RE: FY-18 Crew Truck (2) Purchase

Municipalities often use joint bids when purchasing specialty equipment. After reviewing the different options, the Mid-America Council for Public Procurement (MACPP) is the City's best option. City staff has used this program in the past for City purchases.

After reviewing the MACPP contracts for full size crew cab trucks, it is the recommendation of the Department of Public Works to accept the bid of Olathe Ford for a 2017 Ford F-350 crew cab truck with spreader and plow for the purchase amount of \$53,940 and a 2018 Ford F-350 crew cab truck for the purchase amount of \$36,252 for the total purchase amount of \$90,192.

The current crew trucks, asset numbers 1389 and 1394, will be used as trade-ins for this purchase.

Description	Price	Trade-in	Net Price
2017 F-350 with spreader and plow	\$62,440	\$8,500	\$53,940
2018 F-350	\$45,752	\$9,500	\$36,252

Funds for this purchase are budgeted in both the General and the CWSS Funds. The 2017 F-350 with spreader and plow is a front line snow plow truck and is currently on the lot at Olathe Ford. The CWSS truck will be received during the 3rd quarter of FY-18.
