Subject: Surplus IT Equipment.

Background: IT equipment is utilized by staff every day to assist in providing City services. Over time, the equipment comes to the end of its useful life and is no longer reasonable to retain. In order to maintain proper storage space and an up-to-date inventory system, IT engages in regular surplussing of equipment. The surplus process includes full inventory and receipting from our recycling partners. See Exhibit A for equipment designated for disposal during this surplus

Budget Discussion: N/A

Public/Board/Staff Input: Staff is recommending removal of equipment (see Exhibit A for list of equipment to be disposed) by Midwest Recycling Center, where the equipment will be recycled and disposed of in a proper manner.

Provide Original Contracts, Leases, Agreements, etc. to: City Clerk and Vendor.
