Re: SURPLUS CITY PROPERTY

Attached is a proposed resolution authorizing you to dispose of surplus city property through online auction, sealed bid, and donation to a local law enforcement agency. Attached to the resolution are three exhibits detailing the property recommended to be declared as surplus. The list includes two (2) police patrol cruisers, two (2) "Monster" power cots, various EMS equipment, and two (2) LIDAR (radar) units from the Public Safety Department. Also included are one (1) John Deere Gator, two (2) mowers, one (1) van, and six (6) pitching machines from the Parks and Recreation Department. I have asked this resolution be placed on the January 26, 2015 City Council Meeting Agenda.

Captain Buck has requested the Stalker LIDAR units be donated to the Platte County Sheriff's Department and I support his request. This units are outdated, but functional and we no longer use them. Sheriff Mark Owen has demonstrated his generosity several times in assisting our department over the years. Please advise if you have any questions.

Re: Surplus Medical Equipment

Sir,

Currently the department owns two (2) Monster Medic Med-X stretchers that are obsolete. The manufacturer is no longer in business and parts to repair them are no longer available. Because these stretchers are unserviceable, I am unable to have them certified as being safe for transporting patients. The stretchers have been stored at Station #1 and are no longer of any use to this department.

I am requesting that the following equipment be declared surplus property and approved for sale. It is imperative that the stretchers clearly be sold "as is" without any expectation they are approved for patient transport.

Monster Medic Med-X Stretcher Serial Number #05509263

Monster Medic Med-X Stretcher Serial Number #05509264

Two (2) Attachment IV Poles

Two (2) Mattress Pads

Two (2) Under- Head Carriers

Two (2) 25 lb Accessory Hooks

Five (5) 28 volt Lithium Batteries

One (1) Milwaukee Charging Unit
