIRST READING: Bill No. 72-41, rezoning from R-1, Residential, One-Family Zoning District to R-1-3, Planned Garden Apartment Zoning, property described as Tract A, located at approximately 3209 NE 72nd Street. This was described as being Tracts A and B, but, prior to the meeting, the City Clerk was advised that the Planning Commission had been aware that the actual legal description was Tract A, only. The Bill was appropriately changed to read Tract A. Mr. McCausland moved to place said Bill on first reading. Mr. Walker seconded. The vote: All "aye". The Bill was read a first time. Mayor Bussinger advised the second reading would be held two weeks from tonight at the Council meeting of the 26th of June.

Item 14 - FIRST READING: Bill No. 72-42, apportioning main sewer assessments for WILLIAMSBURG - FOURTH FLAT. Mr. Jezak moved for the first reading of said Bill. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the first reading of Bill No. 72-42 and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of Bill No. 72-42, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third and final reading of Bill No. 72-42 and to enact it as Ordinance No. 1.886. Mr. Dowd seconded. The vote: All "aye".

Item 15 - RESOLUTION Authorizing the City Manager to accept a Bill of Sale for certain water mains constructed in NORTHAVEN, 12TH PLAT, Contract No. 129. Mr. Walker moved to adopt Resolution No. R-72-45, authorizing the City Manager to accept a Bill of Sale for certain water mains constructed under Contract No. 129, by Damon Pursell Construction Company, Inc., and Morland Development Company, Inc., for 650 feet of 6" CIP main from an existing 6" main in the north right-of-way of NE 69th Street, then easterly in the south right-of-way of NE 69th Terrace, plus two hydrants and related appurtenances, all in NORTH-AVEN, 12TH PLAT. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 16 - RESOLUTION accepting a certain bid and authorizing purchase of one three-quarter Ton truck for the Water Department. Mr. Dowd moved for the adoption of Resolution No. R-72-46, accepting a low bid from Bill Woods Ford, Inc., in the net amount of \$3,183.71, for one, 3/4T Chassis Cab-Truck for the Water Department, and authorizing the City Manager to purchase said truck for the aforementioned amount. Mr. Walker seconded. The vote: All "aye". The City Manager said that written Invitations to bid had been sent out earlier but none had been received; that as the truck production year had ended, it was decided to negotiate the bids; two were bid, one from Bill Allen Chevrolet in the amount of \$3,418.50 and the low bid from Bill Woods Ford. The metal truck box is included.

* * *

ITEM 16-A - RESOLUTION AUTHORIZING THE EXPENDITURE OF FUNDS FOR ENGINEERING SERVICE FOR MAJOR STREET IMPROVEMENTS. Mr. McCausland moved for the adoption of Resolution No. R-72-48, authorizing the City Manager to secure the services of Larkin and Associates for further engineering services including completion of the surveying and mapping for design phase, and proceeding with preliminary design layout, in an amount not to exceed \$25,000, and resolving that such payment for said service is to be made from the General Fund Account of the City and to be carried as an account receivable from the Street Improvement Bond program. Mr. Jezak seconded. Mr. Jezak inquired about the numbering of this Resolution. Mayor Bussinger explained that the number R-72-47 had already been assigned to a Resolution in connection with the Annual Fiscal Budget and will be adopted at the next Council meeting. The vote on the adoption of R-72-48 was: All "aye".

* * *

Item 17 - ACCEPTANCE OF: (A) Statement of Cash to May 31, 1972; (b) Cash Disbursements Report for Combined Waterworks & Sewerage System for May, 1972, and (c) Cash Disbursements Report for General Funds for May, 1972. Mr. Jezak moved for the acceptance of the above, as submitted. Mr. Walker seconded. The vote: All "aye".

Item 18 - OTHER - Mayor Bussinger advised that the copies of the proposed Budget for 1972-1973 would be available by the 16th; he said he realized there would be some discussion at the next Council meeting about the proposed budget, but that he hoped to limit the discussions to five minutes per person for questions and answers on the budget, at the Budget Hearing scheduled for June 26th.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent. Time: 9:05 PM.

Gladstone, Missouri

June 15, 1972

The City Council of the City of Gladstone met in special session on the above date at 6:30 P.M., at the City Hall in said City, the following officers being present: Lee W. Bussinger, Mayor, and George J. McCausland, Richard D. Dowd, Bernie A. Jezak and Kenneth E. Walker, Councilmen.

The City Clerk, Betty Y. Johnson, was present and performed the duties of her office.

Councilman Walker presented Bill No. 72-45, being for an ordinance amending Ordinance No. 1.884 and declaring the results of the special election held in the City of Gladstone, Missouri, on June 10, 1972.

On motion duly made and seconded, said bill was placed on its first reading and was read in full and duly passed by unanimous vote.

On motion duly made and seconded, said bill was placed on its second reading and was read in full and duly passed by unanimous vote.

Mr. Walker then moved to accept the second reading of Bill No. 72-45, to waive Section 20, subsection (d), second subsection (2) of Ordinance No. 1.83, and to place said bill on third and final reading. Mr. Dowd seconded this motion, the bill was read in full and duly passed by unanimous vote.

Mr. Walker then moved to accept the third and final reading of Bill No. 72-45 and to enact it as Ordinance No. 1.888. Mr. Dowd seconded the motion. The motion was duly passed by unanimous vote.

On motion duly made and seconded, the meeting was thereupon adjourned.

SPECIAL COUNCIL MEETING
CITY OF GLADSTONE, MISSOURI

15

JUNE

1972

The City Council of the City of Gladstone met in Special Session on the above date at 6:30 P.M., at the City Hall in said City, the following officers being present: Lee W. Bussinger, Mayor, and George J. McCausland, Richard D. Dowd, Bernie A. Jezak and Kenneth E. Walker, Councilmen.

The City Clerk, Betty Y. Johnson, was present and performed the duties of her office.

Councilman Walker presented Bill No. 72-46, being for an ordinance authorizing the issuance of street improvement bonds of the City of Gladstone, Missouri, in the sum of \$2,700,000 for the purpose of acquiring rights-of-way, constructing, extending and improving the streets and avenues of said City, fixing the details of said bonds, and levying an annual tax to pay the interest and principal of said bonds as they fall due.

On motion duly made and seconded, said bill was placed on its first reading and was read in full and duly passed by unanimous vote.

On motion duly made and seconded, said bill was placed on its second reading and was read in full and duly passed by unanimous vote.

Mr. Walker then moved to accept the second reading of Bill No. 72-46, to waive Section 20, subsection (d), second subsection (2) of Ordinance No. 1,83, and to place said bill on third and final reading. Mr. Dowd seconded this motion, the bill was read in full and duly passed by unanimous vote.

Mr. Walker then moved to accept the third and final reading of Bill No. 72-46 and to enact it as Ordinance No. 1,889. Mr. Dowd seconded the motion. The motion was duly passed by unanimous vote.

On motion duly made and seconded, the meeting was thereupon adjourned.

10. FIRST READING: Bill No. 72-43, for an Ordinance fixing the Annual Rate of Levy for the 1972 Real Estate and Personal Property Taxes within the corporate limits of the City of Gladstone.
11. FIRST READING: Bill No. 72-47, rezoning from R-1, Residential, One-Family Zoning District, to C-P-3, Planned Commercial District, property described as being located at approximately 72nd and North Walnut, Mr. Ben Rose, Petitioner.
12. FIRST READING: Bill No. 72-48, rezoning from R-1, Residential, One-Family Dwelling District, to C-P-0, Planned, Non-Retail District, property described as being located at approximately 6520 North Antioch Road. Petitioners: D. W. Newcomer, Inc., for White Chapel Memorial Gardens.
13. FIRST READING: Bill No. 72-49, rezoning from C-1, Local Business District, to C-P-2, Planned, General Business District, property described as being located at approximately 6425 North Oak Street, in Gladstone Plaza Shopping Center. Petitioners: Regan's Restaurant (Mr. Quigley) and others.
14. FIRST READING: Bill No. 72-50, for an Ordinance amending Ord. 1.177 and 1.743 with relation to Backfilling and Restoration of Surface.
15. FIRST READING: Bill No. 72-51, for an Ordinance Apportioning Main Sewer Assessments for Stratford Park - Fourth Plat, Tracts A, B, C and D.

16. FIRST READING: Bill No. 72-52, for an Ordinance Accepting Quit-Claim Deed from Curry Investment Company for the right-of-way for segments of Kendallwood Parkway, Brooktree Lane and NE 59th Terrace.
17. RESOLUTION: Adopting the Annual Operating Budget for 1972-1973.
18. RESOLUTION: Authorizing the City Manager to enter into an Instrumentation Maintenance Agreement.
19. RESOLUTION: Accepting a Proposal for the Repair of Certain Sewer Mains within the City of Gladstone, Missouri.
20. Consideration of renewal of Liquor License Permit, Class "C", Quik-Trip Corporation, 7603 N. Oak Trafficway, Mr. Alvin Howerton.
21. Consideration of renewal of Liquor License Permit, Class "E", White Front Supermarket, 7503 North Oak Trafficway, Mr. Fred Ball.
22. Consideration of renewal of Liquor License Permit, Class "C", Kroger Company, 6599 North Oak Trafficway, Mr. Henry J. Vitt
23. Consideration of renewal of Liquor License Permit, Class "C", 7-Eleven Food Store No. 15, 7125 Broadway, Mr. Carl A. Hummel.
24. Consideration of renewal of Liquor License Permit, Class "C", 7-Eleven Food Store No. 28, 6313 North Prospect, Mr. Carl A. Hummel.
25. Consideration of renewal of Liquor License Permit, Lil Caesar's, Type "F", 6813 North Oak Trafficway, Mr. C. C. Lowers, Jr.
26. Consideration of Building Plans for addition to McDonald's, 7412 North Oak Trafficway.
27. Approval and Acceptance of Combined Waterworks and Sewerage System Financial Statement for Eleven Months Ending May 31, 1972; Financial Statements for General Fund, Special Sewer Assessment Fund, Park and Playground Fund and Sidewalk Construction Fund for Eleven Months Ending May 31, 1972.
28. OTHER
29. ADJOURNMENT

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

26 JUNE 72

The regular meeting of the Gladstone City Council was called to order by Mayor Lee Bussinger on Monday, June 26, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Those present were Mr. McCausland, Mr. Dowd, Mr. Jezak, Mr. Walker and Mayor Bussinger. Acting as City Counselor was Mr. John Monica, and Joyce Seever, Deputy City Clerk.

The Pledge of Allegiance was led by Mayor Bussinger.

Item 3 - Acceptance of Minutes of the Council Meeting of June 12, 1972, and of the Special Meeting of the City Council of June 15, 1972. A correction was noted in the last line of the third paragraph of page 2 of the Minutes of the regular meeting. Said line states: "office buildings would be on the 72nd Street side and the shops on the Walnut Street side". This should be corrected to read as follows: "offices on Walnut and the shops on 72nd Street". Corrections noted and made.

Mr. Dowd moved that the Minutes of the Council meeting of June 12, 1972, be accepted as corrected, and that the Minutes of the Special Council meeting of June 15, 1972, be accepted as submitted. Mr. Walker seconded. The vote: All "aye".

Item 4 - Communications from the Audience. Mr. Vincent Badami, Jr., 6818 North Tracy, said he had a question on the Budget. Mayor Bussinger said they would permit five minutes to each person wishing to speak on the Budget.

Mr. Badami asked if Gladstone had sold any bonds. Mayor Bussinger said "yes..the Council has a resolution on the Agenda tonight in this regard". Mayor Bussinger said the Council had sold 2.7 million dollars' worth of the Bonds and they are now at Jefferson City for registration.

Mr. Badami asked a question regarding Page 11-6, in the Budget. He said it showed Bond proceeds of \$2,700,000. and asked where the money for the Federal Grant for North Oak and the \$200,000. promised from the County were shown. Mr. Olson said that they did not list in the regular operating Budget the participation from the other sources for construction since this first fiscal year, there is primarily engineering work and rights-of-way acquisition involved. That is where an amendment is needed if they get this far along in the next fiscal year with the construction work.

Mr. Badami said that, in other words, the proposed expenses of \$600,000 would be for engineering and rights-of-way acquisition this fiscal year. Mr. Olson said that was correct. Mr. Badami said then there would be no construction this year. Mr. Olson said this all depended upon how quickly they get the rights-of-way and the engineering work completed.

Mr. Badami asked if the City has a letter approving the Federal Grant for widening North Oak. Mr. Olson said they had approval of the TOPICS Program consisting of Federal participation on the whole street construction project on North Oak Street. They have to approve segments of the construction job. The first step will be to secure approval of the engineering contract. Basic

approval of the program has been received by the City totalling \$1,070,000. participation funds. Mr. Badami asked if the Elliott property was partially in Kansas City, Missouri territory. Mayor Bussinger said that the City was within the law to purchase property within three miles of the City limits of Gladstone, and since this property adjoins that portion in Gladstone, they felt it would be advantageous to purchase all of this property.

Mr. Badami asked another question regarding the street improvement bonds, as to whether or not funds remaining after construction of North Oak would be used for other streets before any more bonds were sold. Mayor Bussinger said that was correct.

Mr. Stanley Holmes, 1800 NE 76th Street, asked regarding if the \$2.7 million dollars' worth of bonds have been sold. Mayor Bussinger said they are being registered today in Jefferson City. Mr. Olson advised that actual payment for these bonds would take place on Wednesday. Mr. Holmes asked what the discount was on the Bonds. Mr. Olson said the average percentage interest cost is 5.26, which is .04 percent less than the Municipal Index in the Wall Street Journal. He said there was no discount as such; it is a straight 5.26 percent average interest rate. Mr. Holmes asked how much was paid to the Bonding Agent. Mr. Olson said nothing. The agreement states that the Fiscal Agent will buy the bonds. The amount to be realized by the Agent from the sale of the Bonds is up to that company. The Company proposed a flat .04% below the Municipal Bond Index average, and at the date the bonds were sold, this average was 5.30%.

Mr. Holmes said that, although we have a letter from the Federal Government stating they will give us these matching funds for the TOPICS Program, we do not have this money in hand. Mayor Bussinger said the City has to show the Federal Government that we have the money and are going ahead with the work and then they will reimburse us for our expenditures. Mr. Holmes asked whether or not the Federal Government had to approve the plans before they made the Grant. Mr. Bussinger said the Federal Government reviews the plans. The Federal Government has reviewed the Preliminary Design and they saw no problems at that time. Formal approval from the Federal Government will be received before proceeding further with the project.

Item 5 - Communications from the City Council. Mr. Dowd asked if the Hamilton Heights people had approached the Council for a meeting, and if not, would the City Manager please approach them and request such a meeting. Mr. Olson said he had received a call from one of the Board members last week indicating their interest in meeting with the Council. Their Chairman was out of town. Mr. Dowd said he would like Mr. Olson to pursue this and ask for a representative group of their Board to talk with the Council in an effort to head off future problems.

Mr. Jezak asked what was the reason for the delay for the curb and guttering at 69th and Locust, next to the office building. Mr. Olson said there was some difficulty in their getting forms and he had volunteered use of the City forms in order that they would be able to complete the project.

Mr. Jezak extended his thanks to the City Manager on the Budget and expressed his feeling that it was an excellent job. He said the City Manager in his

Budget Message had thanked everyone except himself, and he felt that the Council's thanks were in order to the City Manager.

Item 6 - Communications from the City Manager. Mr. Olson asked that these items be added to the Agenda: (1) A Resolution authorizing the execution of Water Main Contract No. 132, and (2) A Resolution authorizing the City Treasurer and the City Manager to deposit proceeds from the sale of the Bonds. Mayor Bussinger said these would be added as Items 18(A), Resolution No. R-72-51 and 18(B) Resolution No. R-72-52.

* * *

Item 7 - PUBLIC HEARING on the adoption of the 1972-72 Annual Fiscal Year Budget. Mr. Stanley Holmes said he had noticed the usual Exhibit A, showing salaries, classifications, etc., was missing from the Budget this year and asked if there were any particular reason for its deletion. Mayor Bussinger said that the City Manager and he had discussed this matter. Salaries are contained in the Budget, and the Council felt it was not necessary to have an Exhibit to the Budget if they are already contained within the Budget itself. Mr. Holmes said it was simpler the other way. He asked that, if in approving the Budget, the salaries were automatically approved, and that no special Resolution were needed. Mayor Bussinger said that was correct. Mr. Olson advised that the Resolution contained in the back of the Budget shows that in approving salaries, they are approving maximum salaries as stated in the Budget.

Mr. Paul Degenhardt asked if the tax rate was going to be 90¢ on the \$100 valuation again this year. Mayor Bussinger said that was correct. Mr. Degenhardt said he would like to compliment the Council and the City Administration for maintaining this tax rate of 90¢ for the 14th or 15th year. He said we have the lowest tax rate in the Metropolitan area. He thought it spoke well of the government and of the City Administration.

The Public Hearing was closed by the Mayor.

* * *

Item 8 - Third Reading of Bill No. 72-37A, for the establishment of a Traffic School. Mr. Dowd moved that the Council accept the second reading of Bill No. 72-37A, and place it on its third and final reading. The motion was seconded by Mr. Walker. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved the Council accept the third and final reading of Bill No. 72-37A, and enact it as Ordinance No. 1.890. Motion was seconded by Mr. Walker. The vote: All "aye".

* * *

Item 9 - Second Reading of Bill No. 72-41, rezoning from R-1, Residential, Single Family Dwelling District, to R-P-3, Planned Garden Apartment District, property described as Tract A, located at approximately 3209 NE 72nd Street, Mr. Aubrey Richardson, Petitioner. Mr. Jezak moved that the Council accept the first reading of Bill No. 72-41, and to place it on second reading. Mr.

Walker seconded the motion. The vote: All voted "NO". The request for rezoning was thereupon denied.

* * *

Item 10 - First Reading of Bill No. 72-43, for an ordinance fixing the Annual Rate of Levy for the 1972-Real Estate and Property Taxes within the Corporate Limits of the City of Gladstone. Mr. McCausland moved the Council to place Bill No. 72-43 on first reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. McCausland moved the Council accept the first reading of Bill No. 72-43 and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. McCausland moved that the Council approve the second reading, waive Section 20 (d)(2) of Ord. No. 1.83, and place said Bill on third and final reading. Mr. Dowd seconded the motion. The vote: All "aye". The Clerk read the Bill.

Mr. McCausland moved that the Council accept the third and final reading of Bill No. 72-43, and enact it as Ord. No. 1.887. Mr. Dowd seconded. The vote: All "aye". Prior to the vote, Mr. Dowd said that, with the Electorate giving the Council the 1% Sales Tax, and the subsequent Bond Issue, there shouldn't be any reason for many, many years to come to change this levy, so long as the people are wise in the selection of their Council. He said the people have given the Council the tools. The 90¢ levy should be enough to maintain and expand the present level of services.

* * *

Item 11 - First Reading of Bill No. 72-47, rezoning from R-1, Residential, One Family Zoning District, to C-P-3, Planned, Commercial District, property described as being located at approximately 72nd and North Walnut, Mr. Ben Rose, Petitioner.

Mr. Walker moved the Council place Bill No. 72-47 on first reading. Mr. Dowd seconded. Mr. McCausland said, as the Council was probably aware, the Planning Commission voted against this proposal; they had a number of reasons: (1) they felt there should be a 35' buffer zone, and the plans had called for 17 feet; (2) the Planning Commission was concerned about the limited parking spaces, about the storm sewer drainage problem, and also about the fact that traffic generated onto Walnut Street could not be handled there. Since that time, the Council met with Mr. Rose, and he had made a number of concessions. Mr. Rose has basically agreed to the following changes: he reduced the size of the largest building by 6,000 square feet, which allowed him to provide the 35' buffer zone between the building and the adjacent R-1 property. This also reduced the requirement for parking and, at the same time, provided space for additional 15 parking spaces, which brings him well within the parking requirements. He has already taken care of the storm drainage problem on his property and has agreed to pay his pro rata share on a drainage problem which exists south, to Baltimore. He also agreed to curb and gutter one side of North Walnut, and to build his 18-foot portion of the street which is one-half of a 36-foot right-of-way. The Council felt that with the existing road on the other side, there will be adequate road for the traffic. It will carry. The Council did not feel it would need to carry a lot of traffic. In addition, Mr. Rose has agreed that C-P-2 zoning would be adequate if it fits the ordinance. The

Council has determined that it will meet the ordinance requirements, that he can build what he plans under C-P-2, and the Council recommends that the rezoning be to C-P-2. Mayor Bussinger asked Mr. Rose if he were agreeable to C-P-2 zoning. Mr. Rose said he had no objection as long as it fits what they have planned for the property.

Mr. McCausland then moved that the Council amend Bill No. 72-47 to read: "From R-1 to C-P-2, Planned Commercial District". Mr. Jezak seconded the motion. The vote: All "aye".

Mr. Dowd then asked Mr. Rose, for the Record, if he agreed to the changes as outlined by Mr. McCausland, previously. Mr. Rose said that he did.

The vote on the original motion. All "aye". The Clerk read the Bill.

* * *

Item 12 - First Reading of Bill No. 72-48, rezoning from R-1, Residential, One-Family Dwelling District, to C-P-0, Planned, Non-Retail District, property described as being located at approximately 6520 North Antioch Road. Petitioners, D. W. Newcomer, Inc., for White Chapel Memorial Gardens. Mr. Dowd moved that Bill No. 72-48 be placed on first reading. Mr. Walker seconded the motion. The vote: All "aye". The Clerk read the Bill.

Mr. Bussinger stated that he would like to move to Item 26 at this time. Item 26 is "Consideration of building plans for an addition to McDonald's, located at 7412 North Oak Street Trafficway". Mr. Olson advised this was for an addition to the front of McDonald's restaurant. Mr. Wegy, the Manager, said they planned to add 42 feet to the front of the present building, to give them additional table space so that more people could sit down to eat. Mr. Jezak moved the Council approve the building plans for the addition to McDonald's Restaurant, located at 7412 North Oak Trafficway, as submitted. Said plans are dated 2-22-72. Mr. Dowd seconded the motion. The vote: All "aye".

* * *

Item 13 - First Reading of Bill No. 72-49, rezoning from C-1, Local Business District, to C-P-2, Planned, General Business District, property described as being located at approximately 6425 North Oak Street, Gladstone Plaza Shopping Center. Petitioner: Regan's Restaurant. Mr. Bussinger asked Mr. Quigley, who was in the audience, if he could give the Council an idea of their plans. Mr. Quigley said they would like to have the first and second reading of the Bill tonight if at all possible. He said they plan to add an additional 90 feet; this would permit them to use their liquor-by-the-drink license. He said the Planning Commission had studied this plan. The addition is to be made on the south side of the restaurant. The additional facilities could be used for banquets; that there would not be a cocktail lounge, as such. It would be part of the additional seating and room in the restaurant. There would be a stand-up bar. Mr. Jezak moved the Council place Bill No. 72-49 on first reading. Mr. Walker seconded the motion. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved the Council to accept the first reading of Bill No. 72-49 and to place it on second reading. Mr. Walker seconded the motion. The vote: All "aye". The Clerk read the Bill.

Item 14 - First Reading of Bill No. 72-50, for an ordinance amending Ordinance No. 1.177, and 1.743, with relation to back-filling and restoration of surface. Mr. Dowd moved that Bill No. 72-50 be placed on first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved that the Council accept the first reading of Bill No. 72-50, and place said Bill on second reading. Mr. Jezak seconded the motion.

Mr. Walker asked Mr. Olson if this Bill meant that a street cut in a residential area would be \$40 just to seal a small cut. Mr. Olson said a seal-coat street cut would be \$25. Asphalt streets would be \$40. Mr. Walker asked if the City didn't charge \$25 for a sewer cut now. Mr. Olson said that a street cut permit cost \$5 and, under the old ordinance, the City has required the individual contractor to make the necessary repairs. There have been serious problems in getting the contractor back to make the repairs. Mr. Walker said, as he read the Bill, this would mean there would be a maximum charge of \$45 to reseal a street cut. He said the City didn't have any concrete streets. Mr. Olson said, in this instance, they are assuming a complete street cut. He said the charge would depend on the location of the main, and the engineer would be able to make allowances for the size of the street cut. Mr. Walker asked where it says that the fee is arbitrary on the Engineer's part. He didn't think it should cost \$45 to repair a 4-ft. cut, for instance. Mr. Olson said he thought in Ord. No. 1.743, there is a provision that the degrees of the cut can be determined by the City Engineer, and charged accordingly. He said if the Council prefers to read this Bill only once tonight, he would report back. Mr. Walker said he would rather see that this be incorporated in the ordinance and he would not like to see them have to pay \$45 for a 4-foot cut. He would like to see that the Ordinance show an amendment to a lower rate for a smaller cut.

The vote on the motion. All "aye". The Clerk read the Bill.

* * *

Item 15 on the Agenda: First Reading of Bill No. 72-51, for an ordinance apportioning main sewer assessments for STRATFORD PARK, FOURTH PLAT, Tracts A, B, C and D. Mr. Dowd moved that Bill No. 72-51 be placed on its first reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved that the Council accept the first reading and place said Bill on second reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved the Council approve the second reading of Bill No. 72-51, waive Section 20 (d)(2) and place it on third and final reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill. Mr. Dowd moved the Council accept the third and final reading of Bill No. 72-51, and enact it as Ord. No. 1.891. Mr. McCausland seconded. The vote: All "aye".

The Mayor called a recess at 9:15 P.M.

The regular meeting of the Gladstone City Council was reconvened at 9:30 P.M., with all members present and accounted for.

Item 16 - First Reading of Bill No. 72-52, for an ordinance accepting a Quit Claim Deed from Curry Investment Company for the right-of-way for segments of Kendallwood Parkway, Brooktree Lane, and NE 59th Terrace. Mr. Walker moved that Bill No. 72-52 be placed on first reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved that the Council accept the first reading of Bill No. 72-52, and place it on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Walker moved the Council accept the second reading of Bill No. 72-52, waive Section 20 (d)(2) of Ord. 1.83, and place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved the Council accept the third and final reading of Bill No. 72-52, and enact same as Ord. No. 1.892. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 17 - Resolution adopting the Annual Operating Budget for the 1972-73 Fiscal Year. Mr. Dowd moved that the Council adopt Resolution No. R-72-47. Mr. Walker seconded the motion.

Mayor Bussinger said he would personally like to thank Mr. Lee Meyer, Mrs. Joyce Seever, Mrs. Marilyn Ahnefeld, Mrs. Carol Ehrhart, Mr. Fred Schaefer, and Mr. Olson, for a job well done on the Budget this year. The vote: All "aye".

* * *

Item 18 - Resolution authorizing the City Manager to enter into an Instrumentation Maintenance Agreement for Honeywell Control at the Treatment Plant. Mr. McCausland moved that the Council adopt Resolution No. R-72-49. Mr. Jezak seconded the motion.

Mr. Olson said this is an annual function we go through in which Honeywell makes a proposal for a total maintenance agreement on all Honeywell instruments in the Plant, as well as tank telemetering gauges indicating levels on the tanks and flows for the various treatment chemicals, etc. He said this was an approximate $8\frac{1}{2}$ to 9% increase in cost over last year, but it is a reasonable proposal, and he recommended that the Council consider approval of the agreement. Maintenance of this sophisticated equipment would be virtually impossible with the present staff, and the Honeywell people are experts in the field. The cost of this agreement last year was \$2,800. The vote: All "aye".

Item 18-A - Mr. Walker moved that the Council adopt Resolution No. R-72-51, Water Main Extension Contract No. 132. Mr. McCausland seconded the motion. The vote: All "aye".

Item 18-B - Mr. McCausland moved that the Council adopt Resolution No. R-72-52, authorizing the City Manager and the City Treasurer to deposit the proceeds from the Sale of Street Improvement Bonds in the Commerce Bank of Kansas City, Missouri, and authorizing them to withdraw from said account amounts to be invested in accordance with the ordinances of the City of Gladstone, Missouri, and, further, authorizing them to transfer any remaining amount to an account with the First National Bank of Gladstone, Missouri. Mr. Dowd seconded the

motion. The vote: All "aye".

* * *

Item 19 - Resolution to accept a proposal for the repair of certain sewer lines in the City of Gladstone. Mr. Jezak moved the Council adopt Resolution No. R-72-50. Mr. McCausland seconded the motion.

Mr. Walker asked if this were a sewer main which was constructed under the Bond program. Mr. Olson said he thought this construction was done at the time the Subdivision was built. This is a portion of one of the older Meadowbrook sections. Mr. Walker asked about the cost per foot to replace the line, rather than to repair it. Mr. Olson said he thought the cost to repair it was about 1/3 that of replacing it, but he would check it out. Mr. Walker asked for a Memo on this Item. The vote on the motion: All "aye".

* * *

Item 20 through 25 - All were considered next. Mr. Dowd moved that the Council approve the renewal of Liquor Licenses as shown on the Agenda: Class "C", White Front Supermarket, 7503 North Oak Street, to Mr. Fred Ball; Class C, Quik-Trip Corporation, 7603 N. Oak Street, to Mr. Alvin Howerton; Class "C", to the Kroger Company, 6599 North Oak Street, to Mr. Henry J. Vitt; Class "C" to 7-Eleven Food Store No. 15, 7125 N. Broadway, to Mr. Carl A. Hummel; Class "C" to 7-Eleven Food Store No. 28, 6313 North Prospect, to Mr. Carl A. Hummel; Class "F", to Lili Caesar's, 6813 North Oak Street, to Mr. C. C. Lowers, Jr.; Mr. Walker seconded the motion.

Mr. Olson said that the Public Safety Department has checked the files on these applicants and recommended that approval be given by the Council since there have been no serious problems. Mr. Dowd asked about the problems at the Pizza Inn, and Mr. Olson said there had been no violations since the new owner took over.

Mr. Dowd asked if they had not reached a deadline for the rest of the liquor licenses in the City. Mr. Olson said these people have been notified to come in for their licenses and that the deadline was June 30th. He would have to check the ordinance for renewal. He said the Council must approve renewal of all liquor license permits.

Mr. Dowd felt that any establishment that has not renewed their license should be shut down on July 1, if that is the end of the renewal period.

Mr. Dowd asked about the Liquor License permits. Mr. Olson said a letter had been sent by the City notifying those who were granted the Liquor permits for liquor-by-the-drink that the City should have their plans by June 30th, or the Council might desire to issue these permits to other applicants.

The vote on the motion to approve the licenses noted above: All "aye".

Item 27 - Approval and acceptance of Combined Waterworks & Sewerage System Financial Statement for 11 months ending May 31, 1972, Financial Statements for General Fund, Special Sewer Assessment Fund, Park & Playground Fund and Sidewalk Construction Fund for 11 months ending May 31, 1972.

Mr. Walker moved that the Council accept the above, as submitted. Mr. Dowd seconded the motion.

Mr. Olson said there was one correction to the General Fund Revenue Report. Under the Gas Franchise Tax, the total collections are \$47,617. The \$94,000 shown, and the \$43,000+ over the Budget is incorrect. The statements will be corrected.

Mr. Jezak said that does affect the total revenue picture and asked what it looked like.

Mr. Olson said the largest effect was the refund of the motor vehicle stickers.

The vote on the motion. All "aye".

Item 28 - Other Business. Mr. Walker asked if the Land and Lot Delinquent List was being pursued. Mr. Olson said notices will go out and he would check with the Collector so they would proceed as the Statute provides.

Mr. Jezak said that A & P is violating the new ordinance regarding food stuffs outside the store. He said he had noticed watermelons, cokes, etc., outside the store all night. He felt they should be notified that this was not permitted.

Mr. Jezak said he felt the driveways of the businesses on Antioch Road should be paved very soon, now. There was no reason why they couldn't be as Antioch Road is now finished. He also asked regarding the Flora Park Improvements.

Mr. Olson said they should have something within the next couple of weeks. He said the money situation was tight so far as cash flow and did not want to commit any funds until after July 1.

In regard to the Antioch driveways, Mr. Olson said he would check with the Highway Department to determine whether or not they have accepted the work performed by the contractor. Then, the City would get back in touch with the people concerned.

Mr. Bussinger asked if the Fire truck contract would be let July 1; Mr. Olson said, probably at the next Council meeting. He said he was waiting on a letter from the President of the Company, indicating that their last proposal is still firm. This should be received within a day or so.

Mr. Bussinger asked if the truck could be ordered prior to the next Council meeting. Mr. Olson said if it was the Council's pleasure. When he receives the letter, he can notify the Council regarding a special meeting for that purpose, if desired.

Mayor Bussinger asked the City Manager to have the Street Department take care of a hole at 7107 North Troost.

Mayor Bussinger said the Planning Commission desired to meet with the Council on July 17th after its regular meeting, if that is agreeable with the Council.

Mr. Jezak said he believed it had been agreed among the Council to present a Fire Works Display by the Park Department this year. He asked if the City had approached the Jaycees. Mr. Olson said that to his knowledge, the Jaycees are planning on it. The City did provide for it in the Park Budget. The agreement was that the City would supervise the display, and the Jaycees would run it.

Mr. Jezak thought that a \$500 maximum had been set; he would like to have the papers advertise that there would be a display.

Mr. Bussinger asked what action the Public Safety Department is going to take with violators of the Fireworks ordinance. His concern was that the young people of the City this year do not get "turned over to the Juvenile Officer for a violation unless it is a continued violation". He said he felt they should be given a couple of warnings, and that if this does not take care of the problem, then they should be turned in. He felt the City should give the people in the City some time to comply with the Ordinance, and suggested that Mr. Olson discuss this with Chief Harris and advise the Council of his feelings.

There being no further business to come before the meeting at this time, it was, upon motion duly made and seconded, adjourned by unanimous vote. The time: 10:15 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

10 JULY 72

The regular meeting of the Gladstone City Council was called to order at 8:00 P.M., Monday, July 10, 1972, in the Council Chambers of the Gladstone City Hall. Roll was called. Present were Councilman Dowd, Councilman McCausland, Councilman Jezak, Councilman Walker and Mayor Lee Bussinger. In addition, the City Manager, Mr. Olson; representing the City Counselor's office, Mr. John Monica, and the City Clerk were present.

Mayor Bussinger led the group in repeating the Pledge of Allegiance to The Flag.

Item 3 - Acceptance of Minutes of meeting of June 26, 1972: Mr. Dowd moved that the Minutes of June 26, 1972, be approved as submitted. Mr. McCausland seconded. The vote: All "aye".

Item 4 - Communications from the Audience. None at this time.

Item 5 - Communications from the City Council. Mr. Dowd asked about the possibility of fence around the Public Works Building. Mr. Olson said it was not budgeted this year. Mr. Dowd said he felt it was a necessity as it is very much open to the public and there is some rather expensive equipment housed there. Mr. Dowd asked if La Casa Royale apartments, on Prospect, could be notified about their trash problem again.

Mr. Dowd asked about 63rd Place, whether or not the City has finished its work there. He said he had noticed water standing, after last week's rain, just west of Mr. Hufford's house. The City Manager answered that there is still a top to go on it, and that it should be finished up shortly.

Mr. Dowd asked if "everyone" got in on time for Liquor License renewals, that is, prior to the deadline of June 30th. The City Manager answered in the affirmative.

Mr. Jezak commented that 69th Terrace, east of North Wayne, is pretty well torn up. He commented that there is still no curb and guttering at 69th and North Locust and asked why. The City Manager said they will be moving in on this shortly.

Mr. Jezak said he wanted to give a vote of thanks to the Gladstone Jaycees for an excellent evening fireworks display on the 4th of July. He said he hoped this would continue to take place for years into the future, and he wanted to express his appreciation. He said there were several hundred people present, and, that when the display was over, they all stood up and applauded. He said, further, that he hoped a letter of commendation would be written to the Jaycees, as there were no representatives in the audience this evening.

Mayor Bussinger said he agreed with Mr. Jezak; that he thought it was an excellent display, and he said he wanted to thank the citizens of Gladstone for their cooperation in obeying the new "No Fireworks" ordinance. He said he understood there were only two violations and that he felt people had cooperated very well.

Mayor Bussinger asked if the City Manager had ever talked with Mr. Wilson, about the problem that he and Mr. Whitton had when the Medical Clinic was constructed at 6901 North Locust. The City Manager said he thought he had; that the problem concerned the fact that there was no dedicated alleyway at the rear of the two pieces of property, and when the Clinic was built, they excavated right up to their own property line, which made it impossible for the complainants to utilize the alley as they had been.

Item 6 - Communications from the City Manager. Mr. Olson said there would be two added items to the Agenda: (1) Bill No. 72-53, accepting the Land and Lot Delinquent List, and (2) Resolution No. R-72-59, accepting a Bill of Sale for certain water mains constructed under Contract No. 121. The Mayor said these would be added.

Mr. Olson said he wanted to ask the Council to defer Item 18, (Consideration of the Revised Plat of the 6th PLAT OF MEADOWBROOK MANOR), as he wanted to submit it to the Planning Commission prior to Council study. The Council agreed to defer Item 18.

* * *

Item 7 - 3RD READING: Bill No. 72-49, rezoning from C-1, Local Business District, to C-P-2, Planned, General Business District, property located at approximately 6425 North Oak Street Trafficway.

Mr. Walker moved to accept the second reading of said Bill, and to place same on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 72-49, and to enact same as Ord. No. 1.893. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 8 - 3RD READING: Bill No. 72-50A, amending Ord. No. 1.177, regulating the opening and excavating of streets, alleys, sidewalks and other public grounds.

Mr. Dowd moved to accept the second reading of Bill No. 72-50-A, and to place said Bill on third and final reading. Mr. Walker seconded. Mr. Dowd asked if Mr. Walker were satisfied with the amendment in Section 2, (new Section 25, under charges for restoration of surface), which added the proportion of minimum charge if the size of an excavation is smaller than three (3) square yards. Mr. Walker answered in the affirmative. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the third and final reading of Bill No. 72-49, and to enact it as Ord. No. 1.894. Mr. Walker seconded. The vote: All "aye".

* * *

Item 9 - 2ND READING, Bill No. 72-47, for an ordinance to rezone from R-1, Residential, One-Family Dwelling District, to C-P-2, Planned, General Business District, property located at approximately 72nd and N. Walnut. Mr. McCausland moved to accept the first reading of said Bill, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 10 - 2ND READING, Bill No. 72-48, rezoning from R-1, residential, One-Family Dwelling District, to C-P-0, Planned, Non Retail District, property located at approximately 6520 North Antioch Road.

Mr. Jezak moved to approve the first reading of said Bill, and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Bussinger asked Mr. Newcomer if the Bill were given a third reading at this evening's meeting, could they begin work at once. Mr. Newcomer commented that by the end of next week they could begin. Mr. Jezak moved to accept the second reading of Bill No. 72-48, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 72-48, and to enact it as Ord. No. 1.895. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 10-A (Added Bill - 72-53, approving the Land and Lot Delinquent List; entering a Record thereof in the Journal; crediting the amount thereof to the Account of the Collector). Mr. Walker moved to place said Bill on first reading; Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 72-53, and to place said Bill on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 72-53, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 72-53, and to enact it as Ordinance No. 1.896. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 10-B (Added Resolution No. R-72-59)...Mr. McCausland moved for the adoption of Resolution No. R-72-59, authorizing the City Manager to accept a Bill of Sale for certain water mains constructed under Contract No. 121, by C. O'Dell Plumbing and Heating Company, Inc., in Prospect Plaza Shopping Center, The Woolco Store, approximately 64th and Prospect, including 9 hydrants and related appurtenances. Mr. Jezak seconded. Mr. Dowd suggested that the back part of the Woolco Development didn't look good and asked that the Council take a look at it on the planned tour of the City scheduled for this week. The vote: All "aye".

Item 11 - Resolution No. R-72-53. Mr. Jezak moved to place said Resolution up for adoption; said Resolution authorizes the establishment of the following bank accounts: Sales Tax Revenue Fund, Elliott Property Parkland Acquisition Fund, Flora Park Improvement Fund, Debt Service Fund for Street Improvement Bonds. Mr. McCausland seconded the motion. The vote: All voted "aye".

* * *

Item 12 - Resolution No. R-72-54. Mr. Dowd moved for the adoption of Resolution No. R-72-53, authorizing the City Manager to execute a proposal for engineering services for improvements at the Water Treatment Plant, in an amount not to exceed \$4,725.00. Mr. Jezak seconded. Mr. Walker asked if this had not been covered earlier in an engineering study conducted by Larkin and Associates. The City Manager said the study had indicated that such a pump would be a necessity in the future, but that this is not a duplicate of service. Mr. Olson said this was a "down the road" item at the time of the study, some months ago, but was not covered. In the cost of the initial study, only inasmuch as it permitted the Council to be advised that such a pump would be needed.

The vote: All "aye".

* * *

Item 13 - Resolution No. R-72-55. Mr. McCausland moved for the adoption of Resolution No. R-72-55, authorizing the execution of a contract for water main extension, (Contract No. 133) with Hevalow-Shanks Construction Company, Inc., and City Homes, Inc., for 690 feet of 6" ductile iron pipe and related appurtenances, to be located in the 7000 block of North Askew, in the Whispering Oaks Cluster Project. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 14 - Resolution No. R-72-56. Mr. Jezak moved for the adoption of Resolution No. R-72-56, authorizing the sale of one 1951 Willys Jeep with cab, to the best and highest bidder. Mr. McCausland seconded the motion. The City Manager explained that this jeep was not in good shape and was no longer in use in the City. The vote: All "aye".

* * *

Item 15 - Resolution No. R-72-57 - Mr. Walker moved for the adoption of Resolution No. R-72-57, authorizing the acceptance of the bid from Sutphen Fire Equipment Company, for one Model TS-85, 85-foot, 4-section telescopic aerial tower, complete per specifications dated April 12, 1972, in the amount of \$123,500. Mr. Dowd seconded. Mr. Dowd said this is the piece of fire-fighting equipment the Council has been talking about for several years; he said the Public Safety Advisory Committee had studied several different varieties and had recommended this particular device, with the complete endorsement of the Council. He said the City will probably not need it very often, but when the need arises, it will be on hand to save lives and property. He said it will be approximately 18 months before it is delivered.

Mayor Bussinger said that he had seen it in action, strictly on a demonstration basis, and felt it would be a most valuable addition to the City. He said it would also, he was sure, help our insurance rates.

Mr. McCausland said that this was one of the promises made to the citizens in the Sales Tax election; one of the capital improvements scheduled, and that it would be a "cash money" transaction. He said he was pleased to see this move made.

The vote: All "aye".

* * *

Item 16 - Resolution No. R-72-58. Mr. McCausland moved for the adoption of Resolution No. R-72-58, authorizing acceptance of a Bill of Sale for certain water mains constructed in Northaven, 12th Plat, under Contract No. 129, by Damon Pursell Constr. Co., Inc., and Norland Development Company, Inc., together with 2 hydrants and other related appurtenances. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 17 - Resolution No. R-72-60. Mr. Dowd moved for the adoption of Resolution No. R-72-60, authorizing the City Manager to accept a Bill of Sale for certain water mains constructed under Contract No. 131, from Damon Pursell Construction Company, Inc., and Elizabeth Millsap, including one fire hydrant and related appurtenances. Mr. McCausland seconded. The vote: All "aye".

* * *

Item 18 - Referred by Council Approval (See Item 6, page 2)

* * *

Item 19 - Consideration and approval of the following Liquor License Renewals:
Class A, Gladstone Bowl, 300 NW 72nd Street
Class C, Bob's U.S. Mart, 6026 North Antioch Road
Class C, Gladstone Party Center, 7102 N. Oak Street
Class C, Sebastian's Gladstone Delicatessen, 7400 North Oak Street
Class F, Frenchie's Tavern, 7204 North Oak Street
Class G, Zarda's Dairy Store, 6408 North Oak Street

Mr. Walker moved for the approval of the above-listed Liquor License Renewals. Mr. Dowd seconded. Mr. Olson commented that the Public Safety Department had checked out all the above and recommended approval by the Council. The vote: All "aye".

* * *

Item 20 - Acceptance of Cash Disbursement Reports for Combined Waterworks & Sewerage System Operation and Maint. Fund for the month of June, 1972, and Cash Disbursements for General Fund and Park Land Improvement Fund for June, 1972.

Mr. McCausland moved for the acceptance of the Cash Disbursement Reports for the Combined Waterworks and Sewerage System Operation and Maintenance Fund for the month of June, 1972, and the Cash Disbursements Report for General Fund and Park Land Improvement Fund for June, 1972. Mr. Jezak seconded. Mr. McCausland asked the City Manager for an explanation of several checks, (10610, 10823, 10701) all issued for janitorial service. Mr. Olson explained that the City had stopped service from one company, and begun service from a new company mid-month, which accounted for the several checks; he said, however, he would get more information on this matter and submit it to Mr. McCausland. He said the actual monthly service charge runs between \$470 and \$520 per month, as a rule.

Mayor Bussinger said he would like an explanation of the expenditures on checks 10619, (in the amount of \$80.00 paid to Mary Dombroski, charged to Civil Defense for a black and white portable TV with battery pack), and 10777, (in the amount of \$21.75 paid to V. H. Blackington and Co., for one desk calendar, and charged to Public Safety).

Mr. McCausland asked about the amount paid to the North Kansas City Board of Education, (check No. 10713, in the amount of \$162.44, for Linden West School, Precinct No. 12, and Chapel Hill School, Precinct No. 15, plus custodial help, for the June 10th Election. The City Manager explained that the custodial charges were time and one half for the entire day, from 5:30 A.M. until whatever time the election workers closed the precinct, in addition to the flat rental fee of \$15.00 per day for each of the two places.

Mayor Bussinger suggested that Mr. McCausland be appointed as a Committee of one to check this matter out with the Board of Education to see if the amount could be lowered for future elections.

The vote: All "aye".

* * *

Under "Other Business", Mr. Dowd said he thought the contemplated Cadet Program sound good; he said however, we needed to remember that the expenses for the people would only be temporary, only until or as long as the funds held out. (This is a program being contemplated by the Public Safety Department, to be funded on a 75-25% basis by I.E.A.A.). He said he would be out of the City and unable to attend a meeting on either the 18th or the 21st of this month. Mr. McCausland also reported that he would be unable to attend the 18th or the 21st of the month. The Mayor suggested that the meeting of the 18th be postponed, as he felt it was important for a full Council to attend. Mayor Bussinger said he and Mr. Olson would be meeting with the ATA authorities in Liberty at 7:30 Tuesday evening. He asked that any of the other members of the Council attend if they could.

Mayor Bussinger asked the City Manager to look into the possibility of securing an outside individual who might be able to come in for several hours a day, or several times a week, to help the City catch up on the right-of-way mowing in the City, to aid the regular forces.

The City Manager advised that the Clay County Coordinating Committee was scheduled to meet at the Fireside Restaurant for dinner, on Wednesday, July 18th, at 6:30 P.M. Pleasant Valley is the host city. He reminded the Council that the Westgate Division of the Missouri Municipal League dinner meeting is scheduled for Thursday, July 19th, at the Roadside Inn, in North Kansas City.

It was noted that Councilman Walker's microphone is not working and should be repaired prior to the next Council meeting.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent. Time: 8:55 P.M.

12. Consideration of Building Plans:
 - a. Gladstone Food Products, 607 N.E. 69th Street
13. OTHER BUSINESS
14. Adjournment.

Mr. Dowd moved to accept the second reading of Bill No. 72-47, rezoning from R-1, Residential, One-Family Dwelling District, to C-P-2, Planned, General Business District, property described as being located at approximately 72nd and North Walnut. Mr. Walker seconded. Mr. McCausland advised that, according to the new plans which the Council was seeing this evening, Mr. Rose had agreed, and the revised plans showed, to reduce the size of the largest building by 6,000 square feet, thus providing the 35' buffer zone between his building and the adjacent R-1 area; providing 15 more parking spaces, and agreeing to widen Walnut to a potential 36-foot street by adding 18 feet west of the center line, along his property line.

Mr. Dowd commented that he had agreed to contribute at least a fair share of the cost to fix up the drainage problem which exists south, to Baltimore.

After further consideration, the vote was taken. All voted "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the third and final reading of Bill No. 72-47, and enact it as Ordinance No. 1.897. Mr. Walker seconded. The vote: All "aye". Mayor Bussinger advised that the new roller skating rink, and adjacent shops could now be constructed and thanked Mr. Rose for his patience in working with the Council.

* * *

Item 8 - RESOLUTION NO. R-72-61. Mr. Walker moved for the adoption of Resolution No. R-72-61, authorizing the City Manager to accept a Bill of Sale for water main construction in Brooktree Subdivision, under Contract No. 130, by Acuff Homes and Hevalow-Shanks Construction Company, Inc., which included 4 fire hydrants, and related appurtenances.

Mr. Dowd seconded. The vote: All "aye".

* * *

Item 9 - RESOLUTION NO. R-72-62. Mr. McCausland moved for the adoption of Resolution No. R-72-62, authorizing the appointment of Brent C. McMahan, as Acting City Manager, from August 5, 1972, through August 20th, 1972, in the absence of the City Manager, and authorizing him to sign drafts and checks against City of Gladstone Accounts for that period of time. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 9-A - added to the Agenda: Mr. Dowd moved for the adoption of Resolution No. R-62-63, authorizing the City Manager to accept a Bill of Sale for water main construction in Whispering Oaks Cluster Development, in the 7000 block of North Askew, under Contract No. 133, by City Homes, Inc., and Hevalow-Shanks Construction Company, Inc., including related appurtenances

* * *

Item 10 - Consideration of liquor license renewal applications: Mr. McCausland moved for the renewal of the following:

- (1) Class A & B for Henry's Restaurant, 6212 N. Oak;
- (2) Class B for Gladstone Bowl, 300 NW 72nd Street;
- (3) Class C for A & P Food Store, 6316 North Oak;
- (4) Class C for A & P Food Store, 6469 North Prospect;
- (5) Class C for Jones' 'Why Not', 7200 North Oak;
- (6) Class C for Orlando Liquors, 6809-11 North Oak;
- (7) Class F for Lou & Tiny's Hop Shop, 7107 N. Locust;
- (8) Class F for Pizza Hut, 6420 North Oak;
- (9) Class C for Williams' United Super, 7219 North Oak

Mr. Dowd seconded the motion.

The City Manager advised that the Public Safety Department had recommended the approval of the above list.

At this point, Mr. Harold French, of Frenchie's Tavern, 7204 North Oak, addressed the Council, asking about his requested A & B licenses. He said he had received his Class F, as well as his Occupation License, but was interested in extending his licenses to include more than 5% beer.

(Note: Frenchie's was inadvertently listed on the above list for renewals but his Class F was granted at the Council meeting of July 10, 1972; his name was therefore removed from the above list, which was repetitious).

Mayor Bussinger suggested to Mr. French that he meet with the City Manager and that the matter would be brought before the Council after that.

The vote: All 'aye'.

* * *

Item 11 - Consideration and acceptance of Statement of Cash to June 30, 1972:

Mr. Walker moved for the acceptance of the Statement of Cash to June 30, 1972, as submitted. Mr. Dowd seconded. The vote: All 'aye'.

* * *

Item 12 - Consideration of Building Plans for Gladstone Food Products, 607 NE 69th Street. Mr. Joe Catalano, Petitioner.

Mr. Wm. Norton, Attorney at Law, and Mr. Joe Catalano, Jr., were present to submit the plans for the construction of additional buildings to the present facility, which makes taco shells, and related products. It was noted that the plans had been submitted to the Council in 1969, but that nothing further had been done at that time. The Council discussed the outside construction, which Mr. Catalano said was planned along the Spanish theme, since they are in the business of Spanish food...Mr. Catalano said they planned to re-grade and landscape, and there was discussion on the number of parking places planned. It was noted by Mr. Dowd that there was a need for grading and landscaping as there had been an eyesore there for years.

After further, general discussion, it was the general consensus that more information and more plans were needed, and it was suggested that the Council take the matter up again at the next Council meeting of August the 14th, at which time it could be brought before the Council again.

Mr. Dowd moved to defer Item 12 for three weeks. Mr. Walker seconded. The vote: All "aye".

* * *

Item 13 - Other Business:

(1) The matter of granting a Class "C" liquor license to the Quik-Trip Store, located at 2000 NE 72nd Street, was opened for discussion. Mr. Olson advised that the store plans to open on August 4th or 5th. Mr. Walker asked if the City had over the allowed number of Class C licenses issued at this time. The City Manager advised that we did not. It was noted that the Public Safety Department had recommended approval of such a license for the other Quik-Trip store, located at 7603 North Oak, and this had been granted.

After further discussion, Mr. Dowd moved to grant a Class "C" liquor license (package only) to the Quik-Trip Store, 2000 NE 72nd Street. Mr. Jezak seconded. The vote: All "aye".

(2) Mr. Olson explained that Regan's Restaurant desires to serve 5% beer prior to their development of a lounge/restaurant facility on North Oak Street.

Mr. Dale Quigley, the Manager, addressed the Council. He said their plans for the addition have not yet been completed, but that they expect to break ground within the next ten days. He said that in the meantime, they would like to serve beer in the south dining-room, and in the north dining room with the exception of Sundays, when they get an after-church crowd. He said this would only be a temporary measure until their building was done and they could take advantage of their Class "A" License.

Mr. Jezak addressed a question to Mr. John Dods, asking if this were in accordance with the ordinance, and if it would be legal. He asked if it could be set up under pretty restrictive conditions and subject to the completion.

Mr. Dods said, in his opinion, since the Class "F" (beer by the drink) licenses have all been used (as allowed by population requirements of the City), that the City could possibly issue a Complete Class "A", and then issue some type of restrictive regulations, like a gentlemen's agreement, or like a letter, from Regan's, stating that they would only serve 5% beer until such time as their construction is completed, at which time the Council would again review and then they could, with the Council's permission, proceed with the full use of the Class "A" License.

Mr. Olson said that is the reason why Mr. Quigley and his assistant manager are here...that the ordinance leaves the decision up to the Council.

Mr. Dods said he believed the Council's only option would be to issue a Class "A", which would permit a full liquor license...he said the question would be whether a "gentlemen's agreement" would suffice; they, actually, would then have the right to serve other than just 5% beer by the drink.

Mr. Dowd said he wanted to be sure we were legal; that the City might be "sticking it's neck out" if it goes ahead and issues the "A"..

Mayor Bussinger asked about the possibility of a letter stating they would not serve anything other than the 5% beer..he said he had faith in Regan's and felt they would not jeopardize the City's position.

Mr. Quigley said that Mr. Alan Wolff was supposed to be in town this date to discuss with Mr. Regan the finalization of the plans; he said he didn't know whether or not this meeting had taken place as he had not been able to reach Mr. Regan.

Mayor Bussinger said he didn't know whether or not this was an enforceable law.

Mr. Dods said that with the 60-day probationary period, if the Class "A" were granted, under the suggested terms of service only of 5% beer, and if they failed to maintain their end of the bargain, or agreement, then the Council could always revoke the license.

Mr. McCausland asked if we were pretty confident that Mr. Wolff has agreed to do what the Council has asked him to do in this instance.

After further discussion, Mr. Bussinger commented that the Council is concerned about the legal standpoint of the question. He said that he knew Regan's was reputable, and there is no concern over whether or not they would keep their word, but that in the final analysis, he believed the Council should discuss the matter more thoroughly.

It was noted that no building permit has been issued as yet. It was suggested that Mr. Quigley would probably have more information prior to the next Council meeting, and the Council will take the matter up again at that meeting. This was agreeable to all.

Mr. Quigley said this would be fine; that he didn't want the Council to put itself out on a limb for his benefit. It was suggested that it might be embarrassing to Regan's if, for instance, they were allowed to serve 5% beer one week, and then not able to the following week, which could happen if there were unforeseen problems coming up.

Mayor Bussinger said the Council would expect to see Mr. Quigley at the next Council meeting with proof that they are "ready to go".

Mr. Jezak asked if there were a work session scheduled for this week. None is planned.

Mr. Olson said there is a meeting planned this week with Mr. Satterlee to discuss the extension of Antioch Road; he said he would like to confirm the meeting time.

After discussion, it was decided that noon on Friday, at the Commerce Towers would be agreeable, if this met with Mr. Satterlee's approval.

Mr. Olson said the Water System Study has been completed by Larkin and Associates. He said they would like to brief the Council on the report, and that he believed all five Councilmen should be present if possible. He said it should be about a three-hour session.

The Council agreed on Tuesday, August 1st, as early as possible (suggested time: 7:00 P.M.) and this is to be confirmed with Larkin.

As there was nothing further to come before the Council at this time, upon motion duly made and seconded, the meeting was unanimously adjourned. Time: 9:05 P.M.

MAYOR

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

24 JULY 72

The regular meeting of the Gladstone City Council was called to Order at 8:00 P.M., by Mayor Lee Bussinger. The meeting was held in the Council Chambers of the Gladstone City Hall, on the above date. Roll was called. Present were Councilman Jack McCausland, Councilman Dick Dowd, Councilman Bernie Jezak, Councilman Kenneth Walker, and Mayor Bussinger. In addition, the City Manager, Mr. Olson, Mr. John Monica, representing the City Counselor's office, and the City Clerk were present. Mr. John Dods, Assistant City Counselor, arrived just after the first part of the meeting.

Mayor Bussinger led the group in the Pledge of Allegiance to the Flag.

Item 3 - Acceptance of Minutes of regular Meeting of July 10, 1972:
Mr. Walker moved for the acceptance of the Minutes of July 10, 1972, as submitted. Mr. Dowd seconded. The vote: All "aye".

Item 4 - Communications from the Audience: Mr. Ray Heslop, 6509 N. Michigan, addressed the Mayor and City Council. He said the Suburban Boy's Football League was in need of more football fields which were lighted. He suggested that with the addition of more poles, which are already at the site, some additional lights and cross members, the present lighted baseball diamond would serve very well. He said there are presently 7 poles, 80 feet long, lying in a ditch near the ball diamond; he said what was involved was to auger the holes, drop the poles in, packing them in, adding the cross members, putting the lights on, more or less in that order, and he felt this would serve as a satisfactory, temporary measure, until more fields were available in the Elliott Park. He said he believed the job could be done for around \$3,000, and asked if the Park Board or the Council could see the expenditure of that kind of money.

Mayor Bussinger said he didn't know if the Park Budget could stand something like this, and he posed the question to the City Manager. Mr. Olson said that such an expenditure would have a very serious impact on the Park Budget; he said, however, that probably other things could be delayed, or built later in the season, but that he felt the job would cost "a few bucks"...

In answer to a question, Mr. Heslop said that of the 7th and 8th grade boys, he felt that 5 out of every 8 were Gladstone boys; that of the 5th and 6th graders, he felt nearly all were Gladstone boys.

Mr. Dowd said he would like to see it come through the Park Board because they would have to juggle the funds to handle something like this;

Mr. Walker said he didn't feel that the City should put any lights at foot-candle height; he said he felt it was dangerous to play in semi-darkness; he said he felt it would be better to play with no lights at all than to play with insufficient or inadequate lighting.

After further discussion, Mayor Bussinger suggested that Mr. Heslop attend the Park Board meeting, scheduled for this coming Wednesday evening, July 26th, and present his proposal to them, bringing with him tentative cost estimates, and whatever other background information would be helpful in helping the Park Board understand the problem and reach a solution. Mayor Bussinger said that, afterward, the Park Board could submit its suggestions to the Council for discussion at the next Council meeting; that he felt we needed to get something rolling to give Mr. Heslop some help. This was agreeable to Mr. Heslop.

* * *

Item 5. Communications from the City Council: Mr. Jezak asked the City Manager to follow up on a complaint he had received from a citizen who had appeared at Municipal Court. The complaint revolved around the fact that, although said citizen felt his fine was not out of line because of his case, he felt the citizen who had to appear just before him, on the docket, paid less in the way of a fine for the same violation, and that citizen wanted to know why. (Ref. Case No. 23942)

* * *

Item 6. Communications from the City Manager: Mr. Olson introduced Mr. Murphy, a student of Political Science at Park College, who was attending the meeting this evening at the suggestion of Doctor Jerzy Hauptman of Park College. Mr. Murphy was welcomed.

Mr. Olson advised there would be an additional Resolution (No. R-72-63) authorizing the acceptance of a Bill of Sale for water main construction in Whispering Oaks Cluster Development under Contract No. 133, and the addition of a request by Mr. Howerton, Manager of the new Quik-Trip Store, located at 2000 NE 72nd Street, for a Class "C" (Package Liquor Sales) Permit.

Mr. Olson also brought up a request received from Regan's Restaurant, asking for permission from the Council to sell 5% beer, by the drink, in the interim period before they have completed their construction of the new lounge area at their restaurant, in connection with their promised Class "A" permit which was contingent upon their completion of the construction of the new section.

Mayor Bussinger said the additional resolution would be listed as Item 9-A; that the other matters would be taken up under Item 13, entitled "Other Business".

* * *

Item 7 - THIRD READING of Bill No. 72-47, rezoning from R-1, Residential, One-Family Dwelling District, to C-P-2, Planned General Business District, property described as being located at approximately 72nd and North Walnut. The petitioner: Mr. Ben Rose.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI
14 AUGUST 72

A G E N D A

1. Meeting Called to Order - Roll Call
2. PLEDGE OF ALLEGIANCE
3. PROCLAMATION: - "Better Water For Gladstone Week"

(a) Gladstone Food Products, 607 NE 69th Street; (b) Regan's Restaurant, 6425 North Oak Street; (c) Appletree Apartments, approximate address of which is 3501 NE 72nd Street.
17. Consideration and acceptance of the following: (a) Cash Disbursements for July, 1972, for General Fund and for Combined Waterworks & Sewerage System Operations and Maintenance Fund; (b) Statement of Cash & Investments to July 31, 1972; (c) Combined Waterworks & Sewerage System Financial Report for 12 months ending 6/30/72.
18. OTHER
19. ADJOURNMENT

The regular meeting of the Gladstone City Council was called to Order in the Council Chamber of the Gladstone City Hall on Monday, August 14, 1972, at 8:00 P.M. Roll was called. Present were Councilman McCausland, Councilman Dowd, Councilman Jezak, Councilman Walker and Mayor Bussinger. In addition, Brent McMahan, Acting City Manager, John Dods, Assistant City Counselor and the City Clerk were also present.

Mayor Bussinger led the group in repeating the Pledge of Allegiance.

Item 3 - Proclamation. Mayor Bussinger proclaimed August 12th to the 20th as "Better Water For Gladstone Week".

Item 4 - Acceptance of Minutes. Mr. Dowd moved to accept the Minutes of the regular Council Meeting of July 24, 1972, as submitted. Mr. Walker seconded. The vote: All "aye".

Item 5 - Communications from the Audience. There were none at this time.

Item 6 - Communications from the City Council. Mayor Bussinger advised that there had been some problems at the Gladstone Water Plant during the bad storm in the City on August 2nd, and that because of the good work done by the Director of Utilities and his crew, water service was restored without delay and the City suffered no ill effects. Mayor Bussinger commended Mr. Anderson for his work.

Mayor Bussinger advised that Chief Robert Harris of the Gladstone Public Safety Department had been named to the Board of the Missouri Police Chief's Association, and commended Chief Harris on this honor.

Mayor Bussinger advised that on Saturday, July 22nd, Public Safety Officer Daffron reported a fire at 60th Terrace and Broadway; as this was out of our jurisdiction, the Kansas City, Missouri Fire Department had been notified but had not yet arrived, and Officer Daffron set up the emergency equipment and notified the residents to evacuate. Riding along with Officer Daffron was Mr. Vincent Thompson, who personally warned the residents and assisted in the evacuation of those persons, and Mayor Bussinger presented an Award and Commendation to Mr. Thompson at this time. Mr. Thompson was personally congratulated on his service to others by each of the Councilmen and received a hearty round of applause from the audience.

Regarding the tree and limb pick-up program, following the bad storm, Mayor Bussinger advised that this program is moving along as quickly as possible. He advised, further, that the City had secured a "chipper" which reduced the logs and branches to chips and that by August 25th, the City hoped to have all the limbs and logs cleared up.

Item 7 - Communications from the City Manager. Mr. McMahan advised there would be an additional Bill submitted to the Council for action this evening, being Bill No. 72-56, which, in effect, amends No. 1.770 by adding Schedule VI, which is presently unassigned, to be entitled "Turning Movements Prohibited". Mayor Bussinger added this item to the Agenda as 9-A.

Item 8 - 1st Reading of Bill No. 72-54, for an ordinance authorizing the Mayor to execute a Lease with the Kansas City Power & Light Company, for use as a recreation area of certain property on 72nd Street at about Highland, now known as the Power and Light Company Substation No. 78. Mr. Jezak moved for the first reading of Bill No. 72-54. Mr. Walker seconded. The vote: All 'aye'. The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 72-54, and to place it on second reading. Mr. Walker seconded. The vote: All 'aye'. The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of said Bill No. 72-54, to waive Section 20 (d)(2) of Ordinance No. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded. Mr. Jezak said he felt the citizens should know a little bit more about what was going on here. He said that for some time the Kansas City Power and Light Company had talked about letting the City use the ground in front of the Sub-station at the aforementioned location for a recreation area. After some discussion, it was agreed that they would lease the ground to the City at no cost, and would construct a double tennis court, plant and screen the area, and place lights, and that the City would then maintain the ground once it had been set up. They plan to also improve the substation site and plant it. Mr. Jezak said this was a rather remarkable gift, as tennis courts are rather expensive and that it would be a great boon to the citizens. This is a five-year lease, but it is very possible that it could run anywhere from ten to even fifteen years. The vote: All 'aye'. The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 72-54, and to enact said Bill as Ordinance No. 1.898. Mr. Walker seconded the motion. The vote: All 'aye'.

* * *

Item 9 - 1st Reading of Bill No. 72-55, authorizing acceptance of the Revised Plat of Meadowbrook Manor, Sixth Plat. Mr. Dowd moved to place Bill No. 72-55 on first reading. Mr. Jezak seconded. The vote: All 'aye'. The Clerk read the Bill. Mr. Dowd moved to accept the first reading of Bill No. 72-55 and to place it on second reading. Mr. Jezak seconded.

Mr. Dowd commented that there were no lots platted on this revised Plat, and he said he felt it was a little unusual not to have any lots shown. It was suggested that the Bill be given only two readings at this time and that between now and the next Council meeting, at which final action may be taken, Mr. Danneberg may be contacted to clarify this matter.

The vote: All 'aye'. The Clerk read the Bill a second time.

* * *

Item 9-A (Addition) Bill No. 72-56, for an ordinance amending Ord. No. 1.770, by adding Schedule VI which is presently unassigned, the new section to be entitled "Turning Movements Prohibited". Mr. McCausland moved to place Bill No. 72-56 on first reading. Mr. Jezak seconded. The vote: All 'aye'. The

Clerk read the Bill. Mr. McCausland moved for approval of the first reading and to place said Bill No. 72-56 on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. McCausland moved to accept the second reading of Bill No. 72-56, to waive Section 20 (d) (2) of Ordinance No. 1.83, and to place said Bill on its third and final reading. Mr. Jezak seconded.

Mr. Dowd commented that these new regulations are actually the same two "no right" "no left turns" which already exist on Antioch Road now; that is "no left turn" from northbound Antioch Road to westbound Northeast 64th Street at the westerly intersection of these two streets, and "no right-hand turn" from eastbound 64th Street onto southbound North Antioch Road at the westerly intersection of these two streets, but he said this needed to be done, and the earlier ordinance amended, in order to make the restrictions official.

The vote: All "aye". The Clerk read the Bill a third and final time.

Mr. McCausland moved to accept the third and final reading of Bill No. 72-56, and to enact it as Ordinance No. 1.899. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 10 - RESOLUTION NO. R-72-64 - Mr. Walker moved for the adoption of Resolution No. R-72-64, authorizing the designation of a Depository for Flora Park U. S. Housing and Urban Development Project No. OSL-MO-07-16-1008, to be located at the First National Bank of Gladstone, Missouri, and authorizing the City Manager and the City Treasurer to open the account to be designated "Flora Park Improvement Fund" for the deposit of said funds. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 11 - RESOLUTION NO. R-72-65 - Mr. Dowd moved for the adoption of Resolution No. R-72-65, authorizing the City Manager of the City of Gladstone to accept, execute and up-date the Civil Defense Operation Procedure and Manual, 1972. Mr. McCausland seconded the motion.

Mayor Bussinger commented on the fine job the Civil Defense Director, Mr. Lee A. Wilhite, and his Civil Defense Volunteers were doing in the City, and thanked him. At this time, it was noted that Mrs. Wilhite and Mr. and Mrs. Schoenhoeft were also present at this evening's meeting, and they were introduced by Mr. Wilhite, and made welcome by the Mayor.

The vote on the motion: All "aye".

* * *

Item 16 - Consideration of Certain Building Permits: At this time, Mayor Bussinger suggested moving on to this Item as there were interested persons in the audience. (Item a) Gladstone Food Products, 607 NE 69th Street. After general discussion, and study of the proposed plans, Mr. Dowd moved that

the building plans for expansion of Gladstone Food Products, 607 NE 69th Street, be approved, with the three foot-notes added by the Council to the said building plans. Mr. Walker seconded. The vote: All "aye".

(Item b) Regan's Restaurant, Gladstone Plaza Shopping Center, 6425 North Oak Street. After due consideration and study of the plans submitted, Mr. Walker moved that the Council approve the plans for the reconstruction of Regan's Restaurant, 6425 North Oak Street, as submitted. Mr. Dowd seconded the motion. The vote: All "aye".

(Item c) Appletree Apartments, approximate address of which is 3501 NE 72nd Street. After general discussion, Mr. Walker moved that the Council defer action on this item until the next Council meeting, and after the City Manager has had an opportunity to work out the details on this matter. Mr. Dowd seconded. The vote: All "aye".

At this time, Mr. Stockton, Assistant Manager of Regan's Restaurant, asked if the Council would reconsider their earlier request for permission to sell 5% beer in the South dining room of Regan's Restaurant, prior to and during the reconstruction of the lounge. Mayor Bussinger suggested that this matter wait until item 18 - designated "Other Business", at which time the Council would discuss the matter with him. This was agreeable to Mr. Stockton.

* * *

Moving back to Agenda Item No. 12 - RESOLUTION No. R-72-66. Mr. Dowd moved for the adoption of Resolution No. R-72-66, authorizing the Mayor of Gladstone to execute a Contract with Larkin & Associates under TOPICS Project No. T-4530 (1), authorizing Joyce L. Seever, Treasurer and Assistant Director of Finance to certify that there is a sufficient unencumbered cash balance in the Street Improvement Bond Fund to meet the obligation authorized by the said Contract, and authorizing the Mayor of the City to execute Exhibit "F" to said Contract, all in connection with the widening of North Oak Street Trafficway, from Gladstone south City limit at Englewood Road, to the north City limit at approximately 77th Street, to four and five lanes with signalization at major intersections, the project length along North Oak Street being approximately 2.66 miles; Mr. Walker seconded. Mr. Dowd asked if this was the fee contract. Mayor Bussinger advised that this was only for the Preliminary Engineering Contract. Mr. Dowd said that this was then, in essence, "the contract to work up the Contract"...The vote: All "aye".

* * *

Item 13 - RESOLUTION NO. R-72-67; Mr. Jezak moved for the adoption of Resolution No. R-72-67, authorizing the establishment of an account "Oak Street Fund - County Contribution", for Clay County funds to be used for North Oak Street Trafficway Construction adjacent to the Villages of the Oaks, in conjunction with the City Street Improvement Program on North Oak Street Trafficway. Mr. Dowd seconded.

Mayor Bussinger said that the Council is very happy to have the County contribute these funds; that the City is pleased to have the funds in an account and to add them to the other accounts for the Program.

The vote on the adoption of Resolution No. R-72-67: All "aye".

* * *

Item 14 - RESOLUTION NO. R-72-68. Mr. McCausland moved for the adoption of Resolution No. R-72-68, authorizing the City Manager to accept certain streets for City maintenance from Midwest Pre-Cote Company, said streets being located in BROOKTREE SUBDIVISION, FIRST PLAT. Mr. Walker seconded. The vote: All "aye".

* * *

Item 15 - RESOLUTION NO. R-72-69, Mr. Walker moved for the adoption of Resolution No. R-72-69, authorizing the City Manager to accept certain streets for City maintenance from Midwest Pre-Cote Company, said streets being located in WALNUT CREEK SUBDIVISION. Mr. Dowd seconded the motion. The vote: All "aye".

* * *

Item 17 - Consideration and acceptance of: (a) Cash Disbursements for July, 1972, for General Fund, and for Combined Waterworks & Sewerage System Operations and Maintenance Fund; (b) Statement of Cash and Investments to July 31, 1972, (c) Financial Report for 12 months ending June 30, 1972 for Combined Waterworks & Sewerage System...Mr. Dowd moved to accept the above, as submitted. Mr. Walker seconded.

Mr. Dowd asked for an explanation of Check No. 10862, under General Funds; and Check No. 10925 was questioned by Mr. Jezak, who also asked for an explanation. The vote: All "aye".

* * *

Item 18 - Other Business. Mr. Robert Stockton, Assistant Manager of Regan's Restaurant, asked if Regan's could be allowed to sell 5% beer in the south dining room of Regan's prior to and during the construction of the new lounge section. After general discussion, Mr. Walker said he was not in favor of it at this time, until the expansion is actually under way.

Mr. Dowd said he concurred with Mr. Walker; he felt that once the plans have been finalized with Mr. Wolff, and once Regan's is sure they are to move ahead with the construction, then the matter could be discussed again. It was noted that the construction should begin shortly, and it was suggested that Mr. Stockton could probably have an answer by the next Council meeting of the 28th.

Mr. Stockton said that he wanted to assure the Council that, under no circumstances, did they want to "ruin Regan's family image; that the 5% beer would only be served in the south dining room, and that he would be happy to talk with the Council again, as suggested.

Mayor Bussinger explained that it would be embarrassing to both Regan's and the Council if they had to revoke the license, should that be necessary because of one reason or another, and he and the Council felt it would be better to wait until the 28th, until the final determination on the plans have been

worked out, and Mr. Wolff "signed on the dotted line". This was agreeable to all.

* * *

Mayor Bussinger reminded the Council of the Clay County Coordinating Meeting scheduled in the Gladstone Community Building at 7:30 P.M. on Wednesday, the 16th. He also set up a work session for August 23rd, at 7:30 P.M.

As there was no further business to come before the Council at this time, upon motion duly made and seconded, the Council meeting was adjourned by unanimous vote. Time: 9:05 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

28 AUGUST 72

The regular meeting of the Gladstone City Council was called to Order on Monday, August 28, 1972, at 8:00 P.M., by Mayor Lee Bussinger, at the Gladstone City Hall. Roll was called. Present were Councilman Jack McCausland, Councilman Richard Dowd, Councilman Bernie Jezak and Councilman Ken Walker. In addition, Mr. Olson, City Manager, was present, as were Assistant City Counselor, John Dods and the City Clerk.

Item 2 - The Mayor led the Pledge of Allegiance to the Flag.

Item 3 - Acceptance of Minutes of the regular meeting of August 14, 1972. Mr. Jezak so moved. Mr. McCausland seconded. The vote: All "aye".

Item 4 - Communications from the Audience: None at this time.

Item 5 - Communications from the City Council: It was noted that the Central Park tennis courts were not yet lighted. Mr. Olson said the reason was because of the cost.

Mr. Jezak said that the Park Board had recommended that two courts be lighted; this could either be in Central Park or the two new courts which will be constructed by the Power and Light Company on 72nd at the vicinity of the sub-station. A question was asked whether K. C. Power and Light didn't intend to take care of the lighting at the to-be-constructed courts. The answer was that the courts would cost more to construct than had first been contemplated, and it seems the City may have to stand the cost of the lighting of those courts when they are finished.

Mayor Bussinger asked if the cost would run around \$2,500. Mr. Olson said yes, in that neighborhood. Mayor Bussinger suggested that the City spend the money it anticipated for the "repair" of the storm-damaged trees in Oak Park on the lighting, instead, if the trees could wait. The City Manager said that there was some danger of falling limbs and that there were quite a few trees in Oak Grove Park which needed care; he said he hoped that, with careful supervision, the costs might be held down when it came to treating and repairing the trees, and that the City might still be able to do both, treat and repair the trees and light the courts.

Mr. Dowd asked the City Manager what procedure had been instituted so that there could be access to the newly-constructed property room of the Gladstone Public Safety Department. The City Manager said he would look into this matter and advise the Council.

Mr. Walker commented on the Overlay Program which is now completed, and mentioned that the total estimated cost had been \$94,270, and that for a total cost of \$104,000, the City had been able to include Prospect, from 64th to 72nd, some work on North Bales, some work on Broadway and some work on 68th Terrace, as well. He felt this was money well spent.

Item 6 - Communications from the City Manager. Mr. Olson commented that there was one additional Resolution tonight, with reference to accepting bids on some chemicals needed for the Gladstone Water Treatment Plant. This will be

added to the Agenda as Item 10-A.

* * *

Item 7 - 3rd reading of Bill No. 72-55, for an ordinance approving the Revised Plat of Meadowbrook Manor, Sixth Plat. Mr. McCausland moved to approve the second reading of said Bill, and to place it on third and final reading. Mr. Dowd seconded. Mr. Dowd said he had questioned at a previous meeting why there were no lot lines showing; he said he had had his question answered, in that the zoning there is R-1-CH, which doesn't require the lot lines to show; that, actually, the lots were indicated as part of the original Plat, but are not part of this Plat because it is communal ownership, and he was satisfied that this Plat was correct. The vote: All "aye". The Clerk read the Bill.

Mr. McCausland moved to accept the third and final reading of Bill No. 72-55, and to enact it as Ordinance No. 1,900. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 8 - 1st reading of Bill No. 72-57, for an ordinance amending certain schedules of Ordinance No. 1,770, adding and deleting certain Crosswalks; adding certain areas where parking is prohibited at all times, and adding and deleting certain Stop Streets.

Mr. Jezak moved to place said Bill No. 72-57 on its first reading. Mr. Walker seconded. Mr. Dowd asked that this Bill not be given final reading until he had had an opportunity to check out the changes, particularly those in Section 2, (which may be controversial). He said he wanted a chance to study the entire Bill over more closely.

Mayor Bussinger asked the City Manager to indicate on the list of Stop Streets those which were new, those which were already in effect, etc.

Mr. Jezak said he had read the Planning Commission minutes which reflected some criticism of the new style School sign, which is actually a Federal requirement. He asked if the City were going to adopt the new sign. Mr. Olson answered that he believed the City Engineer had already ordered the new signs, or, at least, some new signs, and he thought we were in compliance with the requirement.

The vote: All "aye". The Clerk read the Bill.

* * *

Item 9 - RESOLUTION NO. R-72-70, for acceptance of a proposal for the repair of storm-damaged trees in Oak Grove Park, from J. H. Heath Tree Service Co., in the amount of \$2,160. Mr. Dowd so moved. Mr. McCausland seconded. The vote: Mr. McCausland, "aye", Mr. Dowd, "aye", Mr. Jezak, "aye", Mr. Walker, "aye", Mayor Bussinger, "NO". Motion passed, 4-1.

Item 10 - RESOLUTION NO. R-72-71. Authorizing the City Manager to make application to the State of Missouri, Division of Highway Safety, for financial assistance for the preparation of a Traffic Safety Program. Mr. Walker so moved. Mr. Dowd seconded. The vote: All "aye".

* * *

Added Item 10-A - RESOLUTION NO. R-72-72, authorizing the City Manager to purchase Liquid Carbon Dioxide from S.E.C. Corporation, approx. 60,000 lbs. at \$.025 per pound; approximately 20,000 lbs. of Liquid Chlorine from McKesson Chemical Company, at \$13.50 per Cwt.; approximately 650 Tons of Mississippi Lime for \$22.75 per Ton. Mr. McCausland so moved. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 11- Consideration of applications for Building Permits for the following:

(a) U-Tote-Em, to be constructed at 61st Terrace and North Oak; Mr. Dowd moved for the approval of the plans submitted, with the addition of a footnote that the City Council will require brick on both the west and south sides of the proposed store building. Mr. McCausland seconded. The vote: All "aye".

(b) D. W. Newcomer Funeral Chapel to be constructed at approximately 6405 North Antioch Road. Mr. John Wells, Contractor, was present. Mr. Walker moved for the approval of the plans as submitted, with the stipulation that the buffering on the north be developed into proper screening, as suggested by the Council.

Mr. McCausland noted that because this construction abuts a State Highway, the City is unable to ask for curbs and gutters.

The vote: All "aye".

(c) Appletree Apartments, the approximate address of which shall be 3501 NE 72nd Street. Mr. Joe Cheesebrough, Architect, and one of the contractors were present. It was noted that this is to contain 132 family units. Mr. Dowd moved that the Council approve the plans and construction of Appletree Apartments, with the stipulation that they will vacate and easement, and dedicate a ten-foot right-of-way to the City, as described on the plans. Mr. Walker seconded. The vote: All "aye".

(d) Mr. Walker moved to defer the approval of building plans for a Sales Lot building at the Angle Motor Company, until the next Council meeting. Mr. McCausland seconded. The vote: All "aye".

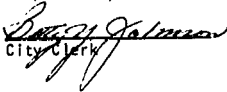

Item 15 - Acceptance of Financial Statement to June 30, 1972, for General Fund, Park & Recreation, and Special Sewer Assessment Fund. Mr. Jezak moved for acceptance of the above, as submitted. Mr. Walker seconded. The vote: All "aye".

Item 16 - OTHER BUSINESS: Mayor Bussinger asked if all cross walks to schools were covered by guards, as this is the first week of the beginning of school. The City Manager answered in the affirmative.

Mayor Bussinger reminded the Council of the following meetings: Chamber of Commerce Installation Dinner, at Mr. and Mrs. Everett Smith's residence, on August 31st; a meeting scheduled with Larkin & Associates on September 6th, for further discussion of the Water System's Report; a tour of the City to be taken by the City Council and City Manager on Saturday, September 9th, in the morning; The Municipal League Conference to be held in Tan-Tar-A, beginning September 13th, and a tentative meeting with the City's attorneys on September 21st.

As there was no further business to come before the City Council meeting, it was, upon motion duly made and seconded, adjourned by unanimous vote. Time: 9:00 P.M.

Respectfully submitted,

City Clerk

Note: Former Mayor, Richard Davis, was asked by the City Council to fill in as a temporary member of the Board of Zoning Adjustment, until a regular member can be officially appointed by the Council. Mr. Davis agreed to do so. This Board meets on the call of the Chairman, and a meeting is scheduled for Friday, September 8, 1972, at 7:00 P.M.

B. Johnson,
City Clerk

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

28 AUGUST 72

The regular meeting of the Gladstone City Council was called to Order on Monday, August 28, 1972, at 8:00 P.M., by Mayor Lee Bussinger, at the Gladstone City Hall. Roll was called. Present were Councilman Jack McCausland, Councilman Richard Dowd, Councilman Bernie Jezak and Councilman Ken Walker. In addition, Mr. Olson, City Manager, was present, as were Assistant City Counselor, John Dods and the City Clerk.

Item 2 - The Mayor led the Pledge of Allegiance to the Flag.

Item 3 - Acceptance of Minutes of the regular meeting of August 14, 1972. Mr. Jezak so moved. Mr. McCausland seconded. The vote: All "aye".

Item 4 - Communications from the Audience: None at this time.

Item 5 - Communications from the City Council: It was noted that the Central Park tennis courts were not yet lighted. Mr. Olson said the reason was because of the cost.

Mr. Jezak said that the Park Board had recommended that two courts be lighted; this could either be in Central Park or the two new courts which will be constructed by the Power and Light Company on 72nd at the vicinity of the sub-station. A question was asked whether K. C. Power and Light didn't intend to take care of the lighting at the to-be-constructed courts. The answer was that the courts would cost more to construct than had first been contemplated, and it seems the City may have to stand the cost of the lighting of those courts when they are finished.

Mayor Bussinger asked if the cost would run around \$2,500. Mr. Olson said yes, in that neighborhood. Mayor Bussinger suggested that the City spend the money it anticipated for the "repair" of the storm-damaged trees in Oak Park on the lighting, instead, if the trees could wait. The City Manager said that there was some danger of falling limbs and that there were quite a few trees in Oak Grove Park which needed care; he said he hoped that, with careful supervision, the costs might be held down when it came to treating and repairing the trees, and that the City might still be able to do both, treat and repair the trees and light the courts.

Mr. Dowd asked the City Manager what procedure had been instituted so that there could be access to the newly-constructed property room of the Gladstone Public Safety Department. The City Manager said he would look into this matter and advise the Council.

Mr. Walker commented on the Overlay Program which is now completed, and mentioned that the total estimated cost had been \$94,270, and that for a total cost of \$104,000, the City had been able to include Prospect, from 64th to 72nd, some work on North Bales, some work on Broadway and some work on 68th Terrace, as well. He felt this was money well spent.

Item 6 - Communications from the City Manager. Mr. Olson commented that there was one additional Resolution tonight, with reference to accepting bids on some chemicals needed for the Gladstone Water Treatment Plant. This will be

added to the Agenda as Item 10-A.

Item 7 - 3rd reading of Bill No. 72-55, for an ordinance approving the Revised Plat of Meadowbrook Manor, Sixth Plat. Mr. McCausland moved to approve the second reading of said Bill, and to place it on third and final reading. Mr. Dowd seconded. Mr. Dowd said he had questioned at a previous meeting why there were no lot lines showing; he said he had had his question answered, in that the zoning there is R-1-CH, which doesn't require the lot lines to show; that, actually, the lots were indicated as part of the original Plat, but are not part of this Plat because it is communal ownership, and he was satisfied that this Plat was correct. The vote: All "aye". The Clerk read the Bill.

Mr. McCausland moved to accept the third and final reading of Bill No. 72-55, and to enact it as Ordinance No. 1,900. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 8 - 1st reading of Bill No. 72-57, for an ordinance amending certain schedules of Ordinance No. 1-770, adding and deleting certain Crosswalks; adding certain areas where parking is prohibited at all times, and adding and deleting certain Stop Streets.

Mr. Jezak moved to place said Bill No. 72-57 on its first reading. Mr. Walker seconded. Mr. Dowd asked that this Bill not be given final reading until he had had an opportunity to check out the changes, particularly those in Section 2. (which may be controversial). He said he wanted a chance to study the entire Bill over more closely.

Mayor Bussinger asked the City Manager to indicate on the list of Stop Streets those which were new, those which were already in effect, etc.

Mr. Jezak said he had read the Planning Commission minutes which reflected some criticism of the new style School sign, which is actually a Federal requirement. He asked if the City were going to adopt the new sign. Mr. Olson answered that he believed the City Engineer had already ordered the new signs, or, at least, some new signs, and he thought we were in compliance with the requirement.

The vote: All "aye". The Clerk read the Bill.

* * *

Item 9 - RESOLUTION NO. R-72-70, for acceptance of a proposal for the repair of storm-damaged trees in Oak Grove Park, from J. H. Heath Tree Service Co., in the amount of \$2,160. Mr. Dowd so moved. Mr. McCausland seconded. The vote: Mr. McCausland, "aye"; Mr. Dowd, "aye"; Mr. Jezak, "aye"; Mr. Walker, "aye"; Mayor Bussinger, "no". Motion passed, 4-1.

Item 10 - RESOLUTION NO. R-72-71. Authorizing the City Manager to make application to the State of Missouri, Division of Highway Safety, for financial assistance for the preparation of a Traffic Safety Program. Mr. Walker so moved. Mr. Dowd seconded. The vote: All "aye".

* * *

Added Item 10-A - RESOLUTION NO. R-72-72, authorizing the City Manager to purchase Liquid Carbon Dioxide from S.E.C. Corporation, approx. 60,000 lbs. at \$.025 per pound; approximately 20,000 lbs. of Liquid Chlorine from McKesson Chemical Company, at \$13.50 per Cwt.; approximately 650 Tons of Mississippi Lime for \$22.75 per Ton. Mr. McCausland so moved. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 11- Consideration of applications for Building Permits for the following:

(a) U-Tote-Em, to be constructed at 61st Terrace and North Oak; Mr. Dowd moved for the approval of the plans submitted, with the addition of a footnote that the City Council will require brick on both the west and south sides of the proposed store building. Mr. McCausland seconded. The vote: All "aye".

(b) D. W. Newcomer Funeral Chapel to be constructed at approximately 6405 North Antioch Road. Mr. John Wells, Contractor, was present. Mr. Walker moved for the approval of the plans as submitted, with the stipulation that the buffering on the north be developed into proper screening, as suggested by the Council.

Mr. McCausland noted that because this construction abuts a State Highway, the City is unable to ask for curbs and gutters.

The vote: All "aye".

(c) Appletree Apartments, the approximate address of which shall be 3501 NE 72nd Street. Mr. Joe Cheesebrough, Architect, and one of the contractors were present. It was noted that this is to contain 132 family units. Mr. Dowd moved that the Council approve the plans and construction of Appletree Apartments, with the stipulation that they will vacate and easement, and dedicate a ten-foot right-of-way to the City, as described on the plans. Mr. Walker seconded. The vote: All "aye".

(d) Mr. Walker moved to defer the approval of building plans for a Sales Lot building at the Angle Motor Company, until the next Council meeting. Mr. McCausland seconded. The vote: All "aye".

Item 15 - Acceptance of Financial Statement to June 30, 1972, for General Fund, Park & Recreation, and Special Sewer Assessment Fund. Mr. Jezak moved for acceptance of the above, as submitted. Mr. Walker seconded. The vote: All "aye".

Item 16 - OTHER BUSINESS: Mayor Bussinger asked if all cross walks to schools were covered by guards, as this is the first week of the beginning of school. The City Manager answered in the affirmative.

Mayor Bussinger reminded the Council of the following meetings: Chamber of Commerce Installation Dinner, at Mr. and Mrs. Everett Smith's residence, on August 31st; a meeting scheduled with Larkin & Associates on September 6th, for further discussion of the Water System's Report; a tour of the City to be taken by the City Council and City Manager on Saturday, September 9th, in the morning; The Municipal League Conference to be held in Tan-Tar-A, beginning September 13th, and a tentative meeting with the City's attorneys on September 21st.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

11 SEPTEMBER 72

The regular meeting of the Gladstone City Council was called to Order by Mayor Bussinger at 8:00 P.M., Monday, September 11, 1972, in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to the Mayor, those present were Councilman McCausland, Councilman Dowd, Councilman Jezak and Councilman Walker. The City Manager, Mr. Olson, the Assistant City Counselor, Mr. Dods, and the City Clerk were also present.

Item 2 - Pledge of Allegiance. Mayor Bussinger led the Pledge of Allegiance to the Flag.

Item 3 - PROCLAMATIONS: Mayor Bussinger proclaimed September 11 to the 16th as NATIONAL CERAMIC HOBBY WEEK, and September 27, 1972, as VOLUNTARY ACTION DAY. Mayor Bussinger acknowledged the gift of a ceramic eagle which will be placed in an honorary spot in the Council Chambers. He expressed his appreciation.

Item 4 - Acceptance of Minutes. Mr. Jezak moved to accept the Minutes of the Council Meeting of August 28, 1972, as submitted. Mr. Walker seconded. The vote: All "aye".

Item 5 - Communications from the Audience: Mr. Bruce Stone, 7024 North Cherry, addressed the Mayor and Council, as a representative of the Gladstone JayCees. He asked the Council to approve a temporary license for a circus for September 30th, to be located on vacant ground located at approximately 7312 NE 72nd Street. He further described the land as being approximately 1 block west of Prospect, off of 72nd Street, and did say that there was to be NO parking on 72nd Street, but that Mr. Virgil Meek, owner of the property to be used, had given permission for all parking to be on his property. Mr. Stone said that the money derived from the circus would be spent on a donation to Camp Wonderland, a camp for handicapped children, and on civic projects. He said this would be only a one-day affair, with two performances, one at 4:00 P.M. and a second at 8:00 P.M. He said the circus would come in early that Saturday morning, and leave early Sunday morning, and that they had made all arrangements for post-clean-up work with the Clay County Hauling Company. He also asked permission from the City to draw approximately 2,000 gallons of water (the Circus will have its own tank truck) in order to water the animals. The City Manager will be notified on the hydrant tap. Mr. Keith Beck, president of the JayCees, advised that he had notified Bob Harris, Director of Public Safety Department, of his plans and that he thought there would be at least one officer present at the Circus during its day of duration. He said there was a one-million dollar insurance policy which would cover both the City and Mr. Meek, the owner of the property. He said a copy would be forthcoming to the City. Mr. Beck said, further, that they had polled the residents on the east side of the property on which the circus will be located, and had not received any opposition or objection. The JayCees plan to put in a temporary road onto the property, to allow easy facility off of 72nd Street. He said there were approximately 12 acres which would be more than sufficient to take care of the main tent, and other circus equipment, as well as the parking.

After general discussion, Mr. Walker moved to grant a Circus Permit to the Gladstone Jaycees, for Saturday, September 30th, 1972; to waive the fee. Mr. Dowd seconded. The vote: All "aye".

Mayor Bussinger wished the JayCees good luck in this venture.

Item 6 - Communications from the City Council. Mr. Dowd said that following the bad storm in August, the City was making a valiant effort to clean up the debris, but that he had received many complaints about how slowly the work was progressing. He said that some residents have taken advantage of the City's effort and have added many pieces of brush and yard trimmings that were not caused by the storm, and this has added to the City's task. He said some of the complaints he has received have been vicious, but that he had received one "thank you", and for that he was very grateful. He said that the City had even secured a second chipping machine to enable the City to complete the massive clean-up task, which was something that the City was doing to help the citizens, and was, certainly, not a requirement. He said it was kind of tough to take complaints that we are not doing the work fast enough.

Mr. Walker said he concurred; that a lot of the debris which is being picked up is obviously not from the storm. He said he hoped people would be a little patient.

Mayor Bussinger said he had received a copy of a letter written by Mrs. Donna Beck to the President of the Gladstone Senior Citizens, with a copy to Mrs. Johnson. He commended Mrs. Beck and the JayCee Wives, of which group Mrs. Beck is President, on their devotion to the Senior Citizens in the past years. Mrs. Beck had indicated that because most of the membership at this time is employed during the day, they are unable to be with the Senior Citizens at the scheduled time of their meetings, which are 11:30 A.M. to 2:00 P.M. Mayor Bussinger said he had attended several of these meetings and realized how much they meant to our Senior Citizens, and he commented on the "good food" which is usually served. He thanked Mrs. Beck, and noted that Mr. Lee Waggy, of McDonald's Restaurant, had agreed to underwrite the Senior Citizens for the remainder of this year. He expressed his appreciation to Mr. Waggy, for McDonalds for their sponsorship.

Added as
/(Item 18-A)

Item 7 - Communications from the City Manager. Mr. Olson advised that an additional Resolution, appointing an Acting City Manager in his absence while attending an I.C.M.A. conference, was added to the Agenda this evening; he said a second additional Resolution, pertaining to A.T.A. would not be acted upon this evening, pending further discussion by the Council.

Mr. Olson advised that there would be a meeting with Mr. George Satterlee, and the County Urban Roads Committee at 8:00 P.M. on Wednesday. He said he would appreciate having one of the Councilmen attend this meeting with him, if possible. Mr. Dowd agreed to go.

The City Manager said there was an additional set of building plans to be considered this evening, and added to the Agenda. The Council agreed to allow the Sapp Hardware Company to extend their building to the north some months ago, and these plans were being presented for Council approval by Mr. Larry Sapp, this evening. (Added as Item 19-A)

He reminded the Council and citizens of the City picnic scheduled for September 16th, at Central Park. All were urged to attend this festive occasion.

Item 8 - SECOND READING OF BILL NO. 72-57, amending certain Schedules of Ord. No. 1.770, adding and deleting certain Crosswalks; adding certain areas where Parking is Prohibited at All Times, and adding and deleting certain Stop Streets.

Mr. Jezak moved for the acceptance of the first reading of Bill No. 72-57, and to place same on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the second reading of said Bill, and to place it on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill. Mr. Jezak moved to accept the third reading of Bill No. 72-57, and to enact it as Ordinance No. 1.901. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 9 - Mr. Walker moved for the adoption of Resolution No. R-72-73, authorizing the acceptance of a bid for medium crushed salt for 1972-73 usage, from American Salt Company, for approximately 1,000 Tons of salt in 100-ton bulk lots, as needed, @ \$9.40 per ton, and authorizing the City Manager to purchase such salt. Mr. Dowd seconded. The vote: All "aye".

Item 10 - Mr. McCausland moved for the adoption of Resolution No. R-72-74, authorizing the City Manager to approve Change Order No. 1 and Change Order No. 2, 1972 Street Overlay Contract No. S-1, with Mid-Continent Asphalt and Paving Company, for a total Change Order cost of \$23,465.00. Mr. Jezak seconded. The vote: All "aye".

Item 11 - Mr. Dowd moved for the adoption of Resolution No. R-72-75, accepting work performed under the 1972 Street Overlay Contract No. S-1, by Mid-Continent Asphalt and Paving Company, in the total amount of \$44,884.00, and authorizing the City Manager to make said final payment. Mr. Walker seconded. The vote: All "aye".

Item 12 - Mr. Jezak moved for the adoption of Resolution No. R-72-76, authorizing the sale of some City-owned equipment (1 Sears Riding Mower, 1 Sears Belly-attachment for the Riding Mower, 1 Maumee Grass Seeder, and 1 Toro Mower and riding sulky), which were no longer being used in the City. Mr. McCausland seconded. The vote: All "aye". The items will be advertised for sale in the Dispatch Newspapers.

Item 13 - Mr. Walker moved for the adoption of Resolution No. R-72-77, authorizing the closing out of Raw Water Transmission Main, Contract No. 10, with Brown Brothers Contractors, Inc., on the recommendation of the City Counselor, dated May 5, 1972. Mr. Dowd seconded. The vote: All "aye".

Item 14 - Mr. Dowd moved for the adoption of Resolution No. R-72-78, accepting a Study of Water System Improvements, Revenues, and Rate Schedules, and authorizing payment for such Study to Larkin and Associates, as allowed by Resolution No. R-71-58, in the amount of \$13,250.00. Mr. McCausland seconded. Mr. Dowd said that he believed as this was a substantial sum of money, it needed some brief explanation. He commented that the money was approved and allowed in the 1971-72 Budget, approximately a little over a year ago; that this Study will indicate to the City present needs and future needs; that the Study is now

completed and it is up to the Council to digest the report and figure out how they are going to move on it, and what they are going to do.

Mayor Bussinger said that this Study is something to consider down the road, that it is a very thorough study, and something which will help the City in many years to come.

The vote: All "aye".

Item 15 - Mr. McCausland moved for the adoption of Resolution No. R-72-79, authorizing payment for asphalt resurfacing in Oak Grove Park, under 1972 Street Overlay Contract No. S-1, covering Change Order No. 1, for 267 tons of asphalt @ \$9.88 per ton. Mr. Jezak seconded. Mr. Jezak said he had been contacted recently by someone whose family had enjoyed a picnic in Oak Grove Park and they had complimented the City on the beauty and condition of the Park. He said he thought thanks were really due to many people who had worked hard for Oak Grove Park years ago, because it was really because of their work that people could now enjoy this beautiful park.

The vote: All "aye".

Item 16 - Mr. Jezak moved for the adoption of Resolution No. R-72-80, authorizing the transfer of funds from the General Fund to the Oak Grove Park Improvement Fund, to cover the costs of certain improvements under Project No. MO-OSD-68, and stating that when Federal Funds are received from said Grant, such funds will be deposited in the General Fund in repayment. Mr. McCausland seconded. The vote: All "aye".

Item 17 - Mr. Walker moved for the adoption of Resolution No. R-72-81 authorizing execution of Contract No. PS-2, with Motorola Communications and Electronics, Inc., for the installation of an F.M. Base Station, and in the total amount of \$2,915.30; Mr. Dowd seconded. The City Manager explained that this was totally paid for by L.E.A.C., which now allows help for such purchases.

Mayor Bussinger said this would be a great help to the Public Safety Department and the City was indeed fortunate to have the new Base Station, which would eliminate some of the problems existing because of the condition of the old one.

The vote: All "aye".

Item 18 - Mr. Dowd moved for the adoption of Resolution No. R-72-82, authorizing the City Manager to execute Contract No. 134 for water main construction in Williamsburg, Fourth Plat. Mr. Walker seconded. The vote: All "aye".

Item 18-A - added - Mr. McCausland moved for the adoption of Resolution No. R-72-83, appointing Mr. Brent C. McMahan as Acting City Manager from September 18th through September 21st, and authorizing him to sign checks and drafts on City Funds in that time. Mr. Jezak seconded. The vote: All "aye". Mayor Bussinger commented that, usually when the City Manager is out of town, the City of Gladstone has a storm. He hoped this "would not be the case this time!"

Page -5-

Building Plans were submitted to the Council for Curry Real Estate Company for commercial construction, to be located in Kendallwood, at approximately 5900 Antioch Road, one side of which is to be tenanted by a 'Shop and Go', a small market-type operation similar to a Seven-11, and the other side of which has not yet been listed for tenants. After general discussion, the Council approved the plans. Mr. Dowd moved to accept the Building Plans submitted by Curry Real Estate, as submitted, for the aforementioned construction. Mr. Jezak seconded. It was noted that Mr. Tom Gibson, with the firm of Duncan Architects, of 800 W. 47th, Kansas City, Missouri, was present to discuss the plans. The vote: All 'aye'.

Added item - Building plans were submitted by Mr. Dale Sapp, for added construction for an addition on the north side of the present Ray Sapp Hardware Store, 7107 North Oak. It was recalled that a letter was in the file, from Mrs. Newry Sapp Webster, stating that when the North Oak Street Trafficway construction/widening project is underway, she will, at her own expense, move the present store sign. After further general discussion, Mr. Dowd moved to approve the plans as submitted. Mr. McCausland seconded. The vote: All 'aye'.

Item 20 - Mr. Jezak moved to accept the Statement of Cash & Investments to August 31, 1972, the Cash Disbursements Report for August for Combined Waterworks and Sewerage Systems Operation and Maintenance Fund, and the Cash Disbursements Report for the month of August for General Fund, Street Improvement Bond Fund and the Special Sewer Assessments Fund, as submitted. Mr. Dowd seconded. The vote: All 'aye'.

Item 21 - OTHER BUSINESS. Mr. Bussinger said it was rather amusing to see a recent picture of our Animal Control Officer leading a Shetland Pony up the street. He asked if we were still caring for the pony. The City Manager said we were; that the pony, in fact, was eating dog food, and thriving on it. Mr. Walker said, in jest, that we might expect the pony to begin barking any day.

Mr. Dowd ended his comment by saying that he knew of someone in the City who would be quite amused to know that the City has it's own 'horse'.

As there was nothing further to come before the Council at this time, the meeting was, upon motion duly made and seconded, adjourned. Time: 9:05 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

25 SEPTEMBER 72

The regular meeting of the Council of the City of Gladstone, Missouri was called to order by Mayor Bussinger September 25, 1972, 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to Mayor Bussinger, those present were Mr. McCausland, Mr. Dowd, Mr. Jezak, Mr. Walker, City Manager, David Olson, Assistant City Counselor, John Dods, and the Acting City Clerk, Joyce Seever.

Cub Scout Pack No. 272 presented the Colors and led the Pledge of Allegiance. Members of the Troop Included: Scott Crawford, David Harris, Glenn Olson, John Kraatz, David Krump, Robin Ogle, and Eddy Blanchina. The Mayor thanked the Scouts for their participation.

* * *

Item 3 - Acceptance of Minutes. Mr. Jezak moved that the Minutes of the Regular Council Meeting of September 11, 1972 be approved as submitted; Mr. Dowd seconded the motion. The vote: All "aye".

Item 4 - Communications from the Audience.

Mr. James Youngers, Curry Investment Company, spoke in behalf of the Curry Company and The First National Bank of Gladstone. He said the Bank has received approval from the Federal Banking Authorities to construct a branch facility at approximately NE 60th Street and Antioch Road on property in the Kendallwood project. He desired to present a site plan for the new facility and request a deviation from their original land use plan. He requested also that approval be given for installation of a temporary facility; the permanent facility should be completed within one year. He indicated they would like to have an answer tonight, if possible.

Mr. Walker moved that the Council accept the deviation from the original land use plan of Kendallwood, request that a resolution be prepared for the next Council meeting, and permit the Bank to put up a temporary structure at the location shown on the plan, to be used as a drive-in banking facility. Mr. Dowd seconded the motion. The vote: All "aye".

* * *

Mr. Leroy Nixon, 6111 N. Tracy, and Mr. Ron Smith, 1102 Cowden Drive, presented pictures of the sidewalk along Cowden Drive which goes to the Oakwood Manor School and asked if the City would repair the portions that have caved in. Mayor Bussinger said the Council would look at the problem and determine what should be done.

* * *

Item 5 - Communications from the City Council. There were no communications from the Council.

* * *

Item 6 - Communications from the City Manager.

Mr. Olson requested the addition of Resolution No. R-72-90 authorizing execution of a Quit-Claim Deed on a temporary sewer construction easement, and consideration of building modification plans for the Phillips 66 station at 74th and North Oak.

Mayor Bussinger added these to the Agenda as Item 13A and 14C respectively.

* * *

Item 7 - Public Hearing on a request to rezone from R-1 to C-P-2 and from C-1 to C-P-2 part of Lot 3, Commissioners Plat of Palmer Homes, located at approximately 5828 North Oak Street Trafficway.

Mr. Philip C. Druen, 12615 Jackson, Kansas City, the petitioner, said that on behalf of their company, North Oak Power Mowers, they were requesting the rezoning as C-2 is required for repair of mowers. He said this was formerly the Bethel Temple Church; that the building will be improved to meet City codes.

Mayor Bussinger asked if Mr. Druen was aware of the five stipulations recommended by the Planning Commission. Mr. Druen said he was present at the meeting. He said the structure behind the church is a concrete block building. He said they might make this into an office in the future, but they did not need the space for the operation they plan.

Mayor Bussinger said the Planning Commission requested that 18 parking spaces be provided. Mr. Druen said there would be room to provide these, and that the parking area would be black-topped. He said the Planning Commission questioned whether 58th Terrace was a dedicated street and therefore, they had revised their plan to have the entrance into the basement on the North side of the building. Mr. Olson said it has been determined that 58th Terrace is a dedicated street.

Mr. Dowd asked about the right-of-way on North Oak. Mr. Olson said he would secure a recommendation from Larkin on this item prior to the final determination by the Council.

Mr. Bussinger asked Mr. Druen if they contemplated any outdoor displays; Mr. Druen said they did not.

Mr. Dowd asked that Mr. Druen prepare a sketch or layout of their plans before the next Council meeting so the Council can have something specific to go by. Mr. Olson said the site plan was submitted with the request for a building permit.

There was no one to speak in opposition to the rezoning request.

The Mayor closed the Public Hearing.

* * *

Item 8 - Resolution No. R-72-84 - Mr. Dowd moved that Resolution No. R-72-84 authorizing the Mayor to execute a contract with the Kansas City Area Transportation Authority be adopted; Mr. Walker seconded the motion. The vote: All "aye".

* * *

Item 9 - Resolution No. R-72-85 - Mr. Walker moved that Resolution No. R-72-85 authorizing the City Manager to execute Water Main Extension Contract No. 135 be adopted; Mr. Jezak seconded the motion. The vote: All "aye".

* * *

Item 10 - Resolution No. R-72-86 - Mr. McCausland moved that Resolution No. R-72-86 authorizing the City Manager to accept certain streets in Ellington Estates for maintenance be adopted; Mr. Dowd seconded the motion. The vote: All "aye".

* * *

Item 11 - Resolution No. R-72-87 - Mr. Walker moved that Resolution No. R-72-87 authorizing the City Manager to accept certain streets in Stratford Park, 5th Plat for maintenance be adopted; Mr. Jezak seconded the motion. The vote: All "aye".

* * *

Item 12 - Resolution No. R-72-88 - Mr. Jezak moved that Resolution No. R-72-88 accepting a bid for tennis court lighting in Central Park be adopted; Mr. McCausland seconded the motion.

Mr. Jezak said the High Tension Electrical Company had agreed to start within 60 days and complete the installation of the lights within 90 days. It will take approximately 30 days for them to secure the poles and equipment needed. He will start the project as soon as the materials are received.

The vote on the motion: All "aye".

* * *

Item 13 - Resolution No. R-72-89 - Mr. Jezak moved that Resolution No. R-72-89 accepting a bid for resurfacing of tennis courts in Central Park be adopted; Mr. McCausland seconded the motion.

Mr. Jezak said money had been provided in this year's budget for both the lighting and resurfacing. He said he was delighted to see these improvements being completed. The surface for the courts is guaranteed to last a number of years.

The vote on the motion: All "aye".

* * *

Item 13A - Resolution No. R-72-90 - Mr. Dowd moved that Resolution No. R-72-90 authorizing the City Manager to execute a Quit-Claim Deed for certain temporary sewer construction easement on Lot 14, East Oakwood be adopted; Mr. McCausland seconded the motion. The vote: All "aye".

* * *

Item 14A - Consideration of Building Plans - Remodeling at 5828 North Oak Trafficway.

Mr. Dowd moved that the Council postpone the consideration of remodeling plans at 5828 North Oak Trafficway for two weeks since a change of zoning is requested at this location and he had questions as to what is to be done with the building. Mr. Jezak seconded the motion. The vote: All "aye".

* * *

Item 14B - Consideration of Building Plans for an auxiliary building, Angle Motors, 5900 North Oak.

Mr. Olson said plans show an 800 square foot building, estimated cost of \$7500, to be used as a sales office on the used car lot. It will be constructed to meet City specifications.

Mr. Walker moved that the Council approve the building plans for an auxiliary building for Angle Motors, 5900 North Oak Street, upon acceptance of the proper prints to comply with building regulations; Mr. Dowd seconded the motion. The vote: All "aye".

* * *

Item 14C - Consideration of remodeling plans for the Phillips 66 Station at 74th and North Oak.

Mr. Hurst, representing a contractor, said they propose to build a canopy over the pumps to run parallel with the building.

Mr. Walker said the City would need construction easements here for North Oak and asked Mr. Hurst for his cooperation. Mr. Hurst said he was not a representative of Phillips Petroleum, but he would take this message to Phillips.

Mr. Dowd moved that the Council approve the building revisions for the Phillips 66 Station at 74th and North Oak; Mr. Jezak seconded the motion. The vote: All "aye".

* * *

Item 15 - Acceptance of Financial Statements.

Mr. Jezak moved that the Council accept the Financial Statements for the Combined Waterworks and Sewerage System for the Month Ending July 31, 1972 and for the Two Months Ending August 31, 1972; Mr. Walker seconded the motion.

Mr. McCausland asked about Other Contractual Services, shown on the Water Operations and on the Sewer Operations Departments as new items. Mr. Olson explained that these items had been included in the budget under Maintenance of Buildings, and they were being shown separately this year in order to provide more realistic figures for actual maintenance, and to serve as a basis for next year's budget. There is no increase in expenditures.

The vote: All "aye".

* * *

The Mayor reminded the Council of a study session for September 26, 1972 at 7:30 P.M.

There being no further business to come before the Council, the meeting was, upon motion duly made and seconded, adjourned at 9:05 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

9 OCTOBER 72

The regular meeting of the Gladstone City Council was called to Order by Mayor Lee Bussinger on Monday, October 9, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Those in attendance were Councilman Jack McCausland, Councilman Richard Dowd, Councilman Bernie Jezak, Councilman Kenny Walker and Mayor Bussinger; in addition, the City Manager, Mr. David Olson, the Assistant City Counselor, Mr. John Dods, and the Acting City Clerk, Mrs. Joyce Seever, were present.

* * * * *

Item 2 - Presentation of Colors by Girl Scout Troop No. 135. Girl Scout Troop No. 135 presented the Colors, and led those present in the Pledge of Allegiance. Members of the Troop were introduced as follows: Leslie Hankins, Donna Childress, Jackie McCausland, Brenda Boustead, Yvonne Dowdy, Sherry Holloway, Sharon Wheeler, Julie Johnson, Jane Overby, Glenda Woodral, Sharon Lynch, Shelly Lynch, Laurie Beretelsen, Leslie Letkowski, Julie Egner and Kelly Garten. The Leaders were Mrs. Letkowski and Mrs. Boustead. The Troop was made welcome by Mayor Bussinger and the Council.

* * * * *

Item 3 - Acceptance of Minutes. Mr. Jezak moved that the Minutes of the regular Council meeting of September 25, 1972, be approved as submitted; Mr. Dowd seconded the motion. The vote: All "aye".

* * * * *

Item 4 - Communications from the Audience. There were none at this time.

* * * * *

Item 5 - Communications from the City Council. Mayor Bussinger said that on September 1, 1972, at Shady Lane and North Flora, there were some citizens who assisted our Public Safety Department in removing two young men from a wrecked, burning vehicle. The Council felt that citizens of this type who risk their own safety, and possibly their lives, to help others should receive some special recognition. Mayor Bussinger presented the Council's thanks, and tie tacs to Mr. David Drollinger, 1508 NE 64th Street, Mr. Jerry Hiatt, 6308 North Wayne, and Mr. Emmett D. Knoth, 6401 North Flora. Mr. William Smith, 6305 North Wayne, and Mr. Robert Glover of 1504 NE 64th Street, will be presented with tie tacs. Those present were congratulated and thanked by the Mayor and Council.

* * * * *

Item 6 - Communications from the City Manager. None at this time.

Item 7 - First Reading of Bill No. 72-58, on a rezoning request from R-1 to C-P-2, and from C-1 to C-P-2, part of Lot 3, COMMISSIONER'S PLAT OF PALMER HOMES, located at approximately 5828 North Oak Street Trafficway. Mr. Philip Druen, Petitioner.

Mr. McCausland moved that Bill No. 72-58 be placed on first reading; Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

* * * * *

Item 8 - Resolution No. R-72-91, authorizing establishment of a Revenue Sharing Fund Account.

Mr. Dowd moved that the Council adopt Resolution No. R-72-91; Mr. McCausland seconded. The vote: All "aye".

* * * * *

Item 8-A - Resolution No. R-72-92, authorizing the City Manager to execute Water Main Construction Contract No. 136, with Hevalow-Shanks Construction Company, Inc., and Acuff Homes, for water mains to be constructed in Brooktree, Second Plat.

Mr. Jezak moved that the Council adopt Resolution No. R-72-92; Mr. McCausland seconded. The vote: All "aye".

* * * * *

Item 9 - Consideration of Building Plans for remodeling at 5828 North Oak Street.

After consideration of the above, Mr. Dowd moved that approval of said building plans be deferred; Mr. McCausland seconded. The vote: All "aye".

It was agreed that the Council would visit the site on Saturday morning, October 14, 1972.

* * * * *

Item 10 - Acceptance of (A) Financial Statement for the 2 months ending August, 1972 for General Fund, Special Sewer Assessment Fund, Special Park & Playground Fund, and Sidewalk Construction Fund; (B) Disbursements Report for the month of September, 1972, for General Funds, Street Improvement Bonds and Parkland Improvements, and Combined Waterworks and Sewerage System.

Mr. Jezak moved the Council to accept the above listed reports; Mr. Dowd seconded. The vote: All "aye".

Item 11 - Other Business: Mayor Bussinger said the Council wishes to extend their sympathy to Mrs. Betty Johnson, City Clerk, in the death of her mother, Mrs. Florence V. Yaeger.

There being no further business to come before this meeting, it was, upon a motion duly made and seconded, adjourned by unanimous vote. Time: 8:15 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

23 OCTOBER 1972

The regular meeting of the Gladstone City Council was called to Order by Mayor Lee Bussinger on Monday, October 23, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. Those who were present were: Councilman McCausland, Councilman Dowd, Councilman Jezak and Mayor Bussinger. Councilman Ken Walker was ill and unable to attend the meeting. In addition, the City Manager, the Assistant City Counselor, and the City Clerk were present.

Item 2 - Presentation of the Colors; Pledge of Allegiance. Members of Scout Troop No. 180 were present and presented the Colors, following which the Pledge of Allegiance was given. Mayor Bussinger introduced the members by name, and they were made welcome.

Item 3 - Acceptance of the Minutes of October 9, 1972. Mr. Jezak moved they be accepted as submitted; Mr. Dowd seconded. The vote: All voted 'aye'.

Item 4 - Communications from the Audience. There were none at this time.

Item 5 - Communications from the City Council. Mr. Jezak advised that he had noticed the clearing of underbrush from the property at 64th and Prospect; he said he had also noticed that the piles of underbrush were being distributed on the City's right of way along 64th and he would appreciate it if those who were doing the clearing were asked to remove the debris rather than leaving it. The City Manager said he would check into the matter.

Item 6 - Communications from the City Manager. Mr. Olson said he had two Resolutions to add to tonight's Agenda; i.e. - R-72-95, accepting a Bill of Sale for Water Lines constructed under Contract No. 134, in Williamsburg, 4th Plat, and R-72-96, authorizing the City Manager to accept a proposal for the printing of the 1973 Gladstone calendars; he suggested the Council include the two additional resolutions.

Mayor Bussinger said these would be added as 13-A and 13-B, respectively.

At this time, Mayor Bussinger introduced Mr. Tom Miller, retiring Planning Commission member, who served on this Board from January of 1971, to October of 1972. Mr. Miller has moved out of the City and will no longer be serving in his former capacity of Planning Commission member. Mayor Bussinger presented Mr. Miller with a handsome plaque, commemorating his service to the City, and thanked him for his dedication. Mr. Miller expressed his thanks and said he had enjoyed his association on the Planning Commission, and urged other citizens to participate. A hearty round of applause followed.

* * *

Item 7 - PUBLIC HEARING on proposed revisions to the Subdivision Ordinance, No. 1.104.

Mr. Olson, speaking for the proposed revisions to the Ordinance, stated that

It had been agreed that it was necessary to up-date the Subdivision Ordinance and make it comparable to the present Zoning Ordinance, so that the two would be coordinated. The one major change was in the requirements for a bond when a subdivision does not have streets, etc.; this bond was changed from 50% to 100%, and formerly was to hold for 24 months; this has now been changed to 12 months for the subdivider to complete the improvements. The City Manager said the Planning Commission had reviewed the proposed changes, and had approved them.

There being no further discussion at this time, the Mayor closed the Public Hearing.

* * *

Item 8 - Public Hearing on a request to rezone from R-1 to R-1-C-H, property described as being approximately 3209 NE 72nd Street. Mr. Aubrey Richardson, Petitioner. It was noted that the proponents were not present at this time. Mr. Dowd moved to continue the Public Hearing until the next Council meeting of November 13th. Mr. McCausland seconded. The vote: All voted "aye".

* * *

Item 9 - Second Reading of Bill No. 72-58 on a zoning change for property described as being located at approximately 5828 North Oak Street Trafficway. Mr. Phillip Druen, Petitioner.

Councilman Dowd moved to accept the first reading of Bill No. 72-58, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 10 - First Reading of Bill No. 72-59, for an ordinance to accept a Quit-Claim Deed on property located in Concord Hills.

Mr. McCausland moved to place Bill No. 72-59 on first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. McCausland moved to accept the first reading of Bill No. 72-59, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill. Mr. McCausland moved to accept the second reading of Bill No. 72-59, to waive the 20th Section (d) (2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. McCausland moved to accept the third and final reading of Bill No. 72-59, and to enact same as Ordinance No. 1.902. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 11 - First Reading of Bill No. 72-60, for an ordinance authorizing payment for certain real estate for park purposes. (Opal Elliott property)

Mr. Jezak moved to place Bill No. 72-60 on first reading. Mr. Dowd seconded. The vote: All voted "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 72-60, and to place it on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 72-60, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Dowd seconded.

Mr. Jezak said that the Councilmen and the City Manager had walked over this entire piece of property, a total of 73 acres, and had been very much impressed with the beauty of it, and how it would lend itself to being the kind of area Gladstone would long be proud of. He said this was something the Council began thinking of long ago, when Mr. Davis was Mayor and before; that the grading that will have to be done will be minimal; there is ample space for picnic areas, ball fields and the other uses so necessary to citizens both now and in the future; he went on to say that this was accomplished by the citizens of Gladstone when they voted for the Sales Tax, the money from which will purchase this land; that it could not have become a reality without the help of the voters.

Mr. Everett Smith asked what the Federal help would amount to on the purchase of this land. The City Manager answered \$86,655.00, and said this would be brought out in a Resolution to be adopted later this evening.

The question was called. The vote: All "aye". The Clerk read the Bill a third and final time.

Mr. Jezak moved to accept the third reading of Bill No. 72-60, and to enact it as Ordinance No. 1.903. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 12 - RESOLUTION NO. R-72-93, accepting certain Certificates relating to Combined Waterworks & Sewerage System General Obligation Bonds and Combined Waterworks & Sewerage System Revenue Bonds, and their destruction, in accordance with Statutory requirements.

Mr. Dowd moved for the adoption of Resolution No. R-72-93. Mr. Jezak seconded the motion. The vote: All "aye".

* * *

Item 13 - RESOLUTION NO. R-72-94, amending the 1972-1973 Annual Operating Budget.

Mr. Jezak moved for the adoption of Resolution No. R-72-94, amending the 1972-1973 Annual Opr. Budget for the City of Gladstone, and authorizing

expenditures of funds. Mr. Dowd seconded. The vote: All voted "aye". (The City Manager explained that the reason for this Resolution is that Elliott Park matter will be consummated on the 9th of November, and that this Resolution, coupled with the ordinance just enacted on the same matter, had to be handled in this way. He said, further, that this Resolution was the result of the final survey of the property, and the appropriation record was necessary for governmental regulation reasons.

At this time, Mayor Bussinger called a 5-minute recess. Time: 8:30 P.M.

The regular meeting of the Gladstone City Hall was reconvened at 8:35, with Mayor Lee Bussinger presiding. All members with the exception of Mr. Ken Walker, were present and accounted for.

Item 13-A - Added to Agenda: Resolution No. R-72-95, accepting a Bill of Sale for certain water lines constructed under Water Extension Contract No. 134, with Old Pike Development and Hevalow-Shanks Construction Company, such construction being located in Williamsburg, Fourth Plat.

Mr. McCausland moved for the adoption of Resolution No. R-72-95, as stated above. Mr. Jezak seconded. The vote: All voted "aye".

Item 13-B - Added to Agenda: Resolution No. R-72-96, authorizing the City Manager to accept a proposal for printing the 1973 Civic Calendars, 9,000 of them, for a total amount of \$6,005. (Bidder: Colorite, Inc.). Mr. Dowd moved for the adoption of the above-stated Resolution, after which Mr. McCausland seconded the motion.

Mayor Bussinger said that the amount stated is more than the City usually spends, but that the quality and type of work which makes up the new calendar is quite impressive, and that he felt the additional expenditure was very well justified. He said they would be sent out by December 15, 1972.

The vote: All "aye".

* * *

Item 14: Consideration of certain building plans: (a) Construction of additional bay at Texaco Service Station, 6100 North Antioch Road. Mr. David Mount, representing Madison, Inc., Fabricators, out of Tulsa, Oklahoma, was present to discuss the plans.

After general discussion, Mr. Dowd moved to accept the plans for remodeling as presented, for the Texaco Station; Mr. Jezak seconded. The vote: All "aye".

(b) Construction of a metal maintenance storage building, Prospect Plaza, 6459 North Prospect. Mr. Olson explained that this would be used for the storage of maintenance equipment.

The general consensus of opinion of the Council was to postpone any action on this request until some definite indication of good faith on the part of the developers of Prospect Plaza is received by the Council on their plans for the park situation in that area. Mayor Bussinger said he would have to say "no".

City Council Meeting of
October 23, 1972, con't.

Page five

until the Council has received some definite plans. He said the Council had dealt with them in good faith that they would develop that park area; he said he believes they should go ahead and fulfill their first requirement.

Mr. Jezak moved to postpone for two weeks any action on the request for building a maintenance building at Prospect Plaza, until after some definite action is taken on the proposed park...Mr. McCausland seconded.

Mr. Dowd suggested that the proponents be advised that the Council would like to have an opportunity to talk to them all together; he felt the Council had tried to be cooperative, and that it was time for the proponents to meet with the Council. The vote: All "aye", (to postpone the action on these building plans for Prospect Plaza maintenance building.)

Item 15 - Acceptance of Financial Report for 3 months ending September 30, 1972, for Combined Waterworks and Sewerage System; Financial Report for 3 months ending September 30, 1972, for General Fund, Special Sewer Assessment Fund, Special Park & Playground Fund and Sidewalk Construction Fund.

Mr. Jezak moved to accept the Financial Reports as submitted. Mr. Dowd seconded. The vote: All "aye".

Item 16 - OTHER BUSINESS: Mayor Bussinger reminded the Council of a Work Session slated for Wednesday, the 25th, at 7:30 P.M., to talk with the M.A.R.C. people, and to consider the Annual Audit.

In answer to a question, Mr. Olson said the tennis courts in Central Park were to be resurfaced but had been held up by the wet weather; as to the tennis court construction at the K.C. P. & L. location, no decision has been given yet on starting date.

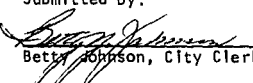

It was noted that a meeting with Mr. Van Wye of Larkin & Associates could be set up for Wednesday, November 1, at 7:30 P.M..

Mr. Olson suggested that one of the Councilmen plan to attend the LAGERS session on the 9th of November, at Jefferson City. Mayor Bussinger advised that he had attended as the elected official of the City last year and had found the meeting quite informative. Mr. Olson advised that this was the retirement system subscribed to by the City, through the Municipal League.

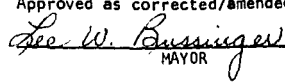

Mayor Bussinger commented on Mr. Walker's absence, stating that he had been quite ill and in the hospital, but was now home recuperating. He said he knew all would wish Mr. Walker well.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous consent. Time: 8:50 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

13 NOVEMBER 72

The regular meeting of the Gladstone City Council was held on Monday, November 13, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to the Mayor, Mr. Lee Bussinger, those present were Councilman McCausland, Councilman Dowd, Councilman Jezak and Councilman Walker. The City Manager, David Olson; the Assistant City Counselor, John Dods, and the City Clerk were present.

The Colors were presented in a ceremony conducted by members of Girl Scout Troop No. 76. Twelve young ladies were present, and all repeated the Pledge of Allegiance together with the Audience. Mayor Bussinger introduced the members and their leader, and made them welcome.

Mayor Bussinger proclaimed November 19th through November 26th, 1972, as BIBLE WEEK.

Item 4 - Acceptance of Minutes. Mr. Dowd moved to accept the Council Minutes of October 23, as submitted. Mr. Jezak seconded. The vote: Mr. McCausland, Aye, Mr. Dowd, Aye, Mr. Jezak, Aye, Mr. Walker, PASS, Mayor Bussinger, Aye.

Item 4-A - Added to the Agenda: Continuation of a Public Hearing (originally scheduled for October 23, 1972) on a zoning change request, from R-1 to R-1-CH, on property described as being located at approximately 3209 NE 72nd Street. Mr. Aubrey E. Richardson is the proponent. Mr. Tom Fuehrer, Architect, and Mr. John Evans, Land Development Collaborative, Inc., were both present to speak in favor of the proposed zoning change. Mr. Fuehrer explained that they had tried to present the Plan in accordance with the suggested changes brought up by the Planning Commission. He said they were building with the thought in mind that there was a certain segment of population who wanted the advantages of having their own yards, but were not interested in the personal maintenance; that is, interested in the advantages of single-family housing, with all the advantages of ownership, but with maintenance provided for.

He said they will certainly make every allowance for a study of the Indiana/72nd Street Intersection, and, because they do not know just at this time where the City wants them to intersect, they have showed what they feel may be the alignment, but are open to suggestion. They will dedicate the right-of-way. They hope to leave the heavily wooded area pretty much as is, retaining the park-like atmosphere. They believe the proposed Plan will be an asset to the City.

Mr. McCausland asked about the closeness to the R-1 development, and what the density was. Mr. Evans answered that they may be 2 units (total planned is 61 units) over the density allowance; he said they would be willing to forfeit 2 units; he said they plan to dedicate the full right-of-way, as it appears that it is all on their property. He said they had been told that a 5-foot right of way (additional) was required, but that the abutting property owner had indicated that he had to dedicate ten feet; they have now made arrangements to dedicate the ten feet, and would only lose two units.

Mr. Jezak asked what price the units would be sold for. The answer was from \$36,000 to \$36,000, with a condominium type of ownership.

It was noted that the outside finish would be rustic type; in answer to a question posed by Mr. Jezak as to compatibility, Mr. Fuehrer said that it was their belief that this type of development appears to be taking hold in other parts of the country, and is really taking shape in other local areas. Mr. Evans advised that the key seemed to be the marketing; that the money lenders and loan companies will not grant a loan until they have appraised the market.

Mr. Dowd asked about the storm drainage. Mr. Evans said there was a box culvert on the easterly side; that they would increase the pipe on the westerly side to handle the water; they asked what the City's plans were, if any, to improve the drainage on 72nd Street; they will use the natural watershed; they will cooperate in any way possible and are willing to make any changes that the City requires. In answer to a question, it was noted that the square footage would be 10,000 per unit.

Other speakers in favor of the proposed zoning were Mr. Dale Lam, 3407 NE 72nd Street; Mr. Lam indicated that he had opposed the zoning request earlier because he would have been in a land-locked position; but that since there have been some definite indications that Indiana Street will be extended, he is more than happy to commend the proponents on their plans, and would like to speak in favor of the proposed rezoning to R-1-CB.

Mr. Jack Boyce, 3405 NE 72nd Street, addressed the Mayor and the Council, and said he had raised the question of the footage earlier, 10 feet as opposed to 5 feet, and now that this question has been resolved, he is in total agreement with the project; he said he believed it would be an asset to the City.

There was no one to speak in opposition to this proposed rezoning.

Mayor Bussinger closed the Public Hearing. Time: 8:30 P.M.

* * *

Item 5 - Public Hearing on the proposed vacation of certain alley-ways and a street located in Block 25, OAKLEY COURT, approximate address of which is 607 NE 69th Street.

Mr. John Brannon, representing Mr. Joseph Catalano, President of Gladstone Food Products, addressed the Mayor and Council, explaining that this was mostly a matter of paper work; that although the alley-ways and the street had existed for some time, they had been ignored; that there had been complete and unanimous agreement at the recent Planning Commission on the proposed vacation, and that because the matter was of some urgency, due to pressures being put on them by the bank in regard to the loan, they had asked and would appreciate three readings of the Bill into ordinance at this meeting if that met with the Council's approval. Mr. Brannon showed the Council the old copy of the Plat as it had been filed and recorded in 1947, indicating where the alley-ways and the street were. Mayor Bussinger said he saw nothing to stand in their way tonight. It was noted that the Bill is prepared and appears as Item 14 on tonight's agenda.

No one appeared in opposition and the Public Hearing was thereupon closed.

* * *

Item 6 - Communications from the Audience. None at this time.

Item 7 - Communications from the City Council. Mr. Jezak asked about the curbs on 69th Street...he asked the City Manager to check into the work schedule on these curbs.

Item 8 - Communications from the City Manager. Mr. Olson advised that an additional Resolution had been added to tonight's Agenda, authorizing the Council to renew the Special Use Permits for the four pools in their area for Byers Investment Company. A letter from Mr. Bob Danneberg had been included in the Council packets.

Mayor Bussinger said this item would be added as Item 23-A.

Item 9 - Consideration of Preliminary Plat on property located at approximately the SW corner of 64th and North Flora, on NE Normandy Lane. As there was no one present representing the proponent, Mr. Snowden, Mr. Dowd moved to defer the matter until the next Council meeting when the petitioner is here. Mr. Jezak seconded. The vote: All "aye".

Item 10 - Third Reading of Bill No. 72-58, for certain zoning changes on property described as being part of Lot 3, Commissioners' Plat of Palmer Homes. The Petitioner, Mr. Phillip Druen, 05 NE 61st Street. Mr. Jezak moved to accept the second reading of said Bill and to place it on its third and final reading. Mr. Dowd seconded the motion. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 72-58, and to enact said Bill as Ordinance No. 1.904. Mr. Dowd seconded. The vote: All "aye".

Item 11 - Consideration of Building Plans for remodeling work on property described as part of Lot 3, Commissioners' Plat of Palmer Homes, further described as being located at 5828 North Oak Street Trafficway. Mr. Phillip Druen is the Owner and petitioner. After due consideration, and ascertaining that the outside changes will be minimal, the parking places adequate, and the curbing along North Oak sufficient, as well as future right-of-way availability, for structural easements, Mr. McCausland moved the Council approve the building plans as presented. Mr. Walker seconded. The vote: All "aye".

Item 12 - Mr. Dowd moved to place Bill No. 72-61, accepting certain Standard Sewer Easements from the Curry Investment Company, on first reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the first reading of Bill No. 72-61, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the second reading of Bill No. 72-61, to waive Section 20 (d) (2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Walker seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Dowd moved to accept the third and final reading of Bill No. 72-61, and to enact it as Ord. No. 1.905. Mr. Walker seconded. The vote: All "aye".

Item 13 - Mr. Walker moved to place Bill No. 72-62, for the acceptance of a Standard Sewer Easement from the Appletree Corporation, on its first reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 72-62, and to place it on second reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 72-62, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 72-62, and to enact it as Ordinance No. 1.906. Mr. Jezak seconded. The vote: All "aye".

Item 14 - Mr. Jezak moved to place Bill No. 72-63, accepting a vacation of certain alley-ways and a street in OAKLEY COURT, being located at approximately 607 NE 69th Street, on its first reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 72-63, and to place it on its second reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 72-63, and to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. McCausland seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Jezak moved to accept the third and final reading of Bill No. 72-63, and to enact it as Ordinance No. 1.907. Mr. McCausland seconded. The vote: All "aye".

Mayor Bussinger declared a 5-minute recess: Time: 9:10 P.M.

* * *

The regular meeting of the Gladstone City Council was reconvened at 9:15 P.M. All members were present.

Item 15 - First Reading of Bill No. 72-64, regulating the Subdivision Ordinance and amending earlier ordinance dealing generally with the same subject. Mr. Walker moved to place Bill No. 72-64 on its first reading. Mr. Dowd seconded. The vote: All "aye". Mr. Dods, Assistant City Counselor, read the Bill, explaining the changes as he proceeded through the reading.

* * *

Item 16 - Mr. Dowd moved for the adoption of Resolution No. R-72-97, accepting the Annual Audit Report for the Fiscal Year ended June 30, 1972, from the firm of Troupe, Kehoe, Whiteaker and Kent. Mr. Walker seconded.

Mayor Bussinger said the City feels they have a really good Audit and are quite

happy with the work of this firm. The vote: All "aye".

* * *

Item 17 - Mr. Walker moved for the adoption of Resolution No. R-72-98, authorizing the City Manager to engage the firm of Troupe, Kehoe, Whiteaker and Kent, Certified Public Accountants, to conduct the City's Annual Audit for 1972-73, at a cost not to exceed \$6,200.00. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 18 - Mr. Dowd moved for the adoption of Resolution No. R-72-99, authorizing the City Manager to accept the Bid from Northtown American, Inc., for one, 1973, American Motors Metador 4-door sedan, in the total amount of \$3,301.81, and to purchase same.

Mr. Jezak seconded. The vote: All "aye".

* * *

Item 19 - Mr. Walker moved for the adoption of Resolution No. R-72-100, authorizing acceptance of a proposal for repairs to the Water Well Pump, on Well No. 3, and authorizing the services of Layne Western Company to repair the said pump, in the amount of \$2,300, and authorizing that payment for said repairs shall be made from the Combined Waterworks and Sewerage System Surplus Fund. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 20 - Mr. McCausland moved for the adoption of Resolution No. R-72-101, authorizing a proposal for construction of a water line (12" main in North Indiana), by Hevalow-Shanks Construction Company, Inc., for the amount of \$13,803.30, and authorizing execution of a Contract, for such construction. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 21 - Mr. Dowd moved for the adoption of Resolution No. R-72-102, for the purchase of six 1973 sedans for the Gladstone Public Safety Department from Downtown Chrysler-Plymouth, in the total amount of \$14,542.00. Mr. McCausland seconded. It was suggested that a program be re-established beginning with these new vehicles, setting forth the cost of maintenance on a per car basis, and made available to the Council so they can watch to see what the cars are costing the City.

Mr. Olson said that in spite of the fact that the City sends out numerous invitations to bid, some 25 or so, the City only receives a few answers, and it is difficult to compare prices insofar as the various companies are concerned.

It was noted that these vehicles are constructed with a beefed-up suspension system, with 360 cubic inch engines. They are constructed in what is commonly called "a Police Package"...Mr. McCausland wondered how much over the cost the City pays...he asked if such a study had ever been made. The vote: All "aye".

Item 22 - Mr. McCausland moved for the adoption of Resolution No. R-72-103, accepting a Bill of sale for certain water mains constructed under Water Main Extension Contract No. 132, with the JIMAC LAND COMPANY, in Boiling Heights, and authorizing our payment to Jimac of the sum of \$1,650, representing the City's share of the cost of the oversized mains.

Mr. Walker seconded. The vote: All "aye".

* * *

Item 23 - Mr. McCausland moved for the adoption of Resolution No. R-72-104, accepting a certain bid from Gamon-Calmet Industries, Inc., for the purchase of 100 remote-reading sealed, cold water meters, at a cost of \$35.00 each, and authorizing purchase of same. Mr. Jezak seconded. Mr. Walker asked if this were a budgeted item. The answer was in the affirmative.

Mr. Olson explained that a "remote-reading" was a gauge which can be tagged onto the meter and it can then be read from outside. It's useful when both the husband and wife of a residence are both at work, and the men cannot ordinarily get into the house to read the meter. We already have some and this authorizes the purchase of 100 more. The vote: All "aye".

* * *

Item 23-A - Mr. Dowd moved for the adoption of Resolution No. R-72-105, authorizing the City Manager to extend the Special Use Permits for the Meadowbrook North, Meadowbrook Manor, Whispering Oaks Pool No. 1 and Whispering Oaks Pool No. 2 Swim Clubs, Issued to Byers Investment Company, 6701 North Agnes, Gladstone, Missouri, for a period of one year, and which shall expire on December 31, 1973. Mr. Walker seconded the motion. The vote: All "aye".

* * *

Item 24 - Mr. Dowd moved to grant a Class "C" Liquor License to the Shop 'N Go Store, 5817 North Antioch Road. Mr. McCausland seconded. The vote: All "aye".

* * *

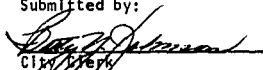

Item 25 - Mr. McCausland moved to accept the Statement of Finances & Investments for the month of October; the Cash Disbursements Report for Combined Waterworks and Sewerage System Operations & Maintenance Fund for October, 1972; the Financial Statement for General Fund, Special Sewer Assessment Fund, Special Park and Playground Fund, and Sidewalk Construction Fund for 4 months ending October 31, 1972, and Disbursements Report for General Fund, Street Improvement Bond Account, & Lateral Sewer District No. 3, for the month of October, 1972, as submitted. Mr. Jezak seconded. The vote: All "aye".

Under Other Business: Mayor Bussinger reminded the Council there would be a work session with Mr. Van Wye, of Larkin and Associates, Monday, November 20th.

Mr. Walker asked Mr. Olson what the progress was on the ownership of the Water Treatment Plant site...Mr. John Dods said there had not been any recent progress in getting that resolved; that one of the problems seems to be in contacting the owner; he said he believed that they had reached a negotiated settlement, but that there was nothing to report at this immediate time, in his opinion.

As there was nothing further to come before this meeting, it was, after motion duly made and seconded, adjourned by unanimous consent. Time: 10:05 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

27 NOVEMBER 72

The regular meeting of the Gladstone City Council was called to Order by Mayor Lee Bussinger on Monday, November 27, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall. Roll was called. In addition to the Mayor, those present were Councilman Jack McCausland, Councilman Richard Dowd, Councilman Bernie Jezak, and Councilman Ken Walker. In addition, the City Manager, David Olson, the Assistant City Counselor, John Dods, and the City Clerk were present.

Mayor Bussinger led in repeating the Pledge of Allegiance.

Item 3 - Acceptance of the Minutes of Council Meeting of November 13, 1972:

Mr. Jezak moved the Minutes of the Council Meeting of November 13, 1972, be accepted as presented. Mr. Walker seconded. The vote: All "aye".

Item 4 - Communications from the Audience. Mr. Ed Stanley, 1703 NE 68th Street, addressed the Mayor and Council with a complaint about youngsters with hot rods who were "yarding"...that is, driving up onto his yard and turning around, damaging the yard and endangering others. He said there was so much speeding in his area that he was very much concerned, and asked if there wasn't some way this could be controlled, or the area patrolled.

Mayor Bussinger said there could be some markers put up in that area, and ask the Public Safety Department to check it out; he said they would try to take some action to correct the situation; he said he didn't live too far away, and that he was aware of the problem, and every attempt would be made to rectify the situation.

Mr. Harold Kratky, Owner of Glad Rents, 6800 North Oak, addressed the Mayor and the City Council; he said he had been in business here for 14 years, and would like the City's permission to put up a warehouse in the rear of the present building. The size would be 41 feet, 11 inches x 50 feet, 3 inches, a typical Butler type building, constructed of aluminum, and made in Scottsdale, Arizona. He said the need was for additional warehouse space, and there would be no plumbing, no lights or heat needed. He said that there are 60 feet still available at the rear of his building, to the west; that the zoning is correct. (C-2).

After discussion, Mr. Walker moved to grant a Building Permit for the warehouse addition for Glad Rents, Inc., 6800 North Oak Street, which is to meet the necessary requirements as outlined by the City Engineer. Mr. Dowd seconded the motion. The vote: All "aye".

* * *

Item 5 - Communications from the City Council. Mayor Bussinger commented that a Newsletter was being sent this week from the City Hall to the citizens, advising them of the accomplishments within the City, and specifying those improvements to be made on 72nd Street, in connection with the City's Bond Program. He said the Engineers have set late summer of 1973 as the approximate date. He said the Council was anxious to get 72nd Street improvements going, and that the plans looked good in this regard.

Item 6 - Communications from the City Manager. None at this time.

Item 7 - SECOND READING: Bill No. 72-64, regulating the Subdivision Ordinance, and repealing earlier ordinances dealing generally with the same subject.

The Assistant City Counselor, Mr. Dods, advised that they had had strong indications from both the Planning Commission and the City Council that instead of amending earlier ordinances, as had first been stated in the Bill, the earlier ordinances should actually be repealed, as indicated in this item heading, and he suggested a motion to amend Bill No. 72-64, as follows: "...move that Bill No. 72-64, be amended as follows:

(a) That Section One (1) be amended to read as follows:

"Ordinance Numbers 152, 163, 280, 558, 572, 1.6, 1.26, and 1.104 are hereby repealed."

(b) That the last clause of the Title be changed to conform with amended Section One (1).

Mr. McCausland so moved; Mr. Jezak seconded the motion. The vote: All "aye".

Mr. Walker then moved to accept the first reading of Bill No. 72-64, and to place said Bill, as amended, on second reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to approve the second reading of Bill No. 72-64, and to place said Bill on third and final reading. Mr. Dowd seconded. The vote: All "aye". The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 72-64, and to enact said Bill as Ord. No. 1.908. Mr. Dowd seconded. The vote: All "aye".

* * *

Item 8 - FIRST READING: Bill No. 72-65, for an ordinance amending Ord. No. 1.372, and requesting a rezoning from R-1, Residential, One-Family Zoning District, to R-1-C-H, Cluster Housing Zoning District, property located at approximately 3209 NE 72nd Street.

Mr. McCausland moved to place Bill No. 72-65 on its first reading; Mr. Jezak seconded. The vote: All "aye". The Clerk read the Bill.

* * *

Item 9 - Consideration of Preliminary Plat of the Resurvey of Tract C and Lot 20, Block 24, MEADOWBROOK NORTH. The City Manager advised that the petitioner, Byers Investment Company, had requested that this item be withdrawn at this time. The Council agreed to withdrawing the item from the Agenda.

Item 10 - Consideration of Preliminary Plat on property located at the SW corner of 64th and N. Flora, on NE Normandy Lane. Mr. Snowden, Proponent.

Mr. Roger Buford, of Buford Engineering Services, representing the proponent, was present to discuss the Preliminary Plat. After reviewing the Preliminary Plat presented by Mr. Buford, Mr. Dowd expressed his concern with the land which is "unplattable"...Mr. Buford said they propose to rechannel the drainage ditch, and will concrete it, both bottom and sides, and said they felt it would be able to both control and handle the drainage.

The City Manager said that the City Engineer had agreed that the capacity of the ditch would probably be sufficient, but Mr. Olson said he shared the Council's apprehension.

Mr. Dowd said he objected to improving 20 lots and leaving five lots to be used as a possible park, or a "no man's land"...he said if the other five lots were platted and the ditch concreted, he would have no objection, but he suggested that all the lots could be made wider, and give some of them more depth, thus "using up" the unplatted land.

Mr. Buford suggested that he prepare another Preliminary Plat, and present it, along with the Final Plat, to the Council at the next meeting.

Mr. McCausland said that if the Preliminary Plat were prepared early enough, and the Council was agreeable, they could take a look at it. The Final Plat will be shown to the Planning Commission as well.

There was further general discussion, after which Mr. McCausland moved to hold up on the acceptance of the Preliminary Plat of Normandy North until the Council has a look at the land and have had an opportunity to take a closer look at the plans. Mr. Jezak seconded. The vote: All voted "aye".

* * *

Item 11 - Consideration of Preliminary Plat of Heiden Estates, located at approximately 72nd and North Park. Mr. Terry Liggett, Developer.

Mr. Liggett explained that this was a Plat of 40 lots, located just east of the new Quik Trip Store; that the Plat had been approved by the Planning Commission, and that they had suggested that a temporary cul-de-sac be constructed on North Olive.

After further discussion, Mr. Dowd moved to approve the Preliminary Plat of Heiden Estates, with the addition of a temporary cul-de-sac on North Olive. Mr. Walker seconded.

Further discussion ensued. It was noted that there was a need for a second such turn-a-round; that, otherwise, a bad situation could be created, public-safety-wise.

Mr. McCausland suggested that a possible solution would be to delay construction on Lots 33 and 34, and construct a 50' cul-de-sac, or that since the existing right-of-way is 50 feet, there could be a temporary cul-de-sac built at the

east end of 72nd Terrace North.

Mr. Olson said there have been times in the past when temporary cul-de-sacs have been acceptable to the Council, when they needed to be constructed out of necessity, but that the records have always shown that they were only temporary.

Mr. Dowd said he would amend his motion, with the permission of the Second, Mr. Walker. Mr. Walker agreed.

Mr. Dowd moved to approve the Preliminary Plat of Heiden Estates with the addition of a temporary cul-de-sac to be constructed on North Olive, and a temporary cul-de-sac to be constructed at the east end of 72nd Terrace North.

Mr. Walker re-seconded the motion.

Mr. Jezak said he would like to encourage Mr. Liggett to do everything possible to secure the land which he still needs in order to connect the two proposed streets prior to the consideration of the Final Plat. Mr. Liggett agreed.

The vote: All "aye".

* * *

Item 12 - Resolution R-72-106, authorizing acceptance of a Bill of sale for water mains constructed under Contract No. 135. Mr. Jezak moved to accept a Bill of Sale from Technical & Professional Services, Inc., and Woodside Construction Company for mains constructed under Contract No. 135, and to authorize payment in the total amount of \$2,422.17 for the City portion of oversized mains. Mr. McCausland seconded. The location of these mains was explained as being along 67th and Antioch Road, in connection with the New-comer construction. The vote: All voted "aye".

* * *

Item 13 - Resolution No. R-72-107, authorizing acceptance of an engineering proposal for services on street improvements designated as "72nd Street North". Mr. McCausland moved for the adoption of said resolution authorizing the proposal of Larkin & Associates, dated November 8, 1972, for engineering services for street improvements designated as 72nd Street North, from North Broadway to North Prospect, and authorizing payment to be made from funds provided by the Street Improvement Bonds; Mr. Dowd seconded. The vote: All voted "aye".

* * *

Item 14 - Resolution No. R-72-108, authorizing the Council to extend the Special Use Permit for the Busy B's Day Nursery, 3007 NE 57th Terrace. Mr. Dowd moved for the adoption of the said Resolution, extending the Special Use Permit for the operation of the Busy B's Day Nursery for 3 years, such permit to expire December 31, 1975. Mr. Walker seconded the motion. Mr. Dowd commented that this Day Nursery had been conducted and was being conducted in an excellent manner and had done very well; that he was recommending that the permit be renewed. The vote: All "aye".

Item 15 - Resolution No. R-72-109, authorizing the City Manager to accept a bid on one 2-Ton dump truck from Frontier Dodge, in the amount of \$5,441.50, and authorizing the purchase of same. Mr. Walker so moved; Mr. Dowd seconded. The vote: All voted "aye".

* * *

Item 16 - Consideration of applications for Christmas Tree Sales lots;

Mr. Dowd moved to approve the application of the Gladstone JayCees for a Christmas tree sales lot to be located at the parking lot of the Williams U.S. Mart, from December 7th through December 26th, and to approve the application of the Reorganized Church of Jesus Christ of Latter Day Saints for a Christmas tree sales lot to be located in the parking lot of the Meadowbrook U.S. Super Market, from December 3rd through December 23rd, 1972, and to waive the fees.

Mr. Walker seconded the motion. The vote: All "aye".

* * *

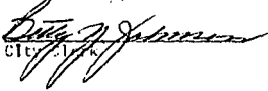

Item 17 - Acceptance of Financial Report for Combined Waterworks & Sewerage System for 4 months ending October 31, 1972. Mr. Jezak moved for the acceptance of same, as submitted. Mr. McCausland seconded. The vote: All "aye".

* * *

Item 18 - Other Business. Mr. Jezak encouraged help for his neighbors, Mr. and Mrs. Ed Stanley, mentioned earlier in this report. Mr. McCausland said he echoed Mr. Jezak's sentiments; that he knew such violations happened and he would hope that the Public Safety Department would double its efforts to control the problem.

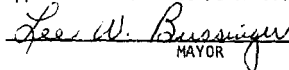

There being no further business to come before this meeting at this time, it was, upon motion duly made and seconded, adjourned by unanimous consent. The time: 9:20 P.M.

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

11 DECEMBER 72

The regular meeting of the Gladstone City Council was called to Order by the Mayor on Monday, December 11, 1972, in the Council Chambers of the Gladstone City Hall, at 8:00 P.M. Roll was called; those present were Councilmen Jack McCausland, Councilman Richard Dowd, Councilman Bernie Jezak, Councilman Ken Walker and Mayor Lee Bussinger. In addition, the City Manager, Mr. Olson, the Assistant City Counselor, Mr. John Dods, and the City Clerk were present.

Mayor Bussinger led the Pledge of Allegiance.

Item 3 - Acceptance of Minutes of November 27, 1972: Councilman Dowd moved to accept the Minutes of the November 27th Council meeting as submitted; Mr. Jezak seconded. The vote: All "aye".

Item 4 - Communications from the Audience: None at this time.

Item 5 - Communications from the City Council: Mr. McCausland advised that with the resignations of Mr. Ernst and Mr. Miller, the Planning Commission has, for some time, been short two members; he then moved to appoint Mr. Robert J. Fairlee, 6810 North Tracy, and Mr. Josh E. Kindred, 1707 NE 69th Street, for one year, until December 31, 1973. Mr. Walker seconded the motion. The vote: All voted "aye".

Mr. Dowd advised that Mr. Jack Dixon had served as Chairman of the Public Safety Advisory Board since April of 1971; Mr. Dowd said that Mr. Dixon would like to continue to serve as a member of the Board, but wanted to relinquish his Chairmanship, and he moved, therefore, to appoint Mr. Ken Carlson, 6003 N. Wyandotte, to serve as Chairman of the Public Safety Advisory Board until December 31, 1973. Mr. Walker seconded. The vote: All "aye".

Mr. Dowd asked the City Manager to look into the vehicles and tires which were "stored" behind the Public Works Building; he said it looked as though the City is starting a fill of some kind and that he didn't like it. He said there were 4 cars, and other miscellaneous "whatever" that have evidently been picked up off the streets.

Mr. Olson said that the vehicles and some of the other things were from one property clearing which had to be done following a warning letter to the owner; he said he felt the owner would claim the vehicles and take them to another location.

Mr. Dowd asked the City Manager to take another look at the situation. He said he has seen the mess on Sunday, and it had alarmed him a bit.

Mayor Bussinger read a Resolution signed by the three Judges of the County Court, commending the City of Gladstone for plans to improve North Oak Street Trafficway, as a major thoroughfare in Clay County and restating their part in helping finance a portion of the cost.

The Mayor commented on the City's receipt of a portion of the Revenue Sharing, in the form of a check in the amount of \$48,497.00, which is half;

the other half to be sent to the City in January. He said the City was happy to get this money; that there were several priorities being considered, and that plans were in the works, and the Council would advise soon as to what priorities would be taken care of.

The Mayor advised that the amount realized in four months from the Sales Tax amounted to \$122,500.00. He said this showed that the Council was pretty close in their estimate of money to be realized in a year, which they estimated to be around \$400,000.00.

Mayor Bussinger advised that Captain Stan Hopper, who has been with this City 14 years, is resigning; Captain Hopper began his service with the City as a Volunteer Fireman, became a Public Safety Officer, worked as the Juvenile Officer and then became Fire Commander, in his time with the City; Mayor Bussinger advised that Mr. and Mrs. Hopper have purchased a business and a home in Hale, Missouri, and will be leaving almost immediately. He and the Council wished the Hoppers well in their new venture.

Mayor Bussinger advised that there had been a good deal of vandalism recently, in that approximately 49 vehicles had suffered broken windshields, and several residences had received broken front windows; he said the Public Safety Department is patrolling the troubled areas particularly heavily, and he feels they are "on top of" the situation, and that it will take and has taken a lot of man hours to try to take care of it.

Item 6 - Communications from the City Manager. Mr. Olson advised there would be an additional Resolution added to tonight's Agenda, concerning grading work for the Elliott Park site.

Mayor Bussinger said this would become Item 9-A.

Item 7 - Second Reading of Bill No. 72-65, for an ordinance to rezone from R-1, Residential, One-Family Zoning District, to R-1-C-H, Cluster Housing Zoning District, property located at approximately 3209 NE 72nd Street. Mr. Dowd moved to accept the first reading of said Bill, and to place it on second reading. Mr. Walker seconded. The vote: All "aye", with the exception of Mayor Bussinger, who voted "NO". The Clerk read the Bill.

Item 8 - Consideration of two special use permits:

1. Mr. McCausland moved for the adoption of Resolution No. R-72-110, authorizing renewal of a Special Use Permit to Marjorie A. Wyant, for the operation of the Hearthstone Ceramics Studio, for a period of one year, such permit to expire December 31, 1973; Mr. Dowd seconded. The vote: All "aye".
2. Mr. Walker moved for the adoption of Resolution No. R-72-111, authorizing extension of a Special Use Permit to Mr. Frank Peak, 7021 North Oak Street Trafficway, for the keeping and stabling of two horses, the expiration date of which is to be December 31, 1973, the permit to be good for one year. Mr. Jezak seconded. The vote: All "aye".

Mr. Dowd commented that Mr. Peak has promised the Council that this would be the last year that he would keep his horses. for two years in a row.

Item 9 - Mr. McCausland moved for the adoption of Resolution No. R-72-1112, authorizing acceptance of a bid from Midway Ford, on one, 1972, 16,000 GVW Flat Bed Truck, and to purchase same for the quoted price of \$6,032.93; Mr. Jezak seconded. The vote: All "aye".

Item 9-A (Added to the Agenda).. Mr. Jezak moved for the adoption of Resolution No. R-72-113, authorizing acceptance of a proposal submitted by Damon Pursell Construction Company, Inc., for grading work to be done on ball diamonds, football area, and tennis court at the newly purchased Elliott Park site, at the SE corner of the Intersection of 76th Street and Antioch Road, at a cost estimated to be approximately \$8,000.00, based on the hourly use of a 627 Scraper, 18-yard capacity, a #14 Motor Grader, 14-foot blade, a D6C Dozer and a D7 Dozer, and authorizing the City Manager to proceed. Mr. McCausland seconded.

Mr. Jezak advised that this grading work will be in line with the Master Plan drawn up by Joe Shaughnessy, Architect. Mr. Jezak advised that the City hopes to have some diamonds in by next spring, weather permitting.

The vote: All "aye".

Item 10 - Mr. Dowd moved for the acceptance of the following:

- a. November Disbursement Report for General Fund;
- b. November Disbursement Report for Combined Waterworks & Sewerage System Operation & Maintenance Fund;
- c. Statement of Cash & Investments as of November 30, 1972;
- d. Financial Statements for 5 months ending November 30, 1972, for General Fund, Special Sewer Assessments Fund, Park and Playground Fund, Sidewalk Construction Fund.

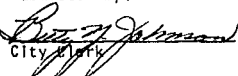

Mr. Walker seconded the motion. The vote: All "aye".

Item 11 - Other Business. Mr. Jezak asked the City Manager to check into the Building Plans for the Ray Sapp Hardware extension. He said he was of the impression that brick exterior had been required (on the north side of the building). The City Manager said he would check and report back.

Mr. Dowd asked where the Cutler paver goes in this kind of weather. He said he noticed it was parked outside the City Hall, on the parking area on the north side of the building. The City Manager said they had been able to get approximately 43,000 square yards out of the planned 50,000 square yards of streets done before bad weather set in. He said he believed they now "hoped to move South".

As there was no further business, upon motion made and duly seconded, there was a unanimous vote for adjournment at this time. (8:35 P.M.)

CITY COUNCIL MEETING
GLADSTONE, MISSOURI

26 DECEMBER 72

The regular meeting of the Gladstone City Council was called to Order by the Mayor on Tuesday, December 26, 1972, at 8:00 P.M., in the Council Chambers of the Gladstone City Hall.

Roll was called. Present were Councilman McCausland, Councilman Jezak, Councilman Walker and Mayor Bussinger. Councilman Dowd was absent. Mr. John Dods, Assistant City Counselor, Brent McMahan, Acting City Manager, and the City Clerk were also present.

Mayor Bussinger requested that all stand in a moment of silent prayer, as tribute to the memory of our former President, Mr. Harry Truman. The Mayor then led the Pledge of Allegiance.

* * *

Item 3 on the Agenda: Mr. McCausland moved that the Minutes of the Council Meeting of December 11, 1972, be approved as submitted. Mr. Jezak seconded the motion. The vote: All "aye". (4)

* * *

Item 4 on the Agenda: Communications from the Audience. Mr. Lynn Allen, 302 NW 50th, addressed the Mayor and Council. He said he would like to see the City resume the custom of Christmas decorations on North Oak. He said he would be glad to make enough signs for all along North Oak Street if the material is furnished. He suggested that possibly pledges could be secured from organizations, or donations from business firms toward the purchase and maintenance of the material and signs. He said he would be willing to start the work on or about the first of March, and have the signs ready by next Christmas, but that we would need to consider electricity availability, putting the signs up and taking them down and storing them, none of the latter of which he would be able to do.

Mayor Bussinger said he thought it might be a good thing; he said the Council would discuss the matter.

Item 5 on the Agenda: Communications from the City Council. Mr. McCausland moved for the appointment of the following persons to the Gladstone Planning Commission: Robert Glover, 1504 NE 64th Street, term to expire December 31, 1973; William Newborn, 7416 N. Wyandotte, term to expire December 31, 1974; Ed Kramer, 6827 N. Baltimore, term to expire December 31, 1974; John Rosenthal, 6218 N. Garfield, term to expire December 31, 1974; David Morgenson, 6509 N. Montgall, term to expire December 31, 1974; Bob Johnson, 6703 N. Chestnut, term to expire December 31, 1975. Mr. Walker seconded the motion. The vote: All "aye" (4)

Mayor Bussinger explained that on December 9, 1972, at 4:00 P.M., a house fire was reported at 7055 North Charlotte; the house was occupied by Mrs. Datha Witte. The fire was reported by Ronnie J. Mauton, age 14, of 804 NE 71st Street, and David Campbell, 802 NE 71st Street. They advised Ronnie's brother, Richard Mauton, aged 16, who then ran to the south side of the residence at 7055 North Charlotte, and pulled Mrs. Witte to safety, after breaking a window to do so. The boys were commended for their

quick thinking and their bravery. Mayor Bussinger presented the three boys with written Commendations and each was congratulated for exceptional service. The Commendations were signed by the Director of the Public Safety Department, Chief Robert Harris. The boys received a hearty round of applause.

Mayor Bussinger announced that on December 6, 1972, Chief Harris was elected to the position of Director of the Metro Squad, and the Metro Chiefs and Sheriffs Association.

Mayor Bussinger asked the Acting City Manager to check with the Kansas City Power and Light Company concerning street lights which have been on order for nearly 12 months; he noted that 78 of these lights were ordered 60 of which were for residential areas, and 18 of which were to be set in along Antioch Road. Mr. McMahan will check on this matter and report.

Item 6 on the Agenda: Communications from the City Manager. None at this time.

Item 7 on the Agenda: Third Reading of Bill No. 72-65, for an ordinance to rezone from R-1, Residential, One-Family Dwelling District, to R-1-C-H, Cluster Housing Zoning District, property described as being located at approximately 3209 NE 72nd Street. Mr. McMahan suggested that this item be deleted from tonight's Agenda; that it be deferred for two weeks, as there were some matters pertaining to sewer apportionments, etc., which needed to be worked out prior to final enactment of the Bill into Ordinance. Mr. McMahan advised that the petitioner, Mr. Aubrey Richardson, had been notified and was aware of the proposed deferment.

Mr. Jezak moved to defer the Third Reading of Bill No. 72-65 until the Council meeting of January 8, 1973; Mr. Walker seconded the motion. The vote: All "aye". (4)

* * *

Item No. 8 - First Reading of Bill No. 72-66, apportioning main sewer assessments; (Original Amount of Assessment on Original Tract, No. 75-92, 78.42A, N½ SW¼, 30-51-32, except Tracts J, H, 1-1, 1-2, etc. - \$15,100.56) the total assessment of which shall be \$15,100.56. Mr. Jezak moved to place said Bill No. 72-66 on its first reading. Mr. McCausland seconded the motion. The vote: All "aye" (4) The Clerk read the Bill.

Mr. Jezak moved to accept the first reading of Bill No. 72-66, and to place it on its second reading. Mr. McCausland seconded the motion. The vote: All "aye". (4) The Clerk read the Bill.

Mr. Jezak moved to accept the second reading of Bill No. 72-66, to waive Section 20(d)(2) of Ord. No. 1.83, and to place said Bill on its third and final reading. Mr. McCausland seconded. The vote: All "aye" (4). The Clerk read the Bill.

Mr. Jezak moved to enact Bill No. 72-66 as Ordinance No. 1.909.
Mr. McCausland seconded the motion. The vote: All "aye". (4)

* * *

Item 9 on the Agenda: First Reading of Bill No. 72-67, apportioning main sewer assessments for a new tract in Rock Creek Apartment Tract. Total amount: \$14,915.00. Mr. McCausland moved to place said Bill on first reading; Mr. Walker seconded. The vote: All "aye" (4). The Clerk read the Bill.

Mr. McCausland moved to accept the first reading of Bill No. 72-67, and to place said Bill on second reading. Mr. Walker seconded. The vote: All "aye". (4) The Clerk read the Bill.

Mr. McCausland moved to accept the second reading of Bill No. 72-67, to waive Section 20 (d)(2) of Ord. 1.83, and to place said Bill on third and final reading. Mr. Walker seconded the motion. The vote: All "aye" (4). The Clerk read the Bill.

Mr. McCausland moved to accept the third and final reading of Bill No. 72-67, and to enact same as Ord. No. 1.910. Mr. Walker seconded. The vote: All "aye". (4).

* * *

Item 10 on the Agenda: First Reading of Bill No. 72-68, apportioning main sewer assessments for a new tract in Rock Creek Apartment Tract, being part of Section 30 Twp. 51 Range 32. Total amount: \$34,977.13.

Mr. Walker moved to place Bill No. 72-68 on first reading; Mr. Jezak seconded. The vote: All "aye". (4). The Clerk read the Bill.

Mr. Walker moved to accept the first reading of Bill No. 72-68, and to place said Bill on second reading. Mr. Jezak seconded. The vote: All "aye". (4) The Clerk read the Bill.

Mr. Walker moved to accept the second reading of Bill No. 72-68, to waive Section 20 (d)(2) of Ord. No. 1.83, and to place said Bill on third and final reading. Mr. Jezak seconded. The vote: All "aye". (4) The Clerk read the Bill.

Mr. Walker moved to accept the third and final reading of Bill No. 72-68, and to enact it as Ordinance No. 1.911. Mr. Jezak seconded. The vote: All "aye".

* * *

Item 11 on the Agenda: First Reading of Bill No. 72-69, establishing Interim Flood Damage Prevention for the City of Gladstone. Mr. Jezak moved to place said Bill on first reading; Mr. McCausland seconded. The vote: All "aye". (4) The Clerk read the Bill.

Item 12 on the Agenda: Mr. McCausland moved for the adoption of Resolution No. R-72-114, expressing interest in the National Flood Insurance Program, and assuring Future Application of Action Designed to Eliminate of Prevent Flood Damage.

Mr. Walker seconded.

In answer to an inquiry, Mr. McMahan, Acting City Manager, explained that there were certain areas in the City in which there occurred periodic flooding, due to surface run-off; these areas were outlined in the Mid-America Regional Council's 1971 Storm Sewer Report; the City was contacted by the Missouri Water Resources Board and given all necessary forms to apply for Federal Flood Insurance. As the Council is aware, he said, private property owners have been unable to acquire insurance for flood damage due to the high costs incurred for such coverage. This program will be administered by the Department of Housing and Urban Development and the Federal Insurance Administrator, if the City qualifies for this program. Should the City qualify, there is a chance that the Corps of Engineers will do all necessary hydrological and drainage studies for the City. Areas that would be affected in the City would then be eligible for insurance under this program at a 90% Federal subsidy for the cost of this insurance.

The vote on the adoption of the Resolution: All "aye". (4)

* * *

Item 13 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-72-115, authorizing execution of water main extension Contract No. 137, with C. E. Kavanaugh, for 155 feet of 8" C.I.P. to extend east from an existing main along the north side of 76th Street North. It was noted that the City's share for such main shall be \$139.50. Mr. McCausland seconded the motion.

In answer to a question, it was also noted that this main will serve Dr. Kavanaugh's residence, on the former Schmidt property.

The vote: All "aye". (4)

* * *

Item 14 on the Agenda: Mr. Jezak moved for the adoption of Resolution No. R-72-118, authorizing the Council to accept a bid on certain fire-fighting equipment, and authorizing the City Manager to purchase fire hose and applicators from Central Fire, in the total amount of \$4,609.00.

Mr. McCausland seconded the motion.

Mr. Jezak explained the purchase of the fire hose and applicators, stating that this money was spent to continually up-grade the equipment, and to replace worn equipment. He said that 11 bids had been received and the Council had chosen the one they felt would be the best.

The vote: All "aye". (4)

* * *

Item 15 on the Agenda: Mr. McCausland moved for the adoption of Resolution No. R-72-119, requesting the Missouri State Highway Department to complete the North Access and Exit ramps to Highway 169, at 68th Street.

Mr. Walker seconded.

Mr. Lynn Allen asked whether it might not be possible to request that 72nd Street be extended, and another ramp built. He asked why the City didn't ask for what they need or what they think they should have.

Mayor Bussinger said it wasn't realistic, in his opinion, to believe that the Highway Department would move any construction a couple of blocks north, and put another diamond in there.

There was no further discussion, and the question was called: The vote: All voted "aye". (4)

Item 16 on the Agenda: Mr. Walker moved for the adoption of Resolution No. R-72-120, appointing Mr. Brent McMahan, Acting City Manager from Dec. 26, 1972, to January 2nd, 1973, and authorizing him to sign checks and drafts on all City Fund accounts held at the First National Bank of Gladstone in the interim.

Mr. Jezak seconded the motion.

The vote: All "aye". (4)

Item 17 on the Agenda: After due consideration of requests for Special Use Permits, Mr. Jezak moved to adopt Resolution No. R-72-116, authorizing the City Manager to extend the Special Use Permit for a bicycle repair operation in the basement of Mr. Joseph Snyder's residence, at 7020 North Cherry Street, for a period of one year, such permit to expire on December 31, 1973. Mr. Walker seconded. The vote: All "aye". (4)

Mr. McCausland moved for the adoption of Resolution No. R-72-117, authorizing the City Manager to extend the Special Use Permit for Willowalk Foodies, to Mr. and Mrs. B. D. Lemley, for a period of one year, such permit to expire on December 31, 1973. Mr. Jezak seconded. The vote: All "aye". (4)

* * *

Item 18 on the Agenda: Acceptance of Financial Report for Combined Waterworks & Sewerage System for 5 months ending November 30, 1972: Mr. Walker moved for the acceptance of the Report as submitted. Mr. McCausland seconded. The vote: All "aye". (4)

Item 19 on the Agenda: "OTHER BUSINESS" - Mayor Bussinger suggested a work session for January 2, 1973, and this was agreeable with the members of the Council.

As there was no further business to come before this meeting, it was, upon motion duly made and seconded, adjourned by unanimous (4) vote. Time: 9:00 P.M.
