Subject: Purchase of Pierce Saber Pumper Fire Apparatus from Conrad Fire Equipment

Background: Financing for the purchase of a new fire apparatus was secured through Certificates of Participation (COP) in the amount of \$570,000 (Bill 20-30; Ordinance #4.529 – approved September 28, 2020). Public Safety Department staff recommends the purchase of a Pierce Saber 1500 GPM Pumper with listed firefighting/rescue equipment from Conrad Fire Equipment and accepting an offer of \$60,000.00 credit for “trade-in value” of the 2012 Spartan Gladiator Pumper (Fire Apparatus) in inventory once the new fire apparatus is delivered. The total cost for the fire apparatus and listed equipment after credits for trade-in is \$532,903.06 The City Manager may accept a “pre-paid discount” in the amount of \$18,577.62 if it is in the best interests of the City and Conrad Fire Equipment produces a bond that protects the City from default. If the City Manager accepts the “pre-paid discount the final cost is \$514,325.44.

Budget Discussion: Funds are budgeted in the amount of \$ \$570,000 from the General Fund. Ongoing costs are estimated to be \$ annually. Previous years’ funding was \$N/A

Public/Board/Staff Input: Public Safety Department staff recommends the purchase of a Pierce Saber 1500 GPM Pumper and listed equipment through a regional cooperative purchasing contract to secure the best price.

Date Quoted: 1/4/2021

Adam Payne,

Thank you for allowing Brindlee Mountain Fire Apparatus, LLC ("BMFA") the opportunity to provide an offer to purchase the Apparatus. We are pleased to offer Conrad Fire Equipment, Inc. ("Seller") \$60,000 for the purchase of the Apparatus, subject to the terms and conditions set forth herein.

The offer is valid for acceptance by Seller until 1/22/2021. **Seller must communicate acceptance of this offer to BMFA via email or otherwise in writing on or before 1/22/2021.** If Seller accepts this offer on or before the date set forth above, this offer becomes a contract of purchase and sale of the Apparatus.

Seller shall release the Apparatus to BMFA on or before 2/4/2022. All ground ladders, discharge caps, intake plugs, generators (permanently mounted and portable), cascade systems and cascade bottles, and permanently mounted items such as light towers, shall remain with the Apparatus and shall be released to BMFA.; The apparatus tires shall not be older than 7 years, and shall have a minimum tread depth of 4/32 on steering axles, 2/32 on non-steering axles, and no punctures, cuts to the cord, bulges or sidewall separation.

BMFA shall pay Seller the full purchase price via Check or Wire Transfer at the time of or prior to the release of the Apparatus.

Seller shall provide a pump test certificate for the Apparatus dated within 30 days prior to the release date with results satisfactory to BMFA, including proper operation of the pressure governor, relief valve, primer, and foam system if applicable.

Seller represents and warrants that the description, condition, and specifications of the Apparatus provided to BMFA are true and correct. Any Apparatus with a light tower must be fully functional unless other provisions are agreed upon with BMFA.

Seller represents and warrants that all prior damage of any type (including but not limited to collision, fire, and flood) has been disclosed to BMFA prior to Seller's acceptance of this offer. Seller shall immediately disclose to BMFA any damage to the Apparatus occurring after Seller's acceptance of this offer. In the event of such damage, at BMFA's option the purchase price of the Apparatus shall be adjusted downward to

account for such damage and Seller and BMFA shall negotiate in good faith to determine the amount of such purchase price adjustment.

Prior to payment of the purchase price by BMFA, Seller shall provide BMFA with a copy of the title (or in the circumstance set forth below the manufacturer's statement of origin or certificate of origin ("MSO or MCO") of the Apparatus reflecting the Seller as the owner of the Apparatus. Seller represents and warrants that the Apparatus will be sold to BMFA free and clear of any liens or other encumbrances. Seller shall deliver the vehicle title for the Apparatus, free of all liens, to BMFA within ten (10) days after final payment by BMFA. An MSO or MCO is acceptable only from original vehicle manufacturer and is not considered as proof of ownership from the Seller except when the state in which the purchaser is located does not require registration or title on emergency vehicles and a copy of that state's current law or statute clearly stating the exemption is provided by Seller with the MSO or MCO.

The apparatus must be completely drained of water prior to shipment or being stored outside prior to shipment. To effectively drain the truck of water, remove all caps and plugs (store on the truck in a compartment), open all intake/discharge valves halfway, and open all drain valves to include the pump cooler and auxiliary cooler. Failure to drain all water from the truck prior to shipment could result in damage to the fire apparatus and corresponding repairs will be performed at the expense of the seller.

BMFA's obligation to purchase the Apparatus is contingent upon Seller's representations and warranties hereunder being true and correct and Seller's performance of its obligations hereunder. In the event Seller's representations and warranties hereunder are not true and correct or Seller does not perform its obligations hereunder, at BMFA's option the purchase price of the Apparatus shall be adjusted downward to account for such matters and Seller and BMFA shall negotiate in good faith to determine the amount of such purchase price adjustment. BMFA's remedies set forth herein are in addition to any and all other rights and remedies that may be available to BMFA at law, at equity or otherwise.

This offer shall be governed by, construed, and enforced in accordance with the laws of Alabama. The undersigned by execution and delivery of this Agreement do hereby submit to the exclusive jurisdiction and venue of the state and federal courts of Marshall County, Alabama.

## PURCHASE AGREEMENT

This Purchase Agreement (together with all attachments referenced herein, the "Agreement"), made and entered into by and between CONRAD FIRE EQUIPMENT, INC ("Company"), and THE CITY OF GLADSTONE, MO ("Customer") is effective as of the date specified in Section 3 hereof.

### 1. Definitions.

- a. **"Product"** means the fire apparatus and any associated equipment manufactured or furnished for the Customer by Company pursuant to the Specifications.
- b. **"Specifications"** means the general specifications, technical specifications, training, and testing requirements for the Product contained in the Company Proposal for the Product prepared in response to the Customer's request for proposal.
- c. **"Company Proposal"** means the proposal provided by Company attached as Exhibit C prepared in response to the Customer's request for proposal.
- d. **"Delivery"** means the date Company transfers physical possession of the Product available to the Customer.
- e. **"Acceptance"** The Customer shall have the opportunity, as described in Section 8(b) below, to inspect the Product for substantial conformance with the material Specifications as set forth in the Company Proposal; unless Company receives a Notice of Non-Conformance within the time frame described in Section 8(b), the Product will be deemed to be in conformance with the Specifications and accepted by the Customer.

2. Purpose. This Agreement sets forth the terms and conditions of Company's sale of the Product to the Customer.

3. Term of Agreement. This Agreement will become effective on the date it is signed and approved by both Customer and Company ("Effective Date") and, unless earlier terminated pursuant to the terms of this Agreement, it will terminate upon the Customer's Acceptance and payment in full of the Purchase Price.

4. Purchase and Payment. The Customer agrees to purchase the Product pursuant to the terms as specified on Exhibit A for the total purchase price of \$ 533,037.63 ("Purchase Price"). Prices are in U.S. funds.

5. Future Changes. Various state or federal regulatory agencies (e.g. NFPA, DOT, EPA) may require changes to the Specifications and/or the Product and in any such event any resulting cost increases incurred to comply therewith will be added to the Purchase Price to be paid by the Customer. In addition, any future drive train upgrades (engine, transmission, axles, etc.), or any other specification changes have not been calculated into our annual increases and will be provided at additional cost. To the extent practicable, Company will document and itemize any such price increases for the Customer.

6. Agreement Changes. The Customer may request that Company incorporate a change to the Products or the Specifications for the Products by delivering a change order to Company; provided, however, that any such change order must be in writing and include a description of the proposed change sufficient to permit Company to evaluate the feasibility of such change ("Change Order"). Within [seven (7) business days] of receipt of a Change Order, Company will inform the Customer in writing of the feasibility of the Change Order, the earliest possible implementation date for the Change Order, of any increase or decrease in the Purchase Price resulting from such Change Order, and of any effect on production scheduling or Delivery resulting from such Change Order. Company shall not be liable to the Customer for any delay in performance or Delivery arising from any such Change Order. A Change Order is only effective when counter-signed by Company's authorized representative.

7. Cancellation/Termination. In the event this Agreement is cancelled or terminated by a party before completion, Company may charge a cancellation fee. The following charge schedule based on costs incurred may be applied: (a) 10% of the Purchase Price after order is accepted and entered by Company; (b) 20% of the Purchase Price after completion of approval drawings, and; (c) 30% of the Purchase Price upon any material requisition. The cancellation fee will increase accordingly as costs are incurred as the order progresses through engineering and into manufacturing. Company endeavors to mitigate any such costs through the sale of such Product to another purchaser; however, Customer shall remain liable for the difference between the Purchase Price and, if applicable, the sale price obtained by Company upon sale of the Product to another purchaser, plus any costs incurred by Company to conduct any such sale.

8. Delivery, Inspection and Acceptance. (a) Delivery. Delivery of the Product is scheduled to be within 11 months of the Effective Date of this Agreement. The Customer is responsible for taking delivery of product directly from the Company and risk of loss transfers to the Customer upon an authorized Customer representative acknowledging product delivery. (b) Inspection and Acceptance. Upon Delivery, Customer shall have fifteen (15) days within which to inspect the Product for substantial conformance to the material Specifications as set forth in the Company Proposal, and in the event of substantial non-conformance to the material Specifications to furnish Company with written notice sufficient to permit Company to

evaluate such non-conformance ("Notice of Non-Conformance"). Any Product not in substantial conformance to material Specifications of the Proposal shall be remedied by Company within thirty (30) days from the Notice of Non-Conformance. In the event Company does not receive a Notice of Non-Conformance within fifteen (15) days of Delivery, Product will be deemed to be in conformance with Specifications of the Proposal and accepted by Customer.

9. Notice. Any required or permitted notices hereunder must be given in writing at the address of each party set forth below, or to such other address as either party may substitute by written notice to the other in the manner contemplated herein, by one of the following methods: hand delivery; registered, express, or certified mail, return receipt requested, postage prepaid; or nationally-recognized private express courier:

Date Quoted: 1/4/2021

Adam Payne,

Thank you for allowing Brindlee Mountain Fire Apparatus, LLC ("BMFA") the opportunity to provide an offer to purchase the Apparatus. We are pleased to offer Conrad Fire Equipment, Inc. ("Seller") \$60,000 for the purchase of the Apparatus, subject to the terms and conditions set forth herein.

The offer is valid for acceptance by Seller until 1/22/2021. **Seller must communicate acceptance of this offer to BMFA via email or otherwise in writing on or before 1/22/2021.** If Seller accepts this offer on or before the date set forth above, this offer becomes a contract of purchase and sale of the Apparatus.

Seller shall release the Apparatus to BMFA on or before 2/4/2022. All ground ladders, discharge caps, intake plugs, generators (permanently mounted and portable), cascade systems and cascade bottles, and permanently mounted items such as light towers, shall remain with the Apparatus and shall be released to BMFA.; The apparatus tires shall not be older than 7 years, and shall have a minimum tread depth of 4/32 on steering axles, 2/32 on non-steering axles, and no punctures, cuts to the cord, bulges or sidewall separation.

BMFA shall pay Seller the full purchase price via Check or Wire Transfer at the time of or prior to the release of the Apparatus.

Seller shall provide a pump test certificate for the Apparatus dated within 30 days prior to the release date with results satisfactory to BMFA, including proper operation of the pressure governor, relief valve, primer, and foam system if applicable.

Seller represents and warrants that the description, condition, and specifications of the Apparatus provided to BMFA are true and correct. Any Apparatus with a light tower must be fully functional unless other provisions are agreed upon with BMFA.

Seller represents and warrants that all prior damage of any type (including but not limited to collision, fire, and flood) has been disclosed to BMFA prior to Seller's acceptance of this offer. Seller shall immediately disclose to BMFA any damage to the Apparatus occurring after Seller's acceptance of this offer. In the event of such damage, at BMFA's option the purchase price of the Apparatus shall be adjusted downward to

account for such damage and Seller and BMFA shall negotiate in good faith to determine the amount of such purchase price adjustment.

Prior to payment of the purchase price by BMFA, Seller shall provide BMFA with a copy of the title (or in the circumstance set forth below the manufacturer's statement of origin or certificate of origin ("MSO or MCO") of the Apparatus reflecting the Seller as the owner of the Apparatus. Seller represents and warrants that the Apparatus will be sold to BMFA free and clear of any liens or other encumbrances. Seller shall deliver the vehicle title for the Apparatus, free of all liens, to BMFA within ten (10) days after final payment by BMFA. An MSO or MCO is acceptable only from original vehicle manufacturer and is not considered as proof of ownership from the Seller except when the state in which the purchaser is located does not require registration or title on emergency vehicles and a copy of that state's current law or statute clearly stating the exemption is provided by Seller with the MSO or MCO.

The apparatus must be completely drained of water prior to shipment or being stored outside prior to shipment. To effectively drain the truck of water, remove all caps and plugs (store on the truck in a compartment), open all intake/discharge valves halfway, and open all drain valves to include the pump cooler and auxiliary cooler. Failure to drain all water from the truck prior to shipment could result in damage to the fire apparatus and corresponding repairs will be performed at the expense of the seller.

BMFA's obligation to purchase the Apparatus is contingent upon Seller's representations and warranties hereunder being true and correct and Seller's performance of its obligations hereunder. In the event Seller's representations and warranties hereunder are not true and correct or Seller does not perform its obligations hereunder, at BMFA's option the purchase price of the Apparatus shall be adjusted downward to account for such matters and Seller and BMFA shall negotiate in good faith to determine the amount of such purchase price adjustment. BMFA's remedies set forth herein are in addition to any and all other rights and remedies that may be available to BMFA at law, at equity or otherwise.

This offer shall be governed by, construed, and enforced in accordance with the laws of Alabama. The undersigned by execution and delivery of this Agreement do hereby submit to the exclusive jurisdiction and venue of the state and federal courts of Marshall County, Alabama.
