

AN ORDINANCE AUTHORIZING THE CITY MANAGER TO EXECUTE A COOPERATIVE AGREEMENT BETWEEN THE CITY OF GLADSTONE AND THE MID-AMERICA REGIONAL COUNCIL (MARC) FOR FUNDING OPERATIONS OF THE OPERATION GREEN LIGHT TRAFFIC CONTROL SYSTEM.

Legislative Findings

1. MARC performed a feasibility study, "*Operation Green Light Feasibility Report, June 2000*," which created a regional arterial traffic signal coordination system known as "Operation Green Light;" and
2. The City of Gladstone operates and maintains six (6) traffic signals on North Oak Trafficway that are included in the Operation Green Light Traffic Control System; and
3. The first cooperative agreement to fund operations was executed by the City of Gladstone covering 2009 through 2014; and
4. A second agreement was executed in 2014 to fund operations in 2015 and 2016; and
5. A third agreement was executed in 2017 to fund operations in 2017 and 2018; and;
6. A fourth agreement is required to fund operations in 2019 and 2020 at a cost of \$3,600.00 per year for a total amount not to exceed \$7,200.00.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF GLADSTONE, MISSOURI, AS FOLLOWS:

THAT, the City Manager of the City of Gladstone, Missouri, is hereby authorized to execute the agreement with the Mid-America Regional Council (MARC) for funding operations of the Operation Green Light Traffic Control System in an amount not to exceed \$7,200.00.

FURTHER, Funds for the program costs are budgeted in the City of Gladstone's General Fund.

INTRODUCED, READ, PASSED AND ADOPTED BY THE COUNCIL OF THE CITY OF GLADSTONE, MISSOURI, THIS 25th DAY OF FEBRUARY, 2019.

Mayor Bill Garnos

Attest:

Ruth E. Bocchino, City Clerk

Subject: Cooperative Agreement for funding operations of the Operation Green Light Traffic Control System.

Background: The City of Gladstone has participated in the Operation Green Light Traffic Control System since 2009. Operation Green Light is a regional arterial traffic signal coordination system as described in the attached brochure. A cooperative agreement with the Mid-America Regional Council is necessary to continue participation through 2020.

Budget Discussion: Funds are budgeted in the amount of \$7,200 from the General Fund. The agreement is for 2019 and 2020 at a cost of \$3,600 per year for a total amount not to exceed \$7,200. Previous years' funding was \$9,600.

Public/Board/Staff Input: Staff recommends the approval of this agreement.

MOVING FORWARD

OGL is constantly working with partner agencies to look for new and innovative strategies that can be implemented within the Kansas City region to further improve traffic conditions. Some of the strategies and technologies we are currently investigating and implementing include:

- Arterial diversion routes for incidents occurring on interstates
- Adaptive and responsive signal control
- Use of crowd-sourced data in decision making
- Actively preparing for the integration of connected and automated vehicles

www.marc.org/transportation/commuting

AGENCIES & PARTNERS

BENEFITS OF PARTICIPATION

There are many benefits to partnering in the OGL program. OGL staff coordinate better traffic flow along every corridor by constantly monitoring real-time operations, assisting with timing changes for roadwork projects and incidents, and supporting agency traffic signal maintenance activities. OGL partners often pursue additional funding for traffic signal system improvements together, increasing the chances of being selected. OGL paves the way by providing leadership and coordination in the evaluation of new strategies and technologies to improve the system and benefit every Kansas City area traveler.

Data Sources: Traffic volume data on designated OGL corridors from MoDOT and KDOT published AADT reports. Population estimates from most recent US Census. Timing benefits averaged from all measured initial corridor timings from 2008 through 2015, including calculated values for delays, fuel, pollution, and the value of time.

WHAT IS OGL?

Operation Green Light (OGL) is a regional effort to improve traffic flow and reduce vehicle emissions in the Kansas City area. Coordinated through the Mid-America Regional Council (MARC), it is supported by local agencies, driven by their expert staff, and powered by technology

WHAT WE DO

OGL works with federal, state, and local agencies to develop and implement a regional network of signals. This system provides uniform traffic management across jurisdictional boundaries in Kansas City allowing for better collaboration among all agencies.

The system coordinates traffic signal timing plans and communication between traffic signal equipment, improving the flow of traffic in the region.

OGL tracks signal-related malfunctions in the field and provides improved maintenance and infrastructure to partner jurisdictions.

OGL is paving the way in the traffic sector within the Kansas City region through innovation and collaboration.

**COOPERATIVE AGREEMENT
FOR FUNDING OPERATIONS OF OPERATION GREEN LIGHT
TRAFFIC CONTROL SYSTEM**

THIS COOPERATIVE AGREEMENT FOR FUNDING OPERATIONS OF OPERATION GREEN LIGHT TRAFFIC CONTROL SYSTEM (this "Agreement") is made and entered into this 25 day of February, 2019 by and between Mid-America Regional Council ("MARC") and the City of Gladstone, Missouri, a Third-Class Missouri, Statutory City, (the "City").

WHEREAS, the Mid-America Regional Council performed a feasibility study "*Operation Green Light Feasibility Report, June 2000*" (hereafter, the "Feasibility Report"), which created a regional arterial traffic signal coordination system known as "Operation Green Light", for the Kansas City Urban Area including facilities under the jurisdiction of the Missouri Department of Transportation, the Cities of Belton, Blue Springs, Gladstone, Grandview, Independence, Kansas City, Lee's Summit, Liberty, North Kansas City, Raymore in Missouri and the jurisdiction of the Kansas Department of Transportation, the Cities of Bonner Springs, Fairway, Lansing, Leavenworth, Leawood, Lenexa, Merriam, Mission, Mission Woods, Olathe, Overland Park, Prairie Village, Shawnee, Westwood and the Unified Government of Wyandotte County/Kansas City in Kansas (collectively, the Member Agencies); and

WHEREAS, the Strategic Plan 2017-2020 established the vision, mission, objectives and goals of the program; and

WHEREAS, improvement in traffic operational efficiency, air quality and monetary savings to the Member Agencies and the public can be realized from a consolidated management approach of coordinated traffic signal control along arterial corridors in the roadway systems of each Member Agency; and

WHEREAS, the Member Agencies and MARC desire to obtain a Regional Traffic Control System, hereinafter defined, for the purpose of coordinating traffic signals within the Jurisdictional Boundaries of the Member Agencies from a single Regional Traffic Management Center; and

WHEREAS, Member Agencies in Missouri are authorized pursuant to the provisions of Article VI, Section 16 of the Missouri Constitution and Sections 70.210 et. seq. of the Revised Statutes of Missouri to enter into cooperative agreements for the purpose of coordinating traffic signals between and within the Jurisdictional Boundaries of the Member Agencies; and

WHEREAS, each Member Agency has agreed to enter into an agreement to fund the cost of operating such a Regional Traffic Control System; and

NOW, THEREFORE, in consideration of the covenants and conditions herein set forth, MARC and the City (collectively, the "Parties") mutually agree as follows:

Sec. 1. STATUTORY AUTHORITY. Pursuant to the authority set forth in Article VI, Section 16 of the Missouri Constitution and Section 70.210 et. seq. R.S. Mo the parties enter into this Agreement to operate a Regional Traffic Control System, hereinafter defined, for the

purpose of coordinating traffic signals within the Jurisdictional Boundaries of the Member Agencies from a single Regional Traffic Management Center.

Sec. 2. DEFINITIONS. As used in this Agreement, and Exhibit 1 through Exhibit 6, attached hereto and incorporated herein, the following words shall have the meanings set forth herein:

Exhibit 1 – Steering Committee Document

Exhibit 2 – Scope of Services

Exhibit 3 – Compensation

Exhibit 4 – Insurance Requirements

Exhibit 5 – Ownership Matrix

Exhibit 6 – Concept of Operations

Communications Network – All telecommunication infrastructure between Regional Traffic Management Centers, and Traffic Signal Controllers which are a part of the Regional Traffic Control System.

Jurisdictional Boundaries – the geographical boundaries of the governmental entities acting as political subdivisions of the states of Kansas and Missouri.

Jurisdictional Control Center – the site or location designated by the Member Agency containing various equipment, computer hardware and computer software capable of controlling and coordinating all Traffic Signal Controllers located within the Jurisdictional Boundaries of the Member Agency.

Member Agencies – Agencies that have entered into an agreement with MARC to participate in funding the cost of design, construction and operations of the Regional Traffic Control System.

Private Firms – any private firm or firms engaged by MARC to perform or provide any services, directly or indirectly, related to the operations of the Regional Traffic Control System (including, without limitation, design services provided for on-going operations), as more particularly set forth in Exhibit 2, attached hereto and incorporated herein by this reference.

Regional Traffic Control System - an array of components including Traffic Signal Controllers, wireless and wireline telecommunications equipment, interface units, computer hardware and software, digital storage media, operator's console, peripherals, and other related devices designed to monitor, control, and coordinate traffic movements at signalized intersections according to a given or developed plan.

Regional Traffic Management Center – the site or location designated by the Steering Committee containing various equipment, computer hardware and computer software capable of controlling and coordinating the Regional Traffic Control System. The Regional Traffic Management Center is sometimes referred to herein and in the Exhibits as the "TOC".

Steering Committee – that committee created for the purpose of assisting and advising MARC with respect to the plans, specifications, construction and installation of the Regional Traffic Control System and consisting of voting representatives from the Member Agencies. The membership structure and policy are set forth in Exhibit 1, attached hereto and incorporated herein by this reference.

Traffic Signal Controller – a complete electrical mechanism responsible for traffic signal control and operation at an individual intersection.

Sec. 3. RESPONSIBILITIES OF PARTIES.

(a) MARC. MARC shall perform or cause to be performed the services set forth in Exhibit 2, which is attached hereto and incorporated herein by this reference.

(b) City. In addition to the obligations set forth in this Agreement, City, in its capacity as a Member Agency, shall also perform all the obligations set forth in the document entitled "OGL Concept of Operations: Roles and Responsibilities", which is attached hereto as Exhibit 6 and incorporated herein by this reference. Furthermore, City shall not interfere with MARC's exercise of its obligations under this Agreement, including, but not limited to, MARC's deployment of the regional signal timing and on-going operations of the Regional Traffic Control System.

Sec. 4. SHARE OF COSTS. Subject to the conditions set forth in this Agreement, the City will pay MARC an amount not to exceed Seven Thousand, Two Hundred and 00/100 Dollars (\$7,200.00) representing the City's share of the cost for the maintenance and operation of the Regional Traffic Control System as set forth in Exhibit 3, attached and incorporated herein by this reference. The "Operation Green Light Location/ Ownership Matrix" set forth in Exhibit 5 attached hereto and incorporated into this Agreement, identifies the location and ownership of the software, hardware and other components comprising the Regional Traffic Control System.

Sec. 5. SHARING INFORMATION. MARC shall share information related to the maintenance and operation of the Regional Traffic Control System with the City, and the City shall share information with MARC and the Member Agencies necessary for the on-going maintenance and operation of the Regional Traffic Control System.

Sec. 6. SEVERABILITY. Should any provision hereof for any reason be deemed or ruled illegal, invalid or unconstitutional by any court of competent jurisdiction, no other provision of this Agreement shall be affected; and this Agreement shall then be construed and enforced as if such illegal or invalid or unconstitutional provision had not been contained herein.

Sec. 7. AUTONOMY. No provision of this Agreement shall be constructed to create any type of joint ownership of any property, any partnership or joint venture, or create any other rights or liabilities except as may be otherwise expressly set forth herein.

Sec. 8. EFFECTIVE DATE. The effective date of this Agreement shall be upon complete execution by the Parties.

Sec. 9. TERMINATION FOR CONVENIENCE. Either party to this Agreement may terminate this Agreement by giving 180 days' notice to the other Party. Financial obligations will be honored up to the effective date of termination. An agency that terminates this agreement may no longer be granted access to the Regional Traffic Control System. Costs may be incurred by the agency terminating the agreement for MARC to uninstall or transfer ownership of network equipment owned by MARC.

Sec. 10. MERGER. This Agreement constitutes the entire agreement between City and MARC with respect to this subject matter.

Sec. 11. INDEPENDENT CONTRACTOR. MARC is an independent contractor and is not City's agent. MARC has no authority to take any action or execute any documents on behalf of City.

Sec. 12. COMPLIANCE WITH LAWS. MARC shall comply with and shall require its Private Firms to comply with all federal, state and local laws, ordinances and regulations applicable to the work and this Agreement.

Sec. 13. DEFAULT AND REMEDIES. If MARC shall be in default or breach of any provision of this Agreement, City may terminate this Agreement, suspend City's performance, withhold payment or invoke any other legal or equitable remedy after giving MARC written notice and opportunity to correct such default or breach within thirty (30) days of receipt of such notice; provided, however, if such default or breach cannot be cured within thirty (30) days, then MARC shall commence to cure within thirty (30) days.

Sec. 14. WAIVER. Waiver by City of any term, covenant, or condition hereof shall not operate as a waiver of any subsequent breach of the same or of any other term, covenant or condition. No term, covenant, or condition of this Agreement can be waived except by written consent of City, and forbearance or indulgence by City in any regard whatsoever shall not constitute a waiver of same to be performed by MARC to which the same may apply and, until complete performance by MARC of the term, covenant or condition, City shall be entitled to invoke any remedy available to it under this Agreement or by law despite any such forbearance or indulgence.

Sec. 15. MODIFICATION. Unless stated otherwise in this Agreement, no provision of this Agreement may be waived, modified or amended except in writing signed by City and MARC.

Sec. 16. HEADINGS; CONSTRUCTION OF AGREEMENT. The headings of each section of this Agreement are for reference only. Unless the context of this Agreement clearly requires otherwise, all terms and words used herein, regardless of the number and gender in which used, shall be construed to include any other number, singular or plural, or any other gender, masculine, feminine or neuter, the same as if such words had been fully and properly written in that number or gender.

Sec. 17. AUDIT. The City shall have the right to audit this Agreement and all books, documents and records relating thereto. MARC shall maintain all its books, documents and records relating to this Agreement and any contract during the period of this Agreement and for three (3) years after the date of final payment of the contract or this Agreement, which ever

expires last. The books, documents and records shall be made available for the City's review within fifteen (15) business days after the written request is made.

Sec. 18. AFFIRMATIVE ACTION. MARC shall not discriminate against any employee or applicant for employment because of race, color, religion, ancestry or national origin, sex, disability, age, or sexual orientation. MARC shall require any third party firms it contracts with ("Private Firms") to establish and maintain for the term of this Agreement an Affirmative Action Program in accordance with the provisions the Title VI of the Civil Rights Act of 1964, as amended. More specifically, any third party firm will comply with the applicable regulations of the U. S. Department of Transportation (USDOT) relative to non-discrimination in federally assisted programs of the USDOT, as contained in 49 CFR 21 through Appendix H and 23 CFR 710.405 which are herein incorporated by reference and made a part of this Agreement.

Sec. 19. ASSIGNABILITY OR SUBCONTRACTING. MARC shall not subcontract, assign or transfer any part or all of MARC's obligations or interests without City's prior approval which shall not be unreasonably delayed or withheld. If MARC shall subcontract, assign, or transfer any part or all of MARC's interests or obligations under this Agreement without the prior approval of City, it shall constitute a material breach of this Agreement.

Sec. 20. CONFLICTS OF INTEREST. MARC shall require its Private Firms to certify that no officer or employee of City, or no spouse of such officer or employee, has, or will have, a direct or indirect financial or personal interest in this Agreement or any other related agreement, and that no officer or employee of City, or member of such officer's or employee's immediate family, either has negotiated, or has or will have an arrangement, concerning employment to perform services on behalf of MARC or its Private Firms in this Agreement or any other related agreement.

Sec. 21. RULES OF CONSTRUCTION. The judicial rule of construction requiring or allowing an instrument to be construed to the detriment of or against the interests of the maker thereof shall not apply to this Agreement.

Sec. 22. NOTICE: Any notice to a party in connection with this Agreement shall be made in writing at the following address or such other address, as the party shall designate in writing:

City of Gladstone
Attention: Tim Nebergall, Public Works Director
4000 NE 76th St
Gladstone, MO 64119

MARC
Attention: Director of Transportation and Environment
600 Broadway, Suite 200
Kansas City, Missouri 64105

Sec. 23. GOVERNING LAW. This Agreement shall be construed and governed in accordance with the law of the State of Missouri. Any action in regard to this Agreement or arising out of its terms and conditions must be instituted and litigated in the courts of the State of Missouri within

Jackson County, Missouri, and in no other. The parties submit to the jurisdiction of the courts of the State of Missouri and waive venue.

Sec. 24. INDEMNIFICATION BY PRIVATE FIRMS. MARC shall require its Private Firms (including, without limitation, any design professionals) to defend, indemnify, and hold harmless the City and any of its agencies, officials, officers, or employees from and against all claims, damages, liability, losses, costs, and expenses, including reasonable attorney fees, arising out of any negligent acts or omissions in connection with the services preformed pursuant to this Agreement (including, without limitation, professional negligence), caused by a Private Firm, its employees, agents, contractors, or caused by others for whom the Private Firm is liable. Notwithstanding the foregoing, the Private Firm is not required under this section to indemnify the City for the negligent acts of the City or any of its agencies, officials, officers, or employees.

Sec. 25. INSURANCE. MARC and any Private Firms retained by MARC shall maintain the types and amounts of insurance set forth in Exhibit 4, which is incorporated herein by this reference; provided, however, the limits set forth in Exhibit 4 are the minimum limits and MARC may carry higher limits as it may deem necessary, in its discretion, or as may be required by other Member Agencies.

Sec. 26. INITIAL TERM; RENEWAL OF TERM. The initial term of this Agreement shall be two (2) years ("Term") unless sooner terminated in accordance with Section 9 of this Agreement. The Term of this Agreement shall automatically renew for one additional two (2) year period (the "Renewal Term") on the same terms and conditions as set forth herein; provided, the Term shall not automatically renew if City provides written notice to MARC of its intention not to renew within 180 days prior to the expiration of the Term.

Sec. 27. CITY BUDGETING. City represents and warrants, to the best of its knowledge and after appropriate consultation, that the terms of this Agreement conform to the requirements of the Missouri Constitution, Article VI, Section 23, 26(a). City further represents and warrants that its chief administrative office, each year during the term of this Agreement, will submit to and advocate for approval by its governing body of a budget that includes amounts sufficient to pay the City's share of the OGL Operating Costs. City also represents and warrants that its governing body, each fiscal year during the term of this Agreement, will fully consider and make all good faith and reasonable efforts to adopt a budget, for each successive fiscal period during the term of this Agreement, that specifically identifies amounts sufficient to permit City to discharge all of its obligations under this Agreement.

IN WITNESS WHEREOF, each party hereto has executed this Agreement on the day and year herein written.

OPERATION GREEN LIGHT COMMITTEE

Role, Responsibility, and Organizational Structure

- 1.1.1 *Responsibilities: The Operation Green Light Steering Committee shall serve to approve budgets, procurement and staffing recommendations to the Mid-America Regional Council Board of Directors and to make other technical and policy decisions concerning the development, deployment and operation of the Operation Green Light regional traffic signal coordination program, including: approve the program's upcoming annual budget during the final meeting of the calendar year. Purchases and contracts shall follow MARC's established threshold guidelines as well as the following: amounts of \$15,000-\$25,000 shall be reported to the committee; amounts of \$25,001 or more shall be voted on and approved by the Steering Committee before purchase or contract is sent to MARC's Board of Directors for approval.*
- 1.1.2 Participate in program decision-making at key points by reviewing and providing comments on project deliverables and by approving or rejecting technical and policy recommendations;
- 1.1.3 Participate in the development of inter-jurisdictional agreements for the construction, operation, maintenance and other activities of the regional traffic signal coordination system; and
- 1.2 Call upon committee members to participate in Task Force work groups as technical issues rise requiring additional effort than time allows during a Steering Committee meeting. The Task Force shall submit to the Steering Committee recommendations based on its discussions.
- 1.3 Membership and Meetings: The Steering Committee shall be composed of representatives from participating agencies in the following manner:

(The following table is a current list as of September 2018.)

	Participating Agency Non-Funding Agency in Bold	Membership (voting)
1	Blue Springs	1
2	Bonner Springs	1
3	Fairway	1
4	FHWA – MO & KS	Ex Officio
5	Gladstone	1
6	Grandview	1
7	Independence	1
8	Kansas City, MO	1
9	KCScout	Ex Officio
10	KDOT	1
11	Lansing	1
12	Leavenworth	1
13	Leawood	1
14	Lee's Summit	1
15	Lenexa	1
16	Liberty	1
17	MARC	1
18	Merriam	1
19	Mission	1
20	Mission Woods	1
21	MoDOT	1

22	North Kansas City	1
23	Olathe	1
24	Overland Park	1
25	Prairie Village	1
26	Raymore	1
27	Shawnee	1
28	Unified Government/KCK	1
29	Westwood	1

Each representative shall have a designated alternate with full authority to act in the absence of the representative. The Steering Committee may be expanded to include other additional members as approved by majority vote of the members of the existing Steering Committee.

The Steering Committee shall meet minimally on a quarterly basis but may meet more frequently if the business of the Steering Committee necessitates. The final meeting of the calendar year shall be designed to report on the State of the Operation Green Light Program including Budget reporting and approval of the future budget and election of the next vice-chairperson.

The chairperson of the Steering Committee shall have the authority to call a meeting of the Committee with a minimum of seven (7) calendar days' notice to all the members. Notice is deemed to have occurred from the date that it is deposited with the United States Postal Service, postage prepaid; distributed via Facsimile; OR distributed via E-mail addressed to the members of the Steering Committee. The chairperson and vice-chairperson shall help develop meeting agendas prior to meeting notices and shall preside over the meetings.

- 1.4 Chairperson and Vice-Chairperson: The Steering Committee members shall elect by majority vote of all of the voting members of the Committee, from amongst the members of the Committee, a vice-chairperson who will serve a one-year term. Said election will occur at the final regularly scheduled meeting of the calendar year of the Steering Committee prior to the expiration of the chairperson's one-year term. The vice-chairperson shall assume the responsibilities of the chairperson at the end of the chairperson's term and any time the chairperson is unable to attend committee meetings. Kansas and Missouri shall be represented in these positions in alternating years.

- 1.5 Quorum and Voting: All members of the Steering Committee shall be entitled to one vote on all matters submitted to the Committee for vote.

Any six of the voting members of the Steering Committee, including at least one member from Kansas City, Missouri, the Missouri Department of Transportation, Unified Government/Kansas City, Kansas, or Overland Park, Kansas, (based on the four largest agencies by signal count at the beginning of the current Operations contract term) shall constitute the quorum necessary to convene the meeting of the Committee. All official actions by the Steering Committee shall require a majority vote of the members present at the meeting.

All votes shall be taken and recorded in the minutes by roll call. Each member shall have the ability to recall any matter voted upon during his or her absence providing said member notifies in writing the committee chairperson or co-chairperson within 7 calendar days of when the meeting minutes are posted to the MARC website and/or delivered to committee members via email.

Within 3 business days of being notified, the chairperson or co-chairperson shall collaborate with OGL staff to present the issue for a reconsideration of the vote via email to all committee members who will be asked to respond within 10 calendar days. If a response is not received by close of business on the 10th day, the member's previously cast vote shall be counted in the same manner.

EXHIBIT 2

SCOPE OF WORK

1. Project Management

The Mid-America Regional Council (MARC) will provide staff time, equipment and materials, and contract services necessary to accomplish the following project management services:

- Arrange and conduct regular Steering Committee meetings to discuss and develop policies and procedures governing the development, implementation and on-going operation of the program;
- Arrange and conduct Technical Committee meetings as needed to discuss and develop recommendations concerning technical issues associated with the development, implementation and on-going operation of the project;
- Arrange and conduct other meetings with project participants as necessary to develop, implement and operate the project;
- Negotiate, execute and administer agreements with state and local governments to provide federal, state and local funding for the development, implementation and ongoing operation of the program;
- Develop and publish requests for proposals, consultant agreements and other procurement documents necessary to select and hire contractors to provide system integration services, telecommunications and traffic engineering design services, computer software, computer hardware, communications network, traffic signal equipment and other items necessary for the development, implementation and ongoing operation of the program;
- Negotiate, execute and administer agreements with private firms to provide system integration services, telecommunications and traffic engineering design services, computer software, computer hardware, communications network, traffic signal equipment and other items necessary for the development, implementation and ongoing operation of the program;
- Develop and maintain project budgets and schedules;
- Develop and maintain project databases;
- Publish and distribute project documents and other deliverables to participating state and local governments; and
- Perform other tasks necessary to manage and administer the program.

2. Traffic Signal Timing

MARC shall coordinate with agency staff or their delegates to develop and implement, with agency approval, the requisite signal timing plans for OGL intersections.

3. Operations and Maintenance

3.1. Computer Software and Databases

MARC will procure all required software and may engage a private firm or firms selected by the project Steering Committee to provide technical support and maintain computer software and databases at the Operation Green Light Traffic Operations Center. MARC staff shall be responsible for providing day-to-day maintenance of the computer software and databases including but not limited to data entry, backups, upgrades, etc., at the Operation Green Light Traffic Operations Center.

3.2. Computer Network

MARC will procure all required hardware and software. Any equipment (e.g. switches, routers, hubs, etc.) that is used for the field communication back bone will be considered part of the computer network. MARC may engage a private firm or firms selected by the Steering Committee to provide technical support and maintain the Operation Green Light computer network.

3.3. Field Communications System

All field communications equipment purchased by MARC will be maintained by MARC. The city will maintain any pre-existing, city-owned equipment that is utilized as part of the OGL field communication system. MARC staff will monitor the field communication system through monitoring software which is purchased by MARC. MARC may engage a private firm or firms selected by the project Steering Committee to maintain the regional field communications system. The scope of services for this work will be developed with and approved by the Steering Committee.

3.4. Traffic Signal Controllers

Each member agency shall be responsible for all maintenance to the traffic signal controllers. MARC responsibility will be limited to maintaining the regional field communication system and will terminate at the traffic controller unless otherwise specified. Traffic signal controllers and cabinets that have been purchased and/or installed as part of the OGL controller upgrade project will also be owned and maintained by the local jurisdiction once they have been received and/or accepted, and the local jurisdiction will be responsible for purchasing and installing replacement controllers that are compatible with the OGL system should the MARC-purchased controller fail.

EXHIBIT 3
COMPENSATION

- A. The amount the City will pay MARC under this contract will not exceed **Seven Thousand, Two Hundred and 00/100 Dollars (\$7,200.00)**. This amount represents the City share of the total project cost as shown in Table 1 of this Exhibit. City shall pay MARC, upon invoice, for the actual costs incurred for MARC on a yearly basis.

Table 1			
Operation Green Light Program			
Annual Operations Costs			
Total Agency Signals in OGL			6
Cost per Year Subsidized			
Year	No. of Signals	Cost Per Signal	Local Agency Cost
2019	6	\$600.00	\$3,600.00
2020	6	\$600.00	\$3,600.00
Total			\$7,200.00

- B. It shall be a condition precedent to payment of any invoice from MARC that MARC is in compliance with, and not in breach or default of, all terms, covenants and conditions of this Contract. If damages are sustained by City as a result of breach or default by MARC, City may withhold payment(s) to MARC for the purpose of set off until such time as the exact amount of damages due City from MARC may be determined.
- C. No request for payment will be processed unless the request is in proper form, correctly computed, and is approved as payable under the terms of this Contract.
- D. City is not liable for any obligation incurred by MARC except as approved under the provisions of this Contract.

Exhibit 4

INSURANCE REQUIREMENTS

A. MARC shall procure and maintain and shall cause any Private Firm it engages to perform services under this Agreement to procure and maintain in effect throughout the duration of this Agreement, and for a period of two (2) years thereafter, insurance coverage not less than the types and amounts specified below. MARC shall not accept insurance policies from any Private Firm containing a Self-Insured Retention.

1. Commercial General Liability Insurance: with limits of \$500,000 per occurrence and \$2,000,000 aggregate, written on an "occurrence" basis. The policy shall be written or endorsed to include the following provisions:

- a. Severability of Interests Coverage applying to Additional Insureds
- b. Contractual Liability
- c. Per Project Aggregate Liability Limit or, where not available, the aggregate limit shall be \$2,000,000
- d. No Contractual Liability Limitation Endorsement
- e. Additional Insured Endorsement, ISO form CG20 10, current edition, or its equivalent

2. Workers' Compensation Insurance: as required by statute, including Employers Liability with limits of:

Workers Compensation Statutory
Employers Liability
\$100,000 accident with limits of:
\$500,000 disease-policy limit
\$100,000 disease-each employee

3. Commercial Automobile Liability Insurance: with \$500,000 per claim up to \$2,000,000 per occurrence, covering owned, hired, and non-owned automobiles. Coverage provided shall be on an "any auto" basis and written on an "occurrence" basis. The insurance will be written on a Commercial Business Auto form, or an acceptable equivalent, and will protect against claims arising out of the operation of motor vehicles, as to acts done in connection with the Agreement, by Design Professional.

4. Professional Liability Insurance (only applicable for Private Firms that are design professionals or other types of professionals that can carry professional liability insurance): with limits Per Claim/Annual Aggregate according to the following schedule:

<u>Fee Minimum Limits</u>	<u>Professional Liability Minimum</u>
Less than \$25,000	\$100,000
\$25,000 or more, but less than \$50,000	\$500,000
\$50,000 or more	\$1,000,000

B. The policies listed above may not be canceled until after thirty (30) days written notice of cancellation to MARC and the City, ten (10) days in the event of nonpayment of premium. The Commercial General and Automobile Liability Insurance specified above shall provide that MARC and the City and their agencies, officials, officers, and employees, while acting within the scope of their authority, will be named as additional insureds for the services performed under this Agreement. Private Firms engaged by MARC shall provide to MARC and the City at execution of this Agreement a certificate of insurance showing all required endorsements and additional insureds.

C. All insurance coverage must be written by companies that have an A.M. Best's rating of "B+V" or better, and are licensed or approved by the State of Kansas to do business in Kansas and by the State of Missouri to do business in Missouri.

D. Regardless of any approval by MARC or the City, it is the responsibility of the Private Firms to maintain the required insurance coverage in force at all times; its failure to do so will not relieve it of any contractual obligation or responsibility. In the event of a Private Firm's failure to maintain the required insurance in effect, MARC may order the Private Firm to immediately stop work, and upon ten (10) days notice and an opportunity to cure, may pursue its remedies for breach of this Agreement as provided for herein and by law.

Exhibit 6

OGL Concept of Operations: Roles and Responsibilities

Introduction

Operation Green Light (OGL) is a regional initiative to improve traffic flow and reduce vehicle emissions by coordinating traffic signals on major roadways in the Kansas City metropolitan area. OGL is a cooperative effort of the Mid-America Regional Council (MARC), state departments of transportation and local agencies working together to coordinate traffic signal timing plans and communication between traffic signal equipment across jurisdictional boundaries.

The concept of operations provides a high-level overview of the roles and responsibilities of the agencies participating in the operation and management of OGL. The concept of operations is intended to balance the need for standardization and uniformity of operations on OGL routes with the need to be responsive to the unique needs and circumstances of the agencies participating in OGL.

Signal Timing

Initial Deployment of Regional Timing Plans

The member agencies will partner with MARC and each other in developing regional traffic signal timing plans. In order to facilitate this work each member agency will provide MARC traffic counts and other relevant, available data for traffic signals that are part of regionally significant traffic corridors that pass through adjacent cities. This information may include;

- Existing timing plans and data in the existing traffic controller (controller data sheets)
- Intersection geometry via aerial mapping
- Signal phasing information (or policy)
- Historical traffic count information available
- Approved yellow and all-red clearance intervals (or policy)
- Pedestrian timing (or policy)
- Signal phasing policy (lead only/lead-lag/vary lead-lag by time-of-day)
- Historical citizen complaints on the intersection operation as needed

After providing data to MARC, each member agency will then work with MARC to cooperatively develop regionally optimized timing plans. The member agency will continue to be responsible for maintenance of timing plans for traffic signals that lie wholly within the member agency's jurisdictional boundaries and are not on OGL corridors unless the member agency decides to contract this work to MARC. The steps involved in the development of regional timing plans are:

- The member agency will either collect traffic counts on the arterials for signals maintained by the member agency and provide this information to MARC OR will contract with MARC to collect traffic counts as needed.
- In conjunction with member agency staff, MARC will conduct travel-time studies and speed profile studies on the arterial prior to implementation of the timing plans
- MARC may hold design meetings with representatives from the member agencies and other impacted agencies. At the first of these meetings the following items will be established
 - Number of timing plans and time of use (i.e., am, noon, pm, off-peaks, etc.)
 - Critical intersections of a corridor
 - An initial common corridor cycle length for each of the plans identified (i.e. am,

pm, etc.) [Note: this cycle length may need to be revisited after developing the regional timing plan.]

- The member agency will then develop the following initial parameters for individual signals maintained by the member agency for each of the timing plans to be developed, and submit them to MARC for review and incorporation into regional plans for the OGL corridor;
 - phase sequencing
 - splits
 - offsets
- MARC will develop initial splits and offsets for any remaining signals and incorporate member agency developed timing plans into regional plans for the OGL corridor.
- MARC may then incorporate the regional plans into mutually agreed upon software as needed for review by the member agencies.
- At the second meeting, MARC and the member agencies will;
 - Review the regional timing plans developed
 - Review any software models developed
 - Determine if any changes to initial timings need to be made to optimize the operation of the corridor
- Once the member agencies have agreed on the different timing plans developed, they will download the timing plans into signal controllers maintained by each member agency OR will request MARC to provide signal timing plans and download to local controllers.
- In conjunction with member agency staff, MARC will field-monitor each arterial after a timing plan has been downloaded and will work with the member agency to make any additional changes to further optimize the flow of traffic if necessary.
- In conjunction with member agency staff, MARC will conduct travel-time and speed profile studies on arterials after implementation of the optimized signal timing plans

Providing Maintenance Timing Plans

As part of a regional effort, MARC will on a regular basis, or as requested, examine the operations of signals that are part of regionally significant traffic corridors that pass through the member agency and adjacent cities and determine if optimization is necessary. If minor changes to splits and offsets are to be made to individual signals along an OGL corridor the following steps will be followed:

- In conjunction with MARC, member agency staff will field-monitor the affected corridor or intersection(s)
- MARC will meet with affected member agencies if needed
- MARC will collect traffic counts as necessary OR the member agency will collect traffic counts at member agency maintained traffic signals
- The member agency will develop timing plans for member agency maintained signals and download them to controllers as necessary in coordination with MARC OR MARC will develop and provide revised arterial timing plans as needed
- In conjunction with member agency staff, MARC will field-monitor each arterial after timing plan download and provide further optimization if necessary by submitting updated timing plans for agency consideration and download

If major changes, such as changes to cycle lengths, phase sequencing and major changes to splits, are to be made along an OGL corridor, the process described above for initial deployment of regional timing plans may be used.

Incident Management

The member agency will work with MARC and other member agencies to identify locations along the regionally significant arterials and interstate highways where incidents are prone to happen and have major impact on traffic flow. These locations may be manually forced to run special plans when an incident is observed at the TOC. The following steps shall be followed for planned, recurring, and anticipated incident response:

- MARC and member agencies will identify incident-prone locations
- MARC will meet with affected member agencies to discuss solutions
- MARC will develop signal timing plans for the incident
- MARC will submit such plans for review by member agencies
- MARC and member agencies will jointly determine the parameters required for invoking such a plan by the TOC
- Once the plan has been invoked (when the required parameters are met) MARC will inform the affected agencies immediately
- After the incident has been cleared, MARC will put signals back on their regular plans and inform member agencies

The member agency will inform MARC about construction and roadway closures and may request signal timing plan adjustments. MARC will provide special timing plans when requested to optimize traffic flow for agency consideration and download.

Citizen Complaints

Member agencies will route/report citizen complaints/requests on OGL signals to the TOC and MARC, in cooperation with the member agency, will respond to the complaint/request in a timely manner. MARC will also route/report received citizen complaints to the member agencies and maintain a response log.

Dispute Resolution

In the event that satisfactory agreement cannot be reached between member agencies on timing plans or incident plans developed for OGL, the dispute will be referred to the OGL Steering Committee, which will provide recommendations for resolution. Unless the responsible engineer for a member agency determines that such plans will create an unsafe condition within their jurisdiction, the member agency will implement the plans recommended by the Committee

Emergency Provisions

In the event of an emergency not already covered under a pre-arranged incident-management plan, the member agency will take any steps it considers necessary to manage traffic signals within its jurisdiction to ensure the safety of the traveling public. The member agency will notify MARC of any emergency changes made to OGL traffic signal timing plans in a timely manner and will work expeditiously with MARC to restore all OGL corridors within its jurisdiction to normal operation when the emergency subsides.

Field Communication Operation and Maintenance

MARC will be responsible for maintenance and replacement of all wireless communication infrastructure that is installed as a result of OGL initiated construction projects. Member agencies that have the capability to maintain their own communication infrastructure may do by separate agreement with MARC.

Controller Upgrades and Work inside the Traffic Controller Cabinet

MARC will, with the applicable member agencies, upgrade traffic controllers that are incapable of communicating with the central system software. When work is performed that involves the opening of a traffic controller cabinet, the member agency will coordinate with the contractor and have a representative in the field. The member agency will test and approve/disapprove the work performed by the contractor and inform MARC of the fact. MARC will be responsible for administration and final approval of all OGL initiated construction projects. Member agencies are responsible for notifying and coordinating with OGL when undertaking traffic signal system construction projects on OGL corridors.

Technical Support for OGL Computer Network

MARC will provide technical support for the central system software and the laptop version of the central system software. MARC will also maintain the computer network hardware along with all network components such as network switches, routers, licensed and unlicensed radios, modems etc.

The Traffic Operations Center

MARC will staff OGL operations at the Traffic Operations Center (TOC). The TOC is currently co-located with the KC Scout program and offices in the MoDOT KC District offices.

The TOC will be staffed as determined by MARC. MARC expects to coordinate with Kansas City Scout and use the video monitoring capabilities available at the KC Scout TOC to alleviate congestion along arterials. It is recommended that member agencies with traffic management centers, at a minimum, staff their centers to operate on a schedule concurrent with OGL.

The staff will interact with citizens and the media and provide answers to traffic signal timing questions on OGL signals.
