**Rebuilding Together Kansas City**

Rebuilding Together Kansas City strives to transform the homes and lives of veterans, low-income families, seniors, and people with disabilities. We have two programs that help to accomplish this mission: Rebuilding Day and Safe at Home.

**Rebuilding Day** is their annual, one-day rebuilding blitz that utilizes hundreds of volunteers on the first Saturday of October. This is the day when they complete most of the home rehabilitation projects.

**Safe at Home** is a year-round home safety modification program. Project Managers train and supervise Safe at Home Volunteers in completing safety modifications like: installing grab bars, handrails, taller toilets, bathroom assistive devices, accessible showers, modified steps, and wheelchair ramps.

To receive these services, go to the Apply for Aid tab at [www.rebuildingtogetherkc.org](http://www.rebuildingtogetherkc.org). To volunteer with one of our programs, contact them at 816.781.8985
