RE: Increase in Number of Sunday Sales Liquor Licenses

In August 2014, the City Council adopted Ordinance No. 4.284 enacting new Municipal Code provisions regulating the granting of liquor licenses and the sale and distribution of alcoholic beverages in the City. These new provisions established various classes of licenses including the Class B licenses for Sunday sales of intoxicating liquor or malt liquor by the drink and in the original package as allowed by State law. The provisions also established limits on the number of licenses to be issued for each class. The number of Class B licenses is currently limited to 30. Over the past year, the City Clerk has indicated that the City has received applications for Class B licenses at various times that exceed this limit. As a result, it is recommended that the limit for Class B licenses be increased from 30 to 35 to allow additional Class B licenses for Sunday sales to be issued in accordance with the Code provisions and as allowed by State law.
